THE CRESTON REVIEW

VOL XXI. CRESTON, B. C., FRIDAY, APRIL 19, 1929 No. 7

1929 Fall Fair Officers Elected

Creston will have its fall fair in 1929. The none too large but very enthusiastic turnout of exhibitors at Monday night's meeting were quite unanimous the exhibition must continue and have selected a strong executive to carry on for this season.

The meeting was presided over by Chas. Murrell and after the financial statement for 1928 had been discussed and adopted officers were elected as follows:

President—Chas. Murrell.
Vice-president—Geo. Cartwright.
Secy. Treas.—F. H. Jackson.
Auditor—C. W. Allan.
Directors—John Huscroft, Huscroft; Mrs. Fred Powers, Lister; W. H. Kolthammer and C. Blair, Canyon; Mrs. Geo. Cartwright, Erickson; G. Hulme, Sam Moon, Wynndel; Mrs. J. W. Hamilton, Mrs. Mrs. Jas. Maxwell. Mrs. R. Stevens, Mrs. M. Young. Dr. Henderson.

The auditor's report showed a balance of about $80, but with the fall fair association due to pay the interest on the original purchase price of the grounds up to August—amounting to about $120—there is a deficit on 1928 operations of about $40. However, as the grounds are now the properny of the village an effort will be made to have the municipality take care of the interest as from the first of May, when the electors voted in favor of purchase. If this is done the new directors will start off with a few dollars to the good.

To find out just what the feeling is toward a 1929 exhibition a drive is to made for members and in a few days canvassers will be on the rounds offering the usual membership ticket at the familiar one dollar. The objective is 200 members.

An offer from Kapel's All Canadian Shows to play Crestot at fair time was not favorably considered but a special effort will be made to develop local attractions that will coax a bigger attendance in the main building.

For 1929 the meeting decided to go back to the single entry system. In the past two or more entries could be made in any section, but for this year entry is limited to one only.

Canyon City

John Johnson and Leonard Olson have just taken a pole making contract from C. O. Rogers in the latter's timber at Goatfell.

Rev. Mr. Helquist was here on Sunday afternoon for the usual monthly Norweigan service.

"Dad" Browel left a few days ago on a visit with his brother in Wisconsin, and will probably be away a couple of months. Mr. Browell's health has been indifferent of late and the change is expected to be beneficial in that regard.

Jock McRob, jr., who has been home on a visit, has again returned to Kimberley, where he is attending high school.

Mumps, which have been worrying the youngsters for the past month, are now having an inning out of the grown-ups, several of whom have been laid up. Miss Lister was able to resume teaching on Monday morning.

Word has just reached Canyon of the marriage earlier in the month of Miss Alberta, daughter of Mrs. C. A. Robinson at Trail, where they have been living for some time. The groom is Tom Young. They will reside in Trail.

Canyon had a most disastrous fire on Sunday afternoon when the residence of Alf. Spencer, along with all the contents, went up in smoke. Just how the blaze originated is not known as Mr. and Mrs. Spencer and family were with Mr. and Mrs. Woods, and were just to sit down to dinner when neighbors rushed in to tell them of the fire. Practical sympathy is being shown with a benefit dance arranged for tonight at which Mrs. Lister's orchestra will furnish music.

Canyon Ladies' Aid scored another financial and social success with their Easter concert and sale at the hall on Friday afternoon and evening. From the sale and serving of cafeteria tea at the evening concert the aid secured $50. The concert was put on by Sunday school talent, which had been carefully trained by Misses Muriel Knott and Arlene Halstead, and provided an evening's entertainment quite the best seen here in some time. H. Young was chairman. The concert intake was about $18.

Erickson

Ray McKelvey is combining business with pleasure on a visit to Nelson this week.

Mrs. Stahlman of Coleman, Alberta, is a visitor here this week, a guest of Mrs. Frank Uelli.

Miss Joan Kemp has been the guest of Miss Phyllis Foxall at Wynndel, this week.

The government crew is at work on the roads in this section and travelling is considerable improved.

Frank Putnam was at Nelson on Saturday for the Pearis-Inkster fight in the opera house that night.

Among the business visitors at Erickson this week are Mr. Schwartz of Calgary, Mr. Websterof Cranbrook, Mr. Harrison of Nelson and Mr. McDonald of Vancouver.

Miss M. Speaker returned on Tuesday to her home here.

Miss J. White, principal of Erickson school left on Saturday for Spokane, where she is consulting a medical specialist.

Mrs. Lee Heric and children have just arrived from Yahk to make their permanent home at the ranch. Mr. Heric plans to spend his weekends with the family, continuing to work at Yahk.

Geo. Cartwright has this week taken delivery of a nine months' old pedigreed Jersey bull from the Dominion experimental farm at Summerland.

T W. Bundy is back in charge of the C.P.R. depot after his usual two weeks' vacation.

H. E. Robison, who has been relieving at the C.P.R. depot the past two weeks, has returned to his home in Kingsgate

Erickson station is now on the ore shipping list. On Tuesday a carload of silver lead ore from the Delaware mine up Arrow Creek was shipped to the smelter at Trail, loaded out by G. Young and J. E. Hayden, who are operating the mine on a bond lease.

R. B. Staples of Kelowna was here at the first of the week making an inspection of operations at the ranch. It is his intention to plant out a considerable acreage to tomatoes.

Alice Siding

Mrs. W. A. McMurtrie, who has spent the past six months on a holiday visit at points in the Old Country, returned at the end of the week

The yellow Easter lillies are in full bloom all over the district and the past week has witnessed the usual invasion of Creston people in quest of the blooms.

A wedding of interest in this section was solemnized at Nelson on April 6th, when Miss Ivin Compton, youngest daughter of Mr. and Mrs. Jas. Compton, was united in marriage with David Valentine, Rev. W. A. McWhinney pastor of Trinity United Church officiating.

Mrs. Foster arrived on Saturday from Wasa, and is a visitor with her parents, Mr. and Mrs. Robert Stewart.

Miss Gladys Stewart, who has been at Kimberley the past couple of months, returned home on Tuesday.

Tom Anderson has moved back to his own place after taking charge of the Cox ranch the past six months.

Jim Taylor and Jack Miller are making headquarters at Creston this week. They are in camp on the Cherrington place on Goat River bottom while doing a land clearing job by contract.

W. A. Pease at the Alberta ranch is extending the water system he installed last fall and is putting in the pipes to provide irrigation for the orchard.

Wynndel

Mrs. Ogilvie was a visitor with Nelson friends a few days last week.

Mrs. Cecil Moore and family left last week for Nelson where they will reside.

Miss Joan Kemp of Erickson is a visitor here this week; a guest of Miss Phyllis Foxall.

Mr. and Mrs. C. Hindley and family who have been residents of Creston during the winter, returned home last week.

Mrs. Carl Wigen was a Cranbrook visitor a few days last week.

Alex. Cameron, who has been at Coleman, Alberta, and Toronto, Ontario, for the winter months, returned to Wynndel on Friday.

Miss Irene Huscroft of Creston was here for the weekend, a guest of Mr. and Mrs. Ogilvie.

John Bathie, who is working at Skookumchuck, is home for a few days this week.

Quite a few members of Wynndel Women's Institute accepted the invitation of Creston Institute to attend the April meeting on Fridayafternoon. All report an enjoyable visit. The contest, "A Wonderful Trunk," was won by Mrs. Dunseath.

Anglican Church service on Sunday afternoon, 21st, at 3 o'clock.

W.A. announce a surprise dance on May 4th. Further particulars later.

Strawberry patches are now being uncovered and berry plants look good.

The annual meeting of the Wynndel Tennis Club was held on Monday evening. Officers for coming season are: President, John Wigen; secretary-treasurer, Miss P. Foxall.

Sam Moon has just taken delivery of a crate of fruit trees and a box of flower roots from B C. Nurseries. Purchases of nursery stock in this section is not as heavy as usual.

Kitchener

Mr., Mrs. and Beatrice Molander and Mrs. Anderson were Creston callers on Saturday evening for the picture show.

Mr. and Mrs. Driffil and Sam Little john left on Wednesday for Spokane, making the trip by auto, where they spent a few days vacation.

Vivian Langlois and Elsie Nelson have been on a visit at Moyle.

Misses Beatrice and Olga Nelson, who have been on a visit here, returned to Cranbrook on Sunday.

Mrs. Aberson has returned to Kitchener after a visit with friends at Vernon.

C. Senesael has the carpenters at work enlarging his residence at Kitchener.

Charlie Harmer and Clarence Devlin left a few days ago on a trip to coast points.

Lister

Alf. Latoille, who has been away for the past nine months, on a trip that took him as far east as Quebec, returned to Lister at the end of the week.

Mrs. Cravenko is a visitor at Kellogg Idaho, at present, in which city her husband is working at present.

Rev. R. E. Cribb is due here at 4 p. m. on Sunday for the monthly United Church service. His topic will be. "Martyrs of the Faith."

Mr. French of Calgary, superintendent of Burns & Co., along with Mr. Church, the former's new representative in this territory, were business callers on Monday.

R. V. Willcox, the R.O.P. inspector was here on an official visit this week to the poultry department at the Fred Powers ranch.

Creston was unusually well represented at the Community Society dance at the schoolhouse for which music was provided by Mrs. Lister, violin, assisted by a number of volunteer pianists. The dance was the most enjoyable of the season.

Miss Ellen Hurry of Nelson has been here on a few days' visit with her father, George Hurry.

Mrs. Sinclair, who is operating with a 250 egg incubator this season has the first hatch of White Leghorn chicks out and is well pleased with a showing of 175 healthy chicks from 250 eggs.

Harold Langston, Bert Yerbury and George Hurry are added to the road crew at work on betterments on the Canyon-Porthill highway and bridges

Alf. Nelson Fined

A case of considerable interest to growers of produce that comes under control of the Marketing Act, the first to be adjudicated in this district, came up before magistrate John Leask at Cranbrook Wednesday last.

On information laid by E. F. Lawes representative Tree Fruit and Vegetable Committee of Direction, Grand Forks, Alfred Nelson of Canyon City, in the Creston district, was arraigned on a charge of selling fruit without licence, contrary to the regulations of the Produce Marketing Act. Mr. Nelson admitted selling two boxes of apples to Mr. Miggins of Wardner on October 17 last, and continuing selling after Mr. Lawes had repeatedly warned him, verbally and by letter and telegram, that he (the accused) was liable to prosecution if he persised in that practise.

The accused, it transpired, grows apples in a small way only and had relied on purchasing fruit from neighbors which he sold in the Crowsnest Pass and points in Alberta. He took out a pedlar's license in Alberta.

The presiding justice found accused guilty and awarded a fine of $10 and costs.

W.M.S. Presents Life Membership

Recognition of faithful servic capably rendered was accorded at the April meeting of the Women's Missionary Society of St. Stephen's Presbyterian Church on Tuesday afternoon at the home of Mrs. J. W. Do.., when a life membership in that organization, which was accompanied by the prized membership pin, was presented to Mrs. M. J. Boyd, who has been the auxiliary's secretary ever since its organization about six years ago. Accompanying the pin and membership certificate was the following address:

Dear Mrs. Boyd,

It is with a great deal of pleasure, as we gather together this afternoon in the Master's service, to present you, on behalf of Mrs. James, first president of our auxiliary, and the members of our auxiliary, this Life Membership Certificate and Pin, as a token of esteem and friendship; also to show our appreciation to one who has so faithfully carried out the duties as secretary for our auxiliary since its organization. "Little is much if God is in it."

Signed on behalf of Auxiliary.

The address was read by the president Mrs. John Sherwood, who spoke in eulogistic terms of the good work done by Mrs. Boyd, while the presentation of the pin was made by Mrs. C. H. Hare, the pleasing function coming at the close of the regular meeting during the serving of refreshments. The local auxiliary now has three life members, Mrs. Dow and Mrs. S. A. Speers having been similarly remembered previously.

BEAUTIFY CANADA

Clean Up, Paint Up, Keep It Up --- Increases the Value of Your Property

THE DRIVE TO FINISH OLD MAN DIRT IS ON

Greatest Effort in History of Canadian Cleanliness Includes Hundreds of Communities

The greatest effort in the history of Canadian cleanliness is on! Cleanliness has a history. It's influence can be traced down the ages. Those races that were Clean were the races that were Masters.

The Athenians, with their baths and beautiful homes conquered the Persians, with their unkempt beards and dirty skins. The Romans, with their aqueducts, their barbers, their gardens beat back the barbarians with their goat skins and greasy fingers.

Louis the Fourteenth was the daintiest monarch France ever had and one of her mightiest. Filth kept the Panama Canal from being built years before it finally was. Bolshevism flourished when the dirty and the ignorant gained control in Russia —anarchy breeds in filth and squalor.

Cleanliness has always been potent. Modern sanitation saved millions of lives in the great war.

Real people, the wise, the leaders in progress, always have fought for cleanliness. At times it has been a sporadic fight, a skirmish. A clean man was handicapped by a neighbor who let his premises run wild. But co-operation has been brought to play at last.

This year, in Canada alone, hundreds of villages, towns and cities are campaigning for cleanliness, health, and beauty. They are not doing so for a day or a week but in a continuous campaign. There is a steady pressure.

Tin cans, flies, refuse, dirt, waste paper, unsightly buildings, unpainted surfaces are taboo. The drive is on. I won't be stopped.

Join the forward movement. Clean Up, Paint Up, and Keep It Up. Make the old enemies, Dirt and Disease and Unsightliness abdicate forever.

The Use of Paint

Lessens Farmer's Cost Of Doing Business

The farmer, like the manufacturer, must employ the most efficient and economical methods of doing business if he is to prosper. When he keeps track of costs he finds that by building of better material, buying better implements, and then taking care of them, he increases his power of production and lessens the drain on his income.

Next to the purchase of good materials, the use of good paint is the farmer's best insurance; it protects his property and equipment against the rapid deterioration caused by wear and weather. The protection and appearance of barns, fences, windmills, wagons, tanks, etc., are just as important as the careful upkeep of factory tools and machinery, and depreciation here should be figured as carefully by the farmer as by the manufacturer.

A few cents invested in paint and a little work each season will soon show in the lengthened life of your equipment to say nothing of the satisfaction you will take in its improved appearance. Here is a list of paints that it will pay you to keep on hand:

Two-quart can of buggy paint in red and black, for painting up wagons and buggies.

A small can of aluminum paint, for interior iron work, such as stalls, stanchions, etc.

A small can of implement or spar varnish.

A half-gallon can of metal protective paint, for metal buildings. A good graphite paint is best for this purpose. Paint over regularly all such exposed metal parts as hoops, turnbuckles, outside hinges, door-hangers, iron hitching posts, etc.

A gallon can of barn color or house color for general repair work.

It is well also to periodically treat the inside of staved silos with he special compounds prepared for that purpose.

The life of fence posts can be prolonged three times if the lower part is treated with the compound used on silo staves. This can be most easily done by taking a full barrel of the preservative, putting half in another empty barrel, taking the heads out of both barrels, and letting the fence posts stand in them over night. This treatment will make the poorest wood last longer than the best chestnut.

It has been proved that the painting of good galvanized wire fence doubles its life. In putting up a new woven wire fence the painting can be done very easily by making a shallow trough that will take in the roll of wire fencing. Turning the roll around in the trough and pouring the paint over it at the same time will thoroughly cover every part. A good metal paint is best for this purpose.

A paint which makes concrete sufficiently non-absorptive to shed an ordinary rain greatly enhances the value of concrete buildings for cow stables, granaries, dairies, etc. The absorption of water through the walls has been the principal objection to such buildings in the past. Concrete paints come both in natural cement color and in several pleasing shades.

It is never advisable to try o paint an old shingle roof unless it has been previously painted, because the water gets under the shingles causing them to rot and curl up. It is always well, however, in putting on a new shingle roof to dip the bundles into a properly prepared shingle stain; this is especially true now-a-days as the quality of shingles is much poorer than formerly.

It is good policy not only to prevent deterioration with paint but also to forestall paint troubles. The commonest of all paint troubles is peeling, the chief cause of which is moisture, and moisture in turn is due to:

1. Dampness In the Wood. This means not only wood which is damp to sight and touch, but wood improperly seasoned, recently exposed to rain or fog or dew.

The pores in kiln-dried lumber are open and will soak up moisture; for this reason allow a new building to stand a month or two unpainted.

In short, if there is moisture in wood, heat will drive it either out or in. If heat on the inside of the house drives it outward the paint will peel.

2. Dampness Back Of the Wood. This is commonly due to green plaster. Too often in a hurry to complete a house the painters are put to work on the outside while the plasterers are finishing the inside. To complete the rush, about the time the paint is dry the furnace is started to dry the plaster. The moisture must find an outlet and is driven out through the exterior woodwork, carrying the coat of paint with it.

3. Ochre Priming Coats. Common ochre is the cheapest pigment, and when one remembers that the priming coat is the foundation on which the finishing coat depends, he does not have to be a paint manufacturer or dealer to appreciate how absurd is the statement so often made "Anything is good enough to prime with." Cheap ochre is nothing but clay stained, which makes a slippery, brittle paint.

4. Old Paint Loosely Attached To the Wood and Not Thoroughly Cleaned Away: If old paint is not firmly attached to the wood the contraction in the drying of the new paint will peel it off. Repaint before the old paint begins to let go. It's poor economy to delay repainting.

In case the under coat is brittle, scrape, sand-paper, and wire-brush all loose particles before repainting. If too far gone remove with a painter's torch. Always remember three thin coats of paint are better than two thick ones. The thick coats may save a few dollars in the beginning but may cost more than double in the end.

5. Fat Resinous Wood Not Properly Seasoned Or Prepared For Painting. This is a recent trouble due to the scarcity of well-dried lumber. The chief trouble is with yellow pine, which is full of turpentine and rosin. It is the rosin that causes the trouble. It mixes with the paint and makes it brittle. The knots are the worst spots and should be coated with shellac before painting Turpentine dissolves rosin. This fact suggests much turpentine and little oil in the priming coat, and perhaps more turpentine than usual in the second coat, but, when every care is taken, paint will sometimes peel on yellow pine, where it is no fault of the painter or the paint. Liberal use of turpentine and vigorous use of the brush to work the paint into the wood are necessary to success on yellow pine.

6. Boiled Oil. Never use boiled oil in the priming coat; even when it is genuine boiled linseed oil; its preparation gives a glossy, varnish-like surface, and the priming coat should always be flat, or the succeeding coat will not adhere to it. Boiled oil should never be used for any coat in outside painting.

Paint may fail from causes other than those named because of application on dirty or greasy surfaces; because of leaky roofs; because of the use of adulerated linseed oil and poor dryers; because the coats are too thick, or because the under-coats are not dry—but the majority of cases are covered by the causes specifically named in this article.

A Clean Town

Adds To the Value Of Your Estate and Promotes Good Health

Towns are measured by their geneal cleanliness and civic pride.

We need more trees and shrubbery around our homes, about the schools, in the parks, along water courses, and many other places.

Good health depends to a great extent upon the removal of rubbish and filith and the destruction of breeding places for disease-carrying insects.

It is the duty of every citizen to prevent deterioration. Paint is both a beautifier and a preventative of building decay.

Epidemics that come in the summer months have their origin in filth. We cannot hope to make our town a bigger town, unless we make it a cleaner town.

It is a well known fact that flies have been the means of transmission of disease, and this pest may be responsible for the transmission of infantile paralysis.

Filth, more than all other causes combined, produces disease, and it is up to every citizen to see that his immediate surroundings are sanitary.

Every citizen should make an effort to clean up his house and property so as to avoid fire risk, to abolish all places that might breed flies and mosquitoes to eliminate weeds and to help clean up vacant lots.

Clean-Up and Paint-Up On the Farm

The man who owns a farm or lives on one should be just as much interested in Clean-Up and Paint-Up as the city householder. And the incentive to start such campaigns has been just as marked in the rural districts as in the more thickly populated ones.

Farmers everywhere are being urged to remove ramshackle buildings, repair and paint those that remain, trim hedges and trees, and clean and paint tools and machinery.

These All Count

Here are some pointers for citizens who would regenerate their community with a real Clean Up and Paint Up campaign:

1. Take away all the ashes and trash from your back yard immediately. Send your rubbish to the dumping ground.

2. Suggest to several men with teams, that they drive through the alleys with a sign, "Clean-Up Wagon" on their wagons; also a bell calling attention. People are only too glad to pay such a man for hauling their trash away.

3. Burn all rubbish that will burn. Clean your vacant lots and alley ways.

4. Make your street and parking look as trim and well kept as possible.

5. Refrain from throwing old paper, banana and orange skins into the streets.

6. Plant some grass and flower seeds to make your home beautiful.

7. If your store front is dingy, paint it. Nothing will do more to improve the appearance of a town than the liberal use of paint.

8. If there are unnecessary, unsightly sheds in your back yards, tear them down. They detract from the beauty of your home and the town. Open spaces and fresh air are better.

9. If your walk is an eyesore to those travelling over it, repair it or build a new one.

10. Trim hedges and trees and spray trees.

11. Paint and whitewash barns, poultry houses, outbuildings, etc.

12. Paint tools and machinery.

The local "Clean Up and Paint Up" campaign offers the most direct and practical and permanent avenue through which women, organized or individual, can work for homes and home towns beautiful and sanitary.

Keeps Floors Beautiful

Beautiful floors are largely a matter of prevention—the great secret is to put them in perfect condition —and then keep them that way. Doorways, pasages and tracks become worn and unsightly first. You can keep these spots looking well by waxing them frequently. This requires but little time and effort if a good prepared wax and floor polishing brush are used.

Rules For Fire Prevention

Do not permit rubbish, greasy rags, paper and useless waste to accumulate in or around buildings.

Do not allow matches kept in your homes, offices and stores in other than metal boxes. Use safety matches.

Do not allow children under ten years of age to use matches.

Do not use lamps and lamp burners that are not clean.

Do not tamper with or extend electric wire; employ an electrician.

Do not keep gasoline in other than air-tight cans painted red.

Do not fill tank of gasoline stove when lighted and fill by daylight only.

Do not permit a rubber tube connection to a gas stove.

Do not empty ashes in other than metal cans.

Do not carelessly throw cigar and cigarette stubs where they could cause a fire.

Do not fail to warn your children of the dangerous bonfires.

Loss through preventable fires in the United States is $250,000,000 which, however, is exceeded by the annual loss through the lack of painting—according to Prof. H. H. King, who has conducted paint tests for several years for the people of Kansas, at the Kansas Agricultural College.

Clean-Up and Paint-Up campaigns reduce fire losses and insurance rates; increases property values; remove unsafe buildings; swat the fly; make school and home gardens; make cleaner alleys and yards; educate children in fire prevention and clean-up measures; plant trees; collect and utilize waste; make more attractive and safer homes and places of business, and develops a community spirit that permanently insures a cleaner, safer, healthier and more beautiful town.

Toothbrushes and handkerchiefs have figured among the tokens of valor presented by Chinese generals to the troops under their command.

CHAPTER XVII.—Continued

Connie made no attempt to check her cayuse's onward flight. She was in no mood to listen to the kudos of the admiring crowd; she wanted only to get away from the scene as quickly as possible. The movement toward the centre gave her the opportunity she desired, and she urged the weary cayuse through an opening on her left. Many hands were reached up to congratulate her, but she pushed her way through to the trail.

At the sound of hoof-beats behind her she turned to see Lafonte urging his tired mount toward the Pemberton trail and looking back apprehensively over his shoulder.

Several men were running after him, shaking their fists and uttering loud imprecations. A man leaped from behind a jack-pine to land in the path of the half-breed, lunged for the reins, missed, then caught the stirrup. Lafonte struck the man a blow with his heavy whip that loosened his hold and felled him to the ground.

Connie saw Gillis break from the crowd, jump to the saddle of a cayuse and start after the fleeing man just as the latter disappeared in the woods. Gillis waved his hand to her and vanished in pursuit. She urged Pegasus to the shelter of the timber as she saw her father and Donald running toward her.

The strenuous race and the spectacular fall had left both horse and rider in a badly shaken condition Connie's body was bruised and sore, and her head ached horribly. The cayuse's strained muscles were stiffening, he was limping badly, and his head drooped wearily as he dragged his tired limbs up the steep trail.

At the barn door Connie dismounted stiffly, removed the horse's bridle, then threw her arms passionately around his neck and stroked his symmetrical head with soft caresses. "I'm so sorry, Peggy darling," she said in a choking voice.

The horse nipped her shoulder in a weak attempt at playfulness, as if to signify that he quite understood.

Connie's eyes brightened at a sudden thought. "Peggy, dear," she whispered softly as she nestled her cheek against his soft mane "do you know that I can have some nice clothes now? Lots and lots of nice things. I am going to buy you a blanket—a nice thick one for winter—and some ribbons for your mane. And you, Peggy"—with a flood of tenderness in her voice—"you won all this for me."

She was crooning sweet nothings in his ear that only Pegasus could understand when her father appeared, breathless from running, his face grey and anxious.

"Are you all right, Constance darling?"

Connie stepped forward. She was pale and weak, but her colourless lips tried to form a smile. "Yes, Daddy dear—I'm—all—ri——" Her voice trailed to a whisper and the blue eyes closed as darkness fell upon her like a cloud. Swaying uncertainly for an instant, she fell like a broken flower into her father's outstretched arms. For the first time in her life Connie had fainted. She lay like a child in his trembling arms, her upturned face wearing the pallor of death.

With a prayer on his lips and an agony of fear in his heart, her father carried her to the cabin and tenderly stretched the bruised little body on the coarse blankets of her bunk.

CHAPTER XVIII.

At the race-course the crowd eddied excitedly about the judges' stand, or stood in groups talking of the wonderful performance of the spotted cayuse that had made the erstwhile champion appear a mere tyro.

Gillis came riding slowly from the woods and was hailed by questioning shouts from a score of throats.

"Did you get him?"

A bloody handkerchief was wrapped around the big man's head, and a livid welt showed on his forehead. He smiled grimly as he dismounted, "I got the d——d skunk," he answered savagely.

He turned to a group of Indians. "You fellers'd better look out for him when you go along; his eyesight's kinda bad."

Donald came to the front of the judges' stand and held up his hand for silence. Gradually the hum of voices died away and the crowd turned to face him.

"As you know we are to take up a collection to add to the Company's purse. The gentleman below," pointing down at Andy, "will hold the hat. We have witnessed an exhibition of matchless skill and pluck. Give as you feel."

The crowd cheered lustily. Then, jostling each other good-naturedly like a lot of schoolboys, they formed in a long queue.

Andy started the contribution by giving his whole roll of bills. Money showered upon him until he was forced to call for another hat.

"Fightin'" Jack came to Donald in great perturbation. "Say! Our gang's all stony broke. Can we sign a due-bill?"

Donald called the time-keeper.

"Make her out for twenty bucks for each of us," said "Fightin'" Jack.

Andy's spirits soared as the pile rose higher.

"God bless 'er little 'eart," he murmured, "she can 'ave an 'ole shipload of them blinkin' camisole things."

An hour later, as Donald climbed the hill to deliver the prize, he met Doctor Paul.

"How is she, Doctor?"

"She's had a nasty shaking up, but there are no bones broken. She will have to remain in bed for a week or so."

Wainwright saw Donald coming and stepped outside the door to meet him. "She's sleeping," he said in a low tone. He looked questioningly at Donald as the latter passed him the package of money.

"The prize money," Donald explained.

Wainwright peeped at the contents and his face lit up with pleased astonishment. "I understood that the purse was to be a small one!"

When Donald told him of the collection Wainwright's face flushed hotly. "Is that the custom?" he questioned sharply.

Donald nodded.

Wainwright paced nervously with hands clasped behind his back. "Pardon my abrupt manner" he said contritely, "I am a bit out of sorts today."

Every evening Donald called at the Wainwright home, bringing little delicacies carefully prepared by Andy. Once he spoke to Connie from outside the door, and her answering voice gave him an odd thrill. He pondered over this as he made his way down the hill. He was struck by a sudden thought. His face broke into a smile and he shrugged his shoulders. "Nonsense," he said aloud.

Janet remained several days after he friends had returned to the city. She tried in vain to restore the familiar relations which formerly existed between herself and Donald. His evening visits to the cabin on the mountain deprived her of his company, and she, half-jestingly, reproved him for his inattention to her. With spirits depressed and a despondent look in her dark eyes, Janet returned to Vancouver.

One evening Wainwright gave Donald a letter to post, addressed to a big departmental store in Vancouver. A few days later there arrived numerous bundles and boxes, including a big trunk. Donald with the assistance of Gillis's crew carried them up the hill.

"I've brought your big trunk with the 'bulgy top,' Miss Wainwright," he called.

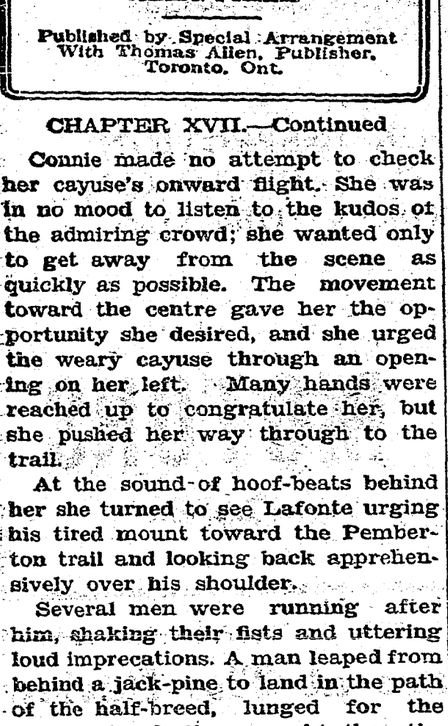
Connie sat up in her bunk so quickly that her head bumped the boards above. "Miss Wainwright" he had called her! Her eyes glowed in the dusky half-light. "Thank you so much," she replied.

The next day Wainwright informed Donald that Connie was up and would see him.

"Just a minute, Dad," she cried as she heard them approaching.

Feverishly she rushed to the small mirror to glance at her reflection. With nervous hands she fluffed the hair about her ears and smoothed imaginary wrinkles from the collar of her dress. Then she sat down gravely and arranged her skirts about her.

(To Be Continued.)



WHEN a cold or exposure brings aches and pains that penetrate to your very bones, there is always quick relief in Aspirin. It will make short work of that headache or any little pain. Just as effective in the more serious suffering from neuralgia, neuritis, rheumatism or lumbago. No ache or pain is ever too deep-seated for Aspirin tablets to relieve, and they don't affect the heart. All druggists, with proven directions for various uses which many people have found invaluable in the relief of pains and aches of many kinds.

CARTER'S LITTLE LIVER PILLS

NICE WORDS WON'T DYE a dress or coat...

Neither pretty pictures nor colorful adjectives will dye a dress or coat. It takes real dyes to do the work; dyes made from true anilines.

Next time you have dyeing to do, try Diamond Dyes. See how easy it is to use them. *Then compare the results.* Your dealer will refund your money if you don't agree they are better dyes.

You get none of that re-dyed look from Diamond Dyes; no streaking or spotting. Just fresh, crisp, bright new color. And watch the way they keep their brilliance through wear and washing. They are better dyes because they contain plenty of real anilines—from three to five times more than other dyes. But you pay no more for them than for ordinary dyes

The *white package* of Diamond Dyes is the original "all-purpose" dye for any and every kind of material. It will dye or *tint* silk, wool, cotton, linen, rayon or any mixture of materials. The *blue package* is a special dye, for silk or wool only. With it you can dye your valuable articles of silk or wool with results equal to the finest professional work. Remember this when you buy. The *blue package* dyes silk or wool only. The *white package* will dye every kind of goods, including silk and wool. Your dealer has both packages.

Australian Wine Firm

An old-established wine firm of Australia has incorporated under the British Columbia provincial statutes and proposes importing Australian wines in large quantities.

KEEP YOUR BABY HAPPY AND WELL

Every mother wishes her child or children to be well and happy; to be bright-eyed, rosy-cheeked boys and girls. No mother, though, can expect her children to escape all the ills of babyhood and childhood, but she can do much to help them fight the battle for health.

All prudent mothers constantly keep at hand the means of aiding their little ones when sickness comes suddenly—as it generally does in the case of children. In every home where there are infants and young children Baby's Own Tablets should be found. Read what Mrs. Mary Hill, Centre Dummer, Ont., says concerning these Tablets:—"I am the mother of six children and would not be without Baby's Own Tablets. They are a wonderful medicine for little ones."

Baby's Own Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach and thus break up colds and simple fever, banish constipation and indigestion and allay the irritation accompanying the cutting of teeth. They are absolutely safe and are pleasant to take. The Tablets are sold by all medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

You can tell a civilized country. It's one where people kill the birds and then spend millions to fight insects.

An Oil Without Alcohol.—Some oils and many medicines have alcohol as a prominent ingredient. A judicious mingling of six essential oils compose Dr. Thomas' Eclectric Oil, and there is no alcohol in it, so that its effects are lasting.

Magistrate: Are you sure you understand the nature of an oath?

Youth (scared stiff): Sure. Ain't I your caddy down at the links.

Minard's Liniment for Coughs and Colds.

He (earnestly)—"I mean to kiss you, and kiss you, and kiss you."

She—"That would be only three times."

Minard's Liniment prevents Flu.

Long Air Trip Planned

One of the longest air lines in the world is being contemplated between London and Cape Town. The route, more than 8,000 miles long, will branch off at Cairo, crossing over into India.

—they call him "The man you can't rattle"

Many successful business men regularly use Wrigley's. The act of chewing has a soothing effect. The healthful cleansing action of Wrigley's refreshes the mouth—gently stimulates the flow of the natural juices—steadies the nerves—aids digestion.

ROWBOAT FOR SALE—15 foot flat bottom rowboat and oars, new, $35. John Malakoff, Creston.

POTATOES FOR SALE—A few sacks of splendid table potatoes, price is right. Bert Boffey, Creston.

Donald Young left at the end of the week for Kellogg, Idaho, where he has secured a position and will remain.

Ivan Staples arrived from Nelson on Sunday and has taken a position on the mechanical staff at the Premier Garage.

The Ladies' guild of Christ Church have booked the afternoon of Saturday May 25th, for their usual country fair and sale.

FOR SALE—Dining room table, sideboard, writing desk, linoleum, and other household effects. Mrs. J. D. Speirs, Creston.

Fred Smith, who is working at lumbering operations at Fruitvale, was home for a few days last week, returning on Friday.

Mrs. Harris of New Denver, who has been a guest of Mrs. Twigg for the past few days, returned home at the first of the week.

Creston is to have a 1929 fall fair. At the annual meeting on Monday Chas. Murrell was the unanimous choice for president.

Canute Anderson, who has been in Alberta for the past eight months, is here on a visit with his parents, Mr. and Mrs. Axel Anderson.

Charlie Holmes, who has been working at Calgary, Alberta, for the past few months, arrived home on Tuesday and will be remaining for some time.

Miss Eileen Heap of Sirdar was a weekend visitor here, a guest of her cousin, Helen Hopwood. She left on Monday for Spokane, where she is attending school.

PROVINCIAL ELECTIONS ACT.

Creston Electoral District

NOTICE is hereby given that I shall, on Monday, the 20th day of May, 1929, at the hour of 10 o'clock in the forenoon, at my office, Hillside Road, Creston, hold a sitting of the Court of Revision for the purpose of revisinn the list of voters for the said electoral dittrict, and of hearing and determining any and all objections to the retention of any name on the said list, or to the registration as a voter of any applicant for registration; and for the other purposes set forth in the Provincial Elections Act.

Dated at Creston, B.C., this 18th day of April, 1929.

FRANK H. JACKSON,
Registrar of Voters,
Creston Electoral District.

FOR SALE—Ford light delivery in good running order; shock absorber, chains and 1929 license plate; selling at $80. W. Morrow, Creston.

W. H. Browne of Nelson, the provincial grazing ranger, was here on Saturday for the annual meeting of the Stockbreeders' association.

The Women's Institute drive for new members concluded at the first of the month and for this year the membership roll will show 93 names.

LEGHORN AND RED CHICKS—Every one a money maker. Write for illustrated catalogue which gives official production averages. Don. Bradley, Creston.

The 1929 Durant four has made its appearance in Creston. Miss Doyle took delivery of one of these models on Friday, having traded in her Star touring.

FOR SALE—Two Fordson tractors, $450 and $325, in good condition. will accept milch cows in part payment. G. F. McGlocklin, Box 368, Bonners Ferry, Idaho.

Mrs. Biccum of Calgary, Alberta, was called to Creston at the end of the week on account of the death of her daughter, Mrs. Brunham, whose death took place on Friday last.

BASEBALL—A me to re-organize the Creston baseball club and make arrangements for the 1929 season, will be held at French's billiard hall on Monday night, April 22nd, at 8 30 prompt. All the fans are asked to turnout and get things off to a good start.

"Around the World" will be shown in pictures at Trinity United Church tomorrow night, 20th, at 8 o'clock prompt. Pictures of China will be the feature, and these were taken by Rev A. C. Pound of Moyie, who is putting on the entertainment. He appears under the ouspices of the Beaver Brotherhood, and the admission is 25 and 10 cents.

At the request of the provincial police, who are still working on the case the inquest on the body of the late Thomas Midgley was furthur adjourned until April 24th. It will be recalled that Mr. Midgley was foully murdered at his radch home on Kootenay Flats, opposite Sirdar, early in the first week in April, and that the inquest into his death, which was opened on April 10th, was adjourned to April 17th, and is again adjourned for still another week. Insp. Cruickshank of Vancouver, arrived on Friday, and with chief constable Gamon and Constable McLaren are working steadily on the case.

Since the reorganization meeting of the Kootenay Regiment in Nelson on April 3rd the service rolls have been opened and quite a number of men signed up. The regiment has been given permission to send 50 men to Vernon this year for training course, with the camp due to open on May 13 and close May 25th. As free transportation, uniform and equipment are provided, as well as pay, this should be an excellent opportunity for a number of young men to enjoy a holiday. Men will go from Fernie, Cranbrook, Creston and Nelson, which are headquarters of companies, and it is expected the full quota will be filled. Lieut. Lionel Moore hos charge of the service rolls for Creston.

Institue At-Home Wynndel Visitors

The April meeting of Creston and District Women's Institute, on Friday afternoon had a record attendance. 45 members being present to welcome the ladies of the Wynndel Institute, who were their guests for the afternoon. Tht meeting began at 2 o'clock, to allow ample time for entertainment features.

Plans for the spring clean up of the cemetery were discussed and the arrangement of a planting bee left in the hands of the directors.

It was suggested that Col. Mallandaine and Messrs. Twigg, Cook, and French be asked to direct the selection and planting of the shrubs.

The Bulb Tea, the date of which will be announced as soon as the flowers are far enrugh advanced, was arranged. Contributions of flowers will be gladly accepted from anyone in the district. Committees were named as follows: Cooking table, Mrs. Hayden, convenor. Bulb table, Mrs. Murrell, Mrs. Edmonson, and Mrs. C. W. Allan. Kitchen, Mrs. McKelvey, Mrs. Maxwell. Serving, Misses Beth Putnam, Joan Kemp, White, and Reid

After the reading of a letter from Creston Valley Agricultural Association, in which Mrs. Stevens was asked to act on a committee to boost the fall fair, the president urged full support of the fair to make the exhibition bigger and better.

In welcoming the visitors the president spoke briefly on the good that comes of getting better acquainted, of joining forces and working out our problems together. In this connection Mrs. Slingsby of Wynndel said she hoped, before long, to see a rest room in Creston, provided by the combined efforts of the two Institutes. Mrs. W. J. Truscott gave an interesting and thought-praducing paperon, "Women in the Community."

Results of the membership drive were announced. It showed the team capatined by Mrs. Hare had won by three points. Sixty five new members were enrolled bringing the total membership up to 93.

After the close of the business meeting there was a contest in which Mrs Dunseath of Wynndel was the winner; a solo by Miss Muriel Knott, and commutity singing. Tea hostesses were Mrs. G. Young, Mrs. W. H. Crawford, Mrs. Hayes, Mrs. Maxwell, Mrs. Forbes and Mrs. McKivey, with a reception committee of Mrs. Stevens, Mrs. Cherrington, and Mrs. Hayden. $4.50 was collected for the Crippled Children's Fund. At the conclusion a vote of appreciation of the hospitality shown the visitors was proposed by Mrs. Abbott, president of the Wynndel Institute, ahd carried enthusiastically.

CHRYSLER

Can only be compared with Cars costing far more!

In five years Chrysler has leaped to leadership because of the fact that Chrysler engineers have never left any detail of performance or car appearance to chance. They have pursued a deliberate policy of protection in mechanistic and arttstic design. For this reason the speed, the verve, the dash you find in Chrysler can scarcely be equalled, much less surpassed, in cars costing even as much as a thousand dollars more.

WE INVITE YOUR INSPECTION AND WILL BE PLEASED TO GO INTO COMPARISON DETAILS.

NEWS OF KOOTENAYS

Cranbrook will require $46,032 to run its schools for 1929.

Fernie's tax rate is 41 mills, with 27 mills required to finance the schools.

Pentieton orchardists netted 25 cents a box on their 1928 crop of Jonathans.

Up to the end of Maroh over 200 auto licenses had been issued at Kimberley.

The Easter Monday ball in aid of the Cranbrook hospital is expected to net $600.

One sixth of the 260 tons of butter made at Vernon in 1928 was sold in the town of Vernon.

Last year Vernon creamery made and sold 514,930 pounds of butter which sold for $211.628.

Frank Hatfield a Kaslo trapper took 115 marten in the Howser district the past season.

Vernon will have a 42 mill tax levy this year. Over $70,000 is required for the town schools.

Cranbrook board of trade is asking the C.P.R. to provide better lighting at the station in that town.

Just a little over 41 cents per pound was the average price for butterfat at Vernon creamery last year.

Kaslo will spend $1300 on repairs to the electric light plant which will keep it running another couple of years.

The contract has been let for a new ferry at Porthill. It will cost $3200. and is to be in operation by June 1st.

By a vote of ten to one Cranbrook ratepayers endorsed the by law to spend $31,000 on a new firehall and equipment.

Automobiles are in some demand at Grand Forks. The Ford dealer has just ordered his fourth carload this season.

At Cranbrook the Gyro Club's objective for 1929 is to provide the town with a swimming pool at a cost of $10,000.

Morrison Seed Company of Spokane has already contracted for 1000 acres of seed peas in the Bonners Ferry district.

The Roman Catholics at Fernie are to build a new convent school to cost $22,000. It is a five room, one story structure.

Rev. W. Crick, who introduced the Anglican Church into Kimberley four years ago, has been transferred to Fairview, Nelson.

Vernon council is considering the erection of a building that will serve as community hall, rest room and house the public library.

New members received into the United Churches at Yahk, Moyie and Lumberton at Easter increased the membership 100 per cent.

Greenwood's public school junior Red Cross Society netted $105 at their Easter bazaar. This goes to the Crippled Children's hospital.

Repairs to the pipe line at Rossland reveals the fact that some of the residents of late have been drinking water nhat flowed through a cesspool.

Ralph Clapp, who farms in Drainage District No. 1, Bonners Ferry, states that his sheep have lambed out about 130 per cent. A number had triplets.

House building promises to be active in Penticton this year. One firm of contractors has orders for six new homes at a total cost of about $25.000.

At New Denver's election of the village commissioners last month Thos. Avison, who was nominated by the ladies, headed the poll. He got 50 out of 63 votes.

Fernie city council has turned down the offer of East Kootenay Power Company to buy the city electric light plant and franchise. $100,000 cash was offered.

Bonners Ferry Commercial club may provide the town with a swimming pool. For one 30x50 feet with concrete floor and walls a price of $605 has been submitted.

Last year the Consolidated pumped up from the lake bottom at Moyie 219,399 tons of tailings from the old St. Eugene mine. There is still another 60,000 tons to handle, and the working over of this amount will net the smelter a half million dollars profit.

DIVIDENDS FROM THE FARM

A GOOD farm, representing invested years of effort tilling the soil, should pay dividends. And it will—to the farmer who is a keen business man.

The dividend is the earnings over and above wages for the farmer's work. Too many farms fail to earn even these wages.

The right Banking connection will prove invaluable to the farmer who plans for dividends. He should discuss his business freely with the Bank Manager.

The Manager at any Branch of the Bank will give you painstaking advice and dependable service.

Think Of the Future

A condition of prosperity prevails throughout Canada from coast to coast. It is not confined to any one section nor to any one industry or group of industries. There is, in fact, a generality to the existent favorable situation probably without a parallel in the past history of the Dominion. This is not to say that everybody or every industry is equally prosperous, or, indeed, that there are not those who do not enjoy prosperity. The contrary is true. But taking Canada as a whole, and in the major activities of its people, prosperity reigns today.

Such a condition is, of course, gratifying. Nobody would have it otherwise, and all desire that it shall be long continued. But there are dangers to be avoided in times of more or less universal prosperity which do not present themselves when times are hard and business depression rather than business activity is in evidencee. It is an old and often proved statement that many people who can and have stood strong and true through the strain and stress of adversity, and won through to ultimate victory, have cracked and broken when favored with prosperity and success.

Canada is prosperous today, and it should take full advantage of its present favorable position. The people are optimistic and should continue so. They should continue to show vision, courage, and engage in constructive development. They would be unworthy of their heritage and the future possibilities of their Dominion if they acted otherwise. But they should nevertheless have a care in the enthusiasm of the glowing present not to forget the years to come.

Just as night follows day, winter follows summer, youth grows into old age, and death is the ultimate ending of birth, so is it inevitable that, in course of time, depression in business will follow buoyancy. A pendulum swings just as far one way as it does the other. It is a wise man and a wise community, therefore, which when times are good and development is the order of the day, takes thought of, and prepares for that future day when retrenchment may become a necessity.

If growth and expansion is artificially pushed too far; if an individual or a community becomes committed to large future obligations in order to further speed up present development, they may find themselves in great future difficulty.

All countries, all communities, most individuals, have passed through such bitter experiences. Western Canada has not been immune from them, and those who recall the "boom" days of the past know that the period or adjustment following the collapse of a "boom" was much longer than the "boom" itself, and that in the final analysis the losses far out-weighed the gains.

At the present time all our Western cities, towns, villages and rural municipalities are planning their programmes for 1929. Times are prosperous, the country is growing, and the almost universal demand is for increased expenditures to provide this and that. Today it is possible and comparatively easy to borrow the money to carry such enterprises through and to meet the initial interest charges. But a debt is created which will remain for years to come. When the present buoyancy subsides, when money is less easy to obtain, when depression and some degree of unemployment replaces present favorable conditions in business, will the load be too heavy to carry?

It will be unless care is exercised by all civic and municipal authorities in seeing that the safety line in expansion is not passed, and that expenditures now made are for permanent constructive work which will be revenue producing in the years to come. Extravagance in ideas is no more justified in times of prosperity than they are at other times. It is in those "other times" that the bills really have to be paid.

Developmental works are necessary and are justified in times of prosperity, when they would be suicidal, in fact quite impossible, in times of depression. When depression prevails it is frequently impossible to provide for even imperative and wholly justifiable expenditures. These must be provided when times are prosperous. It then becomes an equally imperative duty to provide them.

But non-essentials, no matter how desirable they may be in other respects, should be carefully considered less citizens, the taxpayers, are unthinkingly swept into the authorization of expenditures which later on they may have cause to bitterly regret.

Such words of warning are unnecessary in times of depression; it is now, when prosperity is with us, that warnings are necessary and should be heeded.

Simple Precautions Against FLU Sore Throat — — The Danger Signal

Health Authorities Point Out The Necessity Of Treating The Simple Cold At Its Beginning

Nearly every case of "Flu" starts with a simple cold. At first the throat is sore—often just a little hoarse—soon the infection goes lower—then the chest is affected. A safe plan is to gargle the throat three times daily with "Nerviline"—this will keep the throat free from germs. If there is any sign of tightness in the chest, rub on Nerviline—every drop will penetrate deeply—congestion will be relieved—the cold will break up quickly. Many a dangerous case of "Flu" can be avoided by this simple home treatment.

Of course it is always wise to take some relaxing medicine, and for this purpose immediate results will be secured from Dr. Hamilton's Pills—they purge the system of impurities and carry off a lot of disease—breeding wastes.

This combination treatment of Nerviline and Dr. Hamilton's Pills is very effective for Grippe, Influenza, Bad Colds, etc., and can be relied upon to give very satisfactory results.

The Newest Invention

Wrist Watch When Worn Three Hours Winds Itself

A self-winding watch has been invented by a Lancashire artisan. Finding that seventy-five per cent. of watch troubles were caused by dirt or moisture entering through the aperture of the winder, he set out to make a watch which would be completely enclosed. In two and a half years, working in his spare time, he succeeded. The new wrist watch winds itself. To keep it going all the owner has to do is to wear it for three hours a day. It can not be overwound.

As a vermifuge an effective preparation is Mother Graves' Worm Exterminator, and it can be given to the most delicate child without fear of injury to the constitution.

Record Beet Acreage Predicted

All records for beet acreage in southern Alberta threaten to go by the boards in 1929. Pre-sign-up indications are that there will be over 10,000 acres of land planted to this crop if the spring outlook is at all satisfactory.

A SPRING TONIC AN AID TO HEALTH

You Can Lay the Foundation Of Good Health Now By Building Up Your Blood and Strengthening Your Nerves Through the Use Of Dr. Williams' Pink Pills.

The good old fashion of taking a tonic in the Springtime, like most of the customs of our grandparents, is based upon sound common sense and good medical practice. Winter is always a trying time for those who are not in rugged health. Many men, women and children go through the winter on reserve strength they have stored up during the sunny summer months, and grow increasingly pale and languid as the spring days approach. A tonic for the blood and nerves at this time will do much for such people, by putting color in the cheeks and banishing that tired feeling that worries thousands of people at this season of the year.

It is impossible to be energetic if your blood is thin and weak, or if your nerves are frayed or shattered. You cannot compete with others if you do not get refreshing sleep at night, or if your appetite is poor or you are losing weight. You need a tonic at this time to add to your efficiency now, as well as to save you from suffering later on. And in all the realm of medicine, there is no safer or better tonic than Dr. Williams Pink Pills. These pills tone and enrich the blood which circulates through every portion of the body, strengthening jaded nerves and run-down organs, and bringing a feeling of new strength and energy to weak, easily tired, despondent men, women and children.

Mrs. L. Hupman, Summerville Centre, N.S., writes:—"Dr. Williams' Pink Pills have been of the greatest benefit to me. A few years ago I was in a badly run down condition, I became so weak and nervous that I could scarcely go about, and doing my housework left me completely used up. Everything seemed to worry me, and I was in a very discouraged condition, when I began taking Dr. Williams' Pink Pills. I soon found the pills helping me, and continuing their use I fully regained my health. Since then I always take a few boxes in the Spring to build me up for the hot weather, and always I find the best results. I therefore cheerfully recommend these pills as the best of health builders.

You can get these pills from any medicine dealer, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A new German cruiser to be constructed at Kiel, is to be electrically welded, no rivets being used in any part of the ship.

No one need endure the agony of corns with Holloway's Corn Remover at hand to remove them.

"I wonder why they say 'Amen' and not 'Awomen' Bobby."

"Because they sing hymns and not hers, stupid."

Miller's Worm Powders destroy worms without any inconvenience to the child, and so effectually that they pass from the body unperceived. They thoroughly cleanse the stomach and bowels and leave them in a condition not favorable to worms, and there will be no revival of the pests.

Gillett: "Did you ever kiss a girl when she wasn't looking?"

Terry: "Not when she wasn't good-looking."

Use Minard's Liniment for the Flu.

You Actually save money on HEAVIER, STRONGER GATE.

Amazing Gate Value!

As long as you live your Frost Gate will positively defy strain and rust. The entire surface of the frame, the welded joints and fittings are HOT GALVANIZED by our own method used only in the Frost Factory. The fabric has the famous Frost Tight Lock. Heavier, stronger hinge bolts, clips and other super strength features. This sturdier, heavier gate costs less per pound of its weight. Investigate this astonishing value made possible by Frost methods and tremendous demand.

If there is no Frost dealer in your neighborhood, write to our nearest office.

"FEEL WELL AND STRONG"

MRS. J. MALIN
R.R. No. 5, Barton St. East, Hamilton, Ont.

"I have to work in the store and do my own housework too and I got nervous and run-down and was in bed nearly all summer. The least noise would make me nervous. I was told to take Lydia E. Pinkham's Vegetable Compound and I have taken seven bottles. It has made me stronger and put more color into my face. I get along nicely now with my work and with my four children. I would like to answer letters."—*Mrs. J. Malin.*

MRS. FRANK LUKES
R. No. 1, Box 58, Lankin, N. Dakota

"I had two babies which I lost at seven months. Before my third baby was born my husband advised me to take your medicine and he bought me three bottles of it. When I had taken the first one I began to feel better so I kept on during the whole period. We have a healthy baby boy and we are so proud of him and praise Lydia E. Pinkham's Vegetable Compound for the help it gave me. I feel well and strong."—*Mrs. Frank Lukes.*

Lydia E. Pinkham's Vegetable Compound

Sour Stomach

Just a tasteless dose of Phillips' Milk of Magnesia in water. That is an alkali, effective, yet harmless. It has been the standard antacid for 50 years among physicians everywhere. One spoonful will neutralize at once many times its volume in acid. It is the right way, the quick, pleasant and efficient way to kill the excess acid. The stomach becomes sweet, the pain departs. You are happy again in five minutes.

Don't depend on crude methods. Employ the best way yet evolved in all the years of searching. That is Phillips' Milk of Magnesia.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any druggist.

RUST RESISTING WHEAT SOON TO BE AVAILABLE

Winnipeg.—Efforts of agricultural scientists to develop a rust-resistant wheat, which would save millions of dollars annually, are meeting with success.

At a meeting here of the Associate Committee on Rust Research, organized under the auspices of the Dominion Department of Agriculture and the National Research Council, reports delivered showed that rust-resistant wheats which appear to have good baking and milling qualities have been secured through the efforts of the plant breeders engaged on the problem and now await development.

Paying tribute to the work of Canadian scientists, especially those working on agricultural problems, Dr. J. H. Grisdale, deputy minister of agriculture of the Dominion, said that profound study and unceasing application to the problems had at last produced results which seemed in a fair way to solve the difficulties in the way of combatting the rust menace. This, he added, was obtained through the close co-operation of the plant pathologists and plant breeders.

During the sessions of the committee it was reported by L. H. Newman, Dominion cerealist, that baking tests on some 36 lines of Marquis Cross rust-resistant wheats are under way at Ottawa. Of these several showed real promise and some of them excel in baking qualities.

Members of the committee today witnessed a demonstration of a newly-developed rapid electrometric method for the determination of moisture in wheat. The demonstration was conducted by Professor Burton, of the University of Toronto, and Arnold Pitt, inventor of the instrument. The instrument is not yet fully developed, but gives great promise when complete details of its operation have been worked out.

Tests developed last summer in Manitoba showed that sulphur dusting of grain is effective in controlling rust, but further research work is necessary for the development of a dusting schedule. Small plot, field and greenhouse tests were conducted. Both horse-drawn and motor-driven machines were used.

At the concluding session of the conference, Dr. Grisdale announced that a conference of plant pathologists conducting research in plant diseases other than rust would be held in Edmonton some time during the autumn.

An Anchor-Donaldson Engineer . . . like most ship engineers, a devoted Scot, proud of his ship, engines, and gauges. His enthusiasm and pride are typical of the service you get throughout the ship on the "Letitia" or the "Athenia." . . . . .

More Settlers Going Into Peace River

Figures To Date Show Large Increase Over Last Year

Edmonton.—Nearly 1,000 settlers with a total capital estimated at approximately $1,150,000, have gone into the Peace River country as new settlers to date this year, according to colonization officers here.

The real rush of settlers commences in April. Last April 1, 200 settlers went in. This April conservative estimates place the figure at 1,500, and the good start already made this month indicates that this estimate is likely to be exceeded.

The settlers are in the majority of cases Canadian and American of excellent type, probably 90 per cent. of them are seeking homesteads, which means that the great bulk of the settlement will be on new land.

Lands beyond railway extensions both north and south of the Peace are favored, the homesteads being about equally divided between Fairview, on the north side of the river, and Hythe, on the Grand Prairie extension south of the river.

Money For Immigration

Over Million Dollars Spent In British Isles In 1928

Ottawa.—A total sum of $1,016,202 was expended by the department of immigration in the British Isles in 1928. The sum expended by the same department on the continent of Europe alone last year, was $75,796,67. The amount expended for obtaining immigrants in the United States was $392,157. The aggregate amount spent by the immigration department from 1881 to 1928 was $51,618,024.96.

The information was given in the House of Commons by Hon. Robert Forke, minister of immigration and colonization.

Questions Gun Boat On Lakes

Ottawa.—Questions regarding the approach to the Canadian shore in one of the great lakes recently of a U.S. gunboat have been placed on the order paper of the House of Commons by Gen. A. E. Ross, Conservative, Kingston. General Ross requests information as to whether there is an agreement between the two countries for the use of gunboats on the great lakes and if Canada has any armed boats thereon.

Heart Trouble Hands and Feet Numb and Cold

Mrs. Wm. Fowler, Auburn, Ont., writes:—"Several years ago I was troubled with my heart and nerves, so bad, at times, my hands would become numb and cold. I took doctor's medicine, for a while, but it did me little or no good. I happened to see

advertised and started taking them at once, and continued for some time, and since then I have had no return of my trouble."

Price 50c. a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

Former Doorn Official Arrested

Berlin.—Police admitted that they had arrested Karl Hartung, recently secretary to the former Kaiser's wife, Hermine. The arrest had been kept secret. It was reported Hartung had threatened to make "revelations" about conditions at Doorn Castle in Holland.

The Oil Of Power. — It is not claimed for Dr. Thomas' Eclectric Oil that it will remedy every ill, but its uses are so various that it may be looked upon as a general pain killer. It has achieved that greatness for itself and its excellence is known to all who have tested its virtues and learned by experience.

Aviator Performs Dangerous Stunt

Makes First "Outside" Loop Ever Negotiated In Commercial Plane

Minneapolis, Minn.—Charles W. (Speed) Holman, holder of the world's record of 1,433 consecutive loops, claims the distinction of having made the first "outside" loop ever negotiated in a commercial plane.

Holman performed the feat at an altitude of 4,000 feet over World-Chamberlain Field here. He used the same Wright Whirlwind-motored biplane with which he won the New York-Seattle air derby two years ago.

The outside loop, regarded by aviators as one of the most dangercus "stunts" in flying, had never been completed before except in strong, especially constructed army planes.

BABIES GAIN BY THIS SIMPLE METHOD

Doctors say, souring waste in baby's digestivee tract is usually back of any failure to gain weight according to schedule. And the best proof, this is true, is the quick way, weak, fretful, puny babies improve when you cleanse their stomach and bowels and put them in order with a few doses of purely-vegetable, pleasant-tasting Fletcher's Castoria. This gentle, harmless preparation is the doctor's first thought to relieve those ills of babies and children, such as colic, gas, constipation, diarrhea, colds, etc. Just be sure you get genuine Castoria in the bottle that bears the Fletcher's signature.

New U.S. Ambassador To Great Britain

Appointment Of Former U.S. Vice-President Is Announced

Washington. — Formal announcement of the appointment of former Vice-President Dawes as ambassador to Great Britain has been made at the White House.

The appointment was made after receipt of word from the state department that the British government had advised that the appointmen of Gen. Dawes would be entirely acceptable to the King.

Thinks Pact Neccessary

Starnburg, Germany.—Count Von Bernstorff, chairman of the German delegation to the League of Nations disarmament preparatory conference, on the eve of his departure for Geneva, expressed the opinion that the out-law war pact was necessary and should be followed by world disarmament and the adoption of a general pact for settling all disputes by legal means.

Long Term Leases For Churchill Lots

Will Probably Be For 99 Years Says Hon. D. G. McKenzie

Winnipeg.—Leases of lots in the townsite of Churchill, terminus of the Hudson Bay Railway, will probably be for 99 years, transferable and subject to revision as to rates at the end of five years, and each ten year period thereafter, it was stated by Hon. D. G. McKenzie, minister of mines and natural resources for Manitoba.

It was intimated a few days ago by Premier Bracken, that the government did not intend to sell lots at Churchill. Interest in the settlement of Manitoba's northern seaport continues to increase, Mr. McKenzie said. The government will concentrate its work on the townsites of Cranberry Portage and Sherritt-Gordon, the minister added.

Will Join Los Angeles To London Flight

Australian Aviatrix Plans To Accompany Captain William Lancaster

Redbank, N.J.—Mrs. Keith Miller, Australian aviatrix, who flew with Captain William Lancaster from London to Australia, has said she would be second pilot and radio operator on a proposed flight from Los Angeles to New York, London and return.

Captain Lancaster will be pilot on the projected flight and Captain Harry Lyons will be navigator. Mrs. Miller said that she hopes to take off from Los Angeles in June. They plan to reach New York in one hop and fly between the east and west coast on their return without stopping. They will use a tri-motored all-metal closed 'plane.

SUNDAY SCHOOL LESSON

APRIL 21

COMFORT FOR GOD'S PEOPLE

Golden Text: "As one whom his mother comforteth, so will I comfort you."—Isaiah 66.13.

Leesson: Isaiah 40.1-11.

Devotional Reading: Psalm 30.1-5.

Explanations and Comments

The People Of Judah Have Suffered Their Full Penalty, verses 1, 2.—We pass today in thought from the time when Judah was enjoying great prosperity under good King Hezekiah (our last lesson), to the time when Jerusalem had fallen prey to the Babylonian power and had been laid waste, and the majority of her people carried away into exile in Babylonia.

Comfort ye, comfort ye my people, saith your God. How great was the people's need of comfort is shown in Isaiah 40.27; 49.14. Who the "ye" are problematical: "the prophets, or the prophetically-minded among the people; certainly not the priests." "The prophets may be nameless, but the Deity who speaks through them speaks as already known and acknowledged: 'My people, saith your God.' By these impersonal voices a personal revelation is made."

Speak ye comfortably to Jerusalem. Speak comfort to the heart of Jerusalem, is Dr. McFadyen's translation. The prophets were to put hope into the heart of the exiles, to strengthen them by an assurance of a speedy return to the home land. Jerusalem (then in ruins) is "an ideal representation of the people." "The city had suffered in and with her exiled people, and their deliverance was hers."—G. W. Wade. Tell her that her warfare is accomplished (her time of service, her exile, is over); that her iniquity, her guilt, is pardoned; that she has received double penalty (ample punishment) for her sins.

"The prophet's charge is laid upon all who would speak of Christ to men. Speak to the heart, not only to the head or the conscience, God beseeches in the person of his ambassadors. The substance of the message may well find its way to the heart; for it is the assurance that the long, hard service of the term of exile is past, that the sin which brought it about is forgiven, and, more wonderful and gracious still, that God's mercy reckons that the ills which follow our faithlessness have more than expiated it."—Alexander Maclaren.

Asthma Cannot Last when the greatest of all asthma specifics is used. Dr. J. D. Kellogg's Asthma Remedy assuredly deserves this exalted title. It has to its credit thousands of cases which other preparations had failed to benefit. It brings help to even the most severe cases and brings the patient to a condition of blessed relief. Surely suffering from asthma is needless when a remedy like this is so easily secured.

NEW RECORD IS SET IN C. N. R. REPORT FOR 1928

Ottawa.—The railway operating revenue of the Canadian National for the year 1928 reached the record figure of $276,631,921. After payment of operating expenses, amounting to $218,248,343, taxes amounting to approximately five million dollars and other charges, the total operating income was $53,213,729 compared with $40,789,724 in 1927.

The report of Sir Henry Thornton, chairman and president, covering the operations of the system in 1928, was tabled in the House of Commons by Hon. Charles A. Dunning, minister of railways and canals. It tells of the progress made by the publicly owned system in its various departments.

The ratio of operating expenses to gross earnings in 1928 was 78.89 per cent. as against 81.75 per cent. in the previous year.

The gross earnings exceeded those of 1927 by $27,915,546, (11.2 per cent.) Freight traffic produced $209,439,962; passenger traffic, $34,187,023; express, $13,307,373; mails $3,099,212, while miscellaneous operations produced $16,598,348. Passenger revenue increased 1.7 per cent. over the figure for 1927. Gross express revenues were increased by $695,947 (5 per cent.)

The total Dominion grain crop harvested in 1928 was approximately 1,200,000,000 bushels. The report estimates an increasee of nearly 10 per cent. over the figure for 1927. For the calendaar year grain deliveries on the western region of the C.N.R. were nearly 37 per cent. over the former record made in 1923.

Income Tax Collections

Ottawa.—There was an increase of $2,851,250 to the total income taxes collected in the year ending March 31 last, as compared with the year before, it was announced by Hon. W. D. Euler, minister of national revenue, in a statement issued. The total for the past year was $59,422,297.

Cutting Corns With Razor Leads To Lock-Jaw

Don't cut corns with an old razor blade. Infection, followed often by death may result from paring corns with an infected razor. Quick, safe relief comes from using PUTNAM'S CORN EXTRACTOR. If afflicted with corns, callouses or sore foot-lumps, use "PUTNAM'S"—it's reliable, and sure to shrivel up the corns so they drop right off. No pain, no soreness, but quick relief from sore corns comes to all who use PUTNAM'S PAINLESS CORN EXTRACTOR. 25c. at all dealers.

The horns of the taxis in Italy are pitched in different keys, and when a block occurs on a street, the protest is melodious and never harsh.
