

THE CRESTON REVIEW

VOL. XIX. CRESTON, B. C., FRIDAY, AUGUST 5, 1927 No. 24

Canyon City

Mr. and Mrs. Beeson and Mr. and Mrs. Geo. Hurl and family of Vanguard, Sask., arrived here a few days ago, on a visit with the latter's parents, Mr. and Mrs. M. Hurl.

Axel Berggren and John Nuygaard are at Creston again, where they have another pole hauling contract with the Winlaw firm.

Jeff Knott, who is employed at the Dominion garage, Trail, was home at the weekend for a few days' visit.

Mrs. L. Handley is a visitor with parents, Mr. and Mrs. Brett. Her husband is at present a hospital patient at Cranbrook.

The Ladies Aid have their annual ice-cream social on Saturday at the home of Mrs. Knott, to which all are invited.

Elsie Clayton was the only successful Entrance candidate at the 1927 examinations. The results were announced last week.

All the berry pickers who have been employed at Wynndel since the early part of July are home again. The raspberry crop there has been lighter than first expected.

Rev. and Mrs. Stanley Annis and children were motor visitors here one day last week with the former's uncle, H. Young. Mr. Annis has been on mission work in central China for the past eleven years, and was on his way to visit with friends in Alberta.

There will be double church service here on Sunday afternoon, Rev. J. Herdman at 3 for the United Church, and Rev. S. Newby at 3.30 with Anglican worship.

Alice Siding

Mrs. Leslie McMurtrie and young son of Winnipeg, Man., arrived on Thursday last on a visit with Mr. and Mrs. W. A. McMurtrie.

Mrs. Gelleitz of Grassy Lake, Alberta, is a visitor here at present with her mother, Mrs. Stace Smith.

There is still quite an outgo of raspberries at the Smith Crossing depot, but we are into the tail end of the season now.

Everard Constable arrived home from Victoria at the end of the month, where he has been a visitor for several weeks past.

Jack Brubaker, who has been working at Kitchener, arrived at the end of the week to take a job with Putnam, Palmer & Staples, Limited, whose mill, east of Creston, commenced work on Monday.

Mrs. Martin announces that the community Sunday school will resume

GRAND THEATRE SATURDAY, AUG. 6

JACK HOLT in Zane Grey's 'Mysterious Rider'

This mysterious masked Lathario with flowing scarf and screaming steed, riding through the stilly stretches of the night—where does he come? Hoofs follow—nearer—nearer! What has he done?

REGULAR PRICES

on Sunday, August 7th, at the schoolhouse. A full attendance is asked for as arrangements will be made for the annual picnic.

Word reached here at the end of the week of the marriage at Kimberley of Miss Elva, daughter of Mr. and Mrs. John Kelly, to Jack McDonald of Kimberley. The event took place at Kimberley, Fr. Hartman officiating.

Lister

Miss Ruby Lister of the nursing staff of St. Eugene Hospital, Cranbrook, is spending her two weeks' vacation at her home here.

Mrs. Fred Powers and son, Manning, got back on Saturday, from a two weeks holiday visit at Victoria.

Herb Sparrow of Klockmann arrived here on Friday and is spending a few days on his ranch in the Cannady Addition.

Lister Trading & Supply Co., Ltd., are this week warehousing a carload of the well known Ogilvie feeds and Royal Household flour. This is the second car lot taken this year.

Walter Edwards left on Wednesday for Klockman, where he is expected to remain for some time.

The first building permit for August has been taken out by Alf Well-spring, who is enlarging his barn and putting quite a large addition to his hay shed.

Miss Annie Yerbury left at the first of the week for Kimberley, where she has secured a position and will be remaining for the next few months. Miss Doris Yerbury is away on a visit with friends at Nelson.

Tom Yerbury and Mr. and Mrs. Pat Holland arrived on Tuesday from Kimberley, and will be remaining for the balance of the week on a visit with his mother here.

A. R. F. Bernard has given up possession of his first location and is now occupying the former Jock McKay place along the Canyon-Porthill road, for which he arranged an exchange earlier in the year.

It is reported here that Miss Hazel Hobden, in charge of the Huscroft school for the past two years, has resigned, and will become principal of Kitchener school at the opening of school next month.

The trustees have been unable to decide on a teacher for Lister school. However, there is no scarcity of instructors. Over 200 have already applied for the position.

Word has just reached Lister of the marriage on July 5th, at Spokane of Miss Flossie Evans, formerly of Lister and now of Sandpoint, who was joined in holy wedlock with Thomas Walls of Spokane. We understand the bride will complete her course in nursing at the Sandpoint hospital before taking up housekeeping.

Huscroft district has lost a good citizen in the departure of T. A. Banks on a visit at prairie points, and thence on to England, from where it is unlikely he will return. He has been chairman of the school board there, as well as prominent in all community activities and his place will be hard to fill.

With 104 out of 130 marks John Bird heads the list of all the Grade 8 pupils in the East Kootenay inspectorate who qualified for bronze medals in the history competition at the mid-summer examinations. The win is all the more creditable in that he is the only pupil from a rural school to get into the medal class.

Stockmen, Attention!

No cattle will be allowed on the Creston flats until after August 8th, 1927. All cattle and horses must have either a free or paid grazing permit. GEO. NIOCKEL, Secretary, Creston Valley Stockbreeders' Association.

FOR SALE—At Creston, six-roomed house, good garden, 150 x 200 feet, few young trees—apples, pears, cherries. Vegetables to last family a year. Apply A. E. Davie, Creston.

Lumberton Won Sunday Baseball

Lumberton had the best of Sunday's base ball fixture but they were forced to carry the game into an extra innings before emerging on the long end of a 15 to 10 score. At the outset things surely looked rosy for Creston who piled up a score of nine runs at the close of the third innings but from that point on Mitchell was master of the situation and with the exception of the eighth when another counter was annexed the locals drew six scoreless innings.

The contest was pretty much a pitchers' battle with both heavers getting loose support in one frame which accounts for the top heavy score. In addition, Watson found ten rounds about three too many as it was in ninth the tying run was pushed over and in the tenth the visitors had no trouble whatever in finding him, and he was withdrawn in favor of Fred Boffey who got the last two batters for but one tally which was on the way when he went in.

On the defense there was little to choose between the teams, but it was in the hitting that Lumberton showed class, centrefielder Lewis and catcher Pascuzzo being particularly effective, along with Robertson, the boy short-stop, who had a triple, double and single to his credit, while Mason, at third, is credited with five safeties on six trips to the nan.

For Creston Mittum caught the popular fancy with his hitting and fielding, although his drop of a long fly in the fatal fifth helped pave the way for the big score of that innings. McKelvey's play at first could hardly be improved on. He caught everything within reach and handled all the rollers into that territory without a miss, and on two of these not only made the out at the initial sack but also prevented runners scoring from third. Watson pitched effectively and gets credit for one of the four two ply swats credited to the locals. In addition to catching a great game Telford is a great asset to the team as he has the knack of steadying things down in tight places.

In an effort to save the day Jim Dodds batted for Botterill in the eighth, and in the ninth Jack Dodds substituted at the bat for Boffey, getting a two bagger, after two were out, but Ben Crawford, another pinch hitter, who followed struck out. The official score:

Table showing baseball scores for Creston and Lumberton, listing AB, R, H, PO, E for various players.

Table showing baseball scores for Creston and Lumberton, listing AB, R, H, PO, E for various players.

Ray Orisler called the balls and strikes, and a Lumberton fan umpired the bases, to the general satisfaction of quite a large turnout of spectators who contributed freely in the freewill offering that was taken.

This Sunday, 7th, Moyie will play at Creston, with the game scheduled to commence at 4 p.m. promptly.

Sirdar

Mrs. Sid McCabe and children, who have been holidaying at Penticton for a couple of weeks, returned home on Wednesday last.

Now the mosquitoes are pretty well at an end Kuskanook is attracting permanent summer residents, Mrs.

Hays and family and Mrs. McLaren and children are there and Mrs. R. Walters of Creston has taken the Tea-room Inn, which she will have for a summer home.

Mr. and Mrs. Walthers, Mr. and Mrs. Losby, Mrs. North and Mrs. Brown were motor callers at Creston during the week.

Mrs. Mohondron of Portland, who has been here on a visit with her sister, Mrs. Roy Proctor, spent the weekend with her sister, Mrs. Frank Bamford, at Nelson.

The telephone gang stringing the copper wire from Tadanac to Kimberley was located here for a few days last week, moving on to Creston on Monday.

Mr. and Mrs. G. Cam got back from Nelson on Sunday where they had spent a few days.

Mrs. Whiteside was a visitor with Cranbrook friends this week.

Rev. S. Newby was down from Creston for Church of England service on Monday night.

After a month's vacation on a trip to Alaska, Supt. Flett made Sirdar an official visit at the end of the week.

Mr. and Mrs. Harry McCabe of Colfax, Wash., arrived by motor on Sunday on a visit with Mr. and Mrs. Sid McCabe.

Wynndel

Charles Richards received injuries to his collarbone while oiling belts at the Winlaw mill on Friday last.

Miss Severn of Procter was a weekend visitor at Wynndel, and on her return was accompanied by E. Ringheim.

The dry weather that at present prevails is hard on the potato and other vegetable crops.

Mr. and Mrs. Packman and family of Calgary, Alberta, are here on a visit with Mr. and Mrs. H. F. Packman.

Steve Bendette, who has been working in the Lardeau, returned home last week.

N. Winlaw spent a few days in Spokane on a business visit last week.

Mr. and Mrs. Marsden of Kimberley were Wynndel visitors last week when they were guests of Mrs. Slingsby.

August Benedette was a between trains caller at Wynndel on Sunday.

Oscar Otter and Art Piggott, who have been at Trail a couple of weeks, have returned home.

Fr. Cullinan of Cranbrook was calling on some of his parishioners at Wynndel last week.

T. Slingsby and son, Howard, were motor visitors to Lumberton and Kimberley last week. They made the trip by motor.

The former K. Dewar ranch, of Wynndel has just been purchased by Pat Downey of Creston. Another property change is that of the Davis ranch which has been brought by Mr. Rumsey, a C.P.R. brakeman of Cranbrook.

A quiet wedding was solemnized on Thursday evening last when Ivy Gelleite and Geo Cam were united in marriage at the bride's home, Rev. J. Herdman officiating. For the present they are residing at Sirdar.

Clara Wittman was the victim of quite a serious accident on Friday morning. While reaching for her coat she overbalanced, falling on the vacuum-washer and sustained internal injuries. At present her condition is very satisfactory.

At Penticton the June estimate of the 1927 apple crop has now been reduced about 15 per cent.

\$2.75 per trip is paid for the transportation of children by vans from south Grand Forks to the public school in that town.

Certificate of incorporation has just been issued a company to erect a \$10,000 cheese factory at Edgewood, on the Arrow Lakes.

Kitchener

Jack Gilles of Tochy spent the weekend with Kitchener friends.

Misses Laura Andeen and Esther Nelson got back on Saturday after a few days' visit with Cranbrook friends.

R. S. Brown of Seattle is a visitor with Mr. and Mrs. B. Johnson, arriving on Tuesday.

Allan and Fred Cameron of Moyie have returned to their home after a week's holiday visit with their grandmother, Mrs. Z. Geroux.

E. L. Sengt of the Page & Hill Pole Company, Spokane, arrived Sunday to check the poles which are now going out to different points.

As the Sash & Door Company saw-mill is closed down now there is considerable unemployment at Kitchener at present.

J. C. McCura of Cranbrook was a business visitor on Tuesday. A McIntosh of Winnipeg, Man., was another business caller the same day. C. Lynch and J. McCready of Calgary, Alberta, were two others doing business here on Tuesday.

M. V. Allan of the forestry office staff, Nelson, was a motor caller on Tuesday.

Capt Oatts and Mr. and Mrs. T. C. Clark of Nelson, were here on Tuesday. Mr. Clark is the patrol overseer for the provincial forestry department and an official visitor.

T. G. Hoefler of Lethbridge, Alberta, A. Corrie of Fernie, and J. E. Webster of Cranbrook were calling on business firms at Kitchener on Wednesday.

Kitchener was favored with a call from two prominent Wynndel residents on Thursday. The visitors were George Huscroft and Paul Otter.

J. Enthwist, M. Young and W. W. Perry of Vancouver were motor callers on Thursday. C. H. Staef and W. C. Kettlewell of Nelson were other business callers the same day.

Kitchener had a call from a quartette of Creston Valley's foremost business men on Friday. Those who were passing out the glad hand were Frank Staples and Frank Putnam of Erickson, and R. S. Bevan and J. D. Spiers of Creston.

Jack McRobb, Creston's temporary provincial police officer, made an official call on Saturday W. G. Littlejohn of Erickson was also a Saturday visitor with Kitchener friends, and was accompanied by Col. Fred Lister, M.P.P.

Hot Weather DRINKS

The High Cost of Weeds

Actual evidence of the loss in value of weed-infested farm land is shown in an extract from the report of an inspector valuing a certain farm for leasing purposes. In his report, this inspector says: "It is badly infested with sow thistle—as are all the farms in the neighborhood. I have valued \$1,000 less than I would if clean of this weed."

This \$1,000 represented 12 per cent. of the value of the farm. Many inspectors would have discounted the value to an even greater extent.

The question naturally suggests itself: What, Mr. Farmer, is your weed crop costing you?

You may not be contemplating a sale of the land, nor considering the placing of a loan on it. For the time being the actual value of the land may be of no particular interest to you, except from a taxation standpoint. Nevertheless, the question is none the less pertinent: What is your weed crop costing you?

If you are using dirty seed, it is costing you something for seeding it. Let it be assumed that the weeds are already there and seed themselves and that the cost of seeding can be eliminated. But you have to cut the weeds along with the grain; that costs something. You have to thresh the weed seeds, along with the grain; that costs something more. You haul many pounds of weed seeds along with the grain to the elevator; more cost. You pay elevator charges on the total weight; another cost. You pay freight on the weed seeds as well as on the grain; extra cost. Finally, you pay to have the weed seeds cleaned from the grain; added cost. These are direct outlays. Have you ever taken time to figure up these costs? Their total would surprise you. And, by the way, having borne all these costs, what sum of money did you realize for the weeds thus raised and marketed by you?

But, apart from these direct costs, what was the total of the indirect cost of your annual weed crop? How much life and nutriment did these weeds extract from your land? How much moisture did they consume which would have given additional strength to your grain? How many extra bushels of wheat or oats or other grain per acre would you have realized from your land if it had been clean of weeds, and you had been producing grain only. Instead of an unmarketable mixture of grain and weed seeds?

But, you argue, there is another side to the weed account in your farm ledger. It costs something to get rid of weeds and to keep land free of them. Perfectly true. And if you have permitted your land to become badly infested, the initial cost of weed eradication will be heavy. In fact, you may have hastily concluded that it is cheaper to go on raising weeds and grain together than to make a fight against the weeds. It is well to remember, however, that year by year the weeds will become more numerous and the grain smaller and smaller.

Then, too, the day may come when you will want to sell the farm, and you will discover that a weed-infested farm invites few buyers and a low price. Furthermore, it is safe to predict that if you continue to grow weeds, and thereby automatically reduce your grain yield, the time is coming when you will be forced to apply to a Company for a loan. Then Mr. Inspector will report that he values your land at from 10 to 20 per cent. less than he otherwise would if it had been free of weeds.

The most expensive and the least remunerative crop any farmer can raise is a crop of weeds, yet thousands of Western farmers are engaged in this losing business. Why? Because they have never taken the time to reckon up the cost, or because of shiftness, or downright laziness. Possibly ignorance is the cause, the farmer failing to realize that allowing weeds to grow and flourish on his land means just as much work for himself in the long run as is involved in fighting them, while the cost of growing weeds is many times greater than the cost of eradicating them.

And if the cost and loss to the individual farmer is so great, it is, in the aggregate, to the municipality, the province, and the Dominion so enormous as to stagger the imagination.

Fight weeds as you would fight fire. Fight even harder, because you can insure property against fire, but not against weeds. The only insurance against weeds must be provided by your own labor. It will prove one of the best paying of all your farm efforts.

Want Canadian Birds For Field Museum

Expedition From Chicago Seeks Extensive Exhibit In B.C.

British Columbia will probably have an extensive exhibit of her northern bird life in the Field Museum in Chicago as the result of the work of John Borden Field Museum Alaska Arctic expedition which is working in northern waters this summer. Ashley Hins, a Canadian, is one of the ornithologists with the party. The work is being carried out

under the direction of Mr. Borden in a private yacht built especially for the purpose.

"We intend to spend some time in northern British Columbia waters, thence along the coast to Alaska and are particularly interested in obtaining specimens of Canadian birds and animals to complete our North American collections."

Italian Flier Remembered

A monument to the fame of Francesco de Pinedo, Italian four-continent flyer, has been raised by aeroplane pilots at Miller Flying Field, Staten Island, in the form of the "Hotel de Pinedo," built from the packing case in which the Santa Maria II. was shipped to the United States. The "hotel" is 10 feet by 20 feet, is covered with the tar paper that lined it on its ocean voyage, and is fitted up with beds for 10 pilots.

Canada stands second in the number of telephones in use and in the production of automobiles and lumber, third in gold and silver production, seventh in steel production, and fourth in that of coal.

England Is Founding New Naval Museum

Valuable Exhibits Have Been Handed Over By Admiralty

A National Naval and Nautical Museum, the first of its kind in England, is to be founded at Queen's House, Greenwich.

A magnificent start has been given to the new venture by the Lords Commissioners of the Admiralty, who will hand over the entire contents of the Royal Naval Museum, including:

The Chatham chest, dating back to the Armada.

Drake's astrolabe.

Compass and dipping needle of Captain Cook.

The Franklin relics.

Model of the Battle of Trafalgar.

Uniform of Sir Charles Napier.

West collection of Nelson relics.

Admiralty scale models of British battleships from 1670 to 1370.

Nelson relics and other treasures now in the Painted Hall.

There will also be a collection of plans of ships built for the navy from the middle of the XVII century, a series unequalled in any other country, and models will illustrate the progress of naval construction from the Devastation to the Dreadnought.

THE NURSING MOTHER

Often Finds Herself Weak and Feeling Worn-Out

The nursing mother more than any other woman needs rich blood and plenty of it. The demands upon her health are many and severe. Household duties and the care of her children exact heavy toll, while hurried meals, broken rest and indoor living tend to weaken her. No wonder she is often indisposed through weakness, headaches, backaches and nervousness. In this condition the blood will always be found weak and watery, and relief will come only through enriching the blood. For this purpose Dr. Williams' Pink Pills is the best blood-making tonic known. Through their use many weak, ailing wives and mothers have found new health and strength. As an example of this Mrs. Sarah Cortez, Ellenstown, N.B., says:—"While nursing my baby I became run-down, very weak and nervous. My head ached all the time and I was not able to do my work. I had often read of Dr. Williams' Pink Pills and began using them, and what a blessing they proved. Before I had used a half dozen boxes I felt like a new person, and by their continued use for a while I was entirely restored to my former health and strength. I take pleasure in recommending Dr. Williams' Pink Pills to everyone suffering as I did."

You can get these pills through any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

New Regulation Passed

Grain Owners May Now Appeal on Condition and Grade

A new regulation has been passed by the Board of Grain Commissioners giving the owners of grain the right to appeal on questions of condition as well as to grade of their grain.

The regulation comes into effect on August 1 and is being put into force experimentally to demonstrate whether it is beneficial or otherwise to the grower of grain. The regulation applies to Port William, Port Arthur, Winnipeg, Edmonton and Vancouver and does not govern cargo shipments.

Hitherto the only appeal possible was against the grade given.

Increases Elevator Capacity

If construction of the new Alberta Wheat Pool elevator is started within a month or so, as expected, it will be ready to begin operations in December. It will raise Vancouver's elevator capacity to 10,200,000 bushels. Six years ago there was only one elevator at the port with 1,250,000 bushel capacity.

The Positive One—"My friend there is no such thing as a useless article, and I challenge you to give me an instance."

The Equally Positive One—"Well what about a glass eye at a keyhole?"

Corns cause much suffering, but Holloway's Corn Remover offers a speedy, sure, and satisfactory relief.

Many a man is kept busy today trying to undo the things that he did yesterday.

All you have to do to stir up trouble is tell the truth on all occasions.

Immigrants Pouring In

Population Being Increased at Rate of One Thousand a Day

Immigration to Canada in the month of May this year totalled 23,941, according to a statement issued by the department of immigration and colonization. This is an increase of 29 per cent. over May, 1926, when the total immigration to Canada was 18,620; and 79 per cent. over May, 1925, when the total immigration to Canada for that month was 13,338.

Last May there were 8,408 British came to Canada; 2,503 from the United States and 13,030 from other countries, as compared with 7,936 British; 2,063 from the United States and 851 from other countries in May, 1926.

Immigration for April and May of this year totalled 59,882 or almost 1,000 persons per day for the two months.

In May of this year 5,561 Canadians who had gone to the United States intending to remain there permanently returned to Canada declaring their intention of staying in the Dominion. These are not included in the immigration figures.

Miller's Worm Powders seldom fail. They immediately attack the worms and expel them from the system. They are complete in themselves not only as a worm destroyer, but as a highly beneficial medicine for children, correcting weak digestion and restoring the debilitated system to healthfulness, without which the growth of the child will be retarded and its constitution weakened.

Merger of Shingle Makers

Amalgamation of the Shingle Makers of British Columbia

One of the largest business mergers that has taken place in British Columbia in recent years is that of the amalgamation of the shingle manufacturers of the province. At least 95 per cent. of the shingle manufacturers of British Columbia are now included in the recently formed organization, known as the Consolidated Shingle Mills of British Columbia, Limited.

Each shingle company is interested to the extent of the value of its plant. The new organization will have supervision over manufacturing and selling.

The amalgamation is along the lines of similar movements in the lumber trade in the United States, the aim of which is to stabilize trade conditions.

Accorded Full Military Honors

A funeral with full military honors was accorded to J. T. Kardley of Lore, Man., one of the three victims of the airplane disaster near Millbrook, Manitoba. The bodies of F. J. Wrong and Wm. C. Weaver were forwarded respectively to Ottawa and Melfort, Sask., for burial.

Canada Regains Cup

Canada won the Mackinnon challenge cup by nineteen points from teams representing England, Scotland, Ireland, Wales and other parts of the Empire. Canada thus regained the trophy which she lost to Scotland last year by 14 points.

Generally speaking a pest is a person who, when you politely and disinterestedly ask him how he is, proceeds to tell you.

Testing Ability To Go Without Sleeping

Aviators at Camp Borden Better Record of Lindbergh

Canadian Air Force aviators at Camp Borden have been undergoing tests to determine their ability to go without sleep. It is understood that several bettered the record of Colonel Charles A. Lindbergh, when he remained awake on his trans-atlantic flight, and one flier, Lieut. Dave Harding, former Queen's and Camp Borden rugby player, remained awake and actively on duty for more than 52 hours. Then, it is said, he sat down to read a magazine and, forgetting the contest, dozed off in mid-afternoon.

Fresh Supplies in Demand.

Wherever Dr. Thomas' Electric Oil has been introduced increased supplies have been ordered, showing that wherever it goes this excellent Oil impresses its power on the people. No matter in what latitude it may be found its potency is never impaired. It is put up in most portable shape in bottles and can be carried without fear of breakage.

Upset Long Tradition

A departure from the long tradition of serving fine wines at Guildhall banquets and receptions to Great Britain's guests occurred at the luncheon to King Fuad. The Egyptian monarch expressed a wish to be served no alcoholic drink, since this was contrary to the ordinance of Mohammed.

The Friend of All Sufferers.

Dr. Thomas' Electric Oil is a valuable remedy to all those who suffer pain. It holds out hope to everyone and realizes it by stilling suffering everywhere. It is a liniment that has the blessing of half a continent. It is on sale everywhere and can be found wherever enquired for.

Tobacco Growing in B.C.

It is reported from Victoria that a company is being formed in British Columbia to engage extensively in tobacco growing and manufacture.

Keep Minard's Liniment near at hand.

A few years from now we shall probably see mermaids sitting by the side of the trans-Atlantic air highway, selling hot dogs and deep sea souvenirs.

Mothers Should Use

When The Babies Are Cutting Teeth

During the baby's teething time, in the hot summer months, the bowels become loose and diarrhoea, dysentery, colic, cramps and other bowel complaints manifest themselves; the gums become swollen, cankers form in the mouth, and in many cases the child wastes to a shadow, and very often the termination is fatal.

This is the time when the mother should use "Dr. Fowler's," and, perhaps, save the baby's life.

It has been on the market for the past 80 years; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Blisters.

Prevent any chance of infection by using Minard's. Heals also.

PRINCE MICHAEL ASCENDS THRONE OF RUMANIA

Bucharest.—One hundred and one guns boomed a salute to King Michael I. of Rumania announcing to the assembled multitudes that the six-year-old monarch has ascended the throne, succeeding his grandfather, King Ferdinand.

Prince Michael, whose mother is Princess Helen of Greece, was born October 25, 1921, and created heir apparent on Dec. 31, 1925, on his father, Prince Carol, renouncing his rights to the succession.

Some time ago a regency council was appointed for Prince Michael, the regency consisting of Prince Nicholas, 23 year old son of King Ferdinand, the patriarch of Rumania and the Chief Justice of the supreme court.

A cortege composed of the royal household cavalry, the prefect of police and the marshal of the royal court, preceding a royal conveyance bearing Prince Nicholas, the Princess Mother Helen, Princess Ileana and the little king himself, passed through the streets from Cotroceni Palace to the House of Parliament.

Within the building were the members of both Houses, all the military and civil dignitaries and the members of the diplomatic corps. The regents, Prince Nicholas, Patriarch Miron Cristea and Justice Buzdugan entered. They were followed by Princess Helen, who led His Majesty Michael I. by the hand into the chamber of deputies.

The little child hesitated, then halted as if on the verge of tears.

"Remember you are a king and the son of kings," his mother told him.

Straightening out his puny shoulders the little chap ascended the 15 steps to the royal tribunal and gazed upon the assembled deputies and senators, professors and learned men with the greatest unconcern, never smiling. Then came the cheers.

The Princess Mother Helen, dressed in deep mourning and wearing a heavy crepe veil, stood behind her child-king. She was pale and evidently laboring under great emotion, but erect and queenly. Prince Nicholas was the first to take the oath, and swearing to uphold the constitution, the rights of the Rumanian people and allegiance to King Michael. Meanwhile the little king was glancing about as if in fear.

Then as the Patriarch followed with a similar oath, little Michael smiled. The Patriarch seemed like a figure which had suddenly emerged from the Bible—long beard and stern features. He spoke in a low, deep voice, emphasizing the oath in a manner to show his realization of the importance he attached to the sacred moment. Justice Buzdugan's voice was scarcely audible.

Have Elected Canadian

Sir Campbell Stuart is Chairman of Pacific Cable Board.

London.—Sir Campbell Stuart, a Canadian, and director of the Times Publishing Company, has been elected chairman of the Pacific Cable Board.

The election of Sir Campbell Stuart is the outcome of a dispute which Canada had with the cable board and which was settled at the Imperial Conference last year. Formerly the chairman of the board was appointed by the British Government, but the Canadian Government asked that he be elected by the members and this request was granted. Legislation making possible this and other changes in the board's management recently passed the British Parliament.

Maintain Trade Increase

Ottawa. Canadian trade for June dropped slightly in comparison with June of last year, but for the three months of the fiscal year ending June there is an increase of nearly \$50,000,000 over the 1926 figures.

The grand total of Canadian trade in June 1927, was \$208,229,997, while in June last year it was \$210,912,614.

Work Proceeding Fast

1,430 Men Now Working On H.B.R. Construction

Saskatoon.—Work on the Hudson's Bay Railway is proceeding fast, 1,430 men now being employed on the job. Numerous gangs are spread all along the line from Mile 80 to Mile 329 and the work being done consists of filling, levelling, re-tieing and ballasting. Steam shovels are at work at The Pas and Mile 339. Another has arrived and is proceeding north. It will be located at the pit at Mile 127.

At The Pas, filling in of trestle approaches to the big bridge over the Saskatchewan river is about completed. In the yards seven miles of trackage has been laid and filling in and ballasting is under way. The new concrete roundhouse and shops are nearing completion. Men are now working on the interior. When finished this will be one of the finest yards of its size on the continent. Work on a similar yard at Mile 137 is slightly further advanced.

The most modern equipment is being used all along the road. Especially is this noticeable in the service being furnished the workmen. There are now three complete new outfits of bunk, cook and dining cars at different points on the line. The bunk cars are furnished with steel bunks. The dining cars are 60 feet long and the cook cars have the latest improvements for handling the requirements of large gangs. Throughout special attention is paid to sanitary arrangements. The new hospital unit has been placed in position. This is a revelation to those who are familiar with old time railway facilities.

Canadian Wheat Board Will Cease Operations

Business To Be Wound Up On September First

Ottawa.—The department of trade and commerce has issued a statement calling attention to the fact that in accordance with an order-in-council, passed on March 15, 1927, the Canadian wheat board which was brought into existence by an order-in-council of July 31, 1919, will be finally wound up on September 1 next.

On and after that date no participation certificates shall be paid and all monies in possession of the wheat board on the said date shall be declared the property of the crown.

At the present time the expense necessary to continue the occasional payment of participation certificates amounts to considerably more than the value of the certificates presented. As the lease for the storage offices in Winnipeg expires at the end of August, it has appeared advisable to finally close the operations of the board on September 1. In the opinion of the department of justice this can be done by order-in-council and without legislation. Outstanding certificates must therefore be presented before that date if payment is expected.

May Receive Edward Medal

Bravery Of Officer On Renown To Be Recognized

London.—The Duke of York and the commander of the Renown have alike spoken very highly of the gallantry of Petty Officer Jefferies during the fire that broke out on the battleship just after she had left Australia for home, and it is probable that it will receive recognition from the King.

Most likely Jefferies will be given the Edward medal, the usual reward for acts of bravery of that kind. It is a decoration greatly prized by the recipients. Perhaps more will be heard of the affair now that the Duke and Duchess are home.

It was through Jefferies' steadiness after the fire broke out that it was possible to turn off the oil cocks and prevent the flames from spreading. Thus Jefferies really saved the ship.

Fliers Receive Medals

New York.—Commander Richard E. Byrd and Lieut. George O. Neville were awarded the Distinguished Flying Cross by Secretary of the Navy Curtis D. Wilbur. In the name of President Coolidge, for "courage and extraordinary achievement in flying the plane 'America' to France."

King Ferdinand

Ferdinand the Just, first king of Greater Rumania, who died at his summer residence, Castelul Palace, Sinaia, after a lingering illness.

Irish Free State Policy

Special Legislation To Meet Situation Caused By Hostile Republicans

Dublin.—President Cosgrave has introduced special legislation in the Dail to meet the situation created by the assassination of Vice-President Kevin O'Higgins, and the general hostility of the Republicans to the Irish Free State.

One bill makes provision for the maintenance and preservation of the State, while another requires that candidates for the Dail or Senate, before nomination, must swear to a declaration of intention to take their seats and the oath.

This latter bill strikes particularly at the policy of Eamonn de Valera, who with the other elected members of his party, the Flanna Fail, declined to take the oath to the King after the last general election and have been excluded from the Dail.

President Cosgrave also indicated his intention of seeking to provide for Mr. O'Higgins' widow.

Will Need More Harbors

Canada's Trade Bound To Increase Says Lord Willingdon

Saint John, N.B.—Reflecting an optimistic outlook on the future development of Canada, Viscount Willingdon, Governor-General of the Dominion, delivered an address at the luncheon before the Saint John Canadian Club and guests here. His Excellency referred to the resources of the country, and in this conclusion told of the large number of harbors necessary to carry on the trade of Great Britain.

He felt that in a short time it would not be a question of getting enough trade to keep Canadian harbors busy, but of getting sufficient harbor accommodation for the increased trade.

Confer on Chinese Matters

The British delegation who were chosen to attend the Institute of Pacific Relations' second biennial gathering to be held at Honolulu. The party arrived in Canada June 23 on the Canadian Pacific steamship Montroyal and proceeded west after a three-day stay in Montreal and Toronto. Sir Frederick Whyte and one or two other members were the guests of His Excellency the Governor-General at Rideau Hall. His Excellency was the chairman of the Chinese Indemnity Commission at Peking a year or two ago. Chinese matters are to be the outstanding topics of discussion at the Honolulu

Will Tour Dominion

Party Of Distinguished British Editors To Visit Canada Soon

Montreal.—The itinerary of the party of 100 British newspaper men who will arrive at Quebec August 12, provides that during the month they are in Canada the Britishers will visit practically every corner of the Dominion and, besides visiting every city of importance, have an opportunity of studying at first hand Canada's natural resources and investment possibilities.

Under the leadership of John S. King, president of the English Newspaper Society, the party will be the most distinguished newspaper group to visit Canada since the imperial conference in 1920, and will include, among others, Sir Richard Winarey, of the Peterborough Advertiser; Isaac Edwards of the Bolton Evening News; E. M. Davies, Swansea Daily Post; John Buchan, Dundee Courier and Advertiser; T. T. Stanley, Birmingham Gazette; and R. V. H. Taylor, of the Bristol Times.

From Quebec the party will travel by special train to Fredericton, St. John and St. Andrews, N.B. Thence through to the Pacific Coast via Montreal—Ottawa, August 18; Winnipeg, August 20; Saskatoon, August 22; Edmonton, August 23; and Vancouver, August 28. They will return via the main line of the Canadian Pacific and arrangements have been made to the end that wherever the train stops the party will be greeted by provincial and civic officials and by the newspaper and business men.

At High River, August 24, they will be received by the Prince of Wales on E.P. Ranch and at Rideau Hall, Ottawa, earlier, by Viscount and Viscountess Willingdon. The party will leave Montreal for return to Liverpool, September 9.

Arrange Reception For Royal Party

Preparations For Three-Day Visit In Quebec Are Completed

Quebec.—All is prepared for the reception which is to be extended to Their Royal Highnesses the Prince of Wales and Prince George and to Premier Stanley Baldwin, when they arrive at the ancient capital on Friday afternoon, July 29. A meeting was held in connection with the visit to Canada of the royal visitors and Britain's Prime Minister, and following the meeting the detailed program of the events which will take place during the three-day stay here was given out.

Of the events scheduled to take place the state dinner at Spencer Wood will be the most outstanding. The welcome by the province will take place on Saturday when a luncheon will be held.

Premier Mackenzie King and members of the Dominion Government will visit the ancient capital to welcome the visitors to Canada.

POULTRY MEET WILL GREATLY BENEFIT CANADA

Ottawa.—"Canada is under a great responsibility; we are looking to her to open a new era in the poultry industry and to make it greater than ever before," said Edward Brown, president of the World's Poultry Congress, speaking at a luncheon tendered to visiting delegates.

Mr. Brown declared his belief in the great benefit to be gained through the congress this year. This, he said, was going to be by far the biggest meeting ever held in poultry or agricultural circles. Representatives from 40 nations throughout the world will be here, and he urged them to come with open minds, ready to learn and ready to teach their fellow delegates all that they can.

"It is for you to awaken to what may be in your country," he said, "and this congress is going to reveal what is in Canada." It was his belief, he declared, that the congress will do more towards putting Canada further on the map than anything else could.

Hon. W. R. Motherwell, minister of agriculture, in a brief speech, told the audience how the congress had been brought to Canada largely through the efforts of F. C. Eiford, Dominion poultry director, who had shown the most remarkable energy and initiative in urging his cause. Furthermore, he declared, the thing had not been put across by pull. Canada, he declared had stood on her own merits, and this was the one great reason why the congress had come here this year.

"It is not yet time for congratulations," Mr. Motherwell said. "The time for adulation will come after the meeting is over and has been proved a success."

Aviators Sign Contract

Favor Late August For London-To-London Flight

London, Ont.—The contract for the London-to-London flight with Captain W. R. Maxwell and Captain T. B. Tully as co-pilots has been formally signed with Charles Burns, donor of the \$25,000 prize. The fliers spent several hours making a further survey of possible flying fields with the necessary two-mile take off within a few miles of the city.

The airmen will return to superintend the appointment of the field and will be here when the aeroplane arrives from Detroit early in August.

It is understood the fliers favor the latter part of August for the flight.

Would Boost Empire Goods

Director-General Of Empire Trade League Outlines Scheme

Montreal.—Theo Feilden, Director-General of the Empire Trade League and editor of the Empire Mail, in an address to the Montreal Rotary Club outlined a scheme to establish a chain of stores throughout Great Britain which would sell British Empire products only. It would involve, said Mr. Feilden, the formation of a million pounds sterling corporation to establish the shops and popularize Empire foodstuffs.

British industrialists, stated, the speaker, were taking a growing interest in Canada. He hoped to see many branches of British factories established here in the near future.

Receives Memento Of Diamond Jubilee

Microphone Used In Broadcasting Program Presented To Thomas Ahearn

Montreal.—Thomas Ahearn of Ottawa, who served as chairman of the broadcasting committee of the National Diamond Jubilee celebration, was presented with the microphone through which the voices of Canada's most prominent men were sent over the Dominion together with the first sound of the cañon from the peace tower at Ottawa.

The presentation was made at a luncheon tendered to Mr. Ahearn by some 25 of his associates in the work of broadcasting the jubilee program.

THE CRESTON REVIEW

Issued every Friday at Creston, B.C.
Subscription: \$2.50 a year in advance.
\$3.00 to U.S. points.

C. F. HAYES, Editor and Owner.

CRESTON, B.C., FRIDAY, AUG. 5

Just Between Ourselves

In ordinary times the Review will send out some forty subscription accounts at the end of each month. At July first we mailed just about seventy, and at August first the total has risen to almost ninety.

This state of affairs is due to either one of two causes—or possibly a combination of the two: Either the Review is not worth the price asked for it, or the financial situation has reached the point where the local paper has got into the luxury class, as it were.

With the none too extensive circulation obtainable in the limited field available to the Review it must be patent to all that prompt payment of all subscriptions is essential if the paper is to pay its way—and we trust there are none hereabouts that expect us to publish the paper to sort of keep our hand in at the work in anticipation of future great reward.

Seldom, if ever before, has the Review had occasion to remind subscribers of their delinquency in this fashion, but matters have reached a point with circulation where, unless decided improvement is shown immediately, none need be surprised if it should be found necessary to discontinue publication.

Every subscriber in arrears has

this week received notification of just how his or her subscription stands. If the August liquidation of subscription dues indicates that readers want the Review it will be a pleasure to continue publication, but if the slow response we have had to these "duns" the past three months is manifest there will be no course open to us but to discontinue.

Subscribers-in arrears: It's up to you.

Stepping on the Gas!

A terse but timely worded sign is that which has just been posted on one of the main highways across the line. It reads:

"4076 people died last year of gas."

"39 inhaled it."

"37 put a match to it."

"And 4000 stepped on it."

"Stepping on it" causes an increasing death list. Hardly an issue of any daily paper that does not record several accidents due to the predilection for going heavy on the gas.

Too many autoists drive their cars at break neck speed who have not a thing to do when they arrive at their destination. An hour's more time on the road would make no difference to their business, but it might materially affect that of the doctor, the hospital and the undertaker.

See the Crops

Now that it has been found that the highest waters seen on the Kootenay River since 1916 has given trouble on less than 150 feet of fifty miles of dykes on the Idaho side, it surely will be conceded that dyking of the Kootenay Flats area

is feasible, particularly when it is pointed out that some of the dykes that so successfully shed the water were only thrown up a few weeks before the floods came.

And as there is much truth in the old saying that "seeing is believing," the Review would strongly urge all those who are of the belief that dyking would mean so much to Creston district to make the trip to Porthill any time within the next two weeks and see first hand just what these dyked lands are capable of in the first year in the way of grain production.

Cutting of fall wheat at that point commenced at the end of July and competent judges state that it will run easily forty bushels to the acre on land that is being cropped for the first time this year, while on land that was under crop in 1926 yields of 50 bushels of wheat are everywhere predicted.

According to the Bonners Ferry Herald it is estimated that the crops in the Kootenay Valley this year are worth nearly a million dollars. Next year the yield should amount to at least two million dollars as almost twice as much acreage will be in crop and due to the fact that the second and third year crops on the newly reclaimed bottom lands produce much larger yields than the first year crops.

Politics at their Best

In connection with the inevitable enforced retirement from public life of Premier Oliver many fine tributes have been paid him by the press of the province as to his personal worth as well as the service he has rendered British Columbia. But probably the most gratifying effort of the sort yet recorded was that of the Conservatives of the

Similkameen riding at their nominating convention at Princeton last week when a resolution of sympathy and appreciation was passed unanimously part of which reads:

"Conservatives of Similkameen Riding unite in offering to you their regrets at your illness and their hopes for better health in the days to come. Politically they have been opposed to many of your policies but they cannot allow this occasion to pass without recalling the life time of service you have given your adopted province, and self-sacrificing efforts you have made in the interests of British Columbia, and the tremendous energy you have displayed through these many years, in setting her feet upon the path of progress. While we do not always see eye to eye with you politically, yet today we drop all political feelings to give you our very best personal wishes and hopes that a large measure of health and strength will return to you. It is our sincere wish that in your declining days you may enjoy that physical ease and comfort to which your life time of pioneer effort should justly entitle you."

WANTED—Horse, cows, plough for 12-inch furrow, buggy, bathtub, C. Hollm, Hobden ranch, Creston.

LAND REGISTRY ACT

Section 160

IN THE MATTER of Part of Block 10 of Lot 225 Plan 63 A to which part the Registrar has assigned the distinguishing letter "A," the said part being all that portion of said lot lying east of a line equally bisecting the north and south boundaries of said Block 10.

Proof having been filed in my office of the loss of Certificate of Title No. 17346-1 to the above-mentioned lands in the name of Carl Olaf Quist, bearing date the 27th December, 1924, I HEREBY GIVE NOTICE of my intention at the expiration of one calendar month from the first publication hereof to issue to the said Carl Olaf Quist a provisional Certificate of Title in lieu of such lost Certificate. Any person having any information with reference to such lost Certificate of Title is requested to communicate with the undersigned.

Dated at the Land Registry Office, Nelson, B.C., this 15th day of July, 1927.
A. W. IDIENS,
Registrar of Titles.

Date of first publication July 29, 1927.

**SYNOPSIS OF
LAND ACT AMENDMENTS**

PRE-EMPTIONS

Vacant, unsurveyed, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 3,000 feet per acre east of that Range.

Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unsurveyed Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 440 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

Posters or a Display Advt.

FOR PUBLIC GATHERINGS of any sort we are often asked whether Posters or Display Advertising would be the most effective.

Our reply is, invariably, Use the two.

People have short memories, and where the affair is to be held even a couple of days after the paper appears more than a few folks are liable to forget it.

POSTERS judiciously distributed give a last-minute reminder, and are the only intimation some folks get as there never was a paper printed that went into every home.

And to bring best results Posters should be up one week ahead of time.

The Review is particularly well equipped to execute Posters in all sizes and printed on most any color of paper desired. And, as with all other work, our prices are very moderate.

Our prices on all the standard lines of Printing are just as handy as your telephone.

Local and Personal

Following their usual custom the Women's Institute will not meet in August.

Cow FOR SALE—Grade Durham, 8 years old, just freshened. \$40. John Sherwood, Creston.

Cow FOR SALE—Milk cow, Jersey-Holstein, will freshen early in September. H. Clements, Creston.

WANTED—Girl for office work for a few months. Applications to be made by letter to Secretary, Co-Operative Fruit Exchange, Creston.

MOWER FOR SALE—Secondhand one-horse mower, in A1 shape. Order your repairs before they are needed. Chas. Murrell, Farmers' Supply Depot.

Up till August 1st forest fire fighting expense in this district since May 1st has been less than \$25. Saturday's electrical storm set up a couple of blazes at Corn and Boundary Creek that needed some attention, but outside of these no extra help has been engaged so far.

At a meeting of the directors of Creston Co-Operative Fruit Exchange on Thursday night it was decided to appoint Fred Hale as warehouseman in place of the late R. Walters. Fred has been assistant at the work for the past three seasons and should be competent to handle the work.

Mrs. M. J. Boyd and Mrs. G. Cartwright, who have been on the departmental staff of judges at fall fairs the past two years, have been notified their services are again requested with Mrs. Boyd asked to officiate at the exhibitions at Nelson, Grand Forks, Cranbrook, Fernie and Fruitvale.

W. Fraser, A. McL. Fletcher, S. A. Speers and H. S. McCreath motored to Porthill on Friday afternoon to inspect harvesting operations in District No. 8, where fall wheat cutting is in full swing, and an average yield of 40 bushels expected on 1927 breaking. A sheaf of the 1927 crop is on display at Speers' store.

H. S. McCreath is the latest addition to the ranks of local car owners having on Friday last taken delivery of the latest in 1927 Studebaker touring from the Dezell garage, Cranbrook. Mr. Dezell making the trip for delivery that morning, and reports the travelling in the Creston district better than between Moyie and Yahk.

Creston fans will have another big league baseball match on Sunday afternoon at 4 o'clock prompt, when Moyie will be here for a return game with Creston at Exhibition Park. Creston won the first clash by a narrow margin, since when Moyie has been strengthened and a very close game can be counted on with Watson and Telford doing the battery work for the locals.

Major Mallandaine left on Sunday for Cranbrook from which town he motored to Invermere on Monday to attend the funeral of the late Gus Erickson, which took place on Tuesday. Deceased was a frequent visitor at Creston with his daughter, Mrs. C. G. Bennett and many friends here will regret to hear of his passing. He has been in indifferent health since early in the year.

On the special Canadian history paper written on by Grade 8 pupils at the term-end examinations in June pupils of Principal McLellan of Creston school have taken a very high standing. In a wire to secretary Geo. Nickel of the school board on Tuesday announcement is made that Creston school leads the whole of the East Kootenay inspectorate. John Blinco winning the silver medal, and Aileen Spratt and Frank Crawford a bronze medal each. In addition to answering a series of questions on Canadian affairs the students had to write an essay on Canada since confederation.

The Canadian Forestry Association gave a splendid show at the Grand Theatre on Wednesday evening last, which was greatly appreciated by the very large crowd in attendance. Managed by Charles Wilkinson, the pictures showed various industries of B.C. in relation to forestry, the dangers and expense of forest fires and the careless ways in which fires might be caused. The show finished with a humorous picture, the main characters being carved from the forest. O. O. Rodgers, who gave the theatre without charge to the Association, made a few remarks regarding the value of the forests, and he was followed by a timely warning from F. J. Oatto, the local forest ranger. The Canadian Forestry Association, through Mr. Wilkinson, wish to express their thanks to Mr. Rodgers for his generosity, and to state that any financial assistance will be greatly appreciated.

NEWS OF KOOTENAYS

At Penticton the June estimate of the 1927 apple crop has now been reduced about 15 per cent.

The very fine golf course at Fernie attracts outside players by the dozens for weekend games.

Fernie Riding Conservative Association has been reorganized with M. D. McLean of Michel, president.

Fernie's community swimming pool attracts over 300 children and adults these warm Sunday afternoons.

Penticton's cherry shipments this season will be almost 14,000 crates. The estimated yield was 12,000.

Now the construction boom is over at Moyie both barber shops as well as the pool hall in that town have closed.

It will cost \$4400 to run the school at Nakusp the coming year—a reduction of \$400 as compared with the previous term.

Due the mosquitoes being so bad the 1927 Chautauqua at Bonners Ferry was held in the Rex theatre. Financially it was not a success.

Sunday evenings it is a common sight to see as many as 70 autos lined up waiting to make the trip across on the ferry at Castlegar.

Up till the middle of July the tourist business at Fernie has been away below that of other years, but is now showing decided improvement.

According to the Nakusp News just about all the commercial travellers working Arrow Lakes points are travelling by auto this season.

At Kelowna apples are showing a large amount of color for this time of year, and the crop has every appearance of being larger than at first estimated.

The Free Press cannot understand why, with the town boasting two first class bakeries, people in Fernie will insist on local store keepers handling outside bread.

At Bonners Ferry the Indians are thinning out so rapidly that it has been decided to close the Indian school and send what young reds are left to the public school in that town.

According to the Herald farmers in the Bonners Ferry district will annually ship 250 cars of cotton wood pulpwood to the paper mill at Everett, Wash., for some years to come.

According to the president of the company there is no prospect of the big sawmill plant at Bonners Ferry resuming operations, nor will there be any logging this winter.

Penticton is having quite a building boom this year. Amongst the new structures going up is a new \$30,000 United Church, and a Masonic temple that will cost about \$40,000.

1927 shipments of apricots and peaches at Penticton are sure to exceed the early season estimates, according to the Herald, but at that the apricot output will be only 50 per cent. of 1926.

According to the Free Press the provincial police have their net out to land half a dozen West Fernie youths of eighteen years of age, who have been systematically robbing autos of tires and saleable parts.

A Manitoba youth who obtained beer as one of the Cranbrook parcels last week on stating he was 22 years of age, was subsequently summoned in the police court and on admitting he was but 19, was fined \$50 and costs.

The annual school meeting at New Denver was livened up by the discussion of fond parents who demanded to know why the children who took such high places in the monthly reports in many cases failed to pass the promotion tests at the end of the term.

Cranbrook Rotary Club is running a street carnival three nights at the middle of August to raise funds to complete the children's playground and to make a start on a summer camp for the youngsters to be available in 1928.

The Mineral Province of Western Canada
TO THE END OF DECEMBER, 1926

Has produced Minerals as follows: Placer Gold, \$78,018,948; Lode Gold, \$126,972,318; Silver, \$80,787,003; Lead, \$106,976,442; Copper \$209,967,068; Zinc, \$50,512,557; Coal and Coke, \$204,899,133; Structural Materials and Miscellaneous Minerals, \$50,175,407; making its mineral production to the end of 1925 show an

Aggregate Value of \$988,108,470

Production for year ending December, 1926, \$67,188,842

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any colony in the British Empire. Mineral locations are granted to discoverers for nominal fees. Absolute Titles are obtained by developing such properties, the security of which is guaranteed by Crown grants. Full information, together with Mining Reports and Maps, may be obtained gratis by addressing—

THE HON. THE MINISTER OF MINES
VICTORIA, BRITISH COLUMBIA

N.B.—Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B.C. Reports of the Geological Survey of Canada, which Building, Vancouver, are recommended as valuable sources of information. Reports covering each of the Six Mineral Survey Districts are published separately, and are available on application.

Best of all Fly Killers—10c and 25c per packet at all Druggists, Grocers and General Stores.

WORLD HAPPENINGS BRIEFLY TOLD

The King has approved the alliance of the Prince Albert volunteers of Prince Albert, Sask., with the Bedfordshire and Hertfordshire regiment of the British army.

Atlantic air liners are only ten years away, Commander Byrd predicted in summing up the experiences of his flight to France upon his arrival in New York.

The Colonial Office received a telegram from the acting high commissioner in Palestine reporting the casualties in the Palestine earthquake as 200 killed, 356 seriously injured, and 375 slightly hurt.

Assembling in Toronto more than 50 Canadian aviators adopted tentative plans for the formation of an association of their own, to be known as the Canadian Aeronautic Association.

Volcanic eruptions in past years is given as one reason for the poor run of salmon in Bristol Bay, Behring Sea, this year. Reports say the pack will not run more than half the usual season's taking.

First of two seaplanes to be used by pilots of the Dominion Airways Ltd., of Vancouver, in patrolling the West Kootenay for the forestry branch has arrived in Nelson from Quebec, to which point it was shipped from England.

Russia Preparing For War

Red Army and Fleet Have Been Greatly Strengthened

A report from Moscow says that War Commissar Voroshiloff sees in the "Week of Defence," which has just closed, the end of the feeling among the masses of false security concerning the possibility of war. All workers, he believes, now are alive to the danger and the necessity of being prepared. All eyes are turned toward the Red army and fleet, both of which, he says, have been enormously strengthened during the past year, the great majority of whose officers are equipped theoretically as well as practically, and whose morale is on a higher plane than that of the Bourgeois forces.

Finance Commissar Bruckanov declares that the peasants will answer the British effort toward financial blockade by turning over their savings for the country's defence. He declared that the war budget formerly forty per cent. of the country's entire budget, must be increased materially.

The week of defence was conducted with a monster rally in Moscow, including a sham battle demonstration of gas attack, tank operations, and athletic sports.

Canada's Flying Men

Announcement that eighty Canadian fliers are competing for the opportunity to participate in the London to London airplane flight recalls that Canada contributed many men to the air forces during the war and suggests that it still possesses a considerable number of men qualified to operate aircraft.

Francis H. Richards, 76, of Stamford, Conn., is Thomas Edison's closest rival for the title of world's most prolific inventor. He has nearly 1,000 patents to his credit, while Edison has about 1,200.

Object To Word "Foreigner"

Ukrainians Not Ashamed of Ancestry But Consider Themselves Canadians

"We have much talk of immigration these days, and many unpleasant reflections are wrongfully made against the Ukrainian people. We have put our shoulders to the wheel. We are giving our brains and energy for the building of this country and we are willing to work and co-operate. Our children know no other native land but Canada, and for these reasons we protest against the brand of "foreigner" being applied to hundreds of thousands of Canadians and we have no reason to be ashamed of our ancestry.

So stated Dr. G. E. Dragan, of Saskatoon, addressing some 350 school children and others at the annual school fair and sports day held at St. Julien recently.

Pupils of 10 schools had exhibits at the fair.

Suffragettes Stage Demonstration

Described As the Greatest Meeting That Will Ever Be Held

Women suffragists in London held a demonstration recently with banners flying in Trafalgar Square in support of Premier Baldwin's so-called "flapper vote bill," a measure granting the ballot to all women over 21 years of age. The demonstration was led by Viscountess Rhonda, who described the meeting as "the last great suffragette demonstration that will probably ever be held."

Many of the suffragette leaders were present, among them Mrs. Despard, Mrs. Pethick Lawrence and Mrs. Millicent Fawcett.

Shirring Makes an Attractive Self Trimming

Charmingly simple is this smart frock. The skirt is shirred and joined to the bodice having shirring at each shoulder, and the long sleeves extend into the neck and are gathered at the lower edge to narrow wristbands. Contrasting material is used for the bias facing, and a long panel extends the full length of the front. No. 1596 is for misses and small women and is in sizes 16, 18 and 20 years. Size 18 (36 bust) requires 3 1/2 yards 39-inch, or 2 1/2 yards 54-inch material, and 3/4 yard 39-inch contrasting. Price 20 cents the pattern.

Home sewing brings nice clothes within the reach of all, and to follow the mode is delightful when it can be done so easily and economically, by following the styles pictured in our new fashion book. A chart accompanying each pattern shows the material as it appears when cut out. Every detail is explained so that the inexperienced sewer can make without difficulty an attractive dress. Price of the book 10 cents the copy.

Sending Power By Radio

Famous Inventor Claims Experiments Have Been Successful

Airplanes and airships driven by light electric motors instead of the heavy gasoline engines now used will soon be a feature of air travel, according to Nicola Tesla, inventor of the alternating system of power transmission. The motor will be turned by power transmitted by radio, in the opinion of the famous inventor. He also believes the power will be generated in huge central power stations, from which it will be broadcast freely through space to provide power for all kinds of aeronautical travel.

The moisture of the air, obedient to the human mind through the application of air-piercing electrical currents and a wireless force far more powerful than the much heralded "death ray," will melt battleships and armies in the twinkling of an eye, in the opinion of Mr. Tesla. He also says such power will be used to drive irrigation projects and to operate farm machinery.

Interviewed in New York on the event of his seventy-first birthday, the inventor announced he had proved experimentally he could send wireless power half way around the world without losing 1/2 of 1 per cent. of it.

"When I was about nine years old I used to construct little water turbines in the streams that rushed down the mountain sides near my home in Smiljan, Jugoslavia," said Mr. Tesla. "On one occasion I told my uncle, who was a Metropolitan in the Greek Church, that some day I would put water power appliances in Niagara Falls, about which I had read."

Mr. Tesla aided in the designing and construction of the first power turbines to be placed under the famous Canadian-American Falls, thus realizing his boyhood dream.

Historic Sites Selected

Memorial Cairns To Be Erected At Brandon House and Fort Carlton

Old Brandon House, established 1794, not far from the present city of Brandon, Man., and Fort Carlton, in what is now the Province of Saskatchewan, have been selected for early marking by the historic sites and monuments board, Ottawa. Other western localities which will receive the memorial cairn or shaft are:

At Banfield Creek, Barkely Sound, Vancouver Island, B.C.—Terminus of Pacific cable connecting Canada with Australia, completed in 1902.

At Victoria, B.C.—Port Victoria, an early Hudson's Bay Company post and the centre of the first organized British government on the Pacific—the colony of Vancouver Island, formed 1849.

At Point Grey, Vancouver, B.C.—Meeting place of Captain George Vancouver, R.N., and the Spanish explorers in 1792.

Telegraph passage, Skeena river, B.C., was named in 1865, when large supplies of telegraph wire were landed there in that year to carry out the construction of a telegraph line from America to Europe via Bering Strait. On the successful laying of the Atlantic cable in 1866 the scheme was abandoned.

It's a question which are worse, shortcomings or long stayings.

SUNDAY SCHOOL LESSON

JULY 31
DAVID AND JONATHAN

Golden Text: There is a friend that sticketh closer than brother.—Proverbs, 18:24.

Lesson: 1 Samuel 18:1-4; 19:1-7; 20:1-14; 23:15-18; 2 Samuel 1:17-27.
Devotional Reading: John 15: 9-17.

Explanations and Comments

The Two Friends, 18:1-4. — David's victory over Goliath not only brought about the defeat of the Philistines, but gained for him a position at court and the devoted friendship of Jonathan, the King's son. Jonathan was present when Abner, the captain of the army, brought David, the victorious champion of Israel, into the King's presence. At once a beautiful friendship sprang up between David and Jonathan. They made a covenant together, exchanging pledges. Jonathan had the most to give. Nothing was too good for his new-found friend, for he loved David as his own soul, and stripping off his own robe he gave that to David and all of his apparel, even to his sword, bow and girdle.

"The prime gain of friendship is just the knowledge of a noble soul. That was what Jonathan felt. David won Jonathan's heart on the day when he stood revealed in all the riches of his regal nature—that day when Goliath was slain. David was proved to be the grandest man of Israel, fullest of patriotism and beauty, courage and skill, and all his qualities were adorned and set off by his humility. As you read the subsequent history of that friendship you are very apt to think that David was the gainer, for Jonathan was a perfect miracle of tenderness, and was never weary of sacrificing himself for the interests of his friend; yet I conceive that that would be false judgment. I am certain of this, that Jonathan would not have agreed to it. David was by far the more splendid nature, and I expect that is what determines which is the gainer in a friendship. It is the man who has most in himself to give who gives most, not the man who has most of what is external to give."—James Stalker.

"Convey thy love to thy friend as an arrow to the mark, to stick there, not as a ball against the wall, to rebound back to thee; that friendship will not continue to the end that is begun for an end."—Quarles.

Landmark Will Be Preserved

Famous "Banbury Cross" Is To Be Left Standing

The Mayor of Banbury, in Oxfordshire, has announced that a compromise has been effected whereby the Banbury Cross, known to millions of children as the objective of the "Ride of the Cockhorse," is to be saved from the demolition demanded by autoists on the ground that it blocked the road and endangered traffic.

The railings about it will be removed and the lamps set back to give a wider roadway.

Hundreds of letters from America and all the British dominions, it is said, asked for the preservation of the landmark after news of the campaign of the motorists for its removal was cabled round the world.

Have Eight Million Reserve

Western wheat pools have been able to set aside in three years, by elevator and commercial reserve deduction, the large total of \$8,000,000 to ensure the safety of their organization and to carry out its projects. Approximately \$3,000,000 will be set aside from the proceeds of the 1926 pool as commercial and elevator reserves.

New White Star Liner "Laurentic" Launched

The Laurentic, belonging to the White Star Line, was launched recently at Belfast and she will be completed early in the winter after which she will be used on Mediterranean cruises. Next spring she will enter the Canadian trade and call between Liverpool and Montreal. This liner, 19,000 tons, will share with the White

Star liner Albertic the distinction of being the largest cabin liner on the St. Lawrence route. She will have accommodation for 1,600 passengers, including cabin, tourist cabin and third class, and reports from overseas indicate that her accommodation is equal to that in the most modern hotel.

C.P.R. in Strong Financial Position

A Great Enterprise That Has Been Ably Administered

To examine the situation—financial and otherwise—of the Canadian Pacific Railway in the interest of United States holders of Canadian Pacific stock, the New York investment and banking house of Wood, Struthers & Co., after patiently exhaustive investigations, including inspections of the main portions of the railroad, have issued a 90 page review, the general conclusions of which are set forth in the following summary:—

"Few, if any, great enterprises have been more logically conceived, more skillfully completed, more thoroughly integrated, or more ably administered than the Canadian Pacific. From a relatively modest beginning, it steadily forged ahead, till it achieved its present position of the greatest privately owned transportation machine in the world. And throughout this trying period of expansion, it is gratifying to note that the enterprise has been developed with due regard to profits for owners, as well as service to patrons.

"Its unbroken dividend record extends back for almost half a century. From 1883 (the years of its first disbursement to its stockholders) to date, its dividends have averaged 6.7 per cent. per annum, while no less than 10 per cent. has been paid for the last 17 years. Nor does the dividend record alone tell the whole story. For every dollar paid in dividends on its common shares, it has retained, in the form of surplus, an additional seventy-seven cents. The book value of its common shares is now \$244.

"Its record for service (as distinguished from profits) is even more remarkable, for it was the pioneer and has ever since been the chief factor in furnishing the thinly settled Dominion of Canada with transportation facilities a quarter of a century in advance of their needs and at rates materially below those prevailing on this side of the line. And to supplement this extensive rail service, it has developed one of the most extensive and favorably known inter-ocean shipping routes to say nothing of its excellent British Columbia coast service; telegraph, express and sleeping car services have been created; imposing lines of hotels erected; and mineral resources of magnitude exploited and profitably developed.

"The great war checked the normal growth of the Dominion and left behind problems of grave importance. But gradually the Dominion is emerging from the effects of the war, immigration is increasing and promises to develop even more satisfactorily, and, in like manner, the Canadian Pacific is making progress.

"The holders of the consolidated debenture stock and prior obligations of the Canadian Pacific, even during the initial period of development and the more trying period commencing with the war, have enjoyed excellent security. During the last decade fixed charges on these obligations have been earned on an average of more than 4.1 times and the assets securing them are valued by the company at more than a billion dollars, or 4.2 times the amount of the debenture stock outstanding.

"The investment risks to the shareholders are compensated to an unusual extent by the prospects of more than commensurate reward should their faith in the enterprise be vindicated. Not only do they receive a generous rate of return, the safety of which seems to have been adequately tested in the last decade by the Canadian Pacific's success in coping with the trying circumstances of the period, but there are several avenues which will possibly lead to an eventual position of prosperity exceeding that of any former period of its history.

Charming Reflection is obtained by using Cuticura Soap

Daily, assisted by Cuticura Ointment when required. It keeps the pores active, the skin clear and free from irritations and the scalp in a healthy hair-growing condition.

PAINTED FIRES

BY NELLIE L. McCLUNG

COPYRIGHT, CANADA, 1925

CHAPTER V.—Continued

"It's a pity they couldn't eat at home," he grumbled. "It's a wonder they go home to sleep. I fully expect to find a bunch of them here some morning. The new man is bug-house on making the church serve the young people. If he had to clean up—and this new battleship holocaust shows every mark—he might feel different. There's no respect for the sacred edifice any more. I can't get used to rioting and mirth in God's house, and the cleaning up after it is fearful; and my word! this swimming pool that he's golly to put in is a wicked thing to me. The house of God is for the cleansing of herats. 'Cleanse your hearts and not your garments,' says Job. 'Whitened sepulchres, making clean the outside of the cup and platter while the inside is full of ravenous wolves'—ain't it the livin' truth? But no one listens to me now—my ways is out of date. It's all youth, youth, and I wouldn't mind so much if he brought in only our own young people. I buried their fathers and mothers, some of them, and christened them, but this man brings in every tag end he can find—odds and ends—odds and ends—what does he care. This church had a name before he came. More cabs and better cars stopped at our curb than at any other church in town. What now? Baby carriages, mother's meetings, baby feeds. I find broken garters, tissue paper, table napkins rolled into wads, sandals, comforts, babies' bottles, 'Seryin' the neighborhood,' he says. It's grand to be a sinner these days—there's so much done for them—and even at that he don't believe in hell. I asked him, and what did he say? Says he, 'I wouldn't like to take the responsibility of hell, Mr. Sims, he says, 'Take away hell from our religion,' says I, 'and where are we?' says I, and he went out laughin' like an overgrown schoolboy—laughin' because he could not answer me.

Religion ain't what it used to be. There's no way of warnin' the wicked now. Where's the good old hymns we used to sing—'We'll hear the

wicked wailin', wailin' wailin', we'll hear the wicked wailin' in that great day.' That was a grand hymn to bring conviction to a stony heart and to such as be of a perverse countenance. Now it's all 'Love o' God, Love o' God, Jesus the Friend.' Soft I call it, and too easy.

These young ones that come here—tell me they are Christians? 'Did you ever repent?' I says. 'Lots of times,' says they. Is that religion?

Well, here they come, ramplin' down the stairs. 'The Merry Maids,' that's a silly name for a religious society. Where's the Christian Endeavor, the Epworth League, the King's Daughters?

"Good evening, Mr. Sims," cried the girls, swarming around the old man; "you have fixed the seats for us, haven't you? You're a good old scout."

Someone began to sing:

"How do you do, Mr. Sims,

How do you do?

Is here anything that we can

do for you?"

"Shut up girls," said Lucy Powers, severely. "I want to talk seriously to Mr. Sims. He asked me the other day if I ever repented, and I want to tell him I've done nothing else all week. I've been kept in every recess for not getting my essay done in time, and I've had to watch the other girls playing while I sat inside struggling with an essay on 'Concentration' and the teacher was nasty to me all the time, and I've had such a bad time, I nearly lost my religion. Tonight I am going to ask for the prayers of the congregation for the teacher—she's so mean—that she'll either change or die or something. I'll leave that to the Lord."

Mildred Masters had a problem, too. "Say, Mr. Sims, isn't it fierce when no one seems to understand you? You know I resolved to try to smile this week and see if miles and miles of smiles would grow from mine, and when I smiled at teacher when she was scolding me she said to me right before everyone, 'Take that silly grin off your face.' Now what is a poor girl to do? Isn't life the bunk, anyway? What would you have said to her, Mr. Sims? They'll do the rest now, don't you bother; the House Committee has to get the meal ready, you just advise me."

Mr. Sims laid down his broom and considered the troubled soul before him, whose red cheeks and sparkling eyes plainly belied the sad tone of her voice. The rest of the girls swarmed into the kitchen.

Miss Rodgers, the teacher of "Canadian girls in training," drank deeply from the Blue and Gold Book in her hours of need, for that wonderful book is a deep well, and no one need draw up an empty bucket who dips into it. It knows all about work among girls, and it can tell you exactly how to go about each meeting. Miss Rodgers, who had undertaken to lead this group of girls, would have perished long before if she had not had the Blue and Gold Book. It said that the meeting for this month would be social in its character, and the "activity" would be the entertainment of foreign girls. The small print said, "There are probably some girls of foreign birth in your neighborhood, invite them to a supper meeting. Find out if they can sing or recite. Even if it is in a language unknown to you it will make them feel that they belong if they contribute to your program." (Do you see now how deep the Blue and Gold Book is?)

Miss Rodgers explained the project to her "Merry Maids." Consternation sat on their young faces. They

had been able to follow the Blue and Gold Book on the "Curio" meeting, "Stories about Hymns" meeting, "Cooking out of doors" meeting, "Irish Stories" meeting, but where could they get enough foreign girls to go around? There were fifteen girls in the group. If they did get fifteen girls how could they all get time to do a piece? And it wouldn't do to leave any out. Maybe some wouldn't like some of the others, and with so many nations represented it might make trouble, even fighting!

Lucy Powers at this cried out, "Oh, gee, wouldn't that be fun?" She was of Hibernian extraction.

Dorothy Moss was afraid. "The foreigners quarrel so among themselves," she said "and they're so fierce. Our washerwoman's sister killed her man at Gmll, and when she was in jail at Stoney Mountain my mother went to see her and asked her if she wasn't sorry, and she said she was, and mother thought that was a good sign, and maybe she was going to repent and find pardon but she went right on and said she was sorry she had not killed him long ago. Mother did not know what to say. But Mrs. Karaski said she believed in God all right, if that's what mother wanted to know. 'God was alright, you bet,' she said, and she was thankful, too. God had been good to her and let her find the axe just when she was getting the worst of it. Mother came home all shaken up."

Hattie Butterfield had a bright wave. "Let's begin with one foreign girl—real foreign, I mean, just out from some foreign country—and I know one. Miss Abbie Moore has a Finn girl, and she smiles at me every time I pass, and she does her hair just like we do now, and she has white shoes and all, and she comes to church, and you wouldn't know it on her." Hattie did not specify just what it was that Henni was able to conceal.

Miss Rodgers intervened. "Remember girls," she said, "foreign girls are just like us. They feel, see, are hurt or pleased, just like us. It just happened they were born in another country."

"I guess everyone would want to be born British if they could," said Hattie complacently.

Miss Rodgers shook her head. "Not a bit of it, Hattie; everyone likes her own country best. But we are American, and I like my own country best. But we are making a new country here in Canada, and we will love it best of all because we are making it. We are making paths and laying foundations, and that is what makes life here so interesting. Now this Finn girl who lives with Miss Abbie Moore, she is a Canadian from choice. She has come to us. Most of you were born here and had no choice in the matter at all. So let us consider her a true Canadian by her own choice. I think we will just have this one girl, and we'll make it her party."

"Gee, Miss Rodgers," said Lucy, "that will be a rich dish for her—a party all for herself! Mother says you can spoil these foreign girls easy."

"Not many people are spoiled by being made happy," said Miss Rodgers gravely, "and an orphan girl, all alone, working for her living, is not likely to be petted overmuch. Well what do you say, girls?"

(To Be Continued.)

Easy Ways To Drown

Wide Choice Given People Who Lack Common Sense

The Grand Rapids Press suggests several ways in which bathers with more enthusiasm than good sense, can end their lives:

Among this summer's earliest lessons in easy ways to die by drowning are the following, culled from one Sunday's report of nine such tragedies on Michigan lakes:

Rocking the boat, two deaths.
Using a leaking boat, two deaths.
Using unknown beach and stepping into hole, two deaths.

Swimming despite indigestion, one death.
Swimming across the lake alone, one death.

Riding motorboat awells in canoe, one death.

Life might not be quite so pleasant without occasional acts of needless daring and foolhardiness. But it would be a great deal more difficult for the Grim Reaper to do his harvesting.

Truth has a value today it has never had before.

Conflict Over Skirt Lengths

Movement Is On In Europe To Introduce Longer Skirts

"While America has accepted with complaisance current fashions in women's clothes both on the street and on the beaches, there seems to be some agitation in Europe as to the moral significance of skirt lengths and bathing suits," reads an editorial in The Outlook.

"Recently one faction of the Queen Louise Association in Germany declared that short skirts were a sign of moral degeneracy and began a campaign for long skirts." The Outlook editorial continues. "For some reason, it developed into a rural versus urban conflict, and the women of Berlin banded together in defense of prevailing fashions. On another front we find Italian women protesting against current brevities and carrying their campaign to an insistence upon skirts below the shoe-tops for all Italian girls. In some districts the movement for dress reform has met with considerable success. In Bologna children with short skirts are barred from the schools, while throughout Italy stricter regulations are in force for modesty on the beaches.

"But it is in Turkey that the most drastic movement is under way. Numbers of Moslem women are supporting a campaign for a uniform dress for all women. Extravagance and feminine jealousy are the evils this movement fights, rather than moral degeneracy, and its program is for the adoption of some universal costume, neat but not gaudy. Perhaps this would solve many problems, but we somehow doubt the success of the movement. Women will dress pretty much as they desire despite all attempts at reform or standardization, and we may safely leave even skirt lengths and bathing-suits to their own sense of propriety."

KEEP CHILDREN WELL DURING HOT WEATHER

Every mother knows how fatal the hot summer months are to small children. Cholera infantum, diarrhoea, dysentery, colic and stomach troubles are rife at this time and often a precious little life is lost after only a few hours illness. The mother who keeps Baby's Own Tablets in the house feels safe. The occasional use of the Tablets prevent stomach and bowel troubles, or if trouble comes suddenly—as it generally does—the Tablets will bring the baby safely through. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Enjoying the King's Garden

Public Admitted to Grounds at Sandringham Two Days a Week

The King's garden at Sandringham came first in the list of gardens in England and Wales opened to the public under the June scheme. Its share in that scheme, however, is much larger than this would imply. Most of the gardens may be seen on only one day, whereas admission to Sandringham is permitted during the absence of the court, on every Wednesday and Thursday, from May 1 to September 30, the total of the sixpences paid at the gate being equally divided, by the King's command, between Queen Alexandra Memorial fund and local charities. Last year local charities benefited to the extent of between £600 and £700 from the fees.

Sandringham leaves its visitors happily to themselves with a large liberty. The parties which take their simple luncheon sitting on the grass among the flowers may, very evidently, be trusted to leave no litter. A better expression of the prevalent spirit could hardly be wished than the admonition addressed by a woman to her small son: "Yes, you can smell the flowers, but not too hard."

Minard's Liniment for sarache.

Magistrate (to talkative prisoner): "Now, what have you got to say?"

Prisoner: "I've got a good deal to say, gov'nor, if you'll give me time to say it."

Magistrate: "Certainly; six months."

From \$150,000,000 to \$200,000,000 is paid out yearly for papers that used to be destroyed before Joseph Gatti, a Park Row, New York, newsboy, began collecting them and selling them to mills that make wrappers and cartons.

Firestone DEALERS

ARE PIONEERS IN BALLOON TIRE SERVICE

Another Reason Why They Serve Motorists Better and Save Them Money

The advent of the Balloon Tire required an expansion in repair methods. To meet this situation, Repair Schools were opened at the Firestone factories where the Firestone dealers and their repair men have been instructed in the care of tires and the use of the specially designed Firestone Balloon Tire equipment.

In each territory throughout the country Dealer Educational Meetings have been held. These have been attended by most of the Firestone Service Dealers who have obtained the latest information regarding tire construction, care and repair methods.

Firestone Dealers are kept up-to-date on tire development and service—continually progressing and improving their ability to serve you better and save you money. See the nearest Firestone Dealer to-day and let him handle your tire requirements.

A man's conduct is an unspoken sermon.—Henri Frederic Amiel.

Canadians Go Abroad

Estimated That Nearly 25,000 Canadians Touring Europe This Year

Frequent surveys are being made of the value of the American tourist trade to Canada but there are no estimates of the value of the Canadian trade to Europe.

This year the passport branch of the Department of External Affairs has issued over 18,000 new passports and renewed 1,800 passports previously issued. It is conservatively estimated that nearly 25,000 Canadians are abroad this year, mostly in Europe.

Relieves Asthma at Once. If you could read the thousands of unsolicited letters received by the makers from grateful users you, too, would realize the remarkable powers of Dr. J. D. Kellogg's Asthma Remedy. All cases, incipient and chronic, are benefited by this great family remedy. Why suffer or experiment with worthless preparations, when the genuine Kellogg's can be purchased everywhere.

Some men are born great, some achieve greatness and the majority do not trouble themselves very much about it.

A pleasant medicine for children is Mother Graves' Worm Expeller, and it is excellent for driving worms from the system.

There is no rest for the man who does everything his wife tells him to do.

Minard's Liniment for insect bites.

WOMAN COULD HARDLY WALK

Mrs. Horn Tells how Lydia E. Pinkham's Vegetable Compound Restored Her Health

Hamilton, Ont.—"I have taken Lydia E. Pinkham's Vegetable Compound and would not be without it now. I had a female trouble so badly I could hardly walk and I was all run-down and could hardly get around to do my house-work. I would be in bed three or four days at a time. I was told by a friend to try your Vegetable Compound. I did, and by the time I took two bottles I was beginning to get around again. I took ten bottles in all, and now I am all right again and doing my own work. I have six grown-ups to work for, so I have plenty to do. I also used Lydia E. Pinkham's Sanative Wash, and I think it is good. But I owe my health to the Vegetable Compound, and I think if more of it was used women would be better off. I would not be without it if it cost much more."

Mrs. NELLIE JAMIESON, 805 East Cannon Street, Hamilton, Ontario.

Do you feel broken down, nervous and weak sometimes? Lydia E. Pinkham's Vegetable Compound is excellent to take at such a time. It always helps, and if taken regularly and persistently, will relieve this condition.
