## Cards, Review Groceries Win

### Men's Games Won by Wide Margin—Pharmacy Presents Tough Opposition for Review —Junior League Results.

The once-mighty Creston Review team made a poor showing against the Pharmacy in the opener last Friday night when they took a low-scoring game from the last-place Pharmacy, 13-5. The first half was marked by listless passing and poor shooting by both squads, the first quarter ending in a 4 all tie. Marge Levirs left the floor early in the second quarter. After the half-time gong Review seemed to wake up to the fact that they were facing possible defeat and by a determined defence held Pharmacy practically scoreless while building up a slight lead.

Creston Review: Levirs 4, Lewis, Payne 5, Palmer, Henderson 1, Bourdon 3. Total 13.

Pharmacy: O. LaBelle, Learmonth, Moore, Tompkins, Olivier, E. LaBelle, Y. LaBelle 5. Total 5.

After the first two minutes Cardinals played a convincing game against Wynndel to swamp them with a 39-2 score. Wynndel started with a flourish, but failed to connect with the basket, and it was well on in the second half before O. Payette connected with the hoop to make their lone tally. The Cards played a beautiful game. If any single player could be picked out from their team it was Tony Cobus whose lanky body pulled down Wynndel passes with unfailing regularity.

Cardinals: H. Corrie 8, C. Holmes 10, B. Ross 4, Cobus 9, D. Corrie 6. Total 37. Wynndel: C. Payette, A. Hagen, O. Hagen, O. Payette 2, B. Martell, Andy Hagen, J. Martell, Packman: Total 2. Loallos went down to overwhelming defeat before the onslaught of the Imperial Groceries in a fast but hard checking game. Although the Groceries were successful in running up a higher score than they did last week, their plays lacked the smoothness in evidence the previous game. For the winners Bourdon, Couling, and Payne made an impressive showing, while Maddess starred for Loallos. Final score: Groceries 45, Loallos 12.

Groceries: Rogers 1, Downes 8, Hurdon 11, Bourdon 10, Payne 8, Couling 7. Loallos: Maddess 10, A. Nastasi, Morabito, S. Nastasi, Dale, Goplin 2, LaBelle, Truscott, Bourdon.

In a double-header at Creston, Canyon split the games, the girls losing to Creston Public School, while the boys won from the High School B team. The scores were 8-1 and 19-6.

### Erickson

Ted Baldwin was a business visitor at Fernie during the past week.

Mr. Halliday, who spent the summer at his ranch here, left for his home in Alberta last week.

Rev. M. C. Percival will be here for Anglican Church service at the school-house at 3 p.m., Sunday, 25th.

Mrs. J. M. Craigie was hostess to Erickson Ladies' Hospital Auxiliary at the November meeting on Wednesday last.

Ed. Koepnick and friend, of Vancouver

arrived at the middle of the week and are guests of Mr. and Mrs. J. E. Healey.

The apple packing staff at Long, Allan & Long, Limited, returned to work on Monday after being idle for a couple of weeks.

Mrs. Lewis Leveque, who has spent some weeks at their ranch at Erickson, left on Thursday for her home at Medicine Hat, Alberta.

The federal voters list as finally revised by enumerator J. B. Holder, shows a total of 213 names, as compared with 212 on the list as first posted.

Miss Patsy Dodds, who is attending high school at Erickson, made the best showing of all Grade 10 pupils, according to the report issued for September-October.

### Alice Siding

Victor Carr is the latest in this district to install a radio.

Miss Edith Mather left last week for Nelson, where she has secured a position.

Mrs. Matthews of Nelson is a visitor this week with Mr. and Mrs. J. C. Martin.

Mrs. Hector Stewart has returned from a two weeks' visit with her parents at Wasa.

Sam McNeil and Frank Travis are moving into their new residences in the Lakeview district this week.

Jeff. Collis left last week for the coast where he has secured a job on a dairy farm in the Fraser valley.

All the hunters in the valley will be at Alice Siding next Wednesday, 28th, when Walter Nickel is having a goose shoot at his ranch, opposite Jas. Compton's. 40 geese to be shot for, commencing at 11 a.m.

Harvey Noble and Harold Bristo, of Vermilion, Alberta, spent the past week here, guests of the former's uncle, Ira Willis. The latter has just left for Vancouver, but the former expects to spend some time here.

W. Keirn left on Sunday for Kelowna, where he represented the Creston district at a conference, at which Messrs. Haskins, Barrat and Hembling were elected permanent directors of the B.C. Tree Fruit Board.

Miss Eva Webster was a visitor the past week from Vancouver, with her parents, Mr. and Mrs. J. H. Webster, leaving on Wednesday for Calgary, Alberta, on a visit with her sister, before journeying to Toronto, in which city she will be married early in December.

### Kitchener

Mrs. B. Johnson left on Sunday on a visit with friends in Spokane.

E. Driffl, C.P.R. tie inspector, is home on a couple of weeks' vacation.

C. Senesael has secured employment on the dyking operations at the flats at Creston.

Rudolph Nelson of Rossland was a visitor at the weekend, returning on Monday.

Allan Moore of Fort Steele was a weekend visitor at Kitchener. Mrs. Moore, who has been on a visit with her sisters, Mrs. Lepage and Mrs. Redmile, returned with him.

Page & Hill Pole Company, Spokane, shipped out two carloads of poles from the Paulson pole yard last week, to Spokane. C. Meigs of Spokane was in charge of shipping, and left for home on Sunday.

Miss Celina Langlois of Vancouver, who has been a guest of Miss Myrtle Anderson, on a visit with Kitchener friends, left on Monday for Rossland, where she is to be married to Rudolph Nelson on November 20th. They are to reside in Rossland.

Mr. and Mrs. B. Johnson entertained in honor of their son, Robert's, fourteenth birthday, on Sunday afternoon, at a jolly party, to which the young host's friends were invited. Those present were Robert Bohan, Jim Thompson, Harold Nelson, Robert Thompson, Alton Nowlin, Ralph and Jack Abbar, Jim Bohan, Ronald Lepage and Billy Slean.

Mrs. B. Johnson entertained at a smart bridge on Monday evening at her home. High score was made by Mrs. G. A. Hunt, with Mrs. Chas. Nelson taking second prize, and Mrs. A. Ragotte, consolation. The invited guests were Mrs. Driffl, Mrs. N. P. Molander, Mrs. Senesael, Mrs. Ragotte, Mrs. Chas. Nelson, Mrs. Hunt and Miss Edith Nelson. A dainty lunch was served after cards.

Mrs. G. A. Hunt entertained a few of the ladies at bridge on Wednesday evening. The high score honors went to Miss Hazel McGonegal, with Mrs. Driffl capturing second prize, and Miss Edith Nelson, consolation. The guests were Mrs. B. Johnson, Mrs. Senesael, Mrs. Driffl, Mrs. Ragotte, Mrs. Chas. Nelson, Mrs. N. P. Molander and Misses Hazel McGonegal, Edith Nelson. There was lunch after cards.

## Board of Trade Session Quiet

### Business Light at November Meeting—Want Better Road to West Creston—Adopt the By- Laws and Constitution.

The November session of Creston Board of Trade on Tuesday night was uneventful. Nineteen members were in attendance along with President Bell, who was in charge of proceedings. The application of W. Fraser for membership was accepted.

The correspondence consisted of one letter, which was from the C.P.R. divisional superintendent stating that the electric lighting of the station at Creston was still under consideration. As the "juice" has since that time been installed the letter was ordered filed.

The local committee on relief had a letter telling of the unfortunate shape of the Moxam family, recent arrivals from the prairie, the head of which is hopeful of being taken into the Sanitarium at Kamloops for treatment. \$50 is needed for this cause and the board voted \$5, provided the other \$45 is raised.

Constitution and by-laws governing the local board were finally approved, and the committee in charge of the work was complimented by the president on the very workmanlike job they had made of the task. On motion the secretary was instructed to write the secretary of the Associated Board of Trade of Eastern B.C. asking for copies of the resolutions passed and rejected at the 1934 convention at Grand Forks.

The road across the flats to the ferry was discussed and the matter disposed of by instructing the secretary to write the public works department asking that this highway be made a passable road.

## Yahk Badminton Talent Defeated

### Creston Takes 31 of 47 Sets— Yahk's Best Play in the Men's Doubles—Ladies' Doubles De- cided Two Straight Each Meet

Intersectional badminton was inaugurated for the 1934-35 season at Park pavilion, Creston, on Monday night, when the pick of the Yahk shuttle talent visited Creston for a series of games, and were treated to 31 to 16 setback in a total of 47 contests.

There was a large turnout of players and in order to permit all to participate it was agreed to limit each set to 11 points, and to play best two out of three sets.

The visitors showed to best advantage in the men's doubles, which they were defeated by a single set, 7-6. In the ladies' doubles Creston won 6-2, a feature of this play being that all the sets were taken in two straight games. In the mixed doubles the figures were 18-8 in favor of the locals. Following are the teams and scores:

#### MIXED DOUBLES

J. Brogan and E. Revans, Yahk, lost to G. Sinclair and Mrs. Frank Levirs.

H. Dickson and Mrs. Dickson, Yahk, lost to H. Cornwall and Miss M. Smith.

R. Fraser and Mrs. Lazenby, Yahk, lost to J. P. MacDonald and Miss Jean Henderson.

C. Harrison and Miss S. Wilkie, Yahk, lost to A. Sostad and Miss M. Hamilton.

J. A. and Mrs. Hamilton, Yahk, lost to Mr. and Mrs. R. M. Chandler.

B. Revans and Miss E. Revans, Yahk, won from R. Lynn and Mrs. G. Sinclair.

C. Radford and Miss H. McInnis, Yahk, lost to A. W. Millen and Miss Hazel Hobden.

W. Jupp and Mrs. Revans, Yahk, lost to F. V. Staples and Miss Nora Payne.

R. G. Potter and Mrs. Dickson, Yahk, lost to Mr. and Mrs. R. M. Telford.

G. Lockwood and Miss H. McInnis, Yahk, won from Dr. and Mrs. G. G. McKenzie.

Mr. and Mrs. A. Lythgoe, Yahk, won from Ted Moore and Jean McCraith.

LADIES' DOUBLES

Miss E. Revans and Mrs. Dickson, Yahk, won from Miss M. Smith and Mrs. Levirs.

Miss H. McInnis and Mrs. Lazenby, Yahk, lost to Mrs. Telford and Miss H. Hobden.

Miss S. Wilkie and Mrs. Hamilton, Yahk, lost to Miss Jean Henderson and Mrs. Chandler.

Mrs. Revans and Mrs. Lythgoe, Yahk,

lost to Misses Nora Payne and M. Hamilton.

#### MEN'S DOUBLES

J. Brogan and H. Dickson, Yahk, lost to G. Sinclair and R. M. Telford.

R. Fraser and G. Harrison, Yahk, lost to H. Cornwall and O. Sostad.

J. Brogan and C. Radford, Yahk, won from A. W. Millen and J. P. MacDonald.

J. A. Hamilton and E. Revans, won from Dr. McKenzie and F. V. Staples.

W. Jupp and G. Lockwood, Yahk, lost to R. Lynn and R. M. Chandler.

A. Lythgoe and R. G. Potter, Yahk, won from H. A. Powell and Ted Moore.

After play there was the usual hour of sociability with the following in charge of serving a very delightful lunch: Mrs. F. V. Staples, Mrs. C. W. Allan, Mrs. R. M. Telford, Mrs. F. C. Rodgers, Misses Marcella Sanford, Betty Speers, and Dora Nickel, and R. M. Telford.

Due to the poor shape the roads were in all last season but one visit was made to Yahk in 1933-34, but it is hoped to have a monthly tournament with the club in that town this season.

### Canyon City

A. D. Pochin of Nelson is here at present, looking after the packing and shipping of his apple crop.

Grover Kifer, who is working at Yahk on a post making contract, spent the weekend at his home in Canyon.

Mr. and Mrs. Manfred Samuelson left on Sunday for Kimberley, where they will visit friends for a few days.

Mr. and Mrs. Bob Clayton with his mother and Elsie and Bill Clayton, were visitors in Spokane a couple of days last week.

Mr. and Mrs. Bob Clayton returned on Sunday to their home at Kimberley, after a week's visit with his parents, Mr. and Mrs. Matt. Clayton.

Canyon high school teams divided the honors with Creston in the games of basketball in that town Friday afternoon—Canyon boys won but the girls lost.

W. Ridd left at the end of the week for Antross, Alberta, where he will be employed this winter with the Ross-Beard Lumber Company at that point.

Mrs. Arvid Samuelson got back on Friday from Red Deer, Alberta, where she had been for the funeral of her grandmother, in company with her mother, Mrs. Murphy of Erickson.

As a result of pressure from the Farmers' Institute the highway between the school and the Martin Nelson corner is receiving a coat of gravel, which is being hauled from the Lyon ranch.

The will of the late John Vance was probated by Judge Nesbit at Nelson at the first of the week. He left an estate valued at \$6438 and will be divided between Mrs. Vance, three sons and two daughters.

Mrs. Bradbury and daughter of Vancouver, have just arrived to spend the winter at Canyon with her father, Robert Turner. The visitor will be remembered as Miss Maggie Turner, who left here in 1917 for the coast.

Mr. and Mrs. A. and Godfrey Samuelson will be leaving in a few days for Hazel Creek, east of Kitchener. They have secured a block of timber from Cranbrook Sash & Door Company, Limited, on which they will take out a quantity of cedar posts.

Nelson News: A Canadian Press story telling of the claim of a United States couple, 62 years, to being the youngest great-grand parents in the east has brought to light the case in this district of Mrs. R. B. Lowerison of Canyon, who at 65, is a great-grandmother. Her granddaughter is Mrs. E. Arlt of Nelson, and the grandchild, a son, was born January 10 this year. The baby's great grandmother, mother of Mrs. Lowerison, is still living. She is 76 years old.

The first of the Christmas tree benefit card parties was held at the hall on Saturday night with ten tables in play, the affair netting the fund about \$16. There were seven tables of old style whist at which the prizewinners were Miss Grace Bothamely and L. Moberg. Three tables played bridge and the high scores were made by Mrs. Blair and George Niblow. The ladies served a lunch and the affair broke up just before midnight.

Next Monday, November 26th, is the first anniversary of the West Kootenay Power & Light Company, Limited, "juice" in the valley. On that date, a year ago, L. A. Campbell, vice president and general manager of the company, turned on the switch at 8.25 a.m., which sent the power over the lines for the first time. Capt. Supt. Sid Parker reports that, except for one 12-minute interruption, late one Sunday night in July, due to a hot bearing, which automatically shut the machine down, there has been a steady and continuous supply of power over the whole year. Such an excellent service is certainly appreciated by all consumers in Canyon, Erickson, Creston and Wynndel sections, and as time goes on it will be one of the greatest factors in the development of the valley.

## Plan Removal Hospital Debt

### Launch Membership Drive with Lucky Ticket Worth \$750.00 or Ten Acres Dyked Land— Ticket Selling Under Way.

On the fourth anniversary of incorporation it is well to review the progress of Creston Valley Hospital, and to make plans for its future development.

Creston's first hospital was opened in the two story residence of Matt. York on Barton Avenue, which was remodelled for the purpose. Its establishment was due the effort of the Board of Trade, and Dr. Olivier, who had, up to that time, operated a fully modern hospital at Blairmore, Alberta. Col. Mallandaine, the first president, had the support of a strong directorate, and financial assistance from local fraternal bodies, organizations, and the public generally. Just one year ago the hospital was moved to the splendid new building on Creston Avenue.

In the four years Creston hospital has taken care of 954 patients, mainly from the country between Kootenay Bay and Yahk. There have been 120 major operations, and 61 maternity cases.

Some idea of the growth of the service is obtained by comparing the hospital of 1933 with that of 1934. The previous building had a capacity of 11 beds, the present has a capacity of 22 beds. There were 233 patients in 1933 as against 344 patients in ten months of 1934. There were 1637 hospital days in 1933 compared to 2536 in ten months of 1934.

The policy of expansion, with more and better service, inaugurated by Col. Mallandaine, the first president, was continued by his successor, president F. V. Staples, and much modern equipment has been purchased and improvements effected at the new hospital.

By generous public support, government assistance, and business management, the building debt has been greatly reduced, and in order to free the institution of debt, and to provide funds for further expansion, the directors have completed plans for a membership campaign which will be carried into every home in Creston Valley, and far and wide in the province and outside its borders. Through the co-operation of the public, and especially of the business community, literature describing the drive, and advertising the district will give wide publicity to Creston Valley. Coincident with the launching of the campaign locally, the drive, and district will be advertised by prairie newspapers through a large territory.

The prize for the holder of the lucky ticket is ten acres of the 8800 block of Creston Dyking Company land, or \$750 in cash. The winner of the ten acres will have the option of purchasing adjoining land at \$75 per acre.

Canyassers will call at every home, and it is confidently expected that those who value the hospital, those who wish Creston hospital to increase its usefulness to the community, every resident of the valley will rally to the support of the membership drive. Tickets are obtainable by the book for \$10, or singly for \$1 each. The purchaser of \$25 receives a Life Membership in the Association.

A partial list of those who will be in charge of ticket sales is as follows: Wynndel, J. G. Abbott; Erickson, Percy Truscott; Canyon, Miss Eleanor Blair; Lister-Huscroft, Miss Jane Huscroft; Alice Siding and Creston below track, C. S. Hester; Creston, Mrs. Canute Anderson.

## Little Journeys In Science

## BACTERIA

(By Gordon H. Guest, M.A.)

When the microscope was invented a new field of science known as bacteriology, was opened up. Bacteria is the name given to a large group of plant organisms of minute size. Some of these have a rod-like appearance, some are spherical, and some look like trailing bits of filament. The rod-like type are called bacilli, and it requires twenty-five thousand of them placed end to end to occupy one inch of space.

Bacteria reproduce by the division of their bodies, one rod or sphere changing with great rapidity into two. The bacilli which bring about the fermentation of hay, double their length and divide every half hour.

Many kinds of bacteria are killed by light while others cannot withstand great extremes of heat and cold. A few varieties, however, exist in a dormant state at 222 degrees below zero. A temperature of 87 degrees above zero destroys most bacteria, but some are known to live in hot springs where the temperature is 104 degrees.

Because they are plants, bacteria have no stomachs, and so they cannot absorb undigested food. They therefore go into their food. When they have penetrated into the material which they are going to use for food, they give off chemicals which change the material into a form in which it can be absorbed. Thus bacteria bring about the decomposition of dead plants and animals. Slowly but surely the bacteria bring about complete decomposition of the dead matter into many compounds, including such important substances as carbon dioxide and ammonia. If it were not for this process of destruction all living things on the earth would soon perish, because the chemical elements upon which life depends would be locked up in dead plants and animals. Thus the chemical elements necessary to life are always travelling in a circle. Everything come from the earth, returns to the earth and is used over and over again. If the circle is ever broken all life would stop. Bacteria play an important part in keeping this vital circle unbroken.

## A Product Of Proved Merit

## Vicks Va-tro-nol, For Preventing Colds, Meets With Wonderful Success

Windsor, Ont.—An intensive newspaper advertising campaign introducing Vicks Va-tro-nol, the new aid in preventing colds, has just started in Western Canada. Introduced in Ontario last year, and in the United States two years before, Va-tro-nol immediately became immensely popular.

Newspapers were selected as the principal medium for the introduction of Va-tro-nol because of the excellent results they have produced for Vicks VapoRub, according to the announcement.

For many years VapoRub has been the world's most extensively used cold remedy—the family standby for treating colds in 68 countries. Vicks officials attribute much of the tremendous VapoRub sales—over 26,000,000 jars last year—to honest consistent newspaper advertising, backing a product of proved merit.

Similar international success is being achieved now by Vicks Va-tro-nol—companion to VapoRub in Vicks Plan for Better Control of Colds. Vicks Chemists and medical consultants developed the formula for Vicks Va-tro-nol after years of clinical research. It is especially designed for nose and throat, where most colds start.

Based on a new idea for preventing colds—by aiding Nature's own cold-fighting functions in the nose—Va-tro-nol is introduced as "the ideal companion to Vicks VapoRub, the modern external method of treating colds." Together with certain simple rules of health, these two preparations form Vicks Plan for Better Control of Colds. Records of thousands of clinical tests—conducted over a period of two years under medical supervision—indicate that Vicks Plan greatly reduced the number, duration and dangers of colds.

In accordance with the Vicks Company's policy for nearly 30 years, VapoRub and Va-tro-nol will be heavily advertised in newspapers throughout the season. They will also be backed by the distribution of thousands of samples through drug stores in the Dominion.

Since 1929, Vicks has steadily increased its advertising while other companies were drastically curtailing theirs or eliminating it entirely. And during these five turbulent years, sales of Vicks products have increased from 26,000,000 to over 53,000,000 packages annually, despite adverse business conditions.

Having been mute for more than 100 years the great organ of the Church of St. John Lateran, at Rome, Italy, is being reconstructed for use in the next church festival.

W. N. U. 2073

## From the New PURITY COOK BOOK

Illustrated is the Christmas Cake, recipe number 372 in the new Purity Cook Book. Containing 743 tested recipes, with numerous household hints and special menus, this new Cook Book, costing \$10.00 and two years of research to prepare, is invaluable in the kitchen. Easy to keep clean and lying flat at the page at which it is opened, this great kitchen help is now sent to you postpaid for 50 cents. Write for your copy today, to Dept. 624, Western Canada Flour Mills Co., Limited, Toronto, Winnipeg or Calgary.

## SUNDAY SCHOOL LESSON

NOVEMBER 25

## THE CHRISTIAN STEWARD

Golden text: "Well done, good and faithful servant: thou hast been faithful over a few things, I will set thee over many things; enter thou into the joy of thy Lord." Matthew 25:21.

Lesson: Matthew 25:14-30.

Devotional Reading: Malachi 3:7-12.

## Explanations And Comments

The Charge to the Stewards, verses 14, 15. Jesus was talking with his disciples about the Kingdom of Heaven, and he began an illuminating parable by saying that the situation was comparable to that of a man who, being able to go into another country, called his servants and delivered to them his goods. A man of means in the time of Christ on leaving home for a long period would have trusted servants to whom he could hand over the conduct of his affairs, the tillage of his land, and the use of his money in trade.

How the Stewardship Was Carried Out, verses 16-18. The servants who received five and two talents respectively lost no time in trading with them and doubling each his amount, but the man who received one talent hid it in the earth. It was a common practice in the East to bury money for safekeeping, but his master wanted increase as well as safety.

The Two Stewards Rewarded, verses 19-23. After a long time the master returned and the servants made their reports. "Well done, good and faithful servant," he said to the man who had doubled his five talents: "thou has been faithful over a few things, I will set thee over many things; enter thou into the joy of thy Lord." "Come and share your master's feast" is Moffatt's translation.

The One Steward Punished, verses 24-30. "Lord, I knew that thou art a hard [austere, Lk. 19:21] man," said he who had received one talent, "reaping where thou didst not sow, and gathering where thou didst not scatter." He uses proverbial expressions to describe an unscrupulous, grasping man. "It is all work and no pay," in his master's service, "his master takes all the increase and gives the laborer no share in the reward," he thus says, "And I was afraid," he continued, "and went away and hid thy talent in the earth; lo, thou hast thine own."

"Thou wicked and slothful servant!" exclaimed his master. "You call me hard. I call you a churl" (A. B. Bruce). "Out of thine own mouth will I judge thee," Lk. 19:22. "Thou knewest [didst thou] that I reap where I sowed not, and gather where I did not scatter; thou oughtest therefore to have put my money to the bankers, that at my coming I should have received back mine own with interest." Turning to the men who would carry out his will, he said: "Take you away therefore the talent from him, and give it unto him that hath the ten talents." Then he gave voice to a general principle which, hard and inexorable, is always true: "Unto every one that hath shall be given, and he shall have abundance; but from him that hath not, even that which he hath shall be taken away." No better interpretation of the seeming paradox in the last part of this statement could be found than the words of Aristotle: "He who hath this or that, and makes no use of it, may not improperly be said to have it and not to have it."

## for COUGHS

Take half a teaspoonful of Minard's in molasses. Heat Minard's, inhale it. Also rub it well into your chest.

You'll get relief!

**MINARD'S**  
"KING OF PAIN"  
LINIMENT

## Tested Eczema Remedy

Is Prescription of Doctor

Your skin trouble—whether it is eczema, acne, hives, dandruff, ringworm infection or pimples and blotches—will be positively benefitted by D.D.D., because D.D.D. is a tried and tested Physician's Prescription. D.D.D. was developed originally for his own patients by Dr. D. D. Dennis. It is now manufactured by the makers of Campana's Italian Balm. In 35 years D.D.D. has brought clear, healthy skin to millions. At druggists. Trial size 35c. Guaranteed to give instant relief or money refunded.

A soft answer may start good luck your way.

## IT'S LIVER THAT MAKES YOU FEEL SO WRETCHED

Wake up your Liver Bile

—No Calomel necessary

For you to feel healthy and happy, your liver must pour two pounds of liquid bile into your bowels, every day. Without that bile, trouble starts. Poor digestion. Slow elimination. Poisons in the body. General wretchedness. How can you expect to clear up a situation like this completely with mere bowel-moving salts, oil, mineral water, laxative candy or chewing gum, or roughage? They don't wake up your liver. You need Carter's Little Liver Pills. Purity vegetable, safe. Quick and sure results. Ask for them by name. Refuse substitutes. 25c. at all druggists.

## WORLD HAPPENINGS BRIEFLY TOLD

Lieutenant-Governor Herbert A. Bruce of Ontario has been elected to the board of the Dominion Bank.

Robert W. Babson, statistical expert, advocates a coalition government in the United States beginning in 1937.

"Given similar jurisdiction, namely, monetary and customs control, British Columbia is in a better financial position than the Dominion of Canada," Premier T. D. Pattullo declared in a public address.

Prompt construction of two giant airships, an aircraft carrier and a "flying deck" cruiser unlike any other ship now afloat has been proposed privately to President Roosevelt's aviation commission.

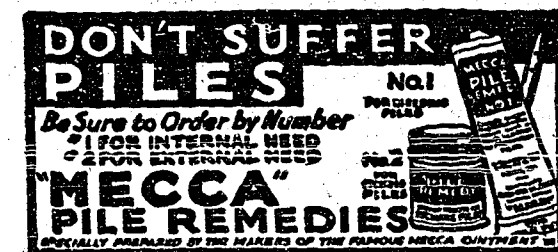

Dr. A. L. McNabb, director of the Ontario health laboratories in Toronto, revealed he had succeeded in isolating tularaemia germs infecting a human being. He said he believed

it was the first time such an isolation had been achieved in Canada.

## Indigestion, Gas

Mrs. Elizabeth Stewart of 129 S. Caroline St., Hamilton, Ont., says: "I had indigestion most all the while, and was continually bloated with gas. At times I had heartburn and I would become dizzy-headed frequently. But Dr. Pierce's Golden Medical Discovery built up my system and entirely rid me of the stomach distress. I have had no stomach trouble in years." All druggists. Write Dr. Pierce's Clinic, Buffalo, N. Y.

## TELL YOU HOW TO COOK FISH

—with less work and no odor

Boiled or steamed fish comes out firm and solid, swimming in its own juice, when you cover it with CANAPAR Cookery Parchment. No fishy odor. No gummy steamer or saucepan to clean up afterwards.

And how delicious vegetables are when cooked the CANAPAR way! You can boil three in one saucepan without the flavors mixing—over a single burner. Save fuel. Eliminate odor in the house. Preserve the rich mineral salts. Cut down work.

CANAPAR can be used over and over again. It won't absorb odors. Try it as a dish cloth—especially for glasses.

## THE TENDERFOOT

By  
GEORGE B. RODNEY

Author of "The Coronado Trail",  
"The Canyon Trail", Etc.

### CHAPTER V.—Continued

"You see I ain't done much real cow-hand work. I was livin' in town and I got me a little bit o' money. I learnt what I could from a few books I read an' then I come West to learn the business. That's how come I was hired. . . ."

"Huh! Year . . . I . . . We see . . . That's fine. . . ." Baines took in the creaking newness of boots and clothing, the clumsy equipment on the pony and he grinned into his hand. "I see you've got three notches on your gun," he said, with a grin at the others. "Where'd you buy it?"

"I bought it before I started West. All the books said that a notch is cut on the handle for every man who's been killed. . . ."

"Great God all mighty," said Baines, all at once. "You mean you've killed three men? In Chicago with a machine gun I reckon. . . ."

"Nope. I done it with an automobile. . . . I got all three of 'em at once. It was just like killin' quail. They was all settin' when I hit 'em. You see I was coastin' downhill an' the machine swung off the roadside. They was playin' damned careless just like you was when I rode up and they was talkin' a lot o' damn fool talk same as you. . . . So . . . I killed 'em. . . ."

At that even Silent Lee laughed. "Oh, let him alone," he said, grinning. "You'll get nothing offen him."

In this manner did Duro Stone come to the Hour-glass ranch.

The bunk-house did not know that Edith Carr, the pretty, red-headed daughter of old Joe Carr, saw the new arrival. She was mixing a mint

# Mothers adopt Vicks Colds-Control Plan

## Helps the Whole Family to Enjoy Greater Freedom from Colds

Doubly welcome to mothers is news that the makers of Vicks VapoRub have perfected a Plan for Better Control of Colds—to help reduce the number, duration and dangers of colds. Vicks Plan is introduced along with Vicks Va-tro-nol, the remarkable new aid in preventing colds—companion product to Vicks VapoRub, the modern method of treating colds. The Plan includes simple, easy-to-follow rules of health—to build resistance to colds.

### TRIAL OFFER BY LOCAL DRUGGISTS

Get these two Vicks products and use them as directed in Vicks Plan for Better Control of Colds. Full details of the Plan are given in each package of Vicks Va-tro-nol and Vicks VapoRub. Unless you are delighted with results, your druggist is authorized to refund your money.

### BRIEFLY, HOW VICKS PLAN WORKS:

#### • TO HELP PREVENT COLDS

At that first stuffy feeling, that first nasal irritation or sneeze, quick!—Vicks Va-tro-nol—just a few drops up each nostril. Especially designed for nose and upper throat—where most colds start—Va-tro-nol stimulates the functions which Nature has provided—in the nose—to prevent colds and to throw off colds in their early stages. Used in time, Va-tro-nol helps to avoid many colds entirely.

#### • TO HELP SHORTEN A COLD

If a cold has already developed, apply Vicks VapoRub at bedtime. VapoRub acts direct through the skin like a poultice or plaster, while its medicated vapors—released by body heat—are inhaled direct to inflamed air-passages. This double direct attack loosens phlegm—soothes irritated membranes—eases difficult breathing—helps break congestion. Often, by morning, the worst of the cold is over.

julep for old Joe who was sitting in his front office with his game leg straight out before him on a chair when Stone arrived. She promptly took her "makings" into the back-office but was quite close enough to hear what took place.

"I'm hearin' tell you want new men," quoth Stone. "I'm lookin' for a job."

"S'at so?" demanded Carr. "What kind of a job?"

"Mostly eatin' with a little unofficial drinkin' throwed in. I don't mind some ridin' on a nice fambly horse. I kin split wood and haul water an' . . ."

"By God," said Carr, "that's more'n most can do who hire out as cowhands. Know anything about cattle or is that oust all bought from a catalogue?"

"Not all of it," said Stone, grinning. "I won the spurs in a poker game."

"You're hired. Get back over to the bunk-house and kill the first coyote who tries to play practical jokes on you."

Edith came back into the room giggling. She had never seen any one just like that before.

"Who in the world was that, Daddy?" she asked. "He looks like a walking advertisement for Christmas presents."

"Looks like he'll do for you to play with, Honey, when he ain't workin'. We're sure out of luck when we have to hire men like that. He ought to do to ride fence and leave the other men free for regular work. When Frank Crewe gets back send him in to me, will you, please?"

Edith gave him his julep, nodded her bright head and, picking up her quilt, passed out to the tie-rack where her pony stood. She was young; distinctly more than merely pretty and she dominated every soul on the Hour-glass. As her father watched her go, his face darkened. His bad leg hurt him, but other things hurt worse and a little later, when Frank Crewe came in for a chat, he found his boss and old friend in the depths. Crewe did not help matters, for his dark face was darker with wrath where ordinarily it radiated good humor.

"Nothin' good, Joe," he said cryptically. "We've been comblin' the back-ranges for a week an' we got maybe four hundred. Not prime stock at that. . . ."

"Four hundred. . . ." Joe Carr's tone registered utter consternation. "The beginnin' of the round-up and only four hundred calves from more'n three thousand cows. . . ."

"Calves, hell. . . ." Crewe exploded. "I'm tellin' you, Joe, this four hundred is all! Git that? It's cows an' calves an' steers an' bulls, too. . . . Breedin' stock an' increase. . . . Carr tried to rise but sat back with a groan of pain.

"Hell," he finally ejaculated. "That just ain't possible!"

"I know it ain't. And I know, too, where the stuff's gone but I'll be damned if I could either prove it to be our stuff or show how it was stolen. I know those damned robbers over on the Broken Spur are at the bottom of it. I know they sent two thousand head out to California two months ago to fatten for the market and I know they got seventeen dollars where we got eight-fifty. They're glad to ship their cows out o' the State. But we were asleep. We ought to have a man at the loadin' pens."

"I know . . . I know," said old Carr placatingly. "I didn't have a man to send, as you know, and I didn't have the money to hire an extra man. I'd give a lot to pin what I know Dustin is doin' on to his card. But I can't. I wish to God we could find that man Gerald Keene. We've talked him over so damned often that I've got to sort of feel he might do us some kind o' good. I don't know but what he might. . . ."

"Huh. If you could get in touch with him, he might," conceded Crewe. "Somethin's got to turn up. . . ."

"Yeah. Like a hoe-handle when you step on the blade an' knock your fool brains out," said Carr viciously. "I got to borrow money to meet our next pay-roll, Frank. I reckon I'm busted flat. I'm sixty-five past and I've got Edith to take care of. . . . She didn't come till I was past forty, Frank. I got to find some way to take care of her. . . ."

"You needn't worry about her," said Crewe, who openly adored her. "Plenty of men'd be glad to relieve you of that care. Sam Dustin, for instance. . . ."

(To Be Continued)

### Where Minutes Count

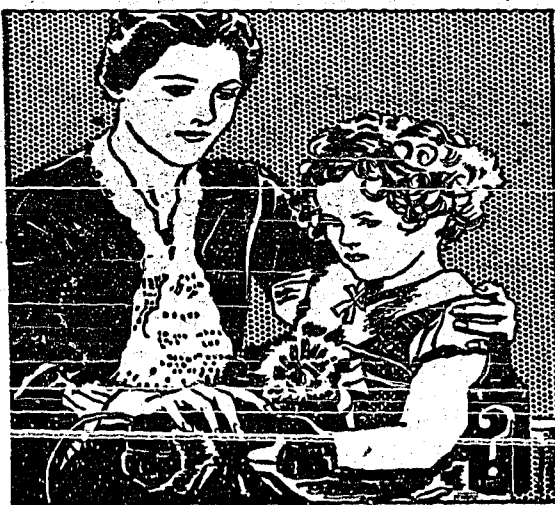

A pneumonia patient should be given emergency treatment as quickly as a man hit by a truck, Dr. Russell L. Cecil of Cornell University told the Oklahoma City clinical conference. Describing pneumonia as an illness where minutes count, Cecil related recent discoveries which have made detection of pneumonia possible within two hours. Previously as long as two days had been required for definite diagnosis, he said.

### Like Canadian Fruit

An increase of approximately 3,000,000 pounds in the exports of Canadian canned fruit during the first half of the current fiscal year compared with last year, reflects the appreciation of world epicures for Canadian fruits, says a report of the department of trade and commerce.

### Returns From Abroad

Canada's Central Bank will not be modelled after any particular central bank of Europe, Graham Towers, governor of the Bank of Canada, declared on his arrival at Quebec on the liner Empress of Britain after a trip of nearly two months to England and on the continent.

## ASK YOUR DOCTOR FIRST, MOTHER

### Before You Give Your Child an Unknown Remedy to Take

Every day, unthinkingly, mothers take the advice of unqualified persons—instead of their doctors—on remedies for their children.

If they knew what the scientists know, they would never take this chance.

### Doctors Say PHILLIPS' For Your Child

When it comes to the frequently-used "milk of magnesia," doctors, for over 50 years, have said "PHILLIPS' Milk of Magnesia—the safe remedy for your child."

Remember this—And Always Say "Phillips' Milk of Magnesia." Your child deserves it; for your own peace of mind, see that you get it—Genuine Phillips' Milk of Magnesia.

### Also in Tablet Form:

Phillips' Milk of Magnesia Tablets are now on sale at all drug stores everywhere. Each tiny tablet is the equivalent of a teaspoonful of Genuine Phillips' Milk of Magnesia.

**PHILLIPS'**  
Milk of Magnesia  
MADE IN CANADA

## Ask Mother— She Knows

Mother took this medicine before and after the babies came. It gave her more strength and energy when she was nervous and rundown. . . . kept her on the job all through the change. No wonder she recommends it.

## Faster Way Found to Relieve Headaches

NOW PAIN OFTEN RELIEVED IN MINUTES!

Remember the pictures below when you want fast relief from pain. Demand and get the method doctors prescribe—Aspirin.

Millions have found that Aspirin eases even a bad headache, neuritis or rheumatic pain often in a few minutes!

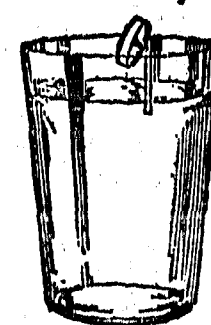

In the stomach as in the glass here, an Aspirin tablet starts to dissolve, or disintegrate, almost the instant it touches moisture. It begins "taking hold" of your pain

practically as soon as you swallow it. Equally important, Aspirin is safe. For scientific tests show this: Aspirin does not harm the heart.

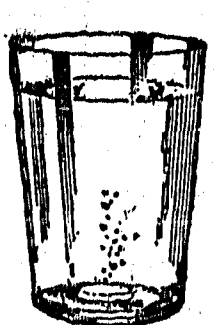

Remember these two points: Aspirin Speed and Aspirin Safety. And, see that you get ASPIRIN. It is made in Canada, and all druggists have it. Look for the name Bayer in the form of a cross on every Aspirin tablet.

Get tin of 12 tablets or economical bottle of 24 or 100 at any druggist's.

### Why Aspirin Works So Fast

Drop an Aspirin tablet in a glass of water. Note that BEFORE it touches the bottom, it is disintegrating.

IN 2 SECONDS BY STOP WATCH  
An Aspirin tablet starts to disintegrate and go to work.

What happens in these glasses happens in your stomach—ASPIRIN tablets start "taking hold" of pain a few minutes after taking.

When in Pain Remember These Pictures  
ASPIRIN IS THE TRADE MARK OF THE BAYER COMPANY, LIMITED

## Mrs. Jutson jumped for joy

"I've been jumping for joy all morning," Mrs. Jutson told a neighbor. "We've had our telephone put in again."

"What a pleasure it is to be able to call our friends and to have them call us!"

"And what a relief to know that I can telephone to the store instead of making the trip myself when the weather is bad!"

"Then, too, the telephone is important from a protection standpoint. In case of fire or sudden illness, a telephone call may be the means of saving life or property."

**Kootenay Telephone Co. LIMITED**

CRESTON, B.C., FRIDAY, NOV. 23

## LETTERS TO THE EDITOR

### States the Situation

#### Editor Review:

Now that a good deal of the first excitement in connection with the operations of the B.C. Tree Fruit Board have quieted down, and people are beginning to consider things in a more dispassionate manner, it might be well to offer a few items for consideration.

Is it really to be wondered at if, at the beginning, there were instances of what might be considered mistakes, owing to the late date at which the scheme under which they are operating, was approved by the Provincial Board? We can now all understand that, as far as B.C. was concerned, no actual power could be exercised to enforce regulations. Since November 10th the business can be conducted in a more simple manner and with all due authority.

In considering the regulations that have been passed by the local board, I may refer to the one passed on October 13th as follows:

The carriage of a regulated product to market by motor vehicle is prohibited except when such vehicle is being operated solely as a common carrier.

Any common carrier operating a motor vehicle must apply for a permit from a representative of the local board at Kelowna, Salmon Arm, Creston or Robson, for each shipment, before loading, which permit will be issued to him upon such representative being satisfied that the requirements of the board are being complied with.

This was clarified by wire on October 17th, as follows:

Solely as a common carrier means carrier must have no interest in pro-

duct other than his earnings for carrying same. This means grower cannot truck his own product to market, nor can buyer carry his purchases.

This regulation has not been rescinded and gives rise to a rather peculiar situation. Every permit that is at present granted by Mr. Coe is actually contrary to the local board's regulations and, considering that "Every regulation passed by the local board is of the force of law," then they are breaking their own laws. I point this out as requiring attention before it is possible to make satisfactory plans for the future.

Personally, I do not consider it either possible or desirable to prohibit trucking from this district, and although it has been stated that changes have been made for humanitarian reasons to move fruit at present held, I believe the real truth is that the board realizes that their prohibition was a mistake and that other methods must be adopted.

Public opinion was not in favor of prohibition and without this force behind it the Act would not succeed, but it is both desirable and necessary that they be controlled.

No one can advance any argument in support of controlling the shipping houses and leave the trucks exempt from such control. Without any actual knowledge of what next year's regulations may be, it is quite reasonable to suppose that the regulations governing grading, packing, sizes, exporting, etc., will be made to apply all around. It would therefore be wisdom on the part of those who intend to continue in this method of distribution, to devise plans which would enable them to meet the situation.

In this respect, I would suggest something in the nature of a clearing house where all goods would be received and inspected—even packed. This to be in charge of one of their own men who would be charged with the responsibility of seeing that all regulations were complied with. I believe the permit system which, incidentally, was a suggestion of mine, will remain in force and will be handled either by your representative or someone in charge of this particular branch. I may have something further to say on a method of handling the whole local situation later.

One particular item which it is necessary for the growers to realize is the amount of tonnage which leaves the district and how and by whom it is distributed. From actual figures of the season's operations, the Creston Co-operative Fruit Exchange shipments will exceed 210 cars. Of these 28 cars have been exported and of these 21 cars were sold f.o.b. Creston, and the balance being Cox Orange and some oddments of Jonathans, Delicious, etc., partly from Boswell. Long Allan & Long shipments will exceed 140 cars. Of these 11 cars were exported and of these 10 cars were sold f.o.b. Creston. Wynndel Co-operative Fruit Growers have shipped 7 cars. From various individuals, more or less affiliated with the above organizations, some 10 cars have been shipped.

The closest estimate I can make of the trucks will readily be covered by 30 cars. I do not think it is necessary for more than an average high school boy to appreciate from these figures where the actual interest of the Valley lies, and where the support of the average intelligent business man should be. Surely the producers of 370 cars create more

business than the producers of 30 cars.

In every effort of the past to improve the growers' position, it has largely been the growers affiliated with the two major shipping groups who have supported it, and in some few instances subscribed towards it. That applies even in the present instance. But, in the collection of levies, each shipping house has recorded every shipment and at the present time levies are collectable from them, yet in other instances, excepting in some odd cases, no records have been given nor any levies paid, until a week ago—under compulsion.

Surely this is not an equitable arrangement and is worthy of the growers' thought.

In the question of registration of growers, there is no such register in existence and it is high time we had one. This must be compiled in such a manner as to be of value. Such as the Lot number, the Block number, Map number, the acreage, the acreage in bearing orchard and number of trees by variety, the acreage in young trees and variety, owner's name, name of person renting or leasing. Any changes occurring could then be readily noted and recorded and would always be available.

There are many more items of interest, Mr. Grower, such as a plan of operations for the representative of your district. The question mooted by some of creating a local board for the Valley, or remaining part of the provincial group. The question of a reorganization of a branch of the B.C.F.G.A. with a committee to whom your representative could refer at all times, etc.

W. G. LITTLEJOHN.

## Sirdar

Miss Gwen Wilson was a visitor at Canyon this week.

Mr. and Mrs. F. Martello were auto visitors to Creston, Saturday.

Mrs. Joe Kollman was a visitor to Creston between trains this week.

A. Goodwin and Frank Pelle were business visitors to Creston this week.

H. Boffey and party of Creston were hunting over the flats this weekend.

Dr. Henderson of Creston was a professional visitor to Sirdar on Sunday.

Tony Kapeck left by train to spend a holiday at Winnipeg and Manitoba points.

Doug. Putnam and party were successful in securing a nice deer in this vicinity this weekend.

Jack Connell Erickson was a weekend visitor at the home of Mr. and Mrs. J. S. Wilson, Athara.

Chas Moore and assistant of Creston, were here doing some survey work at the beginning of the week.

Dick Bevan of Creston arrived on Sunday to spend a few days with Frank Hamilton at Kootenay Landing.

Messrs. Smythe and Harkness, who have been hunting here for some time, have left for their homes in Nelson.

Frank Hamilton, George Everal and D. Bolton were among those at the Legion dance at Creston, Armistice night.

Ered-Hagen of Wynndel was fortunate enough to secure a very large deer near Lockhart Creek at the first of the week.

The voters list as completed shows 96 names—no change from the preliminary list, although two names were added and two withdrawn.

Mrs. Lymbury and Mrs. Gooch of Crawford Bay were auto visitors to Athara, and proceeded to Creston, at the beginning of the week.

The water as indicated by gauge at Slough bridge reads 2.90, no change for the week. Daily readings show no fluctuations during the week.

Frank Lombardo, who has been employed by the C.P.R. at Tye for some considerable time, has been transferred to Drury and has moved there.

Jack Johnston and A. Miller of Creston, along with Ronald and Allenby Cam, were hunting over the flats the middle of the week and report fair success.

Both Sam and Tom Bysouth have filed claims at Akoldi Creek (Goat Creek) just west of Sanea. An old tunnel found on the claims will be investigated immediately.

Equipment is on the ground to install the electric light in the relief camp here the intention being to harness the creek which flows past the camp. Installation will be made by the staff and will effect economies and improvement to the camp.

The detour is now in operation and the number of vehicles passing over it is heavy for this time of the year. Road work is now proceeding without interruption and it has become evident that the detour will be of great advantage to the road crew.

A meeting of relief men was held here in the community hall on Monday night

for the purpose of electing a deputation to interview the provincial member regarding certain conditions. The proceedings were harmonious and an interview will be asked for with F. Putnam, M.P.P.

The trail from the Bayonne mine to Tye is now completed and the gang discharged. A new gang has arrived, consisting of tradesmen and miners, and will proceed immediately with the construction of buildings and a mill, with mining going under way at the same time.

On Saturday evening a car en route from Birch River, Manitoba, to Vancouver had the misfortune to go over the

bank near the junction of the highway and north end of detour. The passengers, a lady and a gentleman, were badly shaken up, the driver severing an artery of his hand. Constable Hassard of Creston was promptly on the scene and after first aid had been rendered by George Everell, timekeeper at the relief camp, took the driver of the car to Creston for medical attention. The car was later towed to Creston for repairs.

WANTED—I have room and board for two, preferably gentlemen. Apply Mrs. E. J. Strong, Barton Ave., Creston.

## AT THE HOSPITAL

Mrs. W. A. Anderson and daughter returned home Thursday.

Mrs. Wm. Tkachuk, Sirdar, returned home Sunday. Mrs. W. Bethune, Kuskanoek, received treatment and returned home.

Allen Ward, Wynndel, admitted Thursday, is improving. Leonard Righton, National Defence Camp, Yahk, admitted Thursday, improving; Mrs. Barnes, Canyon; John Finlay, Lister; H. Walkey, Arrow Creek, admitted Friday; Mrs. Ben Long, Creston; Mrs. W. Woiken, and son, Wynndel; Mrs. Hendrickson, Wynndel, all improving.

Mrs. Gariepy, Creston, admitted on Tuesday, is undergoing treatment.

### Appreciate Vets. Visit

Spokane, Nov. 16  
Lt. Col. E. Mallandaine, Creston.

Dear Sir,—This Post wishes to express its gratitude and appreciation to you for the splendid service rendered on November 9th.

The initiation and installation has made the members realize that this post is not an isolated individual affair but a part of a great organization, and we can assure you that we intend to be a credit to the Canadian Legion.

The effect on the public has been very favorable and we have received expressions of good-will from many sources.

We realize that it was your presence and co-operation that was mainly responsible for the success of our first public function and again we wish to thank you.

Greetings to our Creston comrades and we hope that those who made the visit with you enjoyed it.

Yours in comradeship  
SPOKANE POST, No. 3,  
J. H. HINKS, President.

### Hospital Women's Auxiliary

The November meeting of Creston Hospital Women's Auxiliary was held on Thursday afternoon with the president, Mrs. R. Stevens, in charge and an attendance of 21 members and three visitors.

The financial statement showed a very substantial balance in hand and it was agreed to spend some money at once on various things needed at the hospital. In the absence of Mrs. Hare, Mrs. Stevens reported for the monthly meeting of the hospital board, and mentioned some considerable improvements made at the hospital, especially in clearing the basement and providing storage room for vegetables, etc.

Mrs. Archibald reported for the visiting committee and Mrs. Chas. Murrell for the buying committee. Mrs. G. John and Mrs. A. E. Davies will be the visiting committee for the next month. The raffle of the airplane ride donated by W. M. Archibald, and a lamb donated by H. H. Gobbert, brought in \$18.45.

Due to the December meeting coming close to Christmas Day, it was decided to change the date and hold it on December 17th. A special entertainment at the hospital on Christmas day was planned, with the following to take charge: Mrs. Stevens, Mrs. G. G. McKenzie, Mrs. G. John and Mrs. A. E. Davies.

Ten tickets were Mrs. G. Jacks, Mrs. McCreath, Mrs. A. W. Millen and Mrs. John. The freewill offering was \$2.15.

### Local and Personal

The Presbyterian Ladies' Aid annual sale of work and afternoon tea in Trinity Church hall on Saturday was most satisfactory, the cash intake running close to \$130.

Due to the regular meeting date falling close to Christmas the Hospital Women's Auxiliary are to have the December session one week earlier—Thursday, 19th.

There has been a great variety to the weather the past week. There was a heavy rainfall at the weekend, but since Tuesday considerable sunshine has been in evidence.

R. B. Staples of Kelowna was a weekend visitor at Creston and expressed complete satisfaction with the progress that has been made with dyking operations on the flats.

A. Austin of Victoria, auditor for the B.C. Liquor Control Board, made his annual visit to Creston this week. Business with the vendor is slightly better than last year.

The expected happened at basketball on Friday night. The Review disposed of Pharmacy in quite a close game, but the Cardinals and Groceries led Wynndel and Loallo by a wide margin.

832 names will show on the new federal voters list for the Creston village poll. Enumerators Smith and Taylor completed their work on Thursday last. There are 508 voters in the area above the track and 329 in the section below the C.P.P. right of way.

The big wheel scrapers are making great headway with the dyke along the Kootenay River bank, putting up more than a mile of dirt a week for the past two weeks. It looks as if the draglines will have the south end dyke completed by the end of next week.

St. Stephen's Presbyterian Church, services at 11.30 a.m. and 7.30 p.m., Sunday, November 25th, conducted by Rev. O. P. Brown of Calgary, Alberta. This mission is a community effort to assist all the churches. A cordial invitation is extended to all people.

A marriage of interest here was solemnized at Nelson last month when Miss Marie Walsh became the bride of A. T. Tiffin, a C.P.R. conductor running out of that city. Mrs. Tiffin was housekeeper at Creston hospital for several months shortly after the hospital was opened.

The family of E. C. Gibbs, former well known residents of Creston, are taking a very prominent part in basketball at Penticton, where they now reside. Ron and Jack are regular members of the senior team, and Ruth figures in most of the games in which the girls' team participates.

Miss Eva Webster, whose marriage takes place next month, was guest of honor at a tea given by Mrs. Speers and Mrs. Henderson at the latter's home on Monday afternoon, at which the bride-elect was suitably remembered and an afternoon of informal sociability enjoyed by the guests who included a number of the guest's school friends. Miss Webster left on Wednesday, via Calgary, for Toronto, where the wedding takes place December 5th.

### Wynndel

Miss Lena Benedetti has returned to Trail, where she is employed.

Mr. and Mrs. Burch were auto visitors at Cranbrook for the weekend.

Vic. Johnson returned last week from a trip to Lardeau, where he took some horses.

Mr. and Mrs. Harland of Vancouver are visitors here, guests of Mr. and Mrs. E. Foxall.

R. Foxall of Nelson was a weekend visitor with his parents, Mr. and Mrs. E. Foxall.

Mrs. E. A. Hackett left on Sunday for Nelson, where she is on a visit with Mrs. F. C. Robinson.

F. C. Robinson of Nelson was here last week superintending the loading of poles from the G. McInnis yard.

Birth—November 10th, at Kootenay Lake General Hospital Nelson, to Mr. and Mrs. N. Rollick (nee Glasier), a son.

The hall is being marked for badminton and it is hoped play will commence at the end of the week or early next week.

Mr. and Mrs. J. Firentino and family of Cranbrook were visitors last week with the latter's parent's, Mr. and Mrs. J. Benedetti.

The Christmas concert will be produced this year, and work is already under way in both junior and senior divisions of the school.

L. Davis and Dave Taylor got a two year old buck on a hunting trip one day last week. A. Hagen also got one in the Boswell section.

Mrs. Slicker, who has been visiting her father, A. F. Rudd, returned to her home at Lewiston, Idaho, last week. She was accompanied by J. B. Rudd.

The November meeting of the W. A. was held at the home of Mrs. Towson Wednesday last when goods were priced for sale and final arrangements made.

The meeting of the K.K. Klub on the 14th took the form of a military whist and dance. At cards first prize went to F. and A. Hagen, A. Goplin and C. Wilson; consolation prize to Mrs. R. Uri, Mrs. Rudd, Mrs. Johnson and Miss Belinger. Music for the dance was by A. B. New and A. Goplin of Creston and Fred Hagen of Wynndel.

League basketball games Friday night at Creston in the men's section were marked by very uneven scores. Wynndel squad was paired of with the Cardinals and lost to the tune of 37-2. The entire game was uninteresting as Wynndel was not in a class with their opponents. The first quarter was fast but marked by sloppy passes resulting in too many throw-ins. Wynndel quint did not seem to have any set system of play and continually lost the ball to the Cardinals on account of passing too swiftly and trusting to luck that one of their men would be on the spot to take the ball. In their checking Wynndel seemed afraid of getting fouls and were not persistent in their attacks on the Cards. It is evident that the boys are still unfamiliar with the

baskets in the Park pavilion and when shooting put far to much strength behind their shots to assure good results. On the forward line Joe and Buster Martell worked nicely together and time after time succeeded in getting the ball down to a shooting point but were overpowered by their stronger opponents. Os. Payette at centre got his share of the tip offs. The Cards played a good game, working in their plays to perfection which showed up to nice advantage. Charlie Holmes was the pick of the winners, putting in some nice long shots.

### Lister

Chas. Huscroft left last week for Tocht, where he is employed in the mine at that point.

Bert Dent is a visitor at Coeur d'Alene, Idaho, this week, where he is a witness in a horse smuggling case.

Good headway is being made with the erection of a new residence by Harry Helme on his ranch in the Huscroft area.

—As first posted the federal voters list for the Camp Lister-Huscroft poll shows 96 names. The list closed on Thursday last.

Frank Hollaus and Julius Kranabetter brought in a fine blacktail buck for a day's hunt in the hills in the neighborhood of the Lyon ranch.

Mrs. Frank Baker and her mother, Mrs. Ross, left on Thursday last for their old home at Sydney, Cape Breton, where they will make an extended visit with relatives and friends.

R. V. Wilcox of Salmon Arm, an inspector for the poultry branch of the federal department of agriculture, was a Sunday visitor with Mr. and Mrs. F. Powers. Mrs. Wilcox accompanied him.

Due to counter attractions the attendance at the Community Society bridge on Saturday night was small, with the prizes going to Miss Margaret Huscroft and A. W. Sinclair. Mrs. Chas. Huscroft was in charge of the affair.

A benefit dance for the Christmas tree fund was given at the home of Otto Becker on Saturday night, with music by Fred Macht and Irwin Meyer. It was thoroughly enjoyed by all present and \$15 was netted for the fund.

The school attendance was increased by four, and now stands at 53, due to the moving into the former Jory home of Kilgore brothers and their families, recent arrivals from Saskatchewan, who have lately been occupying some land they purchased at the land sale, and which is on the Goat River bottom, near Erickson.

### OUR K.B.O. BROADCAST

It is stated the stock of lumber in the sawmill yard at Lumber-ton totals almost 40 million feet.

Bonnors Ferry hears the S.I. railway will buy as many as 70,000 ties in that locality this winter.

C. H. Taylor has just commenced shipping strawberry plants, and expects to move 600,000 of them at Bonners Ferry.

The United Church young people, who operate the moving picture show at Kaslo, have cut admission prices to 15 and 5 cents.

Penticton has 1050 pupils attending schools in that town, and the Herald assumes the population of the place must be at least 5500.

Salmon Arm council notifies property owners that commencing with January 1st the water rates will have to be paid by the man who owns rented houses.

## Remembrance Day -- Its Memories And Lessons

The world has commemorated another anniversary of the signing of the Armistice,—the sixteenth. Remembrance Day, as we have come most appropriately to call November 11, falling on a Sunday as it did this year, was observed by hundreds of thousands of people in nations all over the world. From the pulpits of churches of all religious denominations Peace sermons were preached and the horribleness and brutality of war vividly depicted and unanimously condemned. Gathered at the graves of Unknown Warriors, assembled about cenotaphs and other monuments erected to the memory of the gallant dead, or meeting in solemn memorial services, men and women formed an almost unbroken circle around the world as they stood with bowed heads and in impressive silence as the hour of eleven o'clock struck.

It was Remembrance Day! People wore flaming red poppies symbolical of Flanders Fields and of the bright red blood of youth there shed. Reverently they laid wreaths of poppies in many hallowed spots. People heard the pipes and drums play "The Lament", the bugles sound "Last Post" and "Reveille", and they saw the Colors slowly dipped.

Pride and sorrow were interwoven and strangely mixed as the memories of those of the older generation were carried back to 1914-1918 and to the first Armistice Day,—pride that men, and women too, had responded to the call of duty when that call came; sorrow that so many had been called upon to make the supreme sacrifice or go through life maimed and handicapped to the end of their days. And mingling with pride and sorrow there was a righteous anger that such a barbarism as War should be permitted and sanctioned by peoples and nations styling themselves Christian and civilized.

But does Remembrance Day mean nothing more than this? Does it begin and end with the twenty-four hours of November 11, and are we then to lapse into forgetfulness for the remaining 364 days of the year until once again November 11 calls upon us to stand in silence and remember?

Consider, you who are now reading these lines: Have the memories stirred only a few short days ago not already begun to fade? Is not that almost red hot righteous anger against War and all that War means which you felt so recently already cooling off? If your passionate demand for Peace, and that never again shall War blast its way in this world, as keen to-day as it was when you stood in a silence that could almost be felt just a few days ago? Alas, it must be so. Indeed it is well that in many respects our human memories are short, else we could not bear the burdens which memory would bring. But it is vitally important to the future of mankind that we should never forget all the tragedy that Remembrance Day brings to mind. So far as the awfulness and uselessness of War is concerned, every day should be Remembrance Day.

Canada is a peace-loving country. If the decision could be left to the Canadian people there would never be another war waged anywhere on this world's surface, nor upon its seas, nor in its air. Canada has always set the nations an example in disarmament; or rather by its refusal to engage in armaments. Our paltry permanent force and numerically small and widely scattered militia is but a domestic police force maintained to guarantee law and order. Of offensive armaments Canada possesses none.

But as a nation of Peace, Canada has a duty to the whole world. At Geneva the voice of Canada is always raised for Peace; in world conference Canada's vote is always cast for Peace. But the responsibility is ours to make our voice for Peace stronger and still more emphatic in a world of nations apparently bent upon engaging in a race for war-like armaments unparalleled in all history.

Narrow nationalism, with all its selfishness, its suspicions, its jealousies and its animosities is the basic, the underlying cause of war. The truth of this statement is emphasized over and over again by the well known international correspondent, Isaac F. Marcossan, in an article entitled "Does Europe Want Disarmament?" Selfish nationalism wrecked the World Economic Conference called to bring about tariff and currency readjustment, and because of that failure the whole world still staggers and suffers. Selfish nationalism has rendered every disarmament conference a failure. And because men still insist upon such narrow national selfishness, the nations are heading straight into another war.

Canada is not free of the taint of selfish nationalism, but it has not the grip on the people of this new and young land that it has upon the older countries of Europe and Asia. Nevertheless, if Canada's voice for World Peace is to be as strong and emphatic as it ought to be, the Canadian people must not only place a curb upon the growth of any spirit of selfish nationalism but we must seek to eradicate it from our individual minds and hearts and from the policies of this Canadian Dominion.

Let us remember and keep fresh the memories and lessons of Remembrance Day, abhor War and all that tends towards War, and think and plan and live for Peace at home and in the world.

## Dominion Drama Festival

### Brilliant British Playwright Pays Compliment To Canada

Canada is fortunate in having the Dominion drama festival established on such a firm basis, in the opinion of Noel Coward, brilliant British playwright, composer and actor, who is paying his first visit to Canada.

The Drama festival, he believes, is a distinct contribution to the theatre in that it makes people "theatre-minded," and stirs up interest among the members of little theatre groups, their friends and associates in an ever-widening circle.

"It is most interesting," said Mr. Coward, in an interview at Ottawa. "I should like to attend a festival. If possible, I shall be here next spring."

Only 36 years old, Mr. Coward is one of the most successful living writers for the stage. He already has had 24 or 25 plays produced. Now he is on the way to Milwaukee to attend a rehearsal of his latest play, "Point Valain," which will open in Boston Christmas night.

## Chinese Farmers Lose Heavily

Losses to Chinese farmers and peasants occasioned by the prolonged drought and record heat wave of the past spring and summer are expected to exceed \$1,200,000,000, according to a report issued by the National Famine Relief Commission, based on reports received from the stricken districts.

## INDIGESTION?

### Then Try KRUSCHEN at NO EXPENSE

If you suffer from loss of appetite, indigestion, sour stomach or a miserable feeling after meals there's nothing like Kruschen for relief. The little daily dose of Kruschen first stimulates the flow of gastric juices to aid digestion, and then ensures a complete, regular and unfailing elimination of all waste matter every day.

If you suffer, you'll welcome the opportunity to try Kruschen Salts now positively free of charge. Ask your druggist for the Kruschen Giant Package. This is the Regular bottle, together with a separate FREE TRIAL bottle. Use the Trial bottle first. Then if you are not entirely convinced that Kruschen will do everything claimed for it, return the Regular package unopened to your druggist and he will redeem it at full value. But act quickly or your Free Trial Bottle will be gone. Your druggist has only a limited supply.

There would appear to be a serious shortage of alsike for domestic needs in Canada next spring as the 1934 production, plus the small carry-over, is not expected to exceed more than one-half normal requirements.—Dominion Seed Branch.

## HOLDS FALSE TEETH TIGHT AS CEMENT

Plates can't possibly slip when you sprinkle on Dr. Wernet's Powder. Largest seller in world—holds plate so tight they can't annoy yet so comfortable they actually feel and act like your own. Keeps mouth sanitary, breath pleasant—special comfort-cushion prevents sensitive gums from getting sore. Small cost—any druggist.

## Nobel Literary Prize

Pirandello, Famous Italian Dramatist, Receives Award

Lugi Pirandello, famous Italian dramatist and novelist was awarded the Nobel literary prize. Selected from a host of American and European literary figures, Pirandello was given the famous award, which last year went to Ivan Buin, Russian author, and which normally is worth about \$45,000.

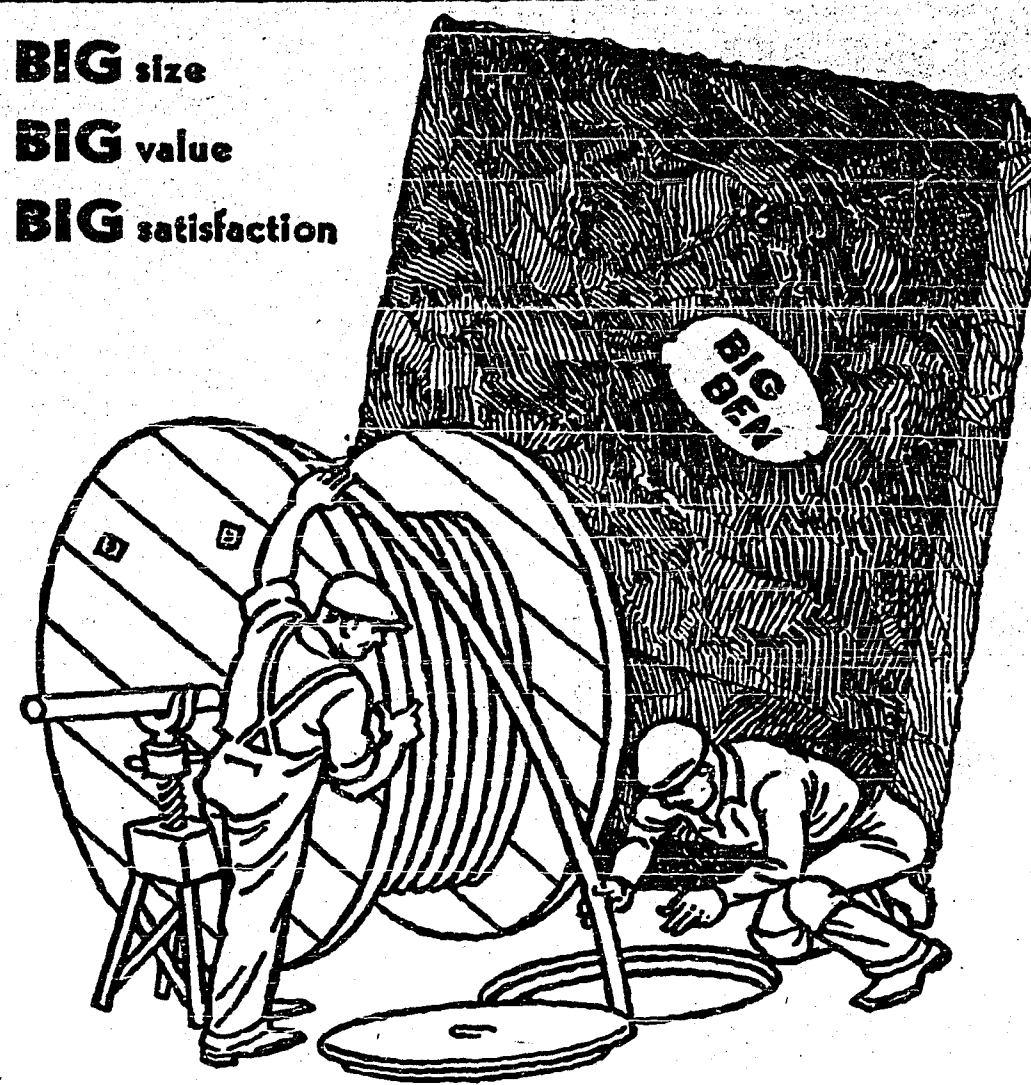

Pirandello was born at Gergenti, Sicily, in 1867, and was educated at Rome and the University of Bonn. His present home is in Rome. His writings have been varied, including poetry, plays and prose.

His best known writings include: "As You Desire Me", "Six Characters in Search of an Author", "The Man With the Flower in His Mouth", "The Mock Emperor", "The Life I Gave You".

## Business Improved

Conditions in General Throughout Canada On Uplift

Conditions in general throughout Canada have improved considerably and gradually since the low point in the early spring of 1933, the executive council of the Canadian Manufacturers' Association reported, coincident with the official opening of the Produced-in-Canada exhibition in Montreal.

Figures the council believed encouraging were presented in regard to empire trade. For the 12 months ended September, 1934, Canadian exports to empire countries represented over one-half of total exports to all other countries. The report adds "for this 12-month period our exports to empire countries amounted to almost \$324,000,000 which is greater than our exports to empire countries in 1930 when they amounted to \$316,000,000.

"Our exports to foreign countries, however, for 1930 were no less than \$567,000,000 as compared with \$307,000,000 for the year ending September, 1934.

Hogs graded in Canada for the first 43 weeks of 1934, ended October 25, numbered 2,373,094, a decrease of 172,459 on the corresponding period of 1933.

## Will Have Representative

A representative of the Peace River district will be added to the western board of grain standards, it was promised by E. B. Ramsay, chairman of the board of grain commissioners.

## WILL MEET TO PLAN CHANGE IN WHEAT QUOTA

London.—The ultimate fate of international efforts to regulate the export of wheat may be at stake when the international wheat advisory committee meets again at Budapest, Hungary, this week.

Although it is a committee meeting, representatives of all 21 signatories to the world wheat pact signed in London in August, 1933, are expected to be on hand.

The cardinal questions that will arise comprise the following:

Extension of the wheat agreements from July 31, 1935 (when they formally expire) to July 31, 1937.

Provision for continuation of the efforts to adjust wheat supply to demand and thus dispose of the long-standing surplus.

Readjustments of the principle upon which wheat export quotas for the principal exporters are calculated.

Subdivision of the crop year quotas into quarterly periods, instead of one 12-month quota as at present.

The creation of a system of quota reserves designed to meet special contingencies, and impart greater flexibility to the working of the wheat agreement.

The proposed changes in the export quota system affect the working of the whole wheat agreement. Hitherto, the world demand for imported wheat and flour has been divided among the chief exporting countries, and their export quotas fixed accordingly.

The Argentine's exports during the first crop year of the pact, ending last July 31, exceeding her quota by nearly 40,000,000 bushels. She continued heavy shipments as a result of which fixing of quotas for the present crop year was deferred until the meeting next week instead of being settled in August.

It is to meet the possible recurrence of such a contingency, forced by higher production than estimated, that the system of quota reserves is proposed. The world demand for the present crop year ending next July is estimated at 600,000,000 bushels. Basic export quotas will, it is proposed, be again distributed on a pro rata basis.

But from the basic quotas, under the new plan, five per cent. in each case would be set aside as a reserve. These would be utilized to meet the export needs of countries with more than average yields per acre as against countries with under-average yields.

It is hoped, furthermore, that institution of quarterly instead of annual quotas will tend to make the whole system of regulated exports more workable.

## Naval Conversations

### Britain Makes Attempt To Iron Out Some Of The Difficulties

London.—Reliable reports said Great Britain tried without success to induce the United States, representatives at two-power naval conversations here to abandon their opposition to compromise proposals put forward by the British delegation.

A lengthy surprise conference at which the British delegates further explained their plan—which would, it is understood, grant Japan naval equality in name but not in fact—failed to shake the Americans' insistence on continuance of the basic principles of the Washington and London naval treaties.

The British representatives had asked for the meeting and in its course, it was learned, they asked many questions trying to get the United States delegates to offer substitute compromise proposals. All of these the Americans evaded.

### Was War Nurse

Montreal.—Miss Harriet Edith Carman, one of the most distinguished of Canadian overseas nurses, died in hospital here after a brief illness. Miss Carman, who went overseas with the McGill hospital unit and served for nearly five years in military hospitals, being decorated for her services, was born in Winnipeg.

W. N. U. 2073

## War On Insect Pests

### Will Continue Unceasing Fight On Wide Front

Ottawa.—Plans for the continuation of the unceasing war on insect pests on a front extending from the Atlantic to the Pacific will be threshed out at a conference here on Nov. 26. Then all the officers in charge of the Dominion government's entomological and field stations will gather here to review the work done on insect control in the past few years and discuss plans for the future.

The last conference of this kind was held seven years ago and the coming gathering is expected to have an important bearing on future policy. The officers who will come from various parts of Canada are those who have charge of the field work of the entomological branch of the department of agriculture and they will meet in various groups with the headquarters staff here.

Grasshopper control on the prairie provinces will be an important matter under discussion. The last few years have been difficult ones for the officials fighting the grasshoppers and preliminary reports from field officers indicate next year will find the hoppers again attacking western grain fields in large numbers.

## Arms Situation Difficult

### Premier MacDonald Urges License Plan To Solve Problem

Southampton, Eng.—Prime Minister Ramsay MacDonald reiterated his conviction that the only way to solve the disarmament problem is to develop an international licensing system for manufacture of arms in a speech at Southampton.

In emphatic terms he expressed his adherence to the cause of peace while pointing out the difficulties confronting the government in dealing with the armaments question.

The government was zealously pursuing a peace policy, he said, but the foreign secretary (Sir John Simon) had to sit around tables not with peace-loving peoples, but with representatives who "do not share our views and have grievances."

"You can pipe but if they don't want to dance you cannot compel them," he said.

"We have got to accept armaments which I work day and night to diminish," he said, adding he would accept no defeat in his efforts to advance peace.

## Fog Cost Three Lives

### Transportation Paralyzed In Some Sections Of United Kingdom

London.—A thick fog which cost three lives and spread generally throughout the United Kingdom, paralyzed transportation in some sections.

London and the area to the south were clear, but the country westward to Bristol and northward to Glasgow was thickly smothered.

A train killed two railway guards who were unloading race horses near Derby, while a motorcyclist died after a collision at Kettering. Six fishing vessels collided off Lowestoft and fog held ships at Liverpool, while the Caledonia from New York was forced to wait at Greenock before proceeding to Glasgow. Shipping in the Bristol channel, on the Mersey river and the River Clyde did not move and boats for Dublin and Belfast were held up.

## NEW PREMIER OF FRANCE

Pierre Etienne Flandin, erstwhile Minister of Public Works, who succeeds "Papa" Doumergue as Prime Minister of France. Six-foot-six in height the new Premier needed only 10 hours to put together the pieces of the Cabinet wrecked by Edouard Herriot's radical Socialists.

## Remains House Leader

### Hon. George S. Henry Endorsed By Ontario Conservatives

Toronto.—Hon. George S. Henry, former premier, was endorsed as house leader for the Conservative opposition at the next legislature session by Conservative members in caucus here. The members recommended a provincial convention be called immediately after the session to consider party leadership and policy.

Karl K. Homuth, former Conservative member for South Waterloo, had called on Mr. Henry to resign and to summon a convention to choose a new leader. After the caucus, Mr. Homuth declared himself satisfied with the results and maintained he had "won the fight."

"I feel that the course I have taken was well worthwhile," Mr. Homuth said. "After the session is over the reorganization of the party as a whole can take place."

The members also recommended all Conservative candidates at the June 19 provincial election be summoned into conference with Mr. Henry and his legislature followers before the session convenes. The conference would be for the purpose of considering party questions and advice to members. Mr. Henry declared this would be done.

## Labor Legislation

### Proposed Changes Approved By The Ontario Cabinet

Toronto.—Proposed labor legislation of Hon. A. W. Roebuck, Ontario attorney-general and minister of labor, has been approved by the cabinet and will be submitted to the caucus of Ontario Liberals here this week, Premier Mitchell F. Hepburn announced after a lengthy cabinet session.

The premier in announcing the cabinet's decision, insisted the legislation had been incorrectly termed "codes." He associated that name with price-fixing in the United States.

Ontario's legislation has nothing to do with price-fixing, Mr. Hepburn stated, but is aimed to improve the social standard of the worker and combat cut-throat competition in industry. The element of compulsion will be absent.

## An Irish Republic

### Says German Steamers Unloading Cargoes At Irish Ports

London.—"Within a very few months President Eamon de Valera will be in a position to declare an Irish republic—both de jure and de facto," declared John Morgan, professor of constitutional law at London University, at a meeting of Irish loyalists here.

The meeting passed a resolution calling on the British government to declare its intentions in regard to "repeated violations" of the Anglo-Irish treaty, outstanding of which is the non-payment of land annuities that led to the tariff war between Britain and the Irish Free State.

Prof. Morgan said "the so-called treaty" was legally dead. The Dublin legislature had abolished four of its most important clauses, embodying safeguards vital to maintenance of the British connection. He said loyalist friends in Ireland had told him that German steamers were unloading cargoes at Irish ports with the greatest secrecy, and he would leave his hearers to guess what those cargoes contained.

## Farm Club Movement

### Thirty-Two Teams To Compete At Royal Winter Fair

Toronto.—Thirty-two club teams of two members each will compete in livestock and field crop projects at the Royal Winter fair here this week. The competition is that of the national club contests, held in connection with the boys' and girls' farm club movement.

Only two girls are included in the teams coming to Toronto this year. They are Bernice Hornbrook, of the Sussex Poultry Club, Sussex, N.E., and Louise McDermot, of the Hazelridge Poultry Club, Hazelridge, Man.

## Identifies Meisner

### John Labatt, London Brewer, Declares Meisner One Of Kidnappers

London, Ont.—John S. Labatt, London brewer, identified David Meisner as one of three men who kidnapped him on a lonely western Ontario road last August and held him for almost 60 hours before releasing him near Toronto.

Labatt was the first witness called at the preliminary hearing of Meisner conducted by Magistrate C. W. Hawkshaw.

Meisner was committed for trial at the next sittings.

### Saskatchewan Oil Find

Antigonish, N.S.—Dr. Donald F. MacDonald, associate professor of geology at St. Francis Xavier University and former United States government expert, has been granted leave of absence to report on a new discovery of oil in central Saskatchewan. He will leave shortly for the west, planning to return to the university within a month.

### Air Mail Plane Crash

Sydney, Australia.—Four persons, three members of the crew and one a passenger, were killed when an Imperial Airways air mail plane crashed 29 miles from Long Reach, Queensland. Long Reach is approximately 300 miles northwest of Brisbane. The cause of the crash was not immediately known.

## TO PREPARE FOR VOTING ON THE SAAR QUESTION

Geneva.—With Europe's political atmosphere disturbed by reports German Nazis are planning to seize the Saar by force and French preparations to forestall any putsch, the League of Nations council will meet Nov. 21 to complete arrangements for the Saar plebiscite.

Tension, prevailing during recent weeks has lessened, however, during the past few days as result of statements by German authorities that no putsch is being prepared and disclaimers by the French that they intend to send troops into the region.

(Residents of the rich Saar basin, governed since the treaty of Versailles by the league, vote Jan. 13 to remain under the league, go back to Germany or join France.)

German circles at Geneva expressed the belief the disarmament situation, insofar as Germany is concerned, may be clarified after the plebiscite, which, it is agreed here, will remove a serious problem from the continent's political life.

The Germans, however, insist there must be recognition of their right to equality in arms before they return to the disarmament conference.

The council's chief task at its meeting here will be to devise ways of interpreting the will of the voters as expressed at the plebiscite.

There is no treaty provision which declares a majority vote of the inhabitants will decide the issue for the territory as a whole. If certain electoral districts vote overwhelmingly for league trusteeship or annexation to France, it is believed juridically possible for the council to allocate these regions in accordance with the will of the voters.

## Winnipeg Bread War

### Chain Stores Are Blamed For Conditions In Industry

Winnipeg.—Blaming chain stores for conditions in the baking industry which have led to a "bread war" in Winnipeg, the Retail Merchants' Association submitted a brief to Premier John Bracken urging that immediate action be taken to remedy the situation.

Enforcement of rules and regulations now on statutes of labor and health departments, it contended, would do much to alleviate the bakers' troubles and enable independent bakers to remain in business.

The brief referred to an order-in-council passed in Alberta appointing a deputy minister to investigate the Alberta baking industry, and the fact bakers there have submitted a code for approval so they could come under the "Trades and Industries Act."

The association charged chain stores would not permit retail shops to sell bread at the same prices the chains quoted, and consistently undercut prices. As a result, wages in bakeries dropped until "men worked 14 and 16 hours daily for as little as \$10 a month. Quality of bread likewise suffered and in some instances was practically unfit for human consumption."

Bread prices in Winnipeg were as low as two loaves for five cents, and reports came from points in the district of drastic cuts in prices.

## Considers Works Program

### Cabinet Council In Session Attended To Routine Matters

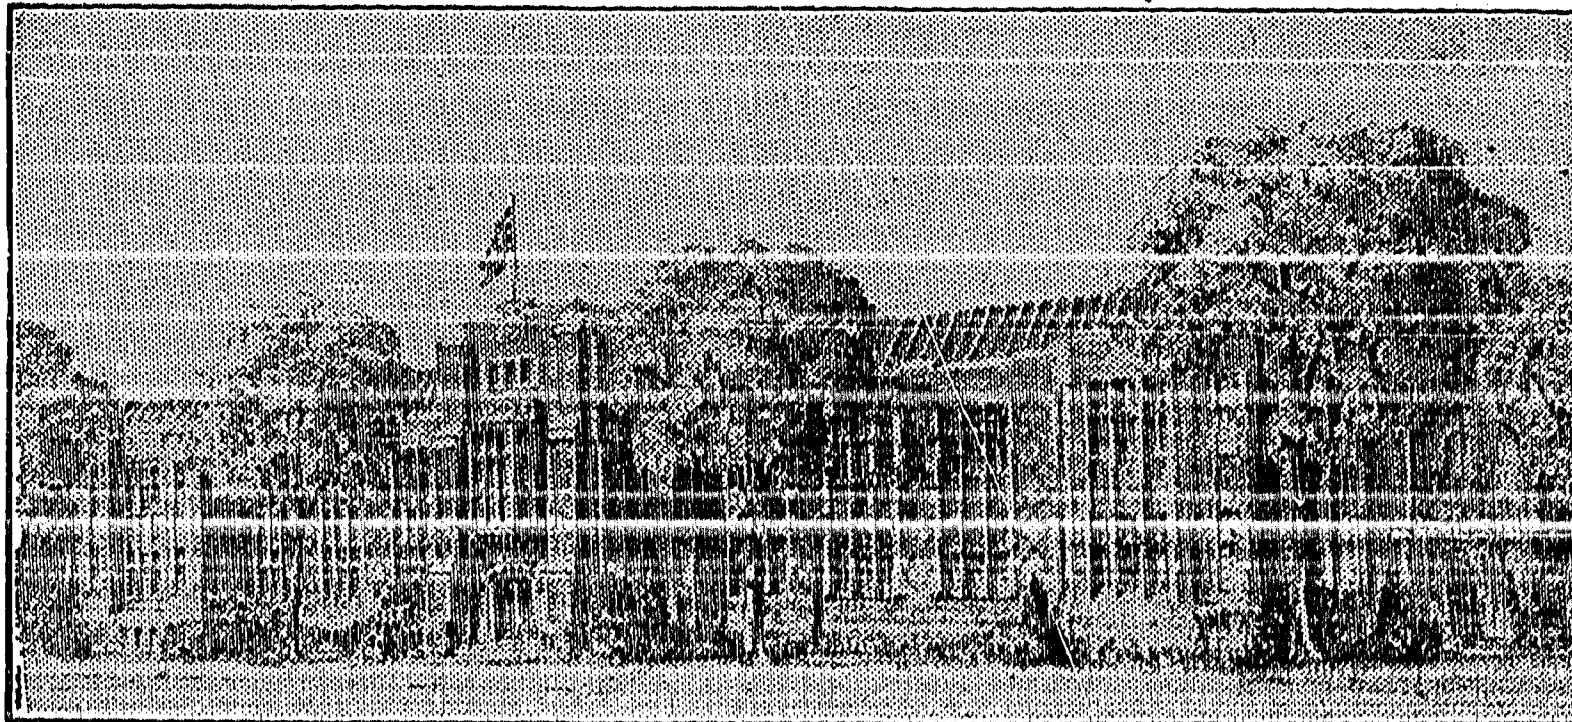

Ottawa.—Meeting in two brief sessions, cabinet council devoted its attention to an accumulation of routine matters. At the close of the sittings though, there was no matter on which an announcement was available.

Public works program was the main subject under consideration. Tenders for various works were gone over with a view to deciding the awarding of contracts.

### Majority Against Lottery Bill

London.—The government's betting and lottery bill, which forbids sale of tickets and publication of any news about lotteries and sweepstakes, was given third and final reading by the House of Commons. The vote was 200 to 38. The bill will now go to the house of lords.

## EXPERIMENTAL FARMS TO GET NEW ADMINISTRATION BUILDING

Above is the architect's conception of the new Administration Building for the Dominion Experimental Farms, which is to be erected at the Central Experimental Farms at Ottawa.

Mr. and Mrs. G. Kelly and Evelyn returned at the end of the week from a short stay in Spokane.

Miss Mary Cummings of Boswell is a Creston visitor this week, a guest of Mr. and Mrs. Chas. Moore.

Mrs. R. Stevens left at the first of the week on a short holiday with friends at Burton and Nakusp.

Mrs. W. M. Archibald is a visitor with her daughter, Mrs. J. F. Warren, at Calgary, Alberta, this week.

**PIGS FOR SALE**—Two choice Yorkshires, 11 weeks old, must be sold. Geo. Collis, Creston, Phone 53X.

Friday next, 30th, is the last day buck deer may be legally shot. To date the kill of venison has been light.

Mrs. Frank Garrett and daughter of Blake are visitors this week at the home of her parents, Mr. and Mrs. F. LaBelle.

Creston Co-Operative Fruit Exchange packing shed shut down for the season on Monday—ten days later than in 1933.

Mrs. R. Hopwood has arrived from Vancouver for a few weeks' visit with her parents, Mr. and Mrs. W. T. Simister.

**COOKING AND SEWING**—Call and see the new shop just opened in the old Premier garage. Home cooking and sewing.

**FOR SALE**—Fur coat, muskrat with red fox collar, good condition, \$25. Fit slight 36, medium height. Enquire Review Office.

Jas. Anderson of Vancouver, Canadian representative of the Alexander interests, was a visitor this week on Reclamation Farm business.

Mrs. Arnold Bjorneby of Great Falls, Montana, is a visitor this week with her parents, Mr. and Mrs. F. A. LaBelle, en route to Seattle.

An official estimate places the valley's 1934 apple crop at over 400 carloads. It is estimated 30 carloads were taken out by truckers.

**FOR SALE**—Fordson tractor, in first-class shape with extension wheel rims, disc and plows, going cheap. F. E. Clark, Erickson.

The Legion Ladies' Auxiliary report the Armistice sale of poppies no quite on a par with 1933, but there was a better demand for wreaths.

Yahk badminton club participated in tournament with the local shuttle experts at Park pavilion on Monday night. Creston winning by a margin of 31 to 16 sets.

Rev. O. Brown of Calgary, Alberta, was the speaker at the Presbyterian Church on Sunday evening, and is remaining for the week on evangelistic work.

The ladies should have in mind Trinity United Church ladies aid sale of work and afternoon tea in the church hall Saturday afternoon, 24th, from 3 to 5.30 p.m.

The open season on ducks and geese will close next Friday, 30th. A spell of cold weather to bring the geese down from the north would be welcomed by the hunters. The supply of ducks has been well up to the standard of other seasons.

An oldtime shooting match is announced for Wednesday next, November 28th, at the Walter Nickel ranch, opposite Jas. Compton's. 40 geese will be put up. 25 cents a shot. Shoot at 11 a.m. prompt.

Rev. O. P. Brown of Calgary, Alberta, famous for his back-to-the-land movement, is conducting a mission at St. Stephen's Presbyterian Church, with the other churches co-operating. He is one of Calgary's outstanding speakers. The mission continues this week, except Saturday, with two services on Sunday.

Mr. and Mrs. A. Walde and three children arrived from Fernie on Tuesday and are occupying the McLaren cottage on Victoria Avenue. Mr. Walde is going into the confectionery business in partnership with Mr. Johnston, also of Fernie, in the new store here just erected next the Cecil Moore garage. Mr. Walde was a guest of Fernie curlers on Monday night, and in appreciation of his efforts to promote that sport in the old town he was presented with a percolator.

Due to having no permanent home the Boy Scouts are having quite a time holding the regular weekly sessions. The one last week was at the home of B. Morabito, no other place being available. Among the features of the session was a knot tying contest between two picked teams, with the side headed by Egon Hollm winning over Bill Craig's squad by a very few points. Instruction was given in semaphore signalling followed by the boys sending and receiving short messages.

### \$50.00 REWARD

\$50.00 REWARD will be paid, on conviction, for information leading to the arrest of the parties who stole ten weather lambs from my flock. Lambs are of Rambouillet breeding and marked with circle punched out of tip of ear. W. T. H. SMITH, Porthill, Ida., (Camp Lister, B.C.).
