VOL. XIX.

CRESTON, B. C., FRIDAY, OCTOBER 6, 1927

No. 33

Creston Branch Canadian Legion

There was a good turnout on Saturday night of the returned men of the Valley at a meeting in the Exchange hall, which was addressed by zone representative, A. H. Bryant of Fernie, who spoke on the aims and objects of the Canadian Legion, the organization which has replaced the former G.W.V.A., and after a thorough discussion of the matter it was decided to form a branch to be known as Creston Valley Branch Canadian Legion. Officers were then elected as follows:

President—Col. Fred Lister.
Vice-president—Stan Watson.
Executive—R. Watson, R. T. Millner, G. H. Kelly, J. R. Forbes, J. B. Holder, H. Young.

It was decided to have the regular meetings the first Tuesday evening of each month. Fees will be 50 cents a month, which includes the provincial and dominion fees. Initiation is \$2.75, which pays dues to end of December. At the close membership forms were filled out.

At the first regular meeting of the Legion on Tuesday night an Armistice committee was formed to take charge of affairs pertaining to the observance of November 11th. The committee is, Creston—C. W. Allan, J. Ryckman, R. Watson. Outside points—Jas. Wilson, Jas. Bateman, J. B. Holder, John Johnson, R. Sinclair Smith.

A regular social committee was named, and three members were made responsible for entertainment at the next meeting, and the secretary was instructed to write for more membership equipment.

Wynndel

Mrs. Joy and daughter, Marguerite, who have been at Claresholm, Alberta, for some time, returned home last week.

A. E. Towson, who has been inspecting fruit cars for codling moth, at Cranbrook, the past three months, got back on Saturday.

Douglas Butterfield, who is working

at Riondel, arrived last week to join his family, who are holidaying with Mr. and Mrs. Matt. Hagen.

E. Le Barge returned to Trail last week, after a few days' stay here.

Miss Flett, teacher of Division 2, spent the weekend with her parents at Cranbrook.

Mrs. Dixie and family left for Nelson on Sunday, for a visit with her mother.

Miss Rose, Oherington of Creston was a weekend visitor here. C. Hindley and family of Creston, were also here at the weekend.

Mrs. Cam and Miss Dorothy of Sirdar, were Monday visitors with Mrs. G. Cam, jr.

T. Mountford had his brother on a visit with him last week.

Mrs. Ashley Cooper, who intends to reside in Trail in future, shipped the household effects to that town at the end of the week.

Weather conditions still remain unsettled, Tuesday bringing the first snow of the season.

Quite a number from here were at the fall fair at Creston on Friday. The weather was ideal, and all report an enjoyable visit. The school sports went off satisfactorily. Wynndel team winning the tug of war, their prize being a football. Also many individual prizes were carried off.

The Anglican Church Harvest Festival will be held on Sunday morning next at 11.00. Gifts of flowers, fruit and vegetables will be received in the church on Saturday from 2 to 4 p.m.

Lister

C. H. Phillips of Kimberley, and Speery Phillips of Victoria, who have been holidaying at the ranch here, returned to their respective homes at the end of the week.

Other departures during the week were E. Langston, Joe. Bell and Cedric Helme, who have been holidaying here and have gone back to Kimberley.

Mr. and Mrs. R. Helme, who are just back from an extended holiday at Procter and Spokane, are making a short stay at the ranch.

Mr. and Mrs. Bill Demchuk left at end of the week for Saskatchewan, where the former will help with threshing and they will make a visit friends for some weeks.

The school children had a half holiday on Friday in order to attend the fall fair at Creston.

Alf. Evans is down from Klockman for an extended stay at his ranch. He has as visitors at present Harry Heeson and Ted Bucknell of Riondel, who have just arrived for a hunting trip.

W. K. Esling, M.P.P., of Rossland, was a Thursday-Friday visitor with Col. and Mrs. Lister.

Former Principal Jenks of Lister school, who is now at Natal, was renewing acquaintances here at the weekend.

Sam Lazachuk has just arrived from Kellogg, Idaho, and intends making a few weeks stay combining hunting with fall work on the ranch.

Rev. S. Newby had a very large turnout for the harvest thanksgiving service on Sunday morning. The schoolhouse was very prettily decorated with flowers, fruit and vegetables.

Col. and Mrs. Lister were called to Cranbrook on Wednesday, where their daughter, Ruby, is a holiday patient—laid up with an ailment that has not as yet been diagnosed. Everyone will regret to hear of her illness, and more particularly as the lay up has prevented her writing on her final examinations for graduation papers as registered nurse.

Assorted Darwin tulips, hyacinths and daffodil bulbs. Also biennials and perennials for fall planting, for sale at Cook's Greenhouse, Creston.

WANTED—Work horse, about eight years old, 1400 lbs., stable price. Will trade alfalfa for a couple of yearling cattle. W. K. Beard, Camp Lister.

Except Fruit Fall Fair Display Good

Better than ever displays in cooking, canned goods, needlework and plants and flowers; a good showing of poultry, but a decided falling off in fruit and vegetables aptly sizes up Creston's fall fair, which was staged under 50-50 weather conditions last week—Thursday being rainy and cold, but Friday an ideal day, which brought out a very large crowd.

W. K. Esling, M.P. for West Kootenay, officially opened the exhibition with a short address appropriate for such an occasion, and was introduced to the crowd by the president, C. W. Allan. At the close of his remarks Mr. Esling presented Aileen Spratt, John Binco, John Bird (Lister) and Frank Crawford with the medals they had won in the history competition at the midsummer examinations.

The falling off in the fruit display is entirely chargeable to the late and unfavorable weather the Valley has been favored with this year. With the undue prevalence of soab the getting out of the usual show of boxed apples particularly was out of the question, and the dirty weather that prevailed almost throughout September militated against the vegetable show.

The big feature to the exhibition was the school districts' display in which first prize went to Creston which had fruit, vegetables, grains, household products, etc., in both quantity and quality in a store-window design display arranged by G. H. Kelly. And very popular was the placing of second prize on the display from the school at Lister, which while a little short in quantity possibly certainly had it as to quality and was particularly strikingly displayed by Mrs. Fred Powers of the trustee board. Surmounted by sheaves of grain from the Beard ranch, and a wide variety of products from practically every place in the settlement including a homemade cheese from Mrs. R. T. Millner, honey from the Malthouse dairy, and all backgrounded in mauve, with a blue fringe interspersed with hops, and a forefront of flowers and foliage in the autumn tints, the display won the admiration of all.

Outside the line of sports put on by the Confederation Jubilee Committee was most pretentious and proved a great attraction for the youngsters, and that the contests were keen and exciting is indicated in the fact that Canyon school won the Jubilee championship cup by a margin of half a point over Wynndel. At the trap shoot ties had to be shot off for both the top prizes, and the trio of wheels that were operated enjoyed a profitable business, there being at least three dozen lucky winners of blankets and an equally large number who took home hams, graniteware and kewpie dolls.

Manager Palfreyman of Creston Valley Co-Operative Association had a very attractive display of the firm's lines in the curling rink, and on the ground Chas. Murrell displayed implements and Massey-Harris sprayers, giving demonstrations with the latter.

This year the judging was done

by Mrs. Pitts of Nelson and Mrs. Hennessey of Cranbrook in the cooking and needlework. E. C. Hunt, Nelson, fruit and vegetables; J. Langdon, poultry; and H. S. French, Cranbrook, livestock. The entries ran to a total of 837, and the prize winners follow:

FRUITS—Boxes

2 boxes McIntosh—K. Littlejohn, T. Goodwin.
2 boxes Wagener—T. Goodwin.
Spy—W. S. McAlpine.
Wagener—Mrs. J. W. Hamilton, T. Goodwin.
McIntosh Red—K. Littlejohn, T. Goodwin.
Greening—Mrs. J. W. Hamilton, 1st and 2nd.
Snow—K. Littlejohn.
Delicious—T. Goodwin, W. S. McAlpine.
Spitzenberg—Mrs. J. W. Hamilton.
Best packed box—Mrs. Hamilton.
Best colored box—K. Littlejohn.
Best box in show—K. Littlejohn.
Pears—S. Moon, P. R. Truscott.
Greengage Plums, T. Goodwin, Sam Moon.
Prunes—T. Goodwin, Mrs. Nathorst.
Peaches—Sam Moon.

Plates

Pears, D'Anjou—R Stark, Mrs F H Jackson.
Flemish Beauty—Hulme & Son.
Clairgeau—R Stark 1st and 2nd.
Winter Nellis—R Stark, S Moon.
Crabapples, Hyslop—W S McAlpine L T Leveque.
Transcendant—W S McAlpine.
Wealthy—F Powers 1st and 2nd.
Snow—K Littlejohn, S Moon.
Jonathan—Joan Kemp, K Littlejohn.
Spy—K Littlejohn 1st and 2nd.
Cox Orange—K Littlejohn 1st-2nd.
Snow—K Littlejohn 1st and 2nd.
Delicious—K Littlejohn 1st and 2nd.
Grimes Golden—S. Moon 1st-2nd.
Rome Beauty—Joan Kemp, W S McAlpine.
McIntosh—K Littlejohn 1st-2nd.
Ontario—Mrs Hamilton 1st 2nd.
Greening—Mrs Hamilton, 1st-2nd.
Winter Banana—K Littlejohn, Mrs VanAckeran.
Tol. Sweet—Mrs. Hamilton, 1st 2nd.
Any other variety—Mrs VanAckeran K Littlejohn.
Grapes—K Littlejohn, G Cartwright.
Plums, Lombard—S. Moon, 1 t 2nd.
Greengage—Mrs Webster, T Goodwin.
Yellow Egg—Sam Moon 1st and 2nd.
Prunes—T Goodwin 1st and 2nd.

Horses

Brood mare—Ed Smith, Lister.
Saddle horse—C Blair.
Ranch horse—A Comfort.
General purpose team—R Comfort.
Saddle pony—Ella Christie, Eleanor Blair.

Cattle

Registered bull—G Cartwright.
Dairy cow, grade—A Comfort, R Comfort.
Cow, registered—M J Klingensmith, R Comfort.
Heifer, any breed, under 2 years—T Goodwin, R Comfort.
Calf—G Cartwright, R Comfort.
Jersey cow—F J Klingensmith, R Comfort, A Comfort.
Jersey heifer—R Comfort 1st-2nd.
Heifer, grade—T Goodwin, W S McAlpine.
Heifer, under 3 years—T Goodwin, F H Jackson, R Comfort.
Best registered dairy cow in show—F J Klingensmith.

Poultry

Barred Rocks—Cock, W S McAlpine 1st and 2nd. Hen, W S McAlpine 1st and 2nd. Cockerel, A Comfort, W S McAlpine. Pullet, Mrs F H Jackson, W S McAlpine.
Rhode Islands—Cock, A Comfort, D Bradley. Hen, A Comfort, D Bradley. Cockerel, A Comfort, W S McAlpine. Pullet, W S McAlpine 1st and 2nd.
White Leghorn—Cock, D Bradley. Hen, D Bradley, Hulme & Son. Cockerel, D Bradley. Hen, D Bradley.
Any Other Variety—Cockerel, P G Ebbutt 2nd. Hen, E H Pridham. Pullet, E H Pridham, P G Ebbutt.
Utility pen—D Bradley, A Comfort.
Best male bird—W S McAlpine.
Geese—G Cartwright.

[Continued on Page 7]

G. Mawson High Gun Trap Shoot

There were thirteen contestants at the annual trap shoot at Creston fall fair on Friday afternoon, and so evenly were the top scorers matched that two ties had to be shot off before the prize money could be awarded. The scores:

G. Mawson	19
E. Craigie	19
L. T. Leveque	18
M. Z. Beam	18
L. Littlejohn	18
F. V. Staples	17
Col. Fred Lister	13
W. Muir	12
G. Craigie	10
A. Hanson	9
Joe Bell	7
H. L. Robinson	7
Bert Boffey	7

First prize went to Geo. Mawson who in the shoot of six extra birds broke four to his opponent's three, giving E. Craigie second place. In the three cornered tie for third place Melt Beam emerged winner getting all his three extra birds, while L. T. Leveque was breaking two, and L. Littlejohn one.

Erickson

Mrs. T. A. Jenner is now pianist at the Grand Theatre at Creston, taking on that work commencing with the first of the month.

Miss Molly Kemp left at the first of the week for Winnipeg, Man., where, we understand, she will remain for some time.

Rev. J. E. Healey is spending a few days at Kimberley this month.

Mrs. K. Andrew returned from Cranbrook on Sunday, where she has been with her niece, Miss Agnes Andrew, who underwent an operation at St. Eugene Hospital last week.

Amongst the variety of weather that prevailed in the Valley at the weekend Erickson was favored with a small sized hail storm. It was too light, however, to do any damage.

Erickson exhibitors were much to the fore at the fall fair at Creston last week, Keith Littlejohn taking the bulk of the prizes in the apple section.

R. Jenks of the teaching staff of the Natal school, spent a few days at Erickson this week, a guest of K. Littlejohn. He is having an enforced vacation due to school being closed for a few days on account of the infantile paralysis scare. He returned to Natal on Tuesday.

Erickson is having its annual visit this week from the Mennonite apple buyers from Magrath, Alberta. They are looking for three carloads of bulk fruit, but their buying is hindered due the fact that the board of direction has not, as yet, fixed the price on their favorite variety, Wagener.

WORLD HAPPENINGS BRIEFLY TOLD

A statement issued by the Commonwealth statistician shows the population of Australia to be more than 6,000,000, as compared with 2,250,000 in 1881.

The next regular conference of the International Wheat Pool will be held in Regina on June 6 to 8, 1928, it was decided by the committee of arrangements in Minneapolis.

Permission to give religious instruction to students of the provincial normal school outside of lecture hours is being sought from the Department of Education of Alberta by various religious bodies in Calgary.

Monday, November 7, will be observed as Armistice Day and Thanksgiving Day throughout Canada. A proclamation to this effect appears in the current issue of the Canada Gazette.

Col. J. G. Rattray, Winnipeg, Man., former head of the Manitoba Provincial Police, has been appointed head of the Soldiers' Settlement Board, filling the vacancy caused by the resignation of Major J. Barnett.

Towed several hundred feet under water clinging to an anchor, and then struck on the head by swinging gear as he was finally being pulled aboard his ship, E. K. Kapper, second mate of the halibut steamer New England, still survived.

For the first time in the history of the Upper Great Lakes, corn from the Argentine is passing through Owen Sound's grain elevator for distribution to Western Ontario. Forty thousand bushels have arrived from Montreal. The low price of the South American grain in comparison with United States produce was the cause of its large sale.

An Everyday Story

—Evans Studio

Francis Henry Cook

London, Ont.—"I was in a general run-down state of health. I had indigestion and my stomach was weak and so sore I could not bear to touch it. I got where I did not have any health at all, was not able to follow my usual line of work. I saw where Dr. Pierce's Golden Medical Discovery was recommended for stomach trouble so I decided to try it and it relieved me of my indigestion and weak stomach, also the abdominal distress and built me up in health. I can highly recommend the 'Golden Medical Discovery' to anyone who suffers as I did. It is excellent!"—Francis Henry Cook, 471 Elizabeth St.

All dealers. Extra large bottles, liquid \$1.35; Tablets \$1.35 and 65c. Write Dr. Pierce's Invalid Hotel in Buffalo, N. Y., for free advice.

Conditions Have Not Changed

Airmen Were Warned 66 Years Ago To Be Wary Of Ocean Flight

The difficulties in the path of a westward flight from Europe to the United States were emphasized 66 years ago by Professor Joseph Henry, famous physicist and first secretary of the Smithsonian Institute, in a letter to Thaddeus S. C. Lowe, inventor and aeronautical engineer.

A copy of that letter has just been unearthed in the archives of the Smithsonian Institute. What Professor Henry said in 1861 relative to trans-Atlantic wind conditions is regarded by meteorologists and aviation experts here as having a pointed bearing on some of the conditions faced in recent attempts to fly between Europe and America.

Lowe at that time was occupied with a scheme to fly from America to Europe in a balloon—the largest which had ever been built. Not only did he spend much money on the venture but he had the support of eminent Philadelphians including George W. Childs, John C. Cresson, J. B. Lippincott, William Hamilton and others who contributed several thousand dollars to further Lowe's efforts to demonstrate the feasibility of trans-Atlantic air navigation.

In December, 1860, sixteen eminent Philadelphians, including those named, petitioned the Smithsonian regents to furnish him aid and advice. The regents decided they could not make an appropriation from the Smithsonian fund for the Lowe venture but directed Professor Henry to give Lowe any advice he might "deem fit as to his experiments."

Professor Henry told Lowe that a balloon of sufficient size, properly constructed so as to maintain high elevation for sufficient length of time, would be wafted across the Atlantic, because between 30 and 60 degrees north latitude, the prevailing wind currents were from the United States toward Europe, but he advised Lowe not to try the experiment over the ocean first.

Professor Henry said that the prevalent wind was westerly all the way around the world, and that packet ships in the sixties from New York to Great Britain "occupy nearly double the time in returning that they do in going."

The better the quality of the tea you use the more important it is that the container should be the very best. By careful tests it has been proven that Aluminum is the best container yet found for tea—and Red Rose Tea is packed only in Aluminum—the finest package ever used for tea.

Ex-Kaiser Predicts

More Terrible War

Still Asserts He Could Show World the Way To Peace

Former Kaiser Wilhelm foresees another war in 1937, he told a correspondent of the Copenhagen "Dagens Nyheder" in an interview in which he asserted he could show the world the road to peace.

Wilhelm evidently has slight regard for the League of Nations, which he says is either blind or blindfolded. The League delegates, he compares with children riding wild horses—they might be thrown off the next moment.

"I am even certain that many of those powers talking about disarmament do so in order to inspire greater confidence, thus disguising their purposes," said the former Emperor. "According to my opinion, we shall go through another and more awful war at the latest in 1937, a war which will last only a few days and possibly only a few hours."

"In the same moment that war is proclaimed giant fleets of airplanes, airships and U-boats will be informed by wireless. Merchantmen will be destroyed immediately and a nation unprepared for it will be exterminated within forty-eight hours. On land and sea new and pernicious gas and explosives unknown in Germany will be employed and annihilate the weaker nations within a moment."

The former Kaiser maintains that he is surrounded by spies with orders to prevent him from "endangering the world," and regrets being unable to return as a sovereign to teach the world how permanent peace might be secured.

"But as things now are there will always be wars," Wilhelm concluded. "I could show the road to peace, but the world prefers regarding me as a scapegoat to consulting me as an adviser."

Opening To Be Delayed

Saskatchewan Legislature Will Open Early In The New Year

The session of the Saskatchewan Legislature will not be held before but as soon after the New Year as possible. A statement to this effect was made by Premier J. G. Gardiner.

The fact that the season is so late and that there is a conference to be held of provincial prime ministers in Ottawa in November are understood to be the reasons for deciding not to open the Legislature before the New Year.

Do not allow worms to sap the vitality of your children. If not attended to, worms may work irreparable harm to the constitution of the infant. The little sufferers cannot voice their ailment, but there are many signs by which mothers are made aware that a dose of Miller's Worm Powders is necessary. These powders act quickly and will expel worms from the system without any inconvenience to the child.

The lowest temperature ever recorded in the civilized world was at Verkhoyansk, Siberia, in 1885, when the thermometer touched 90.4 degrees below zero.

Holloway's Corn Remover takes the corn out by the roots. Try it and prove it.

Lots of people seem to go to church for the purpose of picking flaws in the sermon.

SUNDAY SCHOOL LESSON

OCTOBER 9

ELIJAH HEARS GOD'S VOICE

Golden Text: "Wait for Jehovah; be strong and let thy heart take courage."—Psalm 27:14.

Lesson: 1 Kings 19.

Devotional Reading: Psalm 57:1-5.

Explanations and Comments

I. The Despondent Prophet, verses 9, 10.—Elijah's reaction after his great exaltation was most natural, as every one must realize from his own experience. The ebb follows the high tide; depression succeeds exaltation. The fire died down within Elijah's soul, the situation in Israel seeming hopeless. He sought a cave on Mount Horeb, and there was made aware of God's "listening ear and sympathizing heart." There is nothing unreal in his meeting there with God, for "the prophet's own soul, inspired by the God within him, shaped it in his imagination." While meditating there he was brought to face the question of his own motive in withdrawing to the wilderness; "What does thou here, Elijah?" Should he answer that he had run away from Jezebel? That he was utterly discouraged, and had perhaps purposed giving up his work on the mount which he thought of as especially "the mount of God?"

"The first step in waiting upon God is always self-examination, the uncovering of our inmost heart, the laying ourselves naked before God's eyes. His Spirit cannot breathe itself into us while we are preoccupied with motives of our own. The soul must first be swept clear by confession. What does thou hear, Elijah? Examine yourself; review your life; face the facts, facts without and facts within; know yourself; and then when all subterfuge, all subtle hypocrisy, all self-delusion is done away, the ear may at length be open to hear the voice, not of your own will, but of God's."

Elijah could honestly answer that he had been very jealous for Jehovah, the God of hosts. Our words jealous and zeal are of kindred origin, and may be traced back to the Greek word which means boiling. To be jealous for some one is to be burning with zeal for that one's interests. Elijah's whole life was marked by his zeal for God. The necessity for his zeal lay in the fact which is next related, that the children of Israel had forsaken God's covenant, had thrown down his altars and slain his prophets with the sword. He thought that all hope of reformation of the people was lost, for the prophets were the only ones who could bring about a change for the better. "And I, even I only, am left," he wailed; "among the faithless, faithful only he," as Milton puts it. Moreover, his life, the life of the only living prophet, was in danger.

A Household Medicine.—They that are acquainted with the sterling properties of Dr. Thomas' Electric Oil in the treatment of many ailments would not be without it in the house. It is truly a household medicine and as it is effective in dealing with many ordinary complaints it is an inexpensive medicine. So, keep it at hand, as the call for it may come most unexpectedly.

Has Fairly Warm Climate

Temperature At Equator Of Mars Over Sixty Degrees

Not many years ago it was thought that the temperature of Mars was too low to support life. But by an ingenious device for measuring the temperature of the planet, it has been found that even in the Polar regions the temperature rises to well over freezing point. The temperature at the equator of Mars is almost that of a clear sunny spring day on earth in the latitude of New York, or between 60 and 70 degrees Fahrenheit.

Photographs taken in infra-red, yellow, and ultra-violet light seem to show that the planet has an atmosphere of considerable depth, though much rarer than that of the earth. Other observations show that the density of the surface atmosphere of Mars cannot be greater than it is eleven miles above the surface of our own planet.

While Mars can be observed to advantage by the telescope only in alternate years, and then for only a few months at a time, Jupiter can be observed all the year round, always presenting an interesting subject of study, except for a few weeks when it is too near the sun to be seen to advantage.

Jupiter has many curious light and dark belts that lie parallel to its equator and seem to be formed of denser vapours than their surroundings. The planet is spinning round on its axis once every 9 hours 50 minutes at its equator and every 9 hours 55 minutes in its higher latitudes. Objects at the equator are carried round at the rate of 30,000 miles an hour, or eight miles a second compared with 1,000 miles an hour, at the earth's equator.

Duty Of Motor Drivers

Whole Thought Should Be Safety For Themselves and Others

The main principle which should be insistently hammered into the heads of all drivers of motor vehicles is that, besides obedience to the golden rule of "safety first," the obligation which they must fulfil is constant thought for others. It is their duty to the community to drive always in such a way that both in approaching corners and in overtaking other vehicles safety for themselves and other users of the road can be secured with the least possible use both of the horn and the brake. In other words, wherever other vehicles or foot passengers are in question, their pace should be so regulated and so fully under their command that they can in case of need easily bring their car to a standstill. Between safe driving and noiseless driving there is an intimate connection, and it is chiefly forgetfulness or ignorance of this fact that makes so many of those who use the roads a menace and a nuisance to their neighbors.

Fall Colds

Attack them at the beginning Heat and inhale Minard's Rub on throat and chest.

When Making Repairs

If called upon to change a tire or make a minor car repair while on the highway, one should remember to pull entirely off the road. If this is not possible at the place where the difficulty occurs, it is the part of wisdom to drive on for a short distance to find a better spot. Working on the left side of the car, on a well travelled highway is exceptionally dangerous even in the daytime. At night, it may amount to foolhardiness.

Hydro-Electric Power In Canada

By the end of the year 1926 Canada's hydraulic power installation reached a total of 4,556,266 horsepower of which 265,838 horse-power was installed during that year.

A liquid which renders wood fireproof has been patented by a Norwegian.

The Proven Remedy for HEMORRHOIDS (Piles)

You can positively depend upon Anusol Suppositories as a safe treatment for Hemorrhoids.

These Suppositories are not an experiment. Back of the box you will find a full and complete record of successful healing. Ask your doctor. He will recommend Anusol Suppositories. He will tell you that there is no safer or better non-surgical remedy for Hemorrhoids (Piles).

Your druggist can supply you. Or write us for one dozen—postpaid for \$1.00. Canadian & Foreign Agency Company, Unity Building, Montreal.

There's a "Nugget" shade for every shoe made.

PAINTED FIRES

BY NELLIE L. McCLUNG

COPYRIGHT, CANADA, 1925

CHAPTER VIII.—Continued

Mr. Wymuth who backed up his wife's petitions by hollow groans and exclamations of "Lord, save" and "God, have mercy" was called to the telephone just at the moment that she was warming up to the real business of her report.

"O Lord, send down Thy chastening fire to convict and convert."

"Amen! Halleujah!" shouted the girls, knowing what was expected of them.

Helmi, who was kneeling just behind Mrs. Wymuth, caught a glimpse of keys in the pocket of her black sateen apron. A sudden impulse prompting her, she cautiously abstracted the keys and crept quietly backward from the room to the general excitement of the evening devotions she was not missed.

Helmi went at once to the retreat, found the key which fitted, and then to the desk. She had been trusted to sweep and dust this hallowed spot, and so knew that one sacred drawer was always kept locked. It yielded to the right key, disclosing a pile of letters. Helmi found three for herself and one for Minnie. She hurriedly replaced the others, shoved her own and Minnie's into the front of her dress, and made the perilous journey down the long hall. If she had only told Minnie to keep on praying, her heels seemed to suck at the linoleum, her knees cracked, the house seemed to scream with silence. Mr. Wymuth was still at the phone. She reached the door. They were still on their knees, Mrs. Wymuth keeping up her supplications to the throne of grace. Some of the girls were crying. Helmi was on her knees in a moment beside them, and into her grateful heart there came an honest sigh of thanksgiving. Mrs. Wymuth, hearing it, redoubled her efforts—she would get Helmi yet.

"Oh, Lord, give us souls for our hire—unlock the stubborn door—break down the bars of silence;—O,

DRAGGING-DOWN PAINS RELIEVED

Woman Suffered Nearly a Year.
Lydia E. Pinkham's Vegetable Compound Brought Her Health

Moos Jaw, Sask.—"I am going to try to tell you what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered very badly with dragging-down pains and inflammation, also pains in my right side over my hip and down my whole side into my leg. I had it nearly a year when I went to a doctor and he said: 'I would have to have an operation. But my mother said to take Lydia E. Pinkham's Vegetable Compound as it saved her life years before. I took two bottles and I found I was better, so I kept on taking it and also used Lydia E. Pinkham's Sanative Wash. I have had two more children since then, and am perfectly well. I used to have to lie down two or three times a day, and now I do all my housework without trouble. I always keep the Vegetable Compound in the house as I find a dose now and then helps me. I am willing for you to use this letter any way you see fit and I will answer letters. If I can help any other woman I'd be only too glad to try.'—Mrs. ESTHER HOUGHTON, 514 Morse Square, Moos Jaw, Saskatchewan.

Lydia E. Pinkham's Vegetable Compound is a dependable medicine for all women.

For sale by druggists everywhere. O

W. N. U. 1701

Lord, we are waiting, waiting, waiting."

Helmi swayed nearer to her and gently replaced the keys in Mrs. Wymuth's pocket, falling back on her knees in a rapture of thanksgiving and relief. And in the general responsive outcries of the girls, Helmi, too, joined. But the words of her song were the words of one of the yells of the

"Merry Maids!"

"Skin a mir inka! Skin a mir inka! Skina mir inka doo!

I love you!"

Fortunately for Helmi, Mrs. Wymuth attributed her strange words to her foreign birth, and in her joy at Helmi's apparent surrender she did not inquire closely into the matter. Helmi's silence was broken! Now for the full confession—the stubborn will had yielded at last.

The other girls were sent into the common room, where they began their dreary task of making baby clothes in shamed silence. Although the Wymuth's had been at the home only a short time they had killed every spark of happiness in it. Mrs. Avery had imbued the girls with a certain gaiety and enthusiasm over their sewing which had lifted it out of all sadness. A baby was to her a sacred gift; it must be made well; and baby clothes must be beautiful. The girls loved the two hours after supper when the little garments were fashioned. Indeed, the beautiful things that Mrs. Avery had planned and the girls had made were used against her by members of the Board, who claimed that she encouraged the girls to forget that they were sinners, and had them actually looking forward to the coming of their babies, forgetting that they were children of shame.

The Wymuth's let the girls forget nothing, and on this night they were silent and sad, as bitterly cast down and ashamed, as any Christian Board could wish.

For an hour Mr. and Mrs. Wymuth struggled with Helmi. They prayed, coaxed, threatened. She must tell! Mr. Wymuth at last shook her roughly—he had often said this was the best way to deal with foreigners. They had to be mastered.

Something broke in Helmi then. The nervous excitement of the evening—her three precious letters that she had not yet opened—her anxiety for Minnie, and eagerness to know what her letter contained of good or evil—something broke in Helmi's heart with sudden fury. It was that flashing temper for which her countrymen are noted. One moment she had been perfectly calm, tight-lipped, composed, mistress of herself, determined to bear all things; the next moment she was a flaming fury, with murder in her eyes. She hurled Mr. Wymuth from her with a swinging blow that sent him crashing into the china cabinet, and the words she said were words she had not known that she knew. In the hotel in Saint Paul she had heard the clerk say to a persistent peddler, at the door, "You go to Hell!"

Mrs. Wymuth screamed in genuine, honest fright.

CHAPTER IX.

"Girls! Oh, girls!"

Mrs. Wymuth's voice was fraught with terror and brought the girls from the common room in a panic.

"Oh, you wicked, wicked girl, Helmi! You have killed the best man the sun ever shone on! He is bleeding to

death, his life going away!" Her voice, which always had a rusty whine, now fairly croaked.

The glass in the door of the cabinet had given Mr. Wymuth a cut in the cheek, and the blood ran over his pale face. Helmi, wide-eyed and rigid, stood as if rooted to the floor.

"Murder! murder! murder!" Mrs. Wymuth's voice was rumbling now like distant thunder. "Oh, speak to me, Mr. Wymuth." Even in her excitement she remembered that it would not do to call him by his first name before the girls—in life or in death, discipline must be preserved. "Speak, oh speak, pale lips!"

The pale lips spoke. Mr. Wymuth's thin veneer had been cracked by Helmi's blow. "Shut up, you fool, and get me something to wipe off the blood," he said.

"He raves," cried his wife dramatically. "Go, girls, go! When he wakes—if he ever does wake in this life—he must see no face but mine bending over him! Go!"

The girls drifted noiselessly up the stairs, deeply awed by what had happened. Helmi suddenly remembered the letters she had concealed, and ran upstairs to find Minnie, who had gone to bed early. When Helmi reached the dormitory she found herself the centre of an admiring throng. "Gosh, I'm glad you patted him!" cried one. "Helmi, ain't you the best girl!" said another.

"Serves him right, the big bum," was Rose Lamb's contribution. "I wish I had your nerve, Helmi. He walloped me for fair last week, and I was afraid to hit back. But Gee! he hadn't a look in with our husky Helmi!"

Minnie had awakened with the noise and was sitting up in bed, very pale and frightened, when the girls swarmed into the room. Helmi put the letter in her hand.

The first flush of congratulations gave place to dismal forebodings. "Gee, Helmi, I'm glad it was you and not me that walloped him, I'm scared they'll half kill you." This was from Maude, a repeater who seldom spoke. "It's the Board I am scared of. There's a whole room full of them, and we get dressed the night they come—and they ask us questions about are we happy, and we say 'We are very happy here and will try and repay all the kindness you have shown us.'"

"That's not a Board," said a young girl who had been brought in because she and her stepmother could not agree; "Board is what you pay when you eat."

"Shut up, silly! Maude's right. Ain't she been here twice? I guess she would know. I'm afraid they'll kill Helmi, maybe, or do something bad—expel her, maybe."

"That ain't the worst," Rose Lamb led the discussion now. "You can't get expelled from this place. I guess, if any one could, it would have been me. This is a jail, really, only it's a jail where they're going to convert you or bust. It's best to get converted first thing. I've been converted lots of times; every time I run away I get converted all over again. Gee! I'm getting fed up with these Wymuths! Ain't this a swell time we're havin' tonight! I'm all for Helmi, she's as good as a show." Rose began to sing.

(To Be Continued.)

Local Possibilities

Home Neighborhood Usually Offers Better Chances Than Elsewhere

Many folks will start off to some far distant city or state to seek their fortunes when there are equally good or better chances in the home neighborhood. The chance to make good in one's home location is usually better, since people understand local conditions more thoroughly. They also have friends in their home locality who will be of assistance in developing any kind of business. There are opportunities for business everywhere and they are just as good as elsewhere. The people who render superior service and who advertise what they can do will always attract attention and go ahead.

Pearls From Fish Scales

A New York company, one of the largest manufacturers of imitation pearl from fish scales, is erecting a plant at Nanaimo, B.C., to manufacture from the fish scales of the British Columbia catch, and production is set for November.

When love sets the task the laborer never thinks of demanding shorter hours.

Man's "First Alphabet" Denounced As Fake

French Experts Find "Glozel Writings" Are Not Authentic

At a meeting in Paris of the Academy of Inscription the "Glozel Writings" discovered three years ago and believed to be man's "first alphabet" were denounced as fakes. The denunciation was made by Camille Julian, an authority on the Gallo-Roman era, and Rene Dussaud, the academician appointed to make a special investigation.

The famous writings, which were brought to light at Glozel, near Vichy, were declared by the finders to be the work of Neolithic man, thus presenting the contention that the writing originated hundreds of centuries before the period generally accepted by scientists.

For some time the authenticity of the inscription was not questioned. There was merely disagreement as to its age. MM. Julian and Dussaud now declare they found many good reasons to suspect the "discoveries," citing as examples the objects had been recently disturbed, the lack of human bones, pictures of reindeer, which did not exist in France, and finally that a fee of four francs was being charged for admission to the property where the "find" was made.

Fares Change With Weather

Trans-Atlantic Passenger Rates To Be Lowered During Dull Season

Trans-Atlantic passenger fares in the future will change with the seasons.

Cheaper rates for steamship passage are to prevail during the fall and spring as well as winter. This action of steamship officials has been taken to stimulate business in what are known as the off-seasons.

By the new arrangement, agreed to by all the principal trans-Atlantic companies, there will be three different tariffs, one for summer when travel is at its height, one for the intermediate seasons, the late fall and early spring, and another for mid-winter when travel is lightest.

The reductions on the more luxurious liners such as the Majestic, Berengeria and Leviathan, in some instances amount to ten to fifteen per cent. from the summer tariff.

Little Helps For This Week

The fruit of the Spirit is love, joy, Galatians v. 22.

So take joy home, And make a place in thy great heart for her. And give her time to grow, and cherish her. Then will she come, and oft will say to thee: When thou art working in the furrows—ay, Or weeding in the sacred hour of dawn.

It is a comely fashion to be glad, Joy is the grace we say to God.

—Jean Ingelow.

All God-like things are joyous, they have touched God, and so they carry with them an irresistible gladness everywhere.—Frederick W. Faber.

Angora Rabbit Farms

Reports state that Angora rabbit farming is being carried on to a very large extent by the people of France. Many thousands of Angora rabbit farms are in operation throughout the country and these depend largely on the revenue from the wool taken from the Angora rabbit which brings as much as \$8 a pound for the best grade. In one year, Angora rabbit wool produced in France amounted to \$190,000.

The tourists were being shown the Acropolis at Athens, when one of them, after an enthusiastic "Gee, I'll say it's great!" appeared to miss something.

"Say," she said, "where are the four horsemen, anyway?"

Fresh Youthful Skin Maintained by Cuticura

Daily use of Cuticura Soap, with touches of Cuticura Ointment when required, will do much to prevent pore-clogging, irritating rashes, roughness and other unwholesome conditions of the skin.

THIN, WATERY BLOOD ALWAYS DANGEROUS

If Not Corrected Serious Results Sure To Follow

In no trouble is delay or neglect more dangerous than in anaemia—thin, watery blood. It is very common in young girls and in persons who are overworked or confined within doors. It makes its approach in so stealthy a manner that it is often well developed before the trouble is recognized.

But taken in time the tonic treatment through the use of Dr. Williams' Pink Pills so enriches the blood that good health and strength is speedily regained. The correction of anaemic conditions by Dr. Williams' Pink Pills is as certain as anything can be. Miss Teresa Heafey, Dunraven, Que., is one of the many anaemic sufferers who has found new health through the use of this medicine. She says: "I cannot express too warmly my thanks for what Dr. Williams' Pink Pills have done for me. I was suffering from a badly run-down condition. I was very nervous, had little desire for food, and would feel tired out at the least exertion. In this condition I began taking Dr. Williams' Pink Pills, and before using them very long found my health gradually improving, and under their continued use was completely restored. For this reason I earnestly advise all weak girls to take these pills, feeling sure that they will do for others what they did for me."

Send your name and address to The Dr. Williams' Medicine Co., Brockville, Ont., and they will mail you free a useful little book on "Building Up the Blood." The pills can be obtained through any druggist or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Perhaps the only way to get around the problem of what is the plural of "galdiolus" is to grow asters.

To have the children sound and healthy is the first care of a mother. They cannot be healthy if troubled with worms. Use Mother Graves' Worm Exterminator.

The average man thinks he isn't even with the world until he owes others as much as they owe him.

Minard's Liniment for Toothache.

So often one reads a best seller and is saddened to think there are so many people capable of liking it.

THE CRESTON REVIEW

Issued every Friday at Creston, B.C.
Subscription: \$2.50 a year in advance.
\$3.00 to U.S. points.

O. F. HAYES, Editor and Owner.

CRESTON, B.C., FRIDAY, OCT. 6

The Right Road Policy

At its September meeting Creston board of trade did the wise thing in having nothing to do with the resolution from Nelson board which asks the minister of public works to provide a sum in the neighborhood of \$400,000 to get on with the building of the Kuskanook-Gray Creek road.

In adopting a hands off policy Creston should find itself in a stronger position when it requests the minister to set aside funds not only for the much talked of north and south highway, but also for improvements on existing high ways practically all the way from Moyie to Kuskanook which are badly in need of relocating at some points, and can stand considerable widening in the stretch between Alice Siding and the lake, as recommended by the coroner's jury enquiring into the death of the late L. M. Sly.

The Review's idea of a road policy for this part of the province is one that starts at the east and works west, due to the greater volume of traffic in that direction now the Banff-Windermere road is enjoying such popularity with auto tourists.

The Nelson resolution asking for such a heavy road expenditure at the centre of things, as it were, is not yet in order, unless along with its acceptance by the department comes assurance that every feeder from the east will be opened simultaneously, and thus justify the building of this central piece of highway.

The local board's transportation committee ought to test the friendliness of Nelson by asking the trade board of that city to back up a resolution from Creston in pressing for the north and south highway as well as the needed improvements from Moyie west.

Fall Fair Sports Day Successful

The Confederation Jubilee Committee have every reason to be satisfied with their effort in providing a field day in connection with this year's fall fair, the athletic events put on under their direction on Friday afternoon furnished a very fine outdoor attraction both for contestants and spectators.

And that the competition was keen is evidenced in the fact, that the championship silver cup was won by Canyon school by a margin of half a point over Wynndel. Deducting the 15 points the Creston school conceded others, the days showing figured out: Canyon 42½, Wynndel 42, Creston 37, Erickson 28½, and Lister 5.

Probably the most exciting event was the tug of war, which was run off in three pulls. Creston won from Erickson and Wynndel from Canyon in the elimination rounds, and in the final three pulls were required before Wynndel was adjudged the winner. In the other events the prizes were awarded as follows:

50 yards race, boys under 8—Jack Fraser, Earl Boswell, Irwin Nickel.

50 yards, girls under 8—Leah Abbott, Ethel VanAckeran, Gwen Putnam.

3-leg race, girls under 12—Alice Davis and Mary Abbott, June Brownell and Clara Nygaard, Mary Malone and Dorothy Marshall.

50 yards race, boys under 10—Norman Nickel, Lawrence Davis, John Spencer and Sandy Telford tie.

50 yards, girls under 10—Clara Nygaard, Molly Moore, Betty Kemp.

Relay race, 9 and under—Canyon, Creston, Wynndel.

100 yards, boys under 12—Herbert Couling, Hunter Putnam, S. Abbott.

100 yards, girls under 12—Frances Handley, Helen Brownell, Helen Hopwood.

100 feet, boys under 7—Irwin Nickel, Earl Brownell, Elmer Hagen.

100 feet, girls under 7—Jean Spiers, Inez Wood, Bab Spencer.

100 yards, boys under 15—Fred Wilson, Godfrey Samuelson, Herbert Couling.

75 yards, girls under 15—Lyda Christie, Eleanor Blair, Mabel Abbott.

3-legged race, boys under 10—L. Davis and C. Payette, E. Johnson and I. Ferguson, S. Abbott and D. Zachodnik.

3-leg race, girls 10 and under—Clara Nygaard and June Brownell, Kathleen Bundy and Betty Kemp, Ida Glasier and Hilda Hagen.

Boat race—J. Johnson, R. McMaster S. Abbott.

Relay race—Erickson, Creston, Wynndel.

Tug of war—Wynndel.

High jump—R. Glasier, Jim Downes, Maurice Kelsey.

Pole jump—Andrew Miller, Tom Cannady, Maurice Kelsey.

Long jump, boys—Godfrey Samuelson, Tom Cannady, W. Abbott.

High jump, girls—Madge Moore, Lyda Christie, Frances Handley.

Long jump, girls—Madge Moore, Lyda Christie, Frances Handley.

The officials in charge were: Starter, F. Lucas; judges, Mr. Oakley, Jas. Cherrington and Geo. Johnson; scorer, Miss Edna Holmes. At the finish the prizes were presented by Col. Fred Lister, M.P.P.

The Jubilee committee very much appreciate the assistance given throughout the afternoon by the teachers of the different schools. They are well satisfied with the initial effort of putting on an organized sports' program and feel sure that the next year even keener rivalry and competition will be in evidence.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions, is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received. For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant, unreserved Crown Lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is \$5 per acre, and second class (grazing) land \$2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas not exceeding 20 acres may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free permits are available for settlers, campers or travellers, up to ten head.

NELSON ASSESSMENT DISTRICT

I HEREBY GIVE NOTICE that, on Wednesday, the 12th day of October, 1927, at the hour of 10 a.m., at the Court-house, Nelson, B.C., I will sell at public auction the lands in the list hereinafter set out, of the persons in the said list hereinafter set out, for delinquent taxes unpaid by said persons on the 30th day of June, 1927, and for penalty, costs, and expenses, including the cost of advertising said sale, if the total amount due for the period ended December 31st, 1925 is not sooner paid.

Local and Personal

FOR RENT—Two room house, nicely located. F. H. Jackson.

Christ Church harvest festival will be held Sunday, Oct. 16th.

G. J. Bayle was a business visitor at Nelson a couple of days this week.

BIRTH—On September 30th, to Mr. and Mrs. Harold (Jock) Osborne, a son.

WANTED—Purebred Jersey cow, state price. H. Olenfents Erickson.

O. O. Rodgers was a business visitor at Nelson the latter part of the week.

FOR SALE—Grade Jersey heifer, just freshened, \$80. A. H. Piggott, Wynndel.

WANTED TO RENT—A good toned piano, by reliable party. R. L. Smith, Sirdar.

FOR SALE—Potatoes, Cabbage, Carrots, parsnips and Beets. Fred Lewis, Creston.

Mrs. Green of Cranbrook arrived on Sunday on a visit with Mr. and Mrs. J. W. Hamilton.

FOR SALE—McClary upright coal heater, in good condition, \$10. Ralph Clarke, Wynndel.

FOR SALE—Milch cows, reasonable prices. A. G. Cox, Vaness Ranch (Alice Siding), Creston.

Christ Church Ladies' Guild will have their annual bazaar on Saturday afternoon, December 3rd.

Due to insufficient publicity the intake for the Crippled Children's Hospital and Children's Aid Society Home at the Women's Institute tag day on Friday was below last year's receipts. About \$50 was realized this year.

Mrs. Ragotte of Kitchener was a Creston visitor for the fall fair, and was a guest of Mrs. McGonegal.

Creston and District Women's Institute have the October meeting on Friday afternoon next, at 8 o'clock.

Assorted Darwin tulips, hyacinths and daffodil bulbs. Also biennials and perennials for fall planting, for sale at Cook's Greenhouse, Creston.

"HUNTER'S PAL"

HUNTING KNIVES

Two styles, specially priced at

\$1.95

Stag handle. Guaranteed blade. Just the knife for the deer hunter.

CHAPTER VIII.—Continued

"I do pray," said Helmi, in her own defence "but not loud, just me and God know. I don't like big row — neither does my God."

After that the matron tried giving Helmi more than her share of work, but that plan was soon abandoned. Work melted before Helmi's clever hands. Then came isolation. Helmi's heart was so hard she could not have her meals with the other girls. Helmi bore this complacently. Anything better than having the whole roomful staring at her.

Helmi had four happy hours each day, four hours that slipped by her on shining wings, when the dining-room table was cleared and lessons were given by Miss de Forest. Always Miss de Forest smiled when she looked at Helmi, and called her "dear." She praised her neat, clear writing, and gave her a beautiful shiny-backed note-book with green lines in it for her own. Miss de Forest did not live at the Home, but came each day in her little car, her coming and going being events in the drab lives of the young prisoners to whom she came as an ambassador from a happier world.

To the Matron, Miss de Forest went one day with something weighing heavily on her mind. Mrs. Wymuth was in her "Retreat," and looked up questioning when the teacher entered.

"Mrs. Wymuth, this system is all wrong," began Miss de Forest, impulsively. "This young Finn girl who has just come in is as sweet and innocent as a rose, but she has to associate with all classes here. Rose Lamb has just come back from a terrible debauch, and she is full of the glory of her adventures—she knows every dive in the city. Lucille's baby is about due. Minnie is in the same condition, and the others are learning fast any wickedness they did not know. Many of these girls are mentally deficient. Certainly this is no place for a bright, lovely young girl like Helmi. I always have thought it poor system, but since Helmi came it seems positively devilish."

Mrs. Wymuth's lips were thin as she replied: "We have nothing to do with the system, Miss de Forest; that has been carefully thought out by the Board. You forget that under the softening influence of Divine grace, the hardest hearts may melt. Rose Lamb has had a wonderful conversion since she was brought back, and is a better girl this moment than Helmi with her proud and stubborn will. Rose is a brand plucked from the burning; Helmi is still a sinner."

Miss de Forest protested stormily. At the end of the month Miss de

Forest was dismissed. The letter from the Board said "it was deemed advisable to make a change."

During the rule of the former matron the hospital room was downstairs, located as far as possible from the dormitory. The Wymuths had other plans. They believed it was well for the girls to know the wages of sin. So on the dreadful night that Lucille spent in hospital, the girls huddled together in agony, listening, listening. Poor Lucille, with her shining brown girls! Every girl but Rose Lamb cried in sympathy, and some in shrinking terror. The new girl who had come in that day came over to Helmi, who held her in her warm young arms all night. Like a stone she was, poor little Esther. Her teeth chattered and her little heart beat wildly like a hunted hare's. Helmi did her best to comfort her.

Rose Lamb alone was calm. She sat up in bed and addressed the girls. "See here, kids," she said, "Lucille was a big fool, and it serves her right. She didn't need..."

The girls hushed their sobs and listened fascinated. Helmi covered her ears. Something inherently modest and clean in her young heart protested. She did not want to hear.

The Girls' Friendly Home had been built by Christian people. The men who sat on the Board were convinced that they were doing a noble thing. Faithful women sewed and baked and sold tickets to maintain it. O God! O God! what cruel things are sometimes done in the name of Thy Compassionate Son!

It was over Minnie that Helmi had her first quarrel with Mrs. Wymuth. Minnie's home was in the country, where the crops had failed, and Minnie had come to the city to find work. There had been no harvest to cut, so it seemed best for Minnie to come away. Only sixteen, innocent and trusting. Minnie had come to the great city. She wanted money to get shoes for the little ones at home, and for her mother, too. Minnie's love for her mother was very deep and beautiful. Her mother had been so brave and sweet through all their bad years.

Minnie had worked in the home of a prospector, a man who had found gold in the north—gold running in the sands of a river—and he had traced it back until he found the deposits. He would be the richest man in the world some day. His wife went to the coast for the winter. "He told me," sobbed Minnie, "that he would stake a claim for me, and I would have thousands of dollars, and that I could do what I liked with it. I could pay off the mortgage and give my mother a trip. But only on condition that I wouldn't tell, and so I didn't tell anyone. The other matron, Mrs. Avery, was lovely to me, and told me if the time ever came when I wanted to tell she would stand by me. She explained to me how foolish and wicked I had been, but she knew it was love of my mother and all of them at home. Oh, we would have been all right if she had stayed."

"She helped me to write a letter to my mother, and wrote herself so nice, too. It made me cry. That was just before they told her to go. I have her address—she gave it to all of us. Mrs. Wymuth made me burn my card, but I know it, anyway—she can't take that from me. She reads all the letters we write, and all the letters that come. Mrs. Avery never did that. But Mrs. Wymuth made me tell—she prayed it out of me. One night I got excited and said his name, and now even if he finds the gold he'll be mad at me and never give me a cent."

Helmi patted the poor girl's heaving shoulders. "But that's not the worst—I haven't got my mother's letter, and I believe there is one from her. I asked Mrs. Wymuth, and she said I would get it when I was a better girl and stopped crying. I said I couldn't stop, and then she said I was saucy and she would punish me for that," and I said a letter from my mother would do me more good than anything. She said I would get my letter when she saw fit to give it to me and not before. I wish I could die—I hope I will die when my time comes."

"No, no," said Helmi, "don't die, Minnie. I'll get your letter if it is."

We are so sure you will appreciate perfect tea in perfect condition that we make this offer. If you buy Red Rose Tea in the new aluminum package and you are not thoroughly satisfied, we have authorized your grocer to return your money on receipt of the container, no matter how much of the tea you have used.

There. I'll take it. It is yours, and it is not hers.

"They will kill you—they thrashed Rose Lamb for running away—thrashed her right before us all. It was terrible."

The next night when supper, which was always eaten in silence now, was over, the prayers began. Mr. Wymuth read the scripture, choosing a denunciatory psalm abounding with much malediction and woe. He spoke of Lucille, and drew a moral lesson from her sad story and her terrible suffering. According to Mr. Wymuth motherhood was the punishment which came to those who transgressed the laws of propriety (Miss Lamb dissenting, though not openly). The girls were strongly disposed to follow Miss Lamb's theory that it was not sin, but innocence, that had been Lucille's undoing.

Then came the avalanche of prayers, led most noisily of all by Miss Lamb. Some of the other girls followed, and Mrs. Wymuth as usual closed the meeting. She had a way of tattling on all the girls, telling God everything she had noticed all day that was in any way unpleasant. "And oh, dear, gracious God, we ask Thee to forgive Mary, who came to the table tonight with filthy hands. Teach her that clean hands are pleasing in Thy holy sight. And soften Helmi's hard heart, dear Lord, we pray. Oh, bring down conviction like a rain of fire, so that her poor sin-stained soul may not be eternally lost and cast away to burn forever and ever. Teach Minnie to know that authority must be respected."

Mrs. Wymuth's eyes were devoutly closed as she said back and forward to her own intoning. Her voice whimpered and wailed and rasped like a rusty hinge.

(To Be Continued.)

Worms in children, if they be not attended to, cause convulsions, and often death. Mother Graves' Worm Expeller will protect the children from these distressing afflictions.

Alberta's Coal Wealth

Greater Than All Known Deposits in the British Empire

Alberta's potential coal wealth is greater than all the known coal deposits in the rest of the British Empire put together, according to Sir Thomas Holland, chairman of the Empire Mining and Metallurgical Council. "If the present endeavors to change coal into a fluid fuel, capable of displacing petroleum and all its products, are successful, Canada will take the place of the United States as the world's provider of liquid fuel," he further stated.

Minard's Liniment for Toothache.

There are several countries in which a census never has been taken. They are: Persia, Afghanistan, the Indo-Chinese peninsula, half of Africa, parts of South America and most of China.

PIMPLES AND ERUPTIONS

On Face. Looked Awful. Cuticura Healed.

"My face broke out with pimples and sore eruptions. They did not trouble me much until about six months ago when suddenly they became large and red, and I could not sleep at night for the terrible itching and burning. I could not go out; my face was awful."

"My mother read an advertisement for Cuticura Soap and Ointment and I sent for a free sample. I purchased more, and when I had used three cakes of Soap and three boxes of Ointment I was healed." (Signed) Basil Lee, 60 Gammage St., London, Ont., Sept. 1, 1926.

Cuticura Soap, Ointment and Talcum are ideal for daily toilet uses. Sample each free by mail. Address: Canadian Agent, Montreal, 220, 222, 224, 226, 228, 230, 232, 234, 236, 238, 240, 242, 244, 246, 248, 250, 252, 254, 256, 258, 260, 262, 264, 266, 268, 270, 272, 274, 276, 278, 280, 282, 284, 286, 288, 290, 292, 294, 296, 298, 300, 302, 304, 306, 308, 310, 312, 314, 316, 318, 320, 322, 324, 326, 328, 330, 332, 334, 336, 338, 340, 342, 344, 346, 348, 350, 352, 354, 356, 358, 360, 362, 364, 366, 368, 370, 372, 374, 376, 378, 380, 382, 384, 386, 388, 390, 392, 394, 396, 398, 400, 402, 404, 406, 408, 410, 412, 414, 416, 418, 420, 422, 424, 426, 428, 430, 432, 434, 436, 438, 440, 442, 444, 446, 448, 450, 452, 454, 456, 458, 460, 462, 464, 466, 468, 470, 472, 474, 476, 478, 480, 482, 484, 486, 488, 490, 492, 494, 496, 498, 500, 502, 504, 506, 508, 510, 512, 514, 516, 518, 520, 522, 524, 526, 528, 530, 532, 534, 536, 538, 540, 542, 544, 546, 548, 550, 552, 554, 556, 558, 560, 562, 564, 566, 568, 570, 572, 574, 576, 578, 580, 582, 584, 586, 588, 590, 592, 594, 596, 598, 600, 602, 604, 606, 608, 610, 612, 614, 616, 618, 620, 622, 624, 626, 628, 630, 632, 634, 636, 638, 640, 642, 644, 646, 648, 650, 652, 654, 656, 658, 660, 662, 664, 666, 668, 670, 672, 674, 676, 678, 680, 682, 684, 686, 688, 690, 692, 694, 696, 698, 700, 702, 704, 706, 708, 710, 712, 714, 716, 718, 720, 722, 724, 726, 728, 730, 732, 734, 736, 738, 740, 742, 744, 746, 748, 750, 752, 754, 756, 758, 760, 762, 764, 766, 768, 770, 772, 774, 776, 778, 780, 782, 784, 786, 788, 790, 792, 794, 796, 798, 800, 802, 804, 806, 808, 810, 812, 814, 816, 818, 820, 822, 824, 826, 828, 830, 832, 834, 836, 838, 840, 842, 844, 846, 848, 850, 852, 854, 856, 858, 860, 862, 864, 866, 868, 870, 872, 874, 876, 878, 880, 882, 884, 886, 888, 890, 892, 894, 896, 898, 900, 902, 904, 906, 908, 910, 912, 914, 916, 918, 920, 922, 924, 926, 928, 930, 932, 934, 936, 938, 940, 942, 944, 946, 948, 950, 952, 954, 956, 958, 960, 962, 964, 966, 968, 970, 972, 974, 976, 978, 980, 982, 984, 986, 988, 990, 992, 994, 996, 998, 1000.

Free Books For Blind

Canada's National Institute For Sightless Distributes Thousands Of Volumes Monthly

Just twenty years ago a library for the unfortunate army of the sightless, who must read with their fingers, was established in Toronto. Now the library department of the Canadian National Institute for the Blind distributes 1,000 bulky volumes a month to blind persons in all parts of Canada and in Newfoundland.

This library is unique in Canada, being the only one with more than merely local distribution. Books supplied cover every range of literature, from geology to poetry. History, biography and scientific works are in great demand, and the librarian believes that the sightless consume a relatively greater quantity of this solid fare than those who read with their eyes.

Canada can claim a highly creditable distinction in that it was the first nation to grant free transportation through the mails to embossed literature. This step was accomplished in 1908 by Sir William Mulock, now Chief Justice of Ontario.

Its vast importance can only be comprehended when the weight and bulk of an embossed book is considered. It requires thirty-nine Braille volumes to accommodate the Bible. An ordinary Bible can be purchased for 25 cents; the price of the Braille Bible is \$22. Gibbons' "Decline and Fall" requires nearly twelve feet of shelf space and is so popular it is never on the shelves. There is no library fee for the blind reader, and no matter where he lives in the Dominion, the books he wants are sent free of charge.

Insist On Silent Cars

English Police Ordered To Punish Motorists Making Unnecessary Noise

Active warfare against drivers of motor cars throughout the country who make more noise than is necessary in the driving of their cars has been instituted by the police under explicit orders from the home office.

A little over a year ago the home secretary, Sir William Joynson-Hicks, issued a warning against motor drivers who failed to use silencers in connection with the running of their cars, and since then nearly 6,000 prosecutions have been made in the metropolitan police district alone. The improvement resulting therefrom, however, is deemed insufficient by the home office, and now the warfare is to be prosecuted with still greater vigor, not only in the metropolitan district, but in the country generally.

It Has Many Qualities.—The man who possesses a bottle of Dr. Thomas' Electric Oil is armed against many ills. It will relieve a cough, break a cold, prevent sore throat; it will reduce the swelling from a sprain, relieve the most persistent sores and will speedily heal cuts and contusions. It is a medicine chest in itself.

Little Helps For This Week

His secret is with the righteous. — Prov. III. 32.

Ah! If our souls but poise and swing Like the compass in its brazen ring; Ever level and ever true, To the toll and the task we have to do.

We shall sail securely and safely reach The Fortunate Isles.

—Henry Wadsworth Longfellow.

The desire to do right, the will to do right are not of ourselves, but of the Lord. He stands ready to give all these in their fullness to all who will receive them. —Theodore Parsons.

Brains and Intelligence

Quality That Counts and Small Brain No Handicap

There is no evidence that the size of the brain has anything to do with intelligence. Men are larger than women, therefore they have larger but not necessarily better brains. Turgeneff, the Russian novelist, had an exceptionally large brain, only exceeded by two others; one of the others was an imbecile. Next in weight came a laborer and a bricklayer. The largest woman's brain recorded weighed 1,742 grams; she was insane, and died of consumption. A small brain is no more of a handicap than a small foot. It is quality that counts.

Farm Prosperity

Increasing Sale Of Agricultural Implements Reported In West This Year

An unfailing indication of farm prosperity is the increasing sale of implements reported by nearly all dealers in the west this year. The demand for haying machinery has been especially heavy, while the sale of threshers, binders, combines and tractors has been exceptionally large, some firms reporting from 100 to 200 per cent. increases in the sales of these implements.

THIS GREAT TONIC
RENEWS STRENGTH

Simply Because It Enriches and Builds Up the Blood

In no trouble is delay or neglect more dangerous than in anaemia, which means poverty of the blood. It is very common in young girls and in persons who are overworked or confined within doors. It makes its approach in so stealthy a manner that it is often well developed before its presence is recognized. But taken in time there is a tonic that so enriches and purifies the blood that a good health and strength soon comes to the former weak, anaemic sufferer. This tonic is Dr. Williams' Pink Pills, which for years have been the most successful blood-builder known, and have credit for restoring to good health thousands and thousands of people who have suffered from some of the many ailments that come through weak, watery blood.

The correction of anaemic conditions by Dr. Williams' Pink Pills is as certain as anything can be. As proof of this Miss Margaret A. Smith, Burgoyne, Ont., says:—"After having a severe attack of jaundice I was left in a very weak and run-down condition. I was pale and my nerves on edge. I could not sleep at night and would toss and turn for hours at a time. I finally decided to try Dr. Williams' Pink Pills, and soon began to feel better, and after taking a few more boxes of the pills I felt as strong as ever, and could thoroughly enjoy my rest at night. Now I always recommend these pills to any friends who may be ailing."

Better sleep, steady nerves, improved appetite, increased vigor—all these can be yours by taking Dr. Williams' Pink Pills. Begin them today. Sold by all medicine dealers or by mail post paid at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Judge—"Madam, have you anything to say?"

Prisoner's Husband (excitedly) — "Now you've done it."

A great man is seldom taken at his true value but lots of others will sell out for more than they are worth.

Does Weakness Detract From Your Good Looks?

—Photo by Melckethwaite

Mrs. Thomas Chapman of 3 Somerset Place, Toronto, Ont., whose picture appears here, said: "Dr. Pierce's Favorite Prescription was very helpful to me and I know it to be the very best medicine a woman can take when nervous and run-down. I had a break-down—my nerves were so upset I could not sleep. I also suffered from nervous indigestion, but after taking Dr. Pierce's Favorite Prescription I did not suffer with indigestion and I could get a natural night's rest, which I could not do before. No woman can appreciate what a wonderful medicine the 'Favorite Prescription' is until she gives it a trial."

All druggists, Tablets or Liquid. Write Dr. Pierce, Pres. Invalids' Hotel, Buffalo, N. Y., for free advice.

AVOIDED AN OPERATION

Mrs. Dayman Gives Lydia E. Pinkham's Vegetable Compound the Credit

Colborne, Ontario.—"When I was first married I was very thin and weak. The doctor said I was weak and would never be able to have a child, but I did, and from the time my baby came I suffered all the time and doctored and took medicine. Life became a burden, and doctors said an operation could help me, but my husband was opposed to that. I had seen Lydia E. Pinkham's medicine advertised, so I told my husband that I thought I would try it, that I might get some relief. I had not taken one bottle when I could feel it helping me. I took five bottles and had better health. Now I have three girls and a boy and have done my work up to confinement. I am now at the Change of Life and owe my good health to Lydia E. Pinkham's Vegetable Compound. I take a bottle when I think I need it."

Mrs. SUEAN DAYMAN, R. R. No. 5, Colborne, Ontario.

Sold by druggists everywhere.

Local and Personal

Fall and winter samples from Tip Top Tailors are just in. Any suit or overcoat \$27. Vic. Mawson.

Due to a shortage of space this week the September report of Creston school is held over until next issue.

Magistrate Mallardaine handed out a fine of \$25 and costs to a Wynndel resident on Tuesday for allowing a bull to run at large.

The Ellen Dow Girls' Junior Auxiliary of the Presbyterian Church meet on Saturday afternoon, 8th, at 3 o'clock, at the home of Mrs. Henderson.

Creston Valley enjoyed a net gain of six in population for September with six births, no deaths, and one marriage. Of the newcomers six were girls.

Creston Presbyterian Church, Sunday, October 8th: Communion service at 11.30 a.m., and at 7.30 p.m., Rev. D. Daly will deliver his farewell address.

At the October meeting of Creston and District Women's Institute on Friday, 14th, a delegate will be named

Heed and raffa—Frank Morrow, Bert Morrow.

Sirdar

The school children had a half holiday on Friday to enable those who wished to attend the Creston fall fair. Principal Smith was a keen observer of the school sports.

Fred Payne of Creston is back again on the car repair staff, in the absence of Mr. Dibley.

Jas. Wilson of the Grey Royal Granite quarries was at Creston on Saturday attending the meeting for the organization of a branch of the Canadian Legion.

Mr. and Mrs. H. Dibley left this week on their annual vacation, part of which will be spent with friends at Swift Current, Sask.

Mrs. R. C. Proctor and children, and Miss Lily Wilson went to Cranbrook on Monday, where they are visiting at the home of the former's parents, Mr. and Mrs. Goodman.

Mrs. E. J. Brawn was a visitor with Kimberley friends at the weekend.

Fr. Cullinan of Cranbrook was here on Saturday, when he held Roman Catholic Church service in the school-house, going on to Creston at noon.

Sirdar was quite well represented at Creston at the fall fair on Friday afternoon, amongst those going up being, Mesdames, Martin, Heap and Brawn, Principal and Mrs. Smith, Mr. and Mrs. Loasby and their guest Mrs. McClenahan.

Supt. Flett of Cranbrook was here on an official visit on Saturday. On Sunday the new time card went into effect, and it does away with Duck Creek, which is now known as Wynndel, and the Wynndel siding has been re-named Loasby.

NOW ENJOYS EATING,
THANKS HIS WIFE

"For years I suffered with stomach trouble. Then, my wife got me to take Adlerika. Today I feel fine and eat what I like."—Wm. Opp.

Adlerika relieves stomach gas and sourness in TEN minutes. Acting on BOTH upper and lower bowel, it removes old waste matter you never thought was in your system. Let Adlerika give your stomach and bowels a REAL cleansing and see how much better you will feel. It will surprise you! Creston Drug & Book Store.

BRITISH COLUMBIA

The Mineral Province of Western Canada

TO THE END OF DECEMBER, 1926

Has produced Minerals as follows: Placer Gold, \$78,018,948; Lode Gold, \$126,972,318; Silver, \$80,787,003; Lead, \$106,976,442; Copper \$209,967,068; Zinc, \$50,512,557; Coal and Coke, \$264,699,133; Structural Materials and Miscellaneous Minerals, \$50,175,407; making its mineral production to the end of 1925 show an

Aggregate Value of \$988,108,470

Production: year ending December, 1926, \$67,188,842

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees. Absolute Titles are obtained by developing such properties, the security of which is guaranteed by Crown grants.

In clean, bright Aluminum RED ROSE TEA "is good tea"

When you serve RED ROSE ORANGE PEKOE to your family you are giving them the best tea you can buy.

The Conference Of Premiers

At the invitation of the Dominion Government there will assemble at Ottawa early in November a conference of representatives of the Federal Government and of all the Provincial Governments at which consideration will be given to the many questions affecting the interests and rights of the Dominion and its several provinces. This conference will be attended by the Dominion Prime Minister and some of his colleagues and by all nine Provincial Premiers who in each case will be accompanied by cabinet colleagues.

The object of this round table conference is, of course, to discuss problems common to all and endeavor to find satisfactory solutions, to adjust any differences now existing, to try and harmonize conflicting laws, eliminate overlapping in administration, and, in general, to study the financial requirements of the several governmental units. In a word, it is co-operation for the good of all Canada. Its importance, therefore, does not call for any special emphasis.

This conference of Canadian Premiers is designed to accomplish for Canada something similar to what the recent Imperial Conference at London accomplished for the Empire as a whole. For example, the exact status of the Dominion and its several Provinces in regard to certain subjects requires to be clarified. There is now conflict of authority in matters of Company law, incorporation and regulation, including licensing of companies. In insurance matters particularly there is more or less confusion.

Again, most of the Provinces are anxious to exercise strict supervision and control over the sale of stocks and bonds of companies, and several Provincial Legislatures enacted what are termed "blue sky" laws for the protection of the investing public, only to find that all companies had to do to escape Provincial jurisdiction was to become incorporated under Dominion law. The Provinces desire Federal action to overcome this difficulty.

Another matter which is causing adverse comment throughout the country is the duplication of police forces, with consequent division of authority, sometimes leading to over-lapping and consequent friction; sometimes resulting in lack of co-operation. In any event, people feel there is an unnecessary waste of the taxpayers' money with Dominion, Provincial and Municipal police. The Premiers' Conference will give consideration to such problems as these.

Then there is the ever-recurring question of the Dominion subsidies paid to the Provinces, and the complications resulting from the fact that some Provinces have control of their natural resources while others have not. As an outcome of the Duncan Report, the Maritime Provinces have been given a new financial arrangement temporarily. To this the other Provinces have not raised any objection, but if a new and permanent arrangement is to be made in the interests of these Provinces, then all the Provinces have a vital interest in the matter.

Furthermore, it is now fairly well recognized that the financial terms originally fixed at the time of Confederation, and as altered from time to time, work out to the advantage of the Dominion and unfairly to the Provinces. That is to say, increased population brings largely increased revenues to the Dominion through Customs, Excise, and other forms of taxation, but to the Provinces increased population means enormously increased expenditures for education, roads, hospitals, court houses, and institutions of various kinds, while the small increase in the subsidies received from Ottawa because of such larger population is a mere bagatelle compared with such expenditures. Re-adjustment of the financial terms, therefore, becomes a necessity from time to time.

No one thing is more apt to weaken Confederation than the existence of a feeling that it is not working out quite fairly to the Provinces, or that, in regard to those matters which are subject to both Dominion and Provincial jurisdiction, Federal Departments are not displaying that spirit of helpful co-operation which is essential to complete efficiency in Provincial administration. On the other hand, real unity in effort, frank recognition and understanding of each other's problems, and sympathetic consideration and action will make the Dominion united and strong.

The people of Canada will entertain high hopes that the Ottawa Conference will be as successful in its field as the Imperial Conference was in the larger arena of Empire affairs.

Penetrates Far North

University Graduate Prepares For Expedition Into Arctic Circle
Paddling 1,300 miles alone through the regions of Northwest Canada with only Indians, Hudson's Bay Company trappers, and hordes of animals to punctuate the monotony. Cornelius Osgood, 21-year-old graduate student in anthropology at the University of Chicago, spent the summer steeping himself in the lore of the North woods and learning to live the life of the Indians, preparing himself for a 14-months expedition next year into the Arctic Circle to report on the culture of the little-known Athabasca Indians. Osgood has just returned to the university to continue his studies in ethnology.

One Drop of "Putnam's" —Corns Stop Aching

Isn't it wonderful — Just a drop or two of Putnam's on any sore corn and out comes all the pain. After a few applications the corn shrivels up and drops off. No scar, no pain, no pinching from tight shoes anymore. You can dance or walk in comfort. Be sure you use only Putnam's Corn Extractor. Satisfaction guaranteed. Sold by druggists everywhere. Refuse a substitute for Putnam's—it's the best.

Aviation In Canada

No country provides a better field for air communication than Canada. The distances between the cities are great and the climate is favorable for flying. Experience shows that with suitable equipment, winter presents no insuperable obstacle to the continuous operation of air routes.

BABY'S OWN TABLETS ALWAYS IN THE HOME

Once a mother has used Baby's Own Tablets for her little ones she always keeps a supply on hand, for the first trial convinces her there is nothing to equal them in keeping children well. The Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach, thus driving out constipation and indigestion, colds and simple fevers, and making teething easier. Concerning them, Mrs. Saluste Pelletier, St. Dumas, Que., writes: "I have used Baby's Own Tablets for the past ten years and am never without them in the house. They have always given the greatest satisfaction and I can gladly recommend them to all mothers of little ones." The Tablets are sold by medicine dealers or direct by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Losses From Smut

Smut diseases cause heavy losses wherever cereal crops are grown. In Canada careful estimates of smut losses are available only for the last few years, and these show the average annual loss to the Canadian farmer from this source as over \$12,500,000. Government departments, agricultural colleges, and technical agriculturists are all engaged in the effort to reduce this loss.

Externally or Internally, It Is Good.

When applied externally by brisk rubbing, Dr. Thomas' Electric Oil opens the pores and penetrates the tissue, touching the seat of the trouble and immediately affording relief. Administered internally, it will still the irritation in the throat which induces coughing and will relieve affections of the bronchial tubes and respiratory organs. Try it and be convinced.

Antarctic Expedition

Expedition To Extreme Southern Seas Returns To England

After two years of scientific research in the extreme southern seas, Captain Robert F. Scott's old Antarctic ship, Discovery, returned to Falmouth, England, having suffered no casualties in the struggles with the ice fields.

The expedition gathered valuable information, especially about the life habits of whale. Dr. Stanley Kemp, the leading scientist aboard, told newspapermen that on the disputed marital habit of whales, they are not monogamous. On the contrary, he declared, they have, so to speak, "a wife in every port."

The heaviest wood is lignum-vitae, which runs from 73 to 82 pounds a cubic foot. Ebony is a close second, with from 69 to 83 pounds; boxwood is third, running from 59 to 72 pounds a cubic foot.

Minard's Liniment for Lumbago.

W. N. G. 1701

Flight Will Be Hazardous

Commander Byrd's Trip To Antarctic More Dangerous Than Any Yet Attempted

Commander Richard Byrd, who recently flew the Atlantic ocean with passengers, will undertake the most hazardous flight that has ever been made by an airman when he will attempt to reach the South Pole by aeroplane. He has already crossed the North Pole by air, but the task he has now set out to accomplish entails even greater dangers and difficulties.

For instance, he may find himself obliged to winter in the Antarctic in the event of being caught in the ice. But if all goes well, and as now planned, the flight will have been accomplished and the intrepid voyagers on their way back to civilization early in 1928.

"If all goes well" . . . These words are often on the lips of Byrd and his companions just now, for well they know, from all the data to hand, that usually all does not go well on that vast but little explored waste, which has been so vividly named "The Home of the Blizzard."

The first aeroplane to fly across this unknown huge vastness of the earth's surface will be equipped with a powerful wireless and with kite aerials that can be flown high in the air to give greater power, so that in the event of a forced landing or other untoward event the fliers will be able at once to communicate with the companions left at the base camp at Ross Bay. They will have the means ready to effect Commander Byrd's rescue.

Diarrhoea Summer Complaint HE ALWAYS USES

Mr. T. F. McGregor, McLennan, Alta., writes:—"Over forty years ago my mother used to give us Dr. Fowler's Extract of Wild Strawberry for diarrhoea and summer complaint. All through the years since then when troubled with an excessive looseness of the bowels I have been accustomed to take a few doses of the same old, reliable remedy and it always seems to have the desired effect, no matter what the cause."

Don't Accept a Substitute

This valuable preparation has been on the market for the past 80 years; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Fresh water can be dipped from the Atlantic Ocean for a distance of 50 or more miles off the coast of Brazil. This is due to the enormous amount of water that pours from the mouth of the Amazon.

For 100 bushels of wheat—

That's about all the trip costs, and that's why thousands of people go to the Old Country for the Holidays—an unforgettable pleasure. Are you going?

The Anchor-Donaldson Steamer "Lertitia" leaves Montreal for Scotland on November 26th. The Cunarder "Aurora" leaves Montreal November 25th for the Channel Ports.

Special Christmas sailings from Halifax for the second week in December will enable you to arrive in plenty of time for plum puddings and haggis, bagpipes and pantomimes.

Round Trip from \$155.00 up; everything included. Children half fare. Your Steamship Agent will make all arrangements.

Safe—Accept only "Bayer" package which contains proven directions. Handy "Bayer" boxes of 12 tablets. Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monocrotic acid of Salicylic Acid (Acetyl Salicylic Acid, "A. H. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Children Cry for Fletcher's CASTORIA

**Fletcher's
CASTORIA**

MOTHER:—Fletcher's Castoria is a pleasant, harmless Substitute for Castor Oil, Paregoric, Teething Drops and Soothing Syrups, especially prepared for Infants in arms and Children all ages.

To avoid imitations, always look for the signature of *Charles H. Fletcher*. Proven directions on each package. Physicians everywhere recommend it.

RURAL ROADS ARE PLANNED TO AVOID ACCIDENTS

Niagara Falls, Ont.—Delegates who attended the annual convention of the Canadian Good Roads Association meeting here apparently become imbued with the "safety first" idea, for continually throughout the discussions the speakers veered from their original topic to safety first suggestions.

H. R. Mackenzie, chief field engineer for Saskatchewan, stated that his province was planning its rural roads with the aim of making them "accident-proof." Mr. Mackenzie stated that the roads were being constructed 24 feet wide, and with ditches at such a gradual slant that an automobile could run into them at a fair speed and still fail to turn turtle or fall on its side.

The annual meeting of the association, held apart from the convention, did not pass without its recognition of the accident situation, several resolutions being adopted supporting the "safety first" campaign.

In touching upon the question of federal aid, the prelude to a resolution pointed out that the Dominion Government had collected upwards of \$175,000,000 in the past ten years which could be traced directly or indirectly to highways. In view of this, the association instructed its executive committee to make every reasonable effort to induce the Federal Government to grant financial assistance to the building of good roads.

The election of officers resulted as follows:

President: Hon. P. C. Black, minister of highways, Nova Scotia; first vice-president, Hon. O. L. McPherson, minister of highways, Alberta; second vice-president, Hon. W. H. Sutherland, minister of public works, British Columbia; secretary-treasurer, George A. McNamee, Montreal.

Plan Subways For Montreal

Huge Project Would Provide Subway Lines and Abolish Level Crossings

Montreal.—Initial steps have been taken, it was officially announced, by a group of local interests connected with financial houses in New York to enter into a \$200,000,000 project with the city, province, Federal Government and railway companies to abolish level crossings in Montreal, construct a grand central terminal station and construct underground tram facilities.

The work in view comprises, it was stated, the abolition of all level crossings in and entering the city either by elevating them or putting them underground. The proposition which it is stated is being made to civic, provincial and Federal Governments, beside the railway heads, would provide for collaboration of all these bodies in the financial arrangements.

Completes Long Trip

British Aviator Makes Record For Long Distance Solo Flight

Capetown, South Africa.—Lieut. H. H. Bentley, instructor for the South African air force, who left Hendon, England, on September 1, in a light night airplane for Capetown, completed his long solo flight of more than 7,000 miles.

Lieut. Bentley, who made the trip in long hops to prove the feasibility of London-Capetown air communication and to demonstrate the capabilities of a light plane on long distance flights, created what was said here to be world's record for a long distance solo flight.

The aviator, who had hoped to make the trip in 19 days, found 28 necessary for the long trip, some of it over hazardous and deserted country.

Will Endorse Proposal

Toronto.—Toronto women and probably Ontario women generally will support British Columbia's proposal to make women eligible to the Senate of Canada when the proposal is discussed at the meeting of the National Council of Women at Stratford. The Toronto local has strongly endorsed a similar resolution.

W. N. U. 1701

Gypsy Children Ask For Separate School

Pupils In Czecho-Slovakia Fear Those Of Other Tribes

Prague.—School children in the town of Homonna, Czecho-Slovakia, have struck for separate schools because of their instinctive fear that the swarthy juvenile nomads beside whom they sit have cannibalistic instincts.

Striking children have been strongly supported by their parents, who declare their children are in danger of being eaten. Seeing the force of their arguments, the authorities have decided to build a separate school for Gypsy children, which, it is believed, would be the only one of its kind in the world.

The present protest grew from alleged cannibalistic orgies for which 36 gypsies are now awaiting trial. They are said to have confessed to murdering and devouring scores of persons, pleading the times were bad and they could not afford to buy ordinary meat, but that they did not see "anything wrong in eating human flesh."

Aviators Safe After Long Desert Flight

German Plane Delayed By Detour Ordered By Turks

Bagdad, Iraq.—Lieut. Otto Keenbeck, pilot of the Germania, whose arrival here cleared up the mystery of his whereabouts since his take-off from Angora, Turkey, said that his delay in reaching this place had been due chiefly to the instructions given him by the Turkish authorities on leaving Angora as the route to be followed.

The German aviator, who is enroute to the U.S. by way of the Orient, said that the instructions involved a wide detour, the Turkish idea being apparently to prevent foreign aviators from flying over certain areas of Turkish territory.

The aviator said that he had halted at Aleppo and then had deferred his departure for Bagdad in order to avoid flying in the hottest part of the day.

Eugene Chen Married

Reported Marriage In Moscow Of Former Nationalist Foreign Minister Of China

London.—The God of Love seems once more to have won out over the God of War in the Chinese Nationalist movement.

The Riga correspondent of the Daily Mail quotes an official Soviet despatch to the effect that Eugene Chen, former Nationalist Foreign Minister, and Mme. Sun Yat Sen, widow of the father of the Nationalist movement, were married in Moscow.

The newspaper reports the couple intend to spend their honeymoon in China by starting a new revolution, and adds that the Third Communist Internationale is financing the activities of the bridal couple.

C.P.R. Earnings

Montreal.—The gross earnings of the Canadian Pacific Railway for August were \$17,258,634, an increase of \$528,460 over the gross earnings during the same month in 1926. The working expenses for the corresponding period, however, showed an increase of \$1,073,687, representing a decrease of \$443,227 in the net profits, compared with August 1926. Net profits for August 1927 were \$3,862,148.

Paralysis In Sweden

Stockholm.—The infantile paralysis outbreak reported in various parts of Europe has reached Sweden, cases being reported from two provincial districts. At Marina, a military training field north of Stockholm, a young conscript died from the disease, and in the neighborhood of Oerebro, west of the capital, several children are ill, but none fatally thus far.

New Rule On Alfalfa Seed

Ottawa.—Regulations under the Seeds Act have been amended to prohibit the importation into Canada of alfalfa seed or any mixture of seed containing ten per cent. or more alfalfa seed, unless ten per cent. of the seed in each container is colored red. This action has been taken to discourage the importation of Southern grown alfalfa.

Young Orator

Frederick Hotson of Tavistock, Ont., Canada's champion orator who has just reached home after his prize trip, won in the Canadian oratorical contest. He visited Scotland, England, Belgium, Switzerland and France. He will compete on October 14 in the international oratorical contest at Washington.

May Not Attend Parley

Uncertain Whether Premier King Will Go To Continental Congress

Ottawa.—Considerable uncertainty exists as to the likelihood of Premier W. L. Mackenzie King accepting an invitation to attend the sesqui-centennial of the sitting of the Continental Congress in York, Pa.

While the prime minister is at present out of the city, it is intimated that on his return he will be busily engaged in preparations for the conference of provincial premiers to be held here early in November. No decision has yet been reached by Hon. William Phillips, United States Minister to Canada, as to whether he will attend the centennial.

Adopt Novel Method

May Use Gramophone To Teach English In Quebec Schools

Quebec, Que.—Utilization of the gramophone as a new practical method of teaching the English language in schools of the province of Quebec is the recommendation that will be placed before the Catholic committee of the council of public instruction, by a sub-committee appointed to consider the question.

This new method has been approved recently by several school commissions and after a demonstration given before the members of the sub-committee it was adopted unanimously.

Preparing Customs Report

Ottawa.—Three more weeks will be required to complete the report which the Royal Commission, on customs will present to the Governor-in-Council. The three commissioners are hard at work on the report, which will, it is expected, be voluminous.

Have Reached Agreement

Railways Likely To Allow Hon. Robert Forke To Control Foreign Immigration

Ottawa.—Negotiations recently initiated by Hon. Robert Forke, Minister of Immigration, looking to a curtailment of the influx of foreigners to Canada, if and when this is necessary, are achieving their object, it was stated here.

Recently in Montreal, Mr. Forke conferred with President Beatty of the Canadian Pacific Railway in regard to the existing agreement between the department and the railways respecting continental immigration. The Minister had a conference on the same subject with Sir Henry Thornton, president of the Canadian National.

"I think we are now in agreement," stated Mr. Forke after seeing the C.N.R. He indicated that while the arrangement with the railways is not being re-drafted, the new provision, or undertaking is, that the Minister will have the absolute say as to when, in his judgment, the influx of foreigners shall be stopped or curtailed.

"Meanwhile," said Mr. Forke, "I think that what has occurred will serve as a warning sufficient to avoid the necessity of any arbitrary action."

Would Make Britain Dry

Evangeline Booth Convinced That Prohibition Is Possible In England

London.—Commander Evangeline Booth of the Salvation Army, to whom a welcoming reception was given in a big London hall, is convinced that prohibition is a big possibility for England.

"If I were over here and had the help of Lady Astor, we could bring prohibition into England in no time," she is quoted as saying in an interview.

The Commander, who is making her first visit here since 1920, talked strongly on the benefits which she said prohibition had brought to the United States. "I would say to every country, if you want to be rich introduce prohibition and banish drunkenness and inefficiency."

Progress Is Satisfactory

Minister Of Railways Pleased With Work On Bay Line

Calgary.—Hon. C. A. Dunning, Minister of Railways, expressed his satisfaction with the progress of the work on the Hudson Bay Railway in the course of an interview here. The minister stated it was now in operation as far as mile 350 and the bridge over the Limestone River at that point had been completed.

"I expect within the next few weeks the Canadian National will let the contract for the last section of the railway to Churchill," he said.

In reply to a question as to the prospects of Fort Churchill and the length of the shipping season, Mr. Dunning said they must await Mr. Palmer's final report.

Doctor Made Indian Chief

Another Englishman has left Canada bearing with him the highest title of one of the famous Indian tribes of the Western plains. The title of "Chief Bear Head" was conferred upon Dr. Edward Brown, of the Poultry World, London, England, by Chief Running Antelope of the Sarcee Tribe.

The ceremony took place on the Burns Ranch near Calgary, recently, during the Canadian Pacific western tour of the World Poultry Congress. Delegates of which party Dr. Brown was an outstanding member.

The photograph shows Dr. Brown shaking hands with Chief Running Antelope after he was accepted as a member of the Sarcee Tribe.

WANT CANADIAN CO-OPERATION ON WATERWAY PLAN

Washington.—Co-operation of Premier Mackenzie King's Government of Canada with the United States for the projection of the Great Lakes-St. Lawrence waterway was predicted by W. L. Harding, president of the Great Lakes-St. Lawrence Tidewater Association, after a call upon President Coolidge. He said he had "heard rumors" that the premier intended to head a commission to seek an agreement with the United States and he believed these to be true.

Harding also declared that he saw no prospect of a loss greater than 5,000,000 bushels of grain to United States Great Lakes shippers as a result of the fixing of an eleven cent rate by the Canadian Railways on grain from Winnipeg to Quebec.

Harding, a former governor of Iowa, said that he saw some lagging in the sentiment for Frank O. Lowden, for president, in his state and that in some sections, particularly the eastern part, Secretary Hoover seemed to be gaining ground for the Republican nomination.

Harding believed that the veto of the McNary-Haugen farm relief bill would not play as important a part in Iowa presidential politics as has been generally predicted.

Russia Planning To Buy Montana Horses

Increased Price In Western Canada Too High Is Report

Quebec.—Canada's second consignment of horses to Soviet Russia is now on the high seas, the Russian steamer Dakabris having left Quebec with 1,100 animals for Leningrad.

Captain Smirnov, in charge of the ship, said before leaving that Russia is looking towards the state of Montana to supply her with horses, due to the action of Western Canadian farmers in raising the price of their animals to \$30 each. Montana and other states are willing to supply the horses at \$12 per head, he said.

The Dakabris will be back here early in November for her third and last trip of the season.

Names Are Perpetuated

Nungesser and Coli Linked Forever In Canadian Place Names

Ottawa.—Nungesser and Coli, who sought to fly the Atlantic and failed, will live forever in the place names of Canada. The topographical survey department of the interior has issued a new map of the new gold-bearing areas in the vicinity of Woman, Narow and Birch Lakes in northwestern Ontario. On the map, the name Nungesser has been given to a lake and to the river flowing from it into Little Vermilion. The name of Coli, too has been given to a lake.

As Nungesser and Coli were linked in death, so Lakes Nungesser and Coli are linked by the highway of river and stream.

Predicts Fast Mail

Washington.—Within five years mail from New York will be delivered in London in three days by steamers and aeroplanes, second Assistant Postmaster-General Glover, who has returned from the international mail service conference at Paris, predicted. He said the conference's discussion of trans-Atlantic air mail gave assurance of this service.

Expenditure For Indian Schools

Ottawa.—The amount expended by the Government of Canada on Indian education in the fiscal year 1926 was \$1,918,000. In addition to this certain bands of Indians, whose funds were sufficient to meet the expenditure, contributed \$67,000 for school purposes.

Russia-Poland Pact

Warsaw, Poland.—An agreement on certain points of a pact of non-aggression between Russia and Poland has been reached in recent conversations between Stanislas Patek, Polish minister to Russia, and George Tchitcherin, Russian foreign minister. The ministry of foreign affairs announced today.

SALE OF ESTRAY CALF

Came to the premises of the undersigned on or about September 15, 1927, one black and white calf, with small slit in right ear. Unless animal is sooner claimed calf will be sold at 10 a.m., Saturday, October 15, 1927 at my ranch at Creston. JAS. DAVIS.

Coats and Party Dresses

A representative of Consolidated Garments, Ltd., will be at our store

Saturday, Oct. 8th
Afternoon and Evening

showing the newest creations in these lines.

Garments may be bought from this showing and taken away by purchasers immediately.

S. A. SPEERS

Form No. 18
[Section 39]

LAND ACT

Notice of Intention to Apply to Purchase Land

In West Kootenay Land Recording District of Province of British Columbia, and situate in Arrow Creek Valley on east slope of Goat Mountain.

TAKE NOTICE that Effie Frank Arrowsmith, of Creston, B.C., occupation, planter, intends to apply for permission to purchase the following described lands: Commencing at a post planted one foot from South East corner of Sublot 150 of Lots 432 and 433; thence 20 chains west; thence 20 chains south; thence 20 chains east; thence 50 chains north, and containing 40 acres more or less.

EFFIE FRANK ARROWSMITH.
Dated September 5, 1927

Local and Personal

John Garfield was a business visitor at Fernie this week.

The village council meets in October session on Monday night.

Dean Peira and Sam Nelson of Kellogg, Idaho, were weekend visitors at the home of Mr. and Mrs. W. C. Bush.

Mrs. W. P. Stark of Victoria, arrived at the end of the week on a visit with her husband, at the Devon ranch.

Mrs. Joe Morgan of Lundbreck, Alberta, is a Creston visitor this week, at the home of Mr. and Mrs. Bush.

Jim Leamy and Ted Bush of Kellogg, Idaho, arrived at the end of the week on a visit with their parents at Creston.

Mr. and Mrs. Bill Hall of Kellogg, Idaho, are here this week on a visit with the latter's parents, Mr. and Mrs. J. A. Bell.

Robert Stark, who suffered a slight paralytic stroke on Thursday morning of last week, is making a very satisfactory recovery.

Creston Board of Trade meets in October session on Tuesday night, when highway matters will be a feature of the session.

Miss P. Robinson, who is on the Central School teaching staff at Cranbrook, spent the weekend with her brother, H. L. Robinson.

WANTED—Work horse, about eight years old, 1400 lbs., state price. Will trade alfalfa for a couple of yearling cattle. W. E. Beard, Camp Lister.

Pigs—Young pigs for sale, Berkshire-Duroc Jersey cross, ready for October delivery, going price. A. G. Cox, Vaness ranch (Alice Siding), Creston.

C. A. Mittun, Creston's chiropractor, is extending his practice to include Yakh, which point he visits Wednesday afternoon and Thursday morning of each week.

The fall fair night dance this year was put on by Mrs. Lister's orchestra, in the Parish Hall on Friday night, and attracted an attendance of some 75 couples, who thoroughly enjoyed the "hop".

A. E. French was a Cranbrook visitor at the first of the week; taking one of the children to the hospital in that town for treatment.

The grouse shooting season is due to close on the 15th. Due so much wet weather the kill of these birds this year has been much lighter than usual.

WINTER VEGETABLES—Order your supply now. Prices, delivered, are: Carrots, \$1.50 per 100 lbs. Beets, \$2 per 100 lbs. Turnips, \$1.50 per 100 lbs. Parsnips, \$2.50 per 100 lbs. Richardson, Erickson.

Village treasurer W. O. Taylor had a busy morning of it Friday taking in tax payments to escape the penalty that went into effect on October 1st. At the present time less than \$150 of the 1927 taxes are unpaid.

So much rain during the past month has put the ground in such a condition that logging is about out of the question and the Putnam, Palmer & Staples, Limited, sawmill is likely to have to shutdown until conditions improve.

Rev. J. Herdman took charge of the preparatory service at the United Church at Cranbrook on Friday night, returning on Saturday. Mrs. Herdman, who is a hospital patient in that town, continues to make a satisfactory recovery.

A number of homes in Creston are dining off cantaloupe this week, due to the thoughtfulness of our former townsman, E. O. Gibbs, now of Penikese, who shipped, in a box of the Okanagan variety for distribution amongst oldtime friends.

Secretary W. G. Hendy of the Rod and Gun Club has been officially advised that the Creston Valley is given a two day open shooting season on pheasants this year, October 15th and 16th. Cock birds only may be taken, and the bag limit is three each day.

Supt. T. R. Flett of the C.P.R., Cranbrook, was among the out-of-town visitors at the fair on Friday. Due to the heavy demand for cars for the grain haul it is just possible sawmills operating on the contracts may be forced to shut down for a few weeks.

Trinity United and St. Stephen's Presbyterian Ladies' Aid novelty stalls and refreshment booths at the

fair enjoyed a generous patronage, both reporting an intake of about \$100. The 20 cent coupons given to the children by the Jubilee Committee saved the day, as the prizes in the races were paid in goods this year. Christ Church Ladies' Guild gathered in \$30 at their and refreshment booth.

At an enthusiastic meeting on Thursday night last the work of the Young People's Department of Trinity United Church was reorganized for the season, with Miss Clara Morrow re-elected president; Miss Minnie Strong, vice-president; and Vic. Mawson, secretary-treasurer. The committee convener are Dick Penon, and Misses Rita Strong, Annie Smith and Violet Morrow. Last year the Y.P.D. had a membership of 48, and an equally active season is looked for this winter.

Wm. Ramsay of Nelson, district public works engineer, was here on an inspection of the new bridge and other improvements made on the Hunt stretch of the Kitchener road east of Goat River. He has given instructions to J. D. Spiers, local foreman, to put in a couple of camps between Kuskanook and Saunca and get a crew of about twenty men to get on with clearing the right of way of the Kuskanook end of the Kuskanook-Gray Creek road. Similar crews are to be put to work along the other stretches of the highway, and clearing operations will be in full swing this week.
