THE CRESTON REVIEW

VOL XXI. CRESTON, B. C., FRIDAY, MAY 17, 1929 No. 11

Death Summons Mrs. A. Garlick

Probably never before in the history of the district has the passing of one of the citizens evoked such widespread sorrow as was manifest at the first of the week, following Monday morning's sad tidings that Mrs. (Rev.) Arthur Garlick had passed away the night previous at St. Eugene hospital, Cranbrook, where she had been taken on April 30th following the motor mishap at the Huscroft bridge, in which deceased sustained a dislocated hip, and her death attributed to a clot of blood on the lung, which developed rather late on Sunday evening, and with which the doctors were unable to cope. In this case the grief was more poignant due to the fact that up till Sunday morning all news coming from tee hospital indicated that the patient was making a slow but satisfactory recovery.

The late Mrs. Garlick was a native of Barnes, Surrey, England, and was married at Steatham, London, in 1913, residing in Cambridge, and with her husband arrived in Canada in 1919, to take up work at Burns Lake in Northern British Columbia. They were resident there until 1921, when Rev. Mr. Garlick took the work for one year at the histroria native indian settlement of Metlakatla. The following year the Garlick's came to Michel, where they remained until April, 1928, when he became vicar of the parish of Creston.

Since their arrival here the late Mrs. Garlick has been very actively identified with both the Women's Auxiliary and the Junior W.A., which latter she was instrumental in organizing and acted as superindent. She was also president of the Ladies' Guild of Christ Church. In the life of the local congregation and at the outstations she combined tact with a tireless practical effort that has helped much in the splendid development the parish has enjoyed in the past year, as well as winning her a wide circle of friends, within which were many of the other denominations represented in the district.

The remains were brought to Creston on Tuesday and were taken to Christ Church from which edifice the funeral took place on Wednesday morning with Rev. A. J. Doull, Bishop of Kootenay; Rev. F. V. Harrison, rector of Cranbrook: and Rev. H. Oswald, rural dean and rector of Fernie officiating. The two latter took charge of the service at the church, and the burial rites at Creston cemetery were conduceed by the bishop. The pallbearers were all members of the church vestry. Col. Mallandaine, C. B. Twigg, J. W. Hamilton, R. A. Palfreyman, John Hall, and J. Collis. The attendance at the church and cemetery was quite the largest ever seen at a funeral in Creston.

In addition to the many who gathered at church and cemetery, and which throng numbered former parishoners at Michel, along with numbers from every church in the parish—Yahk, Camp Lister, Wynndel, Sirdar, and Creston—the wealth of floral tributes bore mute and unmistakable testimony to thr sterling qualities of the deceased and the many warm and lasting friendships that she enjoyed wherever she went.

In her passing Rev. Arthur Garlick has lost a most estimable wife; one who at all times proved a thorough and efficient partner in the high calling of the church as well as in the home, and whose demise brings to a sorrowing husband the very sincere sympathy of all.

Those sending floral tributes were: Husband, Christ Church Committee, Church W.A., Ladies' Guild, Girls' W. A., Zipper Club, Creston Masonic Lodge, Creston K.P. Lodge, Mr. and Mrs. W. Bush and family, Mr. and Mrs. T. Leman, Mr. and Mrs. R. J. Forbes, Mr. and Mrs. J. Spratt and family, Mr. and Mrs. S. A. Speers, Mr. and Mrs. J. W. Hamilton and Marjorie, Mr. and Mrs. Barner and Lily, Mrs. J. Maxwell, Mr. and Mrs. J. Cook, Mr. and Mrs. Collis and family, Mr. and Mrs. Geo. Johuson, Mr. and Mrs. C. W. Allen, Mr. and Mrs. Robt. Stevens, Mr. and Mrs. F. C. Rodgers, Mr. and Mrs. R. S. Bevan and Evelyn, Mr. and Mrs. McAlpine, Mr. and Mrs. F. H. Jackson and Miss Wade, Mrs. Pope, R. Walmsley, Mr. and Mrs. Chas. Moore, United Church Ladies, Mr. and Mrs. Hayes, Presbyterian Ladies' Aid, Kootenay Garage, Creston and District Women's Institute, Mr. and Mrs. Palfreyman and girls and Miss Cotterill, Mr. and Mrs. Haskins, Erickson Ladies' Guild, Mr. and Mrs. John Hall, Littlejohn family, Mr. and Mrs. T. Bundy, Mrs. Bamford, Mrs. H. Young, Mr. and Mrs. E. J. C. Richardson, Mr. and Mrs. C. Blair and Eleanor, Mr. and Mrs. F. Powers, Mr. and Mrs. J. Bird, Mr. and Mrs. H. Langston and Father.

Madames Martin, Rogers, Heap, Organ, Bleumenauer and Cameron, Sirdar. Mr. and Mrs. E. Foxall and daughter, Mr. and Mrs. R. Andestad, Mr. and Mrs. Sam Moon and family, Wynndel Anglican Church, Wynndel United Church ladies, Mr. and Mrs. George Huscroft, Mr. and Mrs. Towson and family, Wynndel W.A., Mr. and Mrs. E Butterfield and family, Mr. and Mrs. D. Butterfield, Yahk Sunday School Yahk Anglican Church, United Church Ladies Aid, Yahk, Knights of Pythias, Cranbrook Pythian Sisters, Cranbrook; St. Paul's Church, Michel; Pythian Sisters, Alexander Temple No. 8, Michel; St. Paul's Girls' W.A., Michel; Mr. and Mrs. Tony Deluco, Michel; Mr. and Mrs. Stevenson and family, Michel; Mr. and Mrs. J. Lyne and family, Michel; St. Paul's Ladies' Guild, Michel; Mr. and Mrs. LeRoy, Michel; Rev. and Mrs. Henry Oswald, Fernie; Elk River Lodge, A.F. & A.M., Fernie; and others.

K.P. Entertain Visitors

Wild Rose Lodge Knights of Pythias had a distinguished gathering on Thursday night of brother knights, composed of delegations from Spokane, Bonners Ferry, Sandpoint, Cranbrook and Kimberley. Among the notables were representative Bro. Gus Mees of Spokane, who is also past supreme prince of the D.O.K.K.; Brother Floyd Browers, present grand vizer of Temple No. 92, El Malbarez D.O.K.K. of Spokane; Bro. E. A. Hill, G.I.G. of the domain of British Columbia, from Cranbrook. One candidate was initiated into the rank of page, the ceremonies being handled by Brother Past Chancellor H. Bleunmanauer of Kimberley. Two candidates were given the rank of knights and this ceremony being handled by Past Chancellor Bro. Hill of Cranbrook. At the opening of the lodge a telegram was read from Grand Chancellor MacKinnon of the Domain of British Columbia, of Trail, stating that owing to no fault of his he was unable to attend the meeting. At the end of the evening the usual banquet was held, at which time Chancellor Commander Mallandaine called upon the visitors and the local officers for short speeches.

Lister

Geo. Paton, a former well known resident here, but now purser on the C.P.R. steamer Minto on the Arrow Lakes, is a visitor this week with Col. Lister.

Mr. and Mrs. Sherman Cannady and young son, of Sacramento, Calif., are here on a visit with his mother, Mrs. A. Stuart Evans.

Inspector Manning made his semi annual official visit to the Lister and Huscroft schools on Thursday last, and found things very satisfactory at both seats of learning.

The many friends here of Rev. A. Garlick will sympathize with him in the death of his wife, which occurred at the Cranbrook hospital on Sunday. The late Mrs. Garlick enjoyed a wide popularity here and her passing is very deeply regretted.

Bert Yerbury is in charge of a crew that is putting in a stretch of road that will improve travelling into places owned by Reno House, Chas. Lapoint and Harry Yerbury.

Four trucks are on the haul of gravel on road improvements on the Canyon-Lister road. Surfacing is now extended to a point beyond the Ben Long ranch. In this area gravelling has also been in evidence to connect up with the work done last fall.

The United Church concert on Friday last was a complete success, furnishing a variety programme that all enjoyed and bringing a very satisfactory return. Mrs. Jacks, Mrs. Frank Baker, Mrs. Harold Langston, Mrs. Lister and Miss Agnes Sinclair were amongst those from Lister contributing to the programme, with W. Mitchell presiding in his usual able manner.

R. T. Millner presided at the settlers' meeting on Thursday night last which was called to consider the local water question. The necessary petition of application for the formation of the Lister Waterworks District was submitted from the minister of lands and after a full discussion it was decided to apply for incorporation and the twenty land owners present all signed. It is understood the preliminary expences will be met by the land owners with the L. S. B. contribnting the share due from the vacant properties. A committee to handle affairs was named with R. T. Millner, chairman; Harold Langston, secretary, and A. W. Sinclair completing the executive.

Sirdar

Mrs. D. Lombardo and son, Ronald of Revelstoke, have been visiting with P. Lombardo and family for the past week, left Saturday on a visit to Spokane.

Mrs. Arthur North was hostess to a few friends on Sunday in honor of Mrs. Arthur Dibben, a recent bride from Australia.

Mr. and Mrs. J. Pascuzzo returned on Thursday from a few days' visit in Cranbrook.

Mr. and Mrs. Constable of Alice Siding were calling on Sirdar friends on Sunday.

Miss Annie Pascuzzo left Monday for Cranbrook, where she is visiting her sister, Lucy, who is in St. Eugene Hospital.

Frank Provazanno of Cranbrook was renewing acquaintances here on Sunday.

Mr. Backus is doing his travelling in a new Chevrolet coupe. Jack Harna has just invested in a motorcycle.

Messrs. Hicks and Shadd of Jasper, Alberta, who have been visiting with Mr. and Mrs. H. Gillie, left Thursday for Sumac, Wash.

Theo. Lane of Trail was a weekend visitor with Mr. and Mrs. Cam.

Numerous friends in Sirdar extend a sincere sympathy to Rev. A. Garlick of Creston in the death of Mrs. Garlick, which occured at the Cranbrook hospital on Sunday night. The late Mrs. Garlick had a happy knack of making and retaining friends and her sudden passing is regretted by all.

William Neil of Proctor, who has been visiting with Mr. and Mrs. Cam for the past week, left for home on Saturday

Ronald Cam of Boswell was a visitor at his home here over the weekend.

Mrs. Ashley Cooper was a visitor with Creston friends Wednesday and Thursday.

Sid. McCabe was visiting with his wife and family here on Sunday, leaving on Monday for the Kootenay Central.

Sirdar girls are able to show class at Cranbrook. Word has just come that Miss Gwen Wilson has been chosen maid of honor to the May Queen to be installed at Cranbrook on May 24th. Last year the same honor was captured by Miss Eileen Heap

Erickson

J. Marsh of Vancouver is a guest at the Erickson Hotel. He is here on some special repair work at Erickson Battery Service Station.

Douglas Putnam left on Sunday with the Creston company of the Kootenay Regiment, for two weeks military drill at the camp at Vernon.

Miss Foxall of Wynndel is a visitor here this week, a guest of Miss Joan Kemp.

Harry Redmile of Kitchener was an Erickson visitor on Tuesday. He reports auto travelling only fairly good at this time.

Col. Mallandaine of Creston was a visitor here on Monday when he addressed the children at the Erickson school on forestry protection.

Mr. and Mrs. John Hall and daughter Jeannie, were visitors with Nelson friends a few days last week.

Roy Telford is a visitor at Trail this week, where he is attending the sessions of Knights of Pythias grand lodge.

Boyd & Craig, contractors, of Creston started work this week on extensive improvements to the Frank Putnam residence.

Canyon City

Otto Johnson and L. Moberg left last week for Flagstone, where they have taken a lumber piling contract with a sawmill at that point.

Messrs. Svenson and Walde had a fine turnout for their dance on Tuesday night of last week. A cafeteria supper was served by the Community Society

A. D. Pochin returned to Nelson at end of the week after spending a couple of weeks at spring work on the ranch.

Mr. and Mrs. A. Walde and family of Fernie motored in at the weekend on a visit with her parents, Mr. and Mrs. Wearmouth, returning on Tuesday.

Asthur Hall is just back from Trail to take charge of the ranch for the season.

Mother's Day was appropriately observed at Canyon United Church when Rev. E. L. Best of Fernie delivered a timely address and special music appropriate for the occasion was furnished.

Rev. Mr. Helclef of Cranbrook was here on Sunday afternoon for a Norweigan service, which was well attended.

Between flu and mumps Canyon district has been in grip of an epidemic of sickness which has effected most every home in the area since the end of January. It is the longest spell of sickness Canyan has ever witnessed and has seriously handicaped school work.

Canyon again has a Conservative Association. It was brought tnto being at a Conservative rally on Saturday night at which Col. Fred Lister, M.P.P., spoke on marketing matters and the legislation of the 1929 session of the legislature. After his address it was decided to form an association and the following officers were chosen: President, W. E. Searle; Vice-president, Jock McRobb; Secretary, J. E. VanAckeran. The formation of the association is entirely due to the dissatisfaction with the way public works matters in particular have been handled. Here it is the middle of May and practically no road improvements undertaken—and nine million dollars available for highways this year.

Women's Institute Holding Tag Day

The May meeting of Creston and District Women's Institute was held on Friday last with a good turnout of members and the president, Mrs. R. Stevens, presiding. The most important business of the session was arranging for a tag day on Saturday, May 18th, the funds to go to the Crippled Children's hospital.

The report of the cemetery committee showed that while the turnout at the cemetery clean up had not been as large as expected a good start has been made at supplying it with shrubs.

A new visiting committee was appointed, composed of Mrs. C. W. Allan and Mrs. F. Staples. During the afternoon Mrs. Maxwell entertained with an interesting recitation. "Specially Jim." Mrs. Compton very kindly gave a demonstraion of the first steps in rug making.

The Institute has just been advised that the federal government does not propose to make a grant toward support of local health units as this is a matter to be taken care of by the individual provinces.

The matter of life saving apparatus came up for discussion and it was learned that the provincial police has secured most of the needed equipment and Mrs. Slingsby of Wynndel, who was present, has offered to supply a boat, which will complete the outfit at Kuskanook.

Tea hostesses were Mrs. W. K. Brown, Mrs. Bevan, Mrs. Hare, Mrs. McCreath and Mrs. Weston. The collection for the crippled children's fund amounting to $2.90. The tea used on that occasion was Malkin's Best, which was donated by the firm who sent the Institute a large number of sample packages, and was very much enjoyed.

The Power Of Small Things

The following item was recently printed in a large number of newspapers:

"Forty-five years ago there was a strike in an Ohio coal mine. A group of enraged miners took a car of coal, set it afire, and pushed it down into the mine. That fire is still burning under ground, spreading many miles, destroying valuable coal deposits and rendering hundreds of acres of surface ground sterile. Today it threatens to destroy a school building and some homes in a village. Burning beneath them it is undermining the ground and may cause them to collapse. The fire that a moment's anger started 45 years ago certainly turned out to be a bigger thing than the men who started it ever imagined."

There is a moral to this incident which might well be heeded, for, after all, it is but an illustration, a spectacular one, it is true, of almost every day happenings. The moral is that a small act may have far-reaching consequences, either for good or for evil.

A cow kicked over a lamp in a barn in Chicago, and the Great Chicago Fire resulted.

A frenzied student assassinated an Austrian Grand Duke and his wife, and the Great War was the immediate outcome with its sacrifice of ten millions of lives and hundreds of billions of dollars in property and other losses.

An employee is dismissed in anger, and perhaps unjustly, and a nation-wide strike follows bringing suffering and ruin in its wake.

A careless workman, or a dishonest contractor, neglects to put a sufficient quantity of cement in the foundations of a building or in the piers for a bridge, or the retaining wall of a dam, and disaster follows taking heavy toll in human lives.

A rotten timber is used in building a ship, and the vessel sinks; a faulty rail is laid in a track, and a train is wrecked; a careless camper neglects to put his fire, and a terrible conflagration wipes out a forest.

And how often has a hasty word, an insulting remark, led to family and business estrangements with dire results to all concerned.

How often, too, has the peace and friendliness of an entire community been destroyed because of the whispered scandal, the unguarded reflection upon the honor and integrity of another, the prejudiced utterance casting aspersions upon those of different races or religious beliefs.

All little things in comparison to their terrible effects and disastrous results;!

Fortunately, for the human family, the reverse is also true.

We still recall our childhood's interest in the story of the little Dutch boy who by sticking his finger in the small hole in a dam saved his country from inundation. We delight in the personal histories of great men and women who were started on their careers by the kindly, encouraging word of some friend.

We know, too, by personal observation that the mighty oak is born of the humble acorn; that it was in a single kernel of wheat the hundreds of millions of bushels of Marquis wheat annually harvested in Western Canada had their origin.

If we would but remember and give heed to the fact that, just as a pebble thrown into the water causes ever widening circles of little waves to sweep its surface until finally they lose themselves upon the shore, so does every word and act of ours create little circles of influence radiating out into our homes, our offices, our communities and the world at large, and, for good or ill, affecting the lives and future of others and of our country, then, perchance, we would be more careful, more considerate, a little less hasty and impatient of others, and more inclined to extend that degree of sympathy and tolerance to others which we naturally expect will be displayed towards us.

Satisfied Money Was Safe

A man deposited $10,000 in a bank. A few weeks later he approached the teller and demanded his money. He was asked if he did not want to leave a small balance. "No," he persisted, "I want my money." So the teller counted out $10,000. By this time a line of people had collected, each one waiting his turn. The man counted the bills very carefully and handed them to the teller.

"Here," he said, "put it back. I only wanted to see if it was all there.

Nation-Wide Fame. — There is scarcely a corner of this great Dominion where the merits of Dr. Thomas' Eclectric Oil have not been tried and proved. It is one of the world's most efficient remedies for sore throat, lame back and many other ailments arising from inflammation. Rubbed on the skin its healing power is readily absorbed, and it can also be taken internally.

A town is made beautiful by each one doing his share in fixing up his own property. It's a case of "You in your small corner and I in mine."

Simple Precautions Against FLU Sore Throat — — The Danger Signal

Health Authorities Point Out The Necessity Of Treating The Simple Cold At Its Beginning

Nearly every case of "Flu" starts with a simple cold. At first the throat is sore—often just a little hoarse—soon the infection goes lower—then the chest is affected. A safe plan is to gargle the throat three times daily with "Nerviline"—this will keep the throat free from germs. If there is any sign of tightness in the chest, rub on Nerviline—every drop will penetrate deeply—congestion will be relieved—the cold will break up quickly. Many a dangerous case of "Flu" can be avoided by this simple home treatment.

Of course it is always wise to take some relaxing medicine, and for this purpose immediate results will be secured from Dr. Hamilton's Pills—they purge the system of impurities and carry off a lot of disease—breeding wastes.

This combination treatment of Nerviline and Dr. Hamilton's Pills is very effective for Grippe, Influenza, Bad Colds, etc., and can be relied upon to give very satisfactory results.

The World's Air Centre

British Ports Will Be Headquarters In Next Decade Is Prediction

Only a decade or two hence and airplanes and airships may be leaving British ports for all quarters of the Empire and of the world as regularly as steamers do now. From coach to railway, from sailing ship to the steam and oil-driven leviathans of today, from the horse to the car, from the balloon to the airplane the great job of annihilating time and space goes on. And at each new step, in each successive phase, British inventiveness, British engineering, and British pluck are to the fore. In the air as on the waters, Nature has marked us down as the centre of the world.—London Daily Express.

A QUICK WAY TO END BABY'S UPSET SPELLS

"Like other young mothers, I worried every time Baby cried," says a Syracuse, N.Y. woman. "Several times when she was upset or constipated, I tried castor oil but she couldn't retain it. Our doctor told me to try Fletcher's Castoria because it is harmless and babies like it. That ended my worries and I've used it since for all my children." Castoria never fails to delight mothers by the quick way it ends those upsets of babies and children, such as colic, constipation, colds, etc. That's the reason for its tremendous sale and popularity. Like all good things, it's imitated, but genuine Castoria—the purely-vegetable product — always bears the Fletcher signature.

California is likely to become the first horseless state in the United States, for horses are rarely used there now except in isolated regions.

WOMEN WHO SUFFER

Anaemia Responsible For Most Of the Ills Of Girls and Women

Medical science shows that most of the ills that afflict growing girls and women are due to the fact that the blood is either poor in quality or deficient in quantity. This anaemia is the cause of low spirits, languidness, the poor appetite, breathlessness, and the aching backs that make life a burden for so many women. There is no need for any woman to suffer in this way, for all the miseries of anaemia can be quickly banished by taking Dr. Williams' Pink Pills. It is an established fact that these pills create an abundance of new rich blood—their wonderful reputation is based on that.

Thousands of formerly weak and ailing women have cheerfully testified to the fact that they owe their restoration to good health to Dr. Williams' Pink Pills. One of these is Mrs. Napoleon Gallant, Tignish, P. E. I., who says: "I am among those who can strongly recommend Dr. Williams' Pink Pills. Before I began using them I was in an extremely nervous condition. I could not sleep, neither could I eat, and was constantly growing weaker. I got medicine from a doctor, but it did not seem to meet my condition, and then, on the recommendation of a friend, I began to take Dr. Williams' Pink Pills. By the time I had taken a couple of boxes there was no doubt they were helping me. I continued their use until I had taken six or seven boxes when I was again in the best of health. I always keep Dr. Williams' Pink Pills in the house, and if any member of the family feels run-down the pills soon put them in good condition."

The best time to begin taking Dr. Williams' Pink Pills is the moment you feel the least bit out of sorts. The sooner you do so the sooner you will regain your old-time energy. You can get these pills through any medicine dealer or by mail, postpaid, at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Asked what he understood by "foreign entanglements," a schoolboy replied, "Spaghetti."

Minard's Liniment—good for tired feet.

A railway station in Oodnadatta, Australia, has only one train in two weeks.

There is no poisonous ingredient in Holloway's Corn Remover, and it can be used without danger or injury.

Great works are performed not by strength, but by perseverance.

Neuralgia succumbs to Minard's Liniment.

The typewriter is credited to C. L. Sholes, printer editor.

Local Option In India

Voters In Town Of Taran Went "Dry" To a Man

An astonishing thing has happened in the Punjab. Citizens of the town of Taran have lately secured from the Provincial Government the privilege of holding a local option election as to whether liquor shops in the town should continue to operate. Over fifteen hundred voters went to the polls and voted "dry" to a man. This is probably the most decisive local option vote yet recorded in any country. The nearest approach to it possibly occurred in Kentucky some twenty years ago when about the same number of votes were cast, and all were "dry" except those of the two liquor dealers and their relatives—seventeen in all.

Minard's Liniment relieves pain.

For five cents a tourist can ride for hours around the city of Berlin. A system of transfer makes it possible to change at will from street car, auto bus or subway without paying extra fare.

Scientists predict a toeless race. The borer is apparently not the only pest threatening the corn crop.

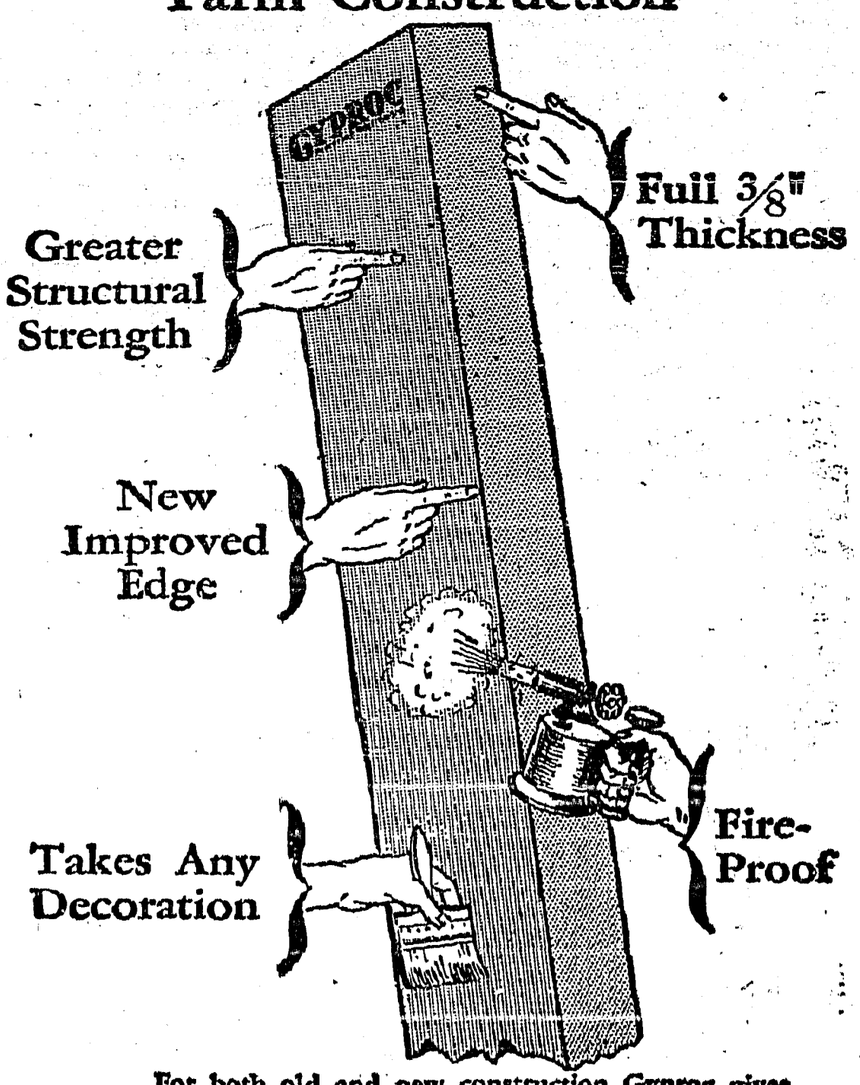
"A GREAT TONIC," SAYS MRS. RUSSELL

After Taking Lydia E. Pinkham's Vegetable Compound

Fenwick, Ont.—"I am taking Lydia E. Pinkham's Vegetable Compound during the Change of Life for nervous feelings, loss of appetite and to gain strength. It is a great tonic and I have taken a dozen bottles of it. It was recommended to me by a friend and now I recommend it to all women for such troubles as come at this time."

—Mrs. W. V. Russell, R. R. No. 5, Fenwick, Ontario.

All These Advantages For Farm Construction



For both old and new construction Gyproc gives more advantages than any other material. Makes durable, permanent walls and ceilings in less time and at less cost. Cannot warp, crack, shrink or burn, and is ideal for lining houses, garages, poultry houses, barns, grain bins and all other farm buildings.

SAY POOL WILL NOT SELL GRAIN AT A SACRIFICE

Winnipeg.—If western wheat pools are blamed for the grain blockade at Port Colborne and Montreal, they are not concerned at the situation in which they are found. But they refuse to be made the "goats," according to Pool officials' statements in answer to Montreal allegations.

"We could mitigate the situation if we wanted to sell our grain at a sacrifice," commented a senior official, "but we refuse to make our farmers pay for a situation that is not our fault. Don't misunderstand. We are selling a certain amount—we are not refusing sales."

"The world surplus is not of our making. There is an enormous amount of grain in the world, and the buying is not exactly brisk. If we wanted to take sacrifice prices we could move the stuff, but we don't intend to penalize our farmers by doing it."

"Why should we relieve the congestion for everybody's benefit but our own? Montreal officials can blame whom they like—we refuse to be the "goats."

Saskatoon.—A report from Montreal which blames organizations of Western farmers for grain congestion ni the port of Montreal and which suggests that Western agrarians should accept a lower price is taken exception to here by George H. Williams, president of the United Farmers of Canada, Saskatchewan section.

"The report published by the Montreal Star," he says, "purporting to come from an official of the Montreal harbor commission, can hardly be regarded as a very fair statement."

Mr. Williams' statement continues. "The article finds fault with western farm organizations because they, through the agency of the western pools, are endeavoring to hold the price of wheat up to a level where it will pay the cost of production.

"The report indicates that the official of the harbor commission makes it very clear that the profits of the harbor commission are being interfered with, and we note the solution is to lower the price of wheat.

"This has always been the solution of commercial organizations handling the farmers' produce, simply to pass on to the farmer any misfortune that may come up and safeguard the profits of the handling company. To cover up this demand they suggest that a drop of even a cent would relieve the situation.

"If this is so, how is it that a drop of nine cents in the open market does not relieve the situation? Can it possibly be that all the real wheat is in the hands of the pools, who are holidng it for a sensible price, and that all the howling is about a lot of paper wheat in the hands of speculators, which does not exist in real bushels at all?

"Somebody ought to explain it!

"Possibly 100 per cent. control of all the wheat by the pools might not be such a bad idea after all. Apparently its direct result would be to cut out a lot of market camouflage and let us know just where we really are."

Riots Cause Controversy

Part Played By Police In Berlin Ruction Is Criticized

Berlin, Germany.—Bitter controversies continue in the Berlin press and among the public as to the part played by the police in suppressing the Communist riots which broke out on May day. Postmortem examinations of twenty-four victims of the riot are said to have revealed that 17 had been killed by police bullets.

The official inquiry has been unable to establish that a single shot had been fired by a civilian against the police. Only one policeman of the 40-odd injured had received a bullet wound and that wound he had accidentally inflicted upon himself.

One hundred and fifty shopkeepers of the Wedding district, where rioting was said to have been very severe, declared that the streets were quite safe from Communist excesses and that a simple police patrol would have sufficed.

Meanwhile, 45 persons of 117 arrested had been sentenced to short terms of imprisonment for breaking the peace. The rest were released for want of evidence.

Cannot Attend Function

Alberta Women Unable To Accept Inviation From England

Edmonton.—None of the five Alberta women who were expected to visit England on June 17, when the Privy Council is to hear their appeal from the decision of the Supreme Court of Canada, which decision declared that they are not "persons" within the meaning of their national charter, the British North America Act, will be able to attend a great public function to be held in their honor in London.

The invitation, which also carried with it an offer of assistance, has been tendered by a group of women in Great Britain, including members of the imperial parliamentary and other notables who have achieved distinction in politics, business, the professions, literature, education and social endeavor.

The Alberta appellants are Mrs. Henrietta Edwards, Mrs. Nellie McClung, Mrs. Louise McKenney, Hon. Irene Parlby, and Magistrate Emily Murphy.

Alaskan Survey Planned

Washington, D.C.—Inventory of the vast resources in timber and hydro-electric power that lie hidden beyond inaccessible mountain ranges in southeastern Alaska is to be taken this summer by navy aviators Flying photographers with multiple lense cameras will unfold the secrets of hidden lakes and inaccessible forests like a magic carpet beneath them.

Frown On Practice

Toronto.—A warning to patent medicine companies against the practice of having sample pills and patent medicines thrown at the doors of householders for advertising purposes was issued today by Hon. W. H. Price, attorney-general. He ordered an inquest into the death of Audrey Gimmer, Kitchener girl, who died after eating pills that had been left at her door.

Ice Breaks Up On Yukon

Dawson.—The ice in the Yukon river in front of Dawson hotel moved out on May 7, heralding the advent of spring and summer. First prize in the guessing contest on the movement of the ice was divided between Thos. Leech, of Dawson, and Kennedy and Grace Stewart, of Anchorage, Alaska. The approximate amount of the prize was $7,200.

Opium Seizure At Coast

Vancouver.—A seizure of opium valued at more than $7,000 was made on the R.M.S. Empress of France by officers of the customs preventive service, according to a report from that office. The seizure consisted of 83 tins and was hidden near the ship's funnels. No arrests were made.

Many Russians Drown

Smolensk, Russia.—Many persons were drowned when a wooden dam collapsed while it was crowded with spectators watching the ice floes during a spectacular rise of the river Dnieper. The river was many feet above normal, causing a serious flood.

SPOKESMAN FOR GERMANY

Dr. Hjalmar Schact, president of the Reichsbank, and spokesman of the reparations conference in Paris.

Should Not Be Disfranchised

Committee Thinks Persons Receiving Charitable Aid Entitled To Vote

Ottawa.—The parliamentary committee on privileges and elections has decided to recommend a change in the Elections Act so that persons receiving charitable assistance would be allowed to vote. The act as it stands prevents persons receiving such assistance either by direct gifts or by living in a charitable institution, from voting.

The committee felt that with so many and varied forms of assistance now being extended to persons in unfortunate circumstances it would be too far reaching to disfranchise them all and it would be almost impossible to differentiate.

The committee refused to agree to the suggestion that the clause preventing judges from voting be eliminated. The general opinion seemed to be that the judges did not want the law changed, they did not wish to be placed in the position of either supporting or opposing the government by casting their ballots.

L. J. Ladner, Conservative, Vancouver South, argued it was absurd to disfranchise the judges. He considered it was an insult to the judges.

Marooned Trains Released

Were Held Up During Ten-Day Blizzard In Northern Manitoba

Winnipeg.—Freed from northern snows by a let up in low temperatures, two Canadian National Railway work trains were able to proceed on the way to Churchill, the prairie outlet on Hudson Bay. Both trains had been held up during a ten-day blizzard that had swirled down from the northland almost to The Pas.

After days of almost unavailing effort the snow plows succeeded in battling through the trains, on one of which were 160 men en route to Churchill for the department of railways and canals.

Suspect Grain Mixing

Think United States Soft Wheat Is Mixed With Hard Wheat Of Canada

Vancouver.—Possibility that some United States soft wheat is brought to this port and mixed with Canadian grain, is interesting the Saskatchewan Royal Grain Commission just now. Evidence has been produced that at least one such vessel from Seattle was in port, this spring, with a part cargo of soft wheat, and loaded the balance of the ship with Canadian grain. The port warden was before the commission, to explain just what safeguards there are to prevent anything of this sort. His evidence was clear on the point, that in such an event, no government certificate would be issued to cover such a mixed cargo, but that there was nothing to prevent mixing after the Canadian grain had been inspected into the vessel. In such an event, however, the Canadian certificate could not be construed as certifying to such a mixture, though overseas buyers might be deceived as to just what kind of cargo they were buying. It was pointed out that ships en route to the Orient from Seattle, frequently come in here for grain, and many of them have soft American grain aboard. There is a mixture made in Oriental ports of 35 per cent. Canadian hard wheat, and the balance soft, from the United States, but this is not covered by a Canadian certificate.

Plans Flight To Sweden

Second Attempt Will Be Made By U.S. Aviator

Chicago.—Another flight to Sweden from the Middle West is being planned by Bert Hassell, Rockford, Ill., aviator.

Hassell, who piloted the "Greater Rockford" on its projected Rockford-Sweden flight last summer and was forced down in the snow fields of Greenland, declared his next flight would be over a route with nine refuelling points.

Hassell predicted that within five years aeroplanes with "pay loads" will fly regularly between Copenhagen and Chicago. The route from the Middle West northeastward through Canada to Iceland and Greenland, thence to the European mainland, is the safest possible to Europe, he said, with its longest stretch over water being only six hundred miles.

Oratory Finals

Toronto, Ont.—The Dominion oratory finals will be staged here on May 22, it was announced. Several provincial champions will strive for the right to be Canada's representative at the international oratory championship in Washington, on October 26.

Adopt Grade Crossing Bill

Ottawa.—Third reading was given in the Senate of the bill amending the Railway Act which provides for the expenditure of $200,000 a year to eliminate grade crossings.

AMENDMENTS TO ELECTION ACT TO BE FORTHCOMING

Ottawa.—Candidates should be allowed to hire automobiles or other conveyances to carry voters to the polls on election day, it was decided by the special committee of the House of Commons reviewing the Dominion Elections Act. Sec. 11, which makes the practice an offence is to be deleted. There are at present one-third too many polling subdivisions throughout the country, Colonel O. M. Biggar, former chief electoral officer stated. Approximately $150,000 would be saved in each election by a revision of subdivision boundaries. Sec. 28 is to be amended to meet the difficulty.

Sec. 27 is to be amended so that an election officer guilty of a wilful act or omission shall be subject to a fine of from $200 to $500, and one half the fine is to go to the informer.

A new section, "3-A," was added, providing that election notices or documents may be fastened to posts or wooden structures despite any municipal bylaw.

Sec. 4 was amended so that although hand bills or otherwise must bear the name of the printer, the candidate cannot be unseated if they do not. It was explained that the section is to prevent anonymous material being circulated.

Farmers and labor organizations may hereafter contribute to election expenses as a result of removing Sec. 9. The action provided that no association could furnish money unless it was specially formed for election purposes. The chairman, C. G. Power, Liberal, Quebec South, said that the section operated unfairly in the case of farmers and labor organizations.

Must Watch His Colors

Party Workers In England Must Be Wide Awake

London.—The party worker who skips lightly from constituency to constituency during the general election campaign will have to keep a sharp eye for his colors. For by a curious practice in British elections, no party has national colors accepted in every constituency. Sometimes the colors in one constituency are completely reversed in another. Occasionally it is a bit awkward for the party enthusiast who wanders far afield.

Phonograph Records Of Speeches

London.—Phonograph records of speeches of 15 leading politicians, including leaders of the three main parties, are being distributed for use in rural areas in the present campaign. The records will probably prove of great value, apart from their immediate use, as interesting examples of personal styles of oratory.

New York Doctor Loses Radium

New York, N.Y.—Somewhere in New York, $25,000 worth of radium is smoldering slowly through its tiny containers and threatening burns to anyone who touches it. It was lost by Dr. J. J. Eller, a skin specialist, who believes he left it in a taxi-cab.

A BROWN STUDY

Brown is a more restful and tasteful color, the car designers and interior decorators of the Canadian Pacific Railway have decided, so this will be the predominant note in the sumptuous new sleepers just built by the company's Angus shops at Montreal especially for service on the Trans-Canada Limited. The carpets and curtains will be a rich brown, and the wood finish a lustrous walnut. Permanent headboards, too, will give added privacy, dividing each section from its neighbour cubicle fashion. The feature of the rear end equipment on the Trans-Canada will be a Solarium-lounge car, with green-tiled bath-rooms, vita-glazed sun rooms and smoking rooms for women as for men.

Dry mouth and parched throat are grateful for the refreshing coolness of Wrigley's Spearmint.

Wrigley's whitens teeth, sweetens the mouth, clears the throat and aids digestion, while the act of chewing calms and soothes the nerves.

THE CRESTON REVIEW

Issued every Friday at Creston, B.C. Subscription: $2.50 a year in advance. $3.00 to U.S. points.

C. F. HAYES, Editor and Owner.

CRESTON, B.C., FRIDAY, MAY 17

Believe It or Not!

BONNERS FERRY, Ida., May 9—Two important deals involving the expenditure of many thousands of dollars for the development of a power plant on Goat River, British Columbia, and the reclamation of some 35,000 acres of Kootenai Valley bottom land in the Creston district were consummated last week, according to A. Klockman and Howard S. Amon, who returned yesterday from Vancouver, B.C., where they had been in conference with attorneys and engineers representing the groups of men who are financing the projects.

A. Klockmann is selling his power plant on Boundary Creek, close to the Canadian line, and power from this plant, developing 800 horsepower, will be used at once on the Canadian side to furnish the town of Creston with electricity and to supply power to electric dredges which will be used in constructing reclamation dikes and ditches.

It is proposed to develop at least 2000 horse power on Goat River and it is planned to complete this part of the program within a year.

Work has already started upon the reclaiming of about 7500 acres of Canadian bottom land known as the Old Reclamation Farm, which has been held under lease by A. Klockmann for several years. E. Larson, who has just completed a contract for the reclamation of Drainage District No. 7, in Boundary County, has moved his dragline dredge to the new project and has a contract for dike and ditch work.

About 3000 acres of this farm will be planted to crops this year and the farming operations are in charge of Messrs. Bishop and Holben of Lewiston, Idaho. It is claimed that these men are in the employ of the Kootenai Power & Development Company. Two tractors are working with four-bottom ploughs, day and night, and are breaking 100 acres daily.

A dipper dredge will be used later in the season to repair the original dike along the Kootenai River, and it is planned to have the entire 7500 acres reclaimed for the 1930 season.

The concern purchasing the Klockmann power plant is under contract to begin immediate development of the Goat River project and has contracted with Mr. Amon to furnish him with from 500 to 1000 horsepower for use in operating electric dredges, pumping plants and other needs of drainage districts. The power line will be extended on the American side to serve all drainage districts on both sides of the Kootenai River.

The work of reclaiming the entire 35,000 acres of government land in the Creston district will start upon the completion of the Goat River power project. Mr. Amon, it is claimed, has valuable concessions from the Canadian government in connection with the drainage of government lands and a part of the deal just closed in Vancouver gives him a contract for widening the outlet of Kootenay lake at the Narrows at a cost, it is estimated, of several hundred thousand dollars.

It is understood that two different companies are interested in the deals concluded with Mr. Amon and Mr. Klockmann, one to handle the power development, and one the reclamation plans and both companies include influential capitalists.

Well! Well! Well!

Certainly the grand old Conservative party in this province has fallen on evil days!

The popular impression has always been that the Tories had a policy of "Canada for Canadians," "Develop Canada's resources by Canadians," "No truck or trade with the Yankees," etc., etc.

Only last week, on his return from his eastern "retreat," Premier Tolmie gave out an interview demanding that Canada do something drastic to show the United States that Canada does not relish the lack of consideratian shown this country in the new Hoover tariff.

And in his campaigning last summer Col. Fred Lister, M.P.P., was never more eloquent than in proclaiming that the hour had struck and it was high time Canada's tariff was built brick for brick to keep out the American product. In fact at that time the colonel was going so strong against things American that he seemed quite prepared to heave a few bricks across the line if it would help the situation out any.

But now look what's happened!

According to the above very authentic dispatch British Columbia's Conservative minister of lands has just handed over to Howard S. Amon and A. Klockmann of Spokane, Wash., U.S.A., 35,000 acres of the fertile Kootenay flats at Creston. And to make sure the gift will not be spurned our Conservative minister of lands also gives Messrs. Amon and Klockmann of Spokane, Wash., U.S.A., the Goat River canyon, a water power capable of developing 2000 horse power.

With this surprising generosity towards these sons of Uncle Sam we mihgthave no serious objection were it not for the fact that Creston Reclamation Company, Limited, a company of Creston Canadians, has already spent several thousands of their own Canadian dollars in preparing plans for the dyking of part of this 35,000 acres, and has had these plans approved by all the Canadian authorities as well as the International Waterways Commission, and today is in shape to start actual construction of its dykes if only British Columbia's Conservative minister of lands would give Creston Reclamation Company identically the same consideration he has, apparently, extended these gentlemen from the south.

And with the Goat River canyon water power be it said that in December South Kootenay Water & Power Company, a Canadian concern with several million dollars behind it, submitted plans for the development of the canyon and by now would have had the canyon producing light and power for the whole Valley had British Columbia's Conservative minister of lands shown the same regard for Canadians and Canadian capital as he now extends Mr. Amon and Mr. Klockmann.

In the case of the Reclamatioh Company, with the agreement it holds from the B.C. government and remembering the capital already invested, for the first time in history we are to witness a Canadian government repudiating an agreement officially entered into with a company of Canadian citizens, and transferring this Canadian company's property to gentlemen swearing allegiance to the republic to the south!

"No truck or trade with the Yankees!"

"Develop Canada's resources by Canadians!"

"Canada for Canadians!"

Apple sauce!

It's Up to You—Mr. or Mrs. Individual Ratepayer!

The biggest business the village commissioners have, as yet, been called upon to handle is now before the council. It was presented at a special meeting on Tuesday night.

It is an agreement wherein the village proposes to hand over an exclusive 20 year franchise to H. S. Amon who agrees to supply Creston with a light and power and telephone service until 1949.

Mr. Amon, it will be recalled, is the same party who about a year ago entered into an arrangement with the village to supply Creston with a 24-hour electric light and power service that was to commence September, 1928.

With the merit or any lack of merit in the new contract the Review is not at this time concerned. But for two reasons we believe every ratepayer should give this new arrangement his or her personal attention.

1. The Review is of the opinion that the commissioners are liable to sign this new contract without consulting the ratepayers.

2. The Review does not believe that any three citizens have the right to obligate the village for so long a period on such an important utility as light and power without letting the taxpayer know the full contents of the agreement it is proposed to execute. Not so long ago when a five-year contract with C. O. Rodgers was contemplated a plebiscite was provided.

Neither the Board of Trade or any committee that we have heard of is likely to pass a petition to present to the council requesting a plebiscite.

This very important matter is squarely up to the individual ratepayer for consideration and action. If you want a plebiscite, or a chance to peruse the contract YOU must see one, two or even three of the commiesioners and personally state your own case.

And DO IT NOW—today; tomorrow may be too late. The meeting to finally consider the contract is at the call of the chairman of the board of commissioners, who has gone to Nelson for legal advice on the agreement, and no information is available as to the date of this all important council session.

Kitchener

Mr. and Mrs. LaPage and baby, Ronald, are here on a visit with Mr. and Mrs. B. Johnson.

Mr. and Mrs. N. K. Devlin were motor visitors to Cranbrook on Sunday.

Mr. and Mrs. C. Anderson were Sunday visitors with Cranbrook friends.

Mrs. Geo. Young of Creston is a Kitchener visitor at present, a guest of Mrs. E. Driffil.

Mr. Russell of Cranbrook made the sale of two autos here this week. The buyers were Joe Langlois and P. Molander. They were both 1629 Oldsmobiles.

Mr. and Mrs. Farrell and family of Porthill were Sunday visitors with Mr. and Mrs. Hunt

Mrs. Payne was from Creston for a few days, a guest of Mrs. C. Senesael.

Miss L. M. Bowon, of Victoria, commissioner of requirements for the education department, visited Kitchener school, and found everything satisfactory for a teacher.

Fritz Molander spent the weekend at his home here.

Dr. Henderson of Creston was here on an official visit of inspection of the Kitchener school on Thursday. Mrs. Henderson accompanied him and was a guest of Mrs. Hunt.

Miss Ford, principal of Kitcheger school, has issued the following report for April: Highest standing: Grade 8—Richard Molander, Edith Nelson. Grade 7—Selmer Anderson, Willard Blair, Vivian Langlois. Grade 5—Celina Langlois, Frank Abar, Hazel McGonegal. Grade 4b—Jackie Langlois, John Bohan. Grade 3—Robert Johnson, Alta Blair, Leonard Bohan. Grade 2—Joe Langlois, Alice Bohan. Perfect attendance — Frank Abar, Myrtle Anderson, Selmer Anderson, Alice Bohan, John Bohan, Leonard Bohan, Hazel McGonegal, Richard Molander, Edith Nelson.

Wynndel

Mrs. Nathorst was a Creston visitor last week, a guest of her sister, Mrs. M. Young.

Mr. and Mrs. C. Ogilvie and son were renewing acquaintances in Nelson a few days last week.

Mr. and Mrs. Blackmone and young daughter of Idaho were weekend visitors here guests of Mr. and Mrs. Hackett.

T. Dunseath, who is employed at Canal Flats, was a weekend visitor at his home here.

Clem. Payette left last week for Boswell, where he has obtained work.

Miss Phyllis Foxall was at Erickson for the weekend, a guest of Miss Joan Kemp.

Wally Johnson, who has been in Calgary, Alberta, for the past few months, returned home Monday.

Strawberries are coming in to bloom as well as apples, and both cultivation and spraying of strawberries is in progress.

Mr. and Mrs. R. Url, Mr. and Mrs. M. Hagen, Mrs. Dunseath, Mrs. Rudd, A. Rudd, Mrs. Gregory, and O. Hagen were Creston visitors on May 8th, taking in the old time dance.

The first electrical storm of the season passed over Wynndel on Monday night, accompanied by very heavy rain.

The K.K. Klub are having a dance in old schoolhouse on Friday evening, May 24th. Three-piece orchestra. Gents 75 cents; ladies 50 cents, supper included.

Dance in old schoolhouse on Saturday night, May 18th, under auspices of junior baseball club. Good music. Gents 75 cents and ladies bring refreshments. Ladies without lunch 50 cents.

A Conservative Association for the Wynndel district was organized at the end of the week with H. F. Packman, president; T. Sixsmith, vice-president; J. G. Hulme, secretary. In the matter of public works and employment of local men Wynndel has not been getting a square deal this year, and the new association will see that this state of affairs is remedied.

A fourth oil company is opening for business at Cranbrook. The Shell Company has commenced erecting storage tanks and other buildings.

Hosiery and
Men's Khaki Trousers

My prices are right. Come in and look the line over.

V. MAWSON

Local and Personal

Mrs. Shavela and two children, who have spent the winter in Creston, left last week for Lumberton, where Mr. Shavela is employed, and where they are to reside in future.

Miss Evelyn Bevan, who has been in Cranbook as nurse to the late Mrs. Garlick at St. Eugene hospital, for the past ten days, returned home at the first of the week.

His lordship the Bishop of Kootenay will visit Creston on Tuesday, May 21, and there will be Holy Communion at 8.00 a.m., and evening service with address at 7.30 p.m.

LUMBER FOR SALE—6 to 12 inches wide, in 8-foot lengths, at $10 per thousand at mill, near Porthill, or $14 per thousand delivered at Creston. Monrad Wigen, Creston.

Christ Church Ladies' Guild have their annual spring sale at the Parish Hall on Saturday afternoon, May 25th. There will be plain sewing, home products and cooking on sale, and tea served.

Rev. E. Leslie Best of Fernie was the speaker at Trinity United Church and left the same evening by auto with Rev. and Mrs. Cribb for Vancouver, to attend the B.C. conference of the Tnited Church.

Ideal weather prevailed for the annual bulb show of Creston and District Women's Institute at Trinity Church hall on Saturday afternoon, and the cash intake from the tea and sale of cooking was about $36.

The next social attraction is the Victoria Day dance in the Grand Theatre ballroom under the auspices of Holy Cross Church ladies on Friday evening May 24th. Good music, and admission of $1.50 per couple, supper included.

J. P. MacDonald, forest ranger, has taken delivery of a new Ford sedan from the Premier garage. The same firm has sold S. A. Speers a 1929 Ford truck. Creston Motors report the sale of a Plymouth coupe to Pat Downey.

F. H. Jackson, chairman of the village commissioners, was at Nelson, Thursday, interviewing. Hamilton, Wragge & Hamilton, the village solicitors, on matters connected with the twenty year electric light and telephone franchise.

The pupils of the public school assembled at an open air meeting at the school on Monday morning when a splendid talk of forestry protection was given by Col. Mallandaine. J. P. McDonald, the local forestry officer, also spoke briefly.

Tomorrow the Creston and District Women's Institute are staging a tag day with the funds collected to go to the Crippled Children's Hospital. This institution has already taken care of children from Creston district and it should have generous support.

W. Ginol of Ginol's Landing, was a business visitor at Creston on Tuesday. He reports that bloom gives every indication of a fine crop of tree fruits. While here he completed arrangements with Creston Growers, Limited, to handle his 1929 shipments.

FOR SALE—2 dressers, washstand, refrigerator, oak roll top desk, Congoleum rug, sewing machine, washing machine, 6 dining room chairs, table, library table, living room chairs and rocker, Coleman lamp, ½ bed, child's bed, kitchen stove, fruit jars, etc., etc. Mrs. H. W. McLaren, Creston.

Rev. R. E. Cribb left at the first of the week for Vancouver, where he is attending the 1929 conference of the B.C. United Church, and will be gone at least ten days. Mrs. Cribb and children accompanied him and will be remaining at the coast for an extended holiday.

Wm. Ramsay of Nelson, district public works engineer, was here on an official visit on Wednesday, and made a trip of inspection over the roads between Goatfell and Kuskanook. He is confident the $4000 promised for the North and South Highway improvements will be available and work will start almost immediately.

A party of eight young men from Creston, in charge of Lieut. Lionel Moore, left on Sunday last for Vernon, where they are taking two weeks military drill at the training camp near that town. The camp closes on the 25th. In the party were Bert Penson, Douglas Putnam, Bill Manuel, Dobie MacDonald, Charlie Moore, jr.

H. A. Nicholson, of Nelson, the Kootenay superintendent of the B.C. Telephone Company, was here on official business at the first of the week. Mr. Nicholson was looking up a site for a central which it is possible the company will erect here. With the exception of Creston the B.C. Compane operate all of the telephone lines in East and West Kootenay.

Creston is due to very shortly lose a couple of very estimable citizens in the departure of Mr. and Mrs. H. W. McLaren and family to reside in Vancouver. Due to none too robust health "Mac" has been forced to secure a discharge from the provincial police, and will take up work in Vancouver in the B.C. motor license office at June 1st. Everyone will hope that the shift will bring a speedy restoration of former good health, and that they will find their new home as congenial as their eight years residence in Creston.

Many friends of Mr. and Mrs. David Scott, former residents of Creston, but now farming near Champion, Alberta, will greatly sympathize with them in the untimely death of their 9-year old son, David Franklin, which occurred at their farm on Saturday evening last. Just how the fatality happened is not known. He had left the barn on a saddle horse to bring in the cows and when he failed to return and search was made for him, his unconscious form was found beside a fence and it is presumed he was thrown from the horse, striking his head against a stone. He never regained consciousness and died, passing away about 4 o'clock Sunday morning.

British piano manufacturers have captured both the American and New Zealand markets from their American rivals.

Canadian Legion

Dominion Convention To Be Held In Regina In November Of This Year

The Dominion Convention of the Canadian Legion B.E.S.L., will be held in Regina on November 25th 1929.

To those ex-service men who are not members of the Legion, the present is an opportune time to become identified with the organization that has done much to promote the welfare of returned men, their widows and dependents.

The work of the Legion is not diminishing as the years go by, but rather is growing. The membership likewise is increasing and particularly so in Saskatchewan since the Provincial Convention, but in the province there are still a number of men who are eligible to join, and who have not as yet identified themselves with the organization, possibly due to lack of opportunity to do so.

With the increase of branches throughout the province, there is now local representation in practically every district, and the provincial secretary, Canadian Legion, Regina, will be pleased to advise anyone, on request, of the nearest local branch.

Unity among returned men was accomplished when the Canadian Legion came into being some years ago. All that remains is to complete the membership and make the organization even more representative than it is today.

On its record of achievement alone, the Legion deserves the support of all ex-service men, and it is hoped that the next few months will see every eligible man in Saskatchewan enrolled. The dues are nominal, but the presence of every returned man in the ranks of the Legion will be of the utmost value in furthering the aims and objects of the organization, and in promoting that comradeship which is one of its biggest assets.

"Well, you see, he's a Scot and she would persist in washing out his shaving brush every morning."

Headache

Relieved without "dosing." Rub on VICKS VAPORUB
OVER 21 MILLION JARS USED YEARLY

Baby's restless nights might be avoided

Scalded skin and other skin troubles are common causes of restlessness, and often could be avoided by careful bathing with Baby's Own Soap.

Its fragrant lather cleanses and heals Baby's skin, and prepares for restful sleep.

"Best for you and Baby too" 23-29

When intensely angry and searching for a fitting word to express yourself, say "Roosevelt," which, we are reliably informed, is the biggest dam known.

Useful In Camp.—Explorers, surveyors, prospectors and hunters will find Dr. Thomas' Eclectric Oil very useful in camp. When the feet and legs are wet and cold it is well to rub them freely with the Oil and the result will be the prevention of pains in the muscles, and should a cut, or contusion, or sprain be sustained, nothing could be better as a dressing or lotion.

A dentist is the only person who can tell a woman to open and shut her mouth at will and get away with it.

NO MEDICINE LIKE BABY'S OWN TABLETS

Once a Mother Has Used Them She Will Use Nothing Else

To once use Baby's Own Tablets is to use them continually—that is as long as there are young children in the home. That is the testimony given us by mothers from all parts of Canada. They all say that they know of nothing to equal the Tablets, that they find them safe and efficient and at the same time pleasant to take.

Mrs. John Hollinworth, Maidstone, Ont., writes:—"I have three children, the eldest fourteen and the youngest nine months old. I have always used Baby's Own Tablets for them and have found no other medicine to equal the Tablets as a relief for the many ailments of childhood."

Baby's Own Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach. They drive out constipation and indigestion, break up colds and simple fevers and make the cutting of teeth easy. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

SUNDAY SCHOOL LESSON

MAY 19

JEREMIAH CALLS TO OBEDIENCE

Golden Text: "Hearken unto My voice, and I will be your God, and ye shall be My people."—Jeremiah 7. 23.

Lesson: Jeremiah 7.1-26.

Devotional Reading: Psalm 96. 7-13.

Explanations and Comments

Outward Ritual Is Not Religion, verses 1-4.—Jeremiah felt impelled to stand at the gate of the temple and warn the people. To all who entered in at these gates to worship in the temple, Jeremiah cried: "Thus saith Jehovah of hosts, the God of Israel, amend your ways and your doings (a favorite expression with Jeremiah), and I will cause you to dwell in this place, you need not fear being carried off into exile. Trust not in the lying words of false prophets who declare unto you that God will never permit this holy temple to be destroyed." The threefold repetition of the words "the temple of Jehovah" suggests the energy of iteration that belongs only to Eastern fanatics, Dean Stanley observes. Recall the repeated cries of the fanatics in the theatre at Ephesus, "Great is Diana of the Ephesians" (Acts 19.)

"Is it not thus that the children of godly parents presume on the results of ancestral piety? Is it not thus that evil-living men will risk the consequences of sin, because they are prepared to make liberal gifts to religion? The drink-seller, the opium-smuggler, the slave-impostor, have all, in one form or another, administered sedatives to conscience, saying: 'The temple of the Lord! The temple of the Lord!'"—F. B. Meyer.

There Must Be Obedience To the Covenant Of Old, verses 5-7.—The continued security of the people in the land of their fathers would depend upon their reforming and practicing the social virtues, Jeremiah declared,—the security of justice between a man and his neighbor, the the freeing from oppression of the stranger, the fatherless and the widow, and the avoidance of the shedding of innocent blood—and also upon the avoidance of the worship of false gods. The stranger was the sojourner from away, the alien resident temporarily in Judah. He and the fatherless with the widow had no voice in the administration of affaisr and could be easily oppressed.

"As the potter has power over the clay to make and to change as he pleases, so is the nation in the hands of God to do with as seems best to Him. It is not for us to try to mould the national life and purpose without God and His Son Jesus Christ, into whose hands the nations of the world have been given; it is for us to make sure first of all that our nation is right with God and that we have the spirit of submission and obedience to him. Then the vessel will come out a vessel of honor, for the hands of God will be moulding the clay on the wheel."—The Youth's Companion.

A nautical mile is 6,080 feet, or 800 feet more than a land mile.

Little Joe opines that the splinters in the ladder of success won't bother you unless you are sliding down.

Worms are encouraged by morbid conditions of the stomach and bowels, and so subsist. Miller's Worm Powders will alter these conditions almost immediately and will sweep the worms away. No destructive parasite can live in contact with this medicine, which is not only a worm destroyer, but a health-giving medicine most beneficial to the young constitution.

Sheep are old at 12; an ordinary domestic pig has been known to live to the age of 30.

Splitting Headache

Minard's will drive it away. Bathe the forehead. Also inhale.

MINARD'S "KING OF PAIN" LINIMENT

We would say that a stable government is one in which the people remain hitched.

Short of Breath Smothering Feelings Choking Sensation

Mrs. H. Day, Dartmouth, N.S., writes:—"For over a year I was troubled with smothering spells and shortness of breath, and it was impossible for me to walk, even a short distance, because of the choking sensation which followed.

After trying many treatments, in vain, I at last decided to try

MILBURN'S HEART AND NERVE PILLS

and in a surprisingly short time they did me much good.

Price 50c per box at all druggists or dealers, or mailed direct on receipt of price by The T. Milburn Co., Ltd., Toronto, Ont.

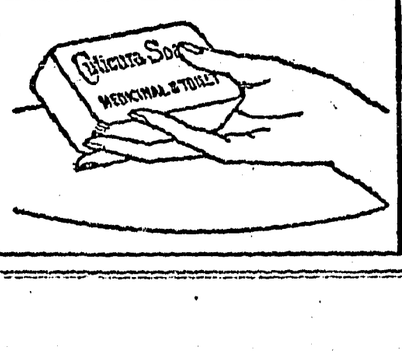
Silk is considered unclean by the Mohammedans because it is the product of a worm.

Cuticura Soap

WORLD-FAMOUS FOR DAILY TOILET USE

THE every-day use of Cuticura Soap, assisted by occasional applications of Cuticura Ointment, when required, is your best insurance against skin troubles. They not only cleanse and purify, but also enhance and preserve the natural qualities of the skin and hair.

Soap 25c. Ointment 25c. and 50c. Talcum 25c. Sold everywhere. Sample each free.
Address Canadian Depot:
J. T. Wait Company, Ltd., Montreal.



Indigestion

What most people call indigestion is usually excess acid in the stomach. The food has soured. The instant remedy is an alkali which neutralizes acids. But don't use crude helps. Use what your doctor would advise.

The best help is Phillips' Milk of Magnesia. For the 50 years since its invention it has remained standard with physicians. You will find nothing else so quick in its effect, so harmless so efficient.

One tasteless spoonful in water neutralizes many times its volume in acid. The results are immediate, with no bad after-effects. Once you learn this fact, you will never deal with excess acid in the crude ways. Co learn—now—why this method is supreme.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any druggist.

CANADIAN AIR MAIL PLANE ESTABLISHES WORLD'S RECORD

The entire world recognizes that Canada, in proportion to her population, is making greater practical use of aircraft than any other country and the "work" records of Canadian airplanes are regarded as even more important contributions to the advancement of aviation than the endurance and other stunt achivements of other countries.

Canada's latest and most impressive practical record in air is in speedy delivery of air mail and Capt. D. S. Bondurant, pilot for Canadian Airways (subsidiary of International Airways of Canada, Limited), as a result of a record flight between Toronto and Montreal, now holds the world's air mail speed record.

Capt. Bondurant, flying a Fairchild "71," powered by a Pratt & Whitney Wasp engine, on March 21st, covered the 340 miles from Toronto to Montreal in just one hour and forty-four minutes, and this has now been established as the world's fastest air mail flight.

Remarkable as this time is, Capt. Bondurant would have bettered it, but for fog encountered a little over 100 miles from Montreal. Up to this point he has flown 215 miles in just 60 minutes, maintaining a speed of over 3½ miles a minute.

Throughout the record-breaking flight Capt. Bondurant reported perfect performance from his plane which was fueled with Imperial Aeroplane Spirits and lubricated with Imperial Marvelube Motor Oil products which have become the almost universal preference of Canadian aircraft operators who choose them for 90 out of every 100 miles flown in Canada.

CHAPTER XIX—Continued.

Connie had rehearsed this moment a thousand times. She stood quietly on the steps for a moment, then slipped gracefully to the platform, Connie herself could not have imagined how changed she was. From coiffure to dainty French heels she was dressed as if fresh from the hands of an expert Parisian costumer. So dazzling was she that she positively took Donald's breath away. It seemed to him that she had grown like a magic rose, all at once from a tiny bud to a full blossom. No fault could be found with the perfect oval of her face, or with the delicate white rose skin, from which every trace of tan had gone. The long lashes that fringed her big blue eyes had turned a shade darker than the curling waves of her abundant golden hair.

Andy, whose small form had been hidden in the rear, moved bashfully forward, fumbling the wide hat held in his hand. "'Ello, Connie," he blurted, his lips parted in a wide smile of welcome.

Instantly Connie forgot her assumed dignity and became her warm, impulsive little self. With a glad cry she flung her arms about Andy's neck and kissed him.

"Strike me pink!" breathed Andy, as his hand stole up to touch the spot where Connie's lips had brushed his cheek.

Connie turned to face the lake. "Oh, Dad!" she cried in ecstasy, "isn't it good to be back here again?" She stretched her arms toward the ice-clad peaks. A gentle breeze swept down the wooded slope to fan her face as though in welcome. The blood surged beneath her smooth white skin and went singing through every vein. "Ah!" she sighed happily, as she inhaled a deep breath of air laden with the odour of pine from the hills she loved. Donald, gazing at her hungrily, saw tears brimming under her long lashes.

From the far end of the train a tall, grey-haired man assisted a slender sweet-faced woman to the ground, and then walked towards the station. As they stepped to the platform the woman's eyes rested on Donald, who stood with his back to her. Instantly she became rooted to the spot, eyes wide, one hand fluttering toward her heart. With the supreme, wondrous mother-love shining in her eyes, she held out her arms.

"Donald!" she cried passionately, "Donald!"

Donald whirled at the sound of the loved voice calling his name. His heart throbbed wildly, his throat felt constricted and his face paled under stress of strong emotion.

"Mother!"

His arms were around his mother, yearning, tender, hungry, after these long months of separation. Her face upturned to his was white and drawn, but her eyes shone with hallowed joy. He felt his hand gripped in his father's strong fingers, and saw his eyes shining with tears. John McLean patted his boy's dark head with a shaking head.

"Donnie! My boy, Donnie!"

For some time Donald was oblivious to all save the great happiness of meeting his parents. His mother's embrace almost unmanned him, and it was with difficulty that he kept back the sobs that tightened his throat.

He led his parents to the other end of the platform and introduced them to his friends.

Robert Rennie's comments were simply gasps and a reiterated, "Well! Well!"

Andy offered his usual contribution. "Strike me pink!" he said.

Connie's eyes were filled with soft eagerness as she greeted Donald's mother. The glow in Donald's face as he spoke to Connie was poignantly significant of his deep love for her. But Connie, to his consternation and dismay, met his ardent glances with a look of cold indifference.

Since Connie's arrival Janet's features held a look of disquietude, but she acknowledged the introduction to Donald's parents with a radiant smile.

A moment later, Connie, with skirts held high, was running down the railroad track.

"Going after her horse," smiled Wainwright in answer to Donald's question.

"Will you have dinner with us?" invited Donald.

"Yes, thank you," responded Wainwright. "We will sleep in the car tonight," he continued, "but Constance insists that we must return to the old home as soon as possible. She has been busy drawing plans for a chalet she intends building on the bluff.

Connie returned with the old trapper, the latter leading Pegasus.

At dinner Connie showed no signs of her former shyness. She was as self-possessed, calm and perfectly poised as a goddess. A glad light filled her eyes as Gillis and his crew of "redshirts" filed into the big dining-room. She sprang to her feet and greeted them joyfully, shaking hands with each and everyone.

"I'm so glad to see you, Jack," she smiled.

The big logger took her tiny hand in his. "We're sure glad to have you with us again, Connie."

"May I bring Andy in to dine with us, Mr. McLean?" she asked as she came back to the table.

Donald nodded assent. She ran gleefully to the kitchen, and a moment later the loggers grinned broadly as she came through the door leading the protesting cook by the arm.

"Now," she said as Andy sat down, "we're all here." She looked about her and clasped her hands rapturously. "It seems as though I had been gone for years. And oh, it is so nice to be home again!" She sank to a chair between Andy and the trapper. "Do you remember, Andy, when you were dressed as a butler and danced with John at your party?" She threw back her golden head and her silvery laughter filled the room.

Janet was unhappy from the moment of Connie's arrival. She had caught the look of adoration in Donald's eyes as Connie stepped to the station platform. Standing there then she had quite definitely abandoned any hope of winning him. And Janet had been so sure that once she had held a place in his heart. A great depression, a great weariness of spirit, settled upon her.

That evening, as Donald walked with his parents by the lake-shore, he turned to his father. "Dad," he said anxiously, "do you think I have made good? Will you forgive me for —for——"

John McLean's eyes grew suddenly misty. "Donnie," he began gently, "Mr. Rennie has told us all about you. And no man could speak more highly of another." He drew a newspaper from his pocket. "Haven't you seen this?"

It was Vancouver's morning paper with a full-page devoted to the visit of the Eastern lumbermen. There were several photographs of the Summit Mill and one of Donald. The paper spoke of him as "the able young engineer whose modern ideas and energy had given to British Columbia a logging plant and mill that were a credit to the Province."

Donald saw the proud light in his father's eyes, and his heart was filled with a great peace.

The next day carpenters and material arrived for the construction of Wainwright's new home. That afternoon Connie, clad in fashionable riding habit, came to the mill office with her foreman to place an order for lumber. Pegasus in silver-mounted bridle and English saddle was proudly restive. With neck arched he curvetted and rocked while Connie sat on his back with that complete lack of self-consciousness that is the heritage of a born horsewoman. Before leaving she rode up the hill among the toiling workers, her irresistible smile bringing an answering grin from the "redshirts," who doffed their hats and shouted a joyous greeting.

All day pack-horses and men struggled up the hill, staggering under the weight of building material. But althouh Donald strained his eyes for a glimpse of the golden-haired rider, he saw her no more that day.

(To Be Continued.)

NEVER wait to see if a headache will "wear off." Why suffer when there's always Aspirin? The millions of men and women who use it in increasing quantities every year prove that it does relieve such pain. The medical profession pronounces it without effect on the heart, so use it as often as it can spare you any pain. Every druggist always has genuine Aspirin tablets for the prompt relief of a headache, colds, neuralgia, lumbago, etc. Familiarize yourself with the proven directions in every package.

The invisible difference

Many motor oils look alike, but there is a vast difference in the way they perform. Unfortunately this difference is difficult to detect.

The invisible difference which makes one motor oil better than another must be inherent in the crude from which it is made.

There you have the reason why Marvelube gives better engine lubrication than oils refined from ordinary crudes. Imperial Oil searched the world over for a better crude—and in South America they found it. From it they make Marvelube—a pure, carbon-free, full-bodied oil that resists the extreme heats and pressures of modern engine operation.

Aircraft operators prefer Marvelube because better lubrication means greater safety and longer intervals between overhauls. Motorists prefer Marvelube because it is the ideal oil for modern motors. It ensures greater power, greater flexibility and greater economy.

There is a grade of Marvelube refined to meet exactly the specifications of your car. Consult the Marvelube Chart at Imperial Oil service stations and dealers.
