THE CRESTON REVIEW

VOL. XIX. CRESTON, B. C., FRIDAY, FEBRUARY 25, 1927 No. 2

Lister

Lister friends had a call at the end of the week from Harry Brown, a former resident, who is now located at Kimberley. He was stopping with C. Pipe at Canyon.

Capt. Oatts of Creston, who is in charge of forestry department work in this section, was a Lister visitor on official business on Saturday.

Mrs. Reaton of Keewatin, Ontario, who is a winter visiter with her sister, Mrs. Wood, at Canyon, spent a few days here the past week, the guest of M s. Lister.

Mr. and Mrs. Harold Langston and young daughter arrived home from Nelson at the first of the week.

Tom Kunst, who has been at Lumberton for the past month, is back again and is working with Charlie and John Huscroft on their tie sawing contract.

Miss Kathleen Demchuk is home from a two weeks' visit with relatives at Bonners Ferry, and is accompanied by her sister, Mrs. Van Etten of that town, who will spend a week with her parents here.

Mrs. Cannady and children are back again at the ranch after a months visit with Creston friends.

Everyone should be out for the dramatic entertainment the Creston A.Y.P.A. are putting on at the schoolhouse tonight at 8 o'clock, and which will be followed by a dance, with Mrs. Lister in charge of the music. The admission is 50 and 25 cents, which includes supper.

Sirdar

Mr. and Mrs. Goodman arrived this week from Cranbrook on a visit at the home of their daughter, Mrs. Roy C. Proctor.

Rev. S. Newby was favored with a good t urnout at the Church of England service on Sunday night.

Mrs. Whiteside was a between-trains visitor with Creston friends on Thursday.

The usual Saturday afternoon tea last week was another big success and netted a handsome sum for the community hall funds. The hostesses were Mrs. Dennes and Mrs. Whiteside.

C. M. Loasby got back at the end of the week from a month's visit with friends in Spokane, Montana and Washington. He is still somewhat under the weather and will not resume work for a couple of weeks.

The new steel barge of the C.P.R. is now on the run between the Landing and Proctor and is proving up to expectations, handling 18 cats handily, as compared with 14 carried by the other craft. The new barge, however, is about half an hour slower making the trip each way.

THIS IS YOUR INVITATION TO ATTEND

Father and Son Banquet and Social

Under the direction of the Hustler's Tuxis Square

Trinity Church Basement

Mon., Feb. 28

BANQUET at 6.30 p.m.
SOCIAL till 9.30

ADMISSION:

Father and Son . . 75c.

Jas. Wilson of the Grey Royal Granite works at Atabar, got back a few days ago from a business trip at Cranbrook. He was a caller at Kitchener and is quite optimistic that development work on a larger scale than usual will start this season on the iron claims back of Kitchener.

Kitchener

W. J. Wood and W. Redderson of Wynndel were business callers here on Wednesday last.

Mrs. E. W. Payne arrived on Saturday from Creston and is visiting with Mrs. McGonegal for a few days.

A. A. Frachette, president of the Two-inOne Snap & Hook Company, Nelson, was here on busicess Wednesday last, going home the following day.

Alex. Derby of the Western Grocers, and J. E. Webster, the Swift Company salesman, Cranbrook, were Friday visitors at Kitchener.

Mr. and Mrs. Lamptree and son, of Yahk, spent the weekend in town, returning on Monday.

Cyrille Senesael made a business trip to Cranbrook on Sunday, and came home the next day.

Dean Noland left on Wednesday for Claresholm, Alberta, after spending the past two months with his brother at Kitchener. He will be much missed, particularly by the young folks.

W. Cowley, who is employed at the Putnam, Palmer & Staples operations, spent the weekend with his family in town.

Alphonse LePage, who has been seriously ill with pneumonia, is able to be around again.

W. O. Davis made a business trip to Cranbrook on Sunday coming back the following day.

C. R. Paulsen president of the Continental Lumber & Pole Company, returned to Spokane on Saturday after spending a week here on business.

Rev. J Herdman, United Church pastor at Creston, held service in the schoolhouse on Wednesday, where a large crowd attended.

Mr. and Mrs. Tom Hickey of Canyon were here on Tuesday, the former buying the furs taken so far this season by W. O. Davis.

A. G. Strudwicke is down from the the Leadville mine, and is renewing acquaintances in town for a few days.

Clifford Foisy left on Tuesday for Vancouver, where he will spend a month with relatives. He went via Spokane and Seattle.

The whist and dance in Hunt's Hall on Saturday night was a great success. Those winning first prizes at cards were Mrs. E. Castle and Mr. Bohens, while the consolation honors were carried away by Miss Esther Nelson Ed. Castle. Lewis Simpson and E. Castle, violins, and Mrs. W. Arb, piano, furnished the music for the evening.

Mrs. N. P. Molander entertained a number of friends on Friday afternoon at tea. Everyone thoroughly enjoyed the affair, the invited guests including Mrs. E. Driffil, Mrs. G. Hunt, Mrs. N. K. Devlin, Mrs. A. Simpson, Mrs. Carl Anderson, Mrs. B. Johnson, Mrs. Z. Geroux, Mrs. Nolan, and Misses Grace Rendall and Kathleen Porter. Miss Alice Molander assisted the hostess.

A crowd of young people spent a most enjoyable evening at the home of Mr. and Mrs. A. Simpson on Tuesday. Cards and dancing were the features of the evening. Those present were Misses Ellen Andeen, Edith Geroux, Esther Nelson, Alice and Beatrice Molanper and Polly Androsoff: Messrs. Clarence Devlin, Clifford Foisy, Dean Moland, Cyrille and Marcel Senesael, Lewis and Claude Simpson. A dainty lunch was served, about midnight, after which the gang took their departure and much enjoyed the moonlight walk home.

The Tourist Hotel at Bull River will be rebuilt at once at a cost of $12,000.

Alice Siding

Mrs. F. W. Ash who has been a visitor at Victoria and Vancouver for the past month, arrived home at the end of the week.

Mrs. E. W. Payne was a visitor with Kitchener friends a few days last week.

The milder weather that has obtained this week has started pruning operations in this district, Jas. Compton being the first to get operations under way.

Mr. Morrison is here from Manitoba at present on a visit with his daughter. Mrs. J. H. Webster.

Jack Miller left a few days ago for Stavely, Alberta, where he will again be employed this year. He landed in that town just as last week's big blizzard blew up, and had to remain in Stavely four days before he could get out to the farm.

Miss Gladys Webster was hostess to a party or about a dozen friends on Tuesday evening last, the feature of the affair being dancing and other amusements, with a midnight lunch. The affaia was much enjoyed by all the guests.

Previous to his departure for the prairie Mrs. H. Taylor gave a send off dance for Jack Miller, which was attended by most of Alice Siding's younger set, and all report a very fine time.

The flats in this section are about clear of hay, and it has been got home just in time, as the land is beginning to flood with the recent rainy spell.

If the party who went home from Friday night's dance minus his own pair of rubbers will call at the packing shed he can secure them. They were taken in error and have been returned.

Almost 175 people were out on Friday night for the Social Club dance which was held in the Compton packing shed and which was featured by some exciting boxing, Geo. Bertram and Jimmy Lockhead going 3 rounds to a draw, and Ron. and Hec. Stewart sparring for two rounds to no decision. There was also a wrestling bout to round out proceedings, which were highly appreciated.

Erickson

Before leaving on Wednesday Henry Brownrigg announced that he had sold his ranch to W. V. Jackson, who gets possession immediately.

The backers of the community hall are awaiting the disappearance of frost from the ground when work of putting in the cement pillar foundation for the hall will commence.

Mrs. Frank Celli and family left at the first of the week for HighRiver, Alberta, where Mr. Celli has purchased a confectionery store business, and where they will reside in future. The former Duperry ranch, owned by the Celli's, is leased to Jan Hing of Creston.

Dick Hall is at Creston for a couple of weeks, getting a short training at the Imperial Bank before leaving to take a position in an Imperial branch on the prairie.

Visitors were here from all points in the Valley for the sale of the effects of Henry Brownrigg on Tuesday. In the main prices were low. Ardrey Wilson of Creston was the buyer of the radio.

R. Dodds got away this week for a few weeks trapping on the line at Cultus Creek. He has been operating up Summit Creek since late in December and has taken a very fine catch of weasel and marten.

Mrs. J. M. Craigie was at home on Tuesday night in honor of Mrs. and Jessie Celli, who left on Wednesday to join Mr. Celli at High River, Alberta. Cards were the feature of a much enjoyed evening.

Mr. and Mrs. H. Brownrigg got away on Wednesday for their new home at Red Deer, Alberta, where they are leasing a farm and expect to remain permanently. As Henry did not sell his car at Tuesday's sale it is likely he will be back in June to secure it—and will lend his oldtime hand with the four-day Chautauqua.

Mr. and Mrs. R. A. Palfreyman had the assistance of a large and quite unexpected company of neighbors to help them celebrate their coming of age as a married couple on Friday night—the twenty-first anniversary of their wedding day. Seven tables of visitors indulged in whist at which the prizes were made by Miss Beulah Pensen and George Truscott; Mrc. E. Botterill landing the consolation honors. There were some musical numbers and a very sumptuous lunch and certainly everyone had the best of times.

"Co-Op." Elects Directorate

There was a large and representative turnout of shareholders of Creston Valley Co-Operative Association at the annual meeting in Speers Hall Saturday afternoon, over which F. Knott, the association president, presided.

Mr. Knott presented a carefully prepared statement covering the year's operations, as well as explaining the balance sheet in consideratable detail. Satisfaction was expressed at the expansion in the association's business in 1926, which was reflected in the erection of a new store at Creston, at a cost of $3500. This was opened in August, and since that time it has been found necessary to put on an addition of 40 feet, so that today the store building covers an area 28 x 100 feet.

The expansion in business was at least 25 per cent, the feed business, with the exception of hay, being the heaviest on record. With enlarged store space it was now possible to handle a line of staple dry goods as well as some lines of hardware, both of which were, proving popular with the stores' patrons. With the longer experience in business had also come increased efficiency in buying which was particularly noticeable in the feed department. On all sides satisfaction was expressed at the splendid financial standing shown by the balance sheet.

Jeff. Knott and Geo. Davie were scrutineers for the election of directors, the following being chosen to serve on the executive for 1927: J. M. Craigie, W. G. Littlejohn, T. R. Mawson, F. Knott, John Blinco, E. Haskins and T. Goodwin. The usual votes of thanks were passed, including one to J. M. Craigie for services rendered as chairman of the building committee last year.

The Courier claims this winter's snowfall at Cranbrook is the heaviest since 1916.

Bonners Ferry poultrymen, in addition to supplying the local market, are shipping almost 60 c ses of eggs a week, which means $400 of outside capital coming into that town weekly.

CORPORATION OF THE

Village of Creston

NOTICE TO

Dog Owners

All Dog Licenses were due and payable at the Municipal Bnilding on January 3, 1927. Final notice is hereby given that such licenses must be immediately paid or the full legal penalties of the By-Law will be enforced.

By order.

W. O. TAYLOR,
Village Clerk.

Creston, Feb, 9, 1927.

Canyon City

Harry Brown of Kimberley has been spending a few days here the past week, the guest of his old friend, Charles Pipe.

W. H. McQueen, who had his foot rather badly crushed while working at Goatfell the latter part of January is making a slow recovery, and will be at least two weeks yet before he can even wear a boot.

Miss Mabel Bond, who has been visiting with her mother, Mrs. A. Bond, for some weeks past, has gone to Kimberley, where she has secured a position.

The picture show attracted the usual fine turnont on Saturday evening, and the after dance, for which the music was under the direction of Geo. Davie, was also much enjoyed.

Quite a number from here were at Creston on Saturday afternoon for the annual meeting of the Creston Valley Co-Operative Association of which F. Knott, president last year, and was again honored with a place on the executive.

Although the weather appears to be favorable the amount of pruning being done at Canyon, is lighter than usual.

Tom Hickey was a business visitor in the Kaslo country last week on his fur buying rounds.

Buttercups in bloom were picked in the Canyon area on the 16th. They were gathered by Dick Penson who discovered them on the south side of some timber on the Knott ranch, their location being entirely free from snow.

Vic. Kamo of Vancouver, who has been a visitor with his Jap parents here for the past two months, returned to the coast metropolis at the first of the week.

Ladies' Community Club are putting on a whist at the hall on Friday evening, March 4th, with the usual popular prices of admission.

Friday night the surprise party squad invaded the home of Mr. and Mrs. Geo. Davie and made a braw Scotch night of it with dances and a varied line of amusements and, of course, a very fine lunch at midnight. The affair was so thoroughly enjoyed that it was almost breakfast time before the last of the guests departed.

J. G. Wearmouth is reported to have sold ten acres of partly improved land adjoining his own place to a Mr. Brett, who has been living at Erickson for some weeks past. The new comer gets possession at once and will proceed with the erection of residence immediatley.

Canyon Hall Association are having another show of pictures at the hall Saturday night, 26th. This is the third picture screened and the proceeds are being used to liquidate the hall debt.

ONE-DAY DISPLAY

Ladies' Spring Coats

on

FRIDAY, FEB. 25th

Large assortment of Ladies' Spring Coats. We have arranged for this display from one of the leading manufacturers, will offer you exceptional values. Do not fail to make your selection early.

S. A. SPEERS

"Worth its weight in gold" Says Ottawa Matron

Mme. Beatrice Charlebois could not hold pen to write. Nerves completely shattered, health ruined. Now alert, vigorous and strong, she gives praise to Tanlac

The two-year ordeal which she passed through before Tanlac came to her permanent relief, was recently described by Mme. Beatrice Charlebois, of 22 Rose St., Ottawa.

"What I endured in that time could not be told," she said. "I was so weak I could hardly walk. My appetite was poor and my stomach gave no end of trouble. Gas and pains would bring on fainting spells.

"My nerves were so completely shattered that I jumped in fright every time the doorbell rang. My hand trembled so that it could not hold the pen to write my name. Night after night I've gone without sleep, too nervous to lie still for even a few moments. Even my housework became too much for me.

"I tried all kinds of remedies in those two years, but can honestly say Tanlac gave me my first real relief. It built me up so that I've gained 11 lbs., eat and sleep fine and have nerves as calm and steady as ever. Tanlac is worth its weight in gold."

Build up your health on Tanlac, nature's own tonic made from roots, herbs and barks. Your druggist has it. Over 52 million bottles sold.

Home Owners vs. Renters

Among the many interesting and valuable reports issued by the Dominion Bureau of Statistics, the one recently made public containing an analysis of home ownership in Canada based on the last Dominion census is most instructive. It is likewise of an encouraging character indicating, as it does, that a fairly high percentage of Canadians own their homes.

According to the figures presented, there are 2,001,512 families in Canada, and of this number 1,239,150 own their homes, as compared with 762,362 living in rented houses. In other words, 62 out of every 100 families own their homes. As is natural, and to be expected, the percentage of renters is much higher in the cities, towns and villages than in rural districts, the respective figures being: Rural home owners 78½ per cent., to renters 21½ per cent; urban home owners 46 per cent., to urban home renters 54 per cent.

Little Prince Edward Island makes the best showing in the Dominion with 87½ per cent. rural, and 56¼ per cent. urban home owners. This is an old settled portion of Canada and the population is of course, small in comparison with the other provinces.

It will be especially gratifying to the people of the prairie provinces to learn that this newer portion of the Dominion makes a strong showing. Although a young country where the people are really only beginning to become established, and to which the majority of immigrants make their way, more families already own their homes than is the case in the older provinces. Saskatchewan, the third province in Canada in point of population, follows closely after P.E.I. with 83 out of every 100 rural families and 56 out of every 100 urban families owning their homes, as compared with, say Ontario, with 76½ per cent. rural and 54½ per cent. urban home owners.

Alberta comes a close second to Saskatchewan, 81¾ per cent. rural and 49½ per cent. urban families being home owners. Manitoba shows 79½ per cent. rural, and 47½ per cent. urban home owning families.

The percentage of home owning families for all Canada would be much higher but for the fact that less than one-third of the families living in the cities and towns of Quebec own their homes. In Ontario, on the other hand, the artizans and workers in the big industrial centres appear to be purchasing homes rather than renting, the percentage of urban home owners in that province being, as already stated, 54½, or the highest in the Dominion after P.E.I. and Saskatchewan, and almost equal to these two provinces.

Taken as a whole ,these figures are gratifying in that they reveal Canadians as a home-loving and home-building people, in marked contrast to the manner in which the residents in the big United States cities are hived in blocks and apartment houses and dependent on restaurants, lunch counters and cafeterias. This home building characteristic of Canadians is reflected in the health of the people and the low death rate in this country as compared with other countries.

The only fly in the ointment, so far as Western Canada is concerned, is found in the fact that building lots in most if not all our Western cities and larger towns are held at too high a price, thus acting as a deterrent to home building. In view of the vast vacant acreage in which these centres of population are located, and the ease with which they can be extended, if necessary, prevailing prices for vacant city and town lots are, in many instances, absurd. They are a relic of the speculation indulged in during "boom days."

Home building by young people about to be married should be widely encouraged. It makes for permanence and happiness in the home; it is a good investment from a purely economic standpoint, while paying indirect dividends in better health than living in an apartment or block. The town or city which encourages its citizens to build and own their homes is found to be more attractive, more substantial, more prosperous, than one where a large percentage of the residents are renters, moving about from house to house, and who can easily pull up stakes and depart for other scenes.

Genuine

BAYER

BAYER ASPIRIN

Proved safe by millions and prescribed by physicians for

Colds	Headache	Neuritis	Lumbago
Pain	Neuralgia	Toothache	Rheumatism

DOES NOT AFFECT THE HEART

Safe — Accept only "Bayer" package which contains proven directions.

Handy "Bayer" boxes of 12 tablets
Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid (Acetyl Salicylic Acid). "A. S. A." While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

World's Smallest Seaplane

Brilliant Future Predicted for New Type of Air Machine

The smallest seaplane in the world, one of which is destined to form part of the equipment of every submarine in the French Navy, has just been delivered at Suresnes. Named The Passkey, the perky little 'plane is the first of many dozens to be constructed.

The machine rose from the water in 9 seconds and in a few minutes attained a height of 2,000 feet. In three minutes after descending Marcel Besson had separated the machine into many parts, ready to be packed aboard the submarine.

At a convenient point the submarine can rise to the surface where the seaplane, in the time mentioned, can be assembled on deck and take the air. A brilliant future is predicted for this new type of air machine, for it is asserted that it can return to the submarine after reconnoitring and be as speedily hauled aboard.

Pain in the Back Yields to Nerviline

If you have failed to secure relief from other remedies, rub on lots of good old "Nerviline," the strongest, most penetrating pain relief on the market. Nerviline acts quickly on small pains and is the surest to drive out the big ones. It's because every drop of Nerviline rubs in, because it has the ability to sink in deeply that it drives away pain that ordinary oily Liniments won't touch. Large 35c bottles at all dealers.

Linen should be hung on the line so that the weight falls on the warp threads, that is, the threads running the long way of the cloth.

OUR WINTER WEATHER

A Trying Time for People With Weak Watery Blood

Canadian winter weather is a trying time for debilitated, run-down people. The close air of shut-up houses, lack of out-of-door exercise, the restricted diet of the season, all have their effect on weakened systems. There is always in such cases the danger of severe colds, attacks of influenza, or the still more dreaded pneumonia. There is no other time of year, when a bountiful supply of rich, red blood is so necessary; and the one way to keep the blood rich and pure and thus avoid winter trouble is through the use of Dr. Williams' Pink Pills. If, unfortunately, you have fallen a victim to influenza, or other winter troubles, this same medicine will restore your health and strength. Among those who have proved the value of Dr. Williams' Pink Pills is Miss Margaret Pearson, R.R. No. 3, Chatham. Miss Pearson had passed through a severe attack of influenza and says: "It left me so weak and run-down, that I could scarcely walk. Anaemia set in and it almost seemed as if I would not pull through the winter, as I grew so weak that the least exertion would bring on fainting spells. I was under medical treatment, but it did not help me. Then one day in our local paper I read an advertisment of Dr. Williams' Pink Pills, and decided to try them. By the time I had used three boxes I felt much better, and continuing the use of the pills it was not long before I felt better than I had been before the influenza attacked me. My rapid recovery surprised my friends, and when asked "What did you do?" I would proudly say, "Not my doing, but Dr. Williams' Pink Pills." To me, at least, the pills have been worth their weight in gold."

As a precaution against winter ills take Dr. Williams' Pink Pills now. Sold by all medicine dealers, or sent by mail at 50c a box by The Dr. Williams' Medicine Co., Brockville, Ont.

War Traces All Removed

There remain not a single shell hole in the Flemish countryside today and all the barbed wire, that nightmare of the infantry, has finally been rolled up. The deep wounds in the breast of the hills, once zig zagging, have healed wondrously. Not a ruin can be discovered from the one end of Belgium to the other. It is said half a million unexploded shells were taken from the soil.

Sweet and palatable, Mother Graves' Worm Exterminator is acceptable to children, and it does its work surely and promptly.

Married men drive more carefully than bachelors, according to automobiles insurance actuaries. He travels fastest who travels alone, said the old proverb.

Athletes use Minard's Liniment.

W. N. U. 1668

A CANADIAN BANK BILL

is guaranteed by a gold deposit in Ottawa to be worth its face value.

So every package of Red Rose Tea is guaranteed to be worth the price printed on the package—(and a little more).

The best goods of any kind are usually the cheapest—this is particularly true of tea.

If you use Red Rose Tea in 1927 your tea bill will be less and your satisfaction greater.

"Every package is guaranteed."

RED ROSE TEA "is good tea"

115

RED ROSE ORANGE PEKOE is extra good.

Did Not Fear 'Plane Trip

Makes no Difference Where One Dies Says Passenger

A War Department report from Panama tells of a recent incident in which an army aeroplane carried an aged native woman 300 miles back to die among her own people in the Chriqui country of Panama after physicians at the Panama City Hospital pronounced her case hopeless.

As the plane prepared to start, an interpreter asked the patient-passenger if she was not afraid to ride in an aeroplane.

"When one must die, one dies," she replied with a shrug of her shoulders.

Protests Against Sale

The Nationalist Union of Bergen protested to the Norwegian government against the Danish plan to sell Greenland. The union declares a prominent Greenland department offsial recently left Copenhagen for Canada and it is feared he is conferring with Canadian authorities on the question of selling Greenland to Canada.

STOMACH MISERY, GAS, INDIGESTION

"Pape's Diapepsin" Corrects Sour, Upset Stomachs at Once

"Pape's Diapepsin" is the quickest, surest relief for indigestion, gases, flatulence, heartburn, sourness, fermentation or stomach distress caused by acidity. A few tablets give almost immediate stomach relief. Correct your stomach and digestion now for a few cents. Druggists sell millions of packages.

Might Need Help

A travelling salesman staying at a small hotel wished to catch an early morning train and asked the proprietress for the loan of an alarm clock. She produced the clock and remarked: "We don't often use it, sir, and sometimes it sticks a bit, but if it doesn't go off, just touch the little hammer and it'll ring all right."

Some men manage to dodge enough work to keep a dozen people busy.

Gold Mines Profitable

Profit of the gold mines on the Transvaal, South Africa, for the month of November, 1926, amounted to £1,110,254, the secretary of the Transvaal Chamber of Mines, Johannesburg, has reported.

Children Cry For "Castoria"

Especially Prepared for Infants and Children of All Ages

Mother! Fletcher's Castoria has been in use for over 30 years to relieve babies and children of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving natural sleep without opiates.

The genuine bears signature of

Chas. H. Fletcher.

Poisoned By Radium

Woman Was Infected While Painting Clocks Says Doctor

Radium poisoning, according to the Medical Examiner's office, was responsible for the death, in the presbyterian hospital, New York, of Miss Elizabeth Webb, 25, of Waterbury, Conn.

It became known that Miss Webb had been employed for some time in painting clocks and similar objects with radium paint. She became ill and was removed to the hospital, where every effort was made to check the poison, which causes bone rot, an effect similar to that caused by cancer on flesh.

Children's Colds

Are best treated externally. Check them overnight without "dosing" by rubbing Vicks over throat and chest at bedtime.

HAMILTON *Established 1850* ONTARIO

C. N. RAILWAY ESTIMATES ARE TABLED IN HOUSE

Ottawa.—Hon. J. A. Robb, Minister of Finance tabled estimates of $21,000,000 for the Canadian National Railways for the present fiscal year. The estimates are the same as were brought down last session less $10,000,000 then voted.

An estimate for $4,000,000 for the Canadian Government merchant marine was also tabled by Mr. Robb. This represents the main estimate for the Merchant Marine of last session loss $200,000 then voted. The total appropriation to the Canadian National and the Merchant Marine in the estimates is $21,400,000.

They are classified as loans.

Five petitions asking for the transfer of the natural resources of Alberta to that province without interference, were presented in the House.

A pension not to exceed $2,500 per annum for Canadian winners of the Victoria Cross in the Great War is suggested by T. L. Church, M.P., Toronto.

A bill to amend the Railway Act by the establishing of special freight rates on coal was introduced in the House by Mr. Church. It received first reading. The Toronto member said coal should be carried on the same special rate basis as grain and flour.

E. J. Garland, U.F.A., Bow River, has placed a resolution on the order paper declaring that Canada's prime minister should be under obligation to obtain the sanction of the majority of the House before advising His Excellency the Governor-General to dissolve parliament.

A measure to give financial assistance to the Royal Agricultural Winter Fair Association will be introduced by Hon. W. R. Motherwell, minister of agriculture.

Notice has been given by the Government of legislation for establishment of rural credits, old age pensions, for revaluation of Soldier Settlement lands, for the penny post on drop letters and abolition of tax on receipts. The legislation was before the House last session but failed to become law. Furthermore the Government is bringing down a bill for a loan of $12,000,000 to the Montreal Harbor Commissioners and a bill to confirm the scheme of arrangement of August 26, 1926, with the holders of four per cent. debenture stock of the Grand Trunk Pacific Railway.

Immigraion Shows Increase

January Report Shows More Arrivals Than in January 1926

Montreal.—As an indication that a substantial increase in immigration to Canada will be experienced this season it is stated by the Canadian National Railways that arrivals at the Atlantic port of Halifax so far this year show an increase of approximately 51 per cent. in comparison with arrivals during the similar period of 1926.

The month of January and the beginning of February is a period when large numbers arrive in the Dominion and an increase in the first weeks of the year is regarded as promising.

Ontario Liquor Commission

Toronto, Ont.—Premier Ferguson's "strong man" for the Ontario Liquor commission will be the former president and chairman of the Canadian National railways, D. B. Hanna, the prime minister announced. The premier further announced that Mr. Hanna would be "buttressed" by two commissioners, Stewart McClenaghan, former Conservative M.P., Ottawa, and Hon. R. J. Manion, Conservative M.P. for Fort William.

For Entertaining Queen Marie

Ottawa.—A modest item of $160 is included in the statement of "unforeseen expenses," tabled in the house of commons. It represents an expenditure by Government House on entertainment for Queen Marie of Roumania in Ottawa.

Want Shanghai Free Zone

Peking.—It was reported here that the League of Nations may be asked to make Shanghai a free zone similar to Danzig. Great Britain was understood to favor the movement.

Byrd Enters Competition

Will Take Part in Trans-Atlantic Flight for $25,000 Prize

New York.—Commander Richard Evelyn Byrd, air conqueror of the North Pole, will compete this spring for the $25,000 prize offered by Raymond Orteig for the first non-stop flight between New York and Paris, The New York Times says.

A Fokker monoplane of the Josephine Ford type, in which Byrd reached the top of the world, is now being built for the flier for use in the forthcoming flight. The new machine, slightly larger than the Josephine Ford, will be driven by three Wright whirlwind engines of 225 horsepower each.

Just when Byrd will start had not yet been learned. The Times says, although it is believed that he will leave in the late May or early June.

His plane will have a flying radius of at least 4,000 miles, providing a fair factor of safety in the 3,600-mile trip from New York to Paris. One-third of the distance will be over land.

On his coming flight Byrd may oppose Captain Rene Fonck, the French ace. Fonck and Lieut.-Commander Noel Davis, officer in charge of naval activities of the navy department, are reported to be contemplating entering the race.

Commander Byrd will probably fly along the New England coast to Newfoundland and then along the great circle to the Southern tip of England and France.

May Visit Canada Later

Official Visit of King George Possible Says London Paper

London.—"It is to be hoped that Canadians will understand the real impossibility of King George's accepting the invitation to visit the Dominion in July," declares The Weekly Truth.

"A month's absence from England at that time of the year is so clearly out of the question that it is a wonder His Majesty should have been put in the position of having to refuse the invitation.

"Canada is near enough for the King to make an official visit one of these days," Truth continues, "But if it comes to that, so is Dublin. May we not hope that the day will come when a royal visit to the Irish Free State would be as agreeable to all parties as to any other of the British commonwealth nations."

War Expenses Increase

Expenditures Resulting From Great War Bear Heavily on Canada

Ottawa.—Canada's expenditures directly resulting from the Great War are not decreasing. During the fiscal year ended last March, the Dominion spent $45,968,241 on pensions, war claims, soldier land settlement and re-establishment, memorials and war graves. The sum represents a net increase of $872,974 over the previous fiscal year. The figures do not include the interest on that part of the public debt attributable to the war.

These figures are published in the auditor-general's report.

Germans Play British Games

Believe Sport Makes Fine Nation Says Ambassador to Berlin

London.—Lord D'Abernon, British ambassador to Berlin, has returned to England, and states that the Germans are playing most British games because they believe that sport makes a fine nation.

Lord D'Abernon's statement has been verified by the decision of the German Reichstag to vote a sum of $285,000 in aid of the German propaganda to discover the best possible candidates for the Olympic games next year.

Resented Wording of Sign

Miami.—For hanging out a sign in a novelty shop: "Selling out, going back North where men are men and rents are reasonable," B. Lewis Kaufman of Baltimore was convicted of disorderly conduct and sentenced to 10 days in jail.

Sending Cruiser to China

Rome.—The Italian cruiser, San Giorgio, according to the Fascist paper, Il Trevere, will leave Naples for China about the end of the month. She will carry marines and possibly several units of Fascist militia.

REFERENDUM IN MANITOBA ON THE SALE OF BEER

Winnipeg.—Premier John Bracken gave the Legislature an outline of the Government's policy toward the proposed referendum in the province on the sale of beer.

The Government, he said, proposes to introduce a bill which before its passage may be worded to suit all parties in the Legislature. This bill will be submitted in the form of a referendum.

The premier was answering criticism directed against the Government during the course of the debate on the address in reply to the speech from the Throne, in which Opposition leaders had inferred that the Government was trying to avoid responsibility by submitting to the people a bill from some outside source. Premier Bracken was emphatic in stating that a referendum on the beer question was justified.

Mr. Bracken outlined the Government's policy on immigration and colonization. He forecast the creation of a central agricultural development board, with sub-agencies throughout the province, to aid, direct and generally supervise settlement of vacant lands. He also intimated that a competent mining expert from the University of Manitoba would be engaged to direct the Government's work in assisting development of minerals.

Heart Disease Ranks First

New York.—Heart disease ranks first today among the causes of death, and if nothing is done to check the present situation it will claim as its victims one-fifth of the present population. These were the figures given recently by a physician who has examined thousands of people for a leading insurance company.

May Appeal to League

London.—England may inform the powers as soon as the occasion offers that it desires the League of Nations to intervene in the Chinese situation, the Daily News says.

Proposed Creamery Merger

Matter is Introduced in Saskatchewan Legislature by Premier Gardiner

Regina.—Premier Gardiner's announcement of the amalgamation of the Saskatchewan Co-operative Creameries, Limited, Moose Jaw, was made in the Saskatchewan legislature. He moved the adjournment of the house in order to make his statement, which was received in tense silence. There was discussion on the statement and after the premier withdrew his motion for the adjournment, the house proceeded with routine business.

"The government has been made acquainted with the fact that the Saskatchewan Cooperative Creameries, Limited, had approached Caulder's Creameries, Limited, with a view to an amalgamation and that negotiations with this object in view have been under way for some time," said Premier Gardiner.

"It is considered by those interested that the proposed amalgamation will make possible the operation of the new company in such a manner as to greatly benefit the dairy industry of the province.

"It will be necessary, if the amalgamation is consummated, for certain amendemnts to be made to the present Co-operative Creameries act as it is intended that the proposed new company shall operate under the name of the Saskatchewan Co-operative Creameries, Limited, and under the Co-operative Creameries act.

"In the event amending legislation being brought before the house an opportunity will then be offered for a full discussion of the whole matter."

Noted Singer Given Estate

Soviets Restore Part of Land Confiscated After Revolution

Moscow.—Departing from its unusual principle of nationalization, the Soviet Government has restored to Feodor Chaliapin, noted singer, part of his 800-acre estate in the province of Yarvslav, expecting that he will return to Russia soon. The estate, confiscated after the revolution, for the present will be occupied by Chaliapin's wife and family, who are living in a flat in Moscow.

HARD FOR THE JUDGES

Anyone who thinks that a judge in a beauty contest in Saskatchewan has a sinecure has only to glance at the above pictures to have that impression corrected. The beauties who are pictured above are but four of a dozen beautiful young women who are candidates for the Queen's Crown at the Northern Saskatchewan Winter Carnival which is being held in Prince Albert, March 8th to 11th, inclusive. Miss Eagle and Miss Graham are Prince Albert girls; Miss Cuelenaere is from Leask, Saskatchewan, and Miss Mary Gaston from Shellbrook. Other candidates have entered from Saskatoon, Regina, Cudworth, Blaine Lake, Star City, Kinistino, Wakaw Domremy.

Being Queen of the Northern Saskatchewan Winter Carnival is no empty honor. She and her court will start the big dog derby which has as its main prize the silver challenge trophy donated by Premier King and she will be enthroned in the place of honor at all the other events including the ball to be held every evening in the armouries. The carnival is the biggest thing ever attempted in Western Canada and the lady who will rule it with her sceptre will have to be every inch a queen.

The photographs are by the Canadian National Railways which are co-operating to make the carnival a success.

CIVIL SERVICE IS TO BENEFIT BY SALARY REVISION

Ottawa.—The Civil Service Commission, which for some months has been carrying out instructions of the Government for a report on salary revision, has completed its work. The report, however, which is about to be taken up by the cabinet council, may not be made public until it is considered by that body.

It is understood that a horizontal increase in salaries is recommended affecting all grades up to those receiving an annual salary of $5,100. The change that is proposed applies both to the inside and outside service and the total increased expenditure entailed would be $2,900,000 a year. Everybody is in line for an increase, both in the temporary and permanent classifications, and the extra money that is proposed to be provided is designed to absorb the costs of living bonus which was instituted some years ago and meanwhile has been subjected to different modifications. In some cases the civil servants will get the full amount of the bonus they originally received and in others they will not.

According to the classification, the increases vary from $60 to $180 a year. The lower grade employees get the larger amount. It is not proposed that the new schedule of salaries will be retroactive, but rather that they will date from the coming fiscal year. The report will be considered by the cabinet and if it is approved, the necessary financial appropriations will be made in the estimates to be submitted at the present session.

Insurrection In Portugal

Two Hundred Persons Reported Killed in Oporto

London.—Two hundred persons were killed in the fighting at Oporto, says a Daily Mail dispatch from Vigo, quoting a newly arrived traveller from the centre of the Portugese revolt.

A bomb fell into the room in the Grand Hotel, occupied by the United States consul, who had left only five minutes before. The room was wrecked.

Those killed during the course of the revolt included Lopez Teixeira, director of Diaro do Oporto; Alvaro Castro, Republican leader; General Norton de Mattos, former war minister; General Jaime de Morals and General Sousa Diaz.

Many of the most important buildings in Oporto, among them the public library and post office, were destroyed.

Britain Replies To U.S.

Considered Tantamount to Rejection of U.S. Terms for Entering World Court

Geneva.—Great Britain has informed the League of Nations that she is replying to the United States on that country's world court reservations in accordance with the terms of the instrument drawn up in Geneva at the world court conference last year.

As this instrument did not accept completely the fifth United States reservation concerning advisory opinions, it is considered here that the British reply is tantamount to rejection of the conditions governing the United States' possible entry into the world court.

Large Sum Paid Depositors

Claimants on Home Bank Receive $2,728,282 From Federal Government

Ottawa.—Home Bank depositors have received to date a total of $2,748,282 from the Federal Government. A statement tabled in the House of Commons showed that during 1926 the department of finance paid claimants on the defunct bank a sum of $1,898,413. In 1925 the amount paid to claimants was $849,869.

Approves Slave Treaty

Tokio.—The Privy Council has voted Japan's adherence to the Geneva white slave treaty.

Local and Personal

FOR SALE—Pair young and sound horses, weigh about 2200 lbs., good workers. Horses, harness, sleighs, whiffletrees, neckyokes, all for $135. Will make a good farm team. C. O. Rodgers, Creston.

FOR SALE OR EXCHANGE—Circular sawing machine outfit, six horse-power Fairbnks-Morse engine, Z type, with 28-inch saw. Would exchange for team of heavy horses, value $350. Apply Abey, Kaslo, B.C.

Osborne Bell of Kellogg, Idaho, is a Creston visitor at present at the home of his parents, Mr. and Mrs. J. W. Bell, and is accompanied by Dean Peairs, a former resident of Creston, who is also located at Kellogg.

Word has just been received that T. P. MacKenzie, provincial grazing commissioner, is to be in Creston on Tuesday, March 29th, and will address a public meeting on grazing matters in Speers' Hall at 3 o'clock that afternoon.

The evening service at Trinity United Church on Sunday will be conducted entirely by the Tuxis Boys. Three of the members will give short addresses and the mentor of the group, W. J. Truscott, will also speak. The Tuxis boys will form the choir for the evening.

Local poultrymen are looking forward to the best season yet for the sale of eggs and young chicks. At the McAlpine and Bradley poultry farms orders already to hand will about take care of all the chicks they will have for sale in 1927.

At a meeting of the executive of the Creston Board of Trade on Wednesday afternoon' Major Mallandaine consented to to continue as president for 1927, in place of S. A. Speers who declined the presidency to which he was elected at the January meeting.

The weather of the past week has provided most everthing except the bright sunshine. Sunday was one of most miserable days of the year, a heavy wet snow falling all morning, which turned to an all afternoon rain. From appearances both skating and curling are at an end for this season.

Every father and son in the district is invited to the Father and Son Banquet and social which is being put on by the Tuxis Boys of Trinity Church on Monday night, with the banquet spread at 6.30 and the social to follow until 9.30. The affair will be in Trinity Church basement and is sure to be worth while.

A number from town have received invitations to be present at a complimentary dinner at Wynndel on Saturday night, which is being tendered O. J. Wigen by the directors of the Wynndel Co-Operative Fruit Growers Association, with which the guest of the evening has been so long and actively associated.

Commencing next Wednesday evening, and continuing until the middle of April there will be Lenten united services in the Parish Hall at 8 o'clock, at which Pastors Daly, Herdman and Newby will speak in rotation. At the initial service the subject is "The Sprinkled Blood," the first of a series on the general subject, "Christ foreshadowed in the wilderness wanderings."

O. H. Robinson of Nelson, Dominion fishery inspector for the Kootenays and Boundary, was a visitor here last week, and in conference with officials of the Rod and Gun Club expressed the opinion that trout fishing in local streams would probably open on May 24th this year, though the opening date on the lakes will likely be May 1st.

Elsewhere in this issue will be found terms of the plebiscite the commissioners are taking on the electric light. On March 16th property owners will be asked to state by ballot whether they approve of the council entering into a five-year contract for electric light and power to be supplied by Chas. O. Rodgers, on the terms set forth in an offer from Mr. Rodgers.

STEERS AND CALF ESTRAY

Estray since feeding time: One red steer 18 months old, and one red and white steer 18 months old—both branded 7D on left hip. Also red and white heifer calf, 7 or 8 months old, not branded. Reward to party giving information leading to recovery. J. W. DOW, Creston.

CORPORATION OF THE

VILLAGE OF CRESTON

ELECTRIC LIGHT PLEBISCITE

Creston, B.C., Feb. 2, 1927.

Village Commissioners,
Creston, B.C.

Gentlemen:

Regarding Electric Light service for Creston, we are willing to supply service as follows:

From dusk to 1 a.m.
From 6 a.m. until daylight, or 9 a.m. when needed.
For two hours one morning each week extra.

Up to 30 K.W., for $250 per month for the first six months; $300 per month after that. Contract to run for five years. Or we will supply you twenty-four hour service for $500 per month.

Yours very truly,
CHAS. O. RODGERS.

The foregoing is the basis for an agreement that the Commissioners of the Village of Creston, subject to a favorable vote by the property owners of the village, propose to enter into with Chas. O. Rodgers, for a supply of electric light and power for the Village of Creston, at a monthly cost not in excess of $300.

Electricity will be delivered by Chas. O. Rodgers at a point to be agreed upon within the village, and from thence it will be distributed throughout the village over pole lines and wires to be erected and owned by the Village of Creston; the cost of the aforesaid pole line and wires not to exceed Five Thousand Dollars, all of which will be paid out of current revenue.

The pole line will be erected over a route that will give the lowest erection and maintenance cost, but which will serve every point within the village boundaries.

The Village of Creston will collect all monies due for light or power supplied, and charges shall be payable monthly at the Municipal Building, on a day to be fixed.

The charge for light will be at a rate of 20 cents per K.W. hour, with a minimum charge of $2.50 per month throughout the year, which shall include the usual monthly charge for meter, which are to be installed at the expense of the village.

So far as the Commissioners can ascertain the cost of wiring premises, which will be borne by the owners or occupants thereof, will not exceed a charge of $4.25 for each drop light so installed, the basis for computing this charge being a five light installation.

In addition to this there will be a further charge that the Commissioners are informed will in no case exceed $17 for the wire leading from the pole line to the premises to be lighted, and for the placing of such interior wiring, etc., as will make the system shock and fireproof, and fully comply with all the regulations enacted by the Canadian Fire Underwriters' Association.

If it can be so arranged, and any practical saving effected, the Commissioners will consider purchasing the needed wire and other standard equipment and provide same at a nominal advance over cost delivered at Creston.

Property owners will be at liberty to engage whomsoever they choose to take charge of installation, but where materials may be supplied by the village the property owner will be held responsible for payment of all materials supplied.

The one day each week on which power will be available for washing, ironing, or other purposes, will be decided by a vote of the users as soon after the system is installed as may be deemed necessary to reach a satisfactory decision in such a matter.

With the introduction of electricity the Commissioners propose to install an adequate system of street lighting within the village, and arrangements will be made whereby those desiring to use light after 1 a.m. may have it at a charge per hour to be agreed upon before signing the proposed agreement.

The votes of the property owners on this Plebiscite will be taken on WEDNESDAY, the 16th day of MARCH, 1927, at the Municipal Building, in the Village of Creston, from the hour of 9 a.m. until 6 p.m., Town Time, and a majority vote by those qualified will be deemed sufficient by the Commissioners to execute the proposed agreement.

W. O. TAYLOR,
Clerk.

Creston, Feb. 21, 1927.

What about that NEW SUIT

You, no doubt, will soon need one; the bright Spring days will soon be with us again.

We would like to shaw you our fine Tailored Suits from $20 up to $35.

Good fit and good material guaranteed.

Also a full line of Trousers in Fancy Tweeds and Fine Serges, $3.00 to $7.00

CRESTON MERCANTILE COMPANY
LIMITED

Creston is Oversupplied with Dairy Butter!

Some of it is good, some of it is bad, and a lot of it is indifferent.

But all of it is sold in wrappers marked "Choice Dairy Butter."

Buyers have no way of telling who made the particulat pound they happen to buy—be it good, indifferent, or poor stuff.

And worse still—for the good buttermaker—so long as this haphazard way of putting butter before the public continues the demand for Dairy Butter will fall off.

If you are one of at least a few who make *really good butter* why not let folks know *your* butter by using PRINTED BUTTER WRAPS—*showing your name.*

They cost very little more than the readymade sort you use now—to your own disadvantage.

By way of inducing you to use the printed sort—with your name printed on them—we will supply you with FIVE HUNDRED Wrappers at the popular price of $3.00.

It's a pleasure to show samples.

THE CRESTON REVIEW

COMMERCIAL PRINTING DEPT.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free permits are available for settlers, campers and travellers, up to ten head.

Local and Personal

The milder weather that set in on Friday was just two days too soon and has spoiled the finish up of a series of curling games for substantial prizes offered by W. Fraser and Dr. Henderson-Matt. York. For first place the Chrisler, Fraser and Palmer rinks were still in the running, and for the consolation prize the Staples, Speers, McLaren and Joyce rinks were still figuring.

The Parish Hall was a size too small to hold the crowd that turned out on Wednesday night for the benefit dance for Mr. and Mrs. Mert. McCullough, which was put on by the Women's Institute. Excellent music was provided by Mrs. Lister's orchestra and the Institute ladies provided a very fine lunch at midnight. The intake of the evening was in the neighborhood of $70.

A. L. McCulloch, who was here last week making the survey of the dyke line and doing other field work in connection with the final plans of dyking 10,000 acres on Kootenay flats by Creston Reclamation Company, Limited, completed the word on Friday and is now busy completing the blue prints, maps, etc., which will have to be approved before a permit is issued to start the drag lines at work.

Auditor A. Spencer has completed his audit of the village books for the year 1926, and the official copy of the balance sheet and statement of assets and liabilities reached Chairman McCreath at the end of the week. The statement shows the village finances in particularly healthy condition with a cash balance at the end of the year of almost $3700. Assets are shown at $7166, and there are no liabilities.

Mr. and Mrs. W. S. McAlpine were weekend visitors at Proctor where they were on Saturday guests at the golden wedding celebration of the latter's parents, Mr. and Mrs. Walton. The bride and groom of 1877 are annual visitors here with the McAlpine's and are quite well known by many Creston people who will join with the the family and relatives in extending best wishes for many happy returns of the day.

The Hustlers Tuxis Square had their weekly meeting in Trinity Church basement on Friday night. The main business of the session was completing arrangements for the service which will be on Sunday, February 27th. They also arranged the kate for the Father and Son Banquet which will be Monday, 28th, with the supper to be followed by a social and will commence at 6.30 p.m., in Trinity Church basement. The admission for father and son is 75 cents, and fathers are urged to come and enjoy a good supper and social.

Wynndel

Miss Kitty Rosindale returned from Cranbrook on Friday.

A. H. Piggot was home for the weekend.

The dance on Saturday, though purely local and not a large crowd present, was none the less enjoyable.

On Wednesday the K.K. Klub had a sleighride party and bean supper. Unfortunately an accident occurred at the beginning of the evening when Miss Rose Cherrington was thrown from a sleigh, breaking her collarbone. Dr. Henderson was called, and later she was taken to her home in Creston.

Invitations have been issued by the directors of the Co-Operative Fruit Growors Associatian to quite a large company for the complimensary dinner to be tendered O. J. Wigen by the association at the old shoolhouse on Saturday night, at seven o'clock. Several from Creston, as well as other points, are expected to attend.

Bonners Ferry has a radio club with 20 members.

Dong Barney is offering the 13-room McConnell Hotel at Kitchener for sale.

Kaslo and District Fifteen Hundred Club paid nineteen death claims in 1926.

A Penticton grower has just disposed of a 400-pound hog which he claims to have finished off largely on cull apples.

At Nakusp the Anglican and United Churches are uniting to put on a father and son banquet, with an expected attendance of at least 100.

Two carloads of hogs from the Fitzpatrick ranch at Bonners Ferry brought the highest price of the week at the Spokane market, bringing 20c. over top price.

The profits on smelter operations at Trail, along with the company mines, is expected to earn the Consolidated Mining and Smelting Co. Ltd., profits for the year of over $8,000,000.

DEPARTMENT OF LANDS

NOTICE

Application for Grazing Permits for the Season of 1927

Applications for permits to graze livestock on the Crown Range within any grazing district of the Province of British Columbia must be filed with the District Forester at Fort George, Kamloops, Nelson, Prince Rupert, Vancouver, or Williams Lake, on or before March 31st, 1927.

Blank forms upon which to submit applications may be obtained from the District Foresters at the above-named places, or from the Department of Lands at Victoria, B.C.

G. R. NADEN,
Deputy Minister of Lands.

cases ended in death! So a recent Canadian investigation showed. These were not cases of infectious diseases — of consumption — of typhoid! They were cases where a person had sustained some slight injury—a cut, a burn, a wire-prick —and where the wound, being thought not serious enough for careful treatment, had been neglected. Blood-poisoning and death resulted.

When you or your children sustain any injury, ensure against infection by applying Zam-Buk. This balm soothes the pain, stops bleeding, and by destroying all germs prevents blood-poisoning, etc. Hence no time need be lost from work or pleasure by those who use Zam-Buk. All dealers, 50c. box.

Zam-Buk

WORLD HAPPENINGS BRIEFLY TOLD

The Buffalo head, emblematic of the fancy skating championship of the Banff Winter Carnival, was won by the Winnipeg Skating Club in an artistic display.

Education and home economics, and legislation affecting women and children will be discussed at a world welfare conference to be held in Washington in May, it is announced.

Carbon monoxide gas has taken a toll of 379 lives in the United States during the past six months, it was disclosed in statistics made public here by an insurance company.

Fearing the imminence of war, peasants of the Pskov, Mogilev and Yaroslav districts in Russia have bought up all available stocks of salt, causing a famine in the commodity.

Rupert Clark, seven years old, is now a millionaire and one of Great Britain's largest landowners. His father died recently at Monte Carlo. The estate includes 113,000 acres near Melbourne, Australia.

KEEP LIVER AND BOWELS REGULAR WITH "CASCARETS"

No more Headache, Bad Colds, sour stomach and constipation

Get a 10-cent box now.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable and uncomfortable you are from constipation, indigestion, biliousness and sluggish bowels—you always get the desired results with Cascarets.

Don't let your stomach, liver and bowels make you miserable. Take Cascarets tonight; put an end to the headache, biliousness, dizziness, nervousness, sick, sour, gassy stomach, backache and all other distress; cleanse your inside organs of all the bile, gases and constipated matter which is producing the misery.

A 10-cent box means health, happiness and a clear head for months. No more days of gloom and distress if you will take a Cascaret now and then. All druggists sell Cascarets. Don't forget the children—their little insides need a gentle cleansing, too.

Kittie Jarvis of Camberwell might be called the "pied piperess" of Camberwell as she helps her father to catch rats for a living and assisted him in taking 200 live rats for the film "Pied Piper of Hamelin."

Cold Relieved or Money Back

Everywhere men, women and children are finding *instant* relief from Coughs and Colds of all kinds by taking Buckley's Mixture. Everywhere druggists are selling "Buckley's" under positive guarantee. The first dose proves how different it is—and there are 40 doses in a 75-cent bottle! Never be without this proven conqueror of colds.

Alberta Coarse Grain Pool

Will Be Put Into Operation if Sufficient Members Are Secured

When the new wheat contracts are sent out by the Alberta Wheat Pool, coarse grain contracts also will be distributed. If the response by the coarse grain producers is sufficient to justify the step being taken a coarse grain pool will be operated, it was stated at the offices of the pool in Calgary.

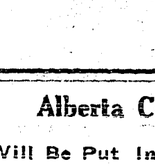
Farmers signing the coarse grain contract will have to become members of the Alberta Wheat Pool.

Coarse grain pools are in operation in Manitoba and Saskatchewan, the grain being held by the Canadian Wheat Pool, or central selling agency. With the 1925-26 crop that agency sold 10,080,600 bushels of oats; 10,619,219 bushels of barley; 1,535,430 bushels of flax and 1,363,903 bushels of rye.

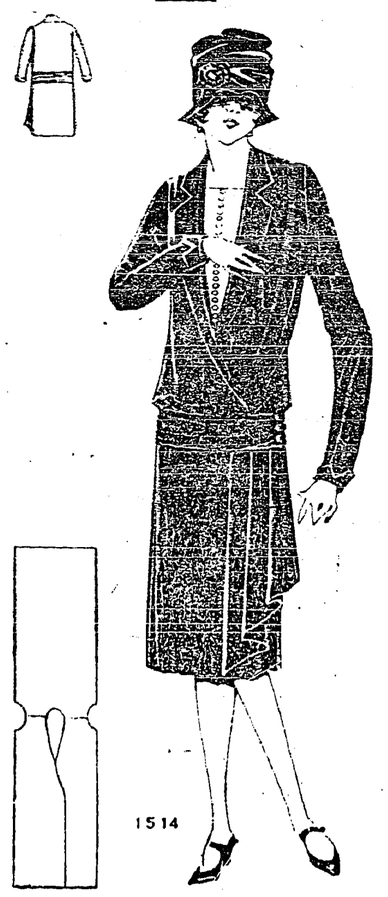
An Undersea Mountain

A tall peak out in mid-Atlantic, Mount Laura Ethel, would tower high among the lofty ranges of the Rockies, but its summit falls fathoms short of sunlight, according to scientists here. Another buried marvel is the Congo Canyon, bigger than the Grand Canyon of Arizona, but submerged far under the surface of the Atlantic.

According to the proverb, riches do not make happiness. Neither does poverty, for that matter, so people might just as well accumulate what wealth they can in an honest way.



"IDEAL Fashions" by Jean Dolle Hamilton



1514

An Attractive and Easily Fashioned Dress

Dignity and grace are admirably combined in this charming dress. The bodice is slightly gathered to the two-piece skirt, and there is a smart plaited tunic at the left side. The cuffs finishing the dart-fitted sleeves are notched to match the graceful collar. Buttons adorn the vestee and side closing belt. No. 1514 is in sizes 36, 38, 40, 42 and 44 inches bust. Size 38 requires 4¼ yards 39-inch material, or 3⅛ yards 54-inch. Price 20 cents the pattern.

Home sewing brings nice clothes within the reach of all, and to follow the mode is delightful when it can be done so easily and economically, by following the styles pictured in our new Fashion Book. A chart accompanying each pattern shows the material as it appears when cut out. Every detail is explained so that the inexperienced sewer can make without difficulty an attractive dress. Price of the book 10 cents the copy.

No Danger of Gasoline Famine

If Oil Fails Motor Fuel Could Be Made Says New Jersey Man

There is little chance of the nation's gas tank going dry, even in the remote future, George H. Jones, chairman of the directors of the Standard Oil Company of New Jersey, said at a banquet in Oil City, Pa. "But if in all this we are mistaken, if well oil fails in the future to constitute an ample supply," he said, "we are certainly already in a position to rest assured that we can make a motor fuel similar to gasoline from raw materials, such as oil shale and coal, which are available in enormous quantities."

The Liquor Habit

Victims of this habit will be interested to learn that the celebrated treatment of the Normyl Association, of London, England, can now be obtained in Canada. This treatment which removes all craving for alcohol in a few days has, among other prominent people, been endorsed by Lord Northcliff, Lord Armstrong, Sir Charles Morrison-Bell, Sir Edward O'Malley, Sir Arthur Wilson, Sir Owen Seaman, The Primate of Ireland, The Bishop of Winchester, the Bishop of Chichester, Physicians, Magistrates, Church Institutions, and Press of Great Britain. Particulars regarding the treatment can be obtained from M. J. W. Dixon, 529 Strathmore Boulevard, Toronto 6, Ontario.

Shipments of leather from the United States to Greece have jumped in value from $65,000 a year just before the war to about $635,000 in the past twelve months.

A Remedy for Earache.—To have the earache is to endure torture. The ear is a delicate organ and few care to deal with it, considering it work for a doctor. Dr. Thomas' Eclectric Oil offers a simple remedy. A few drops upon a piece of lint or medicated cotton and placed in the ear will do much in relieving pain.

In the last 21 months British air liners have flown nearly 2,000,000 miles and carried 25,000 passengers without a single mishap involving injury to either passengers or crew.

HAD BAD SPELLS WITH HER HEART

Mrs. R. G. Hall, Bolton Centre, Que., writes:—"Some time ago I had bad spells with my heart which I believe was caused by nervousness. I tried everything I could think of, but could get no relief until one of my friends persuaded me to get a box of

After I had taken a few boxes I got wonderful relief.

I now weigh one hundred and thirty-five pounds where, before, I never went over ninety."

Price 50c. a box at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

The man who knows nothing and wants nothing ought to be comparatively happy.

"MY HEAD DOESN'T ACHE ANYMORE"

—says Miss Gladys Hollis of Montreal. I suffered for years with terrible pains in my head, thought I would die I was so miserable. I tried everything, until at last I find your pills keep me free from headaches and I now feel well and happy. I am telling all my friends about them."

Gladys Hollis

CARTER'S LITTLE LIVER PILLS will relieve Constipation, Heartburn, Drowsiness, Biliousness, Nausea and Indigestion and improve a bad complexion. They are purely vegetable, do not contain Calomel, Mercury or habit forming drugs. They move the bowels free from pain. Take them to-night.

Druggists, 25c. & 75c. red pkgs.

SUNDAY SCHOOL LESSON

FEBRUARY 20

SERVING IN AND THROUGH THE CHURCH

Golden Text: We are God's fellow-workers.—1 Corinthians 3.9.

Lesson: Matthew 5.13-16; Acts 2. 42-47.

Devotional Reading: Ephesians 3. 14-21.

Explanations and Comments

1. Responsibilities of Disciples, Matthew 5.13-16.—"Ye are the salt of the earth," Jesus declared. Salt was used in sacrifice by Jews, Greeks, and Romans, and was an emblem of purity and of the influence of holy life upon others. Salt preserves from corruption; Jesus was reminding His disciples that it was their duty to keep others from moral corruption.

"Fearlessly to speak the words which bear witness to righteousness and truth and purity; patiently to do the deeds which strengthen virtue and kindle hope in your fellowmen; generously to lend a hand to those who are trying to climb upward; faithfully to give your support and your personal help to efforts which are making to elevate and purify the social life of the world—that is what it means to have salt in your character."—(Henry Van Dyke.)

"But," continued Jesus, "if the salt have lost its savor, wherwith shall it be salted?" They must beware lest they lose their Christian character and become as useless in His Kingdom as salt that has become good for nothing and is cast out upon the ground and trodden under foot of men. That this was no mere figure of speech, Dr. Thompson shows: see Light from Oriental Life.

"Christ was giving a clear and powerful call to duty. His thought was not that his disciples should congratulate themselves on being better than other men. He wished them to ask themselves whether they actually had in them the purpose and the power to make other men better. Did they intend to exercise a purifying, seasoning, saving influence in the world? Were they going to make their presence felt on earth and felt for good? If not, they would be failures and frauds. The savor would be out of them."—(Henry Van Dyke.)

A credulous woman is one who believes the dentist when he promises not hurt her.

Took a Friend's Advice And Received Benefit

So Says Mr. J. F. Kuss, Who Used Dodd's Kidney Pills

Manitoba Man Suffered With a Weak Back and Was Unable to do Anything.

Roblin, Man. (Special)—"Two years ago, early in the Fall while I was working for a threshing outfit I got a weak back, which at times attacked me so badly that I was unable to do anything. A friend advised me to give Dodd's Kidney Pills a trial which I did. The results were great, I have had no trouble since. Words cannot express my thanks to Dodd's Kidney Pills."

This testimonial comes from Mr. J. F. Kuss, who resides at this place.

Dodd's Kidney Pills strengthen the kidneys and put them in shape to do their work of straining the impurities out of the blood. With pure blood there is good health all over the body.

Don't experiment with things you think will do you good. Get Dodd's Kidney Pills from the druggist. They are cheap enough and all druggists stock them.

Plane Lands on Single Wheel

The United States is having built an aeroplane that lands on a single wheel. When it loses the momentum that keeps it on an even keel on the ground, one side or the other flops over till a skidattached to either wing tip supports it.

Discharge of ten and one-half tons of powder sent five million tons of rock hurtling down Mount Juneau recently. The Alaska Juneau Gold Mining Company claims this was a record blast.

The Many-Purpose Oil.—Both in the house and stable there are scores of uses for Dr. Thomas' Eclectric Oil. Use it for cuts, bruises, burns, scalds, the pains of rheumatism and sciatica, sore throat and chest. Horses are liable very largely to similar ailments and mishaps as afflict mankind, and are equally amenable to the healing influence of this fine old remedy which has made thousands of firm friends during the past fifty years.

"My carburetor is out of order, but I think I can put it right."

"Have you a mechanical bent?"

No, but perhaps my neighbor has one. I'll borrow it."—Everybody's

Minard's Liniment for animal ailments.

May Visit Canada

The London Sunday Times learns that although the Prince of Wales and Premier Stanley Baldwin intend visiting Canada in the present year, it is highly improbable that they will be able to attend the celebration of the Dominion's 60th birthday on July 1, as their departure for Canada will not take place until the end of July or early in August. Premier Baldwin's plans will largely depend on the political situation then.

A giant salamander, thought to be 150 years old, was presented recently to the Prince Regent of Japan by the head priest of a temple near Asakura.

Suffered Constantly from Backache

Gin Pills Recommended

Immediate Relief

If your back aches with a dull, sore pain, or if you have bad headaches, then your kidneys are certainly affected. You need Gin Pills. They go right to the kidneys and soothe the inflamed tubules. They restore them to normal and the impurities of the blood stream are again filtered from the system. Mrs. J. Reid of Vancouver writes:

"Just a word of thanks for the good I have derived from the use of Gin Pills. For years I suffered constantly from backache, in fact, I was almost an invalid, couldn't do my own house work. Gin Pills were recommended to me by a friend. I started using them and obtained almost immediate relief and I am glad to say I can now do my own house work, thanks to Gin Pills. I most gladly recommend them to anyone suffering from kidney trouble."

Gin Pills are the universal remedy for backache and kidney trouble and are sold everywhere at 50c a box. National Drug & Chemical Co. of Canada, Limited, Toronto, Canada. 122

Exchange Of Population

Canada Gains More Than She Loses Says New York Sun

If not so regular as the ocean tides, yet a distinct ebb and flow of migration can be observed between Canada and its great neighbor to the south. Just now, after a rather prolonged ebb period to Canada's detriment, the current appears to have been reversed with more incomers than outgoers. Much naturally depends on business conditions. When these are bad or stagnant on one side of the line they may be humming on the other, and since the United States is vastly larger and more developed, it is not surprising that the prospect of employment is greater south of the border. Anyway, nothing is likely to stop the continual exchange of population unless and until either country imposes an embargo on the citizens of the other. This the United States may eventually do if the efforts of certain Senators are crowned with success.

Discussing this human ebb and flow, the New York Sun is disposed to think that on the whole Canada gains more than she loses. In its own words: "If either country materially gains by these sporadic movements, it is Canada. Factory workers who come into the United States from the Dominion are likely to be but sojourners, inclined for the most part to return to their own land when work becomes scarce for them or more plentiful at home. Persons who buy farms, on the other hand, expect to make permanent homes on their property. When a family takes root in the soil, it is not lightly removed." While this is true so far as it goes, no account is taken of the drift of young Canadians trained for professional careers who can find no place in their own country. In too many cases it means permanent alienation from their native soil.

The New York paper does not fail to stress the constant movement of farmers from the U.S. into Western Canada, where they take root. These are among the better class of migrants, and being familiar with both farming and living conditions in Canada, they fall easily into Canadian ways and have, as a rule, been successful in their own country. They are attracted by the possibility of obtaining less worn-out farms at moderate prices, and their children become permanent farm owners and good Canadian citizens. As for native sons of Canada who seek employment in the industrial centres of the United States, they are often only transient workers there and are prepared to flock back with the first revival of industrial activity. Further development on the industrial side thus becomes a prime necessity. The larger the internal market, the more attractive is the prospect for land workers of the best type.

An Everyday Story

Evans' Studio

Francis Henry Cook

London, Ont.—"I was in a general run-down state of health. I had indigestion and my stomach was weak and so sore I could not bear to touch it. I got where I did not have any health at all, was not able to follow my usual line of work. I saw where Dr. Pierce's Golden Medical Discovery was recommended for stomach trouble so I decided to try it and it relieved me of my indigestion and weak stomach, also the abdominal distress and built me up in health. I can highly recommend the 'Golden Medical Discovery' to anyone who suffers as I did. It is excellent!"—Francis Henry Cook, 471 Elizabeth St.

All dealers. Extra large bottles, liquid $1.35; Tablets $1.35 and 65c.

Write Dr. Pierce's Invalids' Hotel in Buffalo, N. Y., for free advice.

Perfected Knowledge Too Late

Some Unlucky Scientists Missed Fame By Inches

Somewhere today, unknown to the world and to each other, it is quite probable that two scientists are working along identical lines towards some epoch-making discovery. One of them will perfect his knowledge first, and will announce it triumphantly to the world. The second worker, no less entitled to fame, will retire. He will have the satisfaction of being a co-discoverer—nothing more.

The parallel discovery of new scientific facts has occurred very often in the past. When Darwin published his "Origin of Species" Dr. Alfred Russel Wallace had just come to the same conclusions, and was actually writing his treatise upon the subject; he was just too late!

So, too, when Sir Oliver Lodge had managed to send wireless messages across a laboratory, Signor Marconi published to the world the results he himself had obtained and became the recognized inventor of wireless.

The same extraordinary coincidence occurred with the discovery of X-rays. Sir William Crookes lit upon the discovery much as Watts did on the idea of the steam engine—he was thinking of other things at the time.

He happened to be working on some scientific photography when he discovered to his amazement that he had photographed some instruments which lay nearby in their case. He realized that he had stumbled upon something marvellous. And he meant to follow it up.

But fate was against him. He was at that moment due to start upon a scientific expedition. He locked up his photographs and set forth, to resume his work later. When he returned to England the world was ringing with the name of Professor Rontgen, of Wurzburg University. Rontgen had made the identical discovery.

Chemist Discovers New Metal

Can be Made Harder Than Steel and Softer Than Lead is Claim

The assertion that he had discovered a new metal that may be made harder than steel and softer than lead has been advanced by T. D. Kelley, a London chemist. Mr. Kelley declared that there is no degree of malleability to which the new metal may not be reduced, and that there is no use to which platinum is put that his metal will not serve equally well.

Mr. Kelley, who calls his metal sollum, declares it is composed of oxides of the earth's metals. It is impervious to hydrogen, says the discoverer.

His twenty years of research leading to the discovery of sollum also led, says Mr. Kelley, to the discovery of another new metal, rustless iron.

The inventor believes his discoveries will revolutionize industry.

Required Quick Thinking

Apparently poverty-stricken, save for the blushing bride at his elbow, the newly made bridegroom asked the magistrate the charges for having tied the nuptial knot. The judge, regarding him with sympathy and compassion said: "Two dollars and a half, friend." The swain extracted a roll that would have taxed the contractile muscles of a mule's throat. The eyes of the judge bulged, but he thought quickly and added the single word: "Each."

Undertake Study of Manna

An attempt to make a scientific investigation into the origin and substance of Manna, which the Bible records was served as food for the Israelites in the desert, will be made soon. A group of experts of the agricultural experiment station maintained in Palestine by the Zionist organization, will proceed to the Sinai peninsula for the purpose of undertaking this study.

Surfacing Streets to Make Them Noiseless

Rubber Paving Being Tested in England Has Proved Durable

Streets and highways may be surfaced in some future day with soundless, durable rubber and the world's highway traffic allowed to proceed skidlessly through rubber-to-rubber contact.

A matter-of-fact report to the Commerce Department from a London observer notes that a 700-yard area of a rubber pavement in one of London's heaviest traffic streets has withstood one month of wear and dampness without showing any signs of deterioration. A much longer time of experimentation, however, will be needed.

The test street is paved first with concrete foundation, headed over with sand, and on the sand is laid rubber topper brick, sealed with a rubber cement.

Died Before Discovery Could Be Tested

Professor Who Announced T.B. Cure Succumbs to Pneumonia

Just a week after he had announced to the world what he proclaimed a positive cure for tuberculosis, Prof. Emile F. Pernot, 68, internationally known for his bacteriological research work, died at his home in Portland. Death was due to double pneumonia.

Prof. Pernot had announced that after ten years of scientific investigation and tests he had proved definitely that a cure for tuberculosis had been found. He made arrangements for an extensive test, using a herd of tubercular cattle. The city health department of Portland was to check the tests and the results. The tests, it is believed, will be carried on despite Prof. Pernot's death.

Lends Zeppelin for Exploration Purposes

Hugh Eckner Places Big Ship at Disposal of Soviets

The Soviet Official Agency announces that Professor Eckener, director of the Zeppelin Company, has placed at the disposal of a company which is being formed in Leningrad, a Zeppelin airship for a flight to the polar regions for which preparations are being made.

The flight is to start from Leningrad and continue via Murmansk to the various Soviet Arctic territories north of Alaska. The Soviet anouncement says that a series of exploration flights are intended, but does not mention the date of the start.

When a load of coal is purchased instead of going to the buyer it usually goes to the cellar.

Airplanes In New Role

Carried Fuel and Food to Trains in Spain Buried by Blizzards

A dramatic thing has happened in Spain, perhaps for the first time. When blizzards buried the railway lines about Madrid in snow, aeroplanes were sent to the relief and rescue of a train and its passengers who had been plunged into a snowdrift on the Madrid-Albacete line.

The storm was so severe, the drifts so deep, that in the absence of the snowploughs employed in countries more used to these extremes of weather, the relief trains which were sent could neither clear the line nor get near the stranded train. Snow continued to fall one day after the other, and the train passengers were in serious danger of perishing from cold and hunger. The aeroplanes therefore circled above the snowdrifts and dropped supplies of food and oil-fuel to keep them in some degree of comfort till release from their plight became possible.

HOW TO RELIEVE CHILDREN'S COLDS

Avoid Serious Results by Using Baby's Own Tablets

When a child shows the first symptoms of a cold, such as sneezing, redness of the eyes, clogged or running nose, prompt measures of relief may avert serious results. Mothers should always have on hand some simple, safe and effective remedy for immediate use.

Baby's Own Tablets act quickly, contain no opiates or narcotics, are tasteless and harmless. Mrs. Joseph Cadieux, Holyoke, Mass., says:—"I have used Baby's Own Tablets for my children and find them a very satisfactory medicine. When my little boy had a cold I gave him the Tablets at night and he was well next day. I give them to the children for constipation and they always do good. I think Baby's Own Tablets are much easier to give a child than liquid medicine. I recommend the Tablets to all mothers who have small children and believe they should always be kept on hand."

Baby's Own Tablets are sold by all medicine dealers or will be sent by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Little Helps For This Week

Rich toward God.—Luke xii. 21.

Richest are they
That live for Christ so well,
The longest day
Would scarce suffice to tell
In what wide ways their benefactions fell.

Rich with no very great things, but with the little daily self-denials, the speaking a cheerful word when the heart is weary, the patient, steady performance of duties that come with every returning day;—little things, and yet they contain the riches with which God is well pleased.

—Rose Porter.

Where there is most of God, there is least of self.

—Benjamin Whichcote

Freedom from Asthma. Asthma is one of the most distressing troubles, sudden in its attacks and prolonged in its agonies. Frequently many things are tried, but nothing seems to give hope of relief. Dr. J. D. Kellogg's Asthma Remedy is the one help which can be depended upon. If you have tried other remedies without success, do not fail to get at once a package of this uniformly successful preparation.

Should Pay for Protection

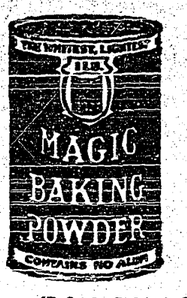
Writing in the London Sunday Observer, Colonel Right Hon. Josiah Wedgewood, Labor Member of Parliament, suggested that as Britain gets nothing by her protection of Egypt, she should transfer the protection of that country to Italy. Or if Egypt wants Great Britain to insure her external peace, she should pay Britain about $3,000,000 annually.

Miller's Worm Powders will purge the stomach and intestines of worms so effectively and so easily and painlessly that the most delicate stomach will not feel any inconvenience from their action. They recommend themselves to mothers as a preparation that will restore strength and vigor to their children and protect them from the debilitating effects which result from the depredations of worms.

A fellow, who has actually tried it, says that although there are three scruples in a dram, the more drams you take the less scruples you have.

Relieve Asthma with Minard's Liniment.

Use MAGIC BAKING POWDER



in all your baking—That's the way to assure success.

India Desires Autonomy

Lord Willoughby Says Conditions in the East are Changing Fast

"If we show a real desire to assist India to get control of her own affairs, and help the Indians to be masters in their own houses, I believe India will want us to stay with her for many long years," declared Lord Willingdon in an address before the Canadian Club at Ottawa. His Excellency related some reminiscences of his term as viceroy in India for 11 years.

"We must always remember" continued the Governor-General, "that the East is changing very fast and that India is determined to have more responsigility in regard to the administration of India's affairs and determined to be treated on a basis of equality."

In his 11 years' administration of India, Lord Willingdon had found Indians on the whole loyal, very responsive, very friendly and very amenable to the laws of the land.

The Governor-General also expressed his thanks for certain assistance Canada had rendered in the Work of development of India, while he was located at Madras.
