

# THE CRESTON REVIEW

Vol. XIX.

CRESTON, B. C., FRIDAY, MAY 1927

No 12

## Fruit Exchange Reduces Charges

Shippers through Creston Co. Operative Fruit Exchange were out in large numbers for the meeting at the firm's warehouse Wednesday night last, with the president, R. J. Long, in charge of proceedings.

J. W. Hamilton, the Exchange accountant, presented a carefully prepared statement of the year's operations, including the balance sheet, the latter revealing an exceptionally satisfactory standing for the Exchange, while the trading ran to a total of 98,285 packages of all kinds handled during the year. The balance sheet was adopted as read, and the election of directors resulted in the choice of Jas. Compton to serve out the unexpired two-year term of Jas. Adair, who has moved to the coast, and J. M. Craigie and John Hall, elected for a three-year term. These with R. J. Long, J. E. VanAck, H. Young and E. W. Klingensmith constitute the board of directors for 1927.

A very satisfactory announcement was made to the effect that for the past year the commission charged for handling the output had been reduced from 10 to 9 per cent, and credit for this amount has been given Exchange patrons. After a thorough discussion it was decided in future to make only a box charge for handling products, instead of the former double collection of commission and packing charge. This policy has been inaugurated in all the other locals of the Associated Growers, and the matter of fixing the box assessment was left with the directors and management.

F. M. Black, who has just been named chairman of the board of directors under the new Fruit Marketing Act, was an interested spectator at the meeting, having previously addressed a large meeting of all the orchardists.

## Canyon City

C. A. Robinson, who has been a business visitor at Calgary, Alberta, the past couple of weeks, arrived home at the end of the week.

Fred Brownell, who has been working at Bonington the past several months, is home again to take care of spring work at the ranch.

Miss Nissie McRobb, a recent graduate of Nelson business college, is now in charge of the bookkeeping work at the Crisler garage at Erickson.

There was a large turnout of friends of Mr. and Mrs. Dave Rogers for the miscellaneous shower tendered them at the community hall last Friday

night, at which the bride and groom were generously remembered with articles suitable for the home, and a very pleasant evening was spent with music and old time sociability.

Manford and Arvid Samuelson are leading the way with clearing operations in this section, being busy with considerable slashing on their Canyon acreage.

Canyon is now enjoying the benefits that come from having a shoe repair shop located in the district. J. W. Kwasny has opened in that line in the former Gilbert house near the school.

Next Sunday is Mother's Day, and the service at the United Church will be appropriate for the occasion. Rev. S. Newby was here on Sunday last for the monthly Church of England service.

Canyon is due to lose a very active family next week when Mr. and Mrs. Geo. Strong and family are leaving for Creston, where they are taking over the Commercial Hotel in that town. They have been valued workers in church and community activities and all are sorry to see them go.

## Kitchener

W. L. Zeigler, mining engineer of Wallace, Idaho, made a visit at the Leadville mine on Thursday last.

W. Arb, road foreman, with Leland Niland and Clarence Devlin, were motor visitors at Creston on Saturday.

Albert Ragotte was here from Davenport, Idaho, on a visit over the weekend.

Harry Spence of the Sash & Door Company spent the weekend at his home in Cranbrook.

Mr. and Mrs. Omer Geroux and daughter, Joan, and Miss Edith Geroux, were motor business callers at Creston Thursday.

F. P. Sullivan and Milo Fogarty of Flagstone were here on business at the weekend.

Mrs. Carl Lindbloom and son, Elmer, were calling on friends at Creston on Saturday.

Angus Cameron and Ray McKelvey of Erickson have taken a contract to haul the Paulson cut of poles from the Goat River to Kitchener.

Misses Esther Nelson and Edith Geroux and Lewis Simpson were motor visitors at Creston on Saturday evening.

Everybody is welcomed to the dance in Hunt's Hall on Saturday evening, May 7th, for which the music will be supplied by Mrs. Lister's orchestra.

Z. Geroux left on Thursday last for Claresholm, Alberta, where he expects to be for the next few months.

Joe Laverne made a trip to Cranbrook on Friday to consult Dr. Green. He had his leg broken almost four months ago, and is still having some trouble with it.

Kitchener had its delegation at the picture show in Creston on Saturday night in Misses Ellen and Mildred Arden and Polly Andrusoff and Messrs. Alphonse LaPage, Marcel Senesael and Omer Geroux.

Mrs. B. Johnson was a business visitor at Cranbrook a couple of days at the end of last week.

Will Wickholm spent the weekend with his parents at Canyon.

Mrs. Victor Millar, who is residing at the Sash & Door Company, received a sudden call to Yakk last week, to be with her mother, who was taken seriously ill.

At least 1200 acres of the dyked land on the Idaho side will be planted to seed peas this year. A price of three cents a pound is guaranteed, and yields up to 40 bushels an acre are anticipated.

Due to harvesting at the wrong time and poor grading the potato growers association in the Windermere country was only able to pay its growers \$20 a ton for Netted Gems and \$23 a ton for whites.

## Presenting "The Arrival of Kitty"

Trinity Church Dramatic Club, which proved so popular last year in the comedy, "Safety First," are this year presenting another mirth producer, in "The Arrival of Kitty," which will be seen at the Grand next Thursday night, May 12th with the curtain rising at 8 o'clock.

This year's comedy is a three act offering that has to do with the matrimonial affairs of one, Jane, in love with Bobby Baxter, young and handsome, but who, in order to inherit a small fortune, must wed Benjamin Moore, old and nervous and has a thirst. There is also an aunt Jane, a homely old maid with lots of money, who wants a man. Also there is an actress, Kitty, whose arrival causes innumerable tangled situations and laughter galore. And her efforts at fun making is ably supplemented by Ting, a bellhop; Sissette, a French maid; and Samuel, a colored porter.

With this galaxy of talent the comedy possibilities of the play are at once apparent, and with each of the parts in competent hands there can be no doubt this year's offering by the club will outclass the 1926 success, "Safety First."

Reserve seats are now on sale at the drugstore at 75 cents, and general admissions will be available at popular prices of 50 and 25c.

## Wynndel

Mrs. Stan. Gregory is back from Winnipeg, Man., where she spent the winter months with her parents.

Jack Pitt Brooke left on Wednesday for Nelson, where he obtained a situation, and will be remaining for some time.

Alex Cameron returned on Friday from Cranbrook where he has been in the hospital for some days suffering from bronchitis.

Mrs. Ashely Cooper got back on Sunday from a visit at Trail.

Capt. Oatts, forestry official, was here on Friday and gave the school pupils a talk on forest protection.

Cherry and pear trees, as well as currants, are in bloom. It looks now as if the pear trees suffered in the April frost, the buds being quite badly frozen.

Rev. S. Newby will be here for Church of England services on Sunday morning at 11, with Sunday

school at 10.15. Rev. Janzow will be here for Lutheran worship this Friday night.

The Winlaw mill got in its first of the season's drive of logs, which arrived on Monday.

The water on the flats has risen. On account of the flooding the channel bridge has been removed.

The W.A. May meeting is at Mrs. Owles on Wednesday, 11th, at 2.30 p.m. New members will be welcomed.

A representative from Vancouver is here ready to commence installing the machinery at the pre cooling plant.

## Lister

Wilfred Langston left at the middle of last week for Spokane and expects to connect with a season's work in the Kellogg, Idaho, country.

Herb Sparrow, is here on a month's vacation from Kimberley, spent last week with friends in Nelson.

Mrs. Chudley and son, George, have left for Ladner, where they join Mr. Chudley, who has taken a small poultry farm near that town.

J. B. Hopkins, who has been working at logging contracts in the Arrow Creek section the past two seasons, is back again to reside on his place in Huscroft section.

Mr. McDougall of Coquit, Alberta, gave this area a look over a couple of days last week, with a view to buying one of the improved places.

School re-opened on April 25th after the vacation and had the attendance increased by one. The newcomer is Kitty Beard—the second Lister-born member of the Beard family to start her educational career in the local school.

Albert Tedford and a crew of half a dozen men were put on forest fire protection work early last week, looking after a blaze that had started in the L.S.B. timber here.

Jas. Duncan left at the end of the week for Ainsworth, where he will mix the mulligan for about a month for a survey party Chas. Moore has at work there.

The forest fire season opened six days ahead of schedule this year, Geo. Huscroft going back on patrol on April 24th, instead of May 1st, as last year.

Mr. and Mrs. R. Helms are just back from a five-weeks' holiday visit with friends in Vancouver and Victoria, and will spend the next few months with their son, Harry, at their Lister ranch.

Capt. Oatts, forestry official in the Yakk-Creston area, visited the Lister and Huscroft schools on the 28th, he gave a talk on the wisdom of forest protection.

Dr. Henderson of Creston was here on Friday on his semi-annual inspection of the local school, and found everything well up to sanitary standards.

Mr. Tingle of Calgary, Alberta, post-office inspector, was here on his usual checkup on Tuesday, and found the office in very satisfactory shape in every detail.

Rev. S. Newby will be here for Church of England service on Sunday afternoon at 3 o'clock. At least two of his confirmation class are from Lister.

Herb Sparrow got back on Monday from an enjoyable week's visit with friends in Nelson.

Harry Yerbury and his partner, R. Dodds of Erickson, have closed the trapping season, and arrived from Oultus Creek at the first of the week. They are well pleased with the season operations, which included the take of nine live marten for the Yerbury fur farm at Lister.

The feature of this week is the delivery of baby chicks. Fred Powers got 500 of them of the Wyandotte strain from the well known Solly farm at Westholme, Vancouver Island, and Mrs. Albert Tedford has received 225 Leghorns from a prominent Portland, Oregon, poultry farm.

## Going Back to Two-Day Fair

After trying out a three-day fair for the past six years, the newly elected directors of Creston Valley Agricultural Association are reverting back to a two-day exhibition—for 1927 at least—and have tentatively set Thursday and Friday, September 29th and 30th, as the dates for this year's fair, and for the successful handling of the undertaking the following committees have just been named:

Finance—J. R. Forbes, C. W. Allan. Grounds—Guy Greenwood, J. R. Forbes, F. J. Klingensmith, H. Young. Prize List—M. R. Joyce, Sam Moon, Mrs. Geo. Cartwright, L. Littlejohn. Attractions—Major Mallandaine, Guy Greenwood, J. R. Forbes.

Secretary F. H. Jackson is starting in this week on the annual task of writing the fair's friends at outside points soliciting special prizes. The getting of help in this quarter is becoming more serious each year and if Creston's fair is to be kept up to its previous high standards better financial backing must be secured locally.

## Alice Siding

Miss Lucy Marshall, who has been on a visit with her sister, Mrs. W. Kelly, at Elko, arrived home at the end of the week.

R. Stewart is combining business and pleasure on a few days' visit at Nelson this week.

J. Brubaker has gone to Kitchener to work for the summer, and will be engineer at the Sash & Door Company sawmill.

Capt. Oatts, forestry officer, was a visitor at Alice Siding school on Wednesday last, when he gave a talk on the "Value of Our Forest and Forest Protection."

Spraying operations commenced at the first of the week, the Ash-Webster co-operative outfit being on the rounds, Tuesday.

Van San and Parson's Beauty strawberry plants are coming into bloom in this section, which would mean berries at about June 10th if the weather takes a favorable turn and stays right.

Victor Carr left at the first of the week with his team for the Lardeau, where he has a pole skidding contract that will last about six weeks.

The average attendance at Alice Siding School for April was 17.46, and Principal Marriot reports the highest standing as follows: Grade 7—Fred Taylor. Grade 5—Esther Smith. Grade 4—Betty Smith. Grade 3—Ethel Mather. Grade 2—Geoffrey Constable. Grade 1—Elsie Mather. Perfect attendance—Harry Mather, Edith Mather, Ethel Mather, Betty Smith, Gordon Smith, Esther Smith.

## Special for Mother's Day

We have a splendid line of ONE and TWO-POUND BOXES of

Moir's Chocolates

at \$1.00 and \$2.00 MADE SPECIALLY FOR MOTHER'S DAY.

ADMISSION FREE!

## WORLD HAPPENINGS BRIEFLY TOLD

Two fine autographed engravings of the King and Queen will occupy a place of honor in the new Canadian legation.

El Salto observatory, near Santiago, announces that several volcanoes in Southern Chile have become active.

A Royal Air Force bombing aeroplane crashed at East Church, Kent, Eng., and its four occupants were burned to death.

Quebec provincial general elections will be held Monday, May 16. Nominations will take place May 9. These dates were announced following a meeting of the cabinet.

A fossil of unusual interest has been found in the workings of No. 2 mine at Glace Bay, Nova Scotia. The petrified form had the appearance of a crocodile or alligator about two feet long and was discovered embedded in the submarine area about two miles under the Atlantic.

## For Aches, Pains, The Safe Home Remedy NERVILINE

When sudden sickness comes, when the kiddies come in with colds, their little chests and throats sore from coughing, quick results always follow a vigorous rubbing with good old Nerviline. It's Cramps, Colic, Diarrhoea. Nerviline is a wonderful friend; it brings ease and comfort so quickly. For young and old, to overcome the minor ills that constantly arise in the home, nothing compares with "Nerviline"—35 cents at all dealers.

Jupiter, measuring 86,500 miles in diameter, is the largest planet; Mercury, 3,030 miles in diameter, is the smallest.

## Is More Than Pleased With Results He Got

Manitoba Man Speaks Highly of  
Dodd's Kidney Pills

Mr. W. G. Kemble Used Dodd's Kidney Pills for Weak Kidneys and Found Them Very Beneficial.

Minneapolis, Man. (Special) — The following is one of the many letters of praise which we are continually receiving. It comes from Mr. W. G. Kemble, of Waters Street. He writes: "Getting up in the mornings I used to have bad pains in my kidneys. I was told to try Dodd's Kidney Pills and must say I have to thank the person many times for telling me about Dodd's Kidney Pills for they brought me great relief. I would not be without them."

That Mr. Kemble's trouble came from the kidneys is evidenced by the relief he got from Dodd's Kidney Pills. When the kidneys become clogged or out of order, the circulation becomes sluggish, the impurities are not strained out of the blood and the result is weariness and lack of energy all over the body. This condition is not only disagreeable but dangerous as well. The impurities in the blood are the seeds of disease.

Guard against these diseases and get back your accustomed energy by using Dodd's Kidney Pills.

One of New York's newest skyscrapers burns enough coal in a day to heat four average sized homes all winter.

## Was So Nervous The Least Noise Made Her Jump

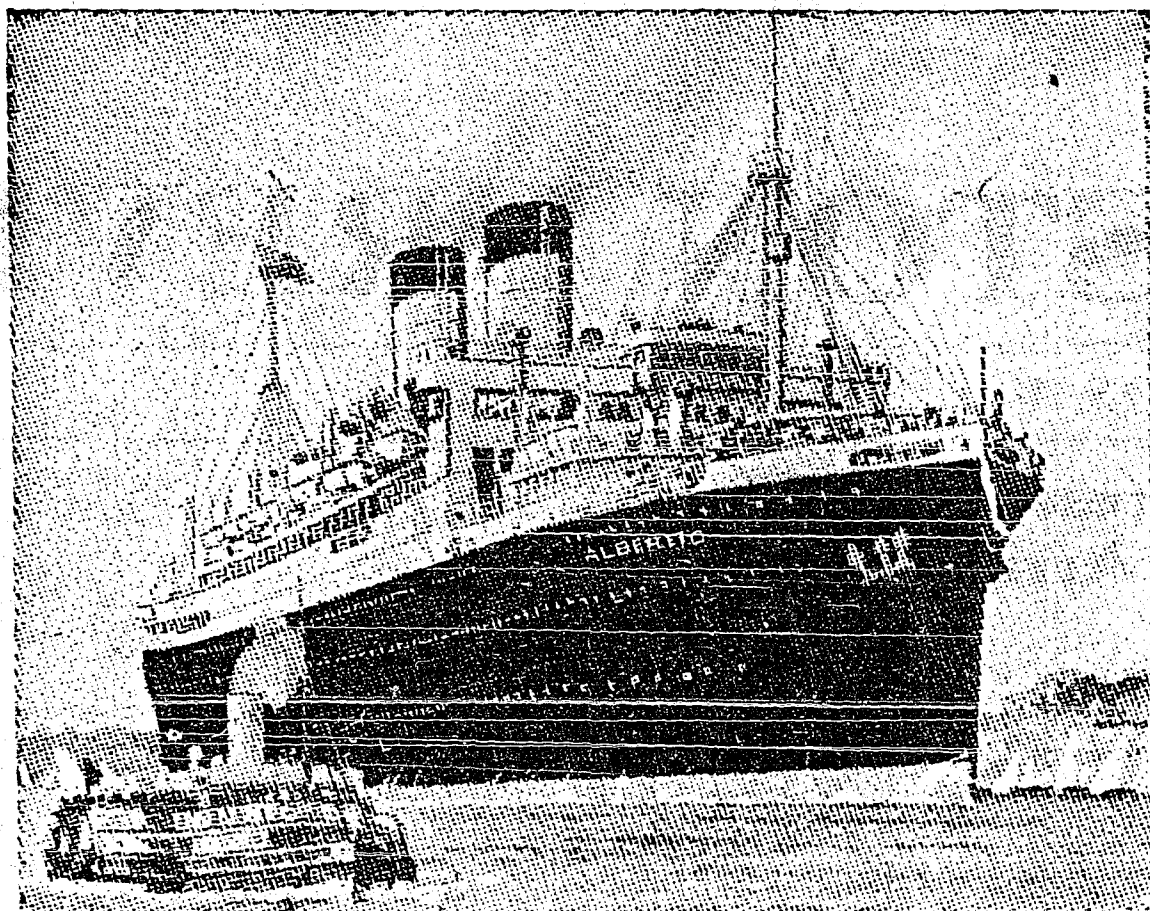

Mrs. W. H. Yates, Ashern, Man., writes:—"I was bothered very much with my heart and nerves, and the least noise would make me jump and almost stop my heart beating."

I told my mother about it one day, and she said that she had been bothered the same way and told me to get a box of

When I had taken the one box I felt quite a lot better and by the time I had taken three boxes I got relief."

Price 50c. a box at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

White Star Liner "Albertic" 19,000 Tons, Largest Ever to Sail From Montreal

Another page in steamship history will be written this season when the Albertic, of the White Star Line Canadian Service, (shown above) docks at Montreal at the end of April, as this will be the biggest steamer ever to sail up the river St. Lawrence as far as Montreal.

Previous to this season the Doric and Regina sister ships in the White Star Line Canadian Service, held the record for being the largest steamers to enter the port of Montreal. They are 16,500 tons each, but the Albertic is 19,000 tons and, therefore 2,500 larger than the Doric and Regina.

The Albertic is an R.M.S.P. steamer. She was formerly known as the Ohio, one of the world famous "Q" liners. She will join the St. Lawrence fleet with a reputation equal to her size and, in addition to being the biggest steamer ever to sail up the St. Lawrence to Montreal, will be one of the most luxurious to make Montreal her terminal.

The Albertic will be used on the direct service to Liverpool eastbound while on the westbound route she will call at Queenstown. She will leave Liverpool on her first westbound voyage under the new name on April 22 and will steam out of Montreal on her first eastbound voyage on May 7.

Built in 1923, the Albertic is 587 feet long, 72 feet wide and 37.6 feet deep and she has seven decks. "A" is the observation deck; "B" is the boat deck on which are located the smoking room, the lounge, the read-

ing room and a few staterooms. "C" is known as the promenade deck. This is partially glass enclosed and it offers the incentive to exercise, which, in turn develops the healthy appetite.

On "C" deck too are the luxurious suites comprising bedroom, with separate beds, sitting room and bathroom while on "D" deck are a few more suites, and staterooms together with the dining room, the haven of refuge after big appetites have been created on deck in the tangy sea air.

There are three other decks, "E," "F" and "G" which are used for staterooms where passengers can be assured of a restful sleep after the activities of the day on the spacious decks.

The equipment of the Albertic embodies the latest designs in wireless telegraphy and submarine signalling apparatus, fireproof and watertight bulkheads, combined semaphore and Morse signalling appliances, while among other features there are on board for the convenience of passengers, two barber shops, a ladies hair-dressing parlor, and a library.

The Albertic will make eight voyages from Montreal this season, on May 7, June 3, July 2, July 30, August 27, September 24, October 22, and November 19, and on all these voyages she will carry cabin, tourist third cabin and third class passengers direct to Liverpool. On her last trip of the season she will call, en route, at Glasgow.

## Claims Television Has Spanned Ocean

New York-London Demonstration Promised by British Inventor

John L. Baird, young British inventor, claims to have established television between London and New York. He proposes to give a wireless telephone - television demonstration between London and a New York store shortly. A special receiving set has been built for the purpose.

Mr. Baird said that for several weeks he carried on his experiments between his station at Coulsdon and a station twenty-five miles outside New York. A new station is being installed in America by means of which Mr. Baird says it will be possible to demonstrate the practicability of his invention. If these tests are successful, Television, Limited, the company of which he is technical director, will place a television receiving set on the market at a cost of \$150.

Widespread interest was aroused in London by the successful television experiments between New York and Washington. Although many experiments in television have been made in Britain, engineers of the General Post Office are not co-operating with the scientists on both sides of the Atlantic who are trying to bring this new development within reach of the public. A post office official, questioned on the subject, replied, "There is much to be done before the post office aims at a public service of 'television'."

### The Changing West

Senator W. A. Buchanan, publisher of the Lethbridge Herald, addressed the Toronto Young Men's Board of Trade recently on "The Changing West," pointing out the transformation in progress from straight grain growing to mixed farming, with industrial centres developing, all tending to broaden the economic and labor basis of the West.

The development of radio in Sweden now covers the entire country. More than 200,000 receiving sets are in use.

## Canadian Air Force

Four Modern Fighting Planes to Replace Obsolete Aircraft

Replacement of a few obsolete war-type aircraft by a flight of four modern fighting planes to familiarize officers of the Canadian air force in the handling of modern planes is provided for in the estimates passed recently by Parliament, according to the Department of National Defence. The air service estimates passed by the House totalled \$3,892,293. Of this \$1,689,694 was for military training and operation and \$2,222,593 for civil government operations and civil aviation.

Besides providing for the new planes, the former estimates will enable the training on a small scale of a reserve of officers and air staff.

The estimates covering civil aviation consist mostly of forest and survey services for other government departments.

The program includes this year air patrols for fire detection and suppression of over 70,000,000 acres of forested lands in Eastern and Northern Manitoba and Northern Saskatchewan, and for fire detection patrols of over 3,500,000 acres in the forest reserves in the foothills of the Rocky Mountains in Western Alberta.

The air survey program includes work in every province in the Dominion. The growing importance of this feature of aviation has been recognized and the development of the resources of the north country are largely dependent on good maps being made available of remote districts now becoming of great importance through their mineral or forest wealth.

If you want a man to praise your judgment all you have to do is agree with him.

# 15 Kinds of Tours Europe & Return

These tours are so varied in itineraries, in interest, in duration and in cost, that you may choose one that particularly meets your requirements and purse. *White Star Standard of Service is assured in each.*

## \$155 Thos. Reade's to England

Return fare. Family party, third class, personally conducted by Rev. W. G. Walsh. Return date optional within one year. Sailing to Liverpool on magnificent

Megantic, May 21st

## \$155 3rd Old Londoners' Re-Union

Personally conducted. An excellent opportunity to cross with home folks on the magnificent

Megantic, May 21st

## \$155 Sons of Scotland to Glasgow

Go home with your own home folk, personally conducted by Mr. Robt. Stewart of Toronto on magnificent

Megantic, May 21st

## \$155 Round Trip Tour

Royal National Eisteddfod

Holyhead, Anglesea, North Wales, Aug. 1st to 6th. Sailing on superb White Star Liner

Doric, July 23rd

## \$170 Manx Society Excursion

Manx Homecoming Tour 1927. Lands at Douglas direct. Answer the call to all Manxmen from their Eilan Vannin. Cross with brother Manxmen on the magnificent

Albertic, June 3rd

## \$170 2nd Northern Ontario Excursion to England and Return

Tourist Third Cabin, under the direction of Mr. T. Mosley Williams, New Liskeard, Ont.

Regina, July 7th

## \$260 Hone Tours

Pilgrimage to Rome, 57 days, \$875. Cabin class, all necessary expenses included. Visiting principal cities in seven European countries. "Parlez Français" Tours (study French while touring Europe) \$260 for 24 days, to \$580 for 52 days, depending on length of tour and places visited. All necessary expenses included. Both Hone Tours sail from New York on famous Red Star Liner

Lapland, July 7th

## \$267 Canadian Legion Tour - 36 Days

Tourist Third Cabin

Including all necessary expenses

Under the auspices of the Canadian Legion (British Empire Service League). Visiting Canadian Cemeteries and Battlefields in Belgium and France. The most important points include Lille, Ypres, Arras, The Somme, Paris, London and their immediate vicinities — sailing on the magnificent

Megantic, July 16th

## \$315 European Treasure Tours

Cabin or Tourist Third Cabin

England, Scotland, Ireland, Holland, Belgium, Germany, France, Switzerland, Italy. Conducted Tours, 37 days \$315 and up, according to itinerary and class. Also independent tours all sailings. Special Feature: 50% cash balance in 10 equal monthly installments after you return; or, if paid in full, less 5%. Every week until August 20th, first sailing on superb Steamer

Doric, May 28th

## \$345 18th International Rotary Convention - 30 Days

Ostend June 5th to 10th. Optional extension tours in England, Holland, Belgium, France, Switzerland, and Italy of 30-44-58 or 65 days with costs ranging from \$425 to \$850. Leaving Montreal on magnificent

Megantic, May 21st

## \$375 Special Tour of Ireland - 32 Days

By popular request. Under auspices of the Daughters of Isabella and the spiritual direction of Reverend Father Thomas J. Heffernan. Choice of Tourist Third Cabin for \$375 or of Cabin for \$500 to \$650 according to accommodations occupied. All necessary expenses included. Sailing on beautiful White Star Liner

Regina, July 7th

## \$385 Popular French Tour - 37 Days

Personally conducted. Visiting 5 countries, 22 cities. England, France, Belgium, Switzerland and Italy. Choice of Tourist Third Cabin for \$385 or of Cabin for \$500. All necessary expenses included. Sailing on superb White Star Liner

Doric, July 3rd

## \$390 Pitman Tours - 38 days

Tourist Third Cabin

To England, Scotland, Ireland, Holland, Belgium, France, Germany. Personally conducted—all necessary expenses. Sailing on beautiful White Star Liners.

Regina - Doric - Megantic

June 11-18-25. July 7.

## \$390 Hubbell College Tours - 37 days

Tourist Third Cabin

To England, Ireland, Scotland, Holland, Belgium, Germany, France. Two different itineraries to choose from. Under the direction of Earl B. Hubbell, and personally conducted. Price includes all necessary expenses. Sailing on beautiful White Star Steamers.

June 11-18-25. July 2-7-16-23-30. Aug. 6

**WHITE STAR LINE CANADIAN SERVICE**

## Embarrassing Position Experienced By Bronx Lady

Miss Jeanne Ginsberg, Bronx, N. Y., writes: "I had become accustomed to arising each day with a heavy head, dizzy and bad taste in my mouth. My bowels were frequently clogged and constipated. One day I became so sick to my stomach I had to leave an important job and go home. A friend advised me to take CARTER'S LITTLE LIVER PILLS. I feel greatly relieved since using them and whenever my stomach and head goes bad again I'll certainly know what to do."

CARTER'S LITTLE LIVER PILLS are sugar coated, small, easy to swallow, purely vegetable, and relieve the bowels free from pain. They tonic the system as they are purely vegetable and do not contain Mercury, Calomel or other poisonous drugs. CARTER'S LITTLE LIVER PILLS, 25c. and 75c. red packages.

## Authority on Agriculture

Dr. Grisdale Has Intimate Knowledge of All Phases of Basic Industry  
Dr. J. H. Grisdale, deputy minister of agriculture, who is chairman of the executive committee of the world's poultry congress to be held in Ottawa this year, is recognized as the foremost authority on agriculture and agricultural conditions in Canada. The work which he has been called upon to undertake and the experience which he has gained during his 30 years of government service in the Federal department of agriculture have given him an intimate knowledge of all phases of Canada's basic industry.

Born at Ste. Marthe, Que., in 1874, he received his early education at Vankleek Hill high school and at Albert College, Belleville, and spent two years at Toronto University. He subsequently entered the Ontario Agricultural College at Guelph, where he won the gold medal for his year. He completed his agricultural course at the Agricultural College, Ames, Iowa, where he graduated with the degree of Bachelor of Agriculture.

He first entered the service of the Government of Canada at the central experimental farm, where he had charge of the work in animal husbandry and field husbandry carried on in the experimental farm system. He succeeded the late Dr. Wm. Saunders as director of experimental farms in 1911, and during the period 1911-1918, when he held that position, the experimental farms branch gained a reputation, and its work gathered an impetus which makes it today one of the most important influences in the development of Canadian agriculture.

In 1918, when the department of agriculture was shorn of a number of its branches which did not pertain to agriculture, and became a purely agricultural department, Dr. Grisdale became deputy minister, and the same year he was granted the degree of D.Sc.A. by Laval University.

Since his appointment as deputy head of the department, Dr. Grisdale has, on several occasions, been called upon to act as agricultural adviser to members of the Government in negotiations vitally affecting the agriculture of the Dominion. In 1922, he assisted in the presentation to the Imperial Government of Canada's case in regard to the importation of stocker cattle which finally resulted in the removal of the embargo which had been in existence for 30 years. In 1923, he accompanied the Canadian delegation to the Imperial conference as agricultural adviser and acted in the same capacity in connection with the Imperial economic conference of 1926. He is a member of the research council of Canada, and joint chairman of the tuberculosis and rust committees of that council.

The American quick lunch, with its high stools, slipping flapjacks, odors of "ham an" and shrill cries of waiters, has invaded Mexico City. Silestas are broken as the crowds flock to eat sandwiches at the new white fronts.

## Bladder Weakness Remedied by Gin Pills

Buffalo man recommends them for kidney and bladder trouble

Gin Pills bring you quick relief from urinary and bladder troubles. They soothe the kidneys and bladder and get rid of that burning sensation; the frequent desire to urinate is overcome; brick dust deposits disappear. You can again enjoy comfort by day and sound sleep by night. Thousands of people are relieved of bladder and kidney troubles every year. Read what George F. Doetterl, Buffalo, N.Y., says of Gin Pills:

"I suffered from bladder weakness and frequent urination. I had tried other kidney remedies, but got no relief. Advised to take Gin Pills, I did so, and after taking half a box noticed much improvement. I can sincerely recommend these pills to anyone suffering from kidney and bladder derangement."

If you have headaches, backache, uric acid, pain in the kidneys, dizziness, frequent urination or swollen joints, Gin Pills will correct them. 50c a box at all druggists. The National Drug & Chemical Co. of Canada, Limited, Toronto, Canada.

## Uncanny Imitation Of Human Voice

English Inventor Makes Organ-pipe Reed Speak Clearly

By the use of an organ-pipe reed, his fingers and a bellows operated by foot, an English inventor has succeeded in imitating the human voice to an extent that is uncanny. The reed serves as the vocal organ and the fingers as the tongue and lips. He recently produced the sentence, "Hello, London; are you there?" as clearly as if he were telephoning from New York. It is claimed that the experiment proves that the human voice is largely a mechanical result of muscular and nervous action.

## Veteran "Mountie" Dead

John Stuttaford Member of First Contingent to Reach MacLeod

John Stuttaford, 85, believed to be the last survivor of the first contingent of Royal North West Mounted Police to reach MacLeod in 1873, died there recently after the best part of a lifetime spent in Alberta.

Mr. Stuttaford came to MacLeod with the famous French police expedition, the year before Colonel MacLeod headed his forces into the territories. He lived in MacLeod ever since.

The dead veteran was buried here with full military honors, a unique feature of the ceremonies being that six veterans of the police expedition of 1874 acted as pall-bearers.

## Weight of British Debt

Amount Owing to States Placed at 6,700 Tons of Gold

Great Britain's debt to the United States would make a lump of gold weighing 6,700 tons, Lieut.-Col. L. S. Amery, secretary for the Dominions, estimated in a speech at the annual dinner of the Mining and Metallurgy Institution, London.

"Therefore," he added, "our debt to America is more one for the prospector and mining engineer than for the financier."

The British debt to the United States was funded in 1923 at \$4,600,000,000.

## THAT BABY OF YOURS

Keep Him Well With the Aid of Baby's Own Tablets

No matter how strong and rosy your child may be he requires a laxative sometimes so that the stomach may be kept sweet and the system clean.

Formerly the laxative medicines given to children were disagreeable ones—castor oil, senna tea, powders and so on. But now Baby's Own Tablets, easily administered and pleasant to take, have superseded these. The children like Baby's Own Tablets.

Not only as a laxative but in many other ways these Tablets are an ideal remedy for little ones. They quickly reduce feverishness, relieve indigestion, colic and vomiting, prevent constipation, check diarrhoea, allay teething pains and promote healthful, natural sleep.

You can get Baby's Own Tablets at any dealer in medicine or at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## 222nd Battalion Re-Union

Association to be Formed of Former Members of This Unit

At a Re-union Dinner of the 222nd Battalion held in Winnipeg recently, it was decided to form an Association for the purpose of having an annual Re-union, and keeping former members of the unit in touch with each other. Full particulars of the association can be obtained by communicating with Lt. Col. Jas. Lightfoot, of Lightfoot's Transfer Co., Winnipeg, or Mr. Jas. Hierus, c/o Hydro Offices, King St., Winnipeg. It is hoped to make this association a real success and an former member of the battalion are urged to send in their names and addresses.

No need to suffer with corns, or to run the risk of paring them. Remove them surely and painlessly with Holloway's Corn Remover.

## Many Radio Phone Calls

The Postmaster-General announced that to the end of March the number of trans-Atlantic radio telephone calls passing between England and America was 257 westward and 398 eastward.

Going fishing—take Minard's Liniment.

## Splendid Washboards

Built to LAST!

Here's a washboard so strong that a big, 165 pound man can stand on it without damaging it in the slightest way. That tough SMP Pearl Enamelled rubbing surface is mighty near everlasting, and the rest of the board is built in the same way. The remarkable wearing qualities of this sturdy washboard demonstrate the lifelong wear you get from all SMP Enamelled Ware utensils. Made by that old established Canadian company.

## Little Helps For This Week

That all may learn, and all may be comforted.—1 Cor. xiv. 31.

When God gives to us the clearest sight, He does not touch our eyes with love, but sorrow.

—John Doyle O'Reilly.

We must suffer in ourselves before we can truly love others, and we must suffer greatly before we can love widely. Why it is so we may not be able to tell, unless it be that only thus do we gain a thorough knowledge of ourselves. There is in the heart of man a secret chamber where God has put all humanity and Himself; touch the door with the hand of suffering and it flies open, and man finds himself one with all others, and God Himself in the midst of them.

—Theodore T. Munger.

Many mothers can testify to the virtue of Mother Graves' Worm Exterminator, because they know from experience how useful it is.

Speaking of fruit, the first apple caused a lot of trouble for the first pair.

Minard's Liniment soothes tired feet.

In 1868 the first regularly equipped government fish hatchery on this continent was erected by the Dominion of Canada at Newcastle, Ontario.

## TIRED FEET.

Minard's soothes sore and tired feet. Bathe—then rub well with Minard's.

## Benefactor To Human Race

Founder of Antiseptic Surgery Made Many Serious Operations Possible

Macaulay, the most brilliant of the Victorian historians, declared that the greatest benefactor to the human race was the man who grew two blades of grass where only one had grown before. But what then is the due meed of him who is credited with having saved more human lives in the latter days of the nineteenth century than were lost in the wars of the hundred years that preceded it? That was said of Joseph, Lord Lister, the founder of antiseptic surgery, the hundredth anniversary of whose birth was recently celebrated. He it was who perceived the far-reaching implications of Pasteur's epochal discoveries and realized that a new era in surgery would dawn when wounds ceased to be the breeding place of germs. It was Sir William Osler, the famous Canadian surgeon, who summed up Lister's services to civilization in this arresting sentence: "Before antiseptic surgery, bacteria were more deadly than bullets," in fact, in the old days over one-fourth of those wounded in battle died, not of the direct injuries, but of subsequent infection.

Contrary to the theory which had prevailed from early Chinese and Greek times, that the fever which accompanied the septic process was a necessary part of natural healing, Lister proved not only that suppuration was not necessary but that it was the preventable cause of deaths following certain wounds and many serious operations. Hospital gangrene became so common it no longer was possible to regard it as a necessary evil. Lister was put on the right track by reading a paper by Pasteur, in which the great Frenchman had shown that putrefaction was due to the presence of minute living "germs" and not to the air itself. As a result of his own experiments Lister came to the conclusion that the only way to prevent

## Mrs. E. Searls Broadcasts Good News

—Hayball Studio.

Woodstock, Ont. — "I found Dr. Pierce's Favorite Prescription excellent as a tonic and nerve medicine. I was in a rundown, weakened state of health. My nerves were all upset. I could not sleep and had very little appetite. I took Dr. Pierce's Favorite Prescription and found it very helpful. It sharpened up my appetite, strengthened my nerves, and I could sleep. It built me up in health and I felt better in every way. I think the 'Favorite Prescription' is the finest medicine any woman can take." Mrs. E. Searls, 671 Canterbury St.

Any drug store, in tablets or liquid, or send 10c to Dr. Pierce's Laboratory in Bridgeburg, Ont., for trial pkg. of tablets.

Feasting was to keep the germs out. One of his most daring innovations was when he used carbolic acid, a violent poison to prevent infection in surgical cases. Another great contribution to surgery was his substitution of "catgut," which is absorbed in time, to silk and other materials, themselves the cause of trouble, used up to then for sewing up breaks in human tissue. Lister's new system enabled surgeons to venture on brain, chest and abdominal operations from which before his day even the most daring recoiled.

## Germany's Burden Easy

Tax Load of Englishman Is Two Thirds More Than Teuton's

Once more the British will have brought home to them the truth that war is an expensive business. Already the most heavily taxed people in the world, they heard from Winston Churchill that they must pay yet more taxes to meet the annual £820,000,000 and £830,000,000.

Of this tremendous sum, which, it is calculated, means that every Englishman works one day in five for the Government, half goes for debt charges. Of this £410,000,000, more than nine-tenths, goes toward carrying for the £7,000,000,000 or £25,000,000,000 the World War cost Britain.

This calls attention to how much more it is costing Britain to liquidate her war expenditures than it is costing Germany. Using dollars for ease of calculation the English Government owes \$25,000,000,000 and her debt charges are \$2,000,000,000 annually. Germany having wiped out her debt, owes the Dawes plan annuities the present total value of which is estimated at \$11,000,000,000. Under the maximum annuities she pays \$600,000,000 yearly. She pays two-thirds of that amount this year. Thus it will be seen that it is costing German taxpayers about one-third as much as it is costing British taxpayers to care for the war debt.

The French this year appropriate 23,000,000,000 francs, or about \$900,000,000. The debt charges are about the same proportion to the budget as the British but less than half on a gold basis. The French war debt cost is thus 50 per cent. more than the German maximum.

## Had New Experience At Bird Sanctuary

Famous Naturalist Proves That "Wild Geese" Are Not Wild

Jack Miner, famous naturalist, whose bird sanctuary at Kingsville, is one of the show places of Ontario, has contended for a long time that the Canadian wild geese is not wild—that it is human beings that are wild. He had a new experience while entertaining a party of visitors at his place, who arrived there at dawn to see geese flock from the lake to his ponds. He was attempting to show the visitors how he chases the birds from one pond to another—the simple act of throwing corn cobs at them. There was one goose, which would not be persuaded, Miner threw several cobs at the bird, but in vain. Finally, with determination he hit one of the birds. It merely flapped its wings, and continued to swim. "That certainly proves that the wild geese is not as wild as it is supposed to be," Miner declared.

Customer: "Oh, dear, no! I simply could not walk a step in shoes that pinch like that."

Shoe Clerk: "I'm sorry, madam, but you've tried on all our different styles. These shoes are the ones you were wearing when you came in."

CRESTON, B.C., FRIDAY, MAY 6

## Hands Off the Trees

The village commissioners have just completed the planting out of about 100 shade trees on Victoria and Barton Avenues. A likely variety of maple has been used and every possible care taken in setting them out to assure their growth.

All that can be done by the council to give at least two of the village streets that attractive appearance that regular lines of shade trees afford has been taken care of.

The future of the trees is entirely in the hands of the residents of the town whose first great care should be to instill into the minds of the younger generation the need of observing a hands off policy at all times in respect of the maples.

And some useful co operative effort of the same sort can be rendered by the school teachers as well as the instructors in the Sunday schools in reminding the up and coming generation that the trees can only make the desired growth when left severely alone.

The usual legal precautions will, of course, be taken to secure protection but this must be supplemented by a general and persistent campaign of educating all and sundry to give the saplings a chance.

During the recent electric light plebiscite much was heard about exercising economy. Village-wide practice of this excellent habit will be appreciated—the trees and their planting out cost us all some real money; and will continue to cost something if replacements have to be made, as must surely be the case if the appearance of the street is to be kept uniform.

## The Fair Needs Help

The usual secretarial drive via the correspondence route has just been launched to secure whatever outside capital there is going to help finance Creston's fall fair.

Of late years revenues from this source have been on the decline and it is now apparent that if the local exhibition is to kept up to the standards to other years there must be more generous support locally.

Most everyone can at least afford the customary one dollar membership, and there are also more than a few sufficiently interested in the exhibition to put up special prizes who have been holding back due to the fact that no special invitation has been given them to assist in this way.

In addition to being generous these would be donors may have their own individual ideas as to how the money can be spent to get the best all round results, and the directorate wish it to be every where and at all times understood that local donations of this sort are especially welcomed and none will be too small or too large to receive attention.

All seem to be agreed that the Almighty helps those who help themselves. Unless there is a wholehearted application of this principle by this community toward the annual exhibition none need be surprised if the fair has to be abandoned altogether.

## Erikson

Alf. Bailey left at the end of the week for Alton, where he will be helping on a survey crew. Chas. Moore has not work there.

Mrs. P. Herie was a visitor with her

son, Lee, and daughter, Mrs. Patinot, at Yakk a few days last week.

Fred Waylett, who has occupied the house on the R. B. Staples ranch the past couple of years, has moved into the Boyd residence. Ted and Ivan Staples are operating the ranch this year and are quartered in the house.

After a two weeks' vacation O.P.R. agent Bundy resumed work on Monday. Part of the vacation was spent putting the station flower garden in shape for the growing season.

Brickson heard with very deep regret at the weekend of the death of a former citizen, Frank Palmer, who passed away at the Nelson hospital on Saturday evening, after a week's illness. From 1917 till about a year ago deceased had resided here and had taken an active part in community life leaving last spring for the Nelson district where he was a partner in the firm of Palmer & Johnston, operating a sawmill at Six Mile. Previous to coming here he was in the Pouce Coupe country in northern B.C., and prior to that in Alaska. He was 47 years of age. The funeral took place on Monday at Nelson cemetery.

GAINS EIGHT POUNDS  
SINCE TAKING VINOL

"I felt sluggish, drowsy and weak. A friend suggested Vinol. Now I feel fine and have gained 8 pounds."—R. H. Bailey. The very FIRST week you take Vinol you begin to feel stronger, eat and sleep better. For over 25 years, this simple, strengthening iron and cod liver compound has been helping nervous, rundown women, tired men, and pale, sickly children. Creston Drug & Book Store.

## NOTICE

Under the provisions of Sub-section 1 of Section 16 of the Produce Marketing Act of the 1926 27 Statutes of the Province of British Columbia, it is required that all fruit and vegetable shippers shall apply for a license from the Interior Tree Fruit and Vegetable Committee of Direction for the period ending 31st March, 1928, and all shippers should apply to the Committee for such license forthwith.

License fee for car lot shippers Ten Dollars (\$10.00); less than car lots, Two Dollars and Fifty Cent: (\$2.50), cash to accompany application.

A. J. FINCH, O. W. HEMBLING,  
Penticton, B.C. Vernon, B.C.  
For the Committee.

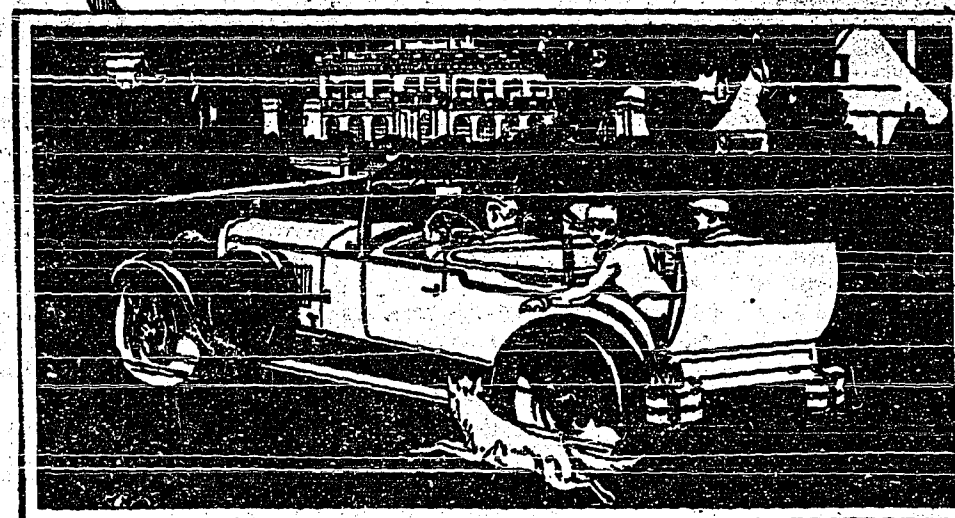

## PROVINCIAL ELECTION'S ACT

## Creston Electoral District

NOTICE is hereby given that I shall, on Monday, the 16th day of May, 1927, at the hour of 10 o'clock in the forenoon, at the Courthouse, Creston, hold a sitting of the Court of Revision for the purpose of revising the list of voters for the said electoral district, and of hearing and determining any and all objections to the registration of any name on the said list, or to the registration as a voter of any applicant for registration; and for the other purposes set forth in the Provincial Elections Act.

Dated at Creston, B.C., this 16th day of April, 1927.  
C. F. HAYES,  
Registrar of Voters,  
Creston Electoral District.

The New and Finer  
PONTIAC SIX

## Youthful, Rakish, Colorful

EVER since the Pontiac Six flash-  
ed into the market, folks have  
been wondering, "When will Gen-  
eral Motors build a sport roadster  
on the Pontiac Six chassis? How soon  
will Pontiac Six power, speed, beauty and  
endurance be offered in a dashing, low-  
swung two to four passenger type?"

Now . . . here it is! As lithe as a  
thoroughbred, as happy as a lark, as smart  
as a debutante just back from Paris.

Lucerne Blue is the prevailing color—  
Lucerne Blue Duco brightened by striping  
in Faerie Red. And just as far from the  
commonplace is everything else about the  
car—grey shark grain leather upholstery,  
nickel-plated windshield side arms, a com-  
pletely removable top of double texture  
grey—and a swanky, flaring rear deck with  
a spacious disappearing rumble seat!

You never saw a sport roadster quite like this—  
quite as alert, as intimate, as refreshing to the  
eye. And if there's youth in your blood—or  
youth in years—you'll be wanting it some day  
soon—because it's a splendid quality car, through  
and through.

## BEVAN'S GARAGE

## Local and Personal

The Women's Institute are having  
their annual bulb show in Trinity  
Church basement Saturday afternoon,  
May 7th, with afternoon tea and sale  
of home cooking and flowers.

Mrs. W. S. Watson was very accept-  
ably help celebrate her seventy-seventh  
birthday on Saturday, when a com-  
pany of ladies from Christ Church  
congregation dropped in unexpectedly  
for a few hours of oldtime sociability  
and to present her with a china tea  
service and all the other birthday  
good wishes.

Trinity Church Dramatic Club who  
scored such a success a year ago in the  
comedy, "Safety First," will this year  
present the breezy laugh getter, "The  
Arrival of Kitty," at the Grand next  
Thursday night, May 12th, with the  
curtain at 8. Reserve seats are 75c,  
and the plan is at the drugstore. Gen-  
eral admission 50 and 25c.

The ladies of the L.O.B.A. had  
only a fair turnout at their after-  
noon bridge on Thursday, at which  
the prize winners were Mrs. Beninger  
and Mrs. R. J. Long, with Mrs. Jas.  
Cook carrying off the low score hon-  
ors. Everyone was taken with the  
comfortable quarters the lodge have  
fitted up over the Mercantile store,  
and the refreshments were very much  
enjoyed.

23 candidates received the rite of  
confirmation at the service at the  
Holy Cross Church at the 9.30 mass on  
Saturday morning at which Bishop  
Kidd of Calgary, Alberta, officiated,  
assisted by Father Cullinan, and Will  
Manuel and Frank Byrne serving at  
the altar. His lordship was also cel-  
brant at a mass at 8.30. Both services  
were largely attended. Mrs. H. J. Ir-  
vinh was in charge of the music.

The village tree planting campaign  
was finished on Friday. 104 maples  
have been set out on Victoria and  
Barton Avenues. The lower end of the  
former thoroughfare has gone un-  
planted until such time as a needed  
fill is made from Trinity Church  
to Canyon street. Every care has  
been taken in setting them out to  
assure their growth and if the citizens,  
particularly the youngsters, will give  
the trees a chance there is no reason  
why a majority of them should not  
make a healthy growth.

Prior to her departure to reside at  
Kelowna Mrs. R. B. Staples was guest  
of honor at an at home in Trinity  
United Church hall at which a very  
pleasant time was spent with music,  
contests and dainty supper, at which  
she was presented with a hand paint-  
ed fruit bowl from the ladies' aid and  
church choir as a little show of appre-  
ciation of invaluable services rendered  
both organizations. The presentation  
was made by Mrs. G. Cartwright, and  
was suitably acknowledged by the  
recipient.

Mr. and Mrs. R. B. Staples and two  
sons, Clarence and Allan, left at the  
end of the week for Kelowna, where  
they will be making their home for  
probably the next year. Mr. Staples  
having recently taken the position of  
prairie sales manager of Sales Service,  
Limited, an organization of independ-  
ent shippers with headquarters in that  
town. His new work is of a similar  
sort to that taken care of last year for  
Nash-Simington and will give him  
time to supervise Creston Growers,  
Limited, of which he is managing  
director, and will have Frank Putnam  
as assistant manager at Creston.

"Comrades of the Way," the young  
people's organization in connection  
with the United Church at Canyon  
had full charge of the Young People's  
Department work at Trinity Church  
on Thursday night last, at which the  
business conduct of the Comrades  
was exemplified as well as the initia-  
tion ceremony, and Manfred Samuel-  
son gave a timely talk on the aims  
objects of this organization which is  
immensely popular at Canyon, enjoy-  
ing the regular attendance of almost  
90 per cent. of the eligible young  
people there. At the close refresh-  
ments were served, and the evening  
was highly appreciated by the Cres-  
ton young people.

The outcome of the meeting of inde-  
pendent growers held three weeks ago  
at which Alf Nelson outlined a plan  
for operating a chain of stores to sell  
the local orchard product direct to the  
consumer, is that an application has  
just been sent to Victoria for a charter  
for Creston Co-Operative Fruit and  
Produce Association with E. Nougular,  
Alf Nelson, A. Comfort, O. Moore and  
G. Nickel named provisional directors.  
Present plans are to operate about  
half a dozen stores, and to handle all  
fruit, vegetables and other produce  
from a selected lot of growers. In

Drives constipation far away—  
Tested and proven good.

If you'd prevent the surgeon's knife  
From son or daughter; brother, wife;  
Then try this flour, there's no deceit,  
We'll give to you the tried recipe.

If you'd add ten years to your days,  
And walk in wisdom's pleasant ways,  
Then buy the goods we have to sell,  
They'll keep you hearty, strong, and  
well.

You never found us in the lurch—  
Our store is opposite the church.  
Our goods the best, without a doubt;  
Drop in today and try us out.

A dollar saved is a dollar earned.  
A fact that never should be spurned.  
We sell for cash; no other way;  
You'll save right here; try us today.

Royal Household Flour we sell for  
five—  
Just as sure as you're alive.  
And for feed wheat we sell the best;  
Two-twenty-five! Well, I'll be blest!

For every ninety-eight of flour we sell  
We make of this a rule:  
To give a swim and shower bath  
In the Emerald swimming pool.  
—T. M. EDMONDSON

MINERAL ACT  
FORM F

## Certificate of Improvements

## NOTICE

Klondike No. 1 Fractional Mineral  
Claim, situate in the Nelson Mining  
Division of Kootenay District.

Where located: Near Ymir, B.C.; adjoining  
the Yukon River.  
TAKE NOTICE that I, A. H. Green, acting  
as agent for William Thomas McDowell, of  
Ymir, B.C., Free Miner's Certificate No. 62460,  
intend, sixty days from the date hereof,  
to apply to the Mining Recorder for a Certificate  
of Improvements, for the purpose of obtaining  
a Crown Grant of the above claim.  
And further take notice that action, under  
Section 55, must be commenced before the iss-  
uance of such Certificate of Improvements.  
Dated this 9th day of August, 1927.  
A. H. GREEN.

## NOTICE

Midnight Fractional Mineral Claim,  
situate in the Nelson Mining Division  
of Kootenay District.

Where located: On Sheep Creek, adjoining the  
Queen Mine Group.  
TAKE NOTICE that I, A. H. Green, acting as  
agent for Michael Murphy, of Kestel, B.C., Free  
Miner's Certificate No. 8791c, intend, sixty  
days from the date hereof, to apply to the  
Mining Recorder for a Certificate of Improve-  
ments for the purpose of obtaining a Crown  
Grant of the above claim.  
And further take notice that action, under  
Section 55, must be commenced before the iss-  
uance of such Certificate of Improvements.  
Dated this 1st day of February, 1927.  
A. H. GREEN.

## ORCHARDS—FOR SALE OR RENT

Young orchard for sale at Creston.  
6 acres planted to McIntosh, Delicious  
and Bartlett Pears. All proposition.  
Cash or terms. O. MOORE, Creston.

Fruit ranch for rent, near Kuska-  
nook, on lake and highway. Bing  
Cherries principally. Apply Robt.  
Lamont, Creston, or S. Bysouth (Kus-  
kanook) Sirdar P.O.

## BOAR FOR SERVICE

Berkshire Boar, service \$2.50. A. G.  
COX, Vaness Ranch, Alice Siding.

SYNOPSIS OF  
LAND ACT AMENDMENTS

## PRE-EMPTIONS

Vacant, unreserved, surveyed  
Crown lands may be pre-empted by  
British subjects over 18 years of age,  
and by aliens on declaring intention  
to become British subjects, condi-  
tional upon residence, occupation,  
and improvement for agricultural  
purposes.

Full information concerning regu-  
lations regarding pre-emption is  
given in Bulletin No. 1, Land Series,  
"How to Pre-empt Land," copies of  
which can be obtained free of charge  
by addressing the Department of  
Lands, Victoria, B.C., or to any Gov-  
ernment Agent.

Records will be granted covering  
only land suitable for agricultural  
purposes, and which is not timber-  
land, i.e., carrying over 6,000 board  
feet per acre west of the Coast Range  
and 3,000 feet per acre east of that  
Range.

Applications for pre-emption are  
to be addressed to the Land Com-  
missioner of the Land Recording Di-  
vision, in which the land applied for  
is situated, and are made on printed  
forms, copies of which can be ob-  
tained from the Land Commissioner.

Pre-emption must be occupied for  
five years and improvements made  
to value of \$10 per acre, including  
clearing and cultivating at least five  
acres, before a Crown Grant can be  
received.

For more detailed information see  
the Bulletin "How to Pre-empt  
Land."

## PURCHASE

Applications are received for pur-  
chase of vacant and unreserved  
Crown lands, not being timberland,  
for agricultural purposes; minimum  
price of first-class (arable) land is \$5  
per acre, and second-class (grazing)  
land \$2.50 per acre. Further in-  
formation regarding purchase or lease  
of Crown lands is given in Bulletin  
No. 10, Land Series, "Purchase and  
Lease of Crown Lands."

Mill, factory, or industrial sites on  
timber land, not exceeding 40 acres,  
may be purchased or leased, the con-  
ditions including payment of  
stampage.

## HOMESITE LEASES

Unsurveyed areas, not exceeding 20  
acres, may be leased as homesites,  
conditional upon a dwelling being  
erected in the first year, title being  
obtainable after residence and im-  
provement conditions are fulfilled  
and land has been surveyed.

## LEASES

For grazing and industrial pur-  
poses areas not exceeding 640 acres  
may be leased by one person or a  
company.

## GRAZING

Under the Grazing Act the Prov-  
ince is divided into grazing districts  
and the range administered under a  
Grazing Commissioner. Annual  
grazing permits are issued based on  
numbers ranged, priority being given  
to established owners. Stock-owners  
may form associations for range  
management. Free, or partially free,  
permits are available for settlers,  
sawyers and travellers, up to ten  
head.

Grown in the best gardens in the Orient.

Blended by men trained in the world's greatest tea market.

## On To The North!

The development of Canada is entering, in fact has already entered a new phase and one which holds promise of adding enormously to the population, wealth, and economic strength of the Dominion. In all the provinces, with the exception of the Maritimes, the attention of governments and people are turned northwards.

The history of Canadian growth during the first half century of Confederation records development upon east and west lines, beginning with the acquisition by the newly-born Dominion of the Hudson's Bay Co. lands of the west and the building of the Canadian Pacific Railway; then came the construction of the Canadian Northern; and finally the projection of the National Transcontinental and Grand Trunk Pacific across the continent. Practically all traffic moved east and west, and in these western provinces a long roundabout journey was frequently necessary in order to travel from one place to another only a comparatively short distance apart on a north and south line.

As a result of this early and quite natural programme of development, Canada became a country, so far as settlement and trade was concerned, a narrow strip stretching all the way from the Atlantic to the Pacific, but consisting of fewer people than are to be found in European countries which in area are smaller than Canadian provinces. Canada had length but it lacked depth, a condition which made for weakness as a national unit because of the great distances separating the people and leading to a too great diversity of interests, a lack of knowledge of the needs and problems of the different sections. Maritimes, Ontario and Quebec, the Prairie West, the Pacific slope, a resultant sectional rather than a national viewpoint. Always there existed the possibility of this thin thread snapping at some point.

It is, therefore, a matter of national satisfaction that Canada is now on the threshold of its second great development, a development northwards which will give the Dominion what it has hitherto lacked, depth as well as length. From all quarters, governmental, financial, manufacturing, comes the confident prediction that the next two or three decades will witness a complete transformation in this respect, and hardly a week passes that some new enterprise involving northern development is not reported.

Development works, financed by Canadian, British and United States capital and involving an investment of close upon one billion dollars, are under way in Quebec which will result in the establishment of great industrial plants, the employment of tens of thousands of men, the creation of new cities and towns, and an enormous expansion in the trade of the Dominion. These are practically all to the north of present settled areas.

In Ontario, the Provincial Government has decided to push construction of their railway through to James Bay, while throughout both old and new mining areas of Northern Ontario unprecedented activity in prospecting and development is in progress.

Manitoba has awakened to the potentialities of its vast northern territory and, as in Ontario and Quebec, the eyes and energies of the people are being focussed on mineral and water-power development there with all that this must mean in industrial expansion. The business men of Winnipeg realize they can no longer depend for future growth upon being simply a wholesale and distributing centre for the west.

The age-old demand of the Prairie West for an outlet on Hudson Bay is at last being met by aggressive action and the last section to be built will, before many months, be completed. The latest discoveries in science and invention are being employed to expedite this work. Airplanes have for weeks been carrying men and supplies from the end of steel to Churchill, other airplanes will patrol the Hudson Straits, airplanes are being employed in survey work in northern Saskatchewan, as well as in northern Ontario. Important branch lines of railway are to be built in northern Saskatchewan to connect existing railways with the road to the Bay, while the Saskatchewan Government has appointed a commission to make expert inquiry into the whole subject of power development within the Province.

Alberta has pushed railways well into the north of that Province, and it is now known there exists a wealth of oil, mineral and other resources in those northern stretches, as well as vast tracts of fertile lands suitable for agriculture. Investigation is now to be made of the most suitable route for a railway from northern Alberta through British Columbia to the Pacific coast.

## VERY HARD LARGE PIMPLES

Spread Over Face and Hands. Cuticura Heals.

"My trouble began with a few pimples on my face and hands and soon spread all over them. The pimples were very hard, large and red, and festered and seared over. They itched and burned so that I scratched them, which caused eruptions. My face was disfigured, and I could not put my hands in water and could hardly do my work."

"A friend advised me to try Cuticura Soap and Ointment so I purchased some, and in about two months I was completely healed."

(Signed) Miss Jennie Ducharme, 481 Groulx St., Norwood, Man.  
Cuticura Soap, Ointment and Talcum are all you need for every-day toilet and nursing purposes.

## A Confederation Prize For Literature

Recognition For the Most Outstanding Book of the Year

A Confederation Prize for Literature, to be awarded annually to the author of the most outstanding Canadian Book of the year, has been suggested by the Canadian Authors' Association in connection with the celebration of Canada's sixtieth birthday.

The National Executive of the Authors' Association by a unanimous vote has memorialized the Prime Minister, suggesting the setting aside of one-tenth of the \$250,000 Diamond Jubilee Fund to endow in perpetuity such an annual prize for the encouragement of Canadian literature.

Kill warts with Minard's Liniment.

When a woman is unable to go shopping she calls on a neighbor and they talk shop.

## Husbands Desert Wives

Pitiable Suffering Caused in Many Cases by These Desertions

The Montreal Star says editorially: "Pitiable suffering is caused by the tragedy of husbands deserting their wives and children. There has been a marked increase of this cruel conduct for some years past. Statistics compiled from court records, in our own city, demonstrate the sorrowful fact that fully 23 per cent. of the children placed in institutions of all kinds, and who are practically supported on charity, are 'innocents' who have been deserted by their fathers. And, think of it, in 24 per cent. of these desertion cases the mother was left ill. Here we have brutal cruelty on the part of husband and father."

## A VERY RELIABLE HOME TREATMENT

How Weak, Run-Down People Can Obtain Relief

Among the many remedies offered for the maintenance or restoration of health and strength, there is none can compare with Dr. Williams' Pink Pills. Most ailments are due to poor, thin blood. Dr. Williams' Pink Pills have a specific action on the blood, making it rich, red and pure. Through this richer blood the tissues of the body are better nourished, and the functions of the body better performed. Anemic sufferers, weak, languid and nervous people speedily find new health and strength through the use of this medicine. This was the experience of Mrs. John Armour, South Monaghan, Ont., who says: "I am one of the many thousands who have regained health through the use of Dr. Williams' Pink Pills, and I take this opportunity of saying a word in praise of this splendid medicine. Before beginning the use of this medicine I was pale and badly run down. I found it difficult to do my house work and was tired and breathless at the least exertion. I had tried several medicines without benefit, and finally decided to try Dr. Williams' Pink Pills. Soon I began to feel better, sleep better, and eat better, and found my weight increasing. In a word I felt like a new person. I have since recommended the pills to others who have taken them with equally good results."

Try Dr. Williams' Pink Pills for anemia, rheumatism, neuralgia, nervousness. Take them as a tonic if you are not in the best physical condition and cultivate a resistance that will keep you well and strong. Get a box from the nearest drug store and begin this treatment now. The pills are sold by all medicine dealers or will be sent by mail at 50c a box by writing 'The Dr. Williams' Medicine Co., Brockville, Ont.'

The Swiss Industries Fair, the origin of which dates back to the middle Ages, will be held at Basel this year, April 2 to 12.

Strangled with Asthma is the only expression that seems to convey what is endured from an attack of this trouble. The relief from Dr. J. D. Kellogg's Asthma Remedy is beyond measure. Where all was suffering there comes comfort and rest. Breathing becomes normal and the bronchial tubes completely cleared. This unequalled remedy is worth many times its price to all who use it.

Primitive Russians place a certificate of character in the hands of dead persons, to be given to Saint Peter at the gates of Heaven.

Ready-made Medicine. — You need no physician for ordinary ills when you have at hand a bottle of Dr. Thomas' Eucalyptic Oil. For coughs, colds, sore throat, bronchial troubles, it is invaluable; for scalds, burns, bruises, sprains it is unsurpassed; while for cuts, sores and the like it is an unquestionable healer. It needs no testimonial other than the use, and that will satisfy anyone as to its effectiveness.

More mineral discoveries of importance have lately been made in the Portland canal area, Prince Rupert district.

An Oil of Merit. — Dr. Thomas' Eucalyptic Oil is not a jumble of medicinal substances thrown together and pushed by advertising, but the result of the careful investigation of the healing qualities of certain oils as applied to the human body. It is a rare combination and it won and kept public favor from the first. A trial of it will carry conviction to any who doubt its power to repel and heal.

A feature of the Edmonton Exhibition this year will be another historical pageant, commemorating the diamond jubilee of the Dominion.

For dandruff—Minard's Liniment.

## SUNDAY SCHOOL LESSON

MAY 1

PETER'S DENIAL AND REPENTANCE

Golden Text: Let him that thinketh he standeth, take heed lest he fall.—1 Cor. 10:12.

Lesson: Mark 14:53; 54, 66-71; Luke 22:61, 62.

Devotional Reading: Psalm 51:1-9.

### Explanations and Comments

1. In the Palace of the High Priest, Mark 14:53, 54:—The time is after the betrayal and arrest in the Garden of Gethsemane. Two painful scenes are being enacted in the palace of the high priest. Above, in the Assembly Hall, stands Jesus before the Sanhedrin (chief priests and elders and scribes), the Judge of the World is being judged by men obsessed by hatred, bent on delivering him up to death.

Below in the courtyard sits Peter. He had followed Jesus afar off, and had entered "even within, into the court of the high priest," Mark tells us. The expression is redundant, and "suggests the idea of one stealthily feeling his way into the court of the palace, venturing far and farther in, and gaining courage with each step."

The courtyard was the inner quadrangle, around which the palace was built. With the officers (doubtless the military guard who had delivered up their prisoner and were waiting for further orders), Peter was warning himself by the fire which glowed in an open charcoal brazier. In the spring the nights are cold at Jerusalem and a fire is welcome.

"Sullen, and apprehensive at a word,"

Peter, the bold disciple of his Lord,

Crouches above the brazier's slender flame,

Flinching to hear his too familiar name,

Banded with Christ's, defiant to deny.

Least one should fiercely whisper, "Crucify!"

The tongue, abrupt to censure or confess,

Is stifled by occasions harsh distress;

The steady eye that flamed in love or hate

Shifts from wide eye to eye of them that wait.

O Peter! Canst thou thus so soon forget

The grace on Hermon's Mount that hallowed thee,

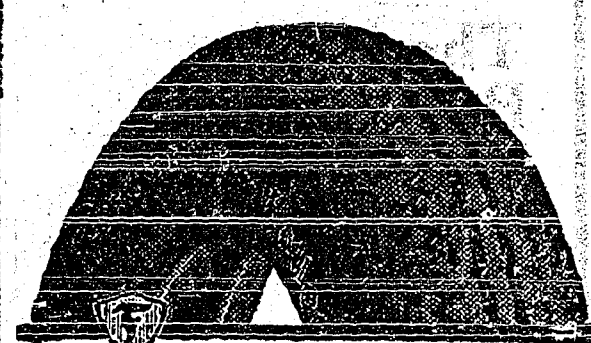

While yet the tears upon his cheeks were wet,

From Bethany and grim Gethsemane." — Elwood Lindsay Hains.

The indications of worm are restlessness, grinding of the teeth, picking of the nose, extreme peevishness, often convulsions. Under these conditions one of the best remedies that can be got is Miller's Worm Powders. They will attack the worms as soon as administered and they pass away in the evacuations. The little sufferer will be immediately eased and a return of the attack will not be likely.

At the glorious feast of knowledge some people never get any farther than the soup.

## GUM-DIPPING Builds Extra Miles

THE Firestone process of Gum-Dipping is one of the most important of the many Firestone contributions to more economical highway transportation.

By this process, every fiber of every cord is thoroughly saturated and insulated with rubber, minimizing friction and heat so destructive to tire life.

On the cars of hundreds of thousands of motorists, in the day-in and day-out service of the largest truck, bus and taxicab fleets, in the battle of tires on race tracks, Firestone Gum-Dipped Tires, because of their greater stamina, are delivering longer mileage with added safety and comfort.

The Firestone dealer in your locality sells and services these extra quality tires. Let him tell you of the trouble-free service that the Gum-Dipping process insures and how he can serve you better and save you money. See him to-day.

—they last longer.

## IS NOT POSSIBLE NOW TO EQUALIZE FREIGHT RATES

Ottawa.—After sittings extending over two years and occupying 105 days, the general freight rates inquiry by the Board of Railway Commissioners is drawing to a close. The inquiry is expected to be completed this week.

Isaac Pitblado, K.C., the last counsel to be heard for the provinces or others opposing rates increases, concluded his address and W. N. Tilley, K.C., Toronto, at once opened the case for the railways. He remarked on the changes which had occurred since the first important argument on freight rates was before the board, in 1911. Important changes had occurred in transportation conditions. In those days there was only one trans-continental railway spanning Canada. So, too, the scope of this inquiry was far more sweeping and comprehensive than any previous investigation had been and the judgment of the board, when rendered, would be of the greatest importance to all concerned — to the railway, the provinces and the nation as a whole.

Mr. Pitblado dealt at some length with the matter of equalization. He declared equalization of rates was an impossibility today. Any attempt to adjust the present rates structures today on the principle of an equal rate for equal mileage in every part of the country would mean chaos and disaster to the commerce of the country.

It was far more necessary, he declared, to set about an adjustment which would enable the natural resources of the country, the fruit, lumber, canning products, fish, etc., to move from the point of production to the most profitable market and so facilitate the development of that market, both domestic and foreign, than it was to legislate so that the trader in Montreal could serve his local market, of say 150 miles radius, at the same cost of transportation as the trader in Winnipeg could serve his.

Equalization of rates, said Mr. Pitblado, was no new idea. An attempt had been made in 1873 to put equalization legislation through the Canadian Parliament but without success and a similar attempt in the Imperial Parliament the previous year had met a like fate. Today it was no more practicable than it was half a century ago.

### Russian Trade

Improvement in Agriculture and Industries is Reported

Montreal.—A big British concern engaged in shipbuilding has approached the chief concession committee of the Union of Soviet Socialist Republics offering \$100,000,000 long term credits to build mercantile ships for the Soviet, according to announcement made here by the trade delegation of the Union. The offer, it was stated, was now under consideration.

During the four months of the current fiscal year, beginning October, 1926, export trade of the U.S.S.R. reached \$135,541,000, leaving a favorable trade balance of nearly \$18,000,000. Trading was carried on principally with eastern countries. The Soviet representatives declared the population of Russia was now 144,805,000 and statistics showed a general improvement in agriculture and industries since the 1921 period of depression.

### Arctic Flier is Safe

New York.—The North American Newspaper Alliance has been informed that Lieut. George H. Wilkins, Arctic flier, who has been missing since March 29, when he hopped off from Point Barrow Alaska, for the unexplored regions to the north, has made a safe return to Beechy point.

### Negro's Skin Turns White

Glasgow, Ky.—Eugene Clark, negro, whose skin began to change color a few years ago, is dead at his home near Sulphur Well. At the time of his death Clark's skin had virtually been transformed from black to white.

W. N. T. 1928

## Well Known Horseman Killed

Captain Lidington, Victim of Hornepayne Wreck, Was Bringing Shipment of Horses West

Ottawa.—Captain J. Lidington, who was killed in the train wreck at Hornepayne, was an internationally known horseman. His father, Major Lidington, and himself were conducting a shipment of thoroughbreds from England and had been in Ottawa for several days where some of the horses were disposed of. Major Lidington took ill while here and is in the civil hospital.

The son, on Easter Monday, proceeded, assisted by helpers Garnett Bull, H. Enderby, and Patrick Brouerick, all believed to have come from Thame, England, to load the remainder of the horses some 35, which were being taken to Winnipeg and Vancouver where they were to be sold.

Six of the horses in the shipment were sold while the party was here to Captain Jenkins, of Toronto. Joseph Gleeson, of Ottawa, bought one, and eight were sold in New York. All the remainder of the shipment, except two, it is believed, were killed in the wreck.

The horses were believed to have all won races in the old country and was a valuable collection. Major Lidington and his son had planned on returning to England for another shipment in August.

## Government Refuses To Act

Peking Officials Reject Soviet Demands in Connection With Raid

Paris.—Rejection by the Peking Government of the demands of the Russian Soviet Government in connection with the raid on the Soviet buildings in the embassy compound at Peking, is reported in a despatch to the Indo-Pacific Agency. The raid on orders of the Northern Chinese authorities, was carried out on April 6.

Two days after the raid the Soviet Government ordered all the embassy officials to leave and in a note delivered to the Chinese charge d'affaires at Moscow, made a series of demands. These included immediate evacuation of police from the compound, the release of all those arrested in the raid, and the return of all documents seized, together with all money, personal property, household goods and books taken by the police.

## British Peer Joins Laborites

Sir Robert Peel Has Gone Over to Labor Party

London.—Another member of the British nobility is to join the Labor Party. Sir Robert Peel, baronet, grandson of the statesman, "Bobbie" Peel, from whom the London policemen derived the nickname which has clung to them since early in the Victorian period, has announced his intention of participating in politics on the side of Labor. The young peer already has under consideration proposals to stand for Parliament in the Tamworth division of South Staffordshire, his home, which was the division represented by his grandfather when he entered politics.

While prime minister, the older Peel founded the modern police force, and immediately the policemen became known as "Bobbies," and also as "Peelers," but the latter designation lasted only for a short time.

## Federalship Seizure Illegal

Judge Hands Down Decision in California Court

San Francisco Cal.—Handing down a decision that the seizure last March of the steamship Federalship with its million-dollar cargo of liquor and arrest of the captain and 19 members of the crew, 300 miles off the California coast, was illegal, Federal Judge Bourquin ruled that the seizure was in violation of treaty relationships between nations.

Captain S. S. Stone, skipper of the Federalship, and 19 members of his crew, were released from jail following the judgment.

### Supports New Voting Bill

London.—Lloyd George has promised his support to the Government's measure giving women of 21 years of age the franchise. The measure is to be introduced in the House of Commons shortly.

## FORMER LABOR PRIME MINISTER AT WASHINGTON

Washington.—A sentimental traveller down old familiar roads was how right Hon. J. Ramsay MacDonald, former Labor Prime Minister of Great Britain, described himself to the Canadian Press correspondent here, when he arrived for a brief visit to Sir Esme Howard, the British ambassador.

Mr. MacDonald stated that his visit had no political significance. He said he was unable to reach Canada on this trip as pressure of business compelled him to sail for home very soon.

Asked if British Labor had seriously resented the deportation law of 1919 in Canada, Mr. MacDonald said he had never been seriously alarmed that the sedition laws of the Dominion would be unfairly used against Britishers there.

In the opinion of the former Prime Minister, the Baldwin Government had "fumbled," and the trend of political opinion was in favor of the return to a Labor Government in Great Britain on his analysis of the vote in recent by-elections in Leith and Southwark.

Mr. MacDonald predicted a recurrence of the coal miners' strike unless wrongs of the miners were redressed soon. He did not believe, however, that the general strike weapon would be used next time, remarking that many who favored the general strike weapon had found themselves unwilling to be "generally struck."

Mr. MacDonald was a luncheon guest at the British embassy and was entertained at dinner by the executive council of the American Federation of Labor.

## Another Royal Exhibit

Belgian Queen Announces Entry for Poultry Congress

Ottawa.—Still another member of a European royal family is to be an exhibitor at the world's poultry congress to be held in Ottawa from July 27 to August 4. Congress headquarters received word from Brussels that included in the Belgian national live bird exhibit would be a number of fowl the property of Her Majesty Queen Elizabeth of Belgium. The Belgian exhibit will consist of fowl, pigeons and rabbits.

Other royal exhibitors already announced are His Majesty King George, H.R.H. the Prince of Wales and H.R.H. the Prince of the Asturias, heir to the Spanish throne.

## Not Getting Fair Deal

Rural Schools Entitled to Experienced Teachers Opinion of Dr. Kerby

Edmonton.—"Rural school children are not getting a fair deal today," declared Dr. George W. Kerby, principal of Mount Royal College, Calgary, in an address before the convention of the Alberta Educational Association here. He deplored the tendency to train teachers for handling city schools, the sending of junior and often immature teachers to country schools to gain experience and a lack of sympathy for rural schools.

"The average rural school trustee looks at the country school as a little building where a little teacher teaches little things to little children for a little while at a little salary," declared Dr. Kerby. "There is need to consider the whole question of rural education, which is greater than the wheat pool or immigration problems."

## Canada's Jubilee

Sir Arthur Curry Would Like to See Preparations Hurried Up

Montreal.—The apathy with which, he said, Canadians were approaching the jubilee date of Confederation was deplored by Sir Arthur Curry, commander-in-chief of the Canadian troops during the war and principal of McGill University. He spoke before the Electrical Club of Montreal.

"Jubilee committees have been appointed," said Sir Arthur, "but I would like to see some sign of activity upon the part of those forming those committees. The birthday of Confederation is not far off. It is high time something were done. I know that on the first of July those great bells at Ottawa will peal out but they will not reach the general public of Canada."

### Hopes to Retain MacBrien's Services

Ottawa.—The hope that the services of Major-General J. H. MacBrien, chief of staff of the Department of National Defence, might be retained was expressed by Premier King, addressing the officers of the Governor-General's Foot Guards at a dinner. General MacBrien some time ago tendered his resignation. Premier King paid high tribute to General MacBrien.

### Expects to Win Wager

Toronto.—W. H. Chapman, aged 77, who has walked nearly 10,000 miles since July, 1923, to win, he says, a \$5,000 wager, passed through this city April 19. He has yet to cross the continent to comply with the rules of the wager. He started from Milwaukee and he is now going to Cochrane, and expected to be in Vancouver and complete the round trip some time in the summer.

## CIVILIAN WAR SUFFERERS MUST WAIT FOR A YEAR

Ottawa.—There will be no payments this year to the civilian sufferers from the great war.

Reparations Commissioner Friel has not yet completed his work.

It is understood that the secretary of state has been for some time pressing Mr. Friel to hurry his reports, seven being still unfinished, but has been unable to speed things up. The result is that many impoverished citizens of Canada must suffer for another year without the compensation payments which the Dominion is willing to pay.

These war sufferers have no legal claim, but the principle has been generally accepted that compassionate payments will be made out of Canada's share of the reparations under the Dawes plan.

There is no legislation authorizing this and whatever payment is made must be specifically voted by parliament. An attempt was made two years ago to get parliament to vote part of the money, but this was refused. Parliament wanted the full report.

With parliament prorogued and the commissioner's final report missing, there was no vote passed. The secretary of state admits that some of the claimants are in a destitute condition, yet nothing can be done for them.

Canada has received \$1,000,517 in payments on reparation account, and still has \$3,789,430 due from Great Britain. The latter sum, however, is dependent on the settlement of other accounts between Britain and Canada. If this sum is paid there will be \$7,798,947 available on reparations account, together with any Dawes instalments paid in the meantime.

The policy of the government with reference to this money will not be decided until Commissioner Friel makes his report.

The British parliament appropriated \$27,500,000 for distribution to claimants who had suffered loss. Canadians domiciled in Britain have thus been compensated, but Canadians domiciled at home must still wait nearly nine years after the war is over.

## Announces Anaemia Cure

Ready For Public Use Very Soon  
Sa's Rochester Doctor

Rochester, N.Y.—Man has proclaimed a new victory over disease with the announcement that within a few weeks there will be ready for public use a cure for anaemia that has been successful in 90 out of 100 cases.

The announcement was made by Dr. George R. Whipple, dean of the medical schools of the University of Rochester, after ten years of experiments in which he has been assisted by Mrs. Frieda S. Robbins, physiologist at the school. For the past two years Dr. George R. Minot and Dr. Edwin J. Cohn, of Harvard medical school, have collaborated with them.

The cure is a serum discovered during a decade of experimenting on anemic dogs and humans. It is an extract of beef liver but has not yet been sufficiently purified to make chemical identification or naming possible. It will be distributed through selected physicians in the various cities as was done with insulin.

## Only Two Dry Provinces

Government Liquor Control Goes Effect in New Brunswick

Fredericton, N.B.—The province of New Brunswick formally associated itself with the other six provinces of Canada which now have Government control liquor laws when Lieutenant-Governor Todd gave Royal assent to the measure which passed the Legislature and which gives this province an act similar in many respects to that which will shortly come into operation in Ontario.

This leaves only Nova Scotia and Prince Edward Island with temperance laws based on prohibition of the sale of alcohol.

## New Fashions from Japan

These young ladies who are travelling on the world cruise of the Canadian Pacific flagship the Empress of Scotland, were so struck by the beautiful garments they saw when their tour came round to Japan that they went and purchased one of the most outstanding, namely, the haori. This, as can be seen from the engraving, is a very beautiful sort of shawl whose folds can be arranged according to taste in almost any shape desired. They are very attractively figured in floral designs and from the general appearance of them, it would not be surprising if these young ladies became the advance guard of a new fashion originating from Japan. Anyway, we make a present of the idea (although not of the garment) to our readers.

**SEALED TENDERS** for the purchase of the above mentioned, addressed "Tenders for Purchase of Timber," will be received by the undersigned up to and including 12 o'clock noon on the 10th day of May, 1927.

The timber for sale being the Licensed Numbers 7148 and 7149, containing approximately Ten Million Feet and including a small Mill Plant on the ground of the plan of the plan of the works to be constructed for the diversion of water from Goat River under application for a license for lowering water purposes, which application was filed in the office of the Water Recorder at Nelson on the 15th day of November, 1926.

**TERMS:** Cash; or cash with deferred payments satisfactory to Land Settlement Board, may be arranged. Cheque equal in amount to 5 per cent. of bid must accompany each tender. Highest or any tender not necessarily accepted. **LAND SETTLEMENT BOARD,** 508 Superior Street, Victoria, B.C.

## WATER ACT

**Notice of Application for the Approval of Plans**

Take notice that Creston Reclamation Company, Limited, will apply to the Comptroller of Water Rights for the approval of the plan of the works to be constructed for the diversion of water from Goat River under application for a license for lowering water purposes, which application was filed in the office of the Water Recorder at Nelson on the 15th day of November, 1926.

The water is to be diverted from the said stream on N.E. 1-4 T. 8, R. 10, E. 1, for the purpose of reclamation of a portion of the Kootenay Flats.

The plans and specifications of the said works have been filed in the office of the Comptroller, and duplicates of such plans and specifications are now open to inspection in the office of the Water Recorder at Nelson.

Objections may be filed with the Comptroller at any time prior to the expiration of thirty days after the first publication of this notice. The date of the first publication of this notice is April 15, 1927.

**CRESTON RECLAMATION COMPANY, LTD.**  
By A. L. McQUILL, Agent.

Up to the first of May licenses have been issued at Creston for the operation of 180 autos and motor trucks.

**GRAPES**—For sale, Italian grape vine, fine and healthy, 50 cents per root, or reduced prices for quantities. S. Pascuzzo, Sirdar.

**FOR SALE**—Pony, harness, saddle, bridle, and rig; also pony cutter; \$80 for the whole outfit. Used very little. T. Leaman, Creston.

Mrs. W. Fisher and Mrs. Charile Armstrong were visitors with Nelson friends a few days the fore part of the week, leaving on Saturday.

R. A. Comfort has just had the telephone installed at Creston dairy and orders for milk and cream can be placed in advance of delivery.

H. S. McCreath has this week moved into the R. B. Staples residence on Victoria Avenue, which he purchased a couple of weeks ago.

Directors of the agricultural association have decided on a two-day fair this year, and it will be held Thursday and Friday, Sept. 29th and 30th.

Miss Marguerite Crawford left on Tuesday for Hanna, Alberta, near which town she will in charge of a school until the midsummer vacation.

Fred Smith has been named delegate from Trinity Church to the B.C. conference of the United Church which opens in Vancouver on the 15th of May.

Harold Lloyd in his sterling comedy, "For Heaven's Sake," will be seen at the Grand two nights, Friday and Saturday, 6th and 7th, at regular prices.

Mr. and Mrs. Martin have vacated the residence at the depot for the summer and are occupying the house on the Barton ranch, next the Premier garage.

Chas. Moore got away on Saturday to Ainsworth, where he will have charge of a crew of half a dozen men doing some mining survey work in that district.

Shoe repair shop at Canyon open for business. All work guaranteed or money refunded, and prompt service assured. Shop next to schoolhouse. J. W. Kwanzy.

Mrs. Lister's orchestra has been secured for the Rod and Gun Club dance on Tuesday evening, May 24th, which will be held in the Grand theatre ballroom.

Notwithstanding the prevailing financial stringency provincial police revenues at Creston for April totalled over \$1800, and of this amount \$1728 was for motor licenses.

Creston Dairy is doing its part to keep down the high cost of living. Milk prices have been reduced to 11 quarts for a dollar of the Holstein, and 8 quarts of Jersey.

During his stay in Creston Bishop Kidd of Calgary was a guest of Mr. and Mrs. A. Manuel. At Fernie the Sunday previous the bishop had a confirmation class of almost 200.

Under the new Taxation Act regulations 28 places of business outside the village have been registered for the new assessment. In town about 40 have received registration certificates.

Notices have gone out this week for the annual meeting of Creston Riding Liberal Association, which will be held at Nelson on Thursday evening next. C. F. Hayes is the retiring president.

Creston village commissioners meet in regular May session on Monday at which it is expected the necessary three readings will be given the by-law covering the electric light agreement with C. O. Rodgers.

Mrs. McGregor, a Dominion field secretary of the W.M.S., had a large turnout for the afternoon meeting she addressed in Trinity Church hall on Tuesday afternoon last. While here she was guest of Mrs. T. M. Edmondson.

A supply of spray machines and poison powder has been received at Creston and Mr. Denny, the entomologist in charge of this work, is expected in a few days to commence the work of ridding the Valley of potato bugs.

Carl Ambrose, a transient resident, was up before Magistrate Mallandaine on Thursday afternoon last on a charge of getting money under false pretences—on a cheque cashed after hours at the Pacific restaurant. He was remanded for eight days.

Chief Gammann of Nelson, who was returning to the city that day, took Ambrose to Nelson, to await his hearing on May 6th.

The May meeting of Creston and District Women's Institute will be held on Friday afternoon next, May 13th. With the removal of Mrs. R. B. Staples and Miss Scrimgeour there are two vacancies in the executive to be filled.

Rev. A. J. Doull, Bishop of Kootenay, will be here for an evening service on Tuesday, May 10th, at which he will administer the rite of confirmation to a class, mostly of adults, which has been prepared by the rector, Rev. S. Newby.

Creston Co-operative Fruit Exchange annual meeting on Thursday night was largely attended. J. M. Craigie and John Hall were elected directors for the three year term, and Jas. Compton will serve out balance of Jas. Adlard's term of two years.

Dong Barney, who has spent the past four months with his old tillicums at Cranbrook, returned to Creston at the end of the week. His hotel at McConnell has just been rented by Angelo Rizzuto of Cranbrook, who is applying for a beer parlor license for the premises.

Kelly's new drugstore will be house-warmed tonight (Friday) with a dance that is being put on by the ladies of the L.O.B.A. to which popular prices of admission of 75 cents to gentlemen and 50 cents to ladies will prevail, and no extra charge for supper. Dancing is at 9 o'clock.

Mrs. R. B. Staples and Alf. Palmer got a hurried call to Nelson on Thursday afternoon due the critical condition of their brother, Frank Palmer, who underwent a critical operation in the hospital in that city at the end of the week, and whose death occurred Saturday evening.

J. S. Clark, a well known mounted police constable who was on duty here up to about the time the post was closed, and who has been on the north patrol for the past three years, expects to leave Fort Simpson, N.W.T., about the end of the month, on his return to duty in central Alberta.

Before leaving for his new home at Penticton Clarence Staples was suitably remembered by the high school students who, on Friday, afternoon presented him with a Parker fountain pen and pencil set. He has been prominent in all the high school activities and will be missed by all the students.

Sunday inaugurated the usual four months of patrol work to cope with forest fires, with Geo. Huscroft in charge of the Creston Valley, with the title of assistant ranger. In fact George went to work six days ahead of time, a fire having to be taken care of in the timber at Lister early last week.

President Mallandaine is asking for a full turnout of board of trade members for the May meeting on Tuesday 10th, to get on with complete lining up of the board participation on the Confederation jubilee celebration. Now that D. T. Scrimgeour has departed a new secretary will have to be elected.

In connection with an essay writing contest on the subject, "Canadian Confederation," open to all high school pupils, announcement is just made that Clarence Staples has been awarded first place at Creston. This competition is being carried on across the Dominion with the intention of awarding a medal to the author of the best essay who is equally capable of delivering his literary production in the way of an address. Candidates are eliminated by inspectors and as young Staples appears to be winner for East Kootenay it is expected he will have to appear at Penticton at which point all the inspectorate winners in the interior will be heard and a candidate selected to compete against the winners from other grouped inspectorates in a final competition to secure the student to represent British Columbia in the all Canada competition.

## QUALITY FIRST then low price!

**But we never sacrifice quality to make low price!**

**You buy here with the confidence of securing merchandise of the highest quality at the lowest prices obtainable!**

All merchandise sold in this store is purchased by us on a quality basis first, at the lowest price obtainable for good quality.

And that means to our customers absolute satisfaction with every purchase.

Price is what you pay—SERVICE IS WHAT YOU GET. By sacrificing serviceability, prices can be made lower and lower. At Speer's serviceability is never sacrificed to make low price.

**HOW SPEER'S LOW PRICES ARE MADE AND QUALITY ALWAYS MAINTAINED.**

By being in a position to handle large quantities, by marking all purchases for cash, by having purchases made by trained buyers who are constantly in touch with the best markets; for quality merchandise at the lowest prices.

For twenty years—since 1906—we have sold merchandise that always IS WHAT IT SEEMS TO BE—merchandise that will stand your inspection and give you service long after the price is forgotten.

For twenty years we have done business with our customers in the full spirit of the Golden Rule, and trust by our methods of fair dealing, coupled with complete stocks of merchandise, to merit an increased share of your business for the future.
