THE CRESTON REVIEW

VOL. XIX. CRESTON, B. C., FRIDAY, JUNE10 , 1927 No. 17

May Report of Creston School

Division 1—H. McLellan, Principal.

Proficiency: Grade 8—John Blinco, Frank Crawford, Frank Byrne. Grade 7—Fay Pendry, Betty Speers, William Bayle.

Perfect attendance—Betty Speers, Hazel Hopwood, Frederick Alderson, Stella Herdman, Manuel Irving, Clemmatine Marshall, Beryl Nichol, William Bayle, Euphemia Fisher, Harry Ireland, Madeleine Moore, Jean McCreath, Aileen Spratt, Doro Spratt, Gwen Webster, Arthur Webster.

Division 2—Miss Ross, Teacher.

Grade 6: Proficiency—Tom Crawford. Improvement—Dorothea Macdonald. Writing—Dorothy Marshall, Pearl Spencer, Marjorie Learmonth. Grade 5: Proficienty—Herbert Dodd. Improvement—Elsie Spiers. Writing—Annie Ireland, Elsie Spiers.

Perfect attendance—HerbertCouling Minnie Downes, Jean Henderson, Sally Johnson, Frances Lewis, Dorothea Macdonald, Mary Malone, Dorothy Marshall, Andrew Miller, Frank Morrow, Arthur Speers, Jack Young, Roland Miller, Fanny Lewis, LeRoy Johnson, Elsa Willis.

Division 3—Miss Wade, Teacher.

Grade 5: Proficiency—Sarah Quinn, Jim Downes, Arthur Nichols. General improvement—Hazel Hopwood, Helen Johnson. Grade 4: Proficiency—Bert Morrow, Molly Moore, George Cullis. General improvement—Harold McLaren.

Perfect attendance—Hubert Beninger, Robert Dickson, Jim Downes, Sydney Fisher, Helen Hopwood, Mabel Johnson, Jack Johnston, Hesper Lewis, Norma Marshall Molly Moore, Bert Morrow, George Maxnell, Cameron Macdonald, Harold McLaren, Arthur Nichols, Sarah Quin, Douglas Spiers, Clifford York, Harry Johnson, Reitha Phillips, Daisy Trevelyan.

Division 4—Miss Holmes, Teacher.

Grade 3 Senior: Proficiency—Margaret Burnett. Improvement—Holger Johnson. Writing—Doris Bayle. Grade 3 Junior: Proficiency—Jean McLauchlan. Improvement—Arthur Dodd. Writing—Margaret Irving.

Perfect attendance—Douglas Alderson, Doris Bayle, Margaret Burnett, George Dodd, Clarence Embree, Ruth Hare, Margaret Henderson, Aileen Klingensmith, Stuart Spiers, Eleanor Spratt, Margaret Irving, Gerald Phillips.

Division 5—Miss Hardy, Teacher.

Grade 1 Junior: Proficiency—Doris Walters, Frank Herdman, Mary Ross. Writing—Doris Walters. Improvement—George Crawford. Grade 1 Senior: Proficiency—Doris Beninger, Elena Androsoff. Gordon Martin. Writing—Gordon Martin. Improvement—Charles Klingensmith. Grade 2 Junior: Proficiency—Lillian Staff, Edith Walkey, Ruth Davis. Writing—Edith Walkey. Improvement—Lillian Staff. Grade 2 Senior: Proficiency—Robert Willis, Ruth Spencer, Gladys Davies. Writing—Douglas McLauchlan. Improvement—Robert Willis.

Perfect attendance—Elena Androsoff, Doris Beninger, William Craig, Morley Burnett, Frank Herdman, Ernest Ireland, William Kernaghan, Charles Klingensmith, Thomas Lewis, Gordon Martin, Helen McCreath, Douglas McLauchlin, FrancisMcLauchlin, Beryl Palmer, Jean Ryckman, Jack Ross, Jessie Spratt, Lillian Staff, Vivian Walkey, William Weir, Doris Walters, Robert Willis, Eva Phillips, Norman Philips.

Lister

Miss Grace Rendall, a former teacher at Huscroft, now of Kitchener, was a weekend visitor with Mrs. Hobden.

Misses Blackwook and Grigor of Kimberley were other weekend visitors here, guests of Col. and Mrs. Lister.

A number from here were at Kitchener on Saturday night for the dance, the music for which was furnished by Mrs. Lister's orchestra.

Alf. Latolle arrived from Kimberley on Thursday last. He has given up his position there and left the following day for the country north of Revelstoke, where he will spend the next twelve months at least placer mining and trapping.

Rev. S. Newby had quite a good turnout for the English Church service on Sunday morning, which was preceded by a session of the Sunday school.

Principal Jenks has tendered his resigation to the trustee board and will not be returning after the midsummer vacation. He will be missed in the younger circle particularly, having taken a prominent part in the activities of the younger set.

Due to the inability to give adequate transportation it is likely Huscrof and Lister schools will unite for a Dominion Day celebration at the Huscroft recreation grounds on July 1st.

The government road crew has been at work in this section this week and has made a big improvement on the road past the Fred Powers ranch. On the road through the timber some widening out has been done and several turnouts built, which greatly facilitates travelling in that section.

The May report of Lister school shows those taking highest standing: Grade 8—Jack Bird. Grade 7—Peggy Smith, Billy Yerbury Wallace Sinclair. Grade 4—Leah Cannady. Grade 3—Frank Yerbury, Douglas McKee. Grade 1 Senior—Randall Smith, Kirk Beard. Grade 1 Junior—Douglas Sinclair, Cyrille Bird, Gladys McCullough. Perfect attendance—Jack Bird, Charlie Malthouse, Wallace Sinclair, Douglas Sinclair, Billy Yerbury, Gladys McCullough.

Sirdar

B. E. Whiteside, who is now running out of Cranbrook, spent the week-end with his family at Sirdar.

The wrecking crew from Cranbrook, as well as the McCabe B & B crew were called to the Landing on Sunday morning to handle a couple of cars of zinc concentrates that had been derailed on the slip.

Mrs. McCabe and Mrs. Cam were the tea hostesses on Saturday afternoon in aid of the community hall fund. Miss Evelyn Neil, Mrs. Cam's guest, favored with a number of musical selections, which made the affair all the more enjoyable.

The attention of the Alice Siding boosters particularly is directed to the fact that almost a quart of very fine strawberries were picked on the Santo Pascuzzo ranch on June 7th. C.P.R. agent Walthers expects express shipments to start from the Pascuzzo, North and Lombardo ranches by the middle of the month.

Mr. and Mrs. C. M. Goodman arrived from Cranbrook at the first of the week on a visit with their daughter, Mrs. Roy Proctor, and go from here to Nelson for a short visit with another daughter, Mrs. Frank Bamford, and at the end of the week will be departing for an extended holiday visit at points as far south as California.

A very disastrous fire for R. Dennes and C. M. Loasby occurred on Thursday evening last when both their autos and garages went up in smoke and are a complete loss. When the fire was first noticed it had, apparently, just got started in the Dennes garage but burned so fiercely in the oil and grease that it had spread to the Loasby garage by the time help arrived on the scene and had taken a grip that rendered it too dangerous to attempt a rescue of the car. Mr. Dennes loses a Ford and Mr. Loasby a Chevrolet which they had operated two and three seasons respectively and on which there was no insurance.

Penticton council has just enacted a bylaw prohibiting the putting in of any more gasoline pumps on the main street of that town.

The worst appears to be feared at Kaslo. The town council is to ask the attorney general to name a police magistrate for the town. The J.P. system is found inefficient.

Erickson

Eric Craigie spent a couple of days on a business visit at Cranbrook the latter part of the week.

Local rhubarb growers appear to have captured the Cranbrook and Kimberley market, as well as supplying some of the demand at Fernie. One day last week the output was very close to a ton.

Another carload of potatoes was loaded out at Erickson on Saturday. They were from the R. J. Long ranch, and were billed to a Lethbridge, Alberta, firm.

The new Kootenay Co-Operative Fruit & Produce Association is already doing business, Manager Van-Ackeran moving a quantity of spuds last week.

Mr. and Mrs. Ed. Martin and family spent the King's Birthday on a picnic party with some Creston people at Moyie Falls, near Bonners Ferry.

Rev. C. P. Young, a returned Presbyterian missionary, is announced to give an illustrated lecture on India at Erickson schoolhouse Friday evening, June 17th, at 8 o'clock, to which all are invited.

The Whirlwind Club will have a candidate in the popularity voting contest which will be the feature of the Confederation Jubilee celebration at Creston on Dominion Day.

Mrs. Heric and her sister, Mrs. Porter, left a few days ago by auto for Michigan, where they have been called due to illness of their brother. En route east they will pick up two other members of the family to accompany them.

Kitchener

R. R. Machum of the C.P.R. Natural Resources department, Calgary, was here on business, Tuesday.

Capt. F. J. Oatts, forestry officer, of Creston, visited the school on Wednesday, where he gave an address on forestry protection.

C. R. Paulsen, president os the Continental Lumber & Pole Company, arrived by motor on Tuesday from Spokane on a short business visit.

C. A. Sang of the Crystal Dairy, and Bert Sang, of Cranbrook, were motor callers on Wednesday. A. Corrie of the Western Wholesale, Fernie, was here on business the same day.

Alf. Speaker of Erickson was adance visitor on Saturday. Geo. Huscroft, forest fire patrol, was in town on official business, Monday.

Miss Grace Rendall spent the week-end with Huscroft friends, where she formerly taught school.

T. H. Booth of Fernie was a business caller on Saturday.

Dr. Henderson of Creston was making professional calls here on Sunday.

Mr. and Mrs. Carl Anderson and family, Mr. and Mrs. A. Simpson and son, Claude; Mr. and Mrs. L. Moland and family, Fred Smith, Omer Geroux and Fritz Molander were at Creston last Tuesday night for Chautauqua.

Mr. and Mrs. Bill Percival, of Yahk, and family, were motor callers on Saturday.

Miss Minnie Schnoor, Mrs. Bill Bann and H. Schnoor and M. H. Brogan, all of Yahk, were motor visitors. Friday.

Charles Bush returned on Monday from Spokane and reports Mrs. Bush recovering nicely from her operation

Louis Anderson, Claude Simpson and Lewis Simpson motored to Creston Friday, where the latter did the battery work for Canyon baseball team playing against Creston high school nine that afternoon.

Julius Galliard, who is working at Birchbank, was back for a Wednesday to Friday visit last week.

Mrs. N. P. Molander spent the weekend at Yahk, visiting her brother, arriving home on Sunday.

J. D. Brackett, Cranbrook Insurance agent, and Dr. Thompson of Yahk, were here on professional calls on Saturday. L. Singleton, a Nelson piano tuner, was another professional caller, Friday.

Joe Vernon, J. McGee, Bonners Ferry; T. Ball, J. H. Fleming, Porthill; D. Flynn, Chicago, were motor visitors here on Friday.

Norman Beech of Yahk spent the weekend here on a fishing trip, going back on Sunday.

Joe Lavergne made another trip to Cranbrook on Friday, where he was consulting Dr. Green. He got back on Saturday.

E. K. Holdsworth, J. Murdock, M. McDonald, all of Yahk, motored in on Saturday for the dance that night.

P. D. Thomas underwent an operation for appendicitis at Cranbrook hospital last week, and is reported doing nicely. Mrs. Thomas left on Sunday to be with him for a few days.

H. McLaren, provincial police, and Major Mallandaine of Creston, were here on a business visit, Friday.

J. Webster and family of Cranbrook were business callers Fridry. A. E. McMillan, Great West agent and A. W. Bruce of Vancouver, other business callers the following day.

Miss Vera McGonegal was a Creston visitor at the weekend, a guest of Mrs. Payne, getting back on Sunday.

Miss Helen McRobb, of Canyon, was here on a visit with friends on Wednesday last.

Miss Edith Geroux, Lewis Simpson and Clarence Devlin motored to Creston last Tuesday, for the closing night of Chautauqua.

The dance in Hunt's Hall on Saturday was a good one, attracting the best crowd of the season. Mrs. Lister's orchestra played, and Miss Minnie Schnoor, piano, and her brother the drums assisted. These latter two musicians are from Yahk. Yahk, Duck Creek, Creston, Erickson, Canyon and Porthill all sent delegations.

Wynndel

Inspector Manning favored Wynndel school with his semi-annual official call last week.

Mr. and Mrs. Gregg of Calgary, Alberta, arrived here last week, and will make their permanent home here in future.

Miss Edna Nichols of Creston was a weekend visitor here with Mrs. St. Denis.

Miss Severn and Elmer Ringheim were weekend visitors with the former's parents at Proctor.

A. C. McMillan and Mr. Bruce, representing the Great West Life Assurance Company, were business visitors here last week.

T. Dunseath of Yahk spent the weekend with the family at Wynndel.

Eric Wood was here from Kimberley for a weekend visit with his parents, Mr. and Mrs. Jas. Wood.

Mr. McGregor of Vancouver, who has been here supervising the final installations at the pre cooler, has left for home, the plant having had a successful tryout before his departure.

Raspberries and blackberries are coming into bloom and promise a heavy crop. The heat of the first few days of the week has brought the berries along nicely. Mrs. M. Hagen found the first ripe 1927 strawberry on Monday.

Rev. S. Newby will be here for morning Church of England service on Sunday, 12th, at 11 o'clock, with Sunday school at 10.15.

C. B. Twigg and Jas. Cook of Creston were visitors here one day at the first of the week, making an inspection of the pre cooler.

D. H. Jamieson, chiropractor, has opened for practice at Kaslo.

Kaslo board of trade inaugurated a successful business men's excursion from that town the country north of Kaslo last week.

Dominion Jubilee Plans Shaping Up

The executive of the Confederation Jubilee celebration had a well attended meeting on Tuesday night at which all the committees outlined their programmes for the day, and funds were allotted them in accordance with their requests. The finance committee announced receiving already about $600, and are quite hopeful that at least $400 can be gathered in.

It has been decided to make the occasion an afternoon affair, and will start off at one o'clock with a parade from town and on arrival at the grounds the singing and addresses will be given from a stand erected for the occasion, and then will follow at at least four hours af varied amusement.

For the sports committee M. R. Joyce submitted a draft of events that were approved. There include races for boys and girls under 12, 10 and 7 years as well as a sack race for each. For men there will be 100 yard dash, sack race, fat man's race, high, broad and hop step and jump, as well as a pillow fight and tug of war with eight men to a side. For the married women there will be a thread the needle race. There will be Scotch features in the highland fling and sword dance and prizes for the best boys and girls Scotch costumes.

The Indians will be featured in the parade and there will be Indian dancing, and prizes for the best dressed buck and squaw. Log rolling and chopping are on the list, as well as tilting the bucket and climbing the greasy pole, and there is a five-inning comedy baseball contest, married vs. single men.

The competition committee will will have a ladies' popularity voting contest in which it now seems assured there will be entries from The Wynndel Kill Kare Klub, Whirlwind Club, Canyon Ladies' Community Club and the Women's Institute and any other organization wishing to enter will be welcomed and they should phone or otherwise make their entry with Mrs. R. Stevens. Tickets at probably ten cents will be sold in the interests of each contestant and the ticket buyer in addition to having a vote for each ticket will also have a chance for a worth while prize that will be given the holder of the lucky ticket in a drawing contest which will be concluded late in the afternoon of the celebration.

Contributions may be made C. W. Allan at the Imperial Bank, E. J. Forbes at the Bank of Commerce, or Geo. Johnson at the P. Burns shop, and these are to be acknowledged later.

Kitchener School Report

For May Miss Rendall, principal of Kitchener school, has issued the following standings: Proficiency, Grade 4—Nettie Androsoff. Grade 5—Vera McGongal, Vivian Langlois. Grade 6—Richard Molander. Grade 8—Beatrice Molander, Claude Simpson. Perfect attendance—Ludwig Anderson, Clarence Anderson, Willard Blair, Wesley Blair, Vera McGonegal, Beatrice Molander, Richard Molander, Dennis Bush, Claude Simpson.

For Division 2 Miss Porter's report is as follows: Proficiency, Grade 8a—Hazel McGonegal, John Nelson, Celina Langlois. Grade 8—Laura Androsoff, Eva Arb. Grade 1a—Jack Langlois, Fred Androsoff. Grade 1b—Robert Johnson, Alta Blair. Perfect attendance—Frank Abar, Myrtle Anderson, Laura Androsoff, Elva Arb, Marie Arb, Charles Bush, Hazel McGonegal, Robert Johnson, Curt Anderson.

The Ellen Dow Junior Auxiliary of St. Stephen's Church are having a silver tea at the home of Mrs. S. A. Speers, 3 to 5.30 p.m., Saturday, June 18th.

The Girls Junior Guild of Christ Church are having a tea and sale of needlework and candy in the Parish Hall, Saturday, June 11th, to which all are invited.

WORLD HAPPENINGS BRIEFLY TOLD

Reports from the north side of the island of Jamaica said a heavy northerly storm had destroyed 25,000 banana trees.

Thirty-seven earth tremors were felt recently in Jugoslavia within 48 hours. Some lives were lost in panics caused by the quakes and considerable material damage was reported.

A memorial porch erected by the Canadian Women's Press Club to the memory of the late Col. George Ham, famous Canadian journalist, who founded the club has been unveiled at Whitby, Ont.

Canada's flag floated over the Canadian legation at Washington on Victoria Day. It was the first time that it was officially displayed in Washington, Hon. Vincent Massey, Canadian minister, having used the Union Jack on previous occasions.

Professor Hugh Edward Egerton, noted authority on British colonial history, is dead at Oxford at the age of 72. Professor Egerton was professor of colonial history at Oxford for 45 years. He was the author of many books on British Colonial policy and development.

The Twentieth Edition

McKim's Directory of Canadian Publications for 1927

The 1927 edition of McKim's Directory of Canadian Publications has just been issued and this publication no doubt, will be welcomed by national advertisers throughout Canada and the United States.

It is the twentieth edition—the first issue, having appeared in 1892 and it has been the endeavor of the publishers at all times to make each number more complete and more dependable than previous editions.

In fact, this directory is accepted generally as a reliable source of information on Canadian Publications and is regularly consulted for Canadian geographical and statistical particulars twelve months in the year.

The average man is more polite to people he never expects to meet again than to those whose friendship is really worth cultivating.

Heart Palpitation Dizzy, Sinking Spells

Mrs. M. A. Gagnon, Donatville, Alta., writes:—"Some time ago I was very nervous, could not sleep at night, often had dizzy, sinking spells and palpitation of the heart, and was so run down I could not do my housework, but just leave everything and sit down.

I spent a lot of money using medicine from the doctor, but it did not do me any good.

At last a friend told me to use MILBURN'S HEART AND NERVE PILLS and after using a couple of boxes I was not the same woman. I began to feel so much better, and after a few more boxes I was in perfect health. I always recommend them to all those I know who are suffering from heart trouble."

Price 50c. a box at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Extend Period Of Aviation Agreement

U.S. and Canadian Airmen Cross Border on Defined Conditions

The existing agreement between the United States and Canadian Governments by which aviators of either country may fly into the territory of the other under certain defined conditions has been extended until October 31. The extension of the agreement was accomplished by an exchange of notes between the State Department and the Canadian Legation.

The agreement has been in effect since 1922. It provides that when an American aviator desires to fly into Canada he shall give notice in advance to the secretary of the Canadian Air Board at Ottawa, giving the date of the proposed flight, the owner's name and address, the pilot's name and qualifications, type of machine to be used, the route and duration of the flight and the purpose for which it is to be undertaken. The procedure is the same for Canadian flyers desiring to visit the United States by air.

Made Remarkable Test

Sound of Human Heart Beat Amplified Ten Trillion Times

Washington.—The sound of a human heart beat was amplified ten trillion times before the American Medical association, meeting in convention here. This was the greatest sound amplification ever achieved in history.

In the Washington auditorium building, hundreds listened spellbound while sound, like a giant treading an empty hall, filled the entire structure. Out in the street, pedestrians paused, their ears alert to what sounded like distant cannon fire.

The main purpose of the devlopment of the instrument, an electric stethescope, was the treatment of heart diseases.

A POPULAR MANAGER

T. E. Chester, Manager, Hotel Saskatchewan, Regina. Mr. Chester entered the service of the Canadian Pacific at the Empress Hotel, Victoria. He had been assistant manager of the Royal Alexandra Hotel, Winnipeg, before coming to Regina.

Previous Atlantic Flights

Aviators Who Have Made Trip During Years 1919 to 1924

May, 1919 — The United States navy seaplane NC-4 flew from Newfoundland to Lisbon, Portugal, stopping at the Azores.

June, 1919—Captain Alcock and Lieut. Arthur W. Brown, British aviators, flew without stop from St. John's, Newfoundland, to Clifden, Ireland, 1,960 miles.

July, 1919—British airship R-3, flew from Scotland to New York and from New York to Fulham, England.

August, 1924 — The United States round the world fliers crossed from Scotland to Iceland to Greenland.

October 12, 15, 1924—The Zeppelin ZR-3, now the Los Angeles, was flown from Friedrichshafen, Germany, to Lakehurst, N.J.

Recalls Romance of Boer War

Woman Despatch Rider Who Married British Colonel is Dead

By the death of Mrs. Catherine Vaughan, widow of Col. A. Owen Vaughan, of Dinas Powis, near Cardiff, Wales, a remarkable romance of the Boer War is recalled. Mrs. Vaughan who was a relative of President Kruger, was a skilled horsewoman and acted as a dispatch rider for the Boers. Col. Vaughan, then leading a British force as a captain, was attacking a Boer post when the young Afrikander woman dashed out on horseback to bring aid to the besieged. As she refused to stop, Capt. Vaughan shot her horse and captured the dispatch rider, whom, to his surprise, he found to be a woman. The acquaintance thus made led later to marriage. Col. Vaughan, who was better known as "Owen Rhoscomyl," a noted Welsh historian and novelist, died eight years ago.

Not a "Vanishing Race"

Indian Population in Western Canada is About 35,000

From Ottawa comes the statement that the Indians are increasing in population. They are no longer a "vanishing race." In western Canada the total population today is about 35,000.

It is welcome news. We should wish the Indians well. These picturesque people form the genuinely native race of North America. Descendants of ancient nomads who most probably entered the Western Hemisphere from the Orient across the strip of land that has now parted to form the Bering Straits, the famous redskins deserve the kindly fate which civilization has reserved for them.

Lightning, instead of being flat and jagged, as it appears, really is spiral and wanders around and around in space before it exhausts itself or strikes something.

IS CHIEF CLERK

Fred S. Smith, chief clerk, Hotel Saskatchewan, Regina, has been promoted from the Royal Alexandra Hotel, Winnipeg. "Freddie" is reputed to know every man, woman, or child who has been a guest at that hotel.

SUNDAY SCHOOL LESSON

JUNE 5

PETER PREACHING TO GENTILES

Golden Text: "For there is no distinction between Jew and Greek, for the same Lord is Lord of all, and is rich unto all that call upon Him."—Romans 10:12.

Lesson: Acts, Chapters 10 and 11.

Devotional Reading: Psalm 67.1-7.

Explanations and Comments

1. How a Gentile Was Prepared for Discipleship, verses 1-8.—Cornelius was a Roman centurion in command at Caesarea. One night he had a vision in which an angel said to him, "Cornelius, thy prayers and thine alms have gone up for a memorial before God."

Then the angel bade Cornelius to send to Joppa for Peter, who was staying with Simon the tanner by the seaside. Cornelius was a Gentile, and Jews would not enter the homes of Gentiles. Yet Cornelius obeyed the command. He called two of his household servants and one of his soldiers, explained to them his vision, and sent them to Joppa.

"Great thoughts are in the air for those who are open-minded; noble impulses crowd the highways for those who are ready to receive and act upon them." — Hamilton Wright Mabie.

No Asthma Remedy Like It. Dr. J. D. Kellogg's Asthma Remedy is distinctly different from other so-called remedies. Were this not so it would not have continued its great work of relief until known from ocean to ocean for its wonderful value. Kellogg's the foremost and best of all asthma remedies, stands upon a reputation founded in the hearts of thousands who have known its benefit.

Many a man who thinks that he thinks has a wife who does all his thinking.

Peevish, pale, restless, and sickly children owe their condition to worms. Mother Graves' Worm Exterminator will relieve them and restore health.

Not a Judge

"You say the prisoner had been drinking?" said his worship to the policeman who was giving evidence. "Drinking what?" "Whisky, I think," replied the constable. "You think," stormed his worship. "Don't you know the smell of whiskey? Aren't you a judge?" Came the reply: "No; I'm only a policeman."

"THE SASKATCHEWAN," REGINA'S NEW C. P. R. HOTEL

Exterior of the new Canadian Pacific Hotel, at Regina, "The Saskatchewan," which was opened on May 24th

Unusual Insurance Policy

A $250,000 smile adorns the face of Fay Marbe, an American actress now playing here. In what is believed to be the first transaction of its kind, the actress has insured her smile for this amount with a British company. The policy provides that the insurance shall be collectable if at any time within the next ten years her smile loses its charm because of accident or illness. The amount of the premium was not disclosed.

Corns disappear when treated with Holloway's Corn Remover without leaving a scar.

Prefers Coffee to Bone

Sunday, a Boston terrier, owned by Allen Burdick, of the Police Department at New Canaan, Conn., is a genuine "coffee hound." He must have his coffee in a cup with a little sugar before he will consider even the most tempting bone.

Minard's Liniment for insect bites.

Research Laboratory at Lacombe

A research laboratory is to be established this year at Lacombe, for the purpose of making a survey of plant problems within the province.

Cuts and Bruises Disappear.—When suffering from cuts, scratches, bruises, sprains, sore throat or chest and any similar ailment, use Dr. Thomas' Eclectric Oil. Its healing power is well-known in every section of the community. A bottle of Dr. Thomas' Eclectric Oil should be in every medicine chest ready for the emergencies that may always be anticipated.

Coyotes will hunt silently for hours for field mice, a park naturalist in the West says.

No Time to Hunt
For a Doctor when seized with Cramps, Colic or Diarrhoea. Get safe and quick relief from
Chamberlain's Colic & Diarrhoea Remedy

Saskatchewan Egg Pool

It is announced that the new Saskatchewan egg pool, started April 16th, is to be a storage pool. A certain proportion of the eggs received in the pool will be placed in storage and the final payment will not be made until all the eggs have been sold. Members shipping to this pool will receive a statement showing the exact number of eggs shipped by them in the pool when the cut-off is made in six or eight weeks.

Stockyards For Saskatoon

The Edmonton Stockyards, Limited, have secured an option from the City of Saskatoon on 22 acres of land on Canadian Pacific Railway lines. The stockyards are expected to be in operation by the end of August.

A BROKEN DOWN SYSTEM.

This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness—a break-down, as it were, of the vital forces that sustain the system. No matter what may be its causes (they are almost numberless), its symptoms are much the same; the more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what alone is absolutely essential in all such cases is increased vitality—vigour, vital strength and energy to throw off these morbid feelings, and as night succeeds the day this may be more certainly secured by a course of

THE NEW FRENCH REMEDY. THERAPION No. 3

than by any other known combination. So surely as it is taken in accordance with the directions accompanying it, will the shattered health be restored

THE EXPIRING LAMP OF LIFE LIGHTED UP AFRESH,

and a new existence imparted in place of what had so lately seemed worn-out, used up, and valueless. This wonderful medicament is suitable for all ages, constitutions and conditions, in either sex; and it is difficult to imagine a disease or derangement whose main feature is weakness, that will not be speedily and permanently overcome by this recuperative essence, which is destined to cast into oblivion everything that had preceded it for this wide-spread & numerous class of human ailments. Sold by leading Chemists. Price in England 3s. ... Dr. LeClerc Med. Co., Haverstock Rd., N.W.3, London

Sample Each Free by Mail. Address Canadian Depot: "Stenhouse, Ltd., Montreal." Price, Soap 25c. Ointment 25 and 60c. Talcum 25c.
Cuticura Shaving Stick 25c.

Italy Has Air Traffic Police

Will Use Same Signals as for Ground Traffic

Red traffic signal lights will soon gleam in Italy's azure skies from the machines of the aerial police force recently established by Premier Mussolini. Just as the crimson lights in the streets of American cities cause automibiles to halt, so those of Italy's sky policemen will tell aerial wayfarers to check their courses by landing as soon as nearby conditions permit.

Besides carrying lights, the aerial policemen, under the regulations being drawn up by the Minister of Aeronautics and Interior, will be identified by flying a large yellow flag and having a broad yellow stripe painted across the wings of their planes, which will be military or built after a special police pattern intended to assure great mobility and capability of manoeuvring.

The traffic function of the air police, at least for the time being is avowed secondary to that of providing political policing in time of peace and a military reserve for a time of threatened war, since the unusual flying conditions afforded unusual flying conditions afforded train excellent battle pilots.

Squadrons of police machines will be stationed near the zones in various parts of Italy over which, for political or military reasons, all planes are forbidden to pass. They will also assist the Fascist militiamen in frontier policing, especially in preventing persons leaving Italy without authorization.

Had Wonderful Collection

Known as the "Butterfly King" because of his hobby of collecting butterflies and moths, Albert E. Burton, a railway porter, recently died at Worthing, England. He left a collection of nearly 5,000 insects gathered from all parts of the world and arranged in artistic designs. The collection is considered to be one of the finest known.

Sand grouse, inhabitants of the desert areas, carry water to their young by soaking their feathers and then, after flying home, letting the chicks quench their thirst with this moisture.

YOUNG WOMEN SUFFER MOST

These Two Found Relief by Taking Lydia E. Pinkham's Vegetable Compound

Ayer's Cliff, Quebec. — "I have been teaching for three years, and at the end of the year I always feel tired and have no appetite. I was awful sick each month, too, having pains in my back until sometimes I was obliged to stop working. A friend recommended Lydia E. Pinkham's Vegetable Compound to me and I heard many women telling how good it was so I thought it would help me. And it did. Now I take six bottles every year and recommend it to others." — DONALDA FANTEUX, Ayer's Cliff, Quebec.

"Unable to Work"

Canning, Nova Scotia. — "I had irregular periods and great suffering at those times, the pains causing vomiting and fainting. I was teaching school and often for some hours I would be unable to attend to my work. Through an advertisement in the papers I knew of Lydia E. Pinkham's Vegetable Compound, and it has been of great benefit to me, the troubles being completely relieved." —LAURA J. EATON, Canning, King's County, Nova Scotia.

Seek Data on Kish-Dwellers

Supposed to be People Who Constructed First City Built After Flood

One of the most alluring problems of archeology—the origin and history of the ancient Sumerians, a round-headed, non-Semitic people who are credited with constructing Kish, believed to be the first city built after the great flood—may be solved next year by members of the Field Museum-Oxford University joint expedition into Mesopotamia.

This has been predicted by D. C. Davies, director of the Field Museum, in a statement telling of the expedition's achievements in archaeological discoveries during the past five years.

Twenty-five feet under a Sumerian temple, the party discovered the ruins of ancient Sumerian construction, built of brick, as well as ancient sculptures and painted pottery. For five years the expedition has labored under the burning Mesopotamian sun, in search of historical remains of the mighty kings of Kish, who guided the destinies of the earliest known civilization.

Next year, the excavators hope to make a thorough search beneath the temple to find authentic records of the Sumerians.

Work of Colonization Associations

Expect to Locate 2,000 Families in West This Spring

April was the record month of the Canada Colonization Association when 119 families were settled upon 29,932 acres of land in the Prairie Provinces. This followed the previous best in March when 78 families were placed upon 18,105 acres. Altogether in the first four months of 1927 some 259 immigrant families have been placed on 68,095 acres of land, previously idle, almost equally in the provinces of Manitoba, Saskatchewan and Alberta. By June 1st it is expected that there will be 2,000 families on 500,000 acres of land in Western Canada wards of the Association. As families average 5.7 individuals to the family this will mean the satisfactory farm placement of about 11,000 persons through the efforts of the Association.

Could Not Disclose Secret

Pioneer Mind Reader Unable to Explain Strange Power

Anna Eva Fay, pioneer mind reader of the stage, is dead. And the secret by means of which for nearly half a century she puzzled theatre audiences, kings, queens, men of letters and psychologists, goes with her to the grave. She died at her home in Melrose, Mass. When the eyes of the aged woman closed for the last time she still had withheld explanation of how she had been able to tell her patrons and acquaintances with baffling accuracy time and again what was going on in their minds. She insisted that she herself didn't know how she did it.

Immigration From Holland

A steady increase of immigration from Holland into Canada and a steady flow of capital from that country into the Dominion were predicted by F. M. Wachter, Managing Director of the United Trans-Atlantic Mortgage Co., of Rotterdam, on the occasion of a business visit to Calgary. His firm has about $10,000,000 invested in Canada.

Game Fish Hatchery

Besides the game fish hatchery which will be established by the Dominion Government in the Waterton Lakes district in Southern Alberta, a commercial fish hatchery will be established in the north. The latter will also handle certain species of game fish suitable to lake waters.

Throw on the emergency brake when you find yourself talking too much.

Might Have Had Millions

Prospector Sold Rich Gold Mine in Australia for Thirty-five Pounds

Death has occurred at Port Adelaide, Australia, of a Fraserburgh native, James Henderson Cranna, who but for the irony of fate might have possessed world-famous gold mines.

In the early sixties he and Dan O'Leary, an adventurous Irishman, located the goldfields of Mount Morgan, Queensland, but owing to financial straits sold out for £35. The mines have since produced £20,000,000 worth of the precious metal.

Cranna at 17 sailed for Australia in the 901 ton barque Scotia.

At Durban the crew were arrested on suspicion of smuggling and thrown into jail.

They received compensation for false imprisonment from the Natal authorities.

In 1861 they got to Australia and made for the bush, where they were lost for five days. The broiling sun caused such intense thirst that they killed opossums and drank their blood.

After giving up hope they struck the Murray River, which meant life and civilization.

While bullock driving Cranna met O'Leary and they were the first to cross the continent of Australia from side to side in quest of gold, amid innumerable risks from water famine and murderous natives.

They located many fields which have since become the richest in the world, but always sold out for paltry sums to raise money, even selling their belongings for food.

Sixth Trip Around World

Miss Benham Has Accomplished Much of Travel on Foot

An astonishing record has been made by Miss G. E. Benham, who has just left Hong-Kong on her sixth trip round the world.

As much as possible of her travel is accomplished on foot, and she has now traversed tens of thousands of miles.

"I think I hold a record as the first world traveller who has not written a book on my experiences," she said.

"The more people travel the less they write, and the less they travel the more they seem to enlarge on it!"

Miss Benham is collecting rare flowers. Climbing the Himalayas in search of specimens, she obtained over 11,000. But when she descended to the plains they were nearly all ruined by the change of atmosphere.

Three times has she crossed Central Africa, and once climbed Kilimonjaro, Africa's loftiest peak. (19,710 feet.)

Lions and leopards have been unpleasantly near to her tent, and more than once her bearers deserted her.

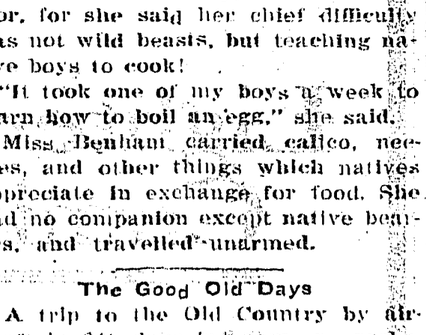
She has, fortunately, a sense of humor, for she said her chief difficulty was not wild beasts, but teaching native boys to cook!

"It took one of my boys a week to learn how to boil an egg," she said.

Miss Benham carried calico, needles, and other things which natives appreciate in exchange for food. She had no companion except native bearers, and travelled unarmed.

The Good Old Days

A trip to the Old Country by aircraft in 2½ days is now a probability; one can talk on the telephone and see the party at the other end of the line, hundreds of miles away; the best music in the world can be picked out of the air by the mysterious device known as the radio, and messages are sent into remote regions by the same means; disease is being conquered, and labor lightened by machinery — and still they talk of "The good old days."
Farmer's Advocate.



Continues to Hold Record

Hen on B.C. University Farm Pays Well For Her Keep

That eminent representative of the White Leghorn family, popularly known as "Maizie," but officially designated as "Hen 6," on the roster of the University of British Columbia Farm, continue to merit and receive the approbation of the public. She is the gifted producer of 351 eggs in 365 days, a world record, and the output of her genius sold so far has brought to the farm $1,625, while reservations totalling $1,275 are on the books.

Maizie presides over the world record pen, having for her associates four other hens, each of which has conferred on civilization at least 300 eggs in a year. The eggs with which they reward their protectors fetch from $5 to $10 each, and descendants of the occupants of the pen are domiciled in all parts of the Dominion, and the United States, engaged in the upbuilding of the poultry industry.

Suburban chicken raisers should give their attention to Maizie and her compeers. A few performers of her capacity would soon lift the second mortgage, and she costs no more to feed than the veriest loafer in the poultry yard.

BABY'S OWN TABLETS HELP A PRIZE WINNER

Baby's Own Tablets are without an equal for little ones. From the newborn babe to the growing child they are an absolute safeguard to health. Once a mother has used them she will use nothing else. Thousands of mothers always keep them on hand.

Among the mothers who state that Baby's Own Tablets are the best medicine for little ones that they know of is Mrs. Russell Hill, of Norwood, Ont. Her experience with the Tablets should be of great benefit to any mother who has not already given the Tablets a trial. Mrs. Hill says:—"I have five fine healthy children, and from the youngest to the oldest they get no other medicine but Baby's Own Tablets. When our baby girl was eleven months old she won second prize at the Norwood Fair, and when she was a year older she won first prize in competition with twenty-eight other babies. It was the Tablets that gave her the health and development to carry off these prizes. I always delight in telling other mothers what the Tablets have done for my children."

Baby's Own Tablets are sold by medicine dealers, or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Honoring the Spirit of the Pioneers

Spirit of Romance and Adventure Should Always Remain

One portion of Lord Willingdon's speech in reply to the civic address of welcome that met with a warm response in Calgary, was his reference to the pioneers.

"You speak of this city," he said "as having been in the past, one of the frontiers of romance and adventure, and you say that it has happily not yet lost its distinctive features. I trust it never will, for however conditions may change, it is always well that the romance and adventure of the past should remain with you, and that you should always keep in mind those early pioneers who laid the foundations of your great and increasing development."

Calgary appreciates the sentiments uttered by His Excellency. Happily we have many of the pioneers of Alberta with us. This city does not neglect them. It holds them in respect and affection. They still play their important part in all activities that may contribute to the furthering of the welfare of the city. Indeed, they look upon the city — as they have the right to—as their child, and their fostering care and interest still surround it.

They have witnessed its growth from birth and through all the anxieties and setbacks of youth to its present maturity and assured position. They can have a special pride in the city that they founded. But the younger citizens now more actively carrying the burden are not disposed to dispense with their advice and their co-operation. The Herald knows of no city in Canada, where youth and age more unitedly or more enthusiastically work together for their home city, the latter for the city which they helped to create, the former for the city which they are striving to make the finest possible memorial to the brave spirit of the pioneers who founded and nourished it. Calgary Herald.

TORONTO, CAN.

Little Helps For This Week

If thou draw out thy soul to the hungry, and satisfy the afflicted soul; then shall thy light rise in obscurity, and thy darkness be as the noonday; and the Lord shall guide thee continually.—Isaiah lviii. 10, 11.

Seldom can the heart be lonely,
Seldom can the heart be lonely,
Self-forgetting, seeking only
Emptier cups of love to fill.
—Frances Ridley Havergal.

In shutting none out of our sympathy, in the willingness to help all and to be helped by all, we are here beginning like children to climb the foot-hills that lead to immortality. The self-absorbed, the unsympathetic, the unloving have lost their way, and are on the downward path; no light from the eternal life is reflected from their faces.—Lucy Larcom.

Big Land Purchase

The purchase of 1,920 acres of land for about $60,000 for settlement by a party of Northern Europeans has been put through by the Canada Colonization Association. Situated nine miles east of Yorkton, Saskatchewan, this piece of land will be farmed by five families of twenty-five persons. The settlers are all trained agriculturists and are taking possession at once.

THE CRESTON REVIEW

Issued every Friday at Creston, B.C.
Subscription: $2.50 a year in advance.
$3.00 to U.S. points.

C. F. HAYES, Editor and Owner.

CRESTON, B.C., FRIDAY, JUNE 10

Quits Bank for Farm

The finest kind of evidence that there is money in owning as well as farming the dyked lands of the Kootenay Valley is furnished by our old friend, F. A. Shultis, for the past fifteen years manager of the First National Bank at Bonners Ferry, who gave up that position at the first of June in order to be entirely free to supervise the cultivation of a couple of hundred acres that he owns in at least three of the dyked areas on the Idaho side.

Personally, as well as through the bank, in which he is a heavy shareholder, no one has done more to establish confidence in the possibilities of these reclaimed lands, and in getting the local project as far along as it is Creston Reclamation Company is to some extent indebted to Mr. Shultis for the optimism he has always displayed toward such projects when discussing the Canadian undertaking with engineers from both the provincial and federal governments who have visited Bonners Ferry on investigational work.

If Valley citizens generally will copy the splendid example of Bonners Ferry people when it comes to backing the Creston dyking project there can be no doubt as to its success.

High Water Marks

As a topic of popular discussion the possibilities of high water ranks a very close second with the old standby, the weather. As the most effective way to convert one to or against the flood water theory appears to be to recall some previous year on a par with 1927 to date, the Review may be of some assistance to the prognostigators by quoting from the official records kept at Bonners Ferry and which show that a rise of 32.7 was shown in 1916, with the peak flood at June 22nd. The latest peak of the flood date appears to be July 6, 1920, when a crest of 23.5 was shown. June 5, 1913 with a raise of 29.6 feet, and May 24, 1925, with raise to 29.4 constitute the two highest periods outside of the abnormally high water in 1916, since the year 1910.

1915 high water appears to have been the lowest recorded in the past sixteen years, touching only 15.8 feet, and 1912 with a raise to 17.9 feet appears to have been the year of the second lowest rise in the sixteen year period.

1911 would appear to have been an unusually early season as the highest water was noted on May 17, with 1912 showing the same condition at May 18. In the sixteen year period May experienced the peak flood in five years; June had it ten years, and July one year, 1920.

Methods Political

Polling takes place today (Thursday) in North Okanagan in a provincial bye election that is attracting a whole lot of attention that is not apparent on the surface.

The vacancy is caused by the death of Arthur O Cochrane, Conservative, and the riding, though nominally Conservative, had Liberal reptesentation from 1916 till 1924.

Chief interest in the outcome centres in the charges made at the last session of the legislature regarding campaign funds and how they are accumulated and disbursed.

Three royal commissions were named to investigate three phases of this matter. Two have already made interim reports and both the administration and the ministers implicated got clean bills of health.

As the North Okanagan contest is the first chance electors have had to express an opinion in this connection, as well as on the general conduct of affairs, this vote is particularly interesting, and coming, as it does, in a riding where the parties appear to be waging war on pretty much an even footing.

In connection with the muck raking done in discussing the campaign fund charges in the legislature Conservatives are not exactly a unit in approving of such tactics. W. J. Bowser, K.C., former leader of the Comservative party, let his party thoroughly understand this at a recent meeting in the Victoria chamber of commerce. He said: "It may have been that if I had been in the ranks of the opposition during the last session that certain things would not have taken place that did take place. If the Conservative party had more of a development policy, and less of muckraking and mudslinging our party would now be in better shape. The day for royal commissions has gone. What people want is a sensible policy that will develop our country and keep at home our boys and girls."

Canyon City

Word has just come of the addition of another son to the family of Bill Strong, who is now resident at Coaldale, in Southern Alberta.

Mrs. Wearmouth is just back from a three weeks' visit with her daughter, Mrs. Walde, at Fernie.

A. Bedry, a one-time resident of Creston, is now the owner of the Geo. Strong place here. The deal was closed at the and of the week, the purchaser taking immediate possession.

The senior school pupils of Canyon and Kitchener combined for a baseball match with Cresnon high school nine at Creston on Friday last, but came out on the short end of 10 to 8 score.

Canyon was well churched on Sunday, Rev. J. Herdman taking the United service at the usual afternoon hour, and was followed by Rev. S. Newby, with an English Church service.

The United Church Mission Band and Comrades of the Way observed the King's birthday with a hike into the hills at the Lyon ranch. There was a large turnout and the day was thoroughly appreciated, with Jeff. Knott in charge of affairs.

John Johnson, Leonard Olsen and Manford and Arvid Samuelson have closed a log sawing contract with Putnam, Palmer & Staples, Limited, in their recent purchase of standing timber in the former Alexander limits at Lister. They commenced log cutting this week, as the mill will be starting up in July.

Announcement is made here this week that J. E. VanAckeran has resigned as secretary of Creston Co-Operative Fruit Exchange, and has accepted the position of sales manager with the newly-arganized Kootenay Co-Operative Fruit & Produce Association.

In their recent sad bereavement Mr. and Mrs. Samuelson were deeply touched by the many floral remembrances to which the following contributed: School, Sunday School, Ladies' Aid, F. Rosen, Mr. and Mrs. Humble, Mr. and Mrs. R. Hurl, Mr. and Mrs. A. Spencer, Mr. and Mrs. J. Bateman, Mr. and Mrs. T. Hickey, Mr. and Mrs. Gartland, Mr. and Mrs. Larson, Mr. and Mrs. J. Johnson, Mr. and Mrs. Berggren, Mr. and Mrs. Knott, Mr. and Mrs. Wood, Mr. and Mrs. Wickholm, Mr. and Mrs. Kolthammer, Mr. and Mrs. Nygard, Mr. and Mrs. R. Browell Mr. and Mrs. A. Wesling, Mr. and Mrs. L. Olsen, Mr. and Mrs. W. Searle, Mr. and Mrs. C. O. Rodgers, Mr. and Mrs. Edland, Mr. and Mrs. J. Vance, Mr. and Mrs. M. Clayton, Mr. and Mrs. VanAckeran, Mr. and Mrs. E. Langston, Mr. and Mrs. A. Halstead, Mr. and Mrs. Noguier, Mr. and Mrs. A. Nelson, Mr. and Mrs. Hellekler, Mr. and Mrs. Bond, Mr. and Mrs. McRobb, Mr. and Mrs. W. Truscott, Mr. and Mrs. R. Dalbom, Mr. and Mrs. O. Holmes, Wardner, O. Johnson, Bessie Hurl, Mrs. and Lily Cook, Mrs. Demers, Mrs. and Miss Cross, Holly Bond, Eleanor Blair, Mabel Abbott, Vera Lister Thelme Vance, Kathleen Clayton, Martin Nelson, John and Babe Spencer Misses Mary and Marion Richmond, Cranbrook; Family, Mr. and Mrs. A. Abbot, Helen and June Browell, Ruth and Elsie Clayton, Helen, Agnes and Walter Johnson, Mrs. Lowerson, Signe and Helga Neison, Ethel and Harry VanAckeran.

The Miner complains bitterly of the wanton destruction of things around the community playground and skating rink by the younger set at Rossland.

The Vernon creamery disbursed $15,000 to its patrons for cream supplied during April.

Vernon's new restaurant, the National Cafe, has seating capacity for 100 guests. It cost $25,000.

Local and Personal

The directors of the newly organized Kootenay Co Operative Fruit and Produce Association announce the appointment of J. E. VanAckeran as manager for 1927, who takes over the work immediately.

John Bowman, who has been cashier at the Imperial Bank for almost the past two years, has resigned that position, and is now district manager at Creston for the Monarch Life Assurance Company.

Mrs. H. S. McCreath is confined to her room at present recovering from the effects of a fall down cellar which she sustained on Tuesday evening. Her injuries while quite painful are, forunately, not serious.

Financial contributions to the Confederation Jubilee celebration are coming in much more liberally this week, and it now looks as if there would be $400 available to assure a worth while observance of the day.

Mr. Winchcomb of Lethbridge arrived at the end of the week to join the staff at the the French barber shop. He is accompanied by his wife and they are at present occupying the Cherrington cottage on Hillside Road.

The June meeting of Creston Board of Trade is called for Tuesday night, and all members should be on hand as resolutions are to be drafted for presentation at the Associated Board's meeting at Trail toward the end of the month.

C. A. Sang, manager of the Crystal Dairy, Cranbrook, was in the district at the end of the week, interviewing some of the ranchers in an effort to increase the cream supply received from Creston. Mr. Sang guarantees top price and prompt payments.

The village council meets in June session on Monday night. Now the electric light agreement has been ratified by the munical authorities at Victoria it is expected action will be taken to get on with the erection of the pole line, which is to be put in by the village.

The usual fifteen cents per head bounty has already been collected on 961 crows, practically all of which were the slaughter of local indians. This accounts for an expenditure of $150. As business has just commenced to brisk up, June promises to account for at least double that outgo.

Joe Vernon of Bonners Ferry, the state engineer supervising dykes in the Kootenay valley on the Idaho side, was a Creston visitor on Friday. He has approximately fifty miles of dykes under observation this season all of which are holding well and he is not looking for any trouble with the expected high water of 1927.

R. B. Staples was a Monday and Tuesday visitor here, coming in from Kelowna at the first of the week. He states that Okanagan points are going in quite strong for tobacco again this year, with prospects of at least 650 acres being planted to it in 1927. Kelowna district will have over 1000 acres of tomatoes.

At the Creston riding Liberal convention at Nelson on Thursday night last it was decided to adjourn until September before nominating a candidate. During the summer an organizer will be at work in the constitutency and everything put in shape for starting educational work once the standard berarer is named.

Chas. Moore got back on Friday from Wynndel where he has been surveying for Jas. Jauncey who has this spring made sales of seven, five and two acre tracts to prairie buyers. Mr. Moore states that if the 1927 rush to set out strawberries is maintained for the next two years the pre cooler at that point will need to be enlarged to handle the 1930 berry crop.

R. H. Gale, of Vancouver, the Liberal candidate in West Kootenay last September, is expected to reach Creston today (Thursday) for a two day stay familiarizing himself with the Reclamation Company's dyking plans and will then proceed to Ottawa to straigthen out some details that are holding up the letting of the contract for this important work. He will take part in the opening ceremonies at the pre cooling plant at Wynndel tonight.

Trinity United Church Ladies' Aid are having an ice cream social and a varied programme of entertainment, including the Maypole, outdoor sports and musical numbers at an opening of R. A. Comfort's new barn on Wednesday evening, June 15th, commencing at 8 o'clock. Lunch in every style will be served. Free transportation will be provided from the postoffice corner. Silver collection.

The Committee of Direction under the Fruit Marketing Act will have its headquarters at Kelowna. Vernon is very sore at being overlooked.

F. A. Shultis, for many years president and manager of the First National Bank at Bonners Ferry, has resigned that position to devote all his time to looking after farming several hundred acres he owns in the dyked areas in Idaho.

Mr. FRUIT GROWER

Don't you think it would be good business to have your APPLE BOXES and APPLE CRATES delivered NOW, so as to avoid the rush later on?

For orders placed before August 1st we will date the invoice August 1st, payment 60 days nett, or 2% discount 10 days from August 1st.

NAVIGABLE WATERS' PROTECTION ACT
R.S.C. Chapter 118

The Creston Reclamation Company, Limited, hereby gives notice that they have, under Section 7 of the said Act, deposited with the Minister of Public Works at Ottawa, and in the office of the District Registrar of the Land Registry District of Kootenay, at Nelson, B.C., a description of the site and plans of Unit No. 1 for the Reclamation of the Kootenay Flats near Creston, B.C., proposed to be built by them.

And take notice that after the expiration of one month from the date of the first publication of this notice the Creston Reclamation Company, Limited, will, under Section 7 of the said Act, apply to the Minister of Public Works at his office in the City of Ottawa, for the approval of the said site and plans, and for leave to construct the said Reclamation works.

Dated at Creston, B.C., this 28th day of May, 1927.

CRESTON RECLAMATION COMPANY, Limited.
Per A. L. McCULLOCH, Agent.
Date of first publication is June 10, 1927.

GOVERNMENT LIQUOR ACT

Notice of Application for Consent to Transfer of Beer License

Notice is hereby given that on the 10th day of June next, the undersigned intends to apply to the Liquor Control Board for consent of transfer of Beer License No. 602, issued in respect of premises being part of building known as the Northern Hotel, situate at Salmo, British Columbia, upon the lands described as Lots 5 and 6, Block 4, Salmo Townsite, Map 622, Nelson Land Registration District, in the Province of British Columbia, from Albert Gibbon and Douglas Gibbon to Ernest John Summers of Salmo, British Columbia, transferee.

Dated at Salmo, B.C., this 3rd day of May, 1927.

ERNEST JOHN SUMMERS.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10. per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

After long tests we are convinced *Aluminum* is the best container for tea.

RED ROSE TEA "is good tea"

104

Now packed only in *Aluminum*.

The Other Fellow's Viewpoint

In this year of Canada's Diamond Jubilee, when the thoughts of its people are being turned backward sixty years and they contemplate the truly marvellous change that has taken place, one great lesson, and the outstanding achievement of Confederation, stands out pre-eminently. A review of the years clearly demonstrates that Canada's material growth and development have been made possible because, to an ever increasing extent as the years have passed, the people of the Dominion having cultivated a spirit of good-will toward each other.

Confederation had many obstacles to remove, many difficulties to overcome, physical, geographical, financial, but the one problem that had to be solved, and failing which all others could not be surmounted, was to achieve a union of the two races, French and English speaking, to create a feeling of respect and toleration for each other on the part of Roman Catholic and Protestant. To a large extent this has been accomplished, and to it Canada today owes its strength and prosperity.

The citizenship of Canada can render no more fitting or valuable service to their country, can make no greater Jubilee contribution to its welfare and progress, than to further develop this spirit of tolerance and good-will. Only by so doing can peace be maintained and strife eliminated from our midst; only so can effective co-operation be maintained; in the maintenance and development of such relations alone can be found the essentials of a true national spirit.

Studying conditions in other countries, one is happy to note in Canada today an absence of those suspicions, bitter feelings, and lack of appreciation of the opinions of others, which appear rather general in other lands. This is not to say there is an entire absence of such animosities in Canada. They do prevail to some extent, but the better, nobler, loftier aims of mankind are uppermost.

For example, if the Russian people desire a communist form of government, that is their own business and Canada and Britain have no desire to interfere. But Russia should display the same attitude towards other countries, and not try to subvert the citizens of friendly countries from loyalty to their respective governments. The disclosures that Russia is using the diplomatic immunity accorded her representatives by other countries in an endeavor to overthrow their forms of government is revolting to every sense of decency and fairplay.

While deploring some of the methods adopted to promote national feeling in China, one cannot but sympathize with the aspirations of the Chinese people. Foreign fights must be respected in China as in other countries, but there should be no interference in China's right to itself determine its national life and forms of government. One can perhaps better appreciate and sympathize with the Chinese viewpoint if we could visualize Buddhist priests establishing missions throughout Western Canada and opening Sunday schools to teach our children the tenets of the Buddhist religion. Would the Christian churches of Canada acquiesce in this?

Or imagine, whole sections of Vancouver, Victoria, and other cities set aside as Chinese or Japanese concessions wherein their laws governed and their trade was supreme. Would Canadians accept such a state of affairs? Rather, do we not even object to individual Chinese and Japanese competing on even terms with our own people?

Reference is made to these rather strong cases, not to pass judgment in regard to them, but to point the moral of this article, viz., that what is needed in the world today is more sympathy and less bitterness; more tolerance and less prejudice; more respect for and less suspicion of each other; more co-operation and less striving at cross purposes.

And what the whole world needs is what Canada ought, in this Jubilee year, dedicate itself to achieve to the fullest degree for our own people and Dominion. Respect for each other's opinions and convictions, recognition of the other fellow's good qualities, a willingness to meet others half way in the solution of community and national problems, a realization that we all are Canadians with a common interest in the Dominion and its welfare and a common duty and responsibility to it to discharge.

Spends Ninety-Eighth Birthday in Prison

"Lifer" Who Refused Pardon Has Served Twenty-Seven Years

"Old Charlie" Lindwall, the oldest prisoner in Joliet Penitentiary and possibly the oldest in the country observed his ninety-eighth birthday just as he had observed every milestone since 1906 and he probably will observe every anniversary until he receives the pardon of death.

Lindwall, sentenced to the penitentiary for life in 1900 for murder, which he always denied committing, refused pardon a few years ago, maintaining he was too old to face the world. At the time he was sentenced the Court told him that his age alone had saved him from the gallows. Since then the Judge and most of the jurors have died, but "Old Charlie," half blind, feeble and bowed with his years, has clung tenaciously to life.

He putters around the prison yard with no guard molesting him and no prisoner intruding upon his dreaming. At chapel services and for the weekly movie "Old Charlie" has a favored seat in the front row.

Mistress (to departing maid who has asked for a reference)—"Of course, Mary, I shall have to tell Mrs. Brown of your uncontrollable temper."

Mary—"Thank you very much, Mum. I'll p'raps make 'er mind 'er P's and Q's."

Scrubwoman (relating her adventures to a neighbor)—She says to me, "You ain't no lady." So then I says to her, "Two negatives make an affirmatory," and busts her one in the snoot, and they carts her off in an ambulance.

FARMERS!

Minard's is good for colic, strains and colds. Keep a bottle handy.

MINARD'S "KING OF PAIN" LINIMENT

W. N. U. 1683

Plows With Manless Tractor

Spectators Marvel at Machine Used in Test Near Lincoln, Nebraska

A "manless" tractor, controlled by an electric device, plowed a field in Nebraska successfully before a crowd of farmres, professors of agriculture and business men.

Unguided by a human hand, except when the first furrow was plowed to make a guide row, the machine, equipped with an automatic guide invented by F. L. Zibach, of Grand Island, Neb., plowed a 30-acre field on the College of Agriculture farm of the University of Nebraska, near Lincoln.

The tractor runs in an irregular circle, rounding the corners. Except for replenishing the gasoline and oil, it needs no attention. The electric control stops the machine should it leave the furrow, and when the work is completed.

The invention first was tried in 1924, Zibach said. Tiring of riding a plow, he attached his device to his tractor, filled the machine with gasoline and turned it loose.

Swollen Joints, Quickly Limbered Up

Rub On Nerviline

You would be surprised at the wonderful action of "Nerviline" in just such cases. Being thin and not an oil preparation, it is able to penetrate quickly, and down it sings into the tissues, carrying its healing, soothing action wherever it goes. For stopping muscular or nerve pain, for easing a stiff joint, Nerviline is a complete success. Pain, soreness, stiffness all vanish before the magic power of this wonderful liniment. Nearly fifty years of success proves the merit of Nerviline, which is sold everywhere in large 35 cent bottles.

Ancient Canoe Unearthed

An oak canoe, nine feet long, and estimated to be from four to ten thousand years old, has been unearthed on the south bank of the River Tyne, near Ryton. It is in an excellent state of preservation, and has been placed in the Hancock Museum, Newcastle-on-Tyne.

It Will Relieve a Cold.—Colds are the commonest ailments of mankind and if neglected may lead to serious conditions. Dr. Thomas' Eclectric Oil will relieve the bronchial passages of inflammation speedily and thoroughly and will strengthen them against subsequent attack. And as it eases the inflammation it will usually stop the cough, because it allays the irritation in the throat. Try it and prove it.

Paper Milk Bottles

As a substitute for glass bottles, a London dairy is using containers made of a stout, transparent paper. When they are filled, they are brought together in the form of a cone and sealed with a metal clip. The breakage and loss of glass are saved by this plan, and the paper bottles are easily manufactured and sterilized.

Miller's Worm Powders are the medicine for children who are found suffering from the ravages of worms. They immediately alter the stomachic conditions under which the worms subsist and drive them from the system, and, at the same time, they are tonical in their effect upon the digestive organs, restoring them to healthful operation and ensuring immunity from further disorders from such a cause.

Scientists are endeavoring to determine when civilization began. They might also put in a little time determining when it is going to begin again.

Children Cry For "Castoria"

Especially Prepared for Infants and Children of All Ages

Mother! Fletcher's Castoria has been in use for over 30 years to relieve babies and children of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving natural sleep without opiates.

The genuine bears signature of

Chas. H. Fletcher.

Ease sunburn with Minard's Liniment.

BAYER Genuine ASPIRIN

Proved safe by millions and prescribed by physicians for

Colds Headache Neuritis Lumbago
Pain Neuralgia Toothache Rheumatism

DOES NOT AFFECT THE HEART

Safe

Accept only "Bayer" package which contains proven directions.
Handy "Bayer" boxes of 12 tablets
Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Aeroplane Service to Mine Field

A regular airplane service between Lac du Bonnet and Long and Rice Lakes is being undertaken this spring by the Western Canada Airways. The trip will be negotiated in 45 minutes, as against three days by canoe. The inauguration of a daily mail service to these mining fields is under consideration by the Government.

Fashion

A Smart Schooltime Frock

Practical yet decidedly smart is this attractive one-piece frock having the two-piece effect. The box-plaited skirt is joined to the bodice and the sleeves may be long and gathered to narrow wrist-bands, or short. A becoming round collar finishes the neck and a trim belt fastens with a buckle in front. No. 1604 is in sizes 6, 8, 10 and 12 years. View A, size 8, requires 1 yard 39-inch plain material, and 1⅜ yards figured. View B, size 8, requires 2⅜ yards 39-inch, or 2 yards 54-inch plain material, and ¼ yard 39-inch contrasting. Price 20 cents the pattern.

Home sewing brings nice clothes within the reach of all, and to follow the mode is delightful when it can be done so easily and economically by following the styles pictured in our new Fashion Book. A chart accompanying each pattern shows the material as it appears when cut out. Every detail is explained so that the inexperienced sewer can make without difficulty an attractive dress. Price of the book 10 cents the copy.

New Hotel For Moose Jaw

Community Hotel to Serve Well-to-do Tourist Traffic

The Community Hotel in Moose Jaw, now in process of organization, will be five stories in height with a frontage of 75 feet on Main Street and 125 feet on Cordova Street. It will cost around $350,000. The building has been leased for 20 years by the Associated Canadian Hotels, Limited, Vancouver, who will cater particularly to the increasing well-to-do tourist traffic, making Moose Jaw a stage in its passage to the Rocky Mountains and the Pacific Coast.

WEAK, LISTLESS GIRLS

Need Such a Tonic as Dr. Williams' Pink Pills to Restore Health

When a girl in her teens becomes pale and sallow, especially if at the same time she shows inclination to tire easily, a listlessness and inattention to her work or studies, she needs Dr. Williams' Pink Pills, a tonic which directly and specifically corrects the condition from which she is suffering. A chemical analysis of the blood of such a girl would show it to be deficient in just the elements Dr. Williams' Pink Pills can supply. But an analysis of the blood is not needed—the physical signs are plain. Among these signs are a pallor of the cheeks and lips, dark circles under eyes, easily tired and breathless after slight exertion. Poor appetite, headache, and sometimes fainting spells follow; often the patient is nervous and is startled at the least noise. In all run-down conditions there is no other tonic will build you up so quickly and so surely as Dr. Williams' Pink Pills. The statement of Miss Dorothy Lamblin, Bush Island, N.S., will bring hope to other weak girls. She says:—"I wish from my heart I could persuade every person who is in a run-down condition to give Dr. Williams' Pink Pills a trial. About a year ago I was a weak girl suffering from impoverished blood and a run-down system, with many of the attendant symptoms. I had often read of Dr. Williams' Pink Pills and decided to take them, and after using six boxes I feel as well and strong as ever. Dr. Williams' Pink Pills will be my standby in the future if ever my blood needs building up again, and I shall always find pleasure in recommending them to others."

You can get these pills from your druggist, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

It's the most difficult thing in the world to forget what you want to forget.

E1927

Borden's EAGLE BRAND

RUSSIAN TRADE AGREEMENT IS TO BE ABROGATED

Ottawa.—The Government has decided to terminate immediately the trade agreement with Russia, it was announced following a lengthy meeting of the cabinet council.

Premier King, in making the announcement, declared this action had been decided upon after a full discussion of the situation created through the decision of the British Government to sever its relations with Soviet Russia. Evidence in the hands of the Canadian Government made it clear, the Premier said, that certain sections of the agreement between Canada and Russia had been violated by the Russian Government. Premier King pointed out that the agreement was subject to termination unless certain conditions were fulfilled. He specifically quoted a provision agreed to refrain "from hostile action or undertakings against the other and from conducting outside of its own borders any official propaganda direct or indirect against the interests of the British Empire or the Union of Socialist Soviet Republics respectively."

Premier Baldwin's statement in the British House of Commons, and evidence before Canadian Government, had made it clear, the Premier said, that this agreement had been violated.

Premier King stated emphatically that termination of trade agreements would not mean discontinuation of trade between Canada and Russia. It would mean that certain quasi-diplomatic privileges enjoyed by the Russian trade commission would be terminated, but every effort would be continued to further trade between Canada and Russisa in the same manner in which Canadian trade relations with other nations were conducted.

The Premier said evidence in the hands of the Canadian Government does not disclose any espionage or subversive propaganda so far as the Montreal office of the Russian trade commission is concerned.

Prize for Pacific Flight

Hawaiian Offers $25,000 to First aviator Making Non-stop Trip

Honolulu. —The Star Bulletin, in a copyrighted article announces that James D. Dole, president of the Hawaiian Pineapple Company, has offered a purse of $25,000 to the first aviator and $10,000 to the second flier to make non-stop flights from the Pacific Coast to Hawaii during the 12 months starting August 15.

New York.—The Bellanca, monoplane "Columbia," in which Clarence Chamberlin had hoped to be the first to fly to France, will be entered in the $25,000 contest announced by James D. Dole in Honolulu. The Fokker monoplane "America," which also was "beaten to the post" in the Paris flight by Charles Lindbergh, may and may not try the Hawaii flight, it was said.

Future of the Dominion

Ottawa.—"Our grandchildren may even live to see the seat of Empire transferred to our shores," declared Dr. J. R. Coyne, of St. Thomas, Ont., president of the Royal Society of Canada, in discussing the Dominion's future at the society's forty-sixth annual meeting. "The future of our Dominion," he continued, "is on the whole bright with promise."

Check Fever Epidemic

Montreal. — Preventive measures taken by provincial and municipal officials to check the spread of the present typhoid epidemic are working successfully, health authorities claim. It was predicted that within one month the epidemic would be stamped out.

Choir of 11,000 Voices

Ottawa.—A choir of 11,000 voices including 1,000 voices selected from 70 churches, irrespective of race or creed, and 10,000 school children, will sing a program of patriotic songs and anthems in connection with the jubilee celebration here. C. J. E. Rickwood, Ottawa, will direct the choir.

W. N. U. 1683

Experiment Was a Failure

New Zealand Lost Heavily in Attempt to Control Price of Butter

Vancouver.—New Zealand's futile attempt to fix the price of butter on the London market and the boycott by London buyers of more than a million boxes, or roughly, 56,000,000 pounds, that were allowed to accumulate in cold storage in Britain in April, have been factors in the shortage of butter supplies in Canada during the past five months.

The action of British merchants in buying butter from Argentine, Australia and Canada, while leaving New Zealand's price-controlled stocks severely alone, withdrew from Canada heavy supplies that normally would have been available for home requirements, it is said here.

As a result, Canadian butter dealers have been scrambling for immediate requirement for months, picking up stray stocks here, there and everywhere, some being brought back from London, some from Quebec, some imported from the United States, and a total of about seven million pounds shipped direct from New Zealand.

The lateness of the season in Canada has also been a factor in the shortage here, spring production being about a month later than usual.

New York Financier Dies

Payne Whitney, One of America's Richest Men, Victim of Heart Attack

Manhasset, N.Y.—Payne Whitney, financier, philanthropist, sportsman and one of the richest men in the country, died of a heart attack while playing tennis at his country estate, Greentree.

Mr. Whitney was 52 years old. He was the brother of Harry Payne Whitney, son of the late William C. Whitney, secretary of Navy under Cleveland. Estimates of the Whitney estate ranged in Wall Street from $100,000,000 to $400,000,000. In 1924 he paid an income tax of more than $2,000,000, only John D. Rockefeller, Jr., and Henry Ford, paying more.

Great Interest Being Taken in Eclipse

English Railways Will Run Special Trains to Vantage Points

London.—The eclipse of the sun which will be observed by a portion of England, June 15, is arousing such interest that railway and motor bus companies are preparing to carry thousands of excursionists to the favored belt across England where the view will be best. More than 100 special trains and hundreds of motor buses will carry their passengers to the biggest open air party ever known in England. Most of the participants expect to arrive at vantage points around midnight.

Postmasters' Convention

Regina, Sask.—T. P. Murphy, Ottawa, superintendent of the equipment and supply branch of the federal post office department, will represent the postmaster-general at the forthcoming convention of the Saskatchewan Postmasters' association to be held in Regina, Tuesday, Wednesday and Thursday, June 7, 8 and 9. About 150 delegates are expected to be in attendance.

Cable Bill Passed

London.—The House of Lords has given third reading to the Pacific Cable bill, which has now passed both Houses. The bill authorizes reorganization of the Pacific Cable Board in accordance with the settlement of Canada's dispute with that body reached at the last Imperial conference.

Arms Parley in June

Washington.—The three-power naval limitations conference called by President Coolidge will convene in Geneva on the afternoon of June 20, Secretary of State Kellogg informed the British and Japanese ambassadors after informal conversations had shown the date acceptable to all.

Radio Typewriter

Rome.—A typewriter capable of receiving radio-phonic communications at great distances is to be tested between Rome and New York shortly. The machine functions automatically, typing on ordinary paper, guided by radio waves.

WOULD DEVELOP CANADIAN TRADE WITH BRITAIN

London.—"I am here to visit Canadian trade commisssioners in Britain and on the continent and to acquaint myself more fully with the possibilities the markets here offer for Canadian products," Hon. James Malcolm, Canadian minister of trade and commerce, told newspapermen in an interview. He added that he was more particularly desirous of increasing inter-Empire trade, of which he had been a constant advocate.

The minister mentioned the grant of $100,000 made by the Canadian government for advertising Canadian goods in Britain. To secure the best means of applying the money was an important object of his visit, he said.

Mr. Malcom acknowledged that the figures of Canadian trade with Britain lately had shown a decrease, through the lessened ability of Britain to purchase Canadian products, although Canadian purchasess from Britain showed a slight increase. He believed adequate publicity would soon help to correct the balance. There was always, he said, some unreliability about statistics and they did not invariably show the exact position of trade between two countries like Canada and Britain.

Trade With U.S.

Canada Regarded by U.S. as Best Outside Field for Investment

Detroit, Mich. — Business of the United States made an eloquent gesture of admiration for its neighbor to the north when the National Foreign Trade Convention turned over an entire session to Canada and Canadians.

Speakers with only one exception were Canadians. They spoke of their great commerce in hard wheat and pulpwood, of their other export trade and of the growing interest of Americans in Canada as attested by their investment of $3,600,000,000 within the Dominion. Sixty per cent. of all foreign investments in Canada came from the United States, the convention was told by Case R. Howard of the Canadian Bank of Commerce, New York.

"We take it as a compliment," he added, "that Canada is regarded in the United States as the best outside field of investment, and we interpret it as an indication of the estimate placed by the United States upon the character and ability of Canadians."

Agree on Claims

Washington. — The British and United States governments have agreed on a settlement of mutual claims and those of individuals against both governments for seizure of war-time shipping, but terms of the settlement are being withheld, pending an arrangement for publication of final notes ratifying the pact. The claims grew out of detention and and search during the war on shipping of both countries suspected of carrying war supplies to the enemy.

Would Send Boys to Canada

Isle of Man Has Scheme for Community Settlement in Dominion

Montreal.—Canada is the country to which the Isle of Man is looking for the settlement of her youth, said J. B. Crookall, J.P., mayor of Douglas and member of the House of Keys, who reached Montreal on the White Star liner Doric. Every year the Isle of Man has about 400 boys leaving school at the age of 14. A proposal is afoot to raise the leaving age to 15, following which the island authorities would give them a course of training for one year to fit them for emigration. Mayor Crookall hoped that Manxmen in Canada would interest themselves in this project.

The mayor outlined a scheme he had for the community settlement of Manxmen in Canada. He proposed to send out 100 families if the Dominion Government would set aside a tract of land sufficient to provide for them, making the terms as easy as possible. About 80 per cent. of these families would be agricultural.

Building New Telegraph Line

Work Will Commence at Once in Northern Saskatchewan District

North Battleford.—Contsruction is to proceed on a telegraph line between Loon Lake and Meadow Lake. The distance is 55 to 60 miles. The line will serve to link up the Meadow Lake country with the splendid farming sections farther west. It will be a means of communication for these northern people with the outside world, something they have not at present. On representation being made to the department by the Federal member an appropriation of $8,000 was put through Parliament for the building of the line. The government is ready to act at once on the building of the line. The offices to be established on the line will be settled just as soon as possible.

The Favored Country

British Labor Leader Says Emigrants' Opportunities in Canada Best in World

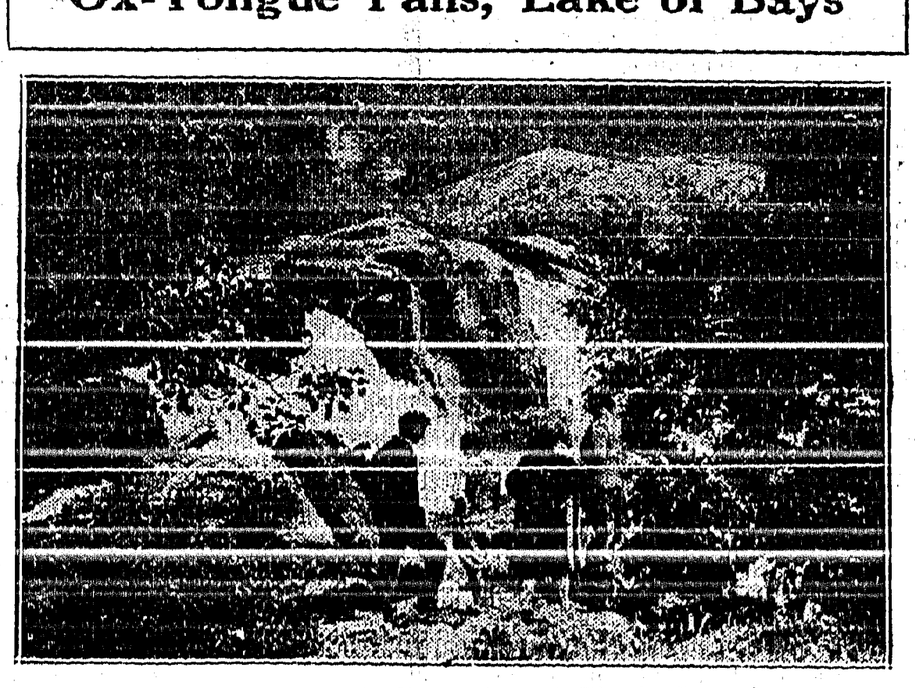
London.—Canada contains greater possibilities than any other country in the world provided the right kind of immigration is regulated so as not to displace the existing workers, in the opinion of C. T. Cramp, general secretary of the National Union of Railwaymen, who has just returned from a tour of the Dominion.

Mr. Cramp was struck by the "revolt of Canadian organized labor against the domination of American unions," and the similar movement among professional associations. Canada's railways also came in for eulogistic reference from Mr. Cramp.

Will Compete in Prize Swim

Montreal.—Ernest Vierkoetter, Germany's foremost swimmer and conqueror of the English Channel, has arrived in Montreal. He will participate in the Lake George swim for a prize of $10,000 and later go to Toronto, where he will take part in the $50,000 race to be held in Lake Ontario off the Queen City during the summer.

Ox-Tongue Falls, Lake of Bays



Throughout the Lake of Bays region of the Highlands of Ontario, which the members of the Canadian Weekly Newspapers Association will visit when holding their 1927 convention at Bigwin Inn, there are many delightful waterfalls of which Ox Tongue Falls shown above is one—Canadian National Railway photograph.

WILL OBSERVE LUNAR ECLIPSE IN FAR NORTH

New York, N.Y.—The outposts of civilization in the Canadian Arctic wilderness have been asked by radio to aid the Harvard University Observatory in observing on June 15 the first lunar eclipse since 1892. Observers in the northern country in the region of Chesterfield Inlet, Bear Lake, Rampart House and Good Hope had a message of instruction broadcast to them recently.

Directions for the observation of this rare lunar phenomenon, addressed to members of the Royal Canadian Mounted Police, representatives of the Hudson's Bay Company and Revillon Freres Trading Company, and the Oblate missionary fathers among the Eskimos, was broadcast in part as follows:

"A total eclipse of the moon will occur on June 15, 1927, the centre of the eclipse being at 2.24 a.m. Eastern Standard Time. The sun and moon will both be nearly on the horizon on the day and hour mentioned, at the posts to which this message is addressed.

"It is of great scientific interest to know as exactly as possible what the weather conditions are at that particular time at points near this line. Baker Lake is the most important point of all and the astronomers would appreciate any special efforts to procure observations there."

According to Dr. Willard J. Fisher, of Harvard, it should be possible this year to determine the density of the earth's shadow very near to the edge of the earth.

Investigating Plan to Use Sulphite Wastage

Scientists See Possibility of Making Substitute for Gasoline

Ottawa.—Canadian scientists are investigating the possibility of the manufacture of a substitute for gasoline out of the wastage in the numerous sulphite mills throughout the Dominion, it was revealed at a meeting of the associate committee of physics and engineering of the National Research Council of Canada here.

The sulphite mills, it was declared, in the manufacture of pulp for newsprint are wasting at the same time tremendous quantities of liquor which is a potential source of alcohol. Properly designed motors have been found to operate efficiently on a mixture of alcohol and benzine.

The committee also recommended today that the national research council investigate steps to secure detailed information on the measurement of the ultra-violet rays given off by the sun. If it can be shown that great benefit is to be obtained from these rays then, it is recommended, that special glass should be universally used in Canadian homes and other buildings. The health giving ultra-violet rays do not, to any great extent, pass through ordinary window glass.

Ferguson Willing to Co-Operate

Toronto.—Premier Ferguson states that he would co-operate with the Alberta Trade Commission in the proposal laid before the Ontario Government by a delegation from Alberta that a national committee be organized to promote inter-provincial trade, with special emphasis on the use of Alberta coal in the Eastern provinces.

Hon. R. Lemieux Honored

Rome.—Reception and luncheon in honor of Hon. Rodolphe Lemieux, speaker of the Canadian House of Commons, and Madame Lemieux, given by the British ambassador to Italy, Right Hon. Sir Roland Graham, was attended by several English and Canadian visitors in addition to a distinguished gathering of residents of the capital.

Plane Service for Mines

Winnipeg.—An aeroplane passenger and freight service to the central Manitoba mine area was inaugurated on June 1. It marks the first commercial air service to operate in the province. Western Airways confined its operations last year to the Red Lake district of Northern Ontario.

In the village gardeners report the potato bug has already arrived and is to be seen alongside spuds that are just nicely through the earth.

Being the second Sunday of the month all services at Christ Church are withdrawn, the rector spending the day at Wynndel and Yahk.

The Ellen Dow Junior Auxiliary of St. Stephen's Church are having a silver tea at the home of Mrs. S. A. Speers, 3 to 5.30 p.m., Saturday, June 18th.

With the careful housewives putting away the fall and winter supply of eggs the price of hen fruit has advanced to 30 cents a dozen once more.

Ernest Paul, who has been ledger keeper at the Bank of Commerce for the past year, has been transferred back to Kamloops, and left for that town on Monday.

The Girls Junior Guild of Christ Church are having a tea and sale of needlework and candy in the Parish Hall, Saturday, June 11th, to which all are invited.

Revenues at the Creston office of the provincial police for May were well over the $600 mark, with motor licenses fees accounting for just about $400 of the intake.

Rev. S. Newby and C. B. Twigg left on Monday for Kelowna where they are delegates to the synod of the diocese of Kootenay, which will be in session for at least three days.

All the accounts are now in and the 1927 guarantors are being levied upon for $2.85 each to make up a deficit of but $90. The shortage on the 1926 Chautauqua was almost $200.

Geo. Taylor, a former well known resident of Creston, but who is now living at Bonners Ferry, was renewing acquaintances in town at the first of the week, a guest of Jas. Davis.

Village treasurer W. O. Taylor respectfully draws attention to the fact that taxes must be paid before June 30th avoid a ten per cent penalty that goes on at Dominion Day.

The Presbyterian W.M.S., Junior Auxiliary and Mission Band will meet in the church at 3.30 p.m., Thursday, June 16th, when an address will be given by Mrs. (Rev.) C. P. Young.

The long looked for hot weather set in on Monday on which day the mercury travelled up to 81 in the shade. It was 84 on Tuesday, but Wednesday was cloudy and cooler.

Property owners in the village received official notice at the first of the week to cut all noxius weeds. This year's crop of burdocks and mustard is about the best on recored.

Creston baseball team was at Kitchener on Sunday when they chalked up a 10 to 7 victory over the Kitchener nine. So far this season the locals have sustained but one defeat.

Growers report that the "set" of cherries indicates that the mid-April frost damage was more serious than first reported, and that the 1927 crop will not be more that 50 per cent. of normal.

Mr. and Mrs. J. W. Hamilton, Mr. Mrs. T. Goodwin and Rev. and Mrs. Herdman, with their families, were motor picnic visitors to Moyie Falls, near Bonners Ferry, for the holiday on Friday last.

Telephone installations have been fairly steady of late and they are now 96 of them in use in the Valley. This compares quite favorably with the palmy days at which time 125 was high water mark.

Mr. and Mrs. Mrs. B. L. Jenkins of Spokane were weekend visitors in Creston, guests of Mr. and Mrs. D. S. Timmons. Mr. Jenkins is one of the cashier's at the Old National Bank and expressed the opinion that none of the fruit areas near that city looked quite in a class with Creston Valley.

An illustrated lecture is to be given by Rev. C. P. Young, returned missionary from India, at 8 p.m., Thursday, June 16th, in the Presbyterian Church, Creston. The views to be shown are from snapshots taken by the speaker. Everybody welcome. Collection taken.

Insp. Dunwoody of the provincial police, Nelson, with Col. McMullin, chief game warden, Victoria were here on an official visit, Friday. The latter expects to make a stop at Creston on his return for a conference with the Rod and Gun Club members.
