THE CRESTON REVIEW

VOL. XXI. CRESTON, B. C., FRIDAY, MARCH 15, 1929 No. 2

Will Entertain Wynndel Ladies

The March meeting of Creston and District Women's Institute was held on Friday afternoon, with 20 members present. The resolution left over from last meeting regarding communicable diseases anb maternal and infant mortality in child birth, as well as the medical inspection of school children throughout the smaller centres and rural areas of Canada was passed.

A committee of Mrs. Hayden, Mrs. Stevens and Mrs. Chertington was named to arrange for the entertainment of the members of the Wynndel Institute who are to be guests of the Creston Institute at the April meeting A social evening for members and friends to take place some time in March was proposed, and the following committee given charge of arrangements: Miss Violet Morrow, Mrs. W. Truscott, Mrs. Goodwin, Mrs. Hare and Mrs. Hendy.

It was decided that a bulletin board for Institute notices should be placed in a space granted by G. Johnson in front of the butcher shop.

Some suggestions for the improvement of the fall fair were submitted. Among them the following: That there be exhibited an Institute collect- of everything that can be produced in the home or grown in the district. That there be some display of school children's work. That a number of women be anpointed to take charge of the exhibition tables, and that some form of protection be provided for fancy work and cooking to prevent these being handled.

The membership drive has resulted in 16 new members being enrolled. Mrs. Hare's side leading at present. The ten hostesses were Mrs. Telford, Mrs. Allan and Mrs. F. Staples. $2.80 was received at the collection for the Crippled children's Home.

Wynndel

H. Bathie, who has been on the road crew at Boswell for some time past, returned home last week.

Miss Ford of Kitchener was a week end visitor with Wynndel friends.

E. Foxall was here from Nelson to spend the weekend with his family at the ranch.

Mrs. Lunt, who has spent the winter at Vancouve, arrived home on Monday.

John Bathie, who has been working at Skookumchuck, returned home last week for a short stay.

Mrs. Harry Benny of Creston is a visitor with her sister Mrs. Geo. Huscroft.

Rev. A. Garlick will be here for Ang-Church service on Sunday, 17th, at 3 p.m.

The K.K. Klub announce a dance on Easter Monday, April 1st, in old schoolhouse. The club propose a picnic on May 24th.

W.A. carnival fancy dress dance, Saturday, March 16th, in old school house. Five prizes for costumes: Picture, handknit silk sweater, gent's scarf, hand embroidered apron and gent's tie. Further prizes for spot dance and elimination waltz. Fine of 25 cents on those not in costume. Ladies 50 cents, gents 75 cents. Three piece orchestra.

Lister

BIRTH—On March 10th, to Mr. and Mrs. R. T. Millner, a daughter.

A remarkably fine showing has been made at Lister-Huscroft in the canvas for Bible Society funds. The staff of collectors gathered in $19.75.

The travelling between Lister and Creston is so heavy just now that mail carrier Geo. Jacks has had to abandon the truck and use his team.

Jack Gordon was a visitor at Trail last week in quest of work but the spring rush is not due to start for another month, he was advised.

G. K. Dundas, representing the Canadian Goodrich Company, Lethbridge was a business visitor here on Tuesday.

E. J. Malthouse, who has been at Kitchener with his team at logging work for the past two months, arrived home at the end of the week. Jock Duncan is also home again.

The bad travelling on Saturday kept down the attendance at the Community Society bridge whist to six tables, prizes going to Mrs. Malthouse and J. Hewitson. There was a fine supper as usual.

Master David Cowley had the misfortune to have his hand badly gashed on Monday when it got under an axe his brother was using for cutting kindling. He was immediately driven to Creston where Dr. Henderson had to put in seven stitches, and the lad is now doing as well as could be hoped for.

President Sinclair presided at the March meeting of the Lister-Huscroft Farmers Instute which was well attended. The feature of the session was the decision of the Institute to pay a bounty of one cent per tail on every gopher killed by the children of the district. The formation of a pound district was also discussed but no definite action was taken.

Canyon City

Mrs. McRobb returned on Thursday from a visit with her daughter at Kimberly.

John Nygaard and Peter Burns have taken the contract of loading the Tompkins-Scott cut of logs now at the siding and which are going to Rodgers mill at Creston.

Road superintendent A. E. Davies was here at the end of the week on road inspection work and, we understand, has put a stop to the tie haul until the highways have a chance to get back to shape from the spring thaw out.

Mrs. Myles Hurt (nee Cook) was guest of honor at a miscellaneous shower given by the Ladies Aid at the home of Mrs. Wickholm on Wednesday afternoon, when the bride was generously remembered with miscellaneous articles for the new home.

There was quite a good tournout at the Farmers' Institute whist on Saturday night last at which the prizewinners were Miss Muriel Knott and Martin Nelson. Cards were followed by dancing to music furnished by Mrs. Davie, Mrs. Kolthammer and T. R. Mawson of Canyon, whose efforts were supplemented by Miss Eileen Hendy, piano; Chas. Cotterill, saxaphone; Gerald Craige, drums, of the Creston orches-

At the annual meeting of Creston Valley Co-Operative Association last Saturday Hilton Young and Principal Kolthammer were elected to fill two vacancies in the directorate. Canyon now has four of the seven representatives on the board.

Creston Fighters Show at Bonners

Creston furnished three contestants in the three main bouts of the Athletic Club smoker held in the Bonners Ferry theatre on Tuesday, March 12th. J. V. Lockhead, Ted Bush and Dean Peairs were the three local boys who were featured on the Bonners Ferry programme. Harlow, the Nelson heavyweight, handled the boys, and assisted Frank Staples in managing affairs generally.

Jimmy Lockhead was billed to meet Dyer of Sandpoint, but Jimmy's affair got no further than the dressing room. Jimmy looked too promising to suit the ideas of the Bonners Ferry matchmakers, who announced that their man was unable to reach the city on account of bad roads, and presented for the approval of Manager Staples a boy from Spokane who outweighed Jimmy by about 15 pounds. Staples declined the offer with thanks, incidentally mentioning the fact that Lookhead had driven to Bonners over 17 miles of the worst roads in America to meet Dyer. However, Jimmy's friends realize that it is mighty good business for any fighter to avoid Creston's "big little" man, unless they have at least a fair amount of class.

Ted Bush was called upon to tackle a real proposition in Shorty Kruitzman of Sandpoint. Ted handled himself like a veteran; not only showed great improvement in both boxing and punceing but kept his head throughout the four rounds. Bush easily won three of the four rounds, and rightly deserved the decision given in his favor.

Flip Edwards of Spokane was brought in for the purpose of giving Dean Peairs plenty. Judging by local conversation at the ring side a knockout was the objective, but if this was the object in view the bout should have been arranged for sixty rounds instead of six. Edwards, undoubtedly, is fast and but due to the clever defensive work of Dean the atmosphere of the theatre took most of the punishment. Unfortunatley Peairs was satisfied with making the Spokane boy miss, and delayed too long starting in to fight. The result was a decision in favor of Edwards, who undoubtedly did all the work.

The bout was well handled by the Bonners Ferry Athletic Club and every courtesy was shown the visitors. All the local boys report a good time but, "Oh, those roads," and are looking forward to another trip to Bonners Ferry sometime in April.

Alice Siding

Mr. and Mrs. Geo. Nickel are visitors with Spokane friends this week.

Miss Annie Parkin returned at the end of thh week from a trip to Nelson. She is now in charge of one shift at telephone central in town.

Mr. Miller of Wasa is a visitor here this week a guest of Mr. and Mrs. R. Stewart.

Miss Ivan Compton is at present a patient in the Nelson hospital, to which city she was taken on Friday, Mrs. Compton accompanying her. Latest reports are that her condition is very satisfactory.

Mrs. Dick Smith and Mrs. Tom Anderson were the whist club hostesses on Friday night last at the home of Mrs. Pease. The prizewinners were Mrs. Willis and J. Brubacher. Tonight Mrs. Brubacher will be hostess, at the Pease home.

Mrs. Foster, who has been at Wasa for some time past, is here on a visit with her parents, Mr. and Mrs. R. Stewart.

One day last week between 9 a.m. and noon the teacherage was broken into and some money, a few cigars and some biscuits were stolen. As no deaths or serious cases of illness are reported anywhere in the Valley Principal Lukas is rather proud of his baking and will probably have some entries in the cooking class at the 1929 fall fair.

Sirdar

Mr. and Mrs. S. Pascuzzo spent a few days with Nelson friends last week.

Mr. Backus returned on Saturday after spending about ten days in Spokane and other Washington state points.

Miss Hanson returned to Creston on Saturday, after having been at Sirdar for several weeks.

Mrs. Heap was calling on Creston friends, Saturday. Mrs. Dibley was also renewing acquaintances the same day at Creston.

Mrs. Jas. Wilson is at present at Nelson visiting her daughter, Lillian, who has recently undegone an operation for appendicitis, and we are all pleased to hear her recovery is most satisfactoay.

Bert Sang of Cameron & Sang, Cranbrook, was a business visitor here on Thursday last.

Erickson

Mrs. Dodds was a visitor with her daughter, Mrs. Percival, at Yahk for a couple of days last week.

Messrs Sang, Webster and Bradley of Cranbrook, and Mr. Harrison of Nelson were business visitors at Erickson during the week.

R. M. Telford has recently installed the telephone in his resedence here.

E. J. C. Richardson left on Monday to visit friends in Nelson.

Miss Madeline Putnam was hostess to a party of young people at her home on Friday night. Games were in order until supper, and after lunch there were a couple of hours dancing to round off a most enjoyable evening.

S. Garrett, L. Kairs and C. Joseph of Winderme, and E. Potter of Calgary, Alberta, were business callers at Erickson and were registered at Erickson Hotel.

Frank Staples, Frank Botterill, Ray Crisler, Ed. Clark and Perley Putnam were at Bonners Ferry on Tuesday night for the boxing tournament.

H. Clements has been supplying the local demand for new rhubarb since the fore part of the month.

Jas. White of Fernie was here for the weekend on a vasit with his sister, Miss Jessie White, principal of the school.

Mr. and Mrs. Geo. Hobden and Mr. and Mrs. Percy Boffey and children returned on Monday from spending the winter in California.

Frank Staples left on Tuesday on a business trip to Victoria, going via Bonners Ferry, Spokane and Seattle.

Angus Cameron is getting about on crutches at present. He had the bad luck to gash his foot with an axe while at woods work last Friday, and nine stitches were required to bind the wound.

Yahk correspondence Cranbrook Courier: A number of folks motored from Creston on Sunday to play a friendly game of badminton in the O. P.R. Hall. Those motoring from Creston were, Mr. and Mrs. Allan, Mr. and Mrs. Long, Mr. and Mrs. F. Staples, Miss Vera Lister and party. Those playing for Yahk were: Mr. Charles Cooper, Mr. and Mrs. L. P. Williams, Mrs. O. S. Baker, Miss S. Mader and H. Erskine.

"Eyes of Love" Sure to Please

Those in charge of the seat sale for the Community Players, "Eyes of Love," are advising intending patrons to obtain their tickets early, as the seating capacity of the Grand is limited. There will be 40 children's tickets only, and these will be sold at the door. Those who are unable to obtain these will have to buy the ordinary general admission tickets, as the number of children's seats cannot possibly be increased.

The play is to be staged under the expert eye of Frank Staples, is a melodrama especially suited to amateur organizations. It has been staged successfully within the past few month at Vancouver by an amateur theatrical society there.

Gailya Barry, vivacious and pampered child of wealthy parents, is living a sheltered life under the care of Carolina, a negro mammy. Under the same roof are Bert and Reeta Wade, cousins of Mrs. Barry, driven by circumstances to plot against the well-being of Gailya. Royal Manton, to whom Gailya intends to trust her future, accepts without question the mystery of her birth, when the shadows of the bars fall across the household. Jim Rankin, an escaped convict comes out of jail to rave Gailya from an unhappy fate, only to disappear once more from the scene. In the second act appears Pietro, a wandering Italian musician, whose smiling nature seems to drive away the clouds now gathering around the residence of Judge Barry. Then with Pietro's removal clouds become thicker than before, events succeeding each other with startling rapidity. The third act? That would be telling! However, it wouldn't pay to miss the scenes between Clark, the butler, and Lora, the maid (The players have seen them rehearse at least 25 times, and still laugh at them.

Remember, then, the Grand theatre Wednesday, March 20th, at 8.15 sharp. The cast;

Carolina, a negro servant—Miss Jessie White.

Gailya, an adopted daughter—Mrs. Winchcombe.

Reeta, a two-faced friend—Miss Irene Huscroft.

Bert Wade, Reeta's brother—Howard Purchase.

Mrs. Barry, Gailya's foster mother—Mrs. W. J. Craig.

Laura, a lively housemaid—Miss Beth Putnam.

Clark, a busy butler—B. B. Stallwood.

Judge Barry, Gailya's foster father—Franklin Levers.

Royal Manton, Bert's rival—Wally Stubbs.

Jim Rankin, the manacled man—Matt, York.

Canada's Financial Position

The financial position of the Dominion of Canada, as revealed by Hon. J. A. Robb, in the budget presented by him to the House of Commons on March 1, is such as to be the source of great satisfaction to all citizens, because, irrespective of party affiliations, every Canadian is intensely interested in the allied subjects of Dominion finances and taxation.

During the war Canada piled up a huge debt for a nation of less than ten million people. The people assumed the heavy burden without grumbling, knowing it to be absolutely necessary, and a price that must be paid to safeguard the liberties of the world, including their own. As war expenditures enormously increased and the debt piled up, it, of course, became necessary to impose much new and heavier taxation, not only to keep the debt as low as possible, but in order to meet heavy annual interest payments upon that debt.

Even after victory was won it was necessary to still further increase the debt in order to bring our armies home from Europe, re-establish the men in civilian life, and make provision for huge sums to be paid annually in pensions. Therefore, for some years the debt continued to increase and heavy taxation to be imposed. At one time it almost seemed that, instead of the debt being decreased, it would go on increasing from year to year.

Recent budgets have, however, been most encouraging, and none more so than that of March 1, last. After meeting all expenditures on both current and capital account, Canada rejoices in a surplus og $70,000,000, the largest ever recorded since Confederation. And this surplus for 1928-29 follows on the heels of a surplus of $67,000,000 in the preceding year. The net result is that as loans mature the Finance Minister is in the happy position of being able to pay them off in cash and not forced to borrow by refunding loans. In other words, the debt is being steadily, even rapidly, reduced. In the fiscal year now closing, Mr. Robb paid off $53,000,000, and he has cash in hand to pay off another $60,000,000 which falls due next August. Thus in two years $113,000,000 is paid off the national debt, and about $6,000,000 a year saved in interest.

Mr. Robb pointed out that seven years ago, on April 1, 1922, the annual interest charge on the public debt amounted to $133,482,113, whereas on April 1, 1929, the annual charge would be $117,142,100, a decrease or $16,340,012.

This very gratifying reduction has been brought about, not by increasing taxation, but, on the contrary, in the face of a steady lessening of that burden. For example, the sales tax, which a few years ago was six per cent., is now only two per cent.; the rate of postage has been reduced from three to two cents; the size of incomes exempt from taxation has been increased, and the rates payable on others reduced; the stamp taxes on receipts abolished and on cheques largely reduced; numerous reductions in customs tariff schedules have been made, and now taxes on telegrams, cables, insurance policies, railway and steamship tickets are to go.

It is not possible, of course, to remove taxation as rapidly as it was imposed during the war years, but every year sees some advance in the right direction made. And every such reduction has had a beneficial effect on the business of the country with the result that the lower rates have brought in revenues only slightly smaller.

Reduction in taxation has been made possible through three main causes. First, the care exercised by Mr. Robb over all expenditures which he has insisted be kept down to the lowest possible point consistent with efficiency and the expanding needs of the country. Economy has not been enforced to the point where development of the country was checked, but expenditures on non-productive services have been kept to a minimum. Second, whereas in 1920, 1921 and 1922, the Canadian National Railways were operated at a deficit amounting in these three years to no less a sum than $148,000,000, in the year just closed, the C.N.R., not only paid all operating expenses, all interest on bonds and debentures held by the public, but accumulated a cash surplus of $6,000,000. Third, the substantial increase in the trade and commerce of Canada, assisted by reductions in taxation, and the marked development in all branches of industry, has brought larger revenues to the Government.

And the bright, the promising feature of the situation is that all indications point to a continuance of these same favorable conditions throughout the next fiscal year so that the people of Canada can look forward with a large degree of confidence to next year's Budget disclosing another large reduction in the national debt and still further decreases in taxation.

New Land Under Cultivation

Extensive Areas In Western Canada Are Annually Taken Up

Additional extensive areas are annually brought under farm cultivation in Western Canada. Last year it was estimated a total close to 2,500,000 acres of Canadian Government free homestead lands were taken up by settlers in the four Western Provinces; a total of 15,566 homesteads being filed upon, each of 160 acres, compared with 6,357 in 1927.

10,000 Bottles a Day

Every day 10,000 women buy a bottle of Lydia E. Pinkham's Vegetable Compound. They know that there is no better remedy for their troublesome ailments with their accompanying nervousness, backache, headache, "blue" spells, and rundown condition.

Lydia E. Pinkham's Vegetable Compound

There is now one motor vehicle for every 21 of the population of Great Britain.

Mother Graves' Worm Exterminator will drive worms from the system without injury to the child, because its action, while fully effective, is mild.

Without Comment

A California authoress sent a manuscript to Ambrose Bierce, with the request that he gives her "a criticism in one sentence, and drop further comment." Something was heard to drop all up and down the Pacific coast when he replied: "The covers of your book are too far apart."

Not only does the girl in some districts of Indo-China make the proposal, but with her also lies the initiative for divorce.

To Boost Edmonton

New Industrial Association Has Been Organized To Encourage Industries

A new association has been formed in Edmonton under the name of the Edmonton Industrial Association, of which J. B. Starky, of the Penn Mine, is president, and W. R. Howson, local barrister, vice-president. The association gave a get-together dinner recently, which was attended by 150 business men. The object of the organization is to patronize Edmonton-made goods and to encourage industries in this city.

Sore Corns Drop Off If You USE "Putnam's"

When you notice any sign of callous on the feet or toes—that's the time to paint on a few drops of PUTNAM'S CORN EXTRACTOR. Do this, and you prevent corns. No matter if the corn is hard or soft. Let it be on top or between the toes, Putnam's will remove it without pain. Insist on PUTNAM'S CORN EXTRACTOR. It does the work—and roots out the corn, quickly and without pain.

Predicts Library Of Aerial Photographs

May Be Created Within Ten Years Says J. W. Pierce

The creation of a library of one million aerial photographs within the next 10 years to constitute a reference inventory of Canada's natural resources was predicted by President J. W. Pierce, D.L.S., at the annual convention of Dominion Land Surveyors at Ottawa when he said that already 250,000 aerial photographs covering areas from coast to coast had been assembled and placed in use for this purpose under the Topographical Survey of Canada, Department of the Interior.

ABOUT YOUR NERVES

Headaches and Other Troubles Follow When the Nerves Give Way

Nerves are delicate fibres running from the brain to all parts of the body. Some of them give us the sense of touch and feeling; others convey the will to our muscles and enable us to move. When we have an "attack of nerves" it means that the body is in some way out of order and the nerves have become oversensitive so that we get neuralgia, nervous headache, sciatica, or some other nerve trouble. Sometimes the nerves get too weak to do the will of the brain, and we get trembling hands or limbs, or perhaps St. Vitus dance. The whole nervous system is fed and kept healthy by your blood. If that is thin and poor nervous weakness follows. In that case a tonic is needed to build up the blood, so that it may in turn feed the nerves, spine and brain. The very best medicine for enriching the blood is Dr. Williams' Pink Pills. You cannot take them without feeling the uplift they give. Your appetite improves, your brain is clearer, you feel full of new life. One sufferer, Miss Margaret R. MacDonald, Catalone Road, N.S., tells what this medicine did for her. She says:—"I suffered for a long time from severe headache and nervous exhaustion. I tried several kinds of medicine but got no relief until I used Dr. Williams' Pink Pills, and these, before long, gave me complete relief. From my own experience I feel that I cannot praise Dr. Williams' Pink Pills too highly, and would advise anyone who is suffering from headaches or nervous exhaustion, to give them a fair trial, as I feel sure the results cannot be anything but satisfactory."

Take these pills as a tonic if you are not in the best physical condition and cultivate a resistance that will keep you well and strong. You can get these pills through any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

George Washington's second inaugural address contained 134 words, and is regarded as the shortest in the history of such occasions in the United States.

COUGHS

are Nature's signals warning that resistance is broken and the body undernourished.

Scott's Emulsion

is a blessing to all who need strength. It helps keep the body vigorous and healthful. Try it!

Has Met With Success

Marshall Stillman Movement In States Helps Discharged Convicts To Reform

Possibly few persons could say offhand what the Marshall Stillman Movement is, and yet it is grappling with, and greatly aiding in the solution of, one of the most pressing social problems in the United States, that of taking care of the convict on his discharge. It strives to catch the former convict just as he leaves prison in a mood of uprightness and to give that mood an opportunity to express itself. Its "clubs" have figured as perhaps the most important feature of its work until recently, but during the last year the question of jobs for its wards has been answered more successfully than ever before by the establishment of enterprises where former convicts alone are employed. The plan has succeeded beyond expectation, and to date, has to its credit a 100 per cent. record of achievement; that is, there have been no backsliders.

Society has in the past been responsible for many first-time offenders becoming habitual criminals. This movement is an effort to enable men who earnestly desire to do so, really to straighten out. — Chicago Science Monitor.

YOU CAN'T DYE with Good Intentions

You can get results—after a fashion—with any old dye; but to do work you are proud of takes real anilines That's why we put them in Diamond Dyes. They contain from three to five times more than other dyes on the market! Cost more to make? Surely. But you get them for the same price as other dyes.

Next time you want to dye, try them. See how easy it is to use them. Then compare the results. Note the absence of that re-dyed look; of streaking or spotting. See that they take none of the life out of the cloth. Observe how the colors keep their brilliance through wear and washing. Your dealer will refund your money if you don't agree Diamond Dyes are better dyes.

The white package of Diamond Dyes is the original "all-purpose" dye for any and every kind of material. It will dye or *tint* silk, wool, cotton, linen, rayon or any mixture of materials. The *blue package* is a special dye, for silk or wool only. With it you can dye your valuable articles of silk or wool with results equal to the finest professional work. Remember this when you buy. The *blue package* dyes silk or wool only. The *white package* will dye every kind of goods, including silk and wool. Your dealer has both packages.

RESOLUTION ON RESOURCES IS FINALLY ADOPTED

Ottawa.—After a stormy career, the Woodsworth resolution on natural resources, in amended form, finally passed the House of Commons. Debate on the resolution and on the numerous amendments which followed its introduction, has held up consideration of the budget for several days.

The resolution finally emerged, after the buffeting which it has received, in a very different form from that which its mover intended. As originally drafted and presented to the House by J. S. Woodsworth, Labor member for Winnipeg North Centre, it set forth "that in the opinion of this House, no disposition of the natural resources, under the control of the federal government, shall be effective until ratified by Parliament."

The resolution as approved by Parliament, reads as follows:

"That, in the opinion of this House, no further disposition of water powers under the control of the federal government in the provinces of Manitoba, Saskatchewan and Alberta, shall be made under the Dominion Water Powers Act, but the said water powers shall be administered by the respective provinces under powers to be granted by this Parliament similar to the powers granted to the province of British Columbia to administer the water powers in the railway belt, as set forth in the railway belt water act of 1912."

Master Mariner Dies

Captain William Sanderson Came To Vancouver In the Eighties

Vancouver. — Death of Captain William Sanderson, pioneer Canadian Pacific Railway Company master mariner, has broken a link between the present and an earlier shipping era on the Pacific Coast. Captain Sanderson, for whom funeral services were held in Vancouver, was a native of Liverpool, and came to Vancouver in the 80's, a boatswain of the old "Empress of India" on the liner's maiden voyage. He remained in the employ of the Canadian Pacific here until his retirement some years ago.

A Record Production

Ottawa, Ont.—Mineral production in Canada reached a net record in 1928 with a total of $273,446,864. This surpasses the 1927 figures by $26,090,169 or 10.5 per cent. Advances were general in all fields; metals, non-metals, fuels and structural materials. Figures were made available at the Dominion bureau of statistics.

Did Not Finish Sentence

Belfast.—Eamonn de Valera, Irish Republican chieftain, was released from jail four days before finishing a 30-day sentence he had been serving for illegally entering Ulster territory.

INTESTINAL flu, high blood pressure, nervous disorders—how careful one must be to avoid these dangerous ailments at this time of the year.

Keep the system clear of poisons and impurities. Tone up the liver, prevent bile stagnation and intestinal lethargy. Let Marlatt's help you as it helps thousands every year to ward off illness and disease.

Hoover Is Starting Prohibition Drive

New President Plans To Clean Up National Capital

Toronto.—A special despatch to the Mail and Empire, from Washington, says:

"President Hoover will begin his prohibition enforcement drive in Washington. He will confer at an early date with the commissioners of the district of Columbia and urge them to clean up the national capital. Another step will be to appeal to all public officials to refrain from patronizing boot leggers and drinking. His drive here may result in stopping many hosts and hostesses from serving drinks at dinners attended by public men and women.

"During the Coolidge regime Washington entertainers gradually curtailed use of strong drink at parties, but Mr. Hoover will further discourage the custom."

Opposes Intervention

Premier Baldwin Against Direct Governmental Intervention In Mining Industry

London, England.—Direct governmental intervention in the mining industry would not be advantageous, Premier Baldwin told a deputation from the Miners' Federation, according to the joint report of the proceedings at the meeting recently issued. Mr. Baldwin expressed the opinion that amalgamations and other forms of re-organization in the industry were progressing satisfactorily.

The most urgent matter requiring attention, he said, was the transference of the surplus miners to other industries. He appealed for the co-operation of the Miners' Federation with the government schemes in this matter.

Wins Dog Derby

St. Goddard First To Cross Line In Northern Manitoba Classic

The Pas, Man.—In the most sensational finish ever witnessed in any dog derby, Emile St. Goddard, youthful "musher" of international fame, finished in the renewal of The Pas dog derby association 200-mile nonstop derby.

St. Goddard reached the finishing line on the Saskatchewan river at 11.09 p.m. His time for the 200-mile course to Flin Flon and return was 36 hours 59 minutes.

Earl Brydges, another local entrant, finished second, only three minutes behind the famous St. Goddard, after fighting an uphill battle during the early hours of the night.

Attempt To Salvage Plane

Copenhagen.—Four members of the Hobbs' expedition in Greenland, have left Mount Evans, Greenland, on an attempt to salvage the aeroplane of Bert Hassel and Parker Cramer. The 'plane came down last summer 12 days' walking distance from Mount Evans, where the Hobbs' expedition is wintering. Word of the salvage attempt was radioed to the newspaper Ekstrabladet.

Accepts Radio Agreement

Ottawa.—Word has been received by Alex Johnston, deputy minister of marine, that Newfoundland has accepted the radio agreement concluded by Canada, the United States, Newfoundland and Cuba, covering the short waves. Cuba and Mexico have yet to be heard from.

Ex-President Will Write

New York.—Curiosity as to what Calvin Coolidge would do on returning to private life was at least partially satisfied by announcements that contributions from his pen would appear in two magazines.

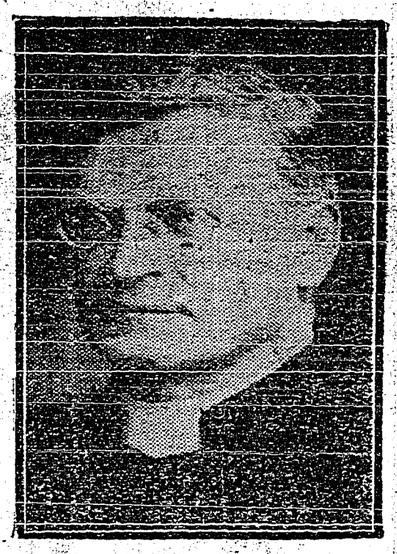
Celebrates Birthday

Toronto.—Toronto celebrated its 95th birthday March 6, having been incorporated as a city by act of the legislature, which received royal assent March 6, 1834. In 1834, Toronto had a population of 9,254.

Appeal Is Dismissed

Toronto.—The appeal of Arvo Vaaro, editor of Vapaus, Finnish newspaper published at Sudbury, Ont., from a conviction in that city on a charge of publishing seditious libel, was dismissed in second divisional court.

RECEIVES CONGRATULATIONS



Dr. Donald MacGillivray, pioneer missionary in China, who is receiving congratulations on the fortieth anniversary of his entrance into the Chinese mission fields.

To Ban Poison Gas

Germany Prepared To Sign Agreement Prohibiting Use Of Gas In Warfare

Geneva.—Germany, which introduced the horrors of poison gas on a large scale during the world war, has announced to the world that she is prepared to sign a protocol prohibiting the use of asphyxiating gas in warfare.

The announcement by Dr. Gustav Stresemann, German foreign minister, sent the regular March session of the League of Nations council off to an auspicious start in its efforts for world peace.

Stresemann said Germany would ratify the protocol shortly. August Zaleski, Polish foreign minister, announced that Poland also would ratify the protocol.

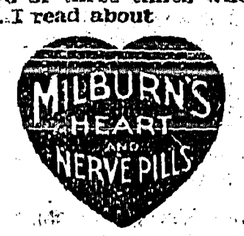
New Scholarships Offered

Acceptance To Be Considered By University Of B.C.

Vancouver.—A $1,000 scholarship in economics, effective for three years, with a free study trip to the Orient, will be possible for students at the University of British Columbia, through an offer by H. R. MacMillan, Vancouver exporter. The offer will be considered by the board of governors of the University shortly. By means of the scholarship Mr. MacMillan hopes to promote the study of Oriental trade and business conditions on the Pacific.

Going Upstairs Had to Sit Down Breath So Short

Mrs. H. Brousseau, Magog, Que., writes:—"For many years I suffered with shortness of breath; then four years ago I had palpitation of the heart, and was so bad I had to sit down two or three times when going upstairs. I read about



so I got a box, and in no time I felt better, so I took three boxes more and I have never had shortness of breath since."

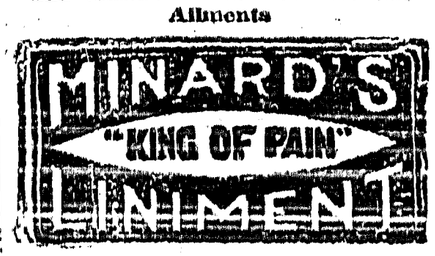
Price 50c. a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

Ice-Bound In Baltic Sea

Copenhagen.—Christian X., King of Denmark, Queen Alexandrine and Prince Knud, arrived here after spending the night aboard a ferry ice-bound in the Baltic Sea. The ship took twelve hours to make what ordinarily is a two-hour voyage from Warnemuende to Gjedser.

For Influenza

The Liniment That Relieves All Ailments



Compulsory Voting Law Is Considered

Workings Of Australian Law Being Studied By Committee

Ottawa.—Compulsory voting has been under consideration by the special committee of the House of Commons which is dealing with amendments to the Dominion Elections Act and the Corrupt Practices Act. No decision as to the principle involved will be made until sections are drafted suitable to Canadian conditions.

Dr. T. E. Kaiser, Conservative, Ontario, read to the committee the sections of the Australian act which he said was working satisfactorily. In the last election in that country 91 per cent. of voters on the lists had attended the polls as compared with 78 per cent. in the previous election. With the assistance of W. A. Boys, Conservative, Simcoe North, Dr. Kaiser is to draft sections suitable for inclusion in the Dominion Elections Act.

The Australian Act provides a penalty of £2 for failure to vote, if no reasonable excuse can be given for such failure.

Question Validity Of Pension Law

Quebec Opinion Considers Federal Pensions Act Ultra Vires

Quebec.—Legal opinions furnished to the premier of Quebec as to the federal old age pension law raised the constitutional question as to whether or not the Dominion government has power to use its monies to pay to the provinces a part of the cost of such a scheme as the old age pension law.

This is the information which Premier Taschereau gave to the Quebec legislative assembly when debate was resumed on a motion for production of documents relating to the pensions scheme.

Mr. Taschereau has consulted three constitutional authorities in the matter, Eugene Lafleur, K.C., Aimee Geoffrion, K.C., and Louis St. Laurent, K.C. Mr. St. Laurent gave it as a definite opinion that the federal law is ultra vires, the premier said.

Farm Loans For B.C.

Loans May Be Made Available For Agriculture By First Of May

Victoria.—Farmer loans should be available to British Columbia agriculturists by May 1, according to an announcement given out here by Dr. J. D. MacLean, chairman of the Canadian Farm Loan Board.

The chairman of the board stated that nominations for places on the provincial loan board had been made by the provincial government and will be considered by him and his colleagues immediately. The names of the provincial nominees were not revealed.

Would Retain Dole

London, England.—First reading has been given in the House of Commons to a bill which makes migrants from Britain still entitled to unemployment insurance benefits. The bill provides that a migrant who goes overseas but remains within the Empire, should receive unemployment pay for a period up to two years.

Wants Churchill Site

Winnipeg ,Man.—The Manitoba government has opened negotiations with Ottawa for taking over the Churchill townsite. Hon. D. G. McKenzie has left for the capital to talk over the question with officials there. He will also visit Toronto to discuss rural hydro electric rates with officers of the Ontario hydro system.

Killed By Avalanche

Erivan, Russia.—Thirteen persons were killed and many injured in an avalanche in the Armenian village of Zanglur, advices received here recently stated. Several houses were destroyed by the avalanche, which was reported due to heavy snowstorms in the region.

Cement Prices Reduced

Winnipeg.—A reduction in the price of cement of ten to fifteen cents throughout the prairie provinces, is announced by the Canada Cement Company.

EARLY END OF MEXICAN REVOLT IS PREDICTED

Mexico City.—A speedy end of the rebellion against the administration of Provisional President Portes Gil was predicted in an official government bulletin recently.

The bulletin said that General Jesus M. Aguirre, leader of the revolt at Vera Cruz, had been deserted by most of his soldiers, who had returned to the support of the government and were fighting their former leader.

Announcement also was made that the federals had re-captured Monterey, the strategic centre in Neuvo Leon, had taken Cordova, in the State of Vera Cruz, and would in a few days be in full possession of the gulf port of that name.

Washington.—The Mexican government situation is causing more anxiety in Washington than anything else since the Nicaraguan revolt. Men in high government and senate circles state frankly that the revolt has a very good chance of overthrowing the Mexican government.

This might result in the United States having to undertake another expedition with marines into a Latin country. The Nicaraguan experiment proved so unpopular with the average American that the government is not anxious to repeat it. But the protection of American nationals and their property in Mexico will be the first consideration.

Seek Potash Deposits In British Columbia

Prospectors Being Encouraged By Smelter Company At Trail

Victoria.—The Consolidated Mining and Smelting Company which wants potash for its new fertilizer industry on which it is entering on a large scale at Trail, B.C., announced measures here for the encouragement of prospectors in the unearthing of potash deposits believed to exist in British Columbia.

The Consolidated will make a free analysis of samples for prospects and to aid in the identification of samples, deposits are being placed on display here and in Vancouver. A booklet on potash and its occurrence will also be sent from Trail to anyone desiring it.

Radio Helped Unemployed

Berlin.—The first German attempt to get employers and unemployed together by radio succeeded beyond hopes of those fostering it. The municipal employment offices had more jobs than men. In answer to appeal over government radio station for workers, several thousand jobs were filled.

Huge Seizure Of Narcotics

New York.—Narcotics worth $1,000,000 at the price addicts pay, were seized as they were being shipped by express to distributors of the underground drug trade in the south and west. Four men, one of them said to be a professional bodyguard to gangsters, were arrested and held in high bail.

Mrs. Sam Speers Tells How Cuticura Healed Her Baby

"When baby was three days old he started to break out with eczema. It began with very small pimples which later festered and broke and then scaled over. When he was twelve days old he was almost entirely covered with eruptions. The affected parts seemed to itch and burn so that I had to keep mittens on his hands to prevent him scratching his face.

"My mother advised me to try Cuticura Soap and Ointment. He seemed to get relief after the first treatment, and in two months he was completely healed." (Signed) Mrs. Sam Speers, Innisfree, Alberta.

Cuticura Soap, a world-famous aid to beauty, cleanses and purifies the skin and hair, restoring them to their natural, fresh and wholesome beauty. Its daily use maintains them in a delightfully healthy condition.

Soap 25c. Ointment 25 and 50c. Talcum 25c. Sold everywhere. Samples each free. Address Canadian Depot: J. F. Wells Company Limited, Montreal, Canada. Cuticura Shaving Stick 25c.

Bridge Concludes Curling Season

Creston Curling Club wound up the 1929 season in impressive fashion on Thursday night with a bridge whist and presentation of the cups and other prizes won during the winter. The affair was staged in the Parish Hall and taxed the capacity of the building to the utmost to accomodate the 25 tables of card players and some spectators.

At cards the prize scores were made by Mrs. R. Stevens, Mrs. F.C. Rodgers and P. W. Willis (Cranbrook) and J. Oakley, who were remembered with handsom prizes. Wives of the members of the club executive served a splendid supper.

President W. Fraser and secretary M. R. Joyce spoke briefly on the successful season's operations and thanked those present for turning out and helping the club to close its year with a satisfactory balance.

The Dr. Henderson cup, for annual competition cetween rinks representing the Presidedt and Vice-President, was won by the latter and was handed over to M. J. Boyd. The presentation was made in felictious terms by C. F. Hayes and in reply Mr. Boyd passed along full credit to skips M.J.Beninger, Matt. York, C. Hamilton, C. H. Hare and T. W. Bundy, all of whose rinks had helped in rolling up a total of 316 points to score a win over the rinks playing under the banner of President Fraser who, with his helpers, amassed a total of 299 points.

C. W. Allan was in rare form in awarding the grand challeng cup presehted by W. Fraser, and which was won by the T. W. Bundy rink, and along with which went four smaller silver cups which become the permanent property of Roy Telford, Ray Crisler and Lewis Littlejohn who complete the Bundy rink. Mr. Bundy was quite modtst in his speech of acceptance and figured that the other members of the winning quartette had played just as many good rocks as himself throughout the season.

Dr. Henderson presented the Imperial Bank cup which was won by the Boyd rink, on which played Victor Mawson, C. F. Hayesand C. B. Twigg. While admitting the players skill the doctor argued the rink's success was more or less directly traceable to the reach and luck of the Irish which was brought to the rink by Mr. Twigg who in his remarks accepting the cnp spoke in the same happy strain.

Four sacks of Robin Hood flour were the consolation prizes in the Imperial Bank cup and these went to the Erank Putnam rink on which played Frank Staples, E. Cartwright and Perley Putnam. Another four sacks of Royal Household flour was the consolation in the grand challenge cup and this was won by the Matt. York rink, and helping him pack off the flour were R. J. Forbes, M. J. Beninger and Geo. H. Kelly. Four sacks of Maple Leaf flour was another prize presented and this was won by the Bundy rink. The flour prizes were presented in humorous fashion by Messrs. Hayes, Allan and Henderson and accepted in similar fashion by Messrs. Frank Staples, York and Bundy for the successful rinks.

For being the most valuable player the past season President Fraser presented skip A. L. Palmer with a pair of rocks and broom. The stones were quarried at the Learmonth gravel pit and guaranteed to take the in or out turn perfectly on any ice. The presentation "rocked" the gathering with langhter, and then the national anthem brought the affair to a very auspicious close.

S. A. SPEERS

Local and Personal

FOR SALE—Cauldron kettle, 40 gallons. Also 2 h.p. spray outfit, with or without engine. P. Boffey, Creston.

Mr. Goodlad of the Dominion fishery department was here last week and brought 20,000 eastern brook trout fry which were placed in Corn Creek. 25,000 of the same species were placed in Meadow Creek at Kitchener the same week.

The next big social attraction is the Rod and Gun Club St. Patrick's dance on Monday night at the Grand theatre ballroom, with Mrs. Lister's orchestra supplying the music. The admission is $1.35 for gents and 85 cents to ladies which includes supper.

Our former townsman, C. G. Bennett is stepping out in all directions in connection with community activities at Fernie. This month he has been re-elected president of the board of trade, and vice president of the golf club, and a director of the Rod and Gun in that town.

The familiar form of Fred Conway for many years steward on the Nasookin on the Kootenay Landing-Nelson run, will be missing in future. He passed away on Friday after a short illness in the hospital in Nelson. At one time the late Mr. Conway was owner of the Heric ranch east of town was known by quite a few here.

The highways committee of the board of trade are going at it in very businesslike fashion to get work started early on surfacing, and widening out narrow places, at the south end of the North and South Highway. On Tuesday a petition signed by every business house in town was forwarded the minister of public works asking for early action in this matter.

There was a large turnout of shareholders for the anuual meeting of the Creston Valley Co-Operative Association on Saturday afternoon at Trinity Church hall, with the president, F. Knott, in the chair. Hilton Young and W. H. Kolthammer were elected directors for a thtee-year term, and with T. Goodwin, E. Haskins, J. M. Craigie, T. R. Mawson and F. Knott complete the 1929 directorate.

A wedding of interest locally was solemnized at Bonners Ferry on Wednesday afternoon when Charlie Botterill and Miss Tillie Nickel, daughter of Mr. and Mrs. Geo. Nickel, were united in marriage Rev. E. R. Henderson. The newlyweds have returned to Creston and are at present occupying the Watson residence on Victoria Avenue and are receiving the congratulations of a host of friends.

Amongst those from Creston who were at the boxing tournament at Bonners Ferry on Tuerday night were Customs officer C. Davis of Pornhill, Major Mallandaine, C. W. Allan, R. J. Forbes, C. Armstrong, R. B. Staples, R. Maxwell, E. Winchcombe, Frank Staples, G. H. Kelly, A. Hurry, Ivan Staples, W. C. Bush, R. Chandler, C. Botterill, Sam Steenstrup, D. P. McDonald, Perley Putnam, Frank Botterill, Ray Crisler, Ed. Clark, Joe Romano, R. Walmsley, O. M. Brown.

Definite announcement has just been made of the sale of the Reclamation farm of 8000 acres on Kootenay Flats by the Alexander interests, the purchasers being Knotenay Power & Development Company Limited, which latter firm now owns the Creston telephone system is at work putting in the transmission line to give an electric light and power service to the village from its plant on Boundary Creek. Arrangements have already been entered into with farmers to put almost half this acreage into crop this year, and this week some of the men who are to operate the land have arrived at Creston to make arrangements to commence operations. With such a light snowfall the past winter with some repairs to the old dyke it would look entirely feasible to put the farm under crop.

NEWS OF KOOTENAYS

Fernie assessment roll court of revision had 131 appeals to consider.

Cranbrook council is continuing its monthly grant of $25 to the public library.

tomatoes at Penticton this year. The venture will mean a payroll of at least $6000.

The Dominion Canners will can Del. Bliss, an oldtime resident of Porthill, is dead.

Even during the very cold weather Penticton was using 200,000 gallons of water daily.

The Herald is of the opinion the severe winter has done little, if any, orchard damage, at Penticton, and is looking for a big crop of stone fruits.

After six years of operations the Fernie Fifteen Hundred Club has only 743 members enrolled.

After being without one for many years the bowling alley has just been opened at Fernie.

The Okanagan Telephone Company paid its shareholders a divident of 8 per cent. this year.

For the first time since the Slocan district was discovered Slocan Lake is this winter frozen over.

Kimberley hears that $25,000 will be available for a new post-office building in that town this year.

The Anglican rector at New Denver complains because his congregation have an unpaid fuel bill of $100.

The council at Cranbrook has just raised the pay of the city superintendent from $200 to $250 per month.

Penticton Co-Operative Growers are starting work at once on a $60,000 pre-cooling and cold storage plant.

S. H. Speers of Enderby, who opened a ladies' wear store at Cranbrook late last fall, has quit business there.

The water supply is so bad at Rossland that the officer of health has issued orders to have all drinking water boiled.

677 pupils are enrolled in the Fernie schools, and at least $65,747 will be required to finance 1929 educational affairs.

Fernie's new assessment roll for 1929 shows an increase in improvement assessments of $305,000. Land values have, however, been reduced $150,000.

Vernon ratepayers are to vote on a by-law to loan $25,000 to Bulman's Limited, for the erection of a cannery and de-hydrating plant in that town.

At Fernie where the assessment values on improvements have been greatly boosted, the council will this year tax them at 40 per cent. of their value instead of 50 per cent. as in the past.

The Nakusp Women's Institute have challenged the men of that town to a debate on "Who has done more for the settlement of Nakusp, the Women's Institute or the Board of Trade."

WATER NOTICE

DIVERSION AND USE

TAKE NOTICE that Arthur Edwin Hurry, whose address is Creston, B.C., will apply for a license to take and use 500 gallons per day for domestic use, and 25 acre feet for irrigation during the year out of English Creek, which flows east and drains into Corn Creek, about 50 yards from N.E. corner of S. half of Block 216, K.V.L. The water will be diverted from the stream at a point about 900 feet from the N.W. corner of S. half of Block 216, in S.W. direction, and will be used for domestic and irrigation purposes upon the land described as S. half of Block 216, K.V. Lands. This notice was posted on the ground on the 18th day of February, 1929. A copy of this notice and an application pursuant thereto and to the Water Act will be filed in the office of the Water Recorder at Nelson, B.C. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

A. E. HURRY, Applicant.

Date of first publication of this notice is February 22, 1929.

BABY'S OWN TABLETS WIN GREAT PRAISE

Many Mothers Always Keep Them In the House

Thousands of mothers state that they know of no other medicine for little ones to equal Baby's Own Tablets—that they always keep the Tablets in the home as a preventive of childhood ailments, or if sickness does suddenly grip their little ones they feel safe with such a remedy at hand.

Concerning the use of the Tablets Mrs. Donat Ploudre, Tingwick, Que., writes:—"I have nothing but praise for Baby's Own Tablets. They are the only medicine I have ever given my two little ones and I am glad to state that the Tablets have always kept them in perfect health. I feel so safe with the Tablets that I always keep a box in the house."

Baby's Own Tablets are a mild but thorough laxative. They regulate the bowels, sweeten the stomach and thus banish constipation and indigestion; break up colds and simple fever and make the cutting of teeth painless. The Tablets are absolutely safe, being guaranteed free from all injurious drugs. They are sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Turkey possesses important forest resources, chiefly in the northern districts of Anatolia.

Are *You* Ready

When *your* Children Cry for It

Baby has little upsets at times. All your care cannot prevent them. But you can be prepared. Then you can do what any experienced nurse would do—what most physicians would tell you to do—give a few drops of plain Castoria. No sooner done than Baby is soothed; relief is just a matter of moments. Yet you have eased your child without use of a single doubtful drug; Castoria is vegetable. So it's safe to use as often as an infant has any little pain you cannot put away. And it's always ready for the crueler pangs of colic, or constipation, or diarrhea; effective, too, for older children. Twenty-five million bottles were bought last year.

Fletcher's CASTORIA

WORLD HAPPENINGS BRIEFLY TOLD

The French Parliament has ratified France's signature to the Kellogg renunciation of war pact by a vote of 570 to 12.

There were 2,300,000 unemployed in Germany on February 15, an increase of 50,000 since the end of January, official figures show.

The year 1928 was a disastrous one for Canadian hail insurance companies, the loss ratio being 100.39 per cent. of the premiums, according to official figures released at Ottawa.

Announcement is made by the Canadian Bank of Commerce that arrangements have been made to open a branch at Fort Churchill, Man., the eventual terminus of the Hudson Bay Railway.

Edmond J. Massicotte, well known Canadian artist, died at his home at Sault Aux Recollets, Que., after a short illness. He was 53 years of age. Massicotte was known chiefly through his pen and ink sketches of Canadian subjects.

A total of $9,814,531.65 was spent in 1928, in grading, track laying, and ballasting on the Canadian National Railway lines according to a report tabled in the House of Commons by Hon Charles Dunning, minister of railways.

Asthma No Longer Dreaded. The dread of renewed attacks from asthma has no hold upon those who have learned to rely upon Dr. J. D. Kellogg's Asthma Remedy. So safe do they feel that complete reliance is placed on this true specific with the certainty that it will always do all that its makers claim. If you have not yet learned how safe you are with this preparation at hand get it today and know for yourself.

One of the world's largest dams has been constructed on the Indus river, in India, for irrigation purposes.

Internal parasites in the shape of worms in the stomach and bowels of children sap their vitality and retard physical development. They keep the child in a constant state of unrest and, if not attended to, endanger life. The child can be spared much suffering and the mother much anxiety by using a reliable worm remedy, such as Miller's Worm Powders, which are sure death to worms.

The Japanese alphabet possesses two sets of characters—katanaka for the use of men, hiranaga for women.

The Oil Of the People.—Many oils have come and gone, but Dr. Thomas' Eclectric Oil continues to maintain its position and increase its sphere of usefulness each year. Its sterling qualities have brought it to the front and kept it there, and it can truly be called the oil of the people. Thousands have benefitted by it and would use no other preparation.

At Broussa a Turkish captain has been sentenced to a year's hard labor for opposing the new alphabet introduced by Mustapha Kemal.

Sores Flee From It.—There are many who have been afflicted with sores and have driven them away with Dr. Thomas' Eclectric Oil. All similarly troubled should lose no time in applying this splendid remedy, as there is nothing like it to be had. It is cheap, but its power is in no way expressed by its low price.

The first patent for the manufacture of wallpaper was taken out in 1692.

Minard's Liniment prevents Flu.

SUNDAY SCHOOL LESSON

MARCH 17

THE CHRISTIAN SABBATH

Golden Text: "For the Son of man is Lord even of the sabbath." —Matthew 12.8.

Lesson: Genesis 2.2, 3; Exodus 20. 8-11; Matthew 12.1-14; 28.1-10; John 20.19; Acts 20.7; Romans 14.4-6; Revelation 1.10.

Devotional Reading: Psalm 92.1-5, 12, 13.

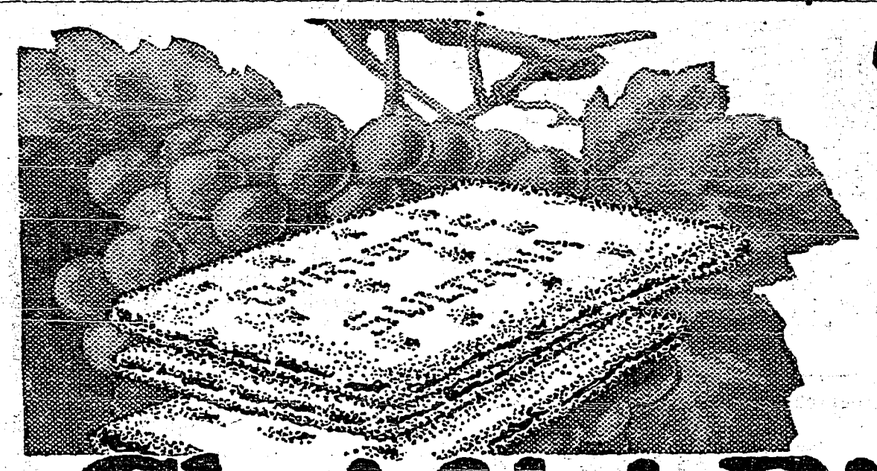
Explanations and Comments

Reverence the Sabbath, Exodus 20. 8-11.—Remember the Sabbath day, to keep it holy: The root meaning of the word rendered "hallowed" in verse 11, is "to separate": the Sabbath day is to be separated from other days by the way it is spent. Six days shalt thou labor, and do all thy work.

There are many persons whose difficulty in keeping this fourth commandment lies right there—they are too lazy to work the six days. The commandment lays stress upon working as well as upon rest. "Every man is as lazy as he dares to be," is an oft repeated saying which is not without some measure of truth. "Life without industry is sin," declares Ruskin. The tragedy of many a life is that time is not felt to be a trust for whose use he must render account. "'Tis the measure of a man—his apprehension of a day."

"You keep the sabbath in imitation of God's rest. Do, by all manner of means, and keep also the rest of the week in imitation of God's work." —Ruskin.

"The setting apart of one day in seven for rest and worship was due, primarily, to the fact that the human machine will run six days with ease and regularity if it can rest on the seventh day, but it will creak and break if it is pushed on through every day alike. The duty of rest is quite as imperative as the necessity of work. The individual or the nation that disregards this law pays the penalty."—Amory H. Bradford.



Christie's Sultanas

Packed full of plump Smyrna Sultanas, *all unbroken*, (a Christie special secret) and retaining the natural flavor of fruit fresh from the sunny vineyards. That's just one reason why Christie's Sultanas are so exceptionally delicious.

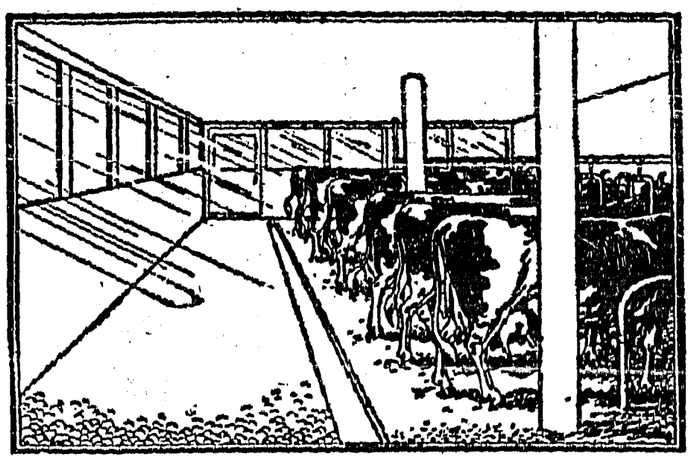
WINDOLITE *The Improved Glass Substitute*

MADE IN ENGLAND



WINDOLITE stands for 100 per cent. sunlight. It makes light but strong windows for cattle sheds, dairy stables, poultry houses, brooders and all out buildings. It is economical, unbreakable, flexible and is easy to cut and fit. It is now being successfully used for sunrooms, verandahs, schools, factories, hospitals, sanitariums, hot beds, plant coverings and greenhouses. It keeps out cold —will not crack or chip,—cuts with an ordinary pair of scissors and is easy to fit. WINDOLITE is supplied in rolls any length but in one width of 36 inches only. A square yard of WINDOLITE weighs about 14 ozs., while a square yard of glass of ordinary thickness, weighs about 135 to 140 ozs. The improved WINDOLITE requires no varnish. WINDOLITE is made in England.

Price $1.50 Per Square Yard, f.o.b., Toronto.

COMES WITH A MESSAGE OF HEALTH

THE sun is the all-powerful life producer, Nature's universal disinfectant and germ destroyer, as well as stimulant and tonic. WINDOLITE is the sun's most important ally.

Medical research has definitely proved that from the point of view of Health and Hygiene, the most effective among the sun's rays are the Ultra-Violet rays, which possess the greatest power for the prevention and cure of disease and debility.

Science has further established that ordinary window glass does not allow the passage of Ultra-Violet rays, so that by using glass we are artificially excluding these vital health-giving rays. Therefore, the invention of WINDOLITE has completely satisfied the long-felt want. Exhaustive experiments have conclusively proved that it is a most effective substitute for glass, that it freely admits the Ultra-Violet rays, and that its use has a most beneficial effect on the growth and development of plants and chickens and on the well-being of cattle, enabled for the first time to have healthy light instead of darkness in their sheds.

Indeed, the discovery of WINDOLITE has during the last six years completely revolutionized gardening, given a new stimulus to poultry breeding, increasing the egg-laying capacity and fertility of chickens, has greatly improved the health of cattle and is now being used in domestic and household requirements.

CHAPTER XVI.—Continued.

Wild berries, dead ripe, hung on lush drooping branches.

A soft "prut-prut-kwit-kwit" came from the leader of a covey of willow grouse that were feeding on the tiny fruit of a crab-apple tree. The call was answered by a shyer note from one of the young birds, who probably was being taught the scale.

The summer had been one of exceptional dryness. For weeks there had been no rain, and a blazing hot sun had poured its fiery rays from a cloudless sky. The heavy mountain dews could not penetrate the close standing timber, and the carpet of needles and moss became dry as tinder. A pall of smoke, from fires raging on the Coast, hung over lake and mountain.

For Wilkinson and his men these were anxious days. They covered the section between the mill and Squamish twice a day; scanning the hillsides and valleys, ever watchful, ever on the alert; pleading and exhorting the settlers and loggers to greater vigilance, and all the while praying fervently for rain.

Donald had posted a notice that any employee found smoking in the woods would be immediately dismissed. Logging creates a vast amount of debris, or "slash," as it is known to the men of the woods. With the assistance of the Forestry men, Donald's crew had piled enormous heaps of slash on the hillside, awaiting a favourable opportunity to burn. These menacing piles of brush, extending along the main road for a quarter of a mile, were a constant source of danger. Every precaution, therefore, was taken. The spaces between the mounds of brush were raked clean, the road was patrolled day and night, and pails filled with water were placed at regular intervals. Special notices stating the great danger of fire, and warning not to smoke in this area, were posted conspicuously on tree and stump.

The mill at Cheakamus had closed. Sparks from the donkey engines had threatened the extinction of both plant and timber.

Donald with Wilkinson stood surveying the piles of dangerous waste. "If a fire starts and we can get to it at once, we will be all O.K." said Wilkinson, "but if it ever gets away from us here," pointing down the road, "no human agency can stop it."

They made the rounds of the patrol to satisfy themselves that the watchmen were attending to their duties. Leaving the main road, they scrambled through the tangled masses of tree-tops to ascertain how far distant the slash had been removed from the standing timber. Suddenly a tiny wisp of smoke was seen to drift from behind a fir tree at the edge of the clearing. Without comment, both men broke into a run.

Aroused by the crashing footsteps, a young man, who had been lying stretched lazily on the soft moss, came quickly to his feet, a cigarette held in his fingers. His companion, also smoking, lay with his back against the bole of a tree a few feet distant. Fishing rods, creels, landing-nets and the remains of a lunch lay scattered on the ground.

"Don't you know better than to smoke here?" blazed Wilkinson.

The fisherman brazenly replaced the cigarette between his lips. Wilkinson's arm shot forward like a flash to pluck the offending weed from the mouth of the astonished youth. "I wish we had a law to prevent smoking in the woods. I would take great pleasure in arresting you," he growled savagely as he pinched the fire from the cigarette and ground it under his heel.

Unnoticed by the Forest Ranger, the second man removed his cigarette furtively and with a flirt of his hand threw it behind him as he rose to his feet.

"You are too damned officious! You have no authority to prevent us smoking," he said angrily, as with clenched fists he advanced belligerently.

Wilkinson was near the breaking point. The weeks of worry, the long hours of arduous toil, and the lack of sleep had frayed his nerves. "Damn you!" he flared, "if it's a fight you want——" He broke off suddenly, his eyes wide and staring. "My God! look!" he shouted. A flare of flame shot from the spot where the cigarette had fallen. A breeze rustled through the trees to fan the flame to a drumming roar as a pile of slash caught fire. The Red Terror was loosed.

"The alarm!" cried Wilkinson.

"Fire!.. shouted Donald as he stumbled to the road.

"Fire!" repeated the nearest patrolman.

"Fire!" rang the cry down the line until the call reached the mill, and every whistle was loosed in a screaming bedlam of sound to blanch the cheeks of these hardy men, who knew the awful terror of this devastating, devouring, fiery scourge that blasts the wilderness with smoke and ashes and takes its toll of both man and beast. Men dropped their tools and ran to answer the call.

The trapper's dugout shot swiftly across the lake.

Connie lay reading in the shade of her cabin. She came to her feet at the whistle's first call for help. A moment later, seated astride her cayuse, she was galloping down the hill.

Every man, regardless of position, answers the call to fight fire. When a forest fire is raging the forest ranger is an absolute sovereign. He can call the lawyer from his desk or the labourer from the ditch, but seldom does he need to exercise this power, as every good citizen is willing to help stay the deadly scourge. Meanwhile the fire was leaping from heap to heap of the powder-like slash to cross the road and sweep up the hill with incredible speed. With a throbbing roar it hissed to the tree-tops and rushed up the mountain. Stifling smoke enveloped the fire-fighters. Showers of burning bark pelted them from above.

"To the mill!" Wilkinson shouted; "we can do nothing here."

The men at the mill filed silently to their stations, and the big hoses poured torrents of water on roof and wall. Big jets curved up the hill to drench the dry, hot earth.

In short, quick sentences Wilkinson outlined his plans.

"We will try to stop it on the north at the river, on the south with fire-breaks, and at the track on the east by back-firing. On the west we have to let the fire take its course until it burns itself out on the cliff above." His voice rose in sharp command as he sent the men to their posts. Donald with twenty men under him was set to work digging a fire-break on the south side. A "fire-break" is made by spading up the leaf-mould and humus down to the mineral soil and raking all inflammable material back from each side.

The fire was advancing rapidly and the heat was terrific. Choking and gasping in the stinging resinous smoke, the men strove in frenzy of haste to complete the fire-break before the flames should reach them.

A deer with a fawn at her heels came bounding in terror through the screen of smoke. Grouse and songbirds made a common escape from a common enemy feared by all. Rabbits, wild-eyed, scuttled in fear; squirrels and chipmunks joined in the hurried flight. Many of these smaller birds and animals would be flanked and lost.

Connie, proud that she could be of assistance, dashed back and forth carrying mesages for Wilkinson to the different fronts.

(To Be Continued.)

SUN LIFE ASSURANCE COMPANY OF CANADA

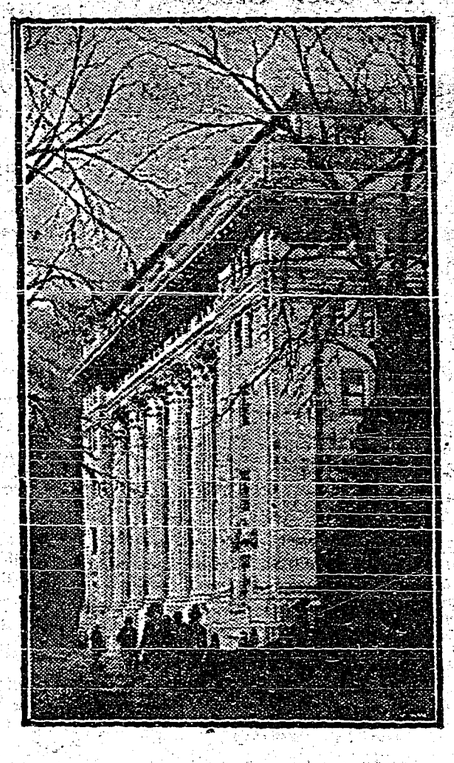
A TOWER OF STRENGTH

1928

Assurances in force (net) An Increase of $408,925,000	$1,896,915,000
New Assurances Paid for An Increase of $112,836,000	441,244,000
Total Income An Increase of $41,972,000	144,747,000
Surplus earned during the Year	40,264,000
Payments to Policyholders and Beneficiaries	49,920,000
Surplus and Contingency Reserve An Increase of $9,157,000	66,938,000
Total Liabilities (Including Paid up Capital)	422,020,000
Assets, at December 31st, 1928 An Increase of $87,652,000	488,958,000
Rate of Interest earned on mean invested assets (net)	6.58%

DIVIDENDS TO POLICYHOLDERS INCREASED FOR NINTH SUCCESSIVE YEAR

The Company has also inaugurated the practice of paying a special maturity dividend on participating policies, ten or more years in force, terminating by death or maturity.



EXTRACTS FROM DIRECTORS' REPORT

. . . After deducting amounts re-assured, the total assurances in force now amount to $1,896,915,934.57, an increase of $408,925,254.48. Policies in force number 633,240, and in addition 136,293 certificates of assurance are held by employees of corporations and firms under the group plan.

While every field of operation contributed its full share to these impressive advances, the rapid development of our business in Great Britain and the United States is especially noteworthy. The generous reception of our Company in countries served by powerful domestic institutions is particularly gratifying, as testifying to widespread appreciation of our record and services.

. . . The amount paid to policyholders since organization, together with the amount at present held for their security or benefit, exceeds the total amount received from them in premiums by $111,370,229.10.

The strength and resources of the Company have been still further enhanced.

The net rate of interest earned on the mean invested assets, after making provision for investment expenses, has risen to 6.58 per cent. Dividend increases, bonuses and stock privileges, accruing on many of the Company's holdings, contributed substantially to this gratifying result.

A net profit of $11,028,854.59 has been realized from the redemption or sale of securities which had risen to high premiums.

The securities listed in the assets have been valued at figures substantially below the valued placed on them by the Government. This under-valuation of our securities represents an important safeguard against possible adverse market fluctuations, additional to the reserves specifically provided against that contingency.

We are again able to report that on the bonds and preferred stocks listed in the assets, not one dollar, due either as interest or as dividend, is in arrear for a single day; while the dividends accruing to common stocks exceed by several million dollars those payable on the same stocks at the time of purchase.

The surplus earned during the year, based on the values given in the accounts, amounted to $40,264,088.52.

$10,000,000. has been deducted from the already heavily marked-down value of securities, as additional provision against possible fluctuations, increasing the amount so set aside to $20,000,000.

The special amount set aside as a liability to provide for unforeseen contingencies has been maintained at $12,500,000.

$15,822,339.65 has been paid or allotted as profits to policyholders during the year.

After making all deductions and allocations, $9,157,966.34 has been added to the undivided surplus, bringing the total over liabilities, contingency accounts, and capital stock, to $54,438,862.48.

The continued prosperity of the Company enables your Directors to announce, for the ninth successive year, a substantial increase in the scale of profits to be distributed to participating policyholders during the ensuing year.

In addition, your Directors have inaugurated the principle of granting a Special Dividend on participating policies maturing after having been in force ten years or longer. This new bonus will enable policyholders or beneficiaries whose withdrawal is occasioned by the maturity of policy contracts, to participate in the accumulated surplus which it has not as yet been considered prudent to divide.

The effort to provide life assurance at the lowest net cost obtainable has been increasingly appreciated. Our policyholders will be gratified by this further evidence of our desire that the Company's prosperity shall be fully shared by its members.

SUN LIFE ASSURANCE COMPANY OF CANADA

Corns are painful growths. Holloway's Corn Remover will remove them.

Aluminum street cars, lighter and quieter than the heavy steel cars now in general use, are being tried in several cities in the United States.

Roads In Canada

A total of 6,020 miles of road was constructed during 1927, and 44,416 miles were maintained under provincial patrol or gang maintenance systems.

Minard's Liniment for Coughs and Colds.

Hurricanes which blow at a rate of 80 miles per hour exert a pressure of 32 pounds per square foot.

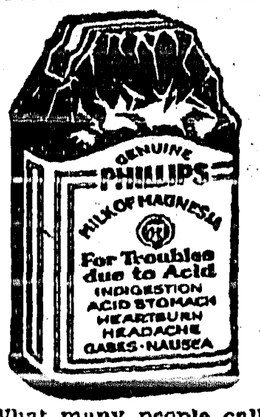
FLU Germs Breed In the Throat.

First Appear As A Common Cold, But Gain Tremendous Headway In Six Hours

SOME SIMPLE PRECAUTIONS AGAINST INFLUENZA

Simple precautions taken now will enable you to fight dreaded "Flu" which is sweeping rapidly through the whole country. The germs of Influenza gain access to the body through the mouth and throat. Keep the throat healthy and you go a long way towards stopping the trouble. An effective means of prevention is to gargle the throat three or four times daily with Nerviline. Half a teaspoonful of Nerviline in water makes a most efficient gargle. The germ-killing properties of Nerviline quickly destroy any bacteria in the mouth or throat. If the chest is sore, if the throat is hoarse, if you have a cough—be sure to rub the neck and chest with Nerviline. Every drop of it will rub in, and out will come the congestion.

Of course it is absolutely necessary to house-clean the system with Dr. Hamilton's Pills which stimulate the eliminating organs, and rid the system of disease-breeding germs. This combination treatment of Nerviline and Dr. Hamilton's Pills will give prompt and entirely satisfactory results.



When Pain Comes

What many people call indigestion very often means excess acid in the stomach. The stomach nerves have been over-stimulated, and food sours. The corrective is an alkali, which neutralizes acids instantly. And the best alkali known to medical science is Phillips' Milk of Magnesia. It has remained the standard with physicians in the 50 years since its invention.

One spoonful of this harmless, tasteless alkali in water will neutralize instantly many times as much acid, and the symptoms disappear at once. You will never use crude methods when once you learn the efficiency of this. Go get a small bottle to try.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any druggist.
