THE CRESTON REVIEW

VOL XXI. CRESTON, B. C., FRIDAY, JUNE 28, 1929 No. 17

Fewer Students Writing Exams.

Twenty-Two Pupils Trying for Entrance to High School—13 Passed on Recommendation—18 Try Junior Matriculation.

Fffteen students are today completing writing on the papers set by the department in connection with high school promotions, 12 of whom are writing on third year, and three on first year papers, the latter trio all being from Lister school, where the principal Miss Curtis, has taken first year high school work. In addition to those writing 24 have been passed on recomendation in first and second year. Vice-principal Kirk of the public school is presiding examiner. and names of those writing and recommended for promotion are as follows:

Writing for promotion from Grade IX. to X.—Charlie Malthouse, Agnes Sinclair and Andrew Sinclair. All from Lister school.

Promoted from Grade IX. to X. on recommendation without examinations (names in order of merit)—Tom Crawford, Herbert Couling, Joan Hilton, Andrew Miller, Dora Nickel. Passed June examinations—Margaret Blinco, Clementine Marshall, Jack Hale, Wesley Blair, Fred Alderson, Ruth Cartwright, Raymond Martin, Letty Couling, Beryl Nichols.

Promoted from Grade X. to IX. on recommendation without examinations (names in order of merit—Gwedo Benedetti, Aileen Spratt, Claud Simpson, Marcella Sanford, Jean McCreath Ada Lewis, Alex Hetderson, Lyle Kemp, Frank Crawford. Passed June examinations—Gwen Webster, Mary Rentz.

Writing for promotion rrom Grade XI. to XII.—Floyd Celli, Arthur Couling, Margarec Fraser, Mary Goodwin, James Handley, Dora Healey, Laura Holmes, Clara Hunt, Muriel Knott, Jessie Learmonth, Lorna Lytle, Ruby Martin, Henry Miller, Beulah Penson, Madeline Putnam, Percy Robinson, Harold Speers. Byron Willis.

Miss Wade of the pubiic school teaching staff is in charge of 22 pupils from Creston and surrounding schools who have written on the entrance to high school papers. In additipn to tnese 13 of the Creston school pupils have been passed on recommendation. Canyon City and Erickson both have five candidates, with two each from Kitchener and Lister and five from Creston. Those writing and recommended for pass are:

Lister—George Mitchell, William Yerbury.

Canyon City—Holly Bond, Helen Browell, Robert Hale, Bessie Hurl, George Wickholm.

Erickson—Frances Handley, Robert McMaster, Sidney Scott, Robert Speaker, Muriel Thurston.

Huscroft— Alice Demchuk, Muriel Tedford.

Kitchener—Richard Molander, Edith Nelson.

Creston—Minnie Downes, Jean Henderson, Frances Lewis, Frances Lewis, Dorothea Macdonald, Arthur Nichols.

Eleven pupils at Creston have been passed on recommendation, as follows, names in ordes of merit—Jack Young, Roland Miller, Dorothy Marshall, Iris Taylor, Herbert Dodd, Evelyn Lynn, Sarah Quinn, Faye Tompkins, Elsa Willis, Marjorie Learmonth, LeRoy Johnson.

Town will be wide open—Roulette, Poker, Blackjack, Craps, Keno, &c. You can gamble all you like.

The Street Parade

will be led by the

Moose Band of Spokane

Don't Miss this Big Celebration!

Lister

Mrs. Waterhouse, of Manchefter, England, arrived on Wednesday and will spend the summer on a visit with her sister, Mrs. Knott, and her neice, Mrs. Geo. Jacks.

R. Stevens left at the end of the week ror Trail, where he is a visitor with his son, Ernest.

Miss Ivy Hurry has just arrived from Nelson to spend the next couple of months with her father, George Hurry. She is a student at Nelson high school and has been promoted on recomendation from Grade 10 to 11.

The. Alf. Wellspring, A. S. Evans, Harry Demchuck and Frank Baker ranches are all on the strawberry shipping list commencing this week, and others will be shipping before the week is out.

Mr. and Mrs. Bush, with Miss Mary and Bill Bush, of Creston, were Sunday guests of Mr. and Mrs. Jacks.

C. F. Williamson, Dominion scale inspector, and G. K. Dundas of Calgary, representing the Goodrich Rubber Company, were business callers at the first of the week.

Fred Tedford, who has been away for the past two months on a trip to the Peace River country returned on Friday. He states that there is quite an influx of people into that country this spring. He discovered that even in that section the queston of a water supply is just as serious as here.

Eight tables of players were out for the card party and social to officially wind the Community Society season of whists at the schoolhouse on Friday night. The official count on the series of games played showed that Mrs. Bird and Mrs. Malthouse had scored the highest nnmber of points, and that similiar honers had fallen to J. Hewitson and Chas. Huscroft, all of whom were remembered with nice gifts. The most pleasing feature of the evening, however, was the presentation of a string of pearls and a handbag to Mrs. Fred Powers, who has has been secretary of the society since it was first organized. The presentation was made by the president, E. J. Malthouse and came as a complete surprise to Mrs. Powers.

Alice Siding

Mr. and Mrs. McDonald have returned to Kimberley after a short visit with the latter's parents, Mr. and Mrs. John Kelly.

The high water is going down and the mosquitoes are coming up. With so much rain in June the expected hot weather is sure to produce millions of these pests.

Harry Compton, who has been assistant C.P.R. agent at Kimberley the past few months, has been transferred for similar work at McGillivray.

Strawberry shipping commenced in good earnest at the first of the week. Reed & Mather, with eight acres of them are the big shippers. They are employing a staff of of 22 pickers at present.

School is due to close for the summer vacation this week. It is expected Principal Lucas will be returning for another year.

Strawberries in sufficient quantity were in evidence on Tuesday and the train stop at the Smith crossing oommenced that day. Fred Ash is again in charge of shipping.

It is reported that a truckload of Doukhobor pickers for Reed & Mather's met with a mishap coming in on Friday, and three of the party were so badly injured that they had to be taken to the hospital.

Wynndel

R. Langbrecker was in charge of a Luthern church service here one night last week.

Mr. and Mrs. Wall and son, Ronald, who have been at Medicine Hat, Alberta, for some months past, returned to Wynndel last week.

A. Cameron who has been laid up with a sprained arm, returned from Cranbrook hospital last week.

Miss Olwen Evans of Cranbrook was a visitor with Wynndel friends last week.

Miss M. Joy, who has been attending high school at Fernie the past term, is home for the summer holidays.

Mrs, and Miss J. Allan of Yahk are here to help with the strawberry harvest.

Mrs. Eric Wood of Kimberley is here this week on a visit with her mother, Mrs. Ringheim.

Misses Palmer and Quick of Cranbrook have just arrived to lend a hand with Wynndel's berry harvest.

Louis Abbot, who has been at high school at Cranbrook is home for the summer vacation.

Wynndel Women's Institute have a meeting on Friday night, 28th, at 7.30 o'clock, when Mrs. McLachlan, supervisor of Women's Institutes, will be present and deliver an address.

Sirdar

Miss Williams was a visitor with Nelson friends a few days last week.

Jas. Wilson of the Grey Royal Granite marble works is a business visitor at Cranbrook and Kimberley this week.

Miss Eileen Heap left on Saturday for a visit with friends in Cranbrook.

H. Dibley was renewing acquaidtonces in Nelson a few days last week.

Mrs. Dennes and Mrs. Cam were calling on Creston friends on Monday.

Harry Gillie, C.P.R. operator left on Thursday for Montreal and New York, for a visit with his mother and sister.

Misses Randall and Ewing, teachers of Wynndel, were Sunday visitors with Mrs. Bleumenauer.

Mrs. Sooke of Rosetown, Sask., and Mrs. Whiteside of Crowsnest were visitors with Mrs. Martin a few days last week.

The first drowning of the season occured here on Monday night when a youth by the name of Arnot Flavanature, who has just recently arrived from Saskatchewan to work on construction, lost his life. It would appear that while a party of the new bridge engineers were in swimming in the bay about opposite the section house, the unfornunate youth amused himself paddling around in a canoe, and it was not until swimming operations were completed that one of party noticed the canoe floating upside down about 200 yards away from the bathing place. Provincial police officer Olund at Creston was immediately notified and grappling was commenced that night and has been proceeding ever since, but so far without success.

Kitchener

Richard Molanner and Edith Nelson are at Creston this week, writing on the promotion examinations from Grade 8 to Grade 9.

Miss Ford, who has been in charge of Kitchener public school the past year, has resigned, und is leaving for home on Saturday. Both pupils and parents are sorry to lose her as her work given excellent satisfaction.

Mr. and Mrs. R. Molander motored to Cranbrook on Saturday, returning the following day.

Miss Elsie Nelson, who has been in Cranbrook, has returned to her home in Kitchener.

Miss Beatrice Molunder, who has been attending high school in Cranbrook, is home for the summer vacation.

B. Johnson and Laura Andeen left by motor for Spokane on Tuesday intending to bring back Mrs. Johnson, who has been visiting in that city. While there, however, Mr. Johnson took suddenly ill and was taken to Sacred Heart hospital. Word, however is just to hand that he much improved, and will be home before che end of the whek.

Erickson

By a vote of 53 to 5 landowners within the boundaries of the Arrow Creek irrigation district on Wednesday voted in favor of the trustees borrowing $150,000 and getting on with construction as quickly as possible.

Mr. Adams and Miss Mader of the Yahk public school teaching staff, were guests ovcr the weekend of Mr. and Mrs. Lee Heric.

Ray Crisler was a business visitor at Spokane at the weekend, returning on Sunday.

Misses Gwen Webster and Hazel Hopwood of Creston were weekend visitors with Ruth Cartwright and Marcella Sanford respectively.

Marion Heric and Sadie Fraser were Yahk visitors on Saturday, returning in the evening with Mr. Heric.

T. W. Bundy got back on Sunday from Cranbrook, after a twelve day stay in St. Eugene hospital, where he underwent an appendicitis operation.

Stanly Sanford left on Sunday for his home in Champion, Alberta.

John Tomkins returned to Goatfell on Sunday where he is resuming logging operations.

Word has just beem received that Mr. Packenham has been successfully operated upon for cancer at Cranbrook hospital, to which institution he was taken on Thursday last,

Agnes and Wallace Sinclair of Lister who are writing on the Grade 9 examinations at Creston this week, are guests of Mr. and Mrs. E. Cartwright.

With the warm weather that set in at the end of the week express shipping at the depot is getting heavy and Ed. Clark is now employed as assistant agent.

Mrs. Angus Cameron was a visitor at Bonners Ferry a couple of days at the first of the week.

The Erickson candidates writing on the entrance to high school eqaminations at Creston this week are Frances Handley, Robert McMaster, Sidney Scott and Muriel Thurston. While Madeline Putnam, Margaret Fraser, Dora Healey, Ruby Martin, Jim Handley and Floyd Celli are writing their matriculation examinations there

The many friends of John Graham will regret to hear ot the death of Mrs. Graham at their home here on Tuesday morning, after a lingering illness. The funeral took place on Wednesday, with interment in Creston cemetery. The late

Death Summons Mrs. John Graham

Native of Ontario—21 Years in Western Canada—Resided at Erickson Since 1910—Leaves Husband and Two Sons.

The heavy hand of death has again been felt at Erickson with the passing of Mrs. John Graham, after a lingering illness, at an early hour on Tuesday morning.

Deceased, who was in her 68 year, was a native of Motherweil, Perth county, Ontario, and was married at St. Mary's, Ontario, in 1800 living in that town and Guelph until coming to Wetakiwin, Alberta, in 1908, where Mr. and Mrs. Graham were residents, for about two years, moving to Erickson in 1910, where they have resided ever since.

The funeral took on Wednesday to Creston cemetery, with Rev. R. E. Cribb officiating, and E. Cartwright, F. Clark, Jas. Mirphy, Bert Young, Ed, Martin and John Bird acted as pallbearers, and a large turnout of friends and neighbors to pay a last tribute of respect, while the many floral remembrances also bespoke the high regard in which she was held.

She leaves a husband and two sons, Will and Hugh, at home to mourn her passing. Although her death was not unexpected it is none the less keenly felt by many by whom she was held in highest esteem. The late Mrs. Graham displayed all the estimable qualities of wife, mother and neighbor and in their great loss Mr. Graham and the boys will have the sincere sympathy of all.

Those sending floral tributes were: Family, pillow; Mr. and Mrs. A. G. Stevens and family, Wetaskiwin, Alberta; Mrs. Fraser, Mrs. Speaker, Mrs. Bliss, Miss D. Hills, Miss Fraser, Mr. and Mrs. Bert Young, Mrs. Dodds and family, Mr. and Mrs. Packenham and family, Mr. and Mrs. Martin and family, Mr. and Mrs. S. Scott, the Littlejohn family Mr. and Mrs. Murphy, Mr. and Mrs. Telford, Mr. and Mrs. John Bird, Mr. and Mrs. Leadbeater.

Mrs. Graham had resided here for almost 20 years and was popular with all.

Although the evening was threatening showers much of the time there was a fine tnrnout for the lawn social at Mrs. Geo. Cartwright's on Friday night, under the anspices of Trinity United Church Ladies' Aid, at which the cash intake was about $65. An appreciated feature of the affair was the musical programme in which a three piece orchestra of G. H. Kelly, Ted Staples and Lionel Moore took part, with solos by Frank and Evalena Clark and W. J. Truscott, and duetts by Mrs. Kolthammer and Rev. Cribb; Mrs. F. Knott and W. J. Truscott, with Mrs. Clark and Mr. Goodwin presiding at the piano.

Apply the Same Principle

During recent years there has been a decidedly better understanding between the east and the west of Canada, and between the Maritime Provinces and the rest of the Dominion, based on closer acquaintance and knowledge of the problems confronting the people in each of the major sections of this far-flung country. There is today far less of sectionalism, prejudice and misunderstanding than in any previous period of Canada's history, and, happily, this spirit of goodwill and co-operation is growing more and more pronounced.

Anything and everything that will tend to promote this wider knowledge and better understanding should be done and encouraged. We believe goodwill and understanding can only be brought about and maintained by frankness and the dissemination of knowledge. That is, eastern people must be made and kept acquainted with actual facts about the west and informed as to the views, opinions and ambitions of the west, and, vice versa, western people must be informed in like manner about the east. And it is particularly the duty of the newspapers of the Dominion to discharge this patriotic duty.

It is in the performance of that duty we would draw attention to a recent editorial article appearing in "The Financial Times," Montreal, dealing with the subject of the revision of the Grain Act. To much of that article no exception can be taken, but the whole difficulty is that it is based upon an entirely wrong conception, which fact is made abundantly evident in the concluding sentence of the article, as follows: "The important consideration is to protect the buyer, which will at the same time be a safeguard on the dependable reputation of Canadian wheat in all markets."

This may be the eastern viewpoint, but we submit the western viewpoint, and that is that the word "producer" should be substituted for the "buyer" in the sentence quoted.

The person entitled to receive first consideration in matters affecting the grading, mixing, transportation of wheat is the man who grows the wheat, not the man who buys it, or transports it, or mills it into flour. The status of Canadian wheat in the markets of the world must remain unimpaired at a high standard, not so much for the benefit of and protection of the British or foreign buyer, but in the interests of and to protect the Canadian farmer who grows the wheat in order that he may obtain full value for his product and ample reward for his labor.

Submitting the western viewpoint for the benefit of eastern people, it may well be asked of "The Financial Times," and other exponents of its dictum that in matters affecting the grain trade of Canada the important consideration "is to protect the buyer," whether it, and they, are equally prepared to accept the principle that, in all matters affecting, say the customs tariff, the important consideration is to protect, not the manufacturer of the financier who has invested in manufacturing industry, but the great mass of consumers of Canada, the people who "buy" the products of these factories?

If it is the "buyer" of the products of the farm who are deserving of first consideration, and who above all should be protected, then pure logic must force acceptancee of the principle that it is the "buyer" of the products of the factories who must likewise be given first consideration and their interests recognized and protected first and foremost in all matters of tariff or other legislation affecting such industries.

In other words, according to the eastern view, as they would apply it to the farmer, it is not the industry that should be protected, or those who have made investments in industry and labor in it, but the buyers of the products created by such industry. The truth is, however, that when these same Interests advance tariff and other arguments in their own behalf they directly reverse the principle, and resolutely contend that it is the producing manufacturers who must receive first consideration and be accorded protection, rather than the buyers, i.e. the consuming masses of the Dominion.

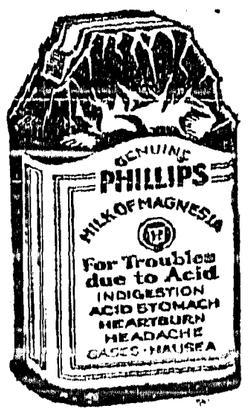
Good understanding and complete national co-operation between east and west cannot be built up in this way. It is impossible to apply one principle toward western agricultural industry and an opposing principle to eastern manufacturing industry. The same principle must be applied both east and west.

Double Jeopardy

A correspondent assures us that the following notice has been posted around about an electric station in Donegal: "Beware—To touch these wires is instant death. Anyone found doing so will be prosecuted."

Emerald Lake, Yoho Park

Beautiful Emerald lake, in Yoho national park, British Columbia, was first visited by Tom Wilson in 1882 while searching for stray pack horses. As far as is known, he was the first white man to visit this lake.



Too Much ACID

Many people, two hours after eating, suffer indigestion as they call it. It is usually excess acid. Correct it with an alkali. The best way, the quick, harmless and efficient way, is Phillips' Milk of Magnesia. It has remained for 50 years the standard with physicians. One spoonful in water neutralizes many times its volume in stomach acids, and at once. The symtoms disappear in five minutes.

You will never use crude methods when you know this better method. And you will never suffer from excess acid when you prove out this easy relief. Please do that—for your own sake—now.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drugstore.

Settlement Scheme Nears End

Three Thousand Family Settlement Plan Has Been a Success

In a few weeks the 3,000 family settlement scheme will end and no project of like nature will take its place, Hon. Robert Forke, Minister of Immigration, stated recently. There was no desire to make the project an endless one by replacing settlers who had abandoned farms, he said.

The project had been successful in every respect, and Canada had acquired an increase of about 17,000 souls brough it. Already 3,250 families had been brought to Canada under the scheme: a total of 520 families had abandoned their farms for various reasons; 34 had been deported; 72 had returned to Great Britain of their own accord, while 414 remained in Canada in other employment, either in agriculture or other work.

WHAT OUR GIRLS NEED

When Languid, Anaemic and Feeling Run Down

When a girl grows lanquid, dull and irritable, when her color fades and she becomes pale, you may be sure that the cause is anaemia, or impoverished blood. The bright, red color of the blood is caused by the presence in it of millions of tiny red corpucles. It is these tiny bodies that carry nourishment from the blood to the tissues. They also cause the glow of health in cheeks and lips. When a girl's blood is deficient in these red corpuscles her body is under-nourished, her nerves starved, and there is serious danger of a decline. What is needed is an improvement in the quality of the blood, and it is a scientific fact that a course of Dr. Williams' Pink Pills will so enrich and purify the blood that all traces of anaemia and its accompanying weaknesses will disappear. As an evidence of the value of Dr. Williams' Pink Pills in cases of this kind, Mrs. John Finnin, Howlan Station, P.E.I., says:—"I am glad to take this opportunity of recommending Dr. Williams' Pink Pills. My daughter was in a badly run down condition; very pale, nervous and much under weight. We tried several medicines, but they did not seem to do her any good, so I decided to give her Dr. Williams' Pink Pills. Almost from the start she began to improve, and after the use of a few boxes she had gained in weight, her appetite improved and she had a better color in her cheeks—in fact she had fully regained her former good health. I would advise every mother of young girls to give them Dr. Williams' Pink Pills at the first sign of an anaemic condition."

You can get these pills from any medicine dealer or by mail at 50c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Bad Either Way

Scot (to friend while visiting London): "Now, mon, I can't stand taxicabs! When I sit wi' ma back tae the driver, it makes me feel sick, and when I sit wi ma face tae the taximeter, it makes me feel nae better."

Keep Minard's in the Medicine chest.

Refine Gold At Mint

Most of Canada's gold bullion is now refined in the Royal Mint at Ottawa.

Wretched From Asthma. Strength of body and vigor of mind are inevitably impaired by the visitations of asthma. Who can live under the cloud of recurring attacks and keep body and mind at their full efficiency? Dr. J. D. Kellogg's Asthma Remedy dissipates the cloud by removing the cause. It does relieve. It does restore the sufferer to normal bodily trim and mental happiness.

Canadian Jersey Breeders

Good Market In States For Canadian Bred Jersey Cattle

Writing from Tupelo, Mississippi, W. Elmo Ashton, fieldman for the Canadian Jersey Breeders' Association, points out that it is apparent to anyone going through the States of Georgia, North and South Carolina, Mississippi and Alabama that the southern states offer a great market for Canadian Jerseys. In the past year and a half these states have taken from Canada over 300 head of young bulls and heifers.

With a population that ranks 28th among the countries of the world, Canada is fifth in total exports and third in total turnover of trade.

For sunburn—apply Minard's Liniment.

Discover Radium Mines

Find In England Has Already Yielded $5,000 Worth

Radium mines are not discovered every day, but some meteorologists, while exploring a lead near Matlock, England, had their candle lights extinguished by bad atmospheric conditions. They saw ahead of them a dimly lighted cave, and a sample of earth taken from the cave was sent to Mme. Curie, who declared it to contain radium. The mine and estate was then bought for $450,000. Further exploration, it is stated, has resulted in the discovery of another radio active mine, which is now to be exploited. The estimated value of the radium already found is $5,000.

Zeppelin's Flight Cancelled

Atlantic Trip Of German Dirigible Postponed Until 1930

A special despatch to the Telegraphen Union from Friedrichshafen said that the trans-Atlantic flight to America of the dirigible Graf Zeppelin had been postponed until 1930.

A flight around the world for the big airship was scheduled to start about July 15.

The Graf Zeppelin's last attempt to fly to America ended on May 17, when crippled motors forced her to turn back over Spain.

Small Churches In England

What is said to be the smallest ecclesiastical building in Britain is St. Margaret's Chapel, Edinburgh. This little church is only 16½ by 10½ feet. Dorset church at Winterborne Thompson, is 23 by 14 feet. Churches at Culbone and St. Lawhence are also small, having less than 420 square feet of space.

Sheet Glass Factory

Calgary May Be Selected As Suitable Place For Establishing Plant

Calgary is very suitable for the establishment of a sheet glass factory, and it may be chosen as the site for such within a year, according to F. S. Hobbs, of Toronto, vice-president of the Consolidated Plate Glass Company, who has been inspecting various cities in Western Canada with a view to locating a branch plant. A big business is being done in plate glass in the Prairie Provinces, he said, making it advisable for the firm to enlarge its present holdings.

Unless worms be expelled from the system, no child can be healthy. Mother Graves' Worm Exterminator is an excellent medicine to destroy worms.

Believe It Or Not

A small tortoise, on which Mrs. Sarah Blair, now dead, carved her initials and the year "1862," 67 years ago, has been found by her daughter, Miss Mary Blair, within a mile of the original Blair home at Scottsburg, Ind.

In The Locker Room

Minard's is the stand-by of those who take care not to suffer from stiffness and aching muscles.

MINARD'S "KING OF PAIN" LINIMENT

Western Representatives:
HUNTER-MARTIN & CO., REGINA, SASK.

WILL NOT FOLLOW LEAD OF U. S. IN SHAPING TARIFF

Grand Bend, Ont.—Independence of action on tariffs is the policy of the government, and upward revision of tariff schedules by the United States, being a matter entirely for the United States to decide, calls for no retaliation or reprisal on the part of the Dominion. This was the keynote of addresses by Hon. Ernest Lapointe, minister of justice, Hon. J. C. Elliott, K.C., minister of public works, and Hon. W. D. Euler, minister of national revenue, who spoke at a picnic here under the auspices of the South Huron Liberal Association.

Mr. Lapointe made extended reference to policies advocated by Hon. R. B. Bennett, Conservative leader, at present on a tour of western Ontario.

"The remedy he suggests is that we should adopt American methods in our fiscal policy," Mr. Lapointe said. "But our ideas and ideals are Canadian and British, and we won't follow American methods. We will shape our policies, fiscal and otherwise, at Ottawa. We won't take them from Washington.

"We are satisfied with Canadian methods and British doctrine and if necessary we will find other outlets for our trade. We always have in mind Canadian interests. Since 1921 have not the Canadian people been satisfied with the way our financial policies have been shaped under Mr. Robb, whose budgets we are proud to mention during the last election?

"We have not been dictated to by American theories. We have tried to meet the problems of Canada as conditions were at the time. British preferential trade treaties have been part of our policy.

"The Opposition lately has been coming to adopt that policy, but the fathers of British preference were the late Sir Wilfrid Laurier, and the Rt. Hon. W. S. Fielding. From the start it was successful and our exports to Great Britain increased $75,000,000 the first year. Last year they reached $446,000,000 and we bought only $193,000,000 of British goods. But if you expect the nations of Europe to give you trade, you must buy from them. Trade, after all, is exchange.

"In view of the figures I have quoted I cannot understand the complaint from some quarters about British goods coming here which they have had to sell us. We have concluded forty-three trade treaties with other nations and our exports as a result were $220,000,000 in 1929.

"We will continue to shape our financial policies on a national basis in the interests of all sections in Canada," Mr. Lapointe continued. "We will legislate not for one class, but for all classes and groups of the Canadian people. A country which is as large as Europe cannot hope to live to itself, nor to erect barriers with the rest of the world. The future is with us.

"Let us not look at the past for reasons of doubt and despair, but to the future for reasons of hope and belief. God and nature are with us and nobody is able to fight for long against God and nature. Our guarantee of success is within ourselves. We continue to improve our method of production and you may be sure our prosperity will continue."

Forty Believed Drowned

Bogota, Colombia.—Forty persons are believed to have drowned and more than 100 injured in the practically total destruction of the town of Sevilla by floods from the Quilcade river after a landslide from a hill into the river had caused it to change its course. Sevilla, which is in the department of Cauca, had about 6,000 inhabitants.

National Wealth Grows

Ottawa.—The national wealth of Canada, exclusive of undeveloped natural resources, is placed at $27,687,000,000 for the year 1927, in an estimate made public at the Dominion Bureau of Statistics. This is an increase of $100,000,000 over the 1926 estimate.

W. N. U. 1701

Warning Was Disregarded

Cleveland Clinic Told In April That Film Used Was Dangerous

Cleveland, Ohio.—Making no attempt to fix the blame but pointing out that the Cleveland clinic had been warned of faulty X-ray storage which cost 123 lives by fire and poison gases, May 15, Coroner A. J. Pearce completed his inquest after a month of investigation in a report on file with official county records.

The warning was sent to the Ohio inspection bureau of the fire underwriters' investigating service last April. It called attention to the fire hazard in the type of film used at the clinic, urged use of another kind and advised clinic officials that the film, if burned, would generate great clouds of noxious fumes. The film was stored in the basement and was ignited by a means not determined in the investigation.

The report placed the official number of dead at 123. They were killed by a combination of nitrogen peroxide gas with carbon monoxide the coroner said.

May Revise Tariff

Drastic Changes Considered By Dominion Government Is Report

Toronto.—The Toronto Globe published the following despatch from its Ottawa correspondent:

"Tariff changes which will have a revolutionary effect on Canada's external trade, are under consideration by the Dominian cabinet. In response to demands from all parts of the country for action, the government was taking preliminary steps toward what will undoubtedly be the most drastic revision of fiscal policy of the present century.

"Present prospects are that the vital changes will take the form of a material increase in the British preference, if not the inauguration of complete 'free trade' on the bulk of British or Empire goods, while the general tariff, which applies to imports in the United States will remain stationary."

Prepare For Another Election

Liberal Party In Britain Sees Possibility Of Another General Contest

London, Eng.—The possibility of another general election in Great Britain at no distant date is being taken into account by the Liberal party, which holds the balance of power in the new parliament. The Liberal administrative committee passed a resolution moved by Sir Herbert Samuel, chief organizer, "to maintain and strengthen the organizations in the constituencies."

It was also resolved that "whenever an appeal is made to the country the elections will again be strenuously contested by the Liberal party."

Health Authorities Conduct Investigations

Hundred People In Bowmanville, Ontario, Suffer From Ptomaine Poisoning

Bowmanville, Ont.—Health authorities are taking extra precautions and conducting investigations as the result of the second outbreak of ptomaine poisoning here in four days, during which over 100 persons have been affected in varying degrees.

The first outbreak occurred when scores of children and adults were poisoned by contaminated milk. The second and more violent cases occurred at a Sunday school entertainment and supper. Tainted salads are believed to have caused the outbreaks.

Air Line Crash

Lydd, Eng.—The coroner's inquest on the four victims of the air liner 'City of Ottawa's' crash into the channel, returned a verdict that the persons had lost their lives by drowning caused by the accidental fall of the aeroplane into the channel.

Ottawa.—The exchequer court has given judgment that the Sun Life Company has not the authority under its charter, to increase its capitalization from $2,000,000 to $4,000,000. The judgment has been issued by Mr. Justice McLean.

IN BRITISH CABINET

Margaret Bondfield, successful Labor candidate, is the first woman to be appointed to a British cabinet. She is the new minister of Labor.

Alberta Adopts Old Old Age Pension

Movement Now Accepted By All Provinces In West

Ottawa.—Answering the communication of Hon. Peter Heenan, minister of labor, informing them that an order-in-council had authorized his proceeding to negotiate with Alberta for an old-age pensions scheme, the government of that province telegraphed acceptance of the plan.

When the Dominion cabinet meeting approved the scheme for Alberta, Mr. Heenan acted immediately and the reply came back to him within a short time of Alberta's notification. Alberta will adopt the pension system starting August 1, 1929. British Columbia, Saskatchewan and Manitoba have for some years enjoyed the old-age pensions scheme. Alberta's entry into the scheme links up the entire west in the movement.

Will Enter Competition

Canadian Mounties To Enter Rifle Matches At Camp Perry, Ohio

Washington.—Four Royal Canadian Mounted Police will compete in the National Rifle and Pistol matches at Camp Perry, Ohio, in August.

The Canadians, the highest in 1929 revolver team competition, will fire against United States entries in the international police pistol match August 31. The men are Corporals A. D. Ford, D. E. Forest and J. G. Pelletier, of Lethbridge, Alta., and Constable J. D. O'Connell, of Ottawa.

Sacrifices Life For Child

Kingston, Ont.—Kenneth McRow, the four-year-old child of whom Fred Denys sacrificed his life by hurling himself from the wagon he was driving on the highway five miles from here to sweep the child out of the path of an oncoming auto, died in hospital several hours later, never recovering consciousness after being struck by the machine.

Trotzky Would Enter U.S.

Constantinople. — Leon Trotzky, exiled Soviet leader, intends to apply to the United States government for permission to enter the country, according to reports current here.

Cabled French Airman

Lindbergh Sends Message Of Congratulation To Trans-Atlantic Fliers

Paris.—Jean Assolant, Rene Lefevre and Armeno Lotti, Jr., received by cable congratulations from Col. Charles Lindbergh, for their trans-Atlantic flight from Old Orchard, Maine, to Comillas, Spain, in the Yellow Bird.

The colonel's message, addressed to all three of the aviators, said: "On returning to New York I have just learned of your successful crossing. Please accept my sincere congratulations and best wishes."

The French fliers immediately cabled him in reply:

"We thank you heartily for your affectionate telegram. Our greatest claim to glory has been to have followed the route you traced two years ago with incomparable mastery in your flight from New York to Paris.

"Your magnificent example of courage, of tenacity, of science as a pilot and navigator guided us every instant of our route. We address to you our most cordial and respectful salutations."

Confesses To Bank Theft

Eighteen-Year-Old Youth Pleads Guilty In Vancouver Police Court

Vancouver.—Arthur Thomas, 18, pleaded guilty in police court to a charge of robbing the Grandview branch of the Royal Bank of Canada, and elected summary trial.

Thomas, who held up five bank employees a stiey came to work, was arrested in New Westminster a few hours later and practically all of the stolen money recovered.

The bank was held up as its manager, J. W. Logan, and four other employees were arriving to commence work for the day. Each was accosted as he entered and trussed up by the youthful bandit. He forced the manager and cashier to open a vault from which he seized money and then left the building by a back entrance. He left his prisoners in a cubicle, the door of which they broke down shortly after his departure.

Solved All Murders

London Police Report All Murders Solved In 1928

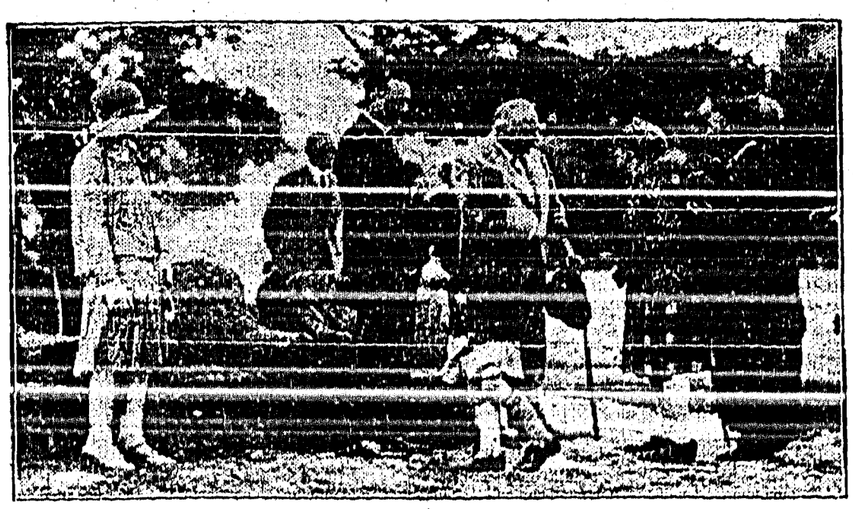
London, England.—Every murder committed in London in 1928 was solved and the culprit was convicted or took his own life, according to the official police report.

The report of the commissioner of police showed that there were 18 murders of persons more than one year old. Eleven culprits were convicted and seven committed suicide, the report said.

Gets Month's Reprieve

Ottawa.—A reprieve until July 19, has been granted to John Ivanchuk, convicted of murder, who was sentenced to hang on June 21. Cabinet, having considered the case, has decided to put the execution off for a month. In the meantime it is expected that new evidence bearing on the case will be submitted to the federal authorities for consideration. Ivanchuk was convicted of the murder of License Inspector Harry Constable at Cochrane, Ont.

Prince at Garden Party



Prince Henry, third son of the King, receives at a garden party held in honor of His Majesty's birthday, at Victoria, B.C. Lieutenant-Governor Randolph Bruce is on the right and Miss Helen Mackenzie, the latter's niece, on the left. The Prince is returning to England by Canadian Pacific Steamship and Railway from Japan.

DRIVE AGAINST RUM RUNNERS ALONG BORDER

Windsor, Ont.—With a warning by Attorney-General Price that crime would not be permitted within the borders of the province of Ontario and with the United States blockade tightening, rum runners are continuing their activities along the border. Reports told of feverish activity at the export docks as cargoes of liquor destined for United States river and lake ports were being loaded.

Aroused by the reports of the kidnapping of a newspaper photographer and revolver battle between rum-runners and a United States custom patrol cutter, Attorney-General Price announced that if necessary he would double the provincial police along the Windsor-Niagara Falls sector to protect Canadian citizens.

It is along this section of the border that the battle lines are most closely drawn due to recent strengthening of the United States preventative forces.

As a result of the statement of the attorney-general, the rum-runners may find their activities on the Canadian side of the line more restricted. The attorney-general was emphatic that crime would not be permitted within the borders of the province.

Meanwhile, reports from border points indicated that despite the drive against the rum-runners, activity at the border export docks continued. Rum-runners were reported active at many points.

A party of rum-runners engaged in a pistol battle with a United States customs patrol cutter, the cutter being forced to return to port after being peppered with bullets, while the rum-runners retreated to the Canadian shore. The rum-runners crouched behind bags, apparently filled with liquor, as they exchanged shots with the customs men.

At Dunkirk, N.Y., two men were arrested when a United States coastguard boat captured a motor boat loaded with beer.

Two recent developments were placed before Dominion government officials. The department of external affairs received a report on the incident at Sandwich when it was claimed a private speed boat, not engaged in the liquor traffic, was fired on by a United States patrol boat. Should further investigation warrant, the department will investigate this affair. The department of national revenue was notified of the kidnapping of the photographer of a border cities newspaper but the opinion was expressed that it did not come within the scope of the department.

Report Seeing Huge Meteor

Fell Into Lake Superior Says Prospector Near Soo

Sault Ste. Marie, Ont.—A strange tale was brought down to the Soo from Michipicoten Island by Frank Kuskick, prospector, who said a huge meteor about the size of a ship fell into Lake Superior close to the island at 10 o'clock on the night of June 11. The meteor illuminated the island with the brilliancy of daylight and created a rumbling noise which was heard for two minutes after it fell.

Quite a sea arose after the meteor struck the water and the level of the lake rose appreciably.

Will Not Resign

Lynn, Mass.—"I don't intend to get out, and no power on earth can make me. This old age stuff will have no effect on me." Thus did Police Chief Thomas M. Burckes, who is in his 84th year and who has been a policeman for nearly half a century, recently answer persistent rumors that he was about to resign.

Experiment Fails

Hong Kong.—Army aviators carried out rain making experiments above Hong Kong, dropping a chemical known as "Deolin" from the clouds. The experiments were not successful. Hong Kong is suffering from severe water famine necessitating drastic action to replenish its supplies.

THE CRESTON REVIEW

Issued every Friday at Creston, B.C. Subscription: $2.50 a year in advance; $3.00 to U.S. points.

C. F. HAYES, Editor and Owner.

CRESTON, B.C., FRIDAY, JUNE 28

The Fruit Enquiry

According to press despatches from Victoria, Premier Tolmie is responsible for the statement "that a commission is to be appointed by the provincial government to go exhaustively into the fruit situation in the interior with the object of arriving at some solution for conditions which are militating against the industry."

Without expressing any opinion as to whether the proposed enquiry is at all necessary, the Review deferentially draws attention to the fact that when the commission is named it is needful that the Kootenay should have a representative on the board of enquiry.

And having in mind that the output of tree fruits in the Kootenay country is 50 per cent. in the Creston Valley—and a greater per centage even than this when it comes to berries the logical quarter in which to sscure a Kootenay representative is certainly from this district.

There is no scarcity of men in these parts, fully as competent as the very best the Okanagan boasts, to serve in this important capacity, and by way of choice the Review submits the name of W. G. Littlejohn, who has had two or three years close acquaintance with the B.C.F.G.A. effort as well as being closeiy identified with the Board of Direction for a like period.

Along with this he has much experience as a grower and shipper that makes him an excellent all round choice. In insisting on even-handed justice for Valley orchardists Mr. Littlejohn can be relied upon to carefully assemble all the essential facts—and see to it that they are all just as carefully presented and considered.

Local and Personal

Rainy weather that featured June let up at the week, and since then there has been constituous sunshine. Alfalfa cutting is in full swing and the crop is a good one.

Creston school closes for the season today. Operations will be resumed on September 3rd. Up to the present there are no resignations on either the public or high school staffs.

Jan Hing, prorpietor of the Pacific restaurant, who has been on a visit in China for the past year, returned the latter part of the month and is again in charge of the cafe.

The Presbyterian Ladies' Auxiliary were favored with ideal weather for their tea and sale of cooking at Mrs. Forbes' on Saturday afternoon, the affair enjoying a cash intake of $40.

Miss Hanson left on Saturday for Kitchener, where she will again be in charge of Hathway home until August. Mr. Hathway and party are due to arrive from San Francisco today.

The showery weather that has obtained almost the past two months has hept down the number of forest fires to five in the Creston-Kuskanook-Yack district since the season ypened at May 1st.

Dr. Henderson was a visitor at Cranbrook on Wednesday and Thursday last for a meeting of the East Kootenay Medical Association, of which he has been elected president for the ensuing year.

Miss Bertrice Thompson, who has peen on the C. O. Rodgers office staff for the past year, has resigned to accept the position of bookkeeper with the P. Burns & Co., succeeding Miss Lyda Johnson.

The greatest air spectaclal of the age, and the sweetest love story of this era very aptly describes, "Lilac Time," which is showing at the Grand tonight and Saturday at popular prices. Don't miss it.

All are invited to attend the flower show under Women's Institute auspices in Trinity Church hall on Saturday afternoon at 3 o'clock. The admission is free. Refreshments served and sale of home cooking.

John Murrell, who has deen attending the school of technology, Calgary, Alberta the past year, arrived this week on a visit with his parents, Mr. and Mrs. Chas. Murrell. He is accompanied by Robin Hind of Calgary.

Rev. P. Hayman, recently rector at Grand Forks, took the evening service at Christ Church on Sunday. The church will be closed for the next four Sundays. with Mr. Hayman due to resume worship on July 21st.

22 pupils from Valley schools—from Kitchener to Creston, are this week writing on the promotion to high school examinations, with Miss Wade presidiug. In addition to these 11 pupils at Creston have been passed on recomendation.

Sunday's baseball fixture will be a clash between Creston and Wynndel, which will furnish Creston with a good workout for their game at Bonners Ferry on July 4th, when the locals play Sandpoint. Sunday's game will commence at 2.30.

Mrs. John Arrowsmith left on Tuesday on an extended visit with friends at Lethbridge, Alberta. She made the trip by motor with Mr. and Mrs. Sullivan of that city, who have been visitors at the Arrowsmith home on their return from a trip to the coast.

Bonners Ferry baseball team proved considerable of a disappointment in the game with Creston on Sunday afternoon, in which the home team won by a score of 25 to 6. Watson and Jack Dodds were the battery for Creston, and C. Ogilvie of Wynndel was a satisfactory umpire.

Rev. C. Basse of Hamilton, N. Y., has just been named as Lutheran pastor for the churches in the Creston district, and will arrive almost immediately to take up the work. The Lutherans have been without a pastor for at least three months Rev. E. Spaude having returned to Montana in March.

Quite a number from town availed thamselves of the free jitney service to attend Trinity United Chnrch Ladies' Aid garden party at Mrs. Geo. Cartwright's on Friday night. Although the weather was threatening there was a good turnout, with the cash intake running close to $65.

Vice-Principal Kirk is in charge of the high school departmental examinations which commenced on Monday morning, and conclude today. In the three grades a total of 20 pupils are writing, the Lister school furnishing three students from Grade 9, who have taken first year high school work under Miss Curtis.

The Shell Oil Company have this week treated the big 20,000 gallon gasoline tank to a coat of their favorite bright yellow paint, which certainly improves the appearance of the big container. The Kootenay garage building has also baen dolled up in the same color, and now there can be no mistaking its location even in the dark,

The L.O.B.A. had a fair turnout at their bridge and whist on Tuesday night, the proceeds of which go to the New Westminster orphanage funds. At the bridge prize scores were made by Mrs. Telford and M. J. Beninger, while at old style whist the prizewinners wers Mrs. Truscott sr., and Piper Ross. At the close the ladies served a delightful lunch.

C. F. Hayes has just been notified of his appointment as district deputy grand master for Masonic district No 8, which embraces the lodges at Golden, Fernie, Cranbrook, Fort Steele, Kimberbey and Creston. The appointment is from the new grand master, M.W. Bro. R. L. Reid of Vancouver. This is only the fourth time in the lodge's history that a Creston Mason has had this appointment. Previous holders of the position are Col. Mallandaine, S. A. Speers and R. M. Reid.

Provincial police officer Olund had a sudden call to Kitchéner on Sunday afternoon in connection with a stabbing affray in which W. Davis attacked Jack O'Brien with a knife. From the information the Review can get it would look as if Davis attempted to get at O'Brien's throat but in the scuffle that ensued the knife wounds are princippally in the shoulder. As there is no Sunday telephone by the time the police was notified Davis had made his escape and as yet has not been apprehended.

Bonners Ferry is sure to attract many from this section on Thursday next when the town is staging an oldtime Fourth of July celebration, which will include a baseball match between Creston and Sandpoint. There will be a big show depicting frontier days, along with horse racing, athletic contests, indian powow, boxing contests and dancing. The old time street parade will be a special feature and will be led by the Moose band of Spokane. If you want to see Bonners Ferry in the old days be sure and take in this celebration.

CARD OF THANKS

Mr. John Graham and family take this means of expressing a deep appreciation of the sympathy and many kindnesses shown them throughout the extended illness and passing of their wife mother.

Canyon City

Bob Clayton and party of friends motored in from Kimberley for a week-end visit at his home at Canyon.

School will close for tne midsummer vacation today. As there are no resignations from the teaching staff it is expected Principal Kolthammer and Miss Lister will be in charge again next term.

Misses Ruth and Kathleen Clayton of Nelson were home this week on a visit with their parents.

The warmer weather that set in at the first of the week started the strawberry crop moving in considerable quantities on Sunday.

Prof. Barrie a magician, is billed to give an entertainment here next week, and if the crowd is large enough he will entertain his audience by cutting a woman in two.

George Strong, a former resident at Canyon, but who is now living at Lethbridge, Alberta, is spending the week with his son, Norman, who is living on the Clark ranch. Mr. Strong reports the southern Alberta, grain crop looking exceptionally fine.

Ritchie Hurl of Vanguard, Sask., arrived at the end of the week, on a visit with his parents, Mr. and Mrs. R. Hurl.

At last three residents of Canyon City have been able to secure work with a government road crew and were put to work last week. Two of them are newcomers this year, and one of them so unacquainted with the Canadian language that he is unable to express his thanks in words the foreman can understand for his good fortune in getting a job.

Principal Kolthammer has been notified of his appointment as clerk on forestry fire and patrol work again this season, and starts work on Monday.

Miss Arlene Halstead will be guest of honor at a miscellaneous shower at the home of Mrs. Niblow this ovening. Her marriage takes place early in August.

V. MAWSON

NEWS OF KOOTENAYS

Bonners Ferry has raised $600 for its fourth of July celebration.

The wild strawberry crop at Cranbrook is well up to the average.

Sales of residential property were brisk at Kimberley the past month.

The chiropractor at Kimberley has closed up shop and moved to the coast.

About 1500 men are employed in the coal mines and coke ovens at Fernie and Michel.

1,517.000 young trout were incubated in the fish hatchery at Cranbrook this season.

The Leaser r cords three whist drives in one week—and two on same night—at New Denver.

Estimates for 1930 indicate that $8,180 will be required to finance the village of Bonners Ferry.

F. W. Groves estimates that there are 58,000,000,000 potential mosquitoes in the Kelowna district.

All three Protestant churches at Kimberley have discontinued morning worship for the summer months.

Bonners Ferry is taking immediate steps to increase the capacity of its electric light plant 30 per cent.

At Kelowna the mosquito control association claims to have killed off three hundred million mosquitoes.

The Crows Nest Pass Coal Company mined almost 1,000,000 tons of coal at Fernie and Michel last year.

After 30 years in the drugstore business at Grand Forks H. E. Woodland has just sold to F. A. Newbauer.

E. S. Bells of Kimberley was last week fined $100 and costs on a charge of taking a car without the owner's consent.

The Shell Oil Company has opened for business at Kimberley. A 500 gallon tank has been installed for gasoline.

According to Rev. W. J. Crick of Kimberley Anglican clergy in the diocese of Kootenay are the poorest paid in Canada.

The Courier is greatly disappointwith the crop of June brides. Less than half a dozen marriages have been celebrated this month.

Rossland board trade is spending considerable energy trying to locate some outside party to start a moving picture theatre in that town.

At the present rate of output it will be 100 years before all the coal at Fernie will be mined according to Mayor Gates of that town.

During the past three years 292 scrub stallions have been slaughtered on the East Kootenay range—150 in the Cranbroook distridt and 142 in the Waldo area.

Ready to wears have become so fashionable at Fernie that tailor Harvey has shut up shop and moved to Vancouver. He had been in business for fifteen years.

At Grand Forks petitions are being circulated asking for a vote to permit the opening of beer parlors in that town. It is just about three eyars since the last poll was taken.

Moyie residents have asked the railway commission to compel the C.P.R. to put in an agent at that point. Without one great inconvenience is caused in handling express shipments.

WORLD HAPPENINGS BRIEFLY TOLD

Manitoba contemplates celebrating its diamond jubilee on July 15, 1930, it was announced at Winnipeg by Premier John Bracken.

The London Daily Sketch said Premier MacDonald had refused Leon Trotzky, former Russian war chief, permission to enter Great Britain as he requested recently.

The Japanese naval training cruisers "Ahama" and "Iwate" will visit Vancouver on August 10-12, it was stated at the Japanese consulate there.

Albert Voight, a German, has left Seward, Alaska, in a 16-foot, collapsible walrus skin sailboat for New York. He hopes to complete his 6,700-mile trip in six months.

Charles Colebrooke Patterson, eldest son of the late Hon. J. C. Patterson, former lieutenant-governor of Manitoba, is dead. He was born in Ottawa, in 1868, and for a number of years was his father's secretary.

Flight tests will soon be made of television apparatus calculated by its inventor, C. Francis Jenkins, Washington physicist, to reproduce conditions as seen from an aeroplane, on a screen miles away.

Japan's co-operation in any disarmament program negotiations that Premier Ramsay MacDonald and Ambassador Dawes may have begun has been promised by Premier Tanaka.

France is preparing to bring into force a wide scheme of social insurance. It will cover sickness, old-age incapacity, maternity benefits and, to a certain extent, unemployment.

Soft corns are difficult to eradicate, but Holloway's Corn Remover will draw them out painlessly.

Makes For Unemployment

One of the causes of unemployment in Europe is that our working lives have been prolonged, declares a statistician. At one time, he says, "too old at forty" was the cry throughout the world, but we have now found that we are not too old a 60 or 65.

A Severe Attack of Dysentery Checked by 4 Doses

Mr. I. Burtonwood, 620-22nd St. W., Saskatoon, Sask., writes:—"My child, when only seven months old, had a very severe attack of dysentery, and after three days' treatment with other things we decided to use On this day his bowels had moved twenty-three times in eleven hours, but four doses checked it.

"A short time ago we offered it to a neighbor whose baby was troubled, and it too was relieved within thirty hours.

"We both always keep a bottle of 'Dr. Fowler's' handy at all times.

This medicine has been on the market for over 80 years; put up only by The T. Milburn Co., Ltd., Toronto, Ont.

Declares Allies Fear Of Germany Absurd

Only Nation Without Arms Says Minister Of Defence

Dr. Wilhelm Groener, minister of defence, in a speech reviewing Germany's military policy charged that the states victorious in the world war have done nothing along disarmament lines and endeavored to show that it was absurd for the allies to claim they could not disarm until they were sure of not being attacked by Germany.

Speaking of present military forces, he said:

"France has, on European soil, 27 divisions; Belgium six; Poland 30, and Czecho-Slovakia 26 brigades, a total of 76 divisions compared with Germany's seven. Who, I ask, needs security? I can't leave unmentioned that besides these troops, the other nations also possess aviation squadrons, heavy artillery and powerful reserves of trained men and war material of a kind we do not possess at all."

A WARNING TO MOTHERS

Watch the Health Of Your Little Ones At All Times

No mother can expect that her child will escape all the ills to which babyhood and childhood are subject, but she can do much to lessen the severity of these troubles. The mother should be constantly on her guard to prevent childhood ailments, or if they come on suddenly as they usually do, to have the means at hand to relieve them. Thousands of mothers have found Baby's Own Tablets the ideal remedy for little ones—thousands of mothers always keep the Tablets in the house as a safeguard against the sudden illness of their little ones.

Baby's Own Tablets are a mild but thorough laxative. They regulate the bowels; sweeten the stomach and thus banish constipation and indigestion; break up colds and simple fever and make the cutting of teeth easy. The Tablets are absolutely guaranteed free from injurious drugs and may be given to the youngest child with perfect safety. They are sold by medicine dealers or by mail at 25c. a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Speckled Trout For Jasper Park Lakes

Anglers May Expect Real Sport In Canada's Largest Mountain Playground

So successful was the experiment made by the Dominion Government last year in stocking Maligne Lake, in Jasper National Park, with trout, that a quarter of a million more fry are now growing up in the hatchery there, and will be turned loose in the great glacial lake in a few weeks time.

As eggs, the 250,000 travelled to Jasper from Cresco, Pennsylvania, last winter, and so carefully was the precious freight handled by the Canadian National Express that only 70 of the eggs failed to hatch. Arrived at Jasper, the eggs were given into the care of Warden Herbert Davis, who is carefully nursing them along. He feeds the multitude four pounds of chopped liver a day and keeps the water moving and at a proper temperature.

Early in June the fingerlings will be taken out of their trays and transported in tins to Maligne. "The fish put in there last year," says R. Langford, supervising warden, "have done marvellously well and have grown to a good size. They and the new batch are speckled trout. We expect a shipment of rainbow trout in a few weeks for Cabin Lake.

How Names Were Given

Europe is derived from Europa, in Greek mythology a woman who was carried off by Jupiter, who came to her disguised in the form of a white bull and bore her to the island of Crete. The Greek word is said to be derived from the Semitic 'ereb' meaning darkness, evening sunset. Asia is said to derive its name from the Semitic word "acu" meaning going forth, or rise of the sun.

"What would you say to anyone who sits himself down on your hat?"

"I should call him an idiot a stupid ass."

"That's all I wish to know — you are sitting on mine!"

Use Minard's for the rub down.

A Remarkable Hotel

Built On Swiss Alps and Is 11,480 Feet Above Sea Level

One of the most remarkable hotels in the world is the Jungfraujoch, perched high up on the Jungfrau, in the Bernese Alps, Switzerland, 11,480 feet above the level of the sea. Built of stone and iron, the hotel is welded, as it were, into the sheer rock of the famous mountain. Snows surround it eternally, and, in winter, it is buffeted by the fiercest blizzards of the Alps. But it gives hospitality and warmth to climbers and to the tourists who visit the mountain by the funicular railway from above Interlaken. From the windows of the hotel lounge one often looks out upon a world of clouds, through which some of the high peaks of the Bernese Oberland stand out like rugged islands.

Nearly every member of the hotel staff is an expert mountaineer. For though the funicular runs to within a short distance of the hotel there are often long spells during the winter when the heavy snows prevent all communication with the outside world. Then, the only means of reaching civilization is by ski along dangerous mountain tracks. The Jungfraujoch hotel had its origin in a ramshackle shelter hut built by workmen when engaged in the construction of the funicular in 1912. From this dwelling where they ate their simple meals of beer and bread has arisen the hotel that is unique in the world.

Wise and experienced mothers know when their children are troubled with worms and lose no time in applying Miller's Worm Powders, a most effective vermifuge. It is absolute in clearing the system of worms and restoring those healthy conditions without which there can be no comfort for the child, or hope of robust growth. It is a most trustworthy worm exterminator.

Professor—Go your fastest my man! I am in a desperate rush.

Taxi Driver (after speeding along for 30 minutes)—Say, you forgot to tell me where we are going.

SUNDAY SCHOOL LESSON

JUNE 30

Golden Text: "I have loved thee with an everlasting love; therefore with lovingkindness have I drawn thee."—Jeremiah 31.3.

How many Christians there are who, like those priests, are miserable because unsanctified! While on every hand opportunities call for the devotion of their energies, they are unfitted to lay hold of them.—J. Stuart Holden.

If ever there was a suffering servant, despised and rejected of men, that servant is the Jewish people.—Jewish Chronicle.

Take the task he sends you gladly,
Let His work your pleasure be;
Answer quickly, when He calleth,
"Here am I, send me, send me."
—Daniel March.

With bonds and scorn, and evil will
The world requites its prophets still.
—Whittier.

He who shows me the achievements of a brother man touches my lips with a live coal from off the altar.—Carlyle.

We are but poor judges of form or comeliness, and what is lustrous with perfect beauty in God's eyes may be, and generally is, plain and dowdy in men's.—Alexander Maclaren.

God's goodness hath been great to thee;
Let never day nor night unhallow'd pass,
But still remember what the Lord hath done.—Shakespeare.

For Catarrh.—It is one of the chief recommendations of Dr. Thomas' Eclectric Oil that it can be used internally with as much success as outwardly. Sufferers from catarrh will find that the Oil when used according to directions will give prompt relief. Many sufferers from this ailment have found relief in the Oil and have sent testimonials.

Canadian Delegates For Press Conference

Dominion Will Have Largest Representation At Imperial Meet Next Year

J. H. Woods, managing editor of the Herald, Calgary, Alta., recently sailed for London, where he will consult with the council of the Empire Press Union in connection with the Canadian contingent of press delegates to the Imperial Press Conference, being held next year. Mr. Woods said that Canada will be sending 20 delegates to represent the 60 members of the Union in Canada. This is the largest representation of any part of the Empire.

The last conference was held in Australia in 1925, and the one previous to that, in 1920, was held in Canada. The Imperial Press Conference is being held in London, England, in June of next year.

"Skinny" Women! Gain Weight Quick

New IRONIZED YEAST adds pounds in few weeks. Results guaranteed—*or pay nothing*

Why let a "skinny" body, bony limbs and ugly hollows ruin your charm? Ironized Yeast adds 5 to 15 pounds often in few weeks; clears your skin; banishes wrinkles; gives you new strength. People ask—how does Ironized Yeast work so fast.

Ironized Yeast is two great tonics in one. Weight-building YEAST treated with two kinds of strengthening, blood-enriching IRON used for years by highest medical authorities. The Yeast is also treated with Violet Rays to increase its effectiveness.

Only when Yeast is Ironized is it most effective. Iron is needed to bring out the weight-building, strengthening values of Yeast.

Pleasant tablets. No "yeasty" taste No gas or bloating.

No excuse to stay "skinny," weak or pimply. Feel and look years younger. Get full size treatment of Ironized Yeast today from any druggist. If not delighted with quick results, get your money back. If inconvenient to buy from druggist, send $1.25 direct to Canadian Ironized Yeast Co., Ltd., Fort Erie, Ont. Desk 426-MX.

The "Canadian Mediterranean"

Montreal Journal Sees Important Future For the H.B.R.

Commenting on the completion of the Hudson Bay Railway, Le Devoir, of Montreal, edited by Mr. Henri Bourassa, expresses the belief that the new line to the Canadian Mediterranean will prove a valuable addition to Canada's transportation system, not only as a development road, but as an export route. The richness of the country through which the railway passes has already been proved, Le Devoir states, foreseeing large mineral, pulp and paper, and metallurgical establishments along the road. It applauds also the manner in which the Government is amassing data on the navigability of the Bay, and concludes: "It is improbable that the route will become a serious competitor of the St. Lawrence, but it is sure to be useful, and will become so more and more as seamen become familiar with navigation conditions."

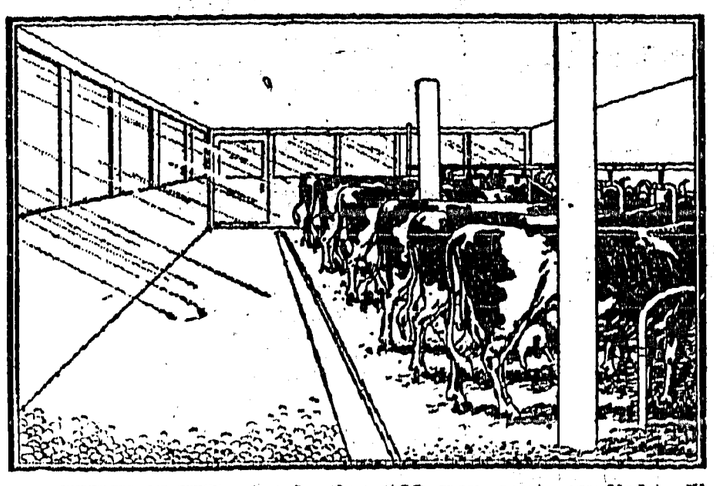
Minard's Liniment for sick animals.

University Of Alberta

The University of Alberta has just celebrated its twenty-first birthday. The first president, Dr. H. M. Tory, now president of the National Research Council of Canada, and the first premier of the province, Hon. A. C. Rutherford, participated in the anniversary ceremonies.

WINDOLITE *The Improved Glass Substitute*

MADE IN ENGLAND



WINDOLITE stands for 100 per cent. sunlight. It makes light but strong windows for cattle sheds, dairy stables, poultry houses, brooders and all out buildings. It is economical, unbreakable, flexible and is easy to cut and fit. It is now being successfully used for sunrooms, verandahs, schools, factories, hospitals, sanitariums, hot beds, plant coverings and greenhouses. It keeps out cold —will not crack or chip,—cuts with an ordinary pair of scissors and is easy to fit. **WINDOLITE** is supplied in rolls any length but in one width of 36 inches only. A square yard of **WINDOLITE** weighs about 14 ozs., while a square yard of glass of ordinary thickness, weighs about 135 to 130 ozs. The improved **WINDOLITE** requires no varnish. **WINDOLITE** is made in England.

Price $1.50 Per Square Yard, f.o.b., Toronto.

Use WINDOLITE and let
YOUR PLANTS
YOUR CHICKENS
YOUR CATTLE
Bask in 100 % Sunlight
Send for booklet "WINDOLITE"

COMES WITH A MESSAGE OF HEALTH

THE sun is the all-powerful life producer, Nature's universal disinfectant and germ destroyer, as well as stimulant and tonic. **WINDOLITE** is the sun's most important ally.

Medical research has definitely proved that from the point of view of Health and Hygiene, the most effective among the sun's rays are the Ultra-Violet rays, which possess the greatest power for the prevention and cure of disease and debility.

Science has further established that ordinary window glass does not allow the passage of Ultra-Violet rays, so that by using glass we are artificially excluding these vital health-giving rays. Therefore, the invention of **WINDOLITE** has completely satisfied the long-felt want. Exhaustive experiments have conclusively proved that it is a most effective substitute for glass, that it freely admits the Ultra-Violet rays, and that its use has a most beneficial effect on the growth and development of plants and chickens and on the well-being of cattle, enabled for the first time to have healthy light instead of darkness in their sheds.

Indeed, the discovery of **WINDOLITE** has during the last six years completely revolutionized gardening, given a new stimulus to poultry breeding, increasing the egg-laying capacity and fertility of chickens, has greatly improved the health of cattle and is now being used in domestic and household requirements.

The Singing Fool

By HUBERT DAIL

Copyright, 1928, Warner Bros. Pictures, Inc.

CHAPTER I.

Cool gray dawn of a work day in the modern Babylon—New York. The black curtain of night rose silently, seeming to trail ghostly spirals of mist. Against the sky's flat monotone the irregular and fantastic shapes of the skyscrapers stood out boldly—powerful and mysterious creations of Man.

In the dark canyons of the city streets dark figures moved purposefully toward their destination—factory hands with lunch kits tucked beneath their arms, stalwart steel-construction men who carried the pride of craft in their way of walking, slim girls with the vivid memory of the night's romantic dreams still shining in bright eyes.

But uptown, in the glittering play places of the city, was a sharply contrasting scene. In the "roaring forties" and "nifty fifties," where denizens of Broadway and fashionable Park Avenue "make whoopee" through the sleeping hours, the night clubs were ending their day. Through the tinseled doorways came lovely ladies in ermine coats and jeweled slippers, and men with silver-topped walking sticks, and top hats at rakish angles. Their heavy listlessness was broken occasionally by hysterical laughter.

In the lobby of the resplendent Plaza Club, Marcus, the revue producer, helped a pretty young actress into her fur coat. As he did so his arm went around her lingeringly for a moment, while she turned her graceful head and glanced knowingly into his eyes. Another man and girl of the Marcus party waited nearby.

"Well, let's call it a night," suggested Marcus, his hand resting affectionately on the girl's arm.

"No—ple-ase! Let's not go home. We can have lots of fun yet."

Her tone was wheedling, her smile gay. She was playing up to Marcus, first, because he was the great Marcus, secondly, because she wanted her own way. And now she turned to the other couple.

"Don't let him send us home yet," she said in the tone of a spoiled child. "We're having fun. We can go to some other place."

The other man and girl nodded, and the actress turned to Marcus.

"You see!"

Marcus sighed, then made one last stand.

"All the other places will be closed," he insisted.

"No, they won't. Blackie Joe's is open—the fun is just starting down there."

The revue producer made a grimace of distaste. "But that's such a dump."

Suddenly the actress seized Marcus by the arm and led him toward the doorway. She spoke rapidly and soothingly into his ear:

Marcus acquiesced with a faint smile and a characteristic shrug of the shoulders. The chauffeur of his handsome limousine sprang to attention and swung the car door open as the party came down the steps. They stepped inside and the car purred away.

Inside, Marcus felt the girl's head on his shoulder. He put up his hand and stroked her glossy hair, keeping his eyes straight forward. Yes, he liked her, but he liked many women. Primarily, this shrewd revue creator was interested in women as talent for his gorgeous productions. His gift for "spotting" talent had made him Broadway's most notable figure in his line. To be "discovered" by Marcus meant fame for any girl.

The car drew to a stop before the shabby exterior of Blackie Joe's place; the party mounted the narrow, unpainted, somewhat rickety stairs; at the top the peep-hole panel of a locked door was pushed aside in response to Marcus' knock. The suspicious eyes of the doorkeeper looked them over, then cautiously swung the door back.

Inside the tiny lobby they surveyed through another doorway a smoke-filled room and a crowded dance floor, where closely massed figures undulated to the muffled but insistent rythms of jazz music. An odor of stale beer greeted them and again Marcus made a grimace of distaste, which he quickly stifled. When the check girl had taken their wraps they moved toward the main room.

This was slumming with a vengeance, thought the fastidious Marcus. In contrast to the brilliant and richly upholstered club they had just left this hideaway of the downtown back streets seemed strangely threadbare and woebegone.

The producer did not like the tppearance of some of the patrons. As his party entered the low-ceilinged main hoom the dance music stopped and the couples threaded their way back to their tables. A curious and rather sinister quietness pervaded the room for a moment; Marcus and his expensively garbed friends were met by lowering stares that seemed threatening.

Marcus' keen, darting glance caught the covetous gaze of a man at a nearby table fixed on the heavily jeweled hand of his actress friend. Without a word the producer stepped in front of her protectingly. And then—

Suddenly the figure of Blackie Joe himself appeared across the room. He strode toward them rapidly with his best welcoming smile.

"Well, Mr. Marcus, this is a great honor!"

Marcus relaxed with a sigh of relief and took Blackie's outstretched hand. Blackie turned toward the back of the room, calling:

"Hey, Al! Ringside table for four!"

Al Stone, the head singing-waiter and prize comic at Blackie's place, spun about. From their appearance these were important people.

"This way, ladies and gentlemen. Here's a nice spot."

The party relaxed about the round, white-topped table. Then Marcus, czar of the Broadway revues, turned to give the order. He looked up into the handsome, intelligent face of Al Stone, the obscure performer. As he did the actress next to him whispered, "Four beers?" Marcus nodded and repeated the order to Al.

The waiter straightened up and looked about for Blackie. These people were important, but he couldn't fill the order until he had the high sign from Blackie. He caught Blackie's eye and saw his right hand go up with the okay gesture. Then he turned away.

Who were these people he wondered, toward whom the boss behaved so deferentially? Well, it didn't matter. You could see, to look at them, they had plenty of jack. Later he would sing one of his best comic songs for them. They would probably loosen up with a good tip.

Someone else was speculating on the Marcus party, too. In the background, several tables away, stood Grace Farrel, the cigarette girl, her slim fingers resting on her tray, which was suspended from her shoulder by a wide ribbon. Her eyes were wide with awe, for she had heard Blackie Joe whisper the words, "Marcus of Broadway."

So this was the legendary Mr. Marcus, who made performers famous. But the thoughts of little Grace were not for herself. They were for Al Stone. Even as Al leaned over to take the Marcus order her gaze had been alight with admiration for the singing waiter. If only Mr. Marcus knew how smart Al was, how funny he could be, what wonderful songs he wrote!

She tried desperately to catch Al's eye. She must reach him and tell him the name of this distinguished personage!

CARTER'S LITTLE LIVER PILLS

Big Aviation Merger

Saskatchewan and Alberta Interests Will Make United Bid For Mail Contract

In the biggest aviation merger in the history of western Canada, commercial aviation interests of Saskatchewan and Alberta have united under the name of the Great Western Airways, Limited, according to announcement made by Capt. Fred. R. McCall, managing director of the Calgary Flying Company.

Commercial Airways, Ltd., Edmonton, and Commercial Airways, Ltd., Regina, decided at a meeting in Regina, to pool their interests with the Great Western Airways, Ltd., Calgary, and make a united bid for the trans-Canada air mail contract.

Arrangements have already been completed for financing the Dominion mail contract to the extent of $1,000,000 if it is awarded, Capt. McCall announced.

The Great Western Airways will function as one company under the general managership of Squadron Leader G. H. Tudhope, who is at present supervisor of airports and airways for the Dominion government. He has accepted this position with the new aviation merger.

Turner Valley Oil

Now Producing At a Rate Of Over 830,000 Barrels Annually

In April, 1929, the Turner Valley produced 54,904 barrels of crude naphtha, and 14,303 barrels of crude oil, making a total of 769,207 barrels of oil and naphtha during the month. This is at the rate of over 830,000 barrels annually compared with 481,000 in 1928. From the present rate of increase it seems likely that the Turner Valley will produce well over 1,000,000 barrels this year.

Time Has Tested It.—Dr. Thomas' Eclectric Oil has been on the market upwards of fifty years and in that time it has proved a blessing to thousands. It is in high favor throughout Canada and its excellence has carried its fame beyond the seas. If it were double the price it would be a cheap liniment.

A man, as he manages himself, may die old at thirty or young at eighty.

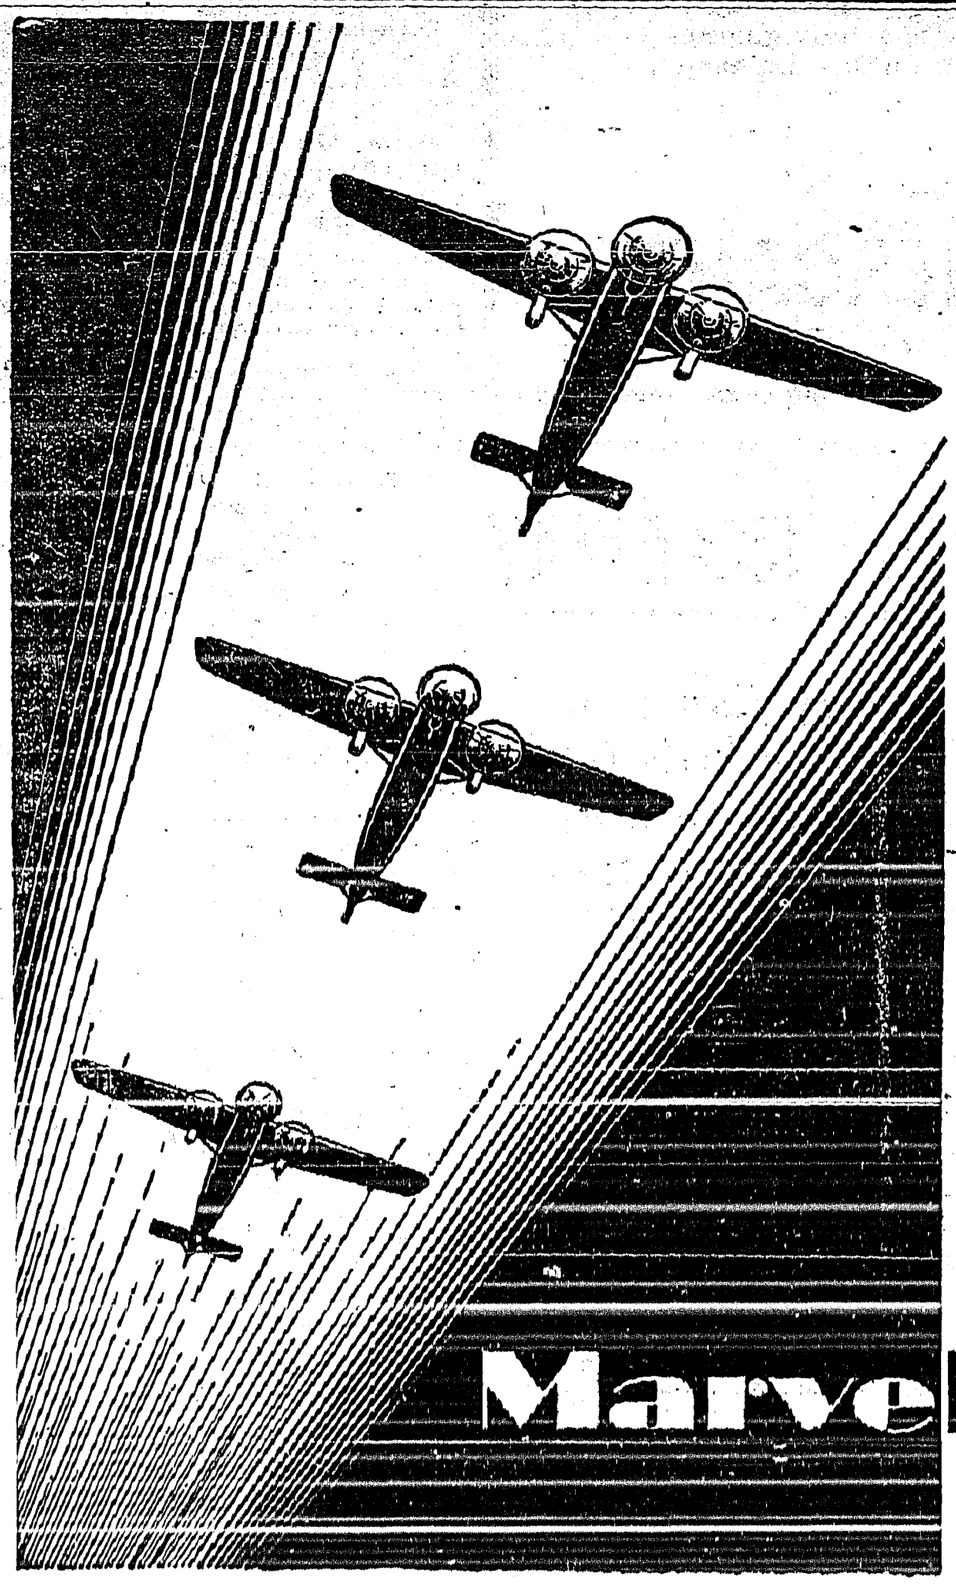
Britain Likes Canadian Honey

Is Growing In Popularity Says Assistant Trade Commissioner

"Honey is fast becoming a staple food on the British breakfast table, and the CCanadian product is enjoying a growing popularity," writes Lester S. Glass, assistant trade commissioner at Bristol, in an article in the "Commercial Intelligence Journal." White clover honey and orange blossom honey are well thought of and South American white honey enjoys a high place in the estimation of the buying public. The British statistics for the calendar years 1926 and 1927, show a total import of honey of 73,251 cwt. and 84,415 cwt., with a value of £201,962 and £221,067 respectively.



SKY TESTED

Your modern high-speed motor hums the tune of faster transportation. In speed, power and flexibility, the motors of the highway reflect the influence of the motors of the sky.

The oil that was "good enough" for the motor of 1925 is not good enough for the motor of 1929. Higher speeds, higher temperatures, higher compressions, have created more difficult lubricating problems *and demand better oil.*

Because Marvelube meets the high temperatures and high pressures of airplane operation it is the ideal lubricant for the modern automobile engine. Its rich lubricating properties are inherited from its base-Peruvian Crude.

On the highways as in the skyways, Marvelube gives smoother performance, lessened depreciation and real operating economy.

There is a grade of Marvelube refined to meet exactly the specifications of your car, truck or tractor. See the Marvelube Chart at Imperial Oil dealers and service stations.

Printed Butter Wraps at The Review

Local and Personal

Buy your Dominion Day flags from V. Mawson.

Birth—On June 22nd, to Mr. and Mrs. Frank Maione, a daughter.

FOR RENT—House to rent, good location. Mrs. T. M. Edmondson. Creston.

WANTED—Used car in good condition; full particulars and price. P.O. Box 43, Creston.

WANTED—Room wanted by gentlemen, with or without board, state terms. Box 43, Creston.

FOR SALE—One two-horse spring dray, in first-class shape, $65 cash. H. A. Dodd, Creston.

Mr. and Mrs. Jas. Cook were visiting with Spokane friends during the week, leaving on Sunday.

Monday is Dominion Day, a statutory holiday, and all places of bnsiness in town will be closed.

FOR SALE—Five acres of timothy and alfalfa hay, to cut in field. W. K. Beard, Camp Lister.

WANTED—Strawberry packers at once. Good accommodation. Apply T. E. Slingsby, Wynnnel.

Creston Post Canadian Legion meets in July session at the Legion hall on Tuesday night at 8 o'clock.

During his stay in Creston at the week-end Rev. P. Hayman, was the guest of Mr. and Mrs. F. H. Jackson,

Mr. and Mrs. Geo. Letcher of Flagstone were weekend guests of the latter's parents, Mr. and Mrs. Geo. Nichols.

Fred Payne, firing with the C.P.R. at Cranbrook, spent a few days the past week with his mother, Mrs. E. W. Payne.

Mrs. Jas. Davis, who has been on a two modths' visit with friends in Colorado, returned home at the end of the week.

FOR SALE—Quantity alfalfa; will sell crop standing or arrangements made for cutting. T. Quinn (Maxwell ranch), Creston.

Geo. Strong of Lethbridge, Alberta, formerly in charge of the Commercial Hotel, is a holiday visitor in Creston this week.

G. M. Argue of Cranbrook was renewing acquaintances in Creston at the weekend. He was a guest of Mr. and Mrs. C. H. Hare.

R. B. Staples arrived from Kelowna on Saturday, and will be remaining for a week or ten days while the strawberry shipping rush is on.

Donald Spiers arrived home on Tuesday on a visit with his parents, Mr. and Mrs. J. D. Spiers. He is just recovering from a severe illness.

Mr. and Mrs. J. G. Smith of Nelson spent a few days at the end of the week renewing acquaintances. They were guests of their son, Fred.

Miss Annaretra McDonald, who has been a student at the provincial Normal school at Victoria, the past term, is home for the summer vacation,

Chas. Moore is the newest of auto owners in this section, having taken delivery of a Plymouth sedan from Creston Motors at the first of the week.

Exhibitors at the Women's Institute flower show are reminded that all exhibits must be at Trinity Church hall at 12 o'clock noon. Please be on time.

Miss Mary Murrell, who has been attending an art school in Victoria for the past few months, arrived home on Tuesday for the summer holidays.

Mrs. M. R. Joyce was a Spokane visitor this week, in which city she was joined by Mr. Joyce, returning from attending Masonic grand lodge in Victoria.

Dick Chandler, cashier at the Imperial Bank, left at the end of the week on a two weeks' vacation which he is spending at his home in Wetaskiwin, Alberta.

At the annual convention of the Associated Boards of Trade of Eartern B.C. at Nelson last week C. G. Rodgers was re-elected president of the organization.

Adam Robinson, who has been taking fourth year high school work at Nelson the past term, is here for the summer vacation with Mr. and Mrs. S. A. Speers.

Mrs. Cotterill left on Sunday for Cranbrook where she is at present a patient in St. Eugene hospital. She was accompanied by Mr. and Mrs. T. Goodwin.

Death claimed another of the school indians of the local reserve on Thursday last, when Philip passed away after a short illness. He was about 35 years of age.

F. C. Rodgers reports the sale of a 20 h.p. Evinrude outboard motor with under water exhaust to Laib brothers who are using it on a boat for the haul of supplies to their mine operations at Cultus Creek. It has plenty of pawer to develop a boat speed of 20 miles an hour.
