THE CRESTON REVIEW

VOL. XXVI — CRESTON, B.C., FRIDAY, NOVEMBER 22, 1935 — No. 30

Council Passes Closing By-Law

Hours for Retailers Altered as Requested—Park Pavilion Improvement Expense Bill to be Referred to Clubs Interested.

There was considerable variety to the proceedings of the village council, which met in November session on Thursday evening, the change being due the fact that the regular meeting fell on Armistice night, which is a public holiday. Reeve Jackson presided, and Councillors A. Comfort and Chas. Murrell in attendance.

The necessary by-laws were given three readings in connection with the new hours of closing asked for by Creston business men to meet the requirements of the new federal 48-hour work week. The new regulations will be finally passed at a special meeting to be called by the chair. There is a separate by-law for the barbers and beauty shops which are to open at 9 a.m and close at 6 p.m., week days (except Wednesday), and Saturday on which day the closing is set for 10 p.m. With the stores the hours are 8 a.m. to 5 p.m., and a nine o'clock Saturday closing.

Accounts are now all in in connection with the raising of the beams at Park pavilion and the total cost of this work is $303. Last season both the badminton and basketball clubs expressed a willingness to help defray this expense, the village and each club paying 33 per. cent., the expected cost at that time being placed at not more than $150.

The councillors decided to send each club a statement of the $303 expense hoping they will come through with the expected one-third each of the cost. If the clubs do not favor this idea then the council will raise the present rent from $10 a month to possibly $25 monthly

John F. Murrell was present from the Farmers' Institute notifying that in May 1936, it is possible the central Farmers' Institute convention for West Kootenay may be held at Creston, and wanted some assurance the council would cooperate in every way, including, possibly, some financial assistance, to make the gathering an outstanding success. The council pointed out a new council would be elected next year and the matter would be up to the new cabinet, but assured the retiring council will go on record as favoring giving all help possible.

Replying to a letter from the village asking that the lands between the dyke and Goat River be turned over to the village to use for grazing and other useful purpose, the deputy minister of lands declined to accede to the request as there was a reserve on the said lands, but pointed out the area would be available for grazing as in the past.

The provincial industrial research committee chairman at Victoria wrote asking for information as to trade licences issued to chinese, Japs and Hindus, and also the property holdings of these celestials. The clerk has replied there are three Chinese trade licenses issued in the village and the property owned by Chinese was assessed at $1075 on land and $2400 on improvements

W. Fraser got a most favorable hearing as a delegation asking that adequate provision be made to provide a lane into properties on the west side of Canyon street that are effected by the erection of the Messenger garage. Land will be purchased for this purposee and it was agreed to put down up to 40 yards of gravel to make the laneway safe for traffic.

Accounts passed for payment totalled $871, in which was the improvements at Park pavilion and about $225 of the cost to date of the cribbing and earthwork necessitated by the erection of the Messinger garage. In addition to the $225 there is at least another $70 for the poles used, and there will be some more expense in connection with the earth and gravel fill

The reeve and Councillor Comfort will attend a meeting on November 27th when representatives from organizations interested in the proposed new cemetery will be held. There was a letter from the cemetery committee of the Women's Institute asking that representatives be sent.

For the fire and light committee Councillor Murrell reported he had been unable as yet to complete arrangements with the waterworks company for an agreement on water supply and servicing the village hydrants, but hoped to have a definite report for the December meeting. In addition to the 40 yards of gravel for the laneway at the new garage Councillor Murrell of the roads and streets committee was authorized to put down whatever other gravel is required for necessary repairs. Due a none too full treasurey he was refused authority to secure 200 yards of gravel for a more comprehensive gravelling campaign.

ANNOUNCING the OPENING of

Ladywear Shop

In the premises formerly occupied by LYNNE FASHION SHOPPE and showing a complete line

DRESSES, MILLINERY HOSIERY, LINGERIE, Etc. Also

CHRISTMAS NOVELTIES HANDKERHIEFS LINENS priced FIVE CENTS.

MISS DOCKERILL extends a cordial invitation to the ladies of Creston and vicinity to visit her shopp.

Sirdar

Charles Wilson was a business visitor at Creston by car on Saturday.

Mr. and Mrs. George Cam of Nelson are spending a few days here at present.

George Everall has left for Nelson, where he has accepted a position for the winter.

Jack Annable of Nelson is hunting in this district this week, making his headquarters at Kuskanook.

Andy Kommetz of Cranbrook is relief operator during the absence of the regular operator on a short holiday.

Hugh Taylor of Creston has been appointed timekeeper at the road camp here and took over his duties at the first of the week.

The water as indicated by guage at Slough bridge reads .85, a fall of .1 for the week, despite the almost daily fall of rain or snow.

Mr. and Mrs. Martello of Wynndel spent Saturday evening visiting with old friends. Fred was school principal here last term.

Peter Ostfichuk of Atbara was a business visitor to Creston on Saturday. Frank and Bill Thames were business visitors to Creston on Saturday.

Another car of apples was loaded from the Quarry siding, Atbara, by Boswell Growers, Wednesday. These were for export and were in beautiful condition

R. Moat of the Christie Moat tie outfit at Goat Creek was in Creston on Saturday with a truck for feed and other camp supplies for the crew engaged in logging.

The full road crew is now concentrated at Sirdar. The road opposite the hotel and store is being raised about two feet and will be a decided improvement over the old grade.

The extreme mild spell following a week of cold weather was responsible for the many hunters from local points. The sport was just moderate and no heavy bags were reported.

Gordon Bennett and party of Nelson are hunting here at present making their headquarters at Six Mile Creek. Sport has been real good this last few days with plenty of hunters operating.

Art. Lombardo, who has been here for some time hunting with a party from Trail, returned there on Tuesday. Slim Smythe returned to Nelson the same day, pleased with the sport he had here.

Armistice day was one of almost continuous falling of a light snow; so unpleasant was the weather that many did not take in the Armistice day ceremony at Creston, as they had intended to do.

Pete Longueville of Twin Bays was a business visitor to Atbara, proceeding later on to Creston. Oscar Burden and Cliff Derbyshire of Crawford Bay were here on Tuesday on their way to Creston by car.

The addition of a tractor to the tie making operations at Goat Creek is expected to increase the output considerably in future. Operations were greatly hampered by the prevailing bad weather of the past week.

Most of the ice on Duck Lake, the slough and bordering the shores of Kootenay Lake disappeared at the weekend. Much snow went at the same time and the wintery aspect has given place to more sensonable conditions.

A dance sponsored by the local Badminton Club was held in the community hall on Friday evening, the purpose being to raise funds for the club in the coming season. The affair was most successful in every way. Dance music was provided by the Talarico orchestra. Wynndel and Creston were well represented at the dance.

Board of Trade November Meet

Will Do Utmost Help Farmers' Institutes' 1936 Convention if Held Creston—Hopeful New Postoffice and Airport.

The November session of Creston board of trade, which was held at the town hall on Tuesday evening last was uneventful. President Col. Mallandaine was in the chair and the turnout of members was light, as was also the correspondence which included one letter of enquiry as to developments at Creston.

John Murrell, secretary of Creston Farmers' Institute, was present and asked the support of the board in connection with staging the 1936 convention of West Kootenay Farmers Institutes at Creston next May. The local institute will ask the executive at its meeting later this month to fix Creston as the convention city, and the board gave the delegate its full assurance that it would do everything in its power to make the conference a success if it is held here.

The recent forced landing of an airplane at Nelson gave H. A. Powell an opening to discuss air transport matters. He asked that the board foster a move to have the word Creston painted in very large letters on the roof of at least one building in town so that passing aircraft could get information as to locality in cases of emergency. Along with this the board will take up with the authorities at Ottawa the matter of buying the present airport site on the flats from Creston Reclamation Company, Limited.

From information reaching board members it was felt that the erection of the new postoffice had not been abandoned but that as soon as the new government got squared away at Ottawa construction on the new building might be looked for. A similarly optimistic report was given in connection with the proposed new hotel at Creston.

Various committee reports submitted were all in the same optimistic strain. Despite the losses by frost and fire it is expected apple shipments will be almost on a par with 1934, while in the matter of building 1935 promised to be the biggest in Creston's recent history.

Wynndel Squad Wins, Basketball

Trim Creston Intermediates by 33-23 Margin—Review Wins in Overtime Against Pharmacy—Cardinals Down High School

Due, possibly, to the high school games the following evening the turnout at the Commercial basketball league fixtures on Friday night was not up to the usual standard. Creston Review managed to beat Pharmacy in an overtime game 20-18. Cardinals, trimmed High School boys 32-12, and the special feature game between Wynndel and Creston Intermediate rep. team was won by the visitors 33-23.

In the first game the newspaper hands had a hard time to overthrow the flashy drugstore girls, and were forced into a five-minute overtime period. Right from the first whistle the score was very close, with no team leading by a decisive lot of baskets. Pharmacy played a nice checking and pretty combination game throughout and looked like the winners on several occasions. Review worked hard but have not yet awakened to the fact that they will have to get in and dig if they wish to cop the championship again this season. Their combination was much better than in previous games but they were doing too much shooting from long range, and their unsuccessful taking of rebounds resulted in the redshirts scoring several times. Nearing the end of the regulation period Review lead 18-16 when Mary Abbott netted the tieing basket In the five minutes of overtime, play was fast and both teams were careful with their checks, with Review managing to nose out the opposition by a well placed basket by Edith Swain. Out of 11 penalty shots pharmacy converted five, while the Review failed to realize on any one of their half dozen. Teams:

Pharmacy—Learmonth, Speers Crane, Abbott, E. LaBelle, Y. LaBelle, Fay Tompkins, M. Moore, P. MacDonald. Total 18.

Review—Swain, Lewis, N. Payne, Martello, Bourdon, D. Palmer, Clark. Total 20.

In the second game Cardinals were too much for High School boys, winning by a 20 point margin. The game was too one sided to be interesting. High boys lacking in height and weight found it pretty hard to work their plays against such strong opposition. Wilf. LaBelle was high scorer, ably assisted by Gus. Morabito while the Cardinal team honors were fairly evenly divided, Hurford making a particularly good showing with five baskets to his credit.. Teams:

High School—LaBelle, Truscott, York, Goplin, Gus. Morabito, Jim Rogers, Avery, Weir. Total 12.

Cardinals—D. Corrie, Hurford, Cobus, B. Crawford, Tony Morabito, Phillips, Walde.

In the final fixture last year's favorites, Wynndel, were again on the scene bigger and better than ever, with Martello as playing coach. Their opponents were no slouches either. They were Creston's Intermediate rep. team. Both squads displayed a fine sample of basketball and at times it looked as if Creston would come out on top. At half time the score was 12-7 in Wynndel's favor. In the second half both teams put the players in place and got down to real play. Jim Dale did some spectacular floor playing, and practically every man on the team had a hand in the scoring. Wynndel, a little the better team, had a record night, with every player dropping in at least one basket. Andy Hagen, Martello, Joe Martell and Os. Payette made a nice foursome. The winners have a good team and the fans would not be surprised to see them trounce Creston's senior team any time. Teams:

Creston Intermediates—Jack Young, Maddess, Bill Bourdon, F. Bourdon, B. Nastasi, Jim Downes, S. Nastasi, Dale. Total 23.

Wynndel—Al. Hagen, O. Payette, Andy Hagen, Martello, Ken. Packman, Joe Martell, Buster Martell. Total 33.

Wynndel

Miss Ruth Joy was a visitor with Trail friends last week.

August Benedetti bagged a very fine specimen of bear on Friday at the back of the Cameron ranch.

Rev. R. E. M. Yerburgh of Creston was here on Sunday for morning Anglican service with Holy Communion.

Mrs. Hook of Spokane, who has been a patient at Creston hospital for an operation, was able to return to the home of her mother, Mrs. Grady, last week.

Notices for despatch of Christmas mail are posted. Within the next two weeks mail will leave St. John, December 6th, and Halifax the following day.

Mrs. E. Martin of Sirdar was a visitor here, Wednesday, to attend the W.A. sale of work. Rev. and Mrs. R. E. M. Yerburgh of Creston were visitors the same day.

The Woman's Auxiliary sale of work on Wednesday last was quite successful. The work table sold out in record time, and tea and candy did quite well. The fishpond was new and attracted children and grownups. The doll name-guessing was won by Mrs. Gregory. The cake weight guessing was won by Mrs. Towson.

The annual meeting of the K. K. Klub was held on Wednesday last. Minutes and financial statement read. Officers for the coming year are: President, Clarence Wilson; secretary-treasurer, D. Taylor. Committees will be chosen by the officers. A discussion of programme for the season brought a decision to meet twice a month.

Canyon

Birth—At Creston hospital, November 12th, to Mr. and Mrs. E. Solheim, a daughter.

Aubrey Cross of Winnipeg, Man., has arrived on his usual fall visit with his mother, Mrs. A. E. Cross.

Bob Clayton and daughter, Lorraine, of Kimberley were here at the weekend on a visit with his parents, Mr. and Mrs. Matt. Clayton.

Mrs. Myles Hurl and two childred of Kircaldy, Alberta, has arrived to spend some time with her parents, Mr. and Mrs. W. Cook.

Matt. Clayton is one of the first of the local hunters to get a deer. He got his venison on Saturday, while hunting in the vicinity of the Skimmerhorn.

Cliff. Reynolds and Mrs. W. Cook, who have been patients at Creston hospital for the past three weeks, were able to return home within the past week.

Mrs. A. Wickholm, who recently disposed of her ranch property here to Mr. Apollzer, has moved to Creston, where she intends to reside, for the present at least.

The Ladies' Christmas Tree committee had the first bridge and whist for the yuletide entertainment fund on Friday at the hall, which was quite successful, netting $12 for the good cause. The winners at bridge were Mrs. Glen Messinger and Roy Browell, high scorers, and Mrs. Markham and J. E. VanAckeren, consolation prize winners. At whist the premier honors were annexed by Mrs. H. Young and Jack Clayton, and the low scorers were Mrs. Osborne and Chas. Pipe. Further social affairs are planned by the committee which is made up of Mrs. Hickey, Mrs. Roy Browell, Mrs. Blair, Mrs. Kolthammer, Mrs. Glen Messinger, Mrs. Kifer and Mrs. Niblow.

Most of the ranchers here at present are engaged in securing their winter supply of fire wood, evidently anticipating a long winter.

Kimberley Scores Double Victory

Boys' and Girls' High School Squads Lose East Kootenay League Fixtures—Dinner and Dance After Games.

There was only an average crowd out to see the first home game of the East Kootenay High School Basketball League at Park pavillion, Saturday night. Kimberley sent a girls' and boys' team against Creston high school squads, the visitors taking both games—the girls by a 6-14 margin, and the boys winning 23-19.

In the girl's game the local idolized high girls just blew up in smoke and were next to useless to each other on the floor. Creston girls were bewildered; passing to anybody and everybody, fighting with each other for posession of the ball and rough and tumble play that certainly did not do credit to what Creston looked upon as an unbeatable squad.

Kimberley was by no means gentle and ended up in the middle of more than a few pileups. Nell Payne and Jean Thompson, both centres were battling all night, with the Kimberley middie outscoring her opponent, annexing 12 of the 14 points made by Kimberley. The Creston centre accounted for two baskets. The teams:

Creston Girls—Nellie Payne 2, Theo Tompkins, Ruth Hare Ruby Palmer 2, Helen Staples 2, Maisie Ferguson, Marion Cooper, Doris Hendy, Thelma Erickson.

Kimberley Girls—Jean Thomson 12, Kay Thomson, M. Chambers, B. Chambers 2, B. Nesbitt, D. Osterloh.

The boys' game was very onesided in the first half, with Kimberley leading 16-4 at the halfway mark. Creston settled down to real basketball in the final 20 minutes and had Kimberley on the defensive most of the time to prevent Creston overcoming the rather impressive lead gained in the opening half. Wilf. LaBelle, Chet. Goplin and Sam Nastasi played particularly well, and the fans are quite convinced Creston would have won had the latter been in the lineup earlier in the fray. Sloppy passing was largely responsible for the locals' loss. Kimberley gave a fine exhibition with Rochellie and Derry high scorers The game was clean with very few penalties were awarded. The teams:

Kimberley Boys—M. Anderson 4, I. Ore 6, A. Owen 5, D. Derry 1, W. Rochellie 7, N. Gill, D. Williams, W. Johnston.

Creston Boys—Wilf. LaBelle 8, Chet. Goplin 2, Gus Morabito, Cliff York, Des Truscott 2, Jim Rogers, Dick Avery, Bill Weir, Sam Nastasi 7.

Frank Levirs, former high school principal here, was in charge of the visiting team, with Dave Todd managing Creston. Most of the Kimberley players were billeted out by the Creston squad, returning on Sunday. After the game there was a banquet and dance and both were thoroughly enioyed by all attending.

Difficult Problems

The problems which it may be expected will be discussed at the pending conference between representatives of the Federal government and premiers of the Canadian provinces will furnish plenty of material for conversations and negotiations.

If only one half of the difficulties which the western provinces have recently experienced and still are experiencing in finding sufficient revenue to maintain their ordinary services, to saying nothing of contributing substantially towards the cost of relief, can be removed a forward step will have been taken, and representatives of the provinces will leave Ottawa with something a little more tangible than hope for speedy recovery and for future progress.

One of the factors in the present situation that will have to be faced squarely is the fact that the cost of government is pressing heavily on the taxpayers, that there is just so much money available for the upkeep of services and that a shifting of burdens from one unit to another is not the way out of the trouble, though it may be a temporary palliative.

If several buckets are dipping water out of a well which is not being replenished from natural sources it is only a question of time when the well will run dry, and in the long run it does not make very much difference which of the buckets took most of the water out of the well.

That is actually the position of the taxpayer in western Canada. There are three buckets drawing on his resources, the federal, the provincial and the municipal, the last-mentioned, of course, including the schools.

The permanent solution of the difficulty lies not so much in a decision as to who is to be allowed to draw the most, or the least, water from the well but how the well is to be replenished, and until this can be determined, those in authority will have to address themselves to the task of finding ways and means of conserving the presently available supply and making the utmost of it.

There are many ways in which a conservation policy might be put into effect and one of the most practicable would be to eliminate a good deal of duplication and overlapping of services which have grown up, apparently without any blame attachable to any one in particular for the situation.

There are, for example, services which are being provided by both federal and provincial governments resulting in double costs for machinery and operation, in addition to a degree of confusion and ineffectiveness attendant upon two unrelated organizations trying to reach the same good by different roads.

In this category might be included debt adjustment machinery and to some extent agricultural services rendered by both federal and provincial administrations. These are only cited as illustrations of a number of fields of endeavor in which co-ordination of effort by a merger of duplicated services would not only bring about greater efficiency but would also save considerable expense to the taxpayers.

It is true that in connection with these and other acivities in the same category objection might be raised that dual services are essential because of the limitations of legislative competence, but if that is the sole barrier in the way of economy, then necessary legislative authority to dissipate the difficulty should be sought and doubtless could be secured if a spirit of true co-operation on the part of all concerned is evidenced.

In the matter of sources of revenue also there is duplication which should be eliminated by a better defined allocation of spheres of taxation as between the several governing units. There should not, for instance, be two income taxes with two sets of costly machinery to gather the same type of tax from the same taxpayers, necessitating a double expenditure.

In pre-war and pre-depression years the fields of taxation were fairly well defined and understood and governments, in those days, confined their revenue collection efforts within well defined channels. First departures from recognized practice and prerogative came with the emergency demands of the war and subsequently, as financial and economic stringency became more severe, governments were loath to abandon what they had gained.

On the contrary, the practice of encroaching on one another's sources of income assumed serious proportions as the level of the water in the well declined and the demand for more and more water grew with greater intensity.

With this situation confronting them, the participants in the conference will face a difficult task. While, no doubt, many suggested methods for replenishing depleted incomes will be offered, first thought probably will be given to conservation of the existing resources, and one of the most practicable means of doing this will be to stretch the tax dollar by eliminating duplication. This can be done, not only without impairing the services involved but should result in improving them and at a lesser cost.

The official edict has gone forth that the new styles for the ultra fashionable gowns will not embrace any wasp waists. There will, though, be a sting in the prices.

Although the feathers of silkies may be either white or black, their skin is always black. They are the Negroes of the fowl race.

Harvard finds that the interior temperature of an ordinary star is 2,000,000,000 degrees. With a 19-year-old admirer in pursuit, it is naturally more.

Stone Mountain is a massive dome of muscovite granite in De Kalib county, Georgia, and is said to be the largest in the world.

Finds Blindness No Handicap

War Veteran Has Developed Memory To Remarkable Extent

Captain Gerald Lowry, a blinded veteran of the World War, recently was one of the champion pair at the British Bridge League Congress at Harrogate, England. His partner was a woman. Not only did they win but they were always the first pair to finish their hands.

Blindness has its compensations. Nature to some extent redressess the balance by developing other faculties. Captain Lowry is a remarkable example of overcoming the handicap and lives a more active and normal life than most people. He has developed his memory to such an extent that when a friend whispers the designations of his cards to him he remembers them throughout the game and where he has arranged them. When he has to play dummy, the cards are named to him and he remembers them, too. The rest is easy. During the Harrogate tournament he played 32 calls and never forgot a card.

Captain Lowry before the war was an ardent golfer and amateur boxer. He still plays golf and boxes. He tees his own ball and drives by instinct. His caddie tells him where his ball lies and where he should hit it to, and he never misses. He also learned osteopathy and has built up one of the most lucrative practices in London. — St. Thomas Times-Journal.

Began In Ice Age

Scientists Believe Recent 'Quake Originated 25,000 Years Ago

Persons whose sleep was interrupted by the recent earthquake may blame it on the great Ice Age.

It is at least 25,000 years since the Ice Age ended, scientists estimate, but it was these same scientists who fixed its guilt.

Dr. L. C. Conant, director of the Cornell University seismological station, explained the general theory of earthquakes in the northeast is the earth is gradually recovering from the burden of a sheet of ice one to two miles thick.

"The melting of this tremendous glacier," he said, "took a tremendous pressure off the earth's crust. Every once in a while the earth stretches back a bit, moving just a trifle upward and northward. As a matter of fact, our instruments indicated there was a slight tilt to the north."

Bigger Braille Library

Books Are Large And More Space Is Required

The rebuilding of part of the National Library for the Blind, in Great Smith-street and Tufton-street, Westminster, England, which has now been completed, provides extended accommodation for about 250,000 Braille volumes, together with up-to-date facilities for receiving and despatching books and music on loan to blind readers in the British Isles.

Considerable storage space is required in a library of this kind, as an average Braille volume measures 14 inches by 11 inches, and weighs five pounds.

The number of volumes circulated averages 1,200 per day.—Overseas Daily Mail.

Are You Rundown, Tired?

Mrs. Mabel Murphy of 13 Westinghouse Ave., Apt. 4, Hamilton, Ont., said: "About five years ago I was terribly rundown, had indigestion, couldn't sleep or eat, lost strength, and my weight fell off 20 pounds. Before I had finished the first bottle of Dr. Pierce's Favorite Prescription I felt much better, had more strength and better digestion." New size, tablets 50 cents, liquid $1.00. Large size, tablets or liquid, $1.35.

Cannot Get Italian Marble

League of Nations' sanctions against Italy have created an unusual situation in connection with the new League palace which was scheduled to be occupied in November. Most of the Rose marble used in construction of the palace comes from Italy, and much of it is still due to arrive. League sanctions prohibit the reception of goods under existing contract, so the League must look for its marble elsewhere.

Lithium, potassium, and sodium, the three lightest known metals, will float on water. 2125

Science Tackles Lipstick

Produce Miracles With The Aid Of Delicate Scales And Chemical Reactions

As the result of exhaustive laboratory experiment, chemists have succeeded in reducing lipstick manufacture to an exact science. The relation of the temperature of the lips, the degree of moisture and the influence of fats are now expressed in scientific equations.

The bloom of human lips, long celebrated in song and story, has been accurately measured with the aid of delicate scales and chemical reactions The new scientific lipsticks produced in German laboratories and recently demonstrated at the Leipzig fair, are said to be contact proof, moisture resisting and to assure a uniform appeal for days on end.

1935 Tobacco Crop Valued At $8,000,000

Flue-Cured Tobacco Industry In Ontario Run On Scientific Lines

It looks as if the $8,000,000 valuation put upon the Ontario flue-cured tobacco crop by the experts will be exceeded by the value of the actual purchasing made by Canadian and British manufacturers within the past few days. Yet it is only a few years since tobacco-growing in Canada was practically limited to a few farmers raising it for personal use or for a limited local market. Now approximately 30,000 acres of the best soil in Southern Ontario are almost exclusively devoted to the growing of tobacco leaf in a scientific way, this year's crop amounting to 35,000,000 pounds, and having a selling-value $3,000,000 in excess of the crop return of 1934. The finest cigarettes and other tobacco products in Canada incorporate Canadian tobacco in large and increasing quantities, where, hitherto, American and other tobaccos had been used, while the Canadian leaf also has an excellent market in Great Britain in competition with foreign leaf.

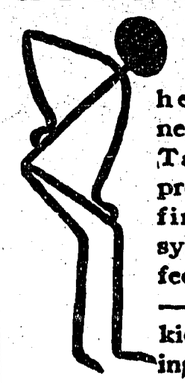
The Imperial Tobacco Company of Canada, Limited, which buys a great part of the Canadian crop, has had much to do with the great strides taken by the tobacco-growing districts because it has had a policy for years of trying to encourage domestic production. First, however, it was necessary to gradually teach growers what and how to grow in order to meet public tastes long accustomed to foreign leaf. The company, at its own expense, imported cultivation experts, brought in the necessary plants for experimentation, made its own chemical and other researches of the soil, of moisture, and other conditions contributory to the best grades of tobacco, taught the grower on his own land by introducing experimental plots, and in other ways interested him in improving and enlarging his crop for the uses of the domestic market. It also illustrated to him the precise processes by which the domestic market might be developed in a profitable way. This, and the researches of government experts, combined largely to producing the present condition, and to the creation from a small and unmarketable crop, a large and marketable crop, valued at more than $8,000,000 a year.

London's Debt To Thames

City Is In Real Sense Founded On Ships

Its growth into the largest city of the country and of the world is owed by London to many historical accidents and to one very important fact —its geographical position. The seat of government might have been elsewhere and London might have had to share its political ascendency with Winchester or New York. But it was almost inevitable that a large trading community should be established around the lowest bridge on the Thames, which flows into the narrow seas heading to the Continent and to the world. The Thames is the root cause for London's existence, and the city is in a very real sense founded upon ships.—P.L.A. Monthly.

BACKACHE



IF you have backache, dizzy spells, headaches, do not neglect your kidneys. Take Gin Pills for prompt relief at the first sign of these symptoms. You will feel better, look better —*be better*, if your kidneys are functioning properly. 245

MAY ESTABLISH AIR MAIL ROUTES ACROSS CANADA

Ottawa.—Aviation interests see in the conference to be held here towards the end of the month between representatives of the United Kingdom, the Irish Free State, Northern Ireland and Canada, a presage of considerable development in commercial aviation in this country. For some years after the war great strides were made in Canadian flying, but the era of administrative economy that descended on the country five years ago called a halt to this progress.

Flyers take the stand that to establish a trans-Atlantic air service only would be an expensive and unfinished policy. In order that full benefits be derived from it, they declared, there must be a steady and progressive development in the transcontinental services in Canada itself.

At one time postal and passenger services operated from Rimouski to Montreal. There the United States lines were picked up and air travellers could cross the continent to Canadian points by using the United States lines from Albany to Grand Forks, N.D.

Canadian services ran from there to Winnipeg, and westerly to the Rockies. As an alternative route air travellers could fly from Montreal to Toronto and Detroit, picking up the U.S. lines at that city.

Cutting down of the government air mail, however, made the Canadian lines unremunerative and they were gradually dropped. Only a few air mail lines are now operated, and there is no exclusively Canadian trans-continental service.

Those interested in aviation expect that, should the Imperial Airways establish its trans-Atlantic service, the Canadian government will re-enter the field by establishing the old air mail routes. It is expected also that, instead of Canadians being dependent on United States lines to cover the gap from Montreal to Winnipeg, advantage will be taken of the work done in the past four years to building landing fields north of the Great Lakes. There are now between 80 and 100 emergency landing fields either completed or approaching completion, thus creating a purely Canadian flying route from the Atlantic to the Pacific.

Tales Of Heroism

43 Persons Rescued From Shipwreck By Destroyer

Manila.—How survivors sang on wave-lashed rocks to keep up their spirits as they saw comrades die was told here when the destroyer Peary docked with 43 persons rescued from boiling seas where the freighter Silverhazel crashed.

Tales of heroism and horror revealed one woman victim went insane before drowning and that the vessel's missing captain surrendered his life belt to a crew member, then disappeared while trying to save his pet dog.

Bodies of two of the disaster's four victims were brought here by the destroyer. Practically all the survivors were suffering from exposure or minor injuries and two crew members who contracted pneumonia were rushed to hospitals.

The vessel, carrying five passengers and a crew of 49, crashed while en route here from San Francisco, but all survivors were rescued by rafts.

On these, the survivors floated out to where rescuers from the Peary and the destroyer Bulmer could pick them up.

Other survivors told how Capt. H. A. Lennard surrendered his life belt to an unprotected crew member as the last raft was ready to leave the rock for the rescue craft, 1,000 feet away.

When all others were aboard the raft, the captain tied his small dog around his neck and plunged into the water. He swam a short distance, but the dog's weight apparently was too much, and both disappeared in the turbulent waters of San Bernardino straits.

Air Route Over Rockies

Pass In Northern British Columbia Discovered As Ideal

Vancouver.—A 100-mile-wide gap in Canada's towering western mountain ranges was described as near perfect for a trans-Canada air route by Dr. Charles Camsell, federal deputy minister of mines, told delegates of the western meeting of the Canadian Institute of Mining and Metallurgy.

He discovered it during his recent aerial tour of northern British Columbia, southeastern Yukon and the region from the Mackenzie district to the Arctic ocean.

Far up in British Columbia's hinterland close to the borders of the Yukon and the Northwestern Territories, the Rocky Mountain range pinches out and between there and the start of the Mackenzie range is the gap which is the only wide opening of the Canadian cordillera, Dr. Camsell said.

It offers far less hazardous flying conditions than any other gateway to the coast, he said, not only because of its width but because it has from 1,000 to 1,700 feet less altitude than other mountain passes, and, in addition is of a flat plateau nature with easily adaptable landing features.

In addition to his important exploration of hitherto unknown territory, Dr. Camsell exploded the myth of the so-called tropical valley in the Liard river district.

"I've been there in winter and in summer and there certainly is no indication of tropical climate or vegetation," he said. "True, there are a number of hot springs, some of which do not freeze over in temperatures of 30 degrees below zero, but they have no effect on the climate. They do affect the vegetation to a certain degree, however, and the grass grows as high as seven feet with other vegetation correspondingly luxurious."

Check Wheat Board Work

Meeting Of Sub-Committee Was Merely General Survey

Ottawa.—Checking work on the Canadian wheat board, a sub-committee of the cabinet given direct jurisdiction over activities of the body held a lengthy meeting. The conference was described as a general survey.

There was no intention to force Canadian wheat on the market even at sacrifice prices, it was said following the sitting. Minimum price for No. 1 Northern at Fort William was fixed at 87½ cents a bushel as one of the first official acts of the wheat board which was named early last summer.

All heading departments closely allied with the wheat industry, Hon. W. D. Euler, minister of trade and commerce, is chairman of the subcommittee, with Hon. Charles Dunning, minister of finance, and Hon. James G. Gardiner, minister of agriculture, as associates.

Landed Passengers Safely

Pilot Suffered Heart Attack But Stuck To Control

Bakersfield, Calif.—Captain Donald Buckman, 34, United States army pilot, won and lost an air dash against death when he safely landed three passengers at the airport here, only to collapse and die a few minutes later. Flying from March field, Captain Buckman apparently was seized with a heart attack as he raced through the air. Sticking to the control, he brought the plane down witout mishap at Kern airport, and then disclosed to field attaches that he felt ill. He died 20 minutes later.

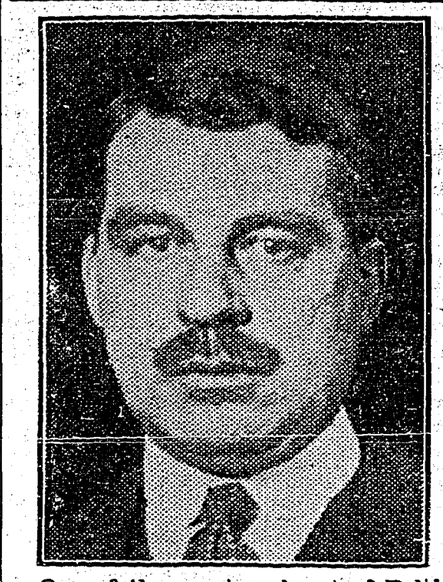
Research Library Closed

Montreal.—Without financial support for the past two years, the Gest Chinese Research Library, considered one of the finest of its kind in the world, has been permanently closed to the public. It was unofficially announced the library would be placed in storage immediately.

Judge For Seventh Year

Chicago.—For the seventh year, Walter Biggar of Dalbeattie, Scotland, will preside as judge of the international livestock exposition, it was announced. Biggar, a noted livestock authority, will begin judging when the exposition starts on Nov. 30. 2125

SIR BASIL BLACKETT



One of the most eminent of British financial experts, who was killed in Germany when a train struck his automobile. He visited Canada in 1932.

Wheat Crop Less

Second Estimate Shows Production Lower Than Expected

Ottawa.—The Dominion bureau of statistics estimated Canada's 1935 wheat crop at 273,971,000 bushels, about 2,000,000 buhels less than that of 1934.

The crop report containing the second estimate of the wheat yield brought production down from a Sept. 11 estimate of 290,541,000 bushels to place it slightly below the 1934 yield while estimated yields of most other cereal crops were higher than those of last year.

The report said the 1935 season was similar to that of 1934 in that threshing returns did not fully substantiate first estimates of grain production.

Oats at 416,369,000 were almost 33,000,000 bushels less than in the Sept. 11 estimate but still well above the 1934 production of 321,120,000 bushels.

The report said reduction in this year's estimates was caused mainly by frost damage in Saskatchewan and Alberta. The bureau was forced to reduce the barley estimate by 7,000,000 bushels while flaxseed and rye also came down as threshing returns failed to support previous computations.

An Italian Reprisal

Suppliers For London Perfumery Firm Withdraw Credit Facilities

London.—An Italian action, believed to be the first reprisal against Great Britain for imposition of League of Nations sanctions, was reported by the British press.

A London firm of perfumery manufacturers received a cablegram from its suppliers in Italy, reporting its credit facilities there had been withdrawn.

Coming To Canada

Ottawa.—A delegation of British textile manufacturers is now on the way to Canada to attend the tariff board hearings in connection with rates of duty on cotton and other textiles next month.

Canadian Wheat Board

John I. McFarland May Continue As Head

Ottawa.—Reports here say John I. McFarland may continue as head of the Canadian wheat board. While the future of the board is a matter which has not been considered finally by the new administration, it has been understood he likely would be asked to continue and in this event he would remain long enough to bring his marketing policy to a conclusion.

Named last August, the other members of the board are D. L. Smith, vice-chairman, and H. C. Grant, all of Winnipeg. So far at any rate no requests for resignations have been sent to Mr. McFarland's associates, it was stated.

Record Flight

Jean Batten Crosses Ocean In Thirteen Hours

Pernambuco, Brazil. — New Zealand's young and adventurous girl flyer, Jean Batten, stepped from her aeroplane at Natal, being the first of her sex to fly alone across the South Atlantic.

She flew 1,281 miles from Thies, French Senegal. Her time of 13 hours and 15 minutes for the ocean hop bettered the solo record set by the Spaniard, Compo, of 16½ hours.

The youthful flyer, who took off from Lympne airport near London, also broke the record set by Capt. James Mollison of 82 hours and eight minutes from Lympne to Natal. She made the flight in 61 hours 15 minutes.

Permit Not Renewed

Correspondent For Nazi Newspaper Cannot Stay In England

London. — Leopold Von Hoesch, German ambassador to London, called at the foreign office for an explanation of the non-renewal of the permit to stay in England of Dr. H. D. Thost, whom the British press generally considers liaison officer for Adolf Hitler.

It was officially stated Dr. Thost's permit was not renewed "in the public interest." No protest or representations had been made, it was said.

Dr. Thost's announced post was that of correspondent for the Nazi newspaper Der Angriff. He left by planes for Berlin.

To Be Deported

Man And Woman, Held At Request of British Authorities, To Be Returned To England

Quebec.—Deportation to England was ordered by Canadian immigration officials here for the man and woman held here at the request of British authorities under suspicion of complicity in the $20,000 jewel theft from the London home of the Earl of Portarlington on Nov. 3.

The deportation order was announced on conclusion of an official enquiry into the couple's right of entry into Canada. The chief immigration officer at Quebec stated the pair were considered undesirables.

THE NEW DUKE AND DUCHESS OF BUCCLEUCH

With the recent death of the Duke of Buccleuch, father of Lady Alice Montagu-Douglas-Scott, wife of Prince Henry, the Earl of Dalkeith succeeded to his father's title. Here we see the new Duke and Duchess of Buccleuch.

IMPORTERS OF BRITISH GOODS TO ASK REFUNDS

Ottawa.—Opening the door to a volume of applications for refunds from importers of British goods, a judgment has been handed down by the exchequer court of Canada in a test case ruling the minister of national revenue had no power to collect dumping duties on goods entering Canada from Great Britain since Nov. 25, 1932, following the Canada-United Kingdom trade agreement.

At that time the Customs Act was amended to exempt British goods from dumping duties under arbitratory valuations by the minister of national revenue. However, arbitratory values continued to be levied.

The case was that of Blaikie and Company, Toronto, importers of hats from Great Britain. Under the decision the refund that other importers might ask on the strength of the judgment would be considerable, although national revenue officials were not prepared to make an estimate.

The decision confirms rulings of the tariff board more than a year ago in appeals of Thomas Bonar and Sons of Montreal, importers of jute twine from Shetland, and Blaikie and Company that orders-in-council fixing arbitrary valuation of British imports coming in under the British preference were invalid.

Food Supplies Available

Manitoba Farmers In Crop Failure Area Receive Help

Winnipeg.—Food supplies to replenish lean larders in a triangular community affected by crop failure on the northwestern shores of Lake Winnipeg were ready for shipment last week. Relief officials were busily engaged in a check with municipal officials to ascertain further needs.

"The government of Manitoba would undertake that no person would go hungry," Hon. W. R. Clubb, Manitoba minister of public works, told a deputation from the federal constituency of Selkirk. Municipal officials declared a large number of farmers were without enough to eat.

The district affected includes the rural municipalities of Gimli, Bifrost, Armstrong, Eriksdale, Coldwell and Rockwood. Majority of the farmers cultivate small parcels of land to mixed farming. They grow only enough wheat to supply themselves with flour.

Seek Further Loan

Alberta Government Needs Funds For November Financing

Edmonton.—Federal loan of $2,000,000 to carry the Alberta government until the end of November if the province's general application for financial assistance cannot be submitted to Ottawa before the Dominion-provincial conference on Dec. 9, has been applied for, Premier Aberhart said.

"We have made this proposal to Hon. C. A. Dunning, minister of finance There has been no reply yet," said the premier.

The Alberta government is anxious to have an earlier conference with the Dominion in order to submit its refinancing proposals, which also involve a refunding scheme. As the Ottawa conference was postponed, the province faces the problem of handling this month's financing.

Value Of Education

Theory That There Has Been Too Much Education Is Termed False

Wolfville N.S.—The theory that too much education had been one cause of the depression was termed "false" and "stupid" by Dr. H. M. Tory, former president of the National Research Council of Canada, in receiving an honorary degree of doctor in civil law from Acadia University.

"As people rise in intelligence," he said, "so rises the state." He declared modern science had created far more jobs than it had destroyed.

You're prepared for emergencies if you have a telephone

In those emergencies when you need help in a hurry it is important to have a telephone handy.

The quickest way to reach doctor, police or firemen is by telephone.

Even if the need to ummons help by telephone never arises, it is comfortin2 to know that you are prepared.

A telephone in the home is a great protection at a small cost.

Kootenay Telephone Co., Ltd.

Boswell

Mr. and Mrs. Gullett are business visitors at Nelson.

C. Shaub left on Saturday on a business visit to Nelson.

Mrs. Mead of Creston is at present a visitor with Mrs. Ike Lewis.

P. H. Richardson has been confined to his house for the past week.

Mrs. Mawdsley of Trail was a recent visitor here a guest of Mrs. Ike Lewis.

Mrs. A. Mackie is back from Creston where she was visiting friends last week.

Mrs. Malloy left on Saturday for Creston, where she is a patient at the hospital.

W. Mackie has finished hauling the last of his apples from the orchard to the shed.

W. VanKoughnett left the tie camp Saturday to spend the weekend with his family at Lockhart.

Dr. Henderson made a professional visit to Boswell last week, many of the residents needing his attention.

The first deer to be brought down this season fell to the good aim of Jack Bishop—a nice four point buck weighing 200 pounds.

This is not a fish story; it occurred on the ranch of Tom Jacks. A tame rabbit held a large weasel at bay for about 15 minutes and seemed to be getting the best of the arguement when Tom put the weasel out of its misery with a little buckshot.

Rev. Clyde Harvey had Anglican evening service at the Memorial hall. While here he was a guest of Mr. and Mrs. D. G. Brown.

A crew of men have started work on the approach to Goat Creek bridge. It is hoped the new bridge will be in position early next spring.

Mrs. P. Garvie and two children of Sanca left for Vancouver on Saturday, where they are to reside in future. Mr. Garvie left for the coast the week previous.

Coyotes are responsible for the prescarcity of deer. They have them all herded back into the deep snow where they fall easy victims to their fierce onslaughts.

The November meeting of the Church Guild was held at the home of Mrs. A. Kennedy, Friday evening. It was decided to defer the white elephant sale until December 4th.

Ronald Moat, who is employed at Blue Point tie camp, cut his foot badly with an axe. As it so happened Dr. Henderson was in the vicinity at the time and stitched and dressed the wound.

The quarterly meeting of Boswell and District Farmers' Institute was held at Memorial hall Saturday evening with President C. H. Bebbington in the chair. 30 members were present. Many subjects were discussed and it was decided to canvass the district for votes for a pound law, as stray cattle are causing a lot of damage.

Kitchener

Albert Hanson left on Tuesday for Spokane on a business visit.

M. Senesael of Cranbrook was home for a few days last week.

Miss Myrtle Anderson was a Bonners Ferry visitor on Sunday.

Elmer Blair. N. C. Maddie and Geo. Letcher of Roosville were here over the weekend.

W. A. Cranna of Beaverdell arrived on Sunday, and is a guest of Mr. and Mrs. C. Senesael.

N. K. Devlin, Dan McDonald and Andy Anderson were bonners Ferry visitors, Sunday.

J. N. Brown, of Vancouver, inspector of Beer parlors, was here on a business visit last week.

Wesley and Willard Blair purchased a team of horses at the Irving sale at Creston last week.

Miss Jessie White of Erickson was here on a visit with Mrs. B. Johnson the latter part of the week.

Chas. Nelson and son, Harold, were weekend visitors at Cranbrook, guests of Mr. and Mrs. Art Bowness.

Misses Alta Blair and Nellie Parslow, who are employed at Creston, were here for the softball girls' banquet and dance.

Mr. and Mrs. Taplin and Mrs. F. Molander and Barry of Canyon, spent the weekend with Mr. and Mrs. N. P. Molander.

The softball girls had a banquet at Kitchener Hotel Friday evening, followed by a dance in Hunt's hall. The affair was largely attended.

M. C. Halter and Dan C. Downen of Pullman, Wash., and Geo. Brown, Cheyne, Wash., mining men, were here on business in connection with the Creston Hill Mining Company at the weekend.

Mrs. Ardie Simpson, who has been on a month's visit at the home of her daughter, Mrs. H. Levasseur at Pincher Creek, Alberta, returned Sunday. Mrs. Levasseur accompanied her for a few weeks' visit.

Norman Tipper and party of Glenlilly bagged two nice buck deer on Saturday at Leadville. Geo. Thompson of the M7 ranch went up on Sunday to bring in the venison. Hunting is much better since the snowfall.

Twenty more men arrived from Alberta for the airport and Goatfell N.D. camp. There are now 111 men at the airport and 115 at Goatfell camp. Jack Gregson has taken over the work of second cook at the airport.

Robert Johnson celebrated his fifteenth birthday on Monday, when Mrs. B. Johnson gave a party in his honor. The invited guests were Robert and Jim Thompson, Albers Shaw, Harold Nelson, Alton Nowlin, Jim Bohan, Victor Parslow, Ron. Lepage.

Harold Blinson arrived at Goatfell East camp with a half-yard gas shovel. He is working west of camp towards Hazel Creek. Dick Neil is his helper. Roy Musser of Cranbrook has also arrived at the camp with a five-ton White truck, which he will operate

W. Westcott of Lethbridge, Alberta, has arrived to teach at the Pioneer school in connection with the N.D. camp at Goatfell East. He has 17 pupils—men from the camp. They take up arithmetic, composition, grammar, language, citizenship, and any subject by request. 11 are taking correspondence courses.

Wednesday evening the softball girls gave a shower at the home of Mrs. C Senesael honoring Miss Hazel McGonegal, whose marriage takes place Thursday, to W. A. Cranna of Penticton. Bridge was the feature, Miss Jean McCreath captured first prize and Mrs. L. Nowlin consolation. After cards Misses Jean Blair and Christine Parslow wheeled the gifts in on a tea Wagon, the former making a suitable speech which was suitably replied to by the recipient. Lunch was served after the parcels were opened. The invited guests were: Mesdames Hunt, N. P. Molander, B. Johnson, Driffil, G. Young, Nowlin, Blair, Howard, C. Bush, Renzie, Kost, Redmile, Foisy, Manuel, Senesael, C. Anderson, Parslow, Bohan, C. Nelson, R. Thompson, D. F. Putnam, Erickson, and Misses McGonegal, Hunt, K. Thompson, H. Oja, Myrtle Anderson, Jean Blair, Alice Bohan, C Parslow, Jean McCreath and Jessie White, Erickson.

Lister

Frank Baker is now a resident at Creston, where he is living with his sister, Mrs. Delbridge, for the present.

Dowd Cannady of Kellogg. Idaho, has been a visito this week with his brother-in-law and sister, Mr and Mrs. Martin Byrne.

At the school the children have commenced practising for the various numbers to be submitted at the closing concert just prior to Christmas.

Otto Becker, Ed. Brudler, C. Henricksen and Herman Sommerfeld made up a hunting party that was operating in the Goatfell district at the weekend.

Some badly needed road repair work is being done on the highway from the school corner south. Some nice culverts are also being put in. A truck has been used on the haul of gravel.

Mr. and Mrs. Ray O'Brien of Kimberley were weekend visitors with the latter's parents, Mr. and Mrs. J. W Pendry. They were accompanied by Bill Yerbury of Canal Flats.

The Deer Lodge Club had a good turnout for the dance at the schoolhouse on Saturday for which local music was provided and an excellent supper served. Proceeds will be used to finance the usual Christmas treat for the Huscroft district children.

The sale is reported this week of the Harold Langston farm of 20 acres. The buyer is John Staite of Trochu, Alberta, who with his sons were here last week and looked the place over thoroughly. It has an orchard of about 400 trees and the purchasers are to get possession immediately.

LAND ACT

Notice of Intention to Apply to Purchase Land

In Nelson Land Recording District of Kootenay District, and situate near Thrums, B.C.

TAKE NOTICE that George Popoff and Jacob Polovnikoff of Thrums, B.C., occupation, ranchers; intend to apply for permission to purchase the following described lands:

Commencing at a post planted at the N.E. corner of Lot 6893, Kootenay District: thence west 20 chains; thence north 20 chains; thence east 20 chains; thence south 20 chains; and containing 40 acres more or less.

GEORGE POPOFF
JACOB POLOVNIKOFF,
Applicants.

Dated Oct. 19, 1935.

High School Lit. Officers

Creston High School Literary and Athletic Society, organized in 1923, is taking special interest in the Athletic side of its activities this year, backing both a boys' and girls' team in the East Kootenay Intermediate High School Basketball League, which opened the season's play at Fernie on Saturday. Officers elected for 1935-36 are:

President—George Dodd.
Vice-President—Arthur Dodd.
Secretary—Nell Payne.
Treasurer—Ruth Hare.
Class Representatives: Grand 10—Gus. Morabito, Hazel Sinclair. Grade 9 Ronald Cooper, Gwen. Putnam

The immediate object of the dance on November 22nd is to secure funds for the transportation of the basketball squads in the East Kootenay league, which will necessitate trips to Fernie, Cranbrook and Kimberley. Whatever surplus there may be after these expenses are met will be for the furtherance of Literary and Athletic Society activities.

FULLY ACCREDITED
JERSEY BULL FOR SERVICE OR SALE

Jersey Bull, Sunnyvale Pedro's Pride (59887) bred by W. Norbury, McAuley, Manitoba, 4 years old, for service on premises of A. Comfort, beside Creston Dairy. Might sell or trade for hay. H. A. ROGERS, Creston.

"Test"

HERE at EATON'S, we take nothing for granted. Before we make a statement in our Catalogues regarding a piece of merchandise, we satisfy ourselves, by actual test, that the statement is accurate in every respect. Does a manufacturer tell us that the garments he sells to us are "all-wool"? Before we so describe them to you we prove the truth of the statement by scientific test in our Research Bureau. Is a certain brand of safety pins claimed to be "rust proof"? Before we pass them on to our customers as such, we satisfy ourselves by scientific test that the claim is accurate. And so with "pre-shrunk," and "all silk," and countless other descriptive phrases appearing throughout the book. Every one of them are capable of definite PROOF, by scientific analysis.

Very important, this, to you as a customer. It means something to know that the merchandise you are ordering is exactly as described down to the last detail—and that you can shop with the same complete confidence as if you had the merchandise in your hands before you. And in the larger sense, how reassuring to know, in common with hundreds of thousands of other Western men and women, that "It's SAFE to buy at EATON'S."

Erickson

Jim Stewart arrived home at the weekend from Nelson, where he is employed.

Frank Putnam is a business visitor at Beaverdell this week, leaving on Tuesday.

Sam Dower of Trail has been renewing acquaintances here this week, a guest at the home of Mr. and Mrs. E. Botterill.

The carpenters are busy making the necessary repairs to the C.P.R. depot after the disastrous fire on November 9th.

Miss Ida Eddy, who has been visiting her sister, Hazel Eddy, for the past two weeks, has returned to her home at Blairmore, Alberta.

D. Macdonald, who has been a guest of Mrs. G. Cartwright for a couple of weeks, recovering from an appendicitis operation, has returned to his home in Greenwood.

Miss Hazel and Homer Eddy entertained about 20 of the young folk Wednesday evening honoring Miss Anne Bale and Miss Annie Botterill, both of whom are leaving Erickson in the near future. The evening was spent with games, cards and dancing with a fine lunch served later in the evening.

Misses Edith and Winnie Palfreyman were guests of honor Tuesday evening at a surprise handkerchief shower, tendered them by a number of the girls from the Exchange packing shed at the Palfrey man home on the eve of their departure for Vancouver. While away the girls will study instrumental and vocal music. The evening passed pleasantly with music and games, and a splendid midnight lunch.

Alice Siding

Mrs. A. Rohe of Wynndel was a visitor with Mrs. Compton during the past week

Mrs. B. Miller returned to her home in Cranbrook, after a short visit with her parents, Mr. and Mrs. R. Stewart.

Quite a number from here were at the horse sale on the 12th. J. R. Miller and Jas. Compton were amongst the buyers.

H. H. Taylor has been named to succeed Geo Everall as timekeeper at the road camp at Sirdar and took over the work earlier in the month.

Mr. and Mrs. A. E. Keller and F. Schier of Cayley, Alberta, are here at present on a visit with the former's son-in-law and daughter, Mr. and Mrs. Scobie.

There was a dance at Mrs. John Marshall's on Saturday evening, with music by Bob and Tom Marshall, Mrs. Corner, George Willis and Ron. Smith. It was decined to have another dance on November 30th.

Miss Daisy Trevelyan left at the end of the week for Naniamo where she intends to take a business course in a commercial school in that city. She is accompanied by her gaandmother, Mrs. Barraclough.

At the meeting of Alice Siding Social Club on Saturday Mrs. John Marshall was elected on on the committee, and there is to be a bee on Saturday. 23rd, to start work on the foundation of the community hall.

Samuel W. Fraser Passes

A familiar figure in the Erickson district for more than twenty years is missing in the death of Samuel Waugh Fraser, who passed away at his ranch home there Tuesday morning.

Deceased, who was in his fiftieth year, was a native of New Glasgow, No a Scotia, where his boyhood was spent, and where he was married in 1912 to Mis Elizabeth Brown, and about one year later moved to this district, settling in the Huscroft section in 1913 on what is so well known as the Fraser place, and now the property of Bert Hobden. He remained there hardly a year, 1914 seeing them settled at Erickson, where the family has resided ever since.

The funeral took place Thursday afternoon from the family residence, with interment in Creston cemetery. The service was in charge of Rev. Andrew H. Walker, and the pallbearers were E. E. Cartwright, R. M. Telford, H. Campbell, E. J. C. Richardson, J. E. VanAckeren and R. Thurston. The splendid regard in which deceased was held was evidenced in the many that were out to pay their last respects, and in the floral remembrances.

Deceased is survived by his wife, four daughters, Margaret, who teaches at Alexis Creek in the Cariboo; Mrs. J. Alton of Erickson, and Bertha and Mildred; two sons, Milton and Jack, and one grandson. Also two sisters, Mrs. Cameron of Vancouver, and Miss Bertha of Erickson.

Deceased enjoyed a well deserved reputation in vegetable culture until failing health forced him to curtail his operations a few years ago He was one of the first to introduce overhead irrigation and in the line of tomatoes, cabbage, peppers, etc., he has made a name for the Erickson section. For the past five years he has been in failing health and although his passing was not unexpected none the less genuine is the sympathy extended those who are left to mourn. A particularly sad feature of his passing is that it was just a month previous that his father, the late James W. Fraser, was called by death in his eighty-eigth year.

Warning to Radio Listeners

OWNERS of unlicensed radio receiving sets are hereby warned that on and after 30th November, 1935, the Department of Marine will take steps to prosecute the owner or operator thereof.

Broadcast listeners who have not already procured their licence for the current fiscal year are accordingly advised to obtain such licence immediately.

The licence fee is $200 per annum.

Licences may be procured from Post Offices in cities and larger towns, Departmental Radio Inspectors, Radio Dealers, and others authorized to issue licences on behalf of the Department, or from Radio Branch, Department of Marine, Ottawa, Ont.

By order
R. K. SMITH,
Deputy Minister of Marine.
Ottawa, November 15, 1935.

Hospital Board Meets

There was a fair attendance at the November meeting of the directors of Creston Valley Hospital Association on Wednesday, with President F. V. Staples occupying the chair.

Col. Mallandaine attended with contract, plan and specifications for Nurses' Home which the president and secretary were authorized to sign on behalf of the board. A hearty vote of thanks was passed to Col. Mallandaine for his services, and also for his offer to supervise the work, which was accepted.

Vice-president G. Sinclair reported for the house committee that many minor improvements had been made to equipment during the month. Mrs. Stevens, president of the Hospital Auxiliary, reported that the results of the annual fruit and vegetable shower had been very satisfactory.

The secretary's report showed Octobe had been the busiest month in the hospital's history, with 440 hospital days, compared to 436, the next busiest month, March of this year. Collections showed slight improvement, and included wood, vegetables, poultry, honey butter and labor. Eggs are needed, also wood, the supply of which is insufficient for the winter's need.

The thanks of the board were accorded Wynndel Womens' Institute, Canyon United Church, and Mrs Maxwell, for gifts during the month.

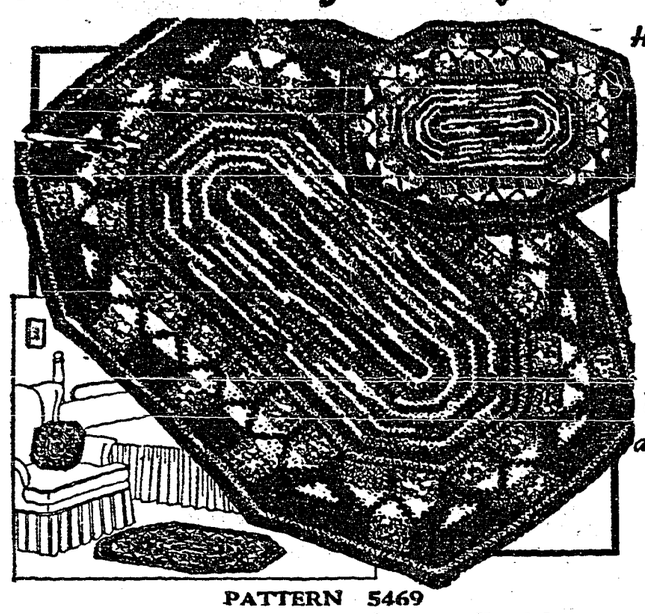
Crochet a Rug For Your Home



Household Arts by Alice Brooks

This Rug and Pillow are in Three Colors

PATTERN 5469

Whether you use rags, rug wool or candlewick, you can make a stunning crocheted rug if you use this design. Three tones of one color or contrasting colors are effective. Use it in the bedroom, living-room or entrance hall—it will add much to your home. And the pillow matches it, thus repeating the decorative note. You'll find it an easy pattern to crochet. If you want to give someone something real big for Christmas, this would be a splendid choice.

In pattern 5469 you will find complete instructions for making the set shown; an illustration of it and of the stitches needed; material requirements.

To obtain this pattern send 20 cents in stamps or coin (coin preferred) to Household Arts Dept., Winnipeg Newspaper Union, 175 McDermot Ave. E., Winnipeg.

There is no Alice Brooks pattern book published

Pioneers Honored

Cairn Unveiled By Founder Of First Icelandic Settlement

The dramatic history of Icelandic pioneers who first landed on the shores of Lake Winnipeg in 1875, was fittingly marked 60 years after when a memorial was unveiled at Gimli, Man., by Captain Sigtryggir Jonason, first discoverer of the site of what is now Gimli.

Jonason, approaching his 80th year, brought the first group of Icelandic settlers to Gimli in 1875 from Moorhead, Minn., by way of Winnipeg. The party made the trip in scows constructed in Winnipeg, and sailed down the Red river and along the west shore of Lake Winnipeg to their new home.

The cairn, built of local granite stone, has a 13-ton red granite boulder fixed to the top, symbolizing the lasting qualities of the early pioneers. On the west side of the boulder, engraved in Icelandic and English, is the folowing inscription: "The first Icelandic settlers arrived here Oct. 21, 1875." The names of the various districts of the first settlement are carried on the reverse face of the cairn.

Climbing Out Of Depression

British Dominions Seem To Be Leading The World

Which are the nations who are climbing most rapidly out of the depression? They are the British nations. Canada's trade leaped up 22 per cent. last month. Inspiring news comes also from little New Zealand, where Mr. Coates, the finance minister, boldly states that the Dominion's economic problems are "largely solved". Cuts are being restored, emergency taxes reduced, pensions increased. On top of that Mr. Coates gives a new break to his countrymen. Population of New Zealand, 1,618,000; public works expenditure announced, £5,630,000. That means the inauguration of new boons and amenities for New Zealanders at the rate of £3 10s a head.—London Daily Express.

SUNDAY SCHOOL LESSON

NOVEMBER 24

THE MESSAGE OF HAGGAI

Golden text: I was glad when they said unto me, Let us go unto the house of the Lord. Psalm 122:1.

Lesson: Ezra 3:1 to 6:22; Psalm 84:1-12; Haggai, Chapters 1, 2; Zechariah 4:1-10.

Devotional Reading: Psalm 122.

Explanations And Comments

Combating the Mental Attitude of the People, Haggai 1:1-6. This address of the prophet Haggai was made to Zerubbabel, the governor of what was now the Persian province of Judah, and to Joshua, the high priest, in the sixth month, in the first day of the month, in the second year of Darius the Persian king, B.C. 520.

"It is not the time for us to come, the time for Jehovah's house to be built," the disheartened people were saying, but Haggai was sure that it was the time God would have them build. They were waiting for the right time, the psychic moment, as it were, to build, but they had not waited for the time to build their own houses, the prophet reminded them. Some of them had built exceptionally fine houses, panelled with costly cedar, but the site of the house of Jehovah was still lying waste, although they had now been living for 15 years in Jerusalem. The trouble was that they lacked the desire, and Haggai used forcible words to arouse their desire. If they really desired the temple, they would build it.

The people had sown much and brought in little. A drought had been upon the land, withering everything (verse 11); they had lacked food and drink enough to satisfy themselves, and clothes enough to keep them warm; and so low were the wages paid that it seemed as if the money was lost as soon as it came, as if it just dropped through holes in a bag. All this was true: what was the prophet's remedy? He challenged their conscience. "Now, therefore, thus saith Jehovah of hosts, Consider your ways," he twice repeats. Consider what you **have been** doing. All had been zealous about building their own homes, and had given no thought to the house of Jehovah, verse 9. They had only themselves to blame.

Ye looked for much, and, lo, it came to little; and when ye brought it home, I did blow upon it. Why? said Jehovah of hosts. Because of my house that lieth waste, while ye run every man to his own house. Therefore for your sake the heavens withhold the dew, and the earth withholdeth its fruit.

The Result of Haggai's Appeal, Haggai 1:12-15. Within three weeks the temple site presented a busy scene, for, inspirited by the prophet's words, the governor and the priest and the people all began to work upon the temple building.

Endorses Light Clothing

Welsh Doctor Believes It One Preventive Against T.B.

During a discussion on his annual report, Dr. Milton Jones, medical officer for Llanfyllin rural council, said he found girls under 20 were less susceptible to tuberculosis than boys under 20 and said the reason was that girls wore scanty clothing, which allowed sunlight and fresh air to get at them. Women, too, were less susceptible to tuberculosis than men because they wore less clothing.

When the doctor said that with correct diet nobody need suffer from indigestion a member remarked that doctors suffered from indigestion. Dr. Jones replied that that was because doctors were so often called away from their meals.

One large duck farm in Eastern Canada is planning to ship 2,000 boxes of ducks to England before the close of navigation at Montreal and to hold them in storage for subsequent sale.

ASK YOUR DOCTOR FIRST, MOTHER

Before You Give Your Child an Unknown Remedy to Take

Every day, unthinkingly, mothers take the advice of unqualified persons — instead of their doctors' — on remedies for their children.

If they knew what the scientists know, they would *never* take this chance.

Doctors Say PHILLIPS' For Your Child

When it comes to the frequently-used "milk of magnesia," doctors, for over 50 years, have said "PHILLIPS' Milk of Magnesia — the safe remedy for your child."

Remember this — And *Always* Say "*Phillips*'" When You *Buy*. Your child deserves it; for your own peace of mind, see that you get it — Genuine *Phillips*' Milk of Magnesia.

Also in Tablet Form:

Phillips' Milk of Magnesia Tablets are now on sale at all drug stores everywhere. Each tiny tablet is the equivalent of a teaspoonful of Genuine Phillips' Milk of Magnesia.

PHILLIPS' Milk of Magnesia

MADE IN CANADA

Fire Chief Battles Water

Rescued People From Flooded District In Montreal

Arthur Ferron, acting district chief of the Montreal fire department, has celebrated the 30th anniversary of his joining the fire fighters. In the years since he joined the brigade he has been repeatedly decorated for brilliant rescue work at bad fires, but his greatest rescue had nothing to do with his arch enemy. In the half light of a below-zero dawn, a three foot water main burst in a crowded Montreal district. The streets were flooded and houses were collapsing when Capt. Ferron and his crew arrived. Despite the imminent danger, however, this veteran smoke-eater rescued two entire families who were on the point of drowning. For his bravery he received the Royal Canadian Humane Society's life-saving medal.

The Man Who Knows

Whether the Remedy You are taking for Headaches, Neuralgia or Rheumatism Pains is SAFE is Your Doctor. Ask Him

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations

BEFORE you take any preparation you don't know all about, for the relief of headaches; or the pains of rheumatism, neuritis or neuralgia, ask your *doctor* what he thinks about it — in comparison with "Aspirin."

We say this because, before the discovery of "Aspirin," most so-called "pain" remedies were advised against by physicians as being bad for the stomach; or, often, for the heart. And the discovery of "Aspirin" largely changed medical practice.

Countless thousands of people who have taken "Aspirin" year in and out without ill effect, have proved that the medical findings about its safety were correct.

Remember this: "Aspirin" is rated *among the fastest methods yet discovered* for the relief of headaches and all common pains . . . and *safe* for the average person to take regularly.

"Aspirin" Tablets are made in Canada. "Aspirin" is the registered trade-mark of the Bayer Company, Limited. Look for the name Bayer in the form of a cross on every tablet.

Demand and Get

"ASPIRIN"

Running Short On Food

A birthday party has been given in the Melbourne Zoo for a little platypus—an Australian duck-mole. He has set up a record by living a year in captivity. The platypus, which eats some 800 worms a day, is giving the zoo authorities a problem. The supply of worms is running out, so the curator is offering to buy worms at the rate of 3d. a pound.

Mothers Aided by Guide to Better Control of Colds

Practical Plan Is Helping Families Everywhere to Have Fewer, Milder and Shorter Colds.

SIMPLE AND EASY TO FOLLOW

Already, thousands of Canadian mothers are benefiting by following Vicks Plan for Better Control of Colds — proving for themselves that it is a practical home guide to fewer and shorter colds.

This commonsense, medically sound Plan represents the 30 years' experience of Vicks Chemists in studying colds. It has been tested in extensive clinics by practicing physicians — further proved in everyday home use throughout the country.

Here, briefly, are the three simple steps in Vicks Plan:

1. To Help Build Resistance to Colds

Live normally—avoid excesses. Eat simple food and keep elimination regular. Drink plenty of water. Take some exercise daily—outdoors preferably. Get plenty of rest and sleep.

2. To Help Prevent Many Colds

At the first warning nasal irritation, sniffle or sneeze, use Vicks Va-tro-nol—just a few drops up each nostril. Va-tro-nol is especially designed for the nose and upper throat — where more colds start. Used in time, Va-tro-nol helps to prevent many colds—and to throw off head colds in the early stages.

3. To Help End a Cold Sooner

If a cold has developed, or strikes without warning, rub throat and chest at bedtime with Vicks VapoRub. VapoRub acts two ways at once: (1) By stimulation through the skin, like a poultice or plaster; (2) By inhalation of its penetrating medicated vapors, direct to inflamed air-passages. Through the night, this combined vapor-poultice action loosens phlegm, soothes irritation, helps break congestion.

What Vicks Plan can do for you and your family can be proved only by trying it. Directions for following the Plan come in each package of Vicks Va-tro-nol and Vicks VapoRub.

MISS ALADDIN

Christine Whiting Parmenter

Author Of
"One Wide River To Cross"
"The Unknown Port", Etc.

SYNOPSIS

Nancy Nelson is a sub-deb, a gay, irresponsible girl of nineteen, with no care beyond the choice of her costume for her coming-out party. Suddenly, in the market crash, her indulgent father loses all he had, and his family is faced with the necessity of a simpler method of living. At this juncture a letter is received from an eccentric relative in Colorado, who offers the girl a home on what seems to be impossible conditions.

After much consideration Cousin Columbine's offer is accepted, and Nancy and Jack arrive at Pine Ridge.

Nancy set out one afternoon to climb to the top of a hill so as to obtain a view of the surrounding landscape and misses the path Aurora Tubbs had told her to follow. A truck comes along the road, driven by Matthew Adams, and she asks him which way to go. They ascend the hill, look around, and then go on to Cousin Columbine's. There Mark Adam tells Nancy that his brother Luke has broken his leg, and that Jack Nelson has been hired to help out while Luke's leg gets better. With Jack away, Nancy finds that she is lonesome, and having no books to read, the idea of starting a public library at Pine Ridge seems a good one, and Nance writes home to get her parents to send all the books they could spare and all they could induce others to let them have.

Nancy's parents and friends gave their liberal support to her request for books, and a sizeable box arrived in due course. Father Adam painted a sign for the library, and the Adam boys worked on the shelves for the books and decorations to make the room look presentable.

Jack Nelson, Matthew Adam, and Nance go to the prairie home of Matthews' uncle for the ride, and after Nance and Jack leave for home, they are caught in a blizzard. Blinded by the swirling snow they collide with a bus full of school children, which was stalled across the road with its back wheels resting in a snow-filled gully. Their car being wrecked, Jack and Nancy stay with the children and do all they can to help. The next morning Jack sets out for help in the blizzard. He succeeds in finding help, and the party of children and Nancy are rescued. As a result of the exposure Nancy's feet are badly frozen and Jack is seriously ill with pneumonia, but both of them recover.

Now Go On With The Story

CHAPTER XXIII.—Continued

Nance started, smiling as she recognized the wife of the health-seeker on the back road, one of the library's most faithful visitors.

"Come in," she welcomed. "I'm leaving day after to-morrow and am glad of this chance to say good-bye."

The woman said, as she sat down in the cushioned chair: "That's why I came. I meant to stop at Miss Nelson's, but when I saw these open windows I knew you'd be here. I want to thank you for what you've done for—well, for every one in Pine Ridge, Miss Aladdin." She glanced up, her worn face lighted by a smile, while Nance realized with something of a shock that this faded woman was quite young, probably not ten years older than herself. "Do you mind my saying, Miss Aladdin?" she questioned a bit shyly. "Sometimes I've almost wondered if that's what you are—a—a sort of magician who has worked miracles."

Nancy laughed, flushing a little too.

"It wasn't a miracle at all, if you mean this library. It was only common sense and a bit of elbow grease!"

"No," answered her caller wisely, "it was more than that. It was thinking how you could make life happier for other folks. It's made all the difference between exile and—home, to us!" she added. "My husband's better now, really better; and it's due to nothing in the world but having good books to read—something to take his mind away from himself and all our worries. Is it any wonder we think of you as Miss Aladdin?"

When she was gone Nance sat there feeling strangely humble, a lump in her throat that threatened to grow bigger.

"I ought to have gone to see those people," she said regretfully. "I'll ask Matt to drop in on them some day. Why, the first time that woman came for books I thought she was older than Aunt Judy! Oh, why does life hurt some of us so cruelly?"

Rising with reluctance, Nance closed the windows. This was her last visit to the library, for to-morrow she must give to Cousin Columbine. The girl stood for a moment looking off at the mountain; and suddenly she longed to view it once again from the hilltop under the old pine.

"I'll sneak up back of the houses," she planned, locking the door. "If Jack sees me he'll want to go along, and somehow I'd rather be alone. I can stay a half hour and get back before the Adams send for us. I do hope Matt will have cheered up by evening. I just can't stand the way his eyes look."

By skirting the village it was possible to gain the hilltop unobserved, but it was a steep ascent, and Nancy was breathless when, emerging from the woods, she started toward the ancient landmark. Then, as an animal will stop when suddenly alarmed, the girl stood still. Some one was there, half hidden by the gigantic tree-trunk. How disappointing! Her tryst on this wonderful spot must be foregone. She ventured one cautious backward step, but a twig snapped under her foot, and the intruder, almost as startled as herself, turned quickly.

"Oh!" exclaimed Nance. Her heart was thudding. "I didn't dream— I mean, Matt, I—I thought . . ."

She paused, for Matthew had sprung up, an unsmiling Matthew, who said, curiously, she noticed, as he came toward her: "Is it you, Nancy, or—or am I dreaming? No, I'm not crazy!" (He smiled a little.) "But I've been lying here for an hour or more wishing I had the power of Aladdin, so I could rub my lamp and —and make you appear before me just like this! Is—is it really you?"

Nance thought, her mouth curving in a smile: "What other fellow in the world would say a thing like that?" Then with a sudden impulse she stretch out both hands.

"Touch me, and see!"

CHAPTER XXIV.

No use trying; it was simply impossible to sleep. Thus thought Nancy as she turned, and tossed, and thumped her unoffending pillow. The night was weirdly bright, as most nights are in Colorado, and (perhaps because she knew where each one was), those furnishings of the tower room which seemed so depressing eight months before, were dimly visible: the fat infant embroidered on the "splasher"; the mineral specimen clock which never ticked; the deformed kittens painted in oils; General Grant, and Aurora's mammoth calendar.

"It's surely strange," murmured the girl, "how you get used to things. I don't see that awful embroidered baby any more, and I've grown quite fond of General Grant. It just doesn't seem possible that this is our last night in Colorado, and that to-morrow Jack and I'll be jogging along somewhere in Kansas. Why, the day we got here, when Cousin Columbine displayed this room so proudly, I thought I couldn't get away from it too soon; and now all I can think of is:—suppose we hadn't come!"

About to ponder this awful possibility, Nance turned again and saw that the door into her brother's room was opening. Said Jack, in muffled, irritated tones: "What the dickens is the matter with you, Nance? That old bed lets out a groan every time you move, and I'd say you've turned over every three minutes of the last hour. Why don't you go to sleep?"

"Too much to think about. I'm figuring out what would have happened if we hadn't come to Colorado."

"That's easy." Jack seated himself on the foot of the massive bed. "I'd be earning my car fares in a broker's office most likely; and you'd be dragging 'round Edgemere, pitying yourself and running up the telephone bill by calling your long-distance boy friends every few hours, just to kill time. Honestly, sis, can you imagine living our whole lives without having known Cousin Columbine, or the Adams, or—or going through that blizzard and everything? Maybe you'll laugh, but I feel lots older than when we came."

But Nancy didn't laugh. She said, thoughtfully: "You seem older, Jack. And I . . ."

Her self-analysis went no further, and after a moment the boy went on: "I'm mighty glad old Matt's got back into his stride. All this last week he's looked like a lost dog I don't believe he's seen a lot of girls, and was sort of scared for fear he'd taken you too — well — seriously. Matt's such a dandy feller, Nancy, I'd hate to think he'd fallen for you too hard."

"So I'm not good enough for Matthew Adam?"

(To Be Continued)

HERE'S

The real way TO MAKE

BRAN MUFFINS, COOKIES, ETC.

USE Quaker Natural Bran—because it is *natural* bran especially intended for baking. You'll find it makes better, tastier bran dishes with the real spicy, nut-like bran flavour. And that you'll have better results because, being *natural* bran, it mixes better and more lightly with other ingredients.

And what is doubly important Quaker Natural Bran is more *economical* for baking. Try it—there's a recipe folder and a valuable coupon in every package.

QUAKER *Natural* **BRAN**

ESPECIALLY ECONOMICAL FOR BAKING

Buttered Bran Raisin Bread
Canned Cherries or Plums Coffee

Look for the Quaker Natural Bran display at your grocer's. He has all the things you'll need for this appealing dessert. The recipe for Bran Raisin Bread is in the package.

Little Helps For This Week

Lift up your heads O ye gates, even lift them up ye everlasting doors, and the King of Glory shall come in. Psalm 24:9.

Fling wide the portals of your heart,
Make it a temple set apart
From earthly use for Heaven's employ,
Adorned with prayer, and love, and joy.
So shall your Sovereign enter in,
And new and nobler life begin.

Thou art to know thy soul is the centre, habitation and kingdom of God. That therefore to the end the sovereign King may rest on that throne of thy soul thou oughtest to take pains to keep it clean and peaceable. Clean from guilt and defects, quiet from fears, and peaceable in temptations and tribulations. Thou oughtest then to always keep thine heart in peace that thou mayest keep pure that temple of God, and with a right and pure intention thou art to work, pray and obey as well as suffer whatever it pleases the Lord to send thee without being in the least moved.

Many of the farmers of Eastern Canada who fed Western lambs during the 1934-35 winter under the Dominion Lamb Feeding Project are placing increased repeat orders, in many cases asking for double the number of lambs they fed a year ago. The applications, particularly from Quebec and Ontario, reflect the abundant supplies of hay, grain, silage, and other crops in Eastern Canada. 2125

Cannot Be Answered

Food For Thought In Child's Question About Speed

The wisest sayings often come out of the mouths of children. A man motoring with his family in the country and discussing with his wife the present-day craze for speed and the disastrous results that so often follow excess of a reasonable rate of travel was interrupted by his little daughter's question:

"What is the speed limit?"

"Thirty-five miles an hour," he answered.

"Then why do they make cars that go faster?"

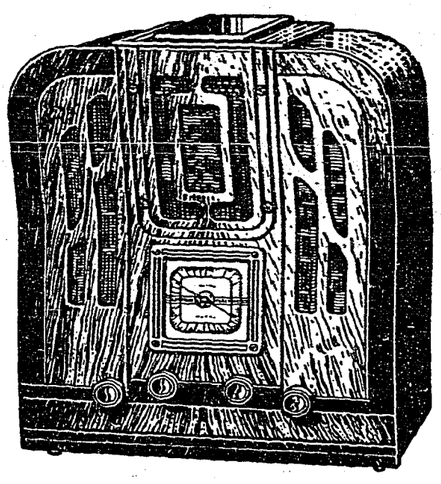
Two boxes of Delicious apples in the window of the Co-Op. store is attracting much attention. They are of the Richared variety and are from the ranch of Percy Boffey. The beauty to the Richared is that it takes on good color early

NEW MAGIC TONE
NEW WORLD WIDE RECEPTION

—the world's a stage . . . and you the audience . . . . with the 1936 GENERAL ELECTRIC RADIOS



For you can "dial the world" from Berlin to Bogota, Melbourne to Moscow, with these new marvels of tone and performa ce. Listen in, too, on exciting police calls, amateur transmissions and thrilling aircraft conversations.

In addition, standard broadcasts come in with new "Magic Tone". You hear your favorite radio stars as in person—and enjoy every program with a true-to-life realism, never before before believed possible.

The 1936 General Electric Radios utiliz- the wonderful new Metal Radiotrons, with amazing results Small and sturdy, these new tubes are sealed-in-steel and self shielding. They reduce noise to a minimum and greatly improve all reception, particularly on the short-wave bands. Metal Radiotrons are an achievement of the G E House of Magic—the greatest research triumph in years.
