THE CRESTON REVIEW

VOL XX. CRESTON, B. C., FRIDAY, JUNE 22, 1928 No. 20

Wynndel

Charlie Penson who has been working at Claresholm, Alta., for some months past, returned home last week.

Miss Annie Hooke of Spokane is spending a few days holidays with her grandparents, Mr. and Mrs. J. J. Grady.

Bob Foxall left on Sunday for Nelson, to resume duties for the Associated Fruit Growers.

Miss Rose Severn arrived Monday to help with the harvesting of the berry crop.

Mr. Ringheim, sr., left on Monday for Cranbrook, where he will undergo an operation at the St. Eugene hospital.

E. Ringheim left on Sunday for Boswell to join the road crew.

H. Bathie, L. Davis and A. Hackett of the road crew at Boswell were between train visitors at their homes on Sunday.

Mr. and Mrs. Joy and family and Misses Augustina and Sylvia Benedetti were visitors to Creston on Saturday to attend the Morabito-Maione wedding.

BIRTH — June 14th, at Kootenay Lake General hospital, to Mr. and Mrs. M. Wigen, a son.

Three car loads of berries have rolled to prairie points and several hundred pails of jam berries have been shipped to Brilliant.

Mrs. Diesereau, jr. and son, were visiting with Mr. and Mrs. J. Diesereau last week.

Dance in the old schoolhouse Saturday, 23rd, under the auspices of the Baseball Club. Hild brothers orchestra. Admission, gents, $1, ladies 50 cents.

Kitchener

Miss Beatrice Molander is a Wynndel visitor this week and will help with the berry harvest.

Mr. and Mrs. B. Suiger, Mr. and Mrs. W. G. Hooker and son, Jimmie, Mr. and Mrs. C. P. Paulson and family and Miss Margaret Mohr, all of Spokane are spending a couple of weeks in Kitchener.

Miss Edith Geroux of Fernie is home on a visit this week.

Mr. and Mrs. St. Denis, Laura Andeen and Mrs. Ragotte motored to Sand Point and Spokane last weekend.

Mr. Redmile and Mr. Smith were Fernie visitors last week. They went by auto and returned the same day.

Mr. Marcel and Cyril Senesael, and Mr. and Mrs. Aberson were weekend visitors in Kitchener.

Miss Olga Nelson who has been attending high school at Cranbrook is home for the summer vacation. She passed his second year examinations by recommendation.

Mrs. Hayden and Mrs. Young of Creston were weekend visitors with Mrs. E. Driffil.

Claude Simpson who is attending high school at Cranbrook, spent the weekend with her parents here.

Miss Myrtle Anderson is a Creston visitor this week, a guest of Vera McGonegal.

Mrs. D. McDonald spent a few days in Kitchener, a guest of Mrs. A. Howard.

Mr. and Mrs. Molanner and daughter, Beatrice, and Miss Hazel Hobden were Creston callers on Friday.

Mr. and Mrs. B. Johnson were Creston visitors on Wednesday.

Mr. G. A. Hunt spent a couple of days in Yahk last week.

WANTED—Strawberry pickers and packers. Fred Lewis, Creston.

FOR SALE—Jersey cow, freshened three weeks, second calf. A. Hetner, Wynndel.

FOR SALE—Alfalfa or clover $15 load at field, or $20 load delivered. Percy Boffey, Creston.

WANTED—Strawberries and small fruits, state price. McKeown & Coulter, Box 525, Fernie, B.C.

FOR SALE—3 sad irons, iron bedstead, washtub and board, 2 kitchen chairs, pair goose feather pillows, O'Cedar mop, all kinds cooking utensils. Mrs. W. K. Brown, Creston.

Lister

Mr. Davis, assistant comptroller of water rights, Victoria, accompanied by Mr. Blain of Nelson, was here on Thursday last making a survey of the creeks in the Lister district with a view to putting in a survey party to make a complete report on the water available for both domestic and irrigation purposes.

Rev. J. Herdman, United Church pastor, took his final service at Lister on Sunday morning, and was favored with a large turnout. He has been very popular with Lister people and his leaving is regretted by all.

Geo. P ton of Nelson is a visitor here this week, a guest of Col. and Mrs. Lister.

Walter P. Edwards has sold his fourteen-acre crop of alfalfa to Jas. Davis of Creston, who is also a Lister land operator.

The 1928 hay harvest is general in this section this week, and the crop is an average one.

Geo. George of Cranbrook, who has been a patient at the Cranbrook hospital, is a visitor at the home of Col. Lister.

Bears are reported active in the Huscroft section, and John Huscroft is having a particularly busy time preventing them making of with some of his livestock.

Erickson

Miss Joan Kemp left on Saturday last for Trail where she will visit her brother and sister-in-law, Mr. and Mrs. Aubrey Kemp.

Mrs. Frank Staples and children returned on Saturday from a week's visit with relatives and friends in Cranbrook.

Ray Crisler was a weekend business visitor at Nelson, returning on Sunday.

Erickson came home with the baseball honors again on Sunday. They beat Wynndel at Creston by a margin of 29 to 9.

Ed. Taylor and Mr. Reid of Cranbrook were weekend visitors with Erickson friends.

BIRTH—At Victoria, June 12th, to Mr. and Mrs. W. G. Mitchell, a son.

Mrs. H. A. McKowan of Cranbrook was here for the weekend with her parents, Mr. and Mrs. G. Cartwright. On Friday night she spoke at a liberal sociable at Harrop, at which the candidate, Frank Putnam, also appeared.

Miss Edith Littlejohn returned to Vancouver on Saturday, and was accompanied as far as Nelson by her sisters Misses Kitty and Effie.

Sunday registered high water mark for express shipments of fruit. 435 crates were loaded here that day.

Walter Long of Wenatchee, Wash., spent a couple of weeks' holiday at the home of his parents, Mr. and Mrs. R. J. Long.

Favored with quite ideal weather the Erickson branch of Christ Church Ladies' Guild had a good turnout for the lawn social at the home of Mrs. R. J. Long, at which the intake was $41.

Morabito—Maione Wedding

Holy Cross Church, Creston, was thronged with invited guests on Saturday morning for the marriage of Josephine, daughter of Mr. and Mrs. Bruno Morabito, to Frank Maione, Father Cullinan officiating. The church was prettily decorated with roses and peonies and the bride was charmingly attired in white bonded georgette with veil and orange blossoms, and carried a toquet of roses. There were two bridesmaids, her sister, Mary Morabito, and Mary Maione, both attired in rose crepe de chine with gold and silver lace and boquets of carnations and snapdragons. The flower girl was Rosie Lorenzo, gowned in white crepe de chene and bearing two baskets of flowers. The groom was supported by his brother, Albert Maione. The groom's gift to the bride was a set of French ivory, and to the bridesmaids he gave each a necklace and bracelet. After the ceremony the happy couple and guests to the number of about 125 adjourned to the bride's home where a sumptuous wedding dinner was served with the usual after-wedding festivities, which wound up with a dance in the evening. The popularity of the young couple was evidenced in the many valuable and useful wedding presents. Mr. and Mrs. Maione are to reside in Creston and have the very best wishes of a host of friends for a happy future. Among the out of town guests were Mr. and Mrs. Lorenzo, Yahk; Tony Datro, Kingsgate, and Mr. and Mrs. J. Naso, Cranbrook.

Canyon City

Mrs. E. Langston left on Monday for Cranbrook, where she is a patient in the St. Eugene hospital.

A. Bond is this week a visitor at Natal, where he has taken a plastering contract and will remain for some time.

Mrs. Col. Lister will hold an exhibition of music of about 25 pupils, at the Community Hall on Friday evening. Everybody welcome.

The ranchers are this week busy with the cutting of alfalfa hay. They report a bumper crop and ideal weather for haying.

Mr. Shuttleworth of Kimberley is this week a guest of Mr. and Mrs. F. C. Knott.

Tom Hickey had the misfortune to break his leg last week. He was taken to Cranbrook hospital for medical attention and returned home on Tuesday.

There will be five pupils from here to try their entrance examinations at Creston next week.

Rev. J. Herdman of Trinity United Church will preach his farewell sermon on Sunday, June 24th, at 3 p.m. There will also be a farewell social evening held in the Community Hall.

Mrs. Spofford of Victoria, held a meeting under the auspices of the W.C.T.U. at the Church on Monday evening. The peaker gave an interesting talk on Prohibition work in the province, and music was supplied by Mrs. F. Knott, Miss M. Knott, Mrs. Kolthammer and W. Truscott.

Alice Siding

Miss Alice Carr of Fernie, was a visitor with her parents, Mr. and Mrs. V. Carr, a few days last week. She made the trip by auto.

Mr. and Mrs. Walter Wright and sons of Kimberley were weekend visitors with Mr. and Mrs. J. Kelly.

Bob and Tom Marshall are at work on the erection of a packing shed to handle the raspberry crop.

Strawberry pickers and packers are scarce in this section. The raspberry crop is heavy and will be quite early in July.

John Parkin, jr., is spending a few days in Michel this week.

"Safety First" on the Highways

The phenomenal growth in the number of motor driven vehicles on the highways of this continent constitutes one of the most amazing developments of modern times. The motor car has, in fact, completely revolutionized modes of living in the space of a very few years, and, equally so, has ushered in an entirely new era in the history of transportation.

It is not necessary to even enumerate the many changes which the general use of the motor car has brought about. These changes are patent to everyone. The result has been, of course, to likewise create entirely new problems which did not confront, and were never dreamed of, by the people of a couple of generations ago.

The motor car has forced governments and municipalities to completely re-organize plans and the work of road building because what was regarded as an excellent road for horse drawn buggies and wagons is quite obsolete in these days of motor traffic. The result has been to compel huge expenditures upon all governmental authorities, not only in the construction of a much higher standard of road, but in annual maintenance charges in order that such roads shall be kept up to that high standard, and shall be available for use at all times in all weathers.

In large cities, the multiplicity of cars has created congestion and traffic problems of the most difficult kind, and the number, power and speed of modern cars not only an hourly danger to each other and their occupants but to all pedestrians. Laws governing rates of speed, laws prohibitive of glaring headlights for night driving, and innumerable rules of the road in an effort to regulate this enormous and ever increasing traffic, have been passed. Many of these enactments were experimental and found ineffective. Amendments to laws have followed amendments in rapid succession, yet the toll of accidents and violent death mounts steadily higher and higher.

The fact might as well be faced,—it must be faced,—that only through the practice of the principle of "Safety First" by the people themselves,—all the people,—can the civilization of today really control this modern juggernaut which the inventive genius of this generation has brought into being and to such a high state of power and efficiency.

Legislative enactments, and arrests and fines for violation of those laws, will not, and can not meet the existing problems. Public sentiment and the public conscience must be aroused against those who habitually and wilfully disregard the laws and regulations passed in the interests of all people. The speed maniac, the man who persists in flashing blinding headlights in the eyes of all other car drivers, the crank who considers it an insult and a reflection upon himself and his car to allow any other car to pass him on the road, the crazy fool who not only disregards all safety precautions for himself but who is callously indifferent to the fate of othsrs, and the common "roadhog" who ignores everybody's rights and selfishly arrogates whatever he desires to himself,—all these enemies to the welfare, enjoyment, rights, and even lives of others, must become taboo throughout the land and be ostracised by his fellow citizens in the community.

Every driver of a car should keep constantly in mind that it is a powerful machine he has in his control, and that the safe way is the sane way. Common sense will prevent accidents. Apply it. There is not only the law but an etiquette of the road. Observe it. Protect person and property—your own and the other fellow's.

Two controllable factors enter into accident prevention on the streets and highways,—your car; yourself. Always observe, among others, the following simple rules for safety:

1. Keep your car right; see that the brakes, steering gear and headlights are in perfect working order.
2. Keep your eye on the road and your hands on the wheel.
3. In passing traffic, look ahead.
4. If a "road-hog" tries to pass you—let him.
5. Entering main streets and highways—stop and listen.
6. Don't rush through nor "loaf" in heavy traffic.
7. Signal before you slow down, stop, or change your course.
8. Look before you back up.
9. Obey the "Stop" signal.
10. Watch your "Step"—Don't "step" on the gas, the train will win.

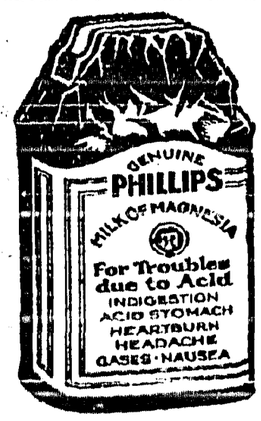
Pretty Cashier: "I think I need a holiday for the sake of my health. My beauty is beginning to fade."

Manager: "What has put that idea into your head?"

Pretty Cashier: "The men are beginning to count their change."

"Hi, there," bellowed a policeman to an inebriated citizen, "you can't stand there in the street."

"Yes, I can orfshet" retorted the citizen proudly. "Don't you worry 'bout me. I been standin' here an hour an' ain' fell off yet."



Indigestion

What most people call indigestion is usually excess acid in the stomach. The food has soured. The instant remedy is an alkali which neutralizes acids. But don't use crude helps. Use what your doctor would advise.

The best help is Phillips' Milk of Magnesia. For the 50 years since its invention it has remained standard with physicians. You will find nothing else so quick in its effect, so harmless, so efficient.

One tasteless spoonful in water neutralizes many times its volume in acid. The results are immediate, with no bad after-effects. Once you learn this fact, you will never deal with excess acid in the crude ways. Go learn—now—why this method is supreme.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drugstore.

SEA STRAIGHTENS ROMANTIC TANGLES

When May Christie, whose novels and articles are read all over the North American Continent, reaches an impasse with characters in her novels, she "sends them on an Atlantic voyage," to use he rown words, because their tangles are unravelled on the ocean. Miss Christie, now married to J. S. Mazzavini, New York broker, is shown here on the White Star liner Megantic, leaving for England after spending ten months on the North American Continent, in which time she wrote two 76,000 word novels and forty-five articles.

Improving Our Highways

The total amount spent on the improvement and maintenance of Canadian roads during 1926 was approximately $45,500,000.

NEW STRENGTH FOR WEAK STOMACHS

Indigestion Disappears When the Blood Is Enriched

The most urgent need of all who suffer from any form of indigestion is a tonic to enrich the blood. Pain and distress after eating is the way the stomach shows that it is too weak to perform the work of digesting the food it takes. New strength is given to weak stomachs by Dr. Williams' Pink Pills because they purify and enrich the blood. This accounts for the speedy relief in stomach disorders that follows the use of this medicine. The value of this medicine in cases of indigestion is shown by the case of Mrs. George W. Johnson, Lequille, N.S., who says:—"I have no hesitation in recommending Dr. Williams' Pink Pills. I was greatly distressed with indigestion. Always after eating I suffered from pains in the stomach and other distressing symptoms. I tried different remedies, but without getting relief. I was advised by a friend to try Dr. Williams' Pink Pills, which I readily did, and I am feeling very grateful ever since to the person who gave me the advice. The very first box helped me and before I had taken a half dozen boxes I was restored to my former good health and all traces of this distressing trouble disappeared. It is now about a year since I took the pills, and I have not been troubled with indigestion since. I have taken every occasion to recommend Dr. Williams' Pink Pills to those in need of a medicine and shall continue to do so."

A little booklet, "What To Eat and How To Eat," will be sent free to anyone asking for it. You can get the pills from any medicine dealer or by mail at 50c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Ship Muskrat To Europe

What is believed to be a record for muskrat shipments from Canada has left on board the Canadian Pacific vessel "Beaverdale," bound for Antwerp. It consists of 149 muskrats, the foundation stock for muskrat ranches in Germany, Finland and France. The consignment was made up of 74 pairs and operated at a muskrat farm at Lindsay, Ontario.

For Burns and Scalds. — Dr. Thomas' Eclectric Oil will take the fire out of a burn or scald. It should be at hand in every kitchen so that it may be available at any time. There is no preparation required. Just apply the oil to the burn or scald and the pain will abate and in a short time cease altogether.

A going clock is one that has been wound up, a going concern is one that hasn't been.

The gross area of the United States is 3,026,789 miles.

Recipes For This Week

(By Betty Barclay)

ECONOMICAL PUDDING

1 quart water.
1 teaspoon salt.
1 cup pearl tapioca.
1 teaspoon vanilla.
4 tablespoons butter.
1¾ cups brown sugar.

Cook tapioca in water until transparent. Add other ingredients. Bake one-half hour.

LEMON DROP COOKIES

1-3 cup butter.
½ cup sugar.
1 egg.
¼ teaspoon soda.
2 tablespoons hot water.
½ tablespoon lemon juice.
Grated rind 1 lemon.
¾ cup flour.

Cream butter; add sugar, gradually, and egg, beaten until thick and light, soda, dissolved in hot water, lemon juice, grated lemon rind, and flour. Mix well, drop from tip of teaspoon onto buttered baking sheet, and bake in a quick oven.

To make crisp cookies, use one and one-half cups flour when mixing; chill thoroughly, roll very thin, sprinkle lighty with sugar, cut out, and bake.

Much of the experience a man gets comes too late to benefit him.

Continues Best Seller

Over Ten Million Copies Of Bible Sold Last Year

The Bible continued to be the world's best selling book in 1927, establishing a new record of 10,034,797 copies ,says the annual report of the American Bible Society.

Copies were published last year in 166 different languages and dialects, and the first complete Bible in the Luba Lulua language of the 2,500,000 Bantu natives of the Belgian Congo was issued by the Society.

There are 150 convicts serving life terms in prisons of Canada.

Druggist Gave Her Very Good Advice

Miss Ruth Horowtiz, Bronx, N. Y., writes: "Having been troubled with indigestion caused by constipation for several months, my druggist advised a purely vegetable laxative pill.

I can safely say that since I am taking them, and only one each night, I feel like myself again and can eat most anything without fear of an attack."

CARTER'S LITTLE LIVER PILLS

All druggists—25c and 75c red pkgs.

HERCULES TRADE MARK

PERMANENT BUILDING PAPER

Buyers Seek the Warm and Dry Homes

Forethought in building a home makes a good selling proposition. Buyers find a warm, dry house the most desirable. Any house is impervious to wind and dampness when protected by Hercules Permanent Building Paper.

In three grades—x, xx, xxx—Hercules has been tested and proven wind proof and damp proof.

Prove it for yourself. Samples sent gladly.

HARVEST HELP FROM BRITAIN IS SUGGESTION MADE

London.—"The Canadian harvest will soon be due. Why not an arrangement between the Dominion and Home Governments and all the parties most likely to help for 10,000 Britishers to be provided with work during the coming harvest in Canada?"

William Lunn, M.P., of Rothwell, makes this suggestion in the Yorkshire Evening Post. He is an ex-chairman of the Overseas Settlement Committee, and still a member of that body.

"In July last year," he proceeds to say, an arrangement was almost arrived at for 10,000 to go to Canada, of whom 5,000 would be miners. The conditions were to give cheap passages, guarantee employment at not less than 4 to 5 dollars a day, and to assist in bringing those back who could not find permanent employment.

"One lady promised to pay the expenses for 150 South Wales miners, and others were prepared to help with smaller numbers. Just when everything was in order for the project being carried out, it unfortunately fell through.

"No doubt three out of four would settle permanently in Canada. Those who seriously desired to return should be helped in cost of passage home," he said.

These 7,000 or 8,000 who make their homes in Canada would become nominates. Then they would be likely to nominate their wives, sweethearts, sisters, brothers, and in many cases, their fathers and mothers.

That is the most satisfactory way of populating the Dominions. Here is the pebble which, if thrown into the pond, will begin the circle which is likely to enlarge and enlarge to enormous dimensions.

Cannot something be done, and done soon? asks Mr. Lunn, in conclusion.

Westerners Win Scholarships

Alberta and Saskatchewan Students Will Pursue Technical Studies

Quebec.—Chosen as the most outstanding and valuable member of the Canadian Society of Technical Agriculturists, Prof. H. M. Nagant, professor of geology and chemistry at the Oka Agricultural College, of the University of Montreal, was unanimously awarded the fellowship prize at the closing session of the agriculturists here.

The $600 scholarship prizes, gift of the T. Eaton Company, were awarded to R. H. Bedford, of Alberta, to study soil bacteriology at McGill University, Montreal, and R. C. Russell, of Saskatchewan, to study plant pathology at Toronto University.

It was officially decided that the convention of the agriculturists next year will be held at Winnipeg.

Alberta Pool Making Interest Payments

Farmers Are Receiving Amount Due On Elevator Deduction

Calgary. — The Alberta Wheat Pool is issuing cheques covering the payment of six per cent. interest due on the elevator deductions from the crops of 1924 and 1925, it was stated at the offices of the pool.

The total payment amounts to $87,101.03. In instances where the interest does not total the sum of one dollar, no payment is being made.

The six per cent. interest is paid on a total of $1,345,384 which was the total deduction for elevator purposes from the 1924 and 1925 crops.

Danish Aviators Killed

Copenhagen. — Three Danish aviators were killed after leaping from a naval seaplane which exploded while they were flying over Copenhagen. The airmen, a pilot and two cadets, leaped from the plane but their parachutes failed to unfold and they fell on the roofs of houses, being killed outright. Their machine crashed in a densely populated area and injured a boy.

W. N. U. 1738

Appeal Was Rejected

Privy Council Gives Decision On Alberta Coal Case

London.—The decision of the Privy Council judicial committee rejecting Alberta's appeal in the coal mining tax case has the effect of depriving that province of large revenues which it had hoped to collect on the production from coal mines. The Privy Council upholds the decision of the Supreme Court of Canada that Alberta mine owners tax act of 1923 which placed a tax on every ton of coal mined in Alberta is ultra vires of the province.

The province's test case was launched against the Caledonian Collieries, Limited. The judgment of the Privy Council states that it is undisputed that though the tax was called a tax on gross revenue, such gross revenue is really an aggregate of the sums received from the sales of coal and is indistinguishable from a tax on every sum received from the sale of coal.

The judicial committee agreed with the judges of the Supreme Court that the tax was not a direct tax. Some attempt had been made in the argument to support the tax on the ground that it was analagous to income tax, but it was pointed out that there were marked distinctions between a tax on gross revenue and a tax on income which for taxation purposes means gains and profits. There may be considerable gross revenue but no income taxable as income tax in the accepted sense.

The appeal was therefore dismissed.

U.S. Farmers Complain

Say Canadian Competition Is Dangerous Factor In Agrarian Development

Seattle.—Canadian competition in grain growing has become a "dangerous factor" in the agrarian development of Washington, J. Carl Laney, state secretary of the farm bureau, testified at the Interstate Commerce Commission farm hearing. Agrarian representatives appeared before the commission recently, urging the necessity of lower export grain rates.

Supported by voluminous exhibits, Laney gave a comprehensive comparison of farming conditions between the grain districts of Western Canada and Eastern Washington. He asserted that aid given farmers by Canadian railways and the government was attracting growers from Washington to Canada.

With cheap land, low taxes, low grain rates and fertilizer, Alberta ranchers can not only raise grain at a cost of several dollars an acre lower than those of Washington, Laney said, but they can reach both their eastern and western markets at a much less cost.

Laney said the average cost to the Canadian farmer including everything until the grain was placed at elevators was $14.70 an acre, whereas on the American side of the border line it was $20.58.

He added that with such a wide spread in their favor the Canadian grain growers were rapidly driving Eastern Washington wheat from the export market.

Searching For Bodies Of Kamloops Victims

Eight Of Twenty-Two Have Already Been Recovered

Port Arthr, Ont.—A tug and launch have left here for Isle Royale to conduct a further search for bodies from the steamer Kamlooops, which was lost off the Island last December.

The expedition has been organized by Captain H. J. Bryan, of Kingston, brother of Captain Bryan, of the Kamloops, and is financed by him and relatives of other missing ones among the crew of the Kamloops. It is proposed to patrol inland as well as along the shore line. Eight bodies of the 22 on the boat have already been recovered.

Is Successful Candidate

Toronto.—Miss E. Silver Dowding; lecturer in botany at the University of Alberta, is the successful candidate for the annual scholarship awarded by the Canadian Federation of the University Women's Clubs.

PRESIDENT OF THE I.O.D.E.

Mrs. John A. Stewart, of Perth, Ont., was elected national president of the Imperial Order Daughters of the Empire at the annual meeting in Toronto. She succeeds Miss R. M. Church, of Toronto, and sister of T. L. Church, M.P., who is retiring from that office after three years of work in the order.

Report Shows Big Increase

B.C. Department Of Agriculture Announces Gain In Production

Victoria, B.C.—Agricultural production in British Columbia in 1927 is valued at $76,999,269, the highest sum on record, and an increase of $5,637,000 over 1926, the Department of Agriculture announces.

Substantial gains were made in livestock, poultry products, dairy products, fodders, honey, hops and wool, while decreases were noted in fruits, vegetables and grains.

Imports of agricultural products from other provinces in Canada were valued at $16,648,703, against $17,437,350 in 1926, while imports from foreign points increased from $3,622,011 to $5,593,084. Exports of agricultural products for the year amounted to $10,025,735, an increase over the previous year of $1,617,095, or 19.23 per cent.

Will Form Pool

New Westminster, B.C.—Fraser Valley poultry men and women at a meeting here decided to form an egg and poultry pool in British Columbia. A committee was appointed to nominate a committee representing all poultry sections of the province which will draw up a constitution.

India Ready To Renounce War

Washington.—The Government of India has accepted the invitation of Secretary Kellogg to participate as an original signatory in the proposed multi-lateral treaty for the renunciation of war.

Ice Delays Seaplanes

Machines Ready For Survey Of Conditions At Fort Churchill

Ottawa.—Ice on the small lakes in the vicinity of Fort Churchill is holding up the dispatch of the two Canadian Air Force seaplanes which are in readiness to fly to the Hudson's Bay port for the purpose of surveying the break up conditions there.

It was stated at the Department of National Defence that the two planes are at present at Comorant Lake, North of The Pas, and are awaiting favorable conditions before proceeding to their destination. The duty of their pilots will be similar to that which has occupied the Hudson's Straits air patrol last year, to observe the movement of ice out of the Churchill River and through the inlet on the shore of which Canada's Northern port will be constructed. This year a wireless station will be built at Fort Churchill, the workmen, equipment and machinery for which will be taken there some time next month.

Cattle Shipped To England

Over Three Hundred Head Sent From Calgary Recently

Montreal. — The first shipment of cattle on the hoof to leave Canada for over a year arrived in Montreal at the East End stockyards over the lines of the Canadian Pacific Railway, on its way to England. Over 300 head of cattle were in the train of 17 cars, averaging 18 animals to a car, with a stockman aboard for the care of every 25 cattle that made the trip direct from Calgary to Montreal.

The shipment is being accompanied by Francis Burns, of Calgary, and Arthur Hilliard, veterinary surgeon, who supervises the health of the stock from Calgary to Birkenhead, together with a staff of stockmen under Archie McGinness, foreman.

Beatty On Trip To England

Quebec. — E. W. Beatty, K.C. president of the Canadian Pacific Railway, and Sir Herbert Holt, president of the Royal Bank of Canada, have sailed for England. While on the other side Mr. Beatty will let a contract for a new steamship of the Empire class, to be used on the Pacific Coast routes. It is tentatively arranged that Mr. Beatty will visit Stanley Baldwin, British premier.

"Flapper Vote" Bill Passed

London. — After an unsuccessful attempt had been made to raise the qualifying age, the House of Lords in committee last evening passed the franchise bill, which gives the vote to women 21 years of age and over. The House of Commons had already approved the measure.

HE DID IT IN ONE

Robin Bell-Irving, of Powell River, B.C., the first amateur to make a hole in one on the Jasper Park Lodge Golf Course. He accomplished it at the fifteenth, which has a name that speaks for itself—the Bad Baby. Incidentally, he is the first player, amateur or professional, to do the Bad Baby in one.—Canadian National Railways Photograph.

SIR A. CURRIE NEW PRESIDENT CANADIAN LEGION

St. John, N.B.—General Sir Arthur Currie was elected president of the Canadian Legion of the British Empire Service League at the second annual Dominion convention here.

Following the announcement of his unanimous choice a telegram of congratulation was dispatched to the former leader of the Canadian troops in France, coupled with the wish for a speedy recovery to health.

Lieut.-Gen. Sir Percy Lake was named immediate past president.

The importance of not bringing boys and girls of tender age, unaccompanied by parents or guardians into Canada was stressed in debate as was also the necessity of setting before foreign immigrants Canadian ideals before they could be corrupted by communistic teachings.

A. E. Moore, Manitoba, was re-elected national chairman and presided during the deliberations, when many resolutions were brought in by delegates of the various provinces. Some of the most important of these—to the Dominion as a whole—were submitted by the committee on immigration and colonization, headed by P. Shelton, of Regina.

The recommendation of this committee included a complete Dominion survey of the immigration and settlement problem, the barring of Orientals from Canada's shores and the banning of Communist literature and publications in this country.

The report of the immigration and land settlement committee, which was adopted, recommends that every effort be made by the government to have at least 50 per cent. of all immigration from Britain; that persons who are not prepared to accept Canadian citizenship in peace and war be not encouraged to come to Canada; that every effort be made to prevent the location of non-English speaking peoples in large blocks, and that "free passages to British boys and girls, when accompanied by parents or guardians, should be confined to those who have attained the age of 17 years and over."

The sections of the report recommending that provincial commands urge the branches to organize committees to survey the farm employment possibilities and settlement in their districts, and for a closer co-operation between the British and Canadian legions for a better selection of men suitable for settlement in Canada were adopted as presented.

Forke Will Tour West

Minister Of Immigration To Visit Western Canada Shortly

Ottawa.—Hon. Robert Forke, Minister of Immigration, will visit Western Canada this summer on immigration matters.

Mr. Forke's trip will carry him through to the Pacific Coast. The itinerary of Mr. Forke has not yet been arranged, but the likelihood is that he will leave Ottawa within the next three or four weeks, visiting all the important Western cities. A definite announcement of his program will be available shortly.

Mr. Forke probably will seek provincial co-operation in immigration work as recommended in the report of the parliamentary immigration inquiry presented during the recent session of parliament.

Conference a Success

First Annual "Farm Women's Week" Held At Saskatoon

Saskatoon.—Close to 150 delegates attended the first annual "Farm Women's Week," at the University of Saskatchewan. The conference, arranged by the United Farmers of Canada, Saskatchewan section, in co-operation with the University of Saskatchewan, was a most successful venture, and is the first of its kind held in the province and, so far as is known, in Canada. As much of the business of the program concerned only the United Farmers' Organization, some of the sessions were closed to the press and public.

A statue of William Shakespeare, cut in glass and over 24 feet high, has been made for a London Park.

Flower Show Prize Winners

The 1928 flower show of Creston and District Women's Institute staged in Trinity Church hall on Thursday afternoon was not quite up to the standard of other years, due in part to the freak season the district has had preventing entries in some of the classes, and keeping down competition in some of the others. As in former years the judging was done by C. B. Twigg, local horticulturist, assisted by Robert Stark, rnd the awards were as follows:

Iris—Mrs. Hayes, Mrs. C. Moore.
Roses—Mrs. Cook 1st and 2nd.
Pinks—Mrs. Cook, Mrs. C. Moore.
Sweet William—Mrs. Cook.
California Poppy—Mrs. C. Moore, Mrs. Cook.
Foxglove—Mrs. Cook 1st and 2nd.
Cornflower—Mrs. Hayes, Mrs. Mallandaine.
Pansies—Mrs. C. Moore, Mrs. Mallandaine.
Delphenium—Mrs. C. Moore.
Petunia — Mrs. Mallandaine, Mrs. Cook.
Cape Forget-me-not — Mrs. Cook, Mrs. Hayes.
Columbine — Mrs. Hayes, Mrs. C. Moore.
Pyrithum—Mrs. Mallandaine, Mrs. G. Cartwright.
Any other variety flower — Mrs. Mallandaine, Mrs. Cook.
Collection garden flowers — Mrs. G. Cartwright, Mrs. Cook.
Begonia—Mrs. G. Cartwright.
Fern—Mrs Cook, Mrs. C. H. Hare.
Any other house plant—Mrs. W. Kernaghan.
Collection wild flowers—Billy Kernaghan, Lloyd McLaren.
Single flower in bud base — Mrs. Cook, Mrs. G. Cartwright.
Best single entry—Mrs. Mallandaine.
Sweestakes—Mrs. Cook.

Along with the show went a sale of flowers, and home cooking, with the serving of refreshments, and from these sources the Institute realized about $26, which also indicates a less generous patronage than in 1926, when the last flower show was staged.

June Women's Institute Meeting

Twenty-one members were in evidence at the June meeting of Creston and District Women's Institute. In the absence of the president and secretary, Mrs. Hayes, vice-president, presided, and Mrs. Cherrington was back at her old job of taking the minutes.

The usual tag day for the Provincial Crippled Children's Fund will be held on sports' day, July 2nd, and will be directed by Mrs. Chas. Moore, Mrs. W. B. Martin and Mrs. Hayden. It was also agreed that the usual cash prizes will be given to scholars taking the high standings at the Grade 8 as well as high school examinations. Just how these awards will be placed will be decided at the July meeting.

After some discussion it was decided to contribute $100 to the Otha Scott endowment fund. Half of this will be paid forthwith, and the balance will be given within a year. Mrs. Martin agreed to look after the work of the visiting committee for the next two months, succeeding Mrs. Walters.

Major Mallandaine on behalf of the cemetery company wrote stating that $20 had been allocated the Institute for whatever effort they might care to undertake to further beautify the burying ground—either by planting shrubs or in improvement work. Tree planting appeared to be a favorite with the meeting, but as it is too late to get on with that work now the matter was allowed to stand, but a letter of appreciation will be sent Mr. Mallandaine and associates.

The tea hostesses were Mesdames Manuel, McLaren, Cook, Hayes and Cherrington, and the collection for the Crippled Children work amounted to $2.10.

WANTED — Twelve good, reliable strawberry pickers. Good accomodation for outsiders. E. Nonguier, Canyon.

TIMBER SALE X 10213

Sealed tenders will be received by the District Forester not later than noon on the 4th day of July, 1028, for the purchase of License X10213 near Kingegate, B.C., to cut 481M board feet of sawlogs.

Two (2) years will be allowed for removal timber.

Further particulars of the Chief Forester, Victoria, or the District Forester, Nelson, B.C.

Our leading Industry

WHEN 38c. of every dollar paid in industrial wages and salaries in British Columbia comes from lumbering, her ten-year production increase of 138.7 per cent. is vitally important to everyone.

Thirty per cent. of our Province's entire industrial production of 251 million dollars in 1926 was contributed by lumbering and its allied industries. British Columbia now ranks third in the Dominion in industrial importance, and forest products dominate.

Involved in British Columbia's lumbering industry is capital of more than 100 million dollars . . . 20,000 people are employed . . . 330 mills operated.

Without question this gigantic business is destined to continue at the same pace.

Climate, soil and drainage have produced our vast forests of soft woods . . . the greatest in the world! One-third of the British Empire's entire timber supply is in British Columbia. Today, the demand for soft woods is four times that of hard woods . . . and with the last great stand of soft woods located in our Province, continued progress and prosperity are certain.

Great as our timber stands are, our government realizes the necessity of safeguarding the future of this vast industry and is devoting much time, study and thought to the question of scientific reforestration, fire prevention and conservation.

Lumbering brought 84 million dollars to British Columbia in 1926 (the value of the cut that year), an increase of 49 million dollars over 1916. Every year more than 30 million dollars worth of supplies are purchased to enable this great industry to carry on.

Foreign markets have been sought . . . and captured. Water borne export of lumber has enjoyed exceptional growth. Ships laden with 2,616,419,000 feet board measure left our ports during 1922-1926 . . . an increase over the period of 1912-1916 equal to 984%. The log scale jumped 111% during the same period!

This activity represents real money in constant circulation. It keeps thousands of men busy . . . influences every phase of commercial life . . . builds markets for our farm products . . . spells "BRITISH COLUMBIA" the world over!

Add to this the sash and door factories, and pulp and paper production, which alone jumped from $15,450,000 in 1916 to $72,327,000 in 1926, and you have an idea of the enormous importance and far reaching influence which this, our chief provincial enterprise, is bound to exercise on the welfare and earnings of each and every citizen.

Read these announcements and understand your province's progress . . . clip them out and send them to friends. If you desire extra copies of these announcements a note to this newspaper will bring them. Advertise your Province!

H. S. McCREATH

Printed Butter Wraps at The Review

Local and Personal

Rev. J. Herdman, who has just completed three years as pastor of Trinity United Church, takes his final service at Creston on Sunday evening, and leaves early next week for New Denver.

Major Mallandaine, Geo. Johnson and O. O. Rodgers were at Rossland the fore part of the week, where they were attending the annual convention of the Associated Boards of Trade of Eastern B.C.

Members of the Canadian Legion are reminded that the Provincial Secretary, Mr. McNicol will be in Creston Sunday June 24th, and a general meeting will be held at 8 o'clock in the evening.

Women's Missionary Society of Trinity United Church will hold a special meeting on Friday, June 29th, at 8 p.m., in the United Church, when Miss Asson of Vancouver will give an address on missionary work.

C. F. Hayes was a business visitor at Vancouver at the weekend, returning on Wednesday. In Liberal circles the utmost enthusiasm prevails that the government will be returned with a following of at least 30 members.

Next Wednesday is nomination day for the provincial election and will be in charge of the returning officer, A. L. Palmer. Just at present it looks like a straight party fight between Col. Lister, Conservative, and Frank Putnam, Liberal.

FOR SALE—Bee supplies, consisting of frames and foundation, hives and queen excluders. Also a few good drawn combs. Would like to buy one section of spring tooth harrow. Enquire Co-Operative Store, Creston. Chas. Clay, Creston.

Sojourning brethren are asked to join with the members of Creston Masonic Lodge in attending divine service at Christ Church on Sunday evening. Bro. Rev. A. Garlick, chaplain of Fernie Lodge, will preach. Members are asked to be at the Masonic Hall not later than 7 o'clock.

A good selection of books has just arrived from Victoria for Creston Public Library, numbering a little over 100 and comprising both novels and books for children. The half year subscriptions run out at the end of June. From the first of July to the end of December a membership costs but $1.20.

June 15th saw the windup of shipping of day old chicks from local poultry farms. Although the demand has not been as heavy as early season indications, still both the Bradley and McAlpine plants have enjoyed a 50 per cent. increase in the outgo of chicks and a satisfactory gain in shipping pullets and hatching eggs.

For Dominion Day, July 2nd, Creston Board of Trade is completing an interesting programme of sports with baseball match Yahk vs. Creston. The Canadian Legion are holding a dance in the Grand Theatre ballroom in the evening. The admission is $1 each, supper included. It is expected a large crowd will help in the merriment.

The Review is just in receipt of a postcard despatch from a local angler who avers that fishing this season is particularly good. He writes: "Just a line to tell you that fishing is fine. The creeks between Creston and Kitchener are just right now to get a good catch and gives one a chance to have some fun right at home. Creston Drug & Book Store is headquarters for tackle and they will advise you just what to use and where to go.

RAFFIA!

Now is the time to buy your Raffia. Only a limited quantity in stock. Price per lb. 40c., in 5 lb. lots at 35c. per lb.

V. MAWSON

Council Confirms Purchase of Park

The June meeting of the village council on Monday, 11th, was about the shortest regular session the commissioners have yet had. Chairman F. H. Jackson presided, with Commissioners Cherrington and Comfort in attendance.

The expenditure for May totalled $950, but in this is $150 which has been paid for the six lots embraced in the new village pound, which is now open for business. Another $45 was for a typewriter secured for the clerk's use.

Correspondence was light, the feature letter being from a local barber claiming that his opposition on some three very definite dates had been breaking the hours of closing by law. As there was some doubt on at least two of the dates specified it was decided to have the clerk write the offender warning that on any future complaints prosecution would be undertaken.

The clerk reported that the Park Purchase By Law had carried by a vote of 30 to 7, and the necessary resolution was carried to complete the buying of the land by paying the first instalment of $500 and having the necessary papers executed, which latter detail will be in charge of Commissioner Cherrington.

For the fire and light committee Chairman Jackson reported a visit from a representative of the Underwriters' Association, who is to submit his recommendations for improving the fire protection system in writing. These will include the erection of a tank on the hill, size and probable cost to be given, and the putting in of a ten inch main down Barton Avenue to serve the business section. Mr. Jackson intimated that the visitor was not likely to recommend the buying of a fire truck, but favored 2½ inch hose.

The shade trees planted in 1927 will have fall pruning by Jas. Cook, just as soon as he decided the work can be done to best advantage.

HAY CROP FOR SALE—Five acres alfalfa and mixed alfalfa and timothy, with sheds for partial storage. Apply Land Settlement Board, Camp Lister.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant, unreserved Crown Lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, and second class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas not exceeding 20 acres may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free permits are available for settlers, campers or travellers, up to ten head.

BRITISH COLUMBIA

THE MINERAL PROVINCE OF WESTERN CANADA

To the End of December, 1926

Has produced Minerals as follows: Placer Gold, $78,018,548; Lode Gold, $126,972,318; Silver, $80,787,003; Lead, $106,976,442; Copper, $209,967,068; Zinc, $50,512,557; Coal and Coke, $284,699,133; Structural Materials and Miscellaneous Minerals, $50,175,407; making its mineral production to the end of 1926 show an

AGGREGATE VALUE OF $988,108,470

PRODUCTION FOR YEAR Ending December, 1926, $67,188,842

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, the security of which is guaranteed by Crown grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing—

The Hon. The Minister of Mines
VICTORIA, BRITISH COLUMBIA

N.B.—Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B.C. Reports of the Geological Survey of Canada, Winch Building, Vancouver, are recommended as valuable sources of information.

Reports covering each of the Six Mineral Survey Districts are published separately, and are available on application.

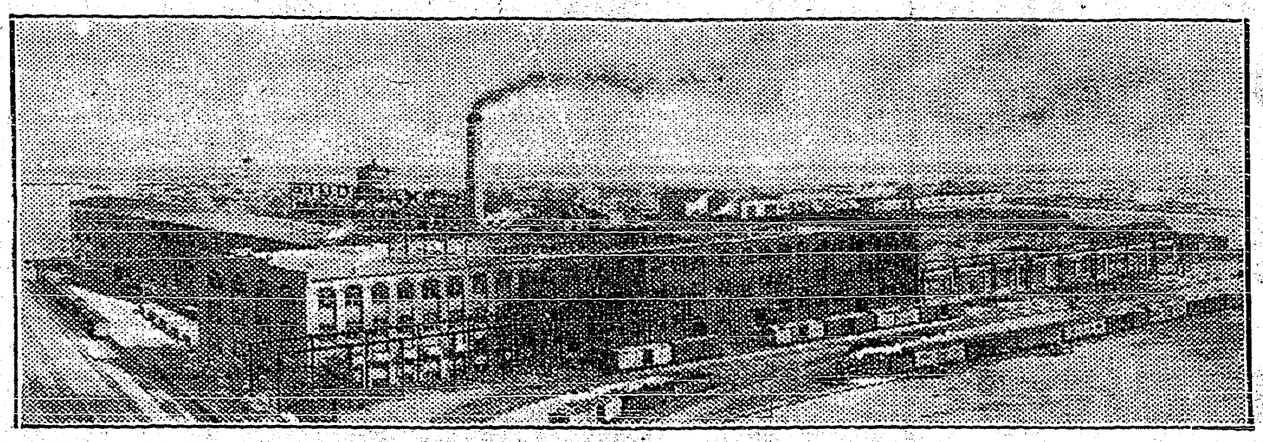
STUDEBAKER PLANT AT WALKERVILLE, ONT.



The Walkerville Plant of the Studebaker Corporation of Canada, Ltd., where the Studebaker and Erskine Cars are manufactured, is now a purely Canadian concern, employing Canadian labor, and using Canadian material. Studebaker and Erskine cars are becoming increasingly popular throughout the Dominion.

Studebaker To Build Canadian Automobiles For Canadians

Friendly Divorcement Of Canadian Organization From Studebaker Corporation Of America

With the announcement of a far-reaching reorganization of both administrative and manufacturing policies, the Studebaker Corporation of Canada, Ltd., has assumed a front rank position among the Dominion's largest independent manufacturers. The announcement, which indicates a friendly divorcement of the Canadian Studebaker Organization from the Studebaker Corporation of America, was issued by A. R. Erskine, president of both industrials.

The new Studebaker organization will be directed by D. R. Grossman, formerly sales manager for Studebaker in the Dominion. Mr. Grossman's title will be vice-president and general manager. Having been associated with Studebaker in Canada for the past six years, Mr. Grossman is well known to the Dominion's automotive leaders.

"The motive behind the reorganization is to be found in our desire to build Canadian Automobiles for Canadians," says the statement. "The Studebaker Corporation of Canada, Ltd., is Canadian. We will use more and more of Canada's great supplies of raw materials. Not only will our consumption of these commodities be increased, but new commodities will be added to our purchasing agent's order lists.

"We want to build automobiles for Canada and we want Canadians to approve of them. It is felt that the time has come to go ahead and no time will be lost in increasing the number of cars actually built in Canada. We hope to secure greater efficiency than has been possible in the past, which will result in greater automobile values for Canadian purchasers.

"Continuing the precedent already established, the personnel of the Canadian organization will be almost exclusively Canadian. In addition, present plans contemplate that advertising and printed matter shall be prepared in Canada, and, in short, a large percentage of every dollar spent in connection with the Canadian business shall be paid to Canadian individuals and Canadian firms.

"The new arrangement will mean a gradual increase in the number of employees at the Walkerville plant. Branches are now maintained at Montreal and Calgary. These will also be greatly increased.

"This move is a result of Studebaker's faith in Canada," said Mr. Grossmon recently. "We believe there will be wonderful developments in this country and through this expansion program, we will naturally become a part of those developments."

New Studebaker Organization

D. R. Grossman, vice-president and general manager.

Farmers' Marketing Tour

Canadian National Railways' Tour To Great Britain and Denmark, 1928

(Continued)

It was just a step to Canada House and a reception by the Hon. Peter Larkin, High Commissioner for Canada. We were all impressed by the appearance of Canada's headquarters in Great Britain. Overlooking Trafalgar Square, Canada House occupies one of the most commanding sites in London, and does honor to our Dominion. There was no formality, no speeches, just a friendly handshake and a few words for all in the private room of the high commissioner.

Now came the event of the day, the reception at St. James'. It was not without awe that we entered this simple stately palace of red brick after passing its castellated gateway guarded by sentries wearing the famous busby. This palace which we Canadian farmers were entering had been the home of Charles the First, and is today the scene of Levees and Privy Councils. We mounted the beautiful stairway to the Entree Room. A short wait and the Prince was in the Audience Chamber ready to meet us. The door opened. There was His Royal Highness, not seated but standing at the entrance with a smile of welcome. We were introduced by Mr. Groff who performed a feat of memory by remembering all our names.

The Prince had a handshake, a smile and a few words of greeting for every member of the party, but his friends and neighbors from Alberta were specially honored. Mr. William Sharpe, who once played the pipes at a party on the Prince's ranch, was at once recognized by His Royal Highness, who asked Mr. Sharpe if he had brought his kilt. The Prince asked Mr. C. H. Marshall how their mutual friend 7U Brown was getting on, and Mr. P. J. Tooley, of the Peace River, was questioned about Peace River problems and the probability of railway connection with the Pacific Coast. The interest of the Prince in Canada was spontaneous and real, and we were delighted with his evident regard for our great Dominion.

After the reception we were shown through the Armoury, Queen Anne's Drawing Room, the Tapestry Room, the Throne Room, and the Picture Gallery, with its Royal portraits dominated by the paintings of King Henry the Eighth at one end of the room, and Queen Victoria at the other.

Our next appointment was at Harrod's great stores where we were entertained by Sir Woodman Burbidge, head of this great firm, to lunch, afterwards visiting the Provision Shop and some of the factories of this great establishment. Harrod's is perhaps the finest department store in London and its provision shop is a model for such establishments. Canadian products have a prominent place in it.

Our official day concluded with a visit to the London Headquarters of the Danish Bacon and Co-operative Trading Company through which passes a large part of the Danish bacon supplied to the British market. In a single fortnight as many as 400,000 sides have been received and distributed from this one plant. Besides acting as a distributing centre the company operates thirty smokehouses. It was interesting to learn that a thick pitch-like substance which encrusts the walls, the result of many years' deposit, imparts to the bacon much of its aroma and flavor. The deposit is caused by the volatile oils which bacon sides exude while curing.

Non-resinous wood is used in the smoking process. Shrinkage during the curing process is approximately 7 per cent.

Every bacon side bears several stamps which permits the Danish Bacon Co. to trace the origin and date of killing of every piece of meat that reaches its establishment and obviates any possibility of bacon being distributed which may have been held up over long at the producing point, or shipped too soon to take advantage of satisfactory conditions. The sides are graded by experienced men who, through long association with the British market, know accurately the requirements of each of the customers of the Trading Company.

The British custom of serving 4-o'clock tea in business offices is fast "taking on" in Canada. Many Canadian, as well as British-born, executives now order Red Rose Tea for their office staffs, because it is the same quality as the finest English teas. Sold by all grocers, in bright, clean aluminum.

HAROLD C. SHIPMAN & CO.
INTERNATIONAL PATENT SOLICITORS
74 Metcalfe St. Ottawa, Canada

The Danish Bacon Co-operative Trading Company is an example of a combined producer-consumer co-operative organization. Half of the capital stock is in the hands of 10,000 retailers, large and small, scattered throughout the British Isles, the other half is owned by 17 Danish Bacon Factories which supply the carcases. Such an organization, bringing together as it does, a single distributing body, the producers and consumers of a given commodity, lends to the Company great internal strength.

The Company in London undertakes to accept all suitable bacon as it is shipped from the 17 factories in Denmark, and it is its proud boast that it has never refused to handle all supplies shipped to it regardless of the condition of the market.

(To Be Continued.)

WORLD HAPPENINGS BRIEFLY TOLD

Miss Eleanor Lodge, a sister of Sir Oliver Lodge, noted scientist, is the first woman to receive the degree of doctor of literature from the Oxford University. She is 59 years of age and a well known historian.

An air mail service between Montreal and Albany, N.Y., will probably be established in the near future, according to an announcement made in the House of Commons by Hon. P. J. Venoit, Postmaster-General. He thought that the contract would be let within a short time.

Captain Darbos, who flew the first French airplane on the war front which was equipped with a machine gun and to whose experiments the adoption of machine guns in war aviation was in a large measure due, was killed in a crash near Oran in Africa.

Corns are caused by the pressure of tight boots, but no one need be troubled with them long when so simple a remedy as Holloway's Corn Remover is available.

Each automobile worker produces more than three times as much now as he did before the war.

For Rheumatism use Minard's Liniment.

A promise is but a small outlay from which large returns are expected.

SUNDAY SCHOOL LESSON

JESUS THE SAVIOUR

Golden Text: "Choose you this day whom ye will serve.—Joshua 24.15.

Devotional Reading: Zephaniah 3.14-17.

A Review By Means Of Allusions

Not always on the mount may we
Rapt in the heavenly vision be;
The mount for vision—but below
The paths of daily duty go.
—F. L. Hosmer.

Render to all what is due them, whether you agree with them wholly or not. Give to secular authorities the obedience which their office requires. —Dean Stanley.

Sometimes the man has been vouchsafed a vision, but he has lost himself in its contemplation. It is as if he had tarried in the mount and had never returned.—George Wharton Pepper.

Everything in Palestine which can be walled in and roofed over is shut away from the sun and the stars, and generally with a stall for traffic in photographs, picture postal cards, and souvenirs. The money-changers have got back into the temple again. —Gaius Glenn Atkins.

"In memory of the Saviour's love
We keep the sacred feast,
Where every humble, contrite heart
Is made a welcome guest."

We see Thee lifted up as a sign drawing all men unto that hapless hill with the resistless power of Love Divine.—Martha Foote Crow.

"The Missionary Union of America once prepared spices and oils for the embalming of the work in Telugu, but where they prophesied death, there has been abundant life, and the joy of their disappointed belief has filled all Christendom."

There is a sighing in the pallid sprays
Of these old olives, as if they kept
Their pitying watch, in Nature's faithful ways,
As on that night when the disciples slept.—Katherine Lee Bates.

A photographer makes his sensitive plate, exposes it to just the ray or light that he chooses, dips it into the proper solutions, and holds it up to the light to see if his picture is there. What else did this Great Teacher do on that day but hold up those souls to the light to find out if the reflection of the Son of God were fastened there?—J. M. Stifler.

Improved Guide For Airmen

New Radio Beacon Will Chart Course For Trans-Ocean Fliers

Trans-ocean fliers of the future, will be able to fly a course definitely charted by means of an improved type of radio beacon which has an absolutely fixed wave length, it has been announced at the Radio Aircraft laboratory at Dayton, Ohio.

Captain Paul S. Edwards, Signal Corps, U.S. Army, in charge of the laboratory said:

"The signal corps here have made improvements in beacons which increase its efficiency 100 per cent. over the old type.

After 10 Years Of Asthma Dr. J. D. Kellogg's Asthma Remedy proved the only relief for one grateful user, and this is but one case among many. Little wonder that it has now become the one recognized remedy on the market. It has earned its fame by its never failing effectiveness. It is earning it today, as it has done for years. It is the greatest asthma specific within the reach of suffering humanity.

Friendship and confidence are plants of slow growth.

GOOD ADVICE FROM MOTHER OF SEVEN

Recommends Lydia E. Pinkham's Vegetable Compound

Toronto, Ont.—"I began taking Vegetable Compound for nerves and other troubles and I must say I felt different after the first dose. I have been told this last six months that I look twenty-five, although I am now forty-seven and have had seven children. I have taken the Vegetable Compound regularly for some time and sleep well, rise early and feel young." Mrs. McKee, 18 Laurier Ave., Toronto, Ontario.

GREAT PRAISE FOR BABY'S OWN TABLETS

The Dr. Williams' Medicine Co. have received the following letter from Mrs. Griffith, of 21 Merchison Ave., East Hamilton, Ont., concerning her experience with Baby's Own Tablets:

Dear Sirs,—I wish to thank you for the handy little booklet you sent me on the Care of Children. My baby boy was six weeks old when I first used Baby's Own Tablets, being new to Canada, but since the first proof of their many uses in bringing up a family, I have never been without them, for they are worth their weight in gold. There is no trouble in getting the little ones to take them and they often prevent an illness if taken in time. My first baby is now, at the age of four and a half years, a picture of health, and my nine-months-old baby is also well and happy. They are both a real good sample of what Baby's Own Tablets can do, for I have never yet needed a doctor for either of them."

The booklet to which Mrs. Griffith refers is entitled "Care Of the Baby," and treats with what a mother ought to know for baby's sake. A copy of the booklet will be sent free to anyone requesting same from The Dr. Williams' Medicine Co., Brockville, Ont.

Toronto is to have a corn-borer inspector, but what is really needed is an official to get after folks who borer books and never return them.

Some women wear gloves most of the time and others have diamond rings.

ITCHY PIMPLES AFFECTED FACE
Also On Neck and Body. Healed by Cuticura.
"Eczema broke out in pimples and affected my face, neck and body. It itched and burned so that I was all the time scratching. My face was disfigured, and my clothing used to rub against the breaking out on my body and aggravate it. I could not get any sleep on account of it. The trouble lasted a couple of months.
"I began using Cuticura Soap and Ointment and they afforded relief in about a week. I continued using them and in three weeks I was completely healed." (Signed) Miss Rosie Whitman, Beaver Harbor, N. S.
Rely on Cuticura Soap and Ointment to keep your skin clear.
Sample Each Free by Mail. Address, Canadian Depot: "Stenhouse, Ltd., Montreal." Price, Soap 25c. Ointment 25 and 50c. Talcum 25c.
Cuticura Shaving Stick 25c.

CHAPTER XXVI.—Continued.

Mrs. Kalinski looked very smart in her black satin tea-gown and gold embroidery that her Isadore had brought from the store. She took her neighbour into her confidence. "No matter what I could say, mind you! The woman said she paid seventy dollars for it once, and Isy got it for fifteen. She wanted thirty, but Isy told her it was the worst thing to sell. Who was wearing tea-gowns now?—they was out of date like leg o' mutton sleeves. And all the time Isy was thinking of me. I had a red cashmere one with Watteau pleats when our Rachel was comin', and his papa says little Isaac will be served as good, even if it did cost fifteen dollars and could be sold for thirty easy. He's that good a man, and spares no expense in reason."

Mrs. Corbett brought the tea from the kitchen and filled the cups. "You and me are lucky women," she said, "to have two good men like we have. Ain't some of them the easy goin' divils, though? I don't know what to think of Helmi's man, though she sticks up for him and is afraid he's been lost in a storm or drowned in a river. Poor girl,—it's a shame to see her havin' to work in a Chinks, but what could the poor girl do? Not one of these dainty ladies would have her, they all had some reason."

"If she were just a Hebrew girl, now," said Mrs. Kalinski, "one could go to the Hebrew Association of Women and they would find a place for her. We would not have any nice white girls of ours workin' in a Chinese shop and havin' to take lippy talk from every Harry, Tom, Dicken, and maybe worse. Mrs. Sternborg and Mrs. Swartz are grand on that, and good girls they have found for our people."

Mrs. Corbett paused, with her saucer half way to her mouth. "Look at that now! Ain't the Jews wonderful to think of things? We've got grand societies, too, and I never once took thought of them. Sure we've got societies. They're all up to their eyes in pneumonia jackets and many-tailed bandages now, and socks for the soldiers, but they're grand women, too. When I came here first I used to take care of the Club room at the "Y" and I used to see them there millin' round, very civil spoken women, too, and tryin' to make the world better, and God knows it needs it: I'll go to Mrs. Bell, the old lady, and I'm glad you spoke of this, Mrs. Kalinski. Maybe we can get a decent place yet for Helmi, though if she takes the baby away I don't know what I'll do with Rose and Dan."

Mrs. Corbett went that evening, after Helmi had gone eo work, leaving the baby to the watchful care of Rose, who sat in No. 18 to do her lessons.

Mrs. Bell was at home, and would speak of Helmi's case at the meeting of the Lloyd George Chapter the next day.

A week later a new place was found for Helmi. Mrs. Bell said it was an ideal place, and while ten dollars a month was very little, still it was not every place she could have the privilege of keeping her baby, and Mrs. Herriott would be very kind to her. Mrs. Herriott was young and inexperienced, and found her baby a great care. Helmi could mind the two babies and Mrs. Herriott would do the work.

Old Sam was sorry to part with Helmi, and gave her a feather fan. "You come back some day—old Sam be glad. Good girl—cally tray—teachee make chop suey—come back! You come see my girl too, and have chop suey."

Helmi paid her rent at the "North Star," and had three dollars left.

The Herriott home was a six-room bungalow on 127th Street, three blocks from the car line on 124th Street. It was a little house, low-roofed, square, with but little pitch in the roof, and high pillars in front, much too high for the height of the house, giving one the sensation as Helmi thought of seeing a cow getting up hind legs first. Rosie and Danny conducted her to the place, Rosie carrying the baby and Danney helping Helmi with the heavy valise.

"I hope you don't like her," said Rosie, "and then you'll come back. I'll bet her baby cries more than ours, and just when you get little Lili asleep, her kid will wake up whinin'. Well, anyway, Helmi, you can always come back, and we'll manage some way."

Helmi kissed her two good friends at the back door, but Rosie refused to go until she saw if the lady were at home.

"Maybe she's changed her mind," she said speaking from her experience with ladies—"or has got help—or somethin' has happened. You can't depend on these women in the West End. Ain't that right Dan? They don't pay their debts, either, very good. They always say 'Come back again.' Dan collected for a tailor, and he knows. They don't remember anything less than five dollars, and when they're stuck for another excuse they peep out of one of the windows to see who it is, and won't let you in."

Mrs. Herriott was in and had not engaged anyone else, and so the escort had to go home alone, which they did regretfully.

Helmi found the house in a state of siege. Confusion reigned everywhere. The invader slept in a baby carriage which filled the greater part of the living-room, and when he slept all noises were muffled. The grandmother, who had been conscripted into service, padded about in her bedroom slippers. The telephone bell was stuffed with paper. No one was admitted to the house, not even the baker.

There was a little room off the kitchen where Helmi and Lili were to sleep. It had just room enough to take in the rubber-wheeled carriage.

"Oh, I will be so glad to have someone to take this old baby off my hands," said Mrs. Herriott frankly; "he spoiled last summer for me, but I don't mean to let him spoil this one. Isn't a baby awful? I hope yours is good. Anyway, I can get out now, and, believe me, I am going."

Mrs. Herriott, having shaken off family cares, resumed her place in her little world. She curled and played bridge, and went to the matinee with her friends and came home only when everything was over. She was a pretty, plump-faced girl of twenty-three who had the misfortune to be the only child of adoring parents. "Maudie is not fond of work," her mother often said; "but never mind, she'll take to it when she has a house of her own." Young Robert Herriott, who had married her with pomp and circumstance at the First Church believed the same thing.

Maudie had been in a terrible rage about the coming of the baby, but her mother fondly believed she would be attached to it when it came. "They make their own place, babies do," she said. "Maudie will be so fond of it she wouldn't take a million dollars for it when she has had it two days." But Maudie's friends agreed among themselves that they would hate to offer it to her.

The baby was now two months old, and the great fountain of mother love which the baby's grandmother had hoped for was still either non-existent or untouched. "She'll take to it when it gets a little older," she would say. "You'll see, when it gets cute Maudie will take to it."

Helmi knew that cats sometimes refuse their young, but she did not know that it could be true of human beings.

In a week the seige seemed to be lifted. Long lines of washing had been fluttering on the clothes reel; closets were tidied; floors polished, the "old" baby put on a regular way of living. Mrs. Herriott had won the Ladies' Points competition at the rink, and her friends had told her she was looking years younger.

One night, when the Herriotts were going for a drive, Mr. Herriott wanted to take Helmi, too, and her baby. "That girl hasn't been out of the house since she came," he said, "Ask her to come, Maudie."

Maudie laid a well manicured finger on a neatly carmined lip. "Hush, Bob," she said, "don't spoil her, leave well enough alone. Come on, we'll take the Bunnings—they have no kids to want to come. Hurry, Bob!"

Teeth and Health

Issued By The Canadian Dental Hygiene Council and Published By The Saskatchewan Dental Society

TOOTH STRAIGHTENING

Your child has "crooked teeth," and wisely, you are thinking of his future, and are not content to let this condition persist.

Irregular teeth are in a sense, a deformity, and often mar one's natural attractiveness, and indeed, in many instances may also lead to general systemic disturbances.

Now, can anytthing be done by way of correcting this mal-occlusion?

A great deal, especially if treatment is commenced while the child is still young.

Each case, of course, presents its own problems with their special solutions, but in the main, your dentist, or the orthodentist who specializes in this branch of dentistry, will correct this condition by making use of metal bands and bars which your child would need to wear continuously for some little time, the period of wearing being determined by the severity of the case in hand.

But you wonder, perhaps, how a tooth can be moved when fully erupted, encased as it is, in dense and seemingly unyielding bone.

However, it is simply a matter of making use of a natural physiological process whereby bone tissue is resorbed and broken down in advance of a properly applied and peristent force, thus permitting the tooth to move bodily throukh its supporting bony structure.

Then is tooth straigthening a painful process?

Not in the least, where too rapid movement is not attempted.

And when should it be commenced?

Many operators like to take the case in hand while the child still has the temporary set, and generally at about the eighth year, when success is more easily and quickly secured.

Then, of course, where treatment is delayed, the case becomes progressively more difficult of correction because the muscles and tissues are becoming more or less fixed. When early adult life is reached, "tooth straightening" is not advisable except in the very simple cases.

For Frost Bites and Chilblains. — Chilblains come from undue exposure to slush and cold and frost-bite from the icy winds of winter. In the treatment of either an excellent preparation is Dr. Thomas' Eclectric Oil, as it counteracts the inflammation and relieves the pain. The action of the oil is prompt and its application is extremely simple.

Use Planes Like Taxicabs

The airplane is becoming the long-distance taxicab of Alaska. Department of the Interior figures show that Alaska makes more use of aerial transportation in proportion to population than any other section. The territory has forty flying fields.

A reliable antiseptic—Minard's.

Alberta Telephones

An increase of 154 exchange stations and 93 rural stations, or a total of 247 new stations in operation during the month of April, 1928, is reported by the Alberta Department of Telephones.

One of the commonest complaints of infants is worms, and the most effective application for them is Mother Graves' Worm Exterminator.

Travelling at the rate of two miles a minute it would take an aeroplane nearly 35 years to reach Mars.

Minard's Liniment for insect bites.

DIARRHŒA Was So Bad Child Passed Blood

Mrs. Harry Nesbitt, R. R. No. 2, Shannon, N.B., writes:—"Last Fall my little boy took very bad with diarrhœa and before I knew it he was passing blood. I went to our medicine case and gave him a dose of

and a little later gave him another, and half an hour after the second dose he got relief and by the time he had taken six doses he was like a different child."

This wonderful bowel complaint remedy has been on the market for over 80 years; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Little Helps For This Week

"He that hath a pure heart shall receive the blessing from the Lord." —Psalm xxiv. 4, 5.

O God! the pure alone,
E'en in their deep confessing.
Can see Thee as their own,
And find the perfect blessing;
Yet to each waiting soul
Speak in Thy still, small voice,
Till broken love's made whole,
And saddened hearts rejoice.

How does Jesus make men pure? He made Himeslf one with our human nature that He might heal and bless it through its contact with His divinity. He folded it around His eternal presence. He made it His own. He made it a power which could quicken and restore us; and then by the gift of His Spirit He bound us to it, He robed us in it; and henceforth Christian humanity became conscious of a Presence before which the unclean spirit cannot but shrink away.

—Cannon Liddon.

The use of Miller's Worm Powders insures healthy children so far as the ailments attributable to worms are concerned. A high mortality among children is traceable to worms. These sap the strength of infants so that they are unable to maintain the battle for life and succumb to weakness. This preparation gives promise of health and keeps it.

Two French engineers have invented an aerial torpedo for transporting letters and packages at a speed of nearly 300 miles an hour.

Human nature's funny. No sooner does a man "get on his feet" financially than he wants to get off them physically.

Cute in a Baby—Awful at Three —and it's Dangerous

by Ruth Brittain

Thumb sucking does look sweet in a baby, but it is disgusting in the three-year-old and sometimes it hangs on until fifteen or sixteen! The habit may cause an ill-formed mouth or induce adenoids; and it always interferes with digestion. Pinning the sleeve over the hand; attaching mittens, or putting on cardboard cuffs, which prevent bending the arms at the elbows, are some of the ways to stop the habit.

Another bad habit—irregularity in bowel action—is responsible for weak bowels and constipation in babies. Give the tiny bowels an opportunity to act at regular periods each day. If they don't act at first, a little Fletcher's Castoria will soon regulate them. Every mother should keep a bottle of it handy to use in case of colic, cholera, diarrhea, gas on stomach and bowels, constipation, loss of sleep, or when baby is cross and feverish. Its gentle influence over baby's system enables him to get full nourishment from his food, helps him gain, strengthens his bowels.

Castoria is purely vegetable and harmless—the recipe is on the wrapper. Physicians have prescribed it for over 30 years. With each package, you get a valuable book on Motherhood. Look for Chas. H. Fletcher's signature on the wrapper so you'll get the genuine.
