THE CRESTON REVIEW

VOL. XIX. CRESTON, B. C., FRIDAY, JUNE 3, 1927 No. 16

Creston Enjoyed 1927 Chautauqua

The 1927 Chautauqua, which closed on Tuesday night made history in at least one important respect—the deficit to be made up by the guarantors is the lightest in the seven years Chautauqua has appeared at Creston, amounting to but $2.50 this year, as compared with $3 in 1926, and never before less than $5 per guarantor.

All seven programmes submitted were of merit. Any complaint there might be would seem to lie in the fact that there was too little instrumental music. The music night of other years, which invariably featured an orchestra with vocalist was absent, and was missed by more than a few.

Everyone is agreed that the Schubert Quartette, which opened Chautauqua, comprieses four artists whose work is seldom equalled in western Canada. Their programme was nicely balanced as to the more serious and lighter numbers and could not fail to please. Coming immediatley after the Schuberts the John Ross Reed Company, another company of vocalists had a high standard to follow but with many were equally as popular as the Schuberts.

The Grand held the biggest audience in its history for the play, "Smilin' Thru," on Monday, and there were very few in the huge crowd who were not prepared to vote it the best-acted and most likable comedy-romance seen in recent years.

Dr. Arnold in his traveleogue, "Through England with a Camera," presented a great variety of views taken in all parts of the old land, and his talk on each of the scenes had a vein of humor in them that popularized his effort with young and old alike. Mr. Dumron gave a much appreciated demonstration in pottery making but his abiiity to put over the talk that went with the clay work was not quite the same pronounced success. The effort of the Plantation Singers on closing night while delightful, was not just exactly what the house expected. There was just a little shortage of darkey humor, and their inability to provide anything in the instrumental music line other than the piano was regrettable.

Talent and public alike were immensely pleased with the change from the tent to theatre, The comfortable seating, excellent lighting and roomy stage all made Chautauqua just a little more enjoyable, and thanks to an abundance of tulips and other blooms supplied gratuitously from the Cook greenhouses the stage presented an appearance that was favorably commented upon by all.

In this year's supervisior, Miss Sheer, Chautauqua had not only a capable presiding officer, but also a worker who was alert to promote the best interests of the guarantors right from the time of her arrival, and a full measure of credit must be given her for the splendid financial outcome of the 1927 four days of entertainment and edutation.

Kitchener

Jack Hutchinson paid us a flying visit on Saturday, leaving on Sunday to join the C.P.R. telegraph gang.

Hugh Simpson of Sirdar was renewing acquantance in town on Sunday.

Mr. and Mrs. Omer Geroux and daughter, Joan, with Fritz Molander and Andy Abrahamson, were motor business visitors at Creston on Saturday.

A crowd from here motored to Yahk on Sunday and took in the baseball game between Yahk and Creston, and report the game a real contest.

Clarence Devlin, who pitched ball for Creston against Yahk and suffered a sprained ankle while bringing in a run at the home plate, is still going around on crutches.

Ray Crisler of the Battery Service Station garage, Erickson, was a business caller on Monday.

A dance will be held in Hunt's Hall on Saturday evening, June 4th, with Mrs. Lister's orchestra furnishing the music. Everyone come and have a good time.

Mr. and Mrs. C. H. Neligh got back on Thursday from Lewiston, Idaho, after an absence of about two months. They are again back at the Leadville mine.

Capt. J. F. Oatts, forestry supervisor from Creston, was here on an official call on Thursday. Provincial police H. McLaren, also of Creston, made us a motor call on Monday.

Messrs. W. O. Andregg and M. Arnson of Kellogg, were motor callers on Saturday.

Mr. and Mrs. Carl Anderson and family motored to Creston on a business visit, Saturday.

J. C. Rykert, Chas. Davis, both of Rykerts, B.C., were wmotor callers here on Wednesday last.

Miss Olga Nelson, who attends high school in Cranbrook, spent the weekend with her parents, Mr. and Mrs. Charles Nelson here.

Edson Seneft and J. Savage of Sandpoint, Idaho, were visitors here on Wednesday. Dan Burton and S. Fearnside of Cranbrook were here on a bnsiness visit, Monday.

Quite a number from here motored to Yahk on Saturday night for the dance in the mill hall. In the party were Misses Grace Rendall, Kathyleen Porter, Edith Geroux, Esther Nelson and Alice Molander, and Messrs. Harry Redmile, Ernest McFarlane, Ray McKelvey, Jack Dodds and Lewis Simpson.

Lister

Albert Tedford has a crew at work making some badly needed repairs on the road at the Smith ranch as well as the Jim Hascroft hill.

The school children had a half holiday on Monday in order to give them an opportunity to see the juggler-clown, etc., at Chautauqua that afternoon. About fifteen of the younger scholars made the trip to town and were highly entertained.

A welcome weekend visitor here was Tom Yerbury of Kimberley, who had arrived in his new Chevrolet coach accompanied by Mr. and Mrs. Pat Holland, Mr. Muddiman and Miss Brown, also of Kimberley. They were guests of his parents, Mr. and Mrs. Bert Yerbury.

D. J. McKee and family have moved back to Lister to reside and are located on the late John Johnston's ranch at present. Mr. McKee and Harry Yerbury are working at the Rodgers sawmill at Arrow Creek.

Mr. Marsack, the potato bug exterminator, with C. B. Twigg, were visitors here at the end of the week. A supply of the poision dust is now at the store ready for use when needed.

The 1927 Chautauqua attracted a larger than usual attendance from Lister, the turnout at the night programmes being quite noticeable.

The new road superintendent, J. D. Spiers was here on Tuesday sizing up needed road improvements in the Lister area. We understand operations will be commenced at the end of the week, with special attention to be given the sideroads.

Bert Yerbury left on Monday for the Windermere country, in which section he is confident of getting a summer's job.

Harry Beeson, who has been at Nelson, was home for a few days last week, before leaving to work in the Bluebell mine at Riondel. His friend, Mr. Bucknell, is still at the Evans ranch.

Rev. S. Newby will be here on Sunday for worship and communion at 11 a.m., and Sunday School at 10 o'clock.

E. J. Malthouse has been busy on lumber hauling this week, bringing in material for the new poultry house at W. Mitchell's as well as for the colony poultry houses at Fred Powers' place. Both these ranches are enlarging their poultry operations.

Erickson

Archie McLeod was a weekend visitor at his home at Yahk.

Angus Cameron and Ray McKelvey are working at Wynndel at present operating their truck on a log haul for J. B. Winlaw.

Roy Telford starts the month right, doing his driving in a 1927 Chevrolet sedan which he purchased at the Premier garage, Creston, at the first of the week.

Erickson is well represented at the Chautauqua at Creston this week. The chief complaint against the programmes is that there is a shortage of instrumental numbers in the musical line.

Gravelling operations are under way on the lower Erickson-Creston road when the crushed rock gets a season's travel over it the road should be as good as any in the Valley.

N. N. Bentley, who recently moved his sawmill plant from Erickson to Windermere, will not be able to start sawing until at least September. He will not be allowek to haul logs on the Cranbrook-Windermere road during the auto tourist season.

T. W. Bundy has just received a worth while cheque from the publishers of Maclean's Magazine, Toronto, he having been one of the cash prize winners in the Macleanogram competitions conducted weekly in that well known magazine. He stood nineteenth in a competition open to all Canada.

Wynndel

Chas. Moore of Creston has been here this week doing land surveying for Mr. Glazier.

Mrs. T. Dunsdth combined business with pleasure on a visit to Cranbrook last week.

Mr. McGregor of Vancouver was here at the end of the week making an inspection of the machinery already installed at the pre cooling plant.

W. Bush of Creston is here this week painting the buildings of the Co-Operative Fruit Growers Association.

Matt. Hagen and August Benedetti left for Slocan a few days ago, and will be working this summer.

Chas. Moore and J. R. Forbes of Creston were visitors at the tennis courts on Sunday, and showed real ability with the racquet against local talent.

Matt. Penson left on Friday for the Lardeau country where he is working at lumbering operations.

Mrs. Matt. Hagen visited at Riondel at the weekend, with her daughter, Mrs. Cecil Moore.

Misses Annie and Ethel Hook of Spokane were visitors last week with their grandparents, Mr. and Mrs. J. J. Grady.

T. Slingsby was a business visitor in Nelson a few days last week.

Mrs. A. Joy is back again after a two weeks vacation with friends in Bull River.

Mrs. Ashley Cooper is a Trail visitor with Col. Cooper at present.

Misses Ruth and Margaret Joy spent a few days last week on a visit with friends at Crawford Bay.

GRAND THEATRE
SATURDAY, JUNE 4

SCRAMBLED EGGS

Alice Siding

The wild rose are in bloom here, the first of the blooms picked on May 29th.

Victor Carr and a small crew of men are doing some appreciated road work this week—grading down the Pendry hill so as to help out the hay haulers, particularly.

Mr. and Mrs. Louis Schmidt of Cranbrook are visitors with Mrs. S. P. Schmidt and family at the ranch this week. Mrs. Redding of Cranbrook was also a visitor with Mrs. Schmidt at the weekend.

Friends of Miss Eva Webster will extend congratulations on her successfully completing the three-year course in nursing at Vancouver General Hospital. The graduating exercises took place on Friday last.

Mr. and Mrs. Harry E. Moore and family of Cranbrook motored in for a weekend visit with Mr. and Mrs. A. G. Cox, Vaness ranch.

Gordon Smith, who is now employed at Allenby, near Princeton, is spening a few days with the family this week.

The funeral of S. P. Schmidt, whose remains were brought in from Spokane on Friday, took place on Saturday from Holy Cross Church, Creston, with Father Cullinan officiating. Deceased, who was about 40 years of age, had been ailing for some time and for many weeks last year was laid up in Cranbrook hospital. He was home for a time early in 1927, when he was taken to Spokane. He has been a resident of Alice Siding a little over a year, purchasing the Elroy Jackson place in April of last year. He leaves a wife and five children to mourn his passing, who will have the sincerest sympathy of all in their bereavement.

Sirdar

Mrs. Millar of Kitchener was a Friday and Saturday visitor here with her brother, night operator, Jeff Foster, who accompanied her to Yahk at the first of the week on a visit with their parents.

Mrs. B. F. Whiteside was a visitor with Cranbrook friends a few days at the first of the week.

Operator Kennedy of Fernie is in charge here while operator Foster is taking r short vacation.

Miss Evelyn Neil of Kingsgate was a visitor here last week with Mrs. Cam.

Mrs. Clark Moore of Dover, Idaho, and Mrs. Frank Botterill of Erickson, spent a few days here last week guests of Mrs. T. Rogers.

W. D. Goodman was at the wheel for a motor party that made the trip to Bonners Ferry on Saturday, in which was Jack Grundy, and Mesdames Heap, Dibley and Rogers.

Jim Pascuzzo has completed the painting of the Santo Pascuzzo residence, which certainly looks fine in its dress of cream with green trimmings.

Supt. Flett and divisional engineer Robertson were here on Friday coming in the night before on the special carrying President Beauty and vice-president Coleman west on the usual trip of inspection.

Mrs. Spratt, of Coalhurst, Alberta, is a Sirdar visitor this week, the guest of Mrs. R. Heap.

In last week's list of contributors to the Fund of May Children's Day Fund $1 given by Jas. Mannerino was overlooked.

July 1st Finance Committee Appeal

The Finance Comittees of the above are actively engaged in soliciting subscriptions towards the expense of the celebration. Subscription lists are available at the Imperial Bank of Canada, Canadian Bank of Commerce and at P. Burns store. Subscriptions are not confined to business places only but will be solicited from private individuals as well as all public bodies. It is very necessary that a quick response be made to the Finance Committee's appeal to the public as the programme to be drawn up is quite dependent on the amount subscribed.

It is sincerely to be hoped that all citizens will respond to the spirit of this celebration and subscribe liberally not only for the Village but for the whole community from Sirdar to Kitchener who will join in the celebration.

Canyon City

Geo. Davis is the latest at Canyon to have the telephone installed in his residence.

Howard Target, who arrived from the Orient about three weeks ago, and has been a visitor with Mr. and Mrs. Knott, is leaving at the end of the week on his journey to England.

Geo. Strong reports that the deal he had on for the sale of his property at Canyon has fallen through and that Mr. Chase will remain on as tenant.

Rev. S. Newby of Creston is due here for Church of England service on Sunday afternoon at 3.30 o'clock.

Again the heavy hand of death has been laid upon the Canyon community, this time in the passing of Kathleen, youngest daughter of Mr. and Mrs. A. G. Samuelson, whose end came about midnight on Saturday, after a three weeks illness. The funeral took place on Tuesday afternoon to Creston cemetery, with Rev. Mr. Helquist, Norweigan pastor of Cranbrook, and Rev. J. Herdman officiating and a very large turnout of friends to pay a last tribute of respect. The pallbearers were John Nygaard, Will Wickholm, Harry VanAckeran, George Wickholm, Gunner Larsen and Con Nygaard, and so numerous were the floral tributes that Grace Zachodnik, Mary Abbott, Holly Bond, Mary Nygaard, Myrtle Wickholm, Thelma Vance, Jean Edland, Mary Nouguier and Lily Cook, attired in white, officiated as flower girls, carrying the floral remembrances from the house to hearse and from hearse to graveside. Taken while still on the sunny side of her fourteenth year the death comes as a staggering blow to parents and brothers and sisters alike, and in their heavy bereavement Mr. and Mrs. Samuelson and family have the deepest sympathy of their wide circle of friends.

WORLD HAPPENINGS BRIEFLY TOLD

The text of the South African nationality and flag bill has just been issued. The bill provides that the Union Jack shall be flown in connection with the new flag.

The smallpox record for 1926 once again gives the United States the unenviable distinction of having reported more cases of this preventable disease than any other country outside of Asia.

The Prince of Wales and Premier Baldwin probably will sail for Canada July 23 aboard the S.S. Empress of Australia, it is understood. The Premirer expects to return August 17. The Prince will stay two or three weeks longer.

A number of foreign troops engaged in a fracas at a cafe in Shanghai, China, and after it was all over the police reported that British, Italian, French and United States soldiers and sailors were suffering from bruised heads.

The London Daily Telegraph's Melbourne correspondent states that the Australian export of apples this year is the lowest in 20 years. The exports reached 1,439,000 cases, of which almost a million cases have been sent to Britain compared with 4,250,000 cases exported last year.

THE BEST MEDICINE SHE EVER USED

Dr. Williams' Pink Pills Highly Praised by a Quebec Lady

Mrs. David Logan, Thetford Mines West, Que., gives unstinted praise to Dr. Williams' Pink Pills for the good they have done in her family. Mrs. Logan says:—"I have been a user of Dr. Williams' Pink Pills for many years, as occasion required, and have always found them a most reliable medicine. My husband, who was recovering from an attack of typhoid fever, and was in a very weak condition, took the pills, and through them gained health and strength. My daughter was in a run-down condition, and was forced to discontinue work. Again Dr. Williams' Pink Pills were resorted to and she was soon restored to excellent health. Then my eldest boy had an operation performed for adenoids, which left him in a weakened condition. Once more Dr. Williams' Pink Pills were tried, and he was soon in excellent health. So I can truly say that more than satisfaction has been obtained by the use of this medicine. The pills have done more good in my home than hundreds of dollars worth of more expensive medicines."

Dr. Williams' Pink Pills assist digestion, correct the lassitude, the palpitation of the heart, shaky nerves and the pallor of the face and lips that are the results of thin, impure blood.

"You can get these Pills from any medicine dealer, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Canada Is Centre For Paper Trade

Canada's exports of paper exceed those of any other country in the world, and in the matter of newsprint paper her exports are probably greater than those of the rest of the world combined.

Personal Comment
By Mrs. E. Johnson

Bell Grove, N. B.—"I became very weak and could not do my work. My nerves were very bad—in fact, I did not care if I lived or not. I also suffered with indigestion. I was getting pretty badly discouraged when a friend advised me to use Dr. Pierce's Favorite Prescription, and I am very glad to say it helped me right from the start. Now I am feeling like a new person. I will always recommend Dr. Pierce's medicine after this. I give permission to publish this letter trusting it may be the means of helping some other sufferer back to health."—(Signed) Mrs. Elizabeth Johnson.

Just ask your nearest druggist for this "Prescription" of Dr. Pierce's in tablet or liquid form.

Write Dr. Pierce, President Invalids' Hotel, Buffalo, N. Y., if you want free medical advice.

Prohibition In U.S.

Ramsay MacDonald Believes it is a Great and Praiseworthy Effort

Ramsay MacDonald, former British Prime Minister, after completing a month's visit to the United States, believes prohibition is a "great praiseworthy effort to keep people decent and does not merit the sneers of visitors who find it a subject for smartness."

"So many of our smart people have been over here and sneered at the law, but when I go back I am going to take the other side," he said.

"Two things have touched me very much; first, the very cordial greeting I received from the press of all colors and parties in the United States, and second, the great personal care I had during the three weeks of my illness.

"I am tremendously impressed with the need of America and Great Britain to understand each other. I do not want alliances; I don't want agreements; I don't want entanglements of any kind, but I do want understanding.

"It is essential that the best type of Britisher and the best type of American should come together. There is so much smart flashiness, jazz dancing and high society ignorance from both sides and being taken on both sides as representative, that men and women of good will ought to work hard to reveal the more permanent good qualities of each other.

Winnipeg Newspaper Union Fashion

Flares Temper Straight Silhouette

This frock, although of tailored genre diverges from severe simplicity in a new way. The flare at the left side of the skirt is smart and graceful. The collar is convertible, and the front closing is of the diagonal type, long rolling revers ending in a pointed tab. The back is plain, and the tailored sleeves are finished with trim little cuffs. No. 1294 is for ladies and is in sizes 36, 38, 40 42 and 44 inches bust. Size 38 bust requires 5¼ yards 39-inch, or 4 yards 54-inch material. Price 20 cents.

Many styles of smart appeal may be found in our new Fashion Book. Our designers originate their patterns in the heart of the style centres, and their creations are those of tested popularity, brought within the means of the average woman. Price of the book 10 cents the copy.

Time-Saving Way of Tinting

For perfect tinting of dainty underwear, dresses, etc., the easiest way—and by far the best way—is the use of **real dye.** It tints in cold water, you know: just dip the garment and it takes whatever tinge you wish to give it. A matter of minutes.

Real dyes will get such smooth and even tones as shame the streaky, wishy-washy work of synthetic preparations for the purpose! Diamond dye in original powder form is only fifteen cents at the drugstore. Do your own diluting. Then dip to tint—and you'll have an effect that's beautiful. And if you want the tint permanent, just use boiling water.

Diamond dyes do a perfect, "professional" job of dyeing, too; the druggist has sample shades and simple directions. For a book of endless suggestions, in full color, request a free copy of Color Craft of DIAMOND DYES, Dept. N32, Windsor, Ontario.

Diamond Dyes
Dip to TINT—Boil to DYE

Another Valuable Discovery

Scientists Devise System to Measure Speed of Blood in Body

The speed with which the blood travels through the body can now be measured by a system devised by Dr. Herman Blumgart and Dr. Soma Weiss, of the Thorndyke Memorial Laboratory of the Boston City Hospital.

Physicians say the method will be of great value in diagnosing and treating diseases of the heart and circulation system. Attending physicians can now determine accurately just how much of its work the heart is doing. In a statement today, Doctors Blumgart and Weiss describe their system as follows:

"A minute amount of a radioactive substance is injected into the veins of one arm and by means of an electrical detecting device the time of arrival at various parts of the body is noted. The speed with which this radioactive substance is transmitted by the blood gives a measure of the speed of the blood stream."

Could Hardly Live for Asthma, writes one man who after years of suffering has found complete relief through Dr. J. D. Kellogg's Asthma Remedy. Now he knows how needless has been his suffering. This matchless remedy gives sure help to all afflicted with asthma. Inhaled as smoke or vapor it brings the help so long needed. Every dealer has it or can get it for you from his wholesaler.

Prince Likes Small Houses

When the Prince of Wales takes up residence at Marlborough House he will occupy a small house within a house. He always objected to the size of Marlborough House, and alterations have been so carried out that his private suite consists of comparatively small cosy rooms, around which are the big state and reception rooms for visitors and state functions.

SO SHORT OF BREATH SHE COULD HARDLY DO HER HOUSEWORK

Mrs. Nelson Moore, Milford, Ont., writes:—"I had heart and nerve trouble, and became so short of breath I could hardly do my housework, and was so nervous every little sound I heard felt like a shock to me.

A friend of mine recommended

MILBURN'S HEART AND NERVE PILLS

so highly I got a box of them and they did me so much good I got the second box, and now I am feeling like a different woman."

Heart and Nerve Pills are 50c. a box at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

SUNDAY SCHOOL LESSON

MAY 29

PETER UNDAUNTED BY PERSECUTION

Golden Text: "We must obey God rather than men."—Acts 5.29.

Lesson: Acts 5.17-42.

Devotional Reading Psalm 27.1-6.

Explanations and Comments

I. Peter and John Again Imprisoned Are Freed, verses 17-25.—"We cannot but speak the things which we saw and heard," had been the bold declaration of Peter when he and John were brought before the Sanhedrin (our last lesson). Upon their release they continued their preaching, and the people flocked to hear them. The jealousy and enmity of high priests and Sadducees were aroused, and they had the apostles again imprisoned.

"From bitterness preserve me Lord;
From jealous thoughts protect my day;
Again the stroke of envy's sword
Help me to hold my way.

And grant my soul sufficient grace,
To gladden at another's prize,
And look upon his eager face
With sympathetic eyes."

—Henry Robinson Palmer

Early the next morning the Sanhedrin learned that their prisoners had escaped, although the prison was found securely locked and the guards at the doors. They learned also that the prisoners were preaching in the temple. Great was their consternation. What could be done with such defiant men who had an unknown Ally to help them out of prison?

Diamond Jubilee Celebration

Some Suggestions for Guidance of Committees

The mayor or reeve should call a meeting to form a jubilee committee. The municipal council, educational authorities, representatives of churches, societies and other organizations should be included. The function will be to arrange programs for the celebration, and to appoint sub-committees to deal with such matters as finances, decorations, sports, parades, etc. Public buildings and streets should be decorated with flags and bunting, and citizens generally should decorate their homes.

A good way to get people together is to have a procession. Engage the local band and have the children join in the parade in which all societies and organizations should have a part. In the parades, floats portraying the history of our country should be included. If floats cannot be made, the young people might arrange historical tableaux, with suitable music. Veterans should also be requested to join the parades. Newcomers in all districts should be especially invited to take part; where there are old settlers, they should be especially asked to join in the celebrations. The flag should be flown in conspicuous place, and the procession should march past and salute.

There might be a picnic or other demonstration, with sports for the children. In the evening there could be a concert with fireworks and a community bonfire or other illumination.

As a vermicide, an excellent preparation is Mother Graves' Worm Exterminator. It has saved the lives of countless children.

Honor U.S. Members of C.E.F.

Canada to Erect a Memorial at Washington, D.C.

President Coolidge through the secretary of state of the United States, has forwarded to Ottawa an expression of appreciation of the plan recently approved by parliament for the erection in Arlington cemetery at Washington, D.C., of a memorial to Americans who served with the Canadian forces. For this purpose $10,000 was voted and the expenditure has now been formally authorized by the government. The Imperial War Graves commission has also given its consent to the memorial will which take the form of the cross of sacrifice.

Mount MacIlray

Mount MacIlray, 9,020 feet high, is situated to the west of Grant Pass on the Alberta-British Columbia boundary. According to the Geographic Board of Canada, it commemorates the late Most Rev. Robert MacIlray, Anglican Archbishop of Duperts Land and Primate of Canada. Archbishop MacIlray frequently spent his period of recreation in this district.

Student Gains Distinction

Saskatchewan Medical Student Wins Honors in United States

A Saskatchewan student has won the distinction of coming out on top of the first part of the examinations conducted by the United States board of medical examiners.

Malcolm B. Coutts, 26 years, Assiniboia, writing in the examination with students from medical schools throughout the United States and Canada, gained first place, and the only Canadian in the first ten places. He is a son of Mr. and Mrs. R. D. Coutts, Assiniboia. His father is inspector of schools for the Assiniboia inspectorate, and is at present stationed at the Regina normal school.

Simple and Sure. — Dr. Thomas' Eclectric Oil is so simple in application that a child can understand the instructions. Used as a liniment the only direction is to rub, and when used as a dressing to apply. The directions are so plain and unmistakable that they are readily understood by young or old.

Breaking Western Rye Grass Sod

The highest yield of wheat obtained for the first and second years after breaking western rye grass sod at the Scott, Saskatchewan, Experimental Station, was obtained by breaking early in June and treating as summer-fallow. Breaking in the spring and seeding wheat gave a considerably smaller yield per acre in both the first and second years. When it is desirable to take a crop of hay the year the land is broken, very fair results may be obtained by breaking in July and backsetting in September.

Airplanes Have Finished Contract

Transported Huge Articles of Machinery to Churchill Without Mishap

"Our expedition has demonstrated conclusively, I think, the practicability and essentially the safety of the 'plane as a medium of transport for both passengers and freight," said F. J. Stevenson, pilot of the "City of Winnipeg," which with the "City of Toronto" has completed a contract for the Dominion Government department of railways and canals in transporting 16,000 pounds of equipment and supplies, and twelve passengers from Hudson to Fort Churchill on Hudson's Bay, involving 27 round trips over a route of some 950 miles each way.

The 'planes used on the trip, the Fokker monoplane type, were flown up from New York, arriving at Hudson on March 21. The first trip was made on March 23 and the contract completed on April 23. On some days two round trips were made.

The course flown was from Hudson to Norway House, 480 miles airline, frequently without a stop even when loaded; from Norway House to Cache Lake, 280 miles, and from Cache Lake to Fort Churchill, 190 miles. Absolutely no difficulties were experienced, except that the shifting ice formations in the harbor at Fort Churchill sometimes made it necessary to land on a small lake just inland from Churchill. Skiis were used on the planes, and taking off and landing they proved eminently effective. For summer flying purposes these will be replaced with pontoons and every use made of the multitude of lakes, rivers and waterways which abound in the district.

Some idea of the nature of the undertaking may be had from considering the nature and size of the commodities transported. The federal government wanted to get work started with respect to determining the relative suitability of Port Nelson and Fort Churchill as prospective terminals for the Hudson's Bay Railway, now rapidly nearing completion. For this purpose they decided to get staff and equipment on the ground with the least possible delay and Western Canada Airways Limited got the contract to move them in. The equipment was largely drilling and boring machinery. The largest single item weighed approximately 800 pounds and the longest piece of timber handled was twenty feet. To handle this piece of timber it was necessary to make minor alterations in the plane, but everything was transported without mishap.

Stop Taking Chances

Carelessness Usually the Cause of Level Crossing Accidents

You can scarcely read a paper today, within our wide Dominion, without finding an account of a fatality or lesser motor accident. Many of these are at level railroad crossings — someone was careless — maybe a motorist or pedestrian "took a chance." No one should fail to see a railroad crossing even if he has missed seeing the big sign—"Railroad Crossing" some three hundred feet before approaching the said railroad.

Then, what about the locomotive whistle and bell? To Stop, Look and Listen may save a life, or the lives perhaps of passengers in either the automobile or train. Why dare death?

Though your journey is important, the few seconds saved are not worth while. Be sure it is safe before you start to cross. If at night, stop the motor and turn off your lights for a few seconds.

The automobile will never put the railroads out of business by meeting their trains on level crossings. — Bulletin of Canadian Safety League.

Railway to Tar Sands Concessions

Salt Works and Tan Deposits in Alberta to be Served by Railway

The Alberta legislature has authorized a three mile extension of the Alberta Great Waterways railway from the present terminus to the salt works and a tar sands concessions near Fort McMurray. The tar sands concessions has been obtained by a California company which proposes to establish a street and road paving company to operate in all parts of western Canada. This company and the salt company will share with the government the cost of extending the railway.

Leaders in Public Service

Members of the Canadian Daily Newspaper Association were in session at Toronto recently, and it is interesting to note how many of these representatives also find time for public service. In the national arena the veterans are prominent, while in every municipality, without question, the head of the newspaper takes his due share of leadership in some direction or other. Newspaper work and public service are closely allied and in Canada are synonymous terms.

Spirit of Optimism

"The spirit of optimism which characterizes the west is in the ascendant, and personally I have found the people of the prairies and at the coast very cheerful and hopeful," said Grant Hall, Vice-president of the Canadian Pacific Railway, on his inspection tour of Western Canada. "The type of settlers coming into Western Canada is splendid, men and women ready to do their bit in the building up of the country."

New Method to Sterilize Milk

Sterilization of milk and cream by a new process of eliminating bacteria and lactic acid that sours the fluid, thereby overcoming the perishability of milk, is announced by George Grinod, a dairy research expert in Wisconsin. Seven years of study is stated to have produced a scientific process of keeping milk and cream in its natural state.

If a man is not vain he is apt to suffer from vanity of others.

Will Open Mystery Box

X-Ray Reveals Contents Kept Secret For 100 Years

X-rays have succeeded where psychic power failed in revealing the secrets of the famous mystery box left by the prophetess Joanna Southcott, who died in 1814.

The rays showed the outline of a skull, scissors, a horse pistol, a bead bag, rings, coins, pins, a roll of manuscript or a dice-box, and other articles.

On the theory that the manuscript, if there is one, may throw light on the prophetess' announcement that she was to be the "mother of a new Messiah," the box will be pried open.

The contents of the box have been a matter of speculation for more than 100 years. According to tradition it was turned over, after death, to Rebecca Pengarth, her sole companion, who solemnly promised it would never be opened except in a national crisis and in the presence of 24 Bishops.

Joanna Southcott, a domestic servant, born in Devonshire in 1750, claimed supernatural powers and dictated prophecies in rhyme. Her sect numbered over 100,000 at one time and was still in existence, although diappearing rapidly in 1890

Says Most People One-Eyed

Test Made by Pittsburg Professor Yields Interesting Result

Almost 85 per cent. of the population is "one eyed," that is, uses one eye more than the other, according to Dr. A. M. Snyder, Professor of Psychololgy at the University of Pittsburgh, who conducted tests in co-operation with John T. Seaton, instructor in psychology.

In a test with freshmen and sophomores as subjects it was discovered that 89 were right-eyed, 32 left-eyed, and 24 undecided, the psychologists announced.

A questionaire on the matter of glasses revealed that the boys who need glasses wear them, but that the girls in many cases only admit they need them and allow the matter to rest there. Seaton said he believed vanity prompted the girls to neglect their eyes.

Will Celebrate Thoroughly

That British Columbians will observe the sixtieth birthday of Confederation in every town, village and settlement in the province on July 1, is indicated by correspondence received by John Hosie, provincial librarian, who has been placed in charge of provincial arrangements for this occasion by the government.

A bit belated: There is nothing new under the sun. When the old-timers wanted a dragon killed they let St. George do it.

Progress of Chinese Women

Optimistic Factor in Development of National Life Says Oxford Professor

Prof. Scoothill, professor of Chinese at Oxford, says: "It is the Chinese woman who is the brightest spot on the landscape, the most promising spot in the national life. Twenty years ago almost the only girls with any education and with natural feet were the product of certain mission schools. Then nearly half the population of the country, some 200 millions of women and girls, had crippled feet. The effect on carriage, happiness and character is only made evident now that a new race, absolutely, a new race of women, is being evolved. If a sign can be sought of progress in China, perhaps the most felicitous is the signboard on the woman's boot store. Twenty years ago it did noa exist, but now it is found in every city. Then every woman made her "three-inch golden lilies" to cover what remained of her maimed feet. Today the boot store supplies her with beautifully made shoes to wear over her flesh-colored silk stockings."

Proved Advertising Pays

British Fruit Traders Owe Success to Active Campaign

The eat more fruit campaign conducted in Great Britain for more than a year has brought tangible results even in the face of industrial trouble. A report recently supplied to the Fruit Traders' federation announces a gain of $10,000,000 in fruit sales last year over the previous year and nearly $15,000,000 over 1924. This was achieved by a well-organized advertising campaign, the total cost of which was only $200,000. This success is prompting the British dairymen to publicity work for the sale of their products. There may not be the same room for expansion in the sale of butter and cheese, but there is at least an opportunity to induce people to drink more milk. Similar campaigns in the United States and Canada have increased the volume of milk sales in the cities. Canadian fruit growers and dairymen will benefit to some extent by this extra trade developed in Great Britain.

Beam Wireless For Canada

Service to be Established Between Australia and Canada

The management of the company operating the beam wireless service recently inaugurated between Great Britain and Australia, announces that within about eight weeks a similar beam service will be opened between Canada and Australia.

The service between Great Britain and Australia is the longest direct telegraph service in the world. It was started on April 8.

The Canadians plans are announced in a brief item appearing in the Commercial Intelligence Journal, issued by the department of trade and commerce.

No matter how deep-rooted the corn may be, it must yield to Holloway's Corn Remover if used as directed.

Little Helps For This Week

Yea, I have loved thee with an everlasting love; therefore with loving-kindness have I drawn thee.—Jer. xxxi. 3.

O Soul, rejoice!
Thou art God's child indeed, for all thy sinning;
A poor weak child, yet His, and worth the winning
With Saviour eyes and voice.
—George MacDonald.

Just as a mother would not love a child the better for its being turned into a model of perfection by one stroke of magic, but does love it the more deeply every time it tries to be good; so I do hope and believe our great Father does not wait for us to be good and wise to love us, but loves us, and loves to help us in the very thick of our struggle with folly and sin.—Juliana Horatia Ewing

Game Trout in National Parks

The waters in the Canadian National parks in western Canada offer splendid inducements to the angler. Five varieties of game trout have their habitat in the waters of the parks, namely: cut-throat, lake, Dolly Varden, bull and brook.

Treat corns with Minard's Liniment.

Fast Cable Transmission

Cable Message Flashed Around the World in Eight Minutes

All records for fast cable transmission were smashed when a United Press cable dispatch was flashed around the world in eight minutes, and sent around South America in seven minutes.

The cable messages were sent from Columbia, Mo., where the University of Missouri was giving a United Press dinner, relayed on a United Press wire to New York and thence rushed around the world, and around South America, from one United Press bureau to another.

Chamberlain's Tablets

Fifty in a Bottle—25c

WHY TORTURE THE LITTLE ONES

Mothers, do you think it fair to torture your little ones by forcing them to take ill-tasting oils when they need a laxative medicine? Don't you find that the child's dread of these medicines often do more harm than good?

Baby's Own Tablets are the modern substitute for these nauseous doses. They are the very medicine the child requires and are so pleasant to take that they are as easy to administer as a glass of water. They are the perfect remedy for all the minor ailments of little ones, being absolutely guaranteed from injurious drugs.

Baby's Own Tablets accomplish all that castor oil and other bad-tasting remedies can do. In fact they accomplish more as they do not leave the child exhausted from its struggle against taking medicine. They relieve teething pains, banish indigestion and constipation, break up colds and simple fevers and promote healthful, refreshing sleep. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

SICK ABED EIGHT MONTHS

After Taking Lydia E. Pinkham's Vegetable Compound Could Do All Her Work and Gained in Weight

Melfort, Saskatchewan. — "I had inward troubles, headaches and severe pains in my back and sides. I was so sick generally that I could not sit up and I was in bed most of the time for eight months. An aunt came to visit and help me as I was unable to attend to my baby and could not do my work. She told me to try Lydia E. Pinkham's Vegetable Compound, and after taking two bottles I could get up and dress myself. I also took Lydia E. Pinkham's Blood Medicine. When I first took the medicine I only weighed seventy-eight pounds. Now I weigh twice as much. If I get out of sorts or weary and can't sleep I always take another bottle of the Vegetable Compound. I find it wonderfully good for female troubles, and have recommended it to my neighbors. I will be only too glad to answer any letters I receive asking about it."—Mrs. WILLIAM RITCHIE, Box 486, Melfort, Saskatchewan. C

W. N. U. 1682

COULD NOT REST OR SLEEP

Rash on Arms, Neck and Face. Cuticura Heals.

"I was troubled with an itching rash which broke out in blotches on my arms, neck and face. It itched and burned causing me to scratch, and scratching caused eruptions. My face was disfigured and I had to bandage my arms. I could not rest or sleep on account of the irritation.

"A friend advised Cuticura Soap and Ointment so I sent for a free sample. I got relief at once so purchased more, and after using one cake of Soap and part of a box of Ointment I was healed." (Signed) Miss Wava C. Carter, Junction Rd., Springhill, N. S., Aug. 30, 1926.

Use Cuticura Soap, Ointment and Talcum for daily toilet purposes.

Sample Each Free by Mail. Address Canadian Depot: "Blackhouse, Ltd., Montreal" Price, Soap 25c. Ointment 25 and 50c. Talcum 25c.
Cuticura Shaving Stick 25c.

Troubled with Lame Back for Over 17 Years

Now feeling fine as a fiddle

Harry H. Buss of Egmont, B.C., suffered from a lame back for over 17 years. Every spring he was laid up from work. He tried many remedies, but could not obtain relief. He was advised to try Gin Pills and immediately obtained relief. Read his letter:

"There is nothing to compare with Gin Pills. I suffered unspeakably with a lame back for over 17 years. I tried almost everything, even to hot poultices. I could not sleep. After taking two and a half boxes of Gin Pills I am at work again and feel fine as a fiddle. I will not be without Gin Pills from now on. I am telling everyone in this settlement who has kidney or back trouble to give Gin Pills a trial. Publish my letter as I would like others to know what great relief Gin Pills gave me."

Pains in the back, constant headaches, swollen joints, painful urination, murky urine, brick dust deposits, scanty or too frequent voiding of urine are all symptoms of kidney trouble. Relieve your suffering and ensure a future free from kidney ailments. Get a box of Gin Pills today. 50c at all druggists. National Drug & Chemical Co. of Canada, Limited, Toronto, Canada. 124

THE CRESTON REVIEW

Issued every Friday at Creston, B.C. Subscription: $2.50 a year in advance. $3.00 to U.S. points.

C. F. HAYES, Editor and Owner.

CRESTON, B.C., FRIDAY, JUNE 3

Haymakers Should Act

The attention of everyone directly or indirectly interested in hay making on the flats is directed to the fact that the West Kootenay Power & Light Company has made application for a permit to erect works in the neighborhood of their plant at Bonnington which include the putting in of a reservoir that, if erected, will raise the low water level of Kootenay Lake a matter of six feet.

In 1924 a similar application was made but never granted, and we recall that when the matter was in this fashion referred to in this paper the manager of the company lost no time in sending a circular letter to every resident of the district pointing out the fallacy of the Review article, which merely outlined the disastrous consequences that might befall the haymakers if the license to proceed with such works was conceded.

Whether the present proposals of the company are identical to those of 1924, or whether Manager Campbell's hastily compiled circular letter exactly stated the case or otherwise, we have no precise information, but we do believe no harm can come to either the haymakers or the power company by having a formal protest lodged, and someone appear at the hearing of the application on June 15th to make quite sure the works will not prejudicially affect the interests of the feed cutters.

This is a matter that the executive of the Stockbreeders' Association should not overlook. Creston Reclamation Company have already entered a formal objection but their case is not at all on par with the interests of the stockmen. Raising the water of Kootenay Lake six feet will not in any way effect the high dyke the Reclamation Company may build, but if it should so happen that no dykes are erected and the lake level be raised six feet, at low water mark, to the uninitiated the case of the stockmen is one that should have the closest possible direct attention.

No one wishes to see the expansion policy of the power company interfered with, nor do local orchardists wish to be deprived of a free supply of hay amounting to almost 2000 tons annually. The only way equal justice can be done is to see that the low water level is established at a point where haymaking will be safeguarded, and then the company can govern themselves accordingly in the completing of their works.

By all means have all the local interests directly interested at the hearing. It is most likely to be a case of "speak now, or forever here after hold your peace."

Financing the Jubilee

Judging by the reluctance of outside school districts to definitely commit themselves—in saying nothing at all or refusing any information until told just what the celebration is to be like—we hope no harm can come in pointing out that those in charge of the affair cannot announce any definite programme until such time as they have some idea of what funds they will have at their disposal.

If a line of all round entertainment such as the day justifies is to be provided everyone will agree that money will be required, and as the occasion is one of purely national significance we feel sure all will agree that the districts participating should share and share alike, insofar as practicable, in meeting whatever legitimate expense is incurred.

To spread the cost as lightly and make it as easily collectable as possible the Review has always held that the funds should come out of the taxes. Creston village has fallen in with that view to the extent of $125, and the school board has made an interim contribution of $25.

What is desired is that the other school districts that favor a central celebration should make contributions as generous as is possible. Even if funds are shy we cannot conceive of any board of school trustees refusing to borrow, say, $25; the interest on which would be just two dollars if not repaid for a whole year. Just what the finance committee will do in the matter of soliciting funds we have not been informed. If folks of their own freewill and accord want to donate there should be no stopping them, but certainly the Review does not favor any hat passing; the nation's general business is not handled in this fashion, neither should be the exercises befitting the observance of the sixtieth anniversary of the uniting of the provinces of the dominion of which we are all so proud to form a part.

And in addition to the districts contributing to the affair in accord with the best Canadian traditions, it is to be hoped the same national ideals will prevail it putting over the celebration. If in 1867 the half dozen provinces that then functioned as more or less separate units were able to forget their provincial likes and dislikes and unite for all time in a 4000-mile wide Canadian confederacy, surely the half dozen or more districts in the Valley can for one day submerge sectional prejudices and make the sixtieth anniversary of the linking up of the provinces worthy of the day, and the ideals of the makers of confederation.

Cranbrook Papers Merge

Running newspapers just to help pass the time, or for the good and welfare of the community, without any regard for real profit, appears to have been a favorite pastime at Cranbrook the past two years, according to announcements of the Courier and Herald, the latter of which has been absorbed by the Courier, with the Herald plant shifted to Kimberley, where it will publish the Press, which for almost two years has been printed in the Herald office at Cranbrook.

In announcing the change both editors frankly admit they have operated their papers at a loss, Editor Sullivan assuring that since the first of January only three issues of the Courier have shown a margin of profit, with some issues chalking up a loss as high as $75.

In every way the new arrangement will be beneficial. A newspaperman that has to depend on his revenuces from commercial printing to carry his business naturally favors the jobbing trade, and the newspaper must of necessity suffer.

With the Courier alone in the Cranbrook field and the Press all to itself at Kimberley, the change should assure still better papers, with resultant benefit to the communities served—and at a lower cost.

With the new order of things a landmark of Kootenay journalism disappears as the Herald was founded almost thirty years ago. Incidentally history is made in another direction; with the Herald's passing there is now no town in the whole B.C. interior with more than one paper: So mote it be.

The Same Here

In his last issue Editor Sullivan of the Courier pays his respects to the merchant princes of the terminal city as hereunder:

"An outside peddler of an eastern printing house was in the city this week soliciting orders. The Courier can give customers eastern prices, with no long waits for work. If you believe in Cranbrook institutions keep your money at home."

With this sentiment the Review is in very hearty accord, with the exception that we are not guaranteeing to meet eastern prices. Our particular greivance in connection with most of the printing business sent out of town is that the travelling order taken, who packs his printing samples purely as a sideline, fools his customers into buying before the Review is given even a chance to quote prices, much less submit samples of our product. If better printing at the same price, or something that is good enough at a lower price, can be obtained outside than the Review can furnish, by all means let there be no sentiment in business, but in view of our being not too bad at giving a lift with community work, contributing to charitable causes, and paying taxes, to say nothing af the helping hand the Review and our outside newspaper connections extend in keeping Creston on the map, we beleive we are entitled to the courtesy of submitting a price on your printing needs, and that it will be good business noi to overlook us.

Remember, too, that we are equipped to turn out everything needed locally—or we will promptly tell you what you are after is not in our line.

CRESTON MERCANTILE COMPANY

LIMITED

Local and Personal

The Ellen Dow Junior Auxiliary of St. Stephen's Church are having a silver tea at the home of Mrs. S. A. Speers, 3 to 5.30 p.m., Saturday, June 18th.

Sales of new and rebuilt cars by Creston and Erickson garages up to June 1st is placed at very close to $20,000.

Mrs. W. B. Martin left on Monday for Montreal, where she meets her mother who is on her way from England to visit relatives in Canada for the summer.

AUTO FOR SALE—Ford touring car in good running order, $200. Can be seen at J. Carr's Creston. Mrs. E. McGonegal Kitchener.

A. W. Gough, sales manager of the Kimberley Products Company, has been in the Valley this week selling agriculture lime—muscle shells ground to a fine powder, and pronounced one of the best forms of lime for use on the soils of B.C.

Creston riding Liberals will nominate a candidate at a party convention to be held at Nelson this (Thursday) evening. It is expected Hon Dr. MacLean, minister of finance, will be in attendance, and Creston Valley polls are sending a full quota of delegates.

C.P.R. Supt Flett and Divisional Engineer Robertson of Cranbrook were here on Friday making an inspection of the yard for the location of a short siding to take care of car loading operations by Putnam, Palmer & Staples, whose sawmill in the Alexander timber east of town is likely to commence cutting next month.

Mrs. Long, Barton Avenue, received word at the end of the week that her son, Dave, had been killed in a motor accident at Sandpoint, Idaho, the day previous. Deceased had spent part of the winter of 1925-26 with his mother and was known to more than a few in the village, who will sympathize with Mrs. Long in her bereavement.

There was a fair turnout at the Grand Theatre Sunday afternoon for the usual Chautauqua week community service at which Dr. Arnold gave a forceful address on "The Path of the Soul," with John Ross Reed contributing "The Prodigal Son" as a solo number, and Miss Reed and Miss Jensen favoring with the duett, "He Shall Feed His Flock." Both vocal selections were faultlessly rendered, and rounded out a service that will long be remembered. Revs. Daly and Newby had charge of the religious exercises, with A. A. J. Collis presiding at the piano.

Name Committees Jubilee Doings

From village organizations there was a fine turnout of representatives at the meeting on May 25th to get on with the formation of plans for the Confederation Jubilee celebration at Creston on July 1st. Other than delegates from Erickson Whirlwind Club and Canyon Ladies' Community Club outside points were not represented.

The opening feature was announcement by the chairman, Major Mallandaine, that before any programme for the day could be intelligently drafted it would be necessary to know what funds would be available, and a canvass of those present showed the following pledges: Village council, $25; Creston school board, $25; Masonic Lodge, $25; Board of Trade, $15; Whirlwind Club, $10; Rod and Gun Club, $10; Presbyterian Ladies' Aid, $5. A letter from Canyon school board declining to contribute was referred to the secretary for annother appeal. This gives assurance of $215, and as many of the organizations written to had not met to consider the matterup to the 25th, hope is held out that at least another $100 will be forthcoming and the finance committeehas been asked to open a subscription list and donations will be acknwledged through the Review.

A committee of three men and two ladies to select the committees to handle the the day was not favorably received, and on a motion to name these committees in open meeting carrying considerable time was taken up in choosing the committees which are to have power to add. The slate is as follows:

Finance—C. W. Allan, R. J. Forbes, G. Johnson.

Sports—W. J. Truscott, V. Mawson, M. R. Joyce, Miss Beth Putnam.

Parade—Matt. York.

Grounds—H. S. McCreath, M. J. Boyd, J. W. Craig.

Decorations— G. Greenwood, R. Stark, R. S. Bevan, C. B. Twigg, Misses A. Embree and L. Johnson, and Mrs. Hopwood.

Music—W. G. Hendy, Rev. J. Herdman, Rev. S. Newby.

Competitions—Mrs. Stevens, Mrs. Thurston, Mrs. Greenwood, F. H. Jackson, S. A. Speers.

Speakers—C. F. Hayes, Rev. J. Herdman.

Schools—Principals Kelley and McLellan.

Teachers' Auxiliary—Mrs. M. J. Boyd, Miss E. Arrowsmith, Miss V. Murrow.

Programme—Major Mallandaine, C. Murrell, C. W. Allan, W. J. Truscott, Matt York, H. S. McCreath, G. Greenwood, W. G. Hendy, C. F. Hayes, Mrs. M. J. Boyd, Mrs. R. Stevens, Principal Kelly, H. McLaren.

Transportation—H. McLaren, C. M. Loushy, E. Uri, R. M. Telford, H. Young, J. Bird, B. Johnson.

In order to impress upon the outside school districts the worthwhileness of the celebration and the need to organize each district to be sure the youngsters will all be transported, a number of those present volunterred to visit all the schools and interview teachers and trustees in the territory from Kitchener to Sirdar. The next general meeting will be at the call of the chair.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

RED ROSE TEA "is good tea"

114

RED ROSE ORANGE PEKOE is extra good.

The Spirit of Jubilee

It is now clearly manifest that the celebration of Canada's Diamond Jubilee will be general throughout the Dominion, and that the ceremonies marking this historic occasion will be colorful, entertaining and instructive as befits the sixtieth anniversary of a nation's birth. The columns of every daily and weekly paper, however small the latter may be, tell the same story of the holding of public meetings and the appointment of committees of representative citizens to plan a fitting celebration on July 1st and the succeeding two days. It is quite evident that it will be a very unprogressive and poor-spirited community which fails to commemorate the inauguration of the Dominion.

The very general interest being displayed is a gratifying evidence of the pride which Canadians have come to have in their country. It is an evidence of a real national spirit. Equally gratifying is the way in which local communities throughout the Dominion have accepted the lead of the National Committee and are planning to make Dominion Day celebrations truly commemorative of Confederation, rather than merely days of sporting events. Generally speaking, the ceremonies on July 1st will be patriotic and historical in character, while on July 2nd—also a national holiday in this Jubilee year—sports and other programmes will be carried out.

Time, energy and money spent in organizing truly worth-while commemorative ceremonies will be well expended only if the true, underlying spirit of the Jubilee is never lost sight of, but, on the contrary, is strongly emphasized. It is urged that every celebration on July 1st should have "a clear, strong, dominant note of patriotism, directing the hearts and minds of all to Canada." Particularly is it desired that in all Dominion Day ceremonies the most prominent place be given to the children of Canada.

The Jubilee ceremonies should very properly recall the condition of Canada prior to 1867, the lack of unity then existing, the suspicions entertained, the doubts and fears for the future which prevailed. It should be remembered that Confederation was devised to overcome those conditions, to find a solution for the existing problems and difficulties. We should as a people revive in our memories the patriotism, the vision, the self-sacrifice of the Fathers of Confederation who forgot all differences of party, of racial descent, of creed, in order to render service to Canada and the Empire. The spirit of the Fathers should be the spirit of this Diamond Jubilee.

Confederation brought union and strength out of disunion and weakness, it has replaced doubts and fears with confidence; discouragement has given place to courage and a justifiable pride. The achievements of the Canadian people in the succeeding sixty years are without a parallel in the history of the world. They have spanned and re-spanned a continent with bands of steel; they have created a strong and united nation out of isolated colonies; they have placed their flag on the seven seas, and carried their commerce to the uttermost parts of the globe; even in the fiery ordeal of the world's greatest war they took second place to no other people, but by their self-sacrifice and unremitting labor won the admiration of all men and won for Canada a place of equality with the world's greatest and proudest nations.

But Confederation made more than all this possible. It has resulted in revealing the people of Canada to themselves. In working together in the solution of great national problems, in carrying through gigantic enterprises to success, and in devoting their energies to the development of some of the greatest natural resources possessed by any land, they have learned each others good qualities. They have given to the world a great object lesson of how two races, differing in language and in religion, can exercise tolerance and forbearance, and, appreciating the contribution which each has to make for the common good, unite to lay the foundations of a united state, progressive, prosperous and happy.

Recalling the difficulties and achievements of the past, glorying in the present, the real celebration of the Jubilee will be found in a re-affirmative of loyalty and a re-dedication of service to Canada on the part of individual of loyalty and a re-dedication of service to Canada on the part of individual Canadian citizens. This is the true, underlying spirit of Canada's Diamond Jubilee.

Northern B.C. Minerals

A force of engineers of the National Lead Company of New York will invade Northern British Columbia this month to investigate lead and other mineral properties. If their reports are favorable the company will likely become interested and engage in mining. The Portland Canal and Alice Arm will be visited first, after which the party will go to Terrace and other points along the Prince Rupert line of the Canadian National Railways.

White States in Empire

There are six great white states of the British Empire on the Pacific coast—one in Canada, five in Australia. These Empire Pacific states are larger and more populous than the four Pacific states of the United States. Canada alone is nearly as large as all Europe. It is larger than the United States with all its possessions.

Don't get too fresh. Remember what happened to Mrs. Lot.

Druggist Gave Her Advice

Miss Ruth Horowitz, Bronx, N. Y., writes: "Having been troubled with indigestion caused by constipation for several months, my druggist advised me to try CARTER'S LITTLE LIVER PILLS. He said they are good for a hundred different ailments, if people only knew the value of them. I can safely say that since I am taking them, and only one each night, I feel like myself again and can eat most anything."

Those who suffer from sick headache, indigestion, biliousness dredfom and aching feeling, when due to constipation, will find relief in taking CARTER'S LITTLE LIVER PILLS.

CARTER'S LITTLE LIVER PILLS in red packages, 25c. and 75c. Try them tonight. To-morrow refreshed. All druggists.

Veteran Missionary Dead

Late Father Cochin Was Prisoner of Indians in Rebellion of 1885

Rev. Fr. Louis Cochin, O.M.I., veteran missionary among the Cree Indians, one-time prisoner in the camp of Poundmaker during the uprising of 1885, died at Battleford recently at the age of 71. One of the outstanding achievements of his career was his work in connection with the surrender of Poundmaker, the Indian chief, and peace parleys which followed.

Fr. Cochin joined the Oblate Order of priests when a young man in France, and following his ordination to the priesthood, came to the northwest, taking up missionary work among the Indians immediately on his arrival.

Home Not Complete Without Nerviline

When your stomach is badly upset, when you are belching gas and suffering from nausea, the quickest relief will come from 20 drops of Nerviline. Take it in sweetened water and you get an immediate result. Nerviline has been used for nearly half a century and is considered a necessity in most houses, because of its usefulness in preventing many small ills that constantly arise. Sold everywhere in 35 cent bottles.

Northern Grown Seed

Striking Success is Obtained With Canadian Alfalfa Seed

The superior quality of northern seed is nowhere more strikingly shown than in the success obtained with Canadian alfalfa seed. For a long time it was difficult to grow alfalfa successfully in many parts of Canada, but the development of an ample supply of hardy strains of seed has, to a certain extent, solved the problem of winter-killing and the Dominion's alfalfa crop increased from 238,000 acres in 1920 to 858,000 acres in 1926.

Sodium Sulphite

Large Deposits Have Been Located in Western Canada

In Canada sodium sulphate, in the form of salt cake, finds its largest use in the pulp and paper industry, and is also employed in the metallurgical, glass, dye, textile and other industries. Eighty-three occurrences of natural deposits of sodium sulphate have been located in Western Canada, principally in Saskatchewan, and an investigation of 21 of these by the Dominion Department of Mines shows the presence of over 115,000,000 tons of hydrous salts, mainly sodium sulphate.

Miller's Worm Powders not only make the infantile system untenable for worms, but by their action on the stomach, liver and bowels they correct such troubles as lack of appetite, biliousness and other internal disorders that the worms create. Children thrive upon them and no matter what condition their worm-infested stomachs may be in, they will show improvement as soon as the treatment begins.

Lobster Canneries

There are about 500 lobster canneries in Canada employing nearly 7,000 people. The normal catch of lobsters amounts to about 35,000,000 pounds.

Cheapest of all Oils.—Considering the qualities of Dr. Thomas' Eclectric Oil it is the cheapest of all preparations offered to the public. It is to be found in every drug store in Canada from coast to coast and all country merchants keep it for sale. So, being easily procurable and extremely moderate in price, no one should be without a bottle of it.

Heads Geology Department

Dr. T. S. DeLury, who has been on the staff of the University of Manitoba, has been appointed to the head of the department of geology, which has been established by the University of Saskatchewan. Dr. DeLury had done a great deal of investigational work in the mineral areas of Manitoba.

Greenhouses for Lethbridge

At a cost expected to run to the neighborhood of $12,000 ultimately, and has just been broken for the erection of four large greenhouses in Lethbridge by the Terrill Floral Co. The company intends adding from time to time as business warrants.

Canadian Art in Paris

Exhibiaion of Canadian Paintings Praised by French Critics

From Charles Stewart, the Paris correspondent of the New York World, comes this comment on the most recent collection of Canada's art in Paris. He says:

"The exhibition of Canadian paintings sent over to Paris under the auspices of the Fine Arts Commissions of Canada came into the dingy galleries of the Tulleries annex of the Luxemburg Museum like a fresh breeze of wind from the open spaces of the great Northwest. And it is thus that these works of art have been acclaimed by the French critics. There is much excellence in individual efforts and the show as a whole is of a high order of merit. The greater proportion of the 200 canvasses exhibited consists of decorative landscapes, among which "A March Afternoon" and three other paintings by Maurice Cullen are conspicuous by their brilliancy, as are the vividly colored snow scenes by Clarence A. Gagnon. "The magic of the feminine form divine," says one of the critics, "spiritualized through the eyes of the artist does not seem to appeal to the austerity of the Canadian painter."

During the more turbulent storms at sea, waves reach heights ranging from 20 to 50 feet. The highest wave of which there is any reliable report was 80 feet, in 1922.

Hemp for Fibre

Tests completed recently demonstrate that hemp for fibre can be grown very successfully in many parts of Canada.

They Can Be Taken By Old And Young Alike

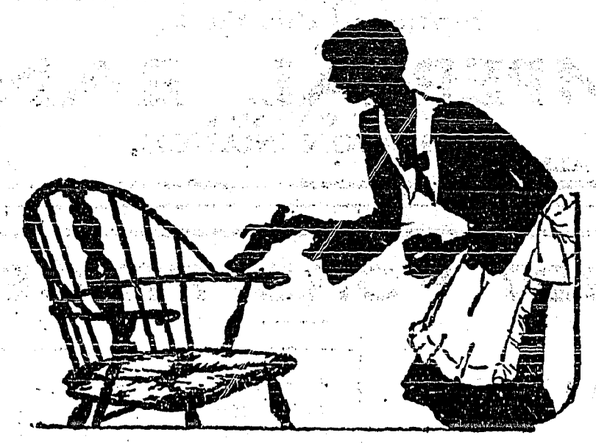
Saskatchewan Lady is Very Enthusiastic About Dodd's Kidney Pills

Mrs. E. M. Tatton Gave Them to Her Little Boy, Who Was Suffering From Urinary Trouble.

Waldron, Sask. (Special)—"Ever since my little boy was born he has suffered with involuntary urination," writes Mrs. E. M. Tatton, a well-known resident of this place. "I thought he would grow out of this, but he did not do so. At times I thought it was pure laziness and used to spank him, until I discovered it was not the child's fault, but kidney weakness. I tried Dodd's Kidney Pills with great success, and he is never troubled now. My husband and I use them frequently whenever we have pains in the back."

Dodd's Kidney Pills have become a family remedy because people have tried them and found them good. They help Rheumatism, Lumbago, Diabetes, Lame Back, Heart Disease and Urinary troubles, because all of these are either kidney diseases or are caused by the kidneys failing to do their work.

Measure a man by his everyday conduct rather than by his extraordinary exertions.



You will really enjoy using

DUCO

IT'S not like the old painting job that had to be carefully guarded for days before it was dry.

With DUCO there are no long waits before you can get your home back in shape after painting. The amazing quickness with which DUCO dries makes it indispensable for brightening up the home, and like the DUCO finish on fine automobiles and furniture it wears and wears and wears.

Good dealers everywhere can supply DUCO in a wide range of colors, Clear DUCO and four beautiful Stains.

There is only ONE Duco—DUPONT Duco

ONTARIO BOY IS LEADING ORATOR OF THE DOMINION

Toronto.—Amid scenes of tremendous enthusiasm before a crowd of 10,000 people, Frederick Hotson, of Tavistock, Ont., Continuation School, was declared Dominion champion orator at the Arena here.

The judges announced their decision as follows:

1—Frederick Hotson, Tavistock, Ont.

2—Miss Simone Landry, St. Adolphe, Man.

3—Miss Jean Cameron, Vancouver.

Julius Pozsar, Young, Sask., and Walter D. A. O'Hearn, Halifax, N.S., were the other competitors, each of whom had won a provincial contest and represented their provinces in tonight's Dominion final.

Te subject of the speeches was: "Canada's Diamond Jubilee; Her Achievements Since Confederation."

The award for Mr. Hotson is a free trip to Europe this summer and the right to represent Canada at the international contest in Washington, D.C., this autumn, meeting competitors from Great Britain, France, United States, Japan, Mexico and the Hawaiian Islands.

The chairman was Right Hon. Sir William Mulock, Chief Justice of Ontario, and the judges were Chief Justice Latchford, John D. Falconbridge, K.C., dean of Osgoode Hall law school, and Professor Keys of the University of Toronto. Right Hon. Arthur Meighen had consented to act as a judge but he was confined to his bed with an attack of influenza and was unable to attend. The meeting was held under the direction of Dr. James L. Hughes, director for Canada of the Canadian and international oratorical contests.

The judges handed in individual judgments in which they marked the five contestants in the order of merit as each judged best. The marks were totalled and the winner declared. The judges, who were not sitting together, did not confer.

Dr. James L. Hughes before Chief Justice Latchford made his announcement of the result for which the crowd was waiting with breathless suspense, pointed out that each of the five contestants was 16 years of age and therefore would still be able to compete in the Dominion and international oratorical contests for another two years.

"If they do, the Lord help the rest of the world," he said.

Insane Drivers

Peculiar State of Affairs Reported From Detroit

Toronto.—According to a special despatch to The Toronto Globe from Detroit, an investigation held by the safety traffic department of the Detroit Automobile Club disclosed the fact that one third of the inmates confined for insanity at St. Joseph's Retreat, Dearborn, hold automobile driver's licenses.

In a communication from the Dearborn chief of police to the Automobile Club, the official says that one inmate of the asylum constantly drives his automobile at a speed in oxbess of 45 miles an hour, believing that at this speed his motor runs upon the power of a foreign spirit. Similar instances were cited as existing menaces to public safety when many of the inmates of the institution were periodically returned to private life.

A state wide investigation to determine the extent of this situation in similar institutions has been opened by M. C. Bristol, of the traffic department.

Issue Liquor Permits

Toronto.—Issuers of permits to purchase liquor at Ontario Government stores—when they are opened—supplied 1,755 persons in Toronto with the slips the first day on which they were available. Seven offices were open throughout the city. There was nothing in the nature of a rush to obtain the permits.

Paris grocers who are making too much money on their wares are being penalized by police, who forbid them the right to show their merchandise on the sidewalks.

W. N. U. 1082

Duty on Buggies and Cutters

Manufacturers Say That Industry is on the Wane

Ottawa.—The rate at which new methods of transportation have supplanted the old was graphically illustrated before the Tariff Advisory Board, when a representative of Canadian companies manufacturing cutters and buggies appeared to oppose an application for a reduction in the duties on these vehicles.

In the year 1910 eleven large firms were manufacturing buggies and cutters, and one was manufactured in the Dominoin that year for every ninety persons.

In the year 1926 two firms were manufacturing these vehicles and there was one manufactured for every 1,800 persons.

These figures were submitted to the board by E. Sweet, Brantford, Ont., appearing for the two concerns manufacturing the vehicles at the present time. He said that the industry had been referred to by the applicants for a tariff reduction as a "dying industry." The figures would seem to bear this out and the manufacturers would request that if the industry had to die, it be allowed to die in peace.

R. J. Deachman presented the application for decreased duties on behalf of the Consumers' League of Canada. He submitted that buggies and cutters were the transportation vehicles of the poorer classes and that tariffs were high when compared with tariffs on automobiles and motorcycles. He asked that this difference be removed.

A. E. Darby, Canadian Council of Agriculture, supported the application.

Assimilating New Canadians

Western Canada Provides Adequate Means for University Education

Toronto.—That western Canada has already solved its great education problem in providing adequate means for the assimilation of New Canadians, was the feeling expressed by Rev. Father McWiggan, vicar-general of the Roman Catholic diocese of Edmonton, here. Dr. McWiggan is in Toronto as official representative of Archbishop O'Leary, of that diocese, for the 75th anniversary celebrations of de La Salle College and the inception of work by the Christian brothers.

"Education is the one thing the young westerner yearns for most," said Dr. McWiggan. "Education in Alberta has been brought to a high plane and we are working in the utmost harmony. It is no longer necessary for western youth to come east for professional teaching. The University of Alberta now provides complete and able faculties in aris, medicine, dentistry, agriculture and education.

Crossed Niagara Gorge in Basket

Niagara Falls, N.Y.—Mrs. Elvira Hulett Gates, the first woman to be carried across the Niagara Gorge in a basket that hung from a cable stretched between the Canadian and American shores in early village days, is dead aged 85. The primitive method of travel before the bridges were constructed was an invention of Mrs. Gates' father.

Close Montreal Dairies

Montreal.—In an effort to stop the spread of typhoid fever, in Montreal, which has been prevalent here recently, two milk supply concerns in Montreal were ordered closed by Dr. A. Lessard, director of provincial bureau of health, here. The action was taken under the Quebec Public Health Act.

Guests of French President

London.—King George and Queen Mary were guests of honor at a banquet of President Doumergue, of France, who is on a visit to Britain. The French embassy, where the banquet was given, was lavishly decorated. One hundred guests were present, including ambassadors with their wives and numerous members of society.

Buys More From U.S.

Ottawa.—Canada is buying more from the United States. During the 12 months ending March, imports from the United States were $688,000,000 against $610,000,000 in the previous year. Exports were $466,000,000, a decline of eight millions.

PROVINCES PLAN CONFERENCE TO BE HELD IN FALL

Victoria, B.C.—The last week in September and the first week in October have been suggested by the British Columbia Government as the best time for holding the inter-provincial conference planned by the federal government for this year.

This suggestion was advanced by Hon. J. O. MacLean, acting premier, in reply to a communication from Hon. Fernand Rinfret, Canadian Secretary of State, who is making arrangements for the gathering of representatives from all parts of the Dominion to discuss inter-provincial relations.

Mr. Rinfret has informed Dr. MacLean that the federal authorities will prepare an agenda for the conference on the basis of suggestions from the provinces and forward it here as soon as possible.

Strawberry Yield Lighter

Increase in B.C. Acreage But Decrease in Ontario

Ottawa.—The commercial bearing acreage of strawberries in Ontario for 1927 is placed at 1,590 acres by the Dominion Fruit Branch, practically the same as last year. The principal commercial districts are as follows: Burlington, 700 acres; Niagara, 300; Norfolk, 400; London and Sarnia, 150; Prince Edward County, 780; other districts, 40.

Last year the commercial production in these districts was placed at 3,992,500 quarts. Bearing conditions of the plantations in the Clarkson and Norfolk districts this year range from 10 to 25 per cent. less than last year. This condition is attributed to the small runner growth produced last season.

Last year British Columbia claimed 1,225 acres, with a total yield of 3,920,000 quarts, while this year the bearing acreage is placed at 2,042 acres, which, based on normal production, should produce 6,126,000 quarts.

New Depot for Edmonton

Winnipeg. — Announcement was made by W. A. Kingsland, general manager of the western region, Canadian National Railways, that the contract for building the new station at Edmonton, has been awarded to the Permanent Construction Company, Edmonton. Work on the new structure will commence immediately.

Ramsay MacDonald Ends Visit

New York.—J. Ramsay MacDonald, former Prime Minister of Great Britain, sailed for home on the Cunard Liner Berengaria May 17, ending his second visit to America, made to return with his daughter Isabel to the scenes of his honeymoon visit 30 years ago.

Robbery Is Frustrated

Winnipeg Police Take Into Custody Several Suspects

Winnipeg—Within a few days Winnipeg was to have been the scene of a bank robbery, but a police raid frustrated elaborate plans alleged to have been made by a gang of local bandits, and five men are now charged with conspiracy to rob. Two other men are held as members of the gang, while several material witnesses are said to be in the police cells, although information concerning them has not been divulged.

The arrest of the gang follows a sweeping investigation of underworld hangouts in the city, during which scores of men known to the police were questioned. The robbery of the bank, according to the police, had been planned for April 22. On that date five men, armed with revolvers, drove in an automobile to a branch bank in the west end of the city. The presence of two men on bicycles, whom the bandits took for police officers, frustrated the robbery, but plans for a new attempt had been drawn up.

Fleet Will Watch Boundary

Ottawa Orders High Speed Boats to Patrol East Coast

Ottawa.—A fleet of more than twenty vessels, with a speed in some cases of about 30 knots, has been commissioned to patrol the coast line along the Maritimes in an effort to combat smuggling.

These vessels will be supplemented by 20 or 25 high-powered automobiles operating from strategic points where roads meet in Nova Scotia, New Brunswick and Prince Edward Island.

Official announcement to this effect has been made by the Department of National Revenue.

Fewer Jobless in Britain

London.—For the first time since the general strike which occurred early in May, 1926, the unemployment figures for Great Britain are now below the million mark, being 998,000, or 23,000 fewer than a year ago. The improvement in employment is most noticeable in the iron, steel and engineering industries. There is still depression in the coal fields, however, and four mines in South Wales are closed temporarily.

Trade Increase During April

Ottawa.—Canada's trade continues to grow. Increase in April exports was greater than in imports, when comparison is made with April of last year. Total trade increase was $24,000,000, divided:

Exports, increase, $17,000,000.

Imports, increase, $7,000,000.

U.S. Envoy Coming

Washington.—Hon. William Phillips, newly appointed minister to Canada, will go to Ottawa the last of this month to present his letters of credence, he informed President Coolidge.

British Legion Settlers Arrive

One of the finest single parties to swell Canadian population this year, arrived in Canada recently at Quebec aboard the Canadian Pacific steamer Montrose. The party of five families numbering 100 persons in all came to Canada under the auspices of the British Empire Service League, being the first to be sent to Canada through this immigration scheme.

The men are all ex-service veterans and are highly desirable types of settler on account of the fact that all have been trained in farm work at the Ministry of Labor's Training Farm at Brandon, Suffolk, England. They have been instructed in various branches of agriculture to enable them to meet conditions in this country as they find them.

The above photograph was taken at the C.P.R. station in Winnipeg and shows a number of this party waiting for the train that will carry them farther west to their new homes in Saskatchewan.

CADET SYSTEM OF TRAINING IS ABLY DEFENDED

Ottawa.—"It is the duty of a country which compels its manhood to serve in the hour of need, to provide some system of training, so that they may not be called upon to do something they know nothing about," declared Major-General J. H. MacBrien, retiring Chief-of-Staff, in his farewell message to Ashbury College cadet corps, at the annual inspection here. His address was a defence of the cadet system in Canada, recently subjected to attack.

The law of Canada requires that all males between the ages of 18 and 45 or 60 should serve in time of war, General MacBrien said, although this was not generally known. It therefore was the duty of Government to provide a system for training men to be prepared. The cadet system was a beginning for preparedness.

Cadet training developed the spirit of co-operation which served all well in every course of life.

Airplanes Will Spray Rust-Infected Fields

Experiments With Sulphur to be Started in July

Ottawa, Ont.—The department of agriculture has completed purchase of a large amount of sulphur to be used in spraying rust-infected grain fields in the Red River Valley.

The spraying is to be done by aeroplanes of the Royal Canadian Air Force and the work will be commenced early in July, according to Dr. J. H. Grisdale, deputy minister of agriculture, who discussed the prospects of the experiment. The use of sulphur, he said, had been found beneficial in the United States, although the spraying was a very dangerous operation on account of the necessity for low flying.

If the experiments prove a success the department will carry out a larger programme next year, he said.

Given Speed Trials

British Cruiser Berwick Develops Over 80,000 Horse Power

London.—The British cruiser Berwick, laid down in September, 1923, and the first of her class to be completed, was given her high speed trials Tuesday. For eight hours she was driven under full power. The propelling machinery developed over 80,000 horse power and the cruiser maintained a speed of between 32 and 35 knots.

Four other vessels of the same type were provided for under the 1923-24 estimate—the Cornwall, Cumberland, Kent and Suffolk. The ships are of the 10,000 tons standard displacement established by the Washington naval treaty.

Will Attend Celebration

Kingston, Ont.—Sir Hugh John MacDonald, Winnipeg, son of Sir John A. MacDonald, first Premier of Canada, has tentatively accepted the invitation of the City of Kingston, his birthplace, to attend the diamond jubilee celebration here. Sir Hugh John intimates that his health is not good just now but he is hoping it will be so improved that on July 1 he can attend the celebration and greet the many old friends he has here.

Oxford Students Protest

Oxford, England. — Hundreds of Oxford undergraduates were lined up for their turns at a trip in an aeroplane, at the aviation field, when proctors appeared and ordered them off the field. The students protested at being forbidden to fly and the proctors took many names. It is reported that many disguised themselves as workman and made flights later in the day.

Russia Sending Delegation

Ottawa.—The United States of Soviet Russia, in other words the Soviet Republic, is sending a delegation of some thirty persons to the World's Poultry Congress to be held in Ottawa from July 27 to August 4. These will include the official delegates and some five or six representatives from the country at large.

Now packed in *Aluminum*, the same as years ago.

RED ROSE TEA "is good tea"

114

RED ROSE ORANGE PEKOE is extra good.

The Spirit of Jubilee

It is now clearly manifest that the celebration of Canada's Diamond Jubilee will be general throughout the Dominion, and that the ceremonies marking this historic occasion will be colorful, entertaining and instructive as befits the sixtieth anniversary of a nation's birth. The columns of every daily and weekly paper, however small the latter may be, tell the same story of the holding of public meetings and the appointment of committees of representative citizens to plan a fitting celebration on July 1st and the succeeding two days. It is quite evident that it will be a very unprogressive and poor-spirited community which fails to commemorate the inauguration of the Dominion.

The very general interest being displayed is a gratifying evidence of the pride which Canadians have come to have in their country. It is an evidence of a real national spirit. Equally gratifying is the way in which local communities throughout the Dominion have accepted the lead of the National Committee and are planning to make Dominion Day celebrations truly commemorative of Confederation, rather than merely days of sporting events. Generally speaking, the ceremonies on July 1st will be patriotic and historical in character, while on July 2nd—also a national holiday in this Jubilee year—sports and other programmes will be carried out.

Time, energy and money spent in organizing truly worth-while commemorative ceremonies will be well expended only if the true, underlying spirit of the Jubilee is never lost sight of, but, on the contrary, is strongly emphasized. It is urged that every celebration on July 1st should have "a clear, strong, dominant note of patriotism, directing the hearts and minds of all to Canada." Particularly is it desired that in all Dominion Day ceremonies the most prominent place be given to the children of Canada.

The Jubilee ceremonies should very properly recall the condition of Canada prior to 1867, the lack of unity then existing, the suspicions entertained, the doubts and fears for the future which prevailed. It should be remembered that Confederation was devised to overcome those conditions, to find a solution for the existing problems and difficulties. We should as a people revive in our memories the patriotism, the vision, the self-sacrifice of the Fathers of Confederation who forgot all differences of party, of racial descent, of creed, in order to render service to Canada and the Empire. The spirit of the Fathers should be the spirit of this Diamond Jubilee.

Confederation brought union and strength out of disunion and weakness, it has replaced doubts and fears with confidence; discouragement has given place to courage and a justifiable pride. The achievements of the Canadian people in the succeeding sixty years are without a parallel in the history of the world. They have spanned and re-spanned a continent with bands of steel; they have created a strong and united nation out of isolated colonies; they have placed their flag on the seven seas, and carried their commerce to the uttermost parts of the globe; even in the fiery ordeal of the world's greatest war they took second place to no other people, but by their self-sacrifice and unremitting labor won the admiration of all men and won for Canada a place of equality with the world's greatest and proudest nations.

But Confederation made more than all this possible. It has resulted in revealing the people of Canada to themselves. In working together in the solution of great national problems, in carrying through gigantic enterprises to success, and in devoting their energies to the development of some of the greatest natural resources possessed by any land, they have learned each others good qualities. They have given to the world a great object lesson of how two races, differing in language and in religion, can exercise tolerance and forbearance, and, appreciating the contribution which each has to make for the common good, unite to lay the foundations of a united state, progressive, prosperous and happy.

Recalling the difficulties and achievements of the past, glorying in the present, the real celebration of the Jubilee will be found in a re-affirmative of loyalty and a re-dedication of service to Canada on the part of individual of loyalty and a re-dedication of service to Canada on the part of individual Canadian citizens. This is the true, underlying spirit of Canada's Diamond Jubilee.

Northern B.C. Minerals

A force of engineers of the National Lead Company of New York will invade Northern British Columbia this month to investigate lead and other mineral properties. If their reports are favorable the company will likely become interested and engage in mining. The Portland Canal and Alice Arm will be visited first, after which the party will go to Terrace and other points along the Prince Rupert line of the Canadian National Railways.

White States in Empire

There are six great white states of the British Empire on the Pacific coast—one in Canada, five in Australia. These Empire Pacific states are larger and more populous than the four Pacific states of the United States. Canada alone is nearly as large as all Europe. It is larger than the United States with all its possessions.

Don't get too fresh. Remember what happened to Mrs. Lot.

Druggist Gave Her Advice

Miss Ruth Horowitz, Bronx, N. Y., writes: "Having been troubled with indigestion caused by constipation for several months, my druggist advised me to try CARTER'S LITTLE LIVER PILLS. He said they are good for a hundred different ailments, if people only know the value of them. I can safely say that since I am taking them, and only one each night, I feel like myself again and can eat most anything."

Those who suffer from sick headache, indigestion, biliousness tired out and aching feeling, when due to constipation, will find relief in taking CARTER'S LITTLE LIVER PILLS.

CARTER'S LITTLE LIVER PILLS in red packages, 25c, and 75c. Try them tonight. To-morrow refreshed. All druggists.

Veteran Missionary Dead

Late Father Cochin Was Prisoner of Indians in Rebellion of 1885

Rev. Fr. Louis Cochin, O.M.I., veteran missionary among the Cree Indians, one-time prisoner in the camp of Poundmaker during the uprising of 1885, died at Battleford recently at the age of 71. One of the outstanding achievements of his career was his work in connection with the surrender of Poundmaker, the Indian chief, and peace parleys which followed.

Fr. Cochin joined the Oblate Order of priests when a young man in France, and following his ordination to the priesthood, came to the northwest, taking up missionary work among the Indians immediately on his arrival.

Home Not Complete Without Nerviline

When your stomach is badly upset, when you are belching gas and suffering from nausea, the quickest relief will come from 20 drops of Nerviline. Take it in sweetened water and you get an immediate result. Nerviline has been used for nearly half a century and is considered a necessity in most houses, because of its usefulness in preventing many small ills that constantly arise. Sold everywhere in 35 cent bottles.

Northern Grown Seed

Striking Success is Obtained With Canadian Alfalfa Seed

The superior quality of northern seed is nowhere more strikingly shown than in the success obtained with Canadian alfalfa seed. For a long time it was difficult to grow alfalfa successfully in many parts of Canada, but the development of an ample supply of hardy strains of seed has, to a certain extent, solved the problem of winter-killing and the Dominion's alfalfa crop increased from 238,000 acres in 1920 to 858,000 acres in 1926.

Sodium Sulphite

Large Deposits Have Been Located in Western Canada

In Canada sodium sulphate, in the form of salt cake, finds its largest use in the pulp and paper industry, and is also employed in the metallurgical, glass, dye, textile and other industries. Eighty-three occurrences of natural deposits of sodium sulphate have been located in Western Canada, principally in Saskatchewan, and an investigation of 21 of these by the Dominion Department of Mines shows the presence of over 115,000,000 tons of hydrous salts, mainly sodium sulphate.

Miller's Worm Powders not only make the infantile system untenable for worms, but by their action on the stomach, liver and bowels they correct such troubles as lack of appetite, biliousness and other internal disorders that the worms create. Children thrive upon them and no matter what condition their worm-infested stomachs may be in, they will show improvement as soon as the treatment begins.

Lobster Canneries

There are about 500 lobster canneries in Canada employing nearly 7,000 people. The normal catch of lobsters amounts to about 35,000,000 pounds.

Cheapest of all Oils.—Considering the qualities of Dr. Thomas' Eclectric Oil it is the cheapest of all preparations offered to the public. It is to be found in every drug store in Canada from coast to coast and all country merchants keep it for sale. So, being easily procurable and extremely moderate in price, no one should be without a bottle of it.

Heads Geology Department

Dr. T. S. DeLury, who has been on the staff of the University of Manitoba, has been appointed to the head of the department of geology, which has been established by the University of Saskatchewan. Dr. DeLury had done a great deal of investigational work in the mineral areas of Manitoba.

Greenhouses for Lethbridge

At a cost expected to run to the neighborhood of $12,000 ultimately, sod has just been broken for the erection of four large greenhouses in Lethbridge by the Terrill Floral Co. The company intends adding from time to time as business warrants.

Minard's Liniment for dandruff.

Canadian Art in Paris

Exhibiaion of Canadian Paintings Praised by French Critics

From Charles Stewart, the Paris correspondent of the New York World, comes this comment on the most recent collection of Canada's art in Paris. He says:

"The exhibition of Canadian paintings sent over to Paris under the auspices of the Fine Arts Commissions of Canada came into the dingy galleries of the Tulleries annex of the Luxemburg Museum like a fresh breeze of wind from the open spaces of the great Northwest. And it is thus that these works of art have been acclaimed by the French critics. There is much excellence in individual efforts and the show as a whole is of a high order of merit. The greater proportion of the 200 canvasses exhibited consists of decorative landscapes, among which "A March Afternoon" and three other paintings by Maurice Cullen are conspicuous by their brilliancy, as are the vividly colored snow scenes by Clarence A. Gagnon. "The magic of the feminine form divine," says one of the critics, "spiritualized through the eyes of the artist does not seem to appeal to the austerity of the Canadian painter."

During the more turbulent storms at sea, waves reach heights ranging from 20 to 50 feet. The highest wave of which there is any reliable report was 80 feet, in 1922.

Hemp for Fibre

Tests completed recently demonstrate that hemp for fibre can be grown very successfully in many parts of Canada.

They Can Be Taken By Old And Young Alike

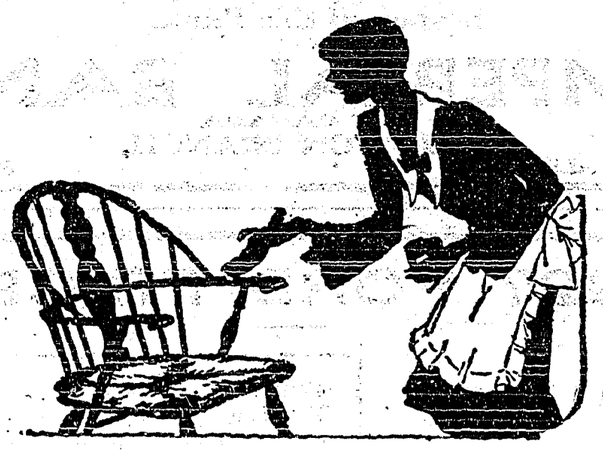
Saskatchewan Lady is Very Enthusiastic About Dodd's Kidney Pills

Mrs. E. M. Tatton Gave Them to Her Little Boy, Who Was Suffering From Urinary Trouble.

Waldron, Sask. (Special)—"Ever since my little boy was born he has suffered with involuntary urination," writes Mrs. E. M. Tatton, a well-known resident of this place. "I thought he would grow out of this, but he did not do so. At times I thought it was pure laziness and used to spank him, until I discovered it was not the child's fault, but kidney weakness. I tried Dodd's Kidney Pills with great success, and he is never troubled now. My husband and I use them frequently whenever we have pains in the back."

Dodd's Kidney Pills have become a family remedy because people have tried them and found them good. They help Rheumatism, Lumbago, Diabetes, Lame Back, Heart Disease and Urinary troubles, because all of these are either kidney diseases or are caused by the kidneys failing to do their work.

Measure a man by his everyday conduct rather than by his extraordinary exertions.



You will really enjoy using

DUCO

IT'S not like the old painting job that had to be carefully guarded for days before it was dry.

With DUCO there are no long waits before you can get your home back in shape after painting. The amazing quickness with which DUCO dries makes it indispensable for brightening up the home, and like the DUCO finish on fine automobiles and furniture it wears and wears and wears.

Good dealers everywhere can supply DUCO in a wide range of colors, Clear DUCO and four beautiful Stains.

There is only ONE Duco—DUPONT Duco

ONTARIO BOY IS LEADING ORATOR OF THE DOMINION

Toronto.—Amid scenes of tremendous enthusiasm before a crowd of 10,000 people, Frederick Hotson, of Tavistock, Ont., Continuation School, was declared Dominion champion orator at the Arena here.

The judges announced their decision as follows:

1—Frederick Hotson, Tavistock, Ont.

2—Miss Simone Landry, St. Adolphe, Man.

3—Miss Jean Cameron, Vancouver.

Julius Pozsar, Young, Sask., and Walter D. A. O'Hearn, Halifax, N.S., were the other competitors, each of whom had won a provincial contest and represented their provinces in tonight's Dominion final.

Te subject of the speeches was: "Canada's Diamond Jubilee: Her Achievements Since Confederation."

The award for Mr. Hotson is a free trip to Europe this summer and the right to represent Canada at the international contest in Washington, D.C., this autumn, meeting competitors from Great Britain, France, United States, Japan, Mexico and the Hawaiian Islands.

The chairman was Right Hon. Sir William Mulock, Chief Justice of Ontario, and the judges were Chief Justice Latchford, John D. Falconbridge, K.C., dean of Osgoode Hall law school, and Professor Keys of the University of Toronto. Right Hon. Arthur Meighen had consented to act as a judge but he was confined to his bed with an attack of influenza and was unable to attend. The meeting was held under the direction of Dr. James L. Hughes, director for Canada of the Canadian and international oratorical contests.

The judges handed in individual judgments in which they marked the five contestants in the order of merit as each judged best. The marks were totalled and the winner declared. The judges, who were not sitting together, did not confer.

Dr. James L. Hughes before Chief Justice Latchford made his announcement of the result for which the crowd was waiting with breathless suspense, pointed out that each of the five contestants was 16 years of age and therefore would still be able to compete in the Dominion and international oratorical contests for another two years.

"If they do, the Lord help the rest of the world," he said.

Insane Drivers

Peculiar State of Affairs Reported From Detroit

Toronto.—According to a special despatch to The Toronto Globe from Detroit, an investigation held by the safety traffic department of the Detroit Automobile Club disclosed the fact that one third of the inmates confined for insanity at St. Joseph's Retreat, Dearborn, hold automobile driver's licenses.

In a communication from the Dearborn chief of police to the Automobile Club, the official says that one inmate of the asylum constantly drives his automobile at a speed in excess of 45 miles an hour, believing that at this speed his motor runs upon the power of a foreign spirit. Similar instances were cited as existing menaces to public safety when many of the inmates of the institution were periodically returned to private life.

A state wide investigation to determine the extent of this situation in similar institutions has been opened by M. C. Bristol, of the traffic department.

Issue Liquor Permits

Toronto.—Issuers of permits to purchase liquor at Ontario Government stores—when they are opened—supplied 1,755 persons in Toronto with the slips the first day on which they were available. Seven offices were open throughout the city. There was nothing in the nature of a rush to obtain the permits.

Paris grocers who are making too much money on their wares are being penalized by police, who forbid them the right to show their merchandise on the sidewalks.

W. N. U. 1682

Duty on Buggies and Cutters

Manufacturers Say That Industry is on the Wane

Ottawa.—The rate at which new methods of transportation have supplanted the old was graphically illustrated before the Tariff Advisory Board, when a representative of Canadian companies manufacturing cutters and buggies appeared to oppose an application for a reduction in the duties on these vehicles.

In the year 1910 eleven large firms were manufacturing buggies and cutters, and one was manufactured in the Dominoin that year for every ninety persons.

In the year 1926 two firms were manufacturing these vehicles and there was one manufactured for every 1,800 persons.

These figures were submitted to the board by E. Sweet, Brantford, Ont., appearing for the two concerns manufacturing the vehicles at the present time. He said that the industry had been referred to by the applicants for a tariff reduction as a "dying industry." The figures would seem to bear this out and the manufacturers would request that if the industry had to die, it be allowed to die in peace.

R. J. Deachman presented the application for decreased duties on behalf of the Consumers' League of Canada. He submitted that buggies and cutters were the transportation vehicles of the poorer classes and that tariffs were high when compared with tariffs on automobiles and motorcycles. He asked that this difference be removed.

A. E. Darby, Canadian Council of Agriculture, supported the application.

Assimilating New Canadians

Western Canada Provides Adequate Means for University Education

Toronto.—That western Canada has already solved its great education problem in providing adequate means for the assimilation of New Canadians, was the feeling expressed by Rev. Father McWiggan, vicar-general of the Roman Catholic diocese of Edmonton, here. Dr. McWiggan is in Toronto as official representative of Archbishop O'Leary, of that diocese, for the 75th anniversary celebrations of de La Salle College and the inception of work by the Christian brothers.

"Education is the one thing the young westerner yearns for most," said Dr. McWiggan. "Education in Alberta has been brought to a high plane and we are working in the utmost harmony. It is no longer necessary for western youth to come east for professional teaching. The University of Alberta now provides complete and able faculties in arts, medicine, dentistry, agriculture and education.

Crossed Niagara Gorge in Basket

Niagara Falls, N.Y.—Mrs. Elvira Hulett Gates, the first woman to be carried across the Niagara Gorge in a basket that hung from a cable stretched between the Canadian and American shores in early village days, is dead aged 85. The primitive method of travel before the bridges were constructed was an invention of Mrs. Gates' father.

Close Montreal Dairies

Montreal.—In an effort to stop the spread of typhoid fever, in Montreal, which has been provalent here recently, two milk supply concerns in Montreal were ordered closed by Dr. A. Lessard, director of provincial bureau of health, here. The action was taken under the Quebec Public Health Act.

Guests of French President

London.—King George and Queen Mary were guests of honor at a banquet of President Doumorgue, of France, who is on a visit to Britain. The French embassy, where the banquet was given, was lavishly decorated. One hundred guests were present, including ambassadors with their wives and numerous members of society.

Buys More From U.S.

Ottawa.—Canada is buying more from the United States. During the 12 months ending March, imports from the United States were $688,000,000 against $610,000,000 in the previous year. Exports were $466,000,000, a decline of eight millions.

PROVINCES PLAN CONFERENCE TO BE HELD IN FALL

Victoria, B.C.—The last week in September and the first week in October have been suggested by the British Columbia Government as the best time for holding the inter-provincial conference planned by the federal government for this year.

This suggestion was advanced by Hon. J. O. MacLean, acting premier, in reply to a communication from Hon. Fernand Rinfret, Canadian Secretary of State, who is making arrangements for the gathering of representatives from all parts of the Dominion to discuss inter-provincial relations.

Mr. Rinfret has informed Dr. MacLean that the federal authorities will prepare an agenda for the conference on the basis of suggestions from the provinces and forward it here as soon as possible.

Strawberry Yield Lighter

Increase in B.C. Acreage But Decrease in Ontario

Ottawa.—The commercial bearing acreage of strawberries in Ontario for 1927 is placed at 1,590 acres by the Dominion Fruit Branch, practically the same as last year. The principal commercial districts are as follows: Burlington, 700 acres; Niagara, 300; Norfolk, 400; London and Sarnia, 150; Prince Edward County, 780; other districts, 40.

Last year the commercial production in these districts was placed at 3,992,500 quarts. Bearing conditions of the plantations in the Clarkson and Norfolk districts this year range from 10 to 25 per cent. less than last year. This condition is attributed to the small runner growth produced last season.

Last year British Columbia claimed 1,225 acres, with a total yield of 3,920,000 quarts, while this year the bearing acreage is placed at 2,042 acres, which, based on normal production, should produce 6,126,000 quarts.

New Depot for Edmonton

Winnipeg. — Announcement was made by W. A. Kingsland, general manager of the western region, Canadian National Railways, that the contract for building the new station at Edmonton, has been awarded to the Permanent Construction Company, Edmonton. Work on the new structure will commence immediately.

Ramsay MacDonald Ends Visit

New York.—J. Ramsay MacDonald, former Prime Minister of Great Britain, sailed for home on the Cunard Liner Berengaria May 17, ending his second visit to America, made to return with his daughter Isabel to the scenes of his honeymoon visit 30 years ago.

Robbery Is Frustrated

Winnipeg Police Take Into Custody Several Suspects

Winnipeg.—Within a few days Winnipeg was to have been the scene of a bank robbery, but a police raid frustrated elaborate plans alleged to have been made by a gang of local bandits, and five men are now charged with conspiracy to rob. Two other men are held as members of the gang, while several material witnesses are said to be in the police cells, although information concerning them has not been divulged.

The arrest of the gang follows a sweeping investigation of underworld hangouts in the city, during which scores of men known to the police were questioned. The robbery of the bank, according to the police, had been planned for April 22. On that date five men, armed with revolvers, drove in an automobile to a branch bank in the west end of the city. The presence of two men on bicycles, whom the bandits took for police officers, frustrated the robbery, but plans for a new attempt had been drawn up.

Fleet Will Watch Boundary

Ottawa Orders High Speed Boats to Patrol East Coast

Ottawa.—A fleet of more than twenty vessels, with a speed in some cases of about 30 knots, has been commissioned to patrol the coast line along the Maritimes in an effort to combat smuggling.

These vessels will be supplemented by 20 or 25 high-powered automobiles operating from strategic points where roads meet in Nova Scotia, New Brunswick and Prince Edward Island.

Official announcement to this effect has been made by the Department of National Revenue.

Fewer Jobless in Britain

London.—For the first time since the general strike which occurred early in May, 1926, the unemployment figures for Great Britain are now below the million mark, being 998,000, or 23,000 fewer than a year ago. The improvement in employment is most noticeable in the iron, steel and engineering industries. There is still depression in the coal fields, however, and four mines in South Wales are closed temporarily.

Trade Increase During April

Ottawa.—Canada's trade continues to grow. Increase in April exports was greater than in imports, when comparison is made with April of last year. Total trade increase was $24,000,000, divided:

Exports, increase, $17,000,000.

Imports, increase, $7,000,000.

U.S. Envoy Coming

Washington.—Hon. William Phillips, newly appointed minister to Canada, will go to Ottawa the last of this month to present his letters of credence, he informed President Coolidge.

British Legion Settlers Arrive

One of the finest single parties to swell Canadian population this year, arrived in Canada recently at Quebec aboard the Canadian Pacific steamer Montrose. The party of five families numbering 100 persons in all came to Canada under the auspices of the British Empire Service League, being the first to be sent to Canada through this immigration scheme.

The men are all ex-service veterans and are highly desirable types of settler on account of the fact that all have been trained in farm work at the Ministry of Labor's Training Farm at Brandon, Suffolk, England. They have been instructed in various branches of agriculture to enable them to meet conditions in this country as they find them.

The above photograph was taken at the C.P.R. station in Winnipeg and shows a number of this party waiting for the train that will carry them farther west to their new homes in Saskatchewan.

CADET SYSTEM OF TRAINING IS ABLY DEFENDED

Ottawa.—"It is the duty of a country which compels its manhood to serve in the hour of need, to provide some system of training, so that they may not be called upon to do something they know nothing about," declared Major-General J. H. MacBrien, retiring Chief-of-Staff, in his farewell message to Ashbury College cadet corps, at the annual inspection here. His address was a defence of the cadet system in Canada, recently subjected to attack.

The law of Canada requires that all males between the ages of 18 and 45 or 60 should serve in time of war, General MacBrien said, although this was not generally known. It therefore was the duty of Government to provide a system for training men to be prepared. The cadet system was a beginning for preparedness.

Cadet training developed the spirit of co-operation which served all well in every course of life.

Airplanes Will Spray Rust-Infected Fields

Experiments With Sulphur to be Started in July

Ottawa, Ont.—The department of agriculture has completed purchase of a large amount of sulphur to be used in spraying rust-infected grain fields in the Red River Valley.

The spraying is to be done by aeroplanes of the Royal Canadian Air Force and the work will be commenced early in July, according to Dr. J. H. Grisdale, deputy minister of agriculture, who discussed the prospects of the experiment. The use of sulphur, he said, had been found beneficial in the United States, although the spraying was a very dangerous operation on account of the necessity for low flying.

If the experiments prove a success the department will carry out a larger programme next year, he said.

Given Speed Trials

British Cruiser Berwick Develops Over 80,000 Horse Power

London.—The British cruiser Berwick, laid down in September, 1923, and the first of her class to be completed, was given her high speed trials Tuesday. For eight hours she was driven under full power. The propelling machinery developed over 80,000 horse power and the cruiser maintained a speed of between 32 and 35 knots.

Four other vessels of the same type were provided for under the 1923-24 estimate—the Cornwall, Cumberland, Kent and Suffolk. The ships are of the 10,000 tons standard displacement established by the Washington naval treaty.

Will Attend Celebration

Kingston, Ont.—Sir Hugh John MacDonald, Winnipeg, son of Sir John A. MacDonald, first Premier of Canada, has tentatively accepted the invitation of the City of Kingston, his birthplace, to attend the diamond jubilee celebration here. Sir Hugh John intimates that his health is not good just now but he is hoping it will be so improved that on July 1 he can attend the celebration and greet the many old friends he has here.

Oxford Students Protest

Oxford, England. — Hundreds of Oxford undergraduates were lined up for their turns at a trip in an aeroplane, at the aviation field, when proctors appeared and ordered them off the field. The students protested at being forbidden to fly and the proctors took many names. It is reported that many disguised themselves as workman and made flights later in the day.

Russia Sending Delegation

Ottawa.—The United States of Soviet Russia, in other words the Soviet Republic, is sending a delegation of some thirty persons to the World's Poultry Congress to be held in Ottawa from July 27 to August 4. These will include the official delegates and some five or six representatives from the country at large.

Camp-Fire Permits

This year it is necessary to have a Permit from some Forest Officer before any camp-fire may be set out in any forest or woodland.

Be sure to get a Permit for your camp-fire and follow the instructions printed on the back of it.

FOR SALE—Touring car, good as new. Enquire Review Office.

STORE FOR RENT OR SALE—On Main Street, Creston Drug & Book Store.

JERSEY HEIFER FOR SALE—Purebred, 15 months old. K. Andrew, Box 64, Creston.

Although May was quite showery at times the rainfall was but one and a half inches.

The committee of Christ Church will meet after evening service on Sunday next.

Next Sunday is Whitsundy. The season will be observed at the Anglican Church service.

Fred Grant of Vancouver is a Creston visitor at present, the guest of Mr. and Mr. E. N. Holmes.

According to the first horticultural crop report the 1927 season in Creston Valley is three weeks later than 1926.

COW FOR SALE—Two milch cows; one grade Jersey, other Holstein-Jersey, price right, Enquire Review Office.

Up to June 1st 208 auto licenses have been issued at Creston, epualling the total number of plates sold for the whole of 1926.

AUTO FOR SALE—Ford touring car in good running order, $200. Can be seen at J. Carr's Creston. Mrs. E. McGonegal, Kitchener.

H. G. Greenwood, manager of the Creston sub central of the Associated Growers, was a visitor at Boswell at at the end of the week.

Miss Cora Biccum, who is an appendicitis patient at Cranbrook hospital, is reported making a satisfactory recovery after an operation last week.

Miss Lillian Cherrington is spending a few days on a visit with Nelson friends, and in her absence Miss Eileen Hendy is assisting at the post-office.

The official records show that since the first of the year about 85 new and rebuilt autos and trucks have been sold in the Creston district already this season.

Charlie Holmes, who is employed in a garage at Calgary, Alberta, arrived at the end of the week on a visit with his parents, Mr. and Mrs. E. N. Holmes.

The Girls Junior Guild of Christ Church are having a tea and sale of needlework and candy in the Parish Hall, Saturday, June 11th, to which all are invited.

The play, "Smilin' Thru," on Monday night's Chautauqua, attracted the biggest crowd ever seen at a public gathering in Creston. The paid admissions were 465.

All free miners' licences expired on Tuesday night. About two dozen of these were issued at Creston the past year, and thirteen of them have already been renewed.

R. S. Bevan and R. Walmsley were motor visitors to Bonners Ferry on Tuesday, where they represented Creston at a highway conference in connection with the north and south road.

George Bush left at the end of the week for the Whitewater mine north of Kaslo, where he is now employed in the concentrator. His brother, Charlie, is also on the Whitewater payroll.

The trout fishing season which opened on May 24th is attracting little or no attention. Due the muddy state the streams are in and with the water on the rise anglers have not yet got busy.

Dan Burton of Cranbrook was shaking hands with Creston friends on Monday, when he made a short visit at the Ryckman home. Mrs. Ryckman, sr., who is still at Cranbrook, is having indifferent health.

May, 1927, has proven the dullest month of the name in the Valley's recent history. For the month there was not more than half a dozen sunny days, and sunshine was very scarce the other 25 days of the month.

A meeting of the convenors of committees of the Confederation Jubilee celebration is called for tonight at 8 o'clock at the town hall, when the programme committee will commence framing the day's schedule of events.

The Women's Institute June meeting is scheduled for Friday next, at 8 p.m. Business in connection with the annual flower show will be a feature of the session. Mrs. Murrell will also report on the recent conference at Chilliwack.

Bandmaster Hendy has his musicians out every Tuesday night for practice and the band will give a good account of itself on Dominion Day. Amongst the eighteen musicians are three ladies—Misses Jean and Florence Craigie and Hazel Canady.

P. Mann, who has been residing in England for almost the past two years, arrived back in Creston on Friday, and will be here for some time in charge of his orchard property. He states that emigration from the Old Country is heavy this year, and still more would leave if they had the means to travel.

"Notables I have Met," was the subject of an address in the United Church on Sunday evening by Dr. Arnold, the Chautauqua lecturer of Saturday evening, with Mr. and Miss Reed and Miss Jensen assisting with musical numbers. The church was filled to capacity, and the whole service highly appreciated.

The first crop report for 1927 made its appearance last week and states that the mid-April frost will shorten up the cherry crop 15 per cent. Pears promise a heavy crop, and winter apples, other than Northern Spy, will be heavier than a year ago. Plums and prunes are to be a fair crop, with raspberries lighter than last season.

Misses Freda Lewis, Ruth Swanson Eva Webster, were amongst the 1927 class of almost a hundred graduating as nurses at Vancouver General Hospital this month, with the presentation of diplomas and other graduation features at the hospital on Friday last. All the girls have lost time to make up and it will be at least August before their three-year hospital training is completed.

Registrar of marriages, H. McLaren, issued the first license since his appointment on Friday last, the newlyweds being Julius Olan Hall and Mrs. Jane Barnes, who motored in from Boise, Idaho, that day, and were united in wedlock by Rev. J. Herdman.

Creston turned in ... 8 ... over Yahk in the return baseball game at Yahk on Sunday, with considerable credit for the win due Charlie Holmes who got off the train at that point on his way home from Calgary, and pitched a game with all his oldtime ability.

"STILL SERVING"

What the Red Cross is doing for the Good of Canada

For the Veteran
Befriends 3,500 soldiers still in hospital . . . relieves sickness and need in their families . . . cares for the soldier settler . . . provides sheltered employment for the disabled in three Veterans' Workshops.

For the Children
Through Junior Red Cross, has aided 5,000 crippled children and has pledged over 137,000 school children to practice health habits and to serve others.

For the Pioneer
Brings nursing service to those in frontier districts through 39 Outpost Hospitals and Nursing Stations.

For the New Canadian
Welcomes and gives needed attention to immigrant mothers and children at three Seaport Nurseries.

For the Mothers and Daughters
In Home Nursing Classes, has taught principles of nursing, diet and home hygiene to over 12,000 women and girls.

For the Disaster Victim
Is organized to afford prompt relief to sufferers from fire, flood and epidemic.
