THE CRESTON REVIEW

VOL XXI. CRESTON, B. C., FRIDAY, OCTOBER 25, 1929 No. 34

Institute Hears Talks on Health

Mrs. G. A. M. Young and Mrs. Cherrington Sponsor Practical Addresses—November Meeting Date is Changed to 15th.

The general good health of young and old in the community figured prominently in the deliberations of the October meeting of Creston and District Women's Institute on Friday afternoon, In the absence of the president, the meeting was in charge of Mrs. J. E. Hayden, vice-president, and there was a turnout of 22 members.

Mrs. G. A. M. Young, health delegate to the Women's Institute conference at Nelson earlier in the month, read her report, covering the discussion led by Dr. Young, deputy minister of public health, to which one whole day of the conference was devoted. The point emphasized was the great need of a travelling dental clinic for the Kootenay district.

This report was followed by a very practical paper given by Mrs. Cherrington on the care of the young child. There was a general discussion on the points introduced by both speakers, and at the close there was a distribution of health booklets.

Final arrangements were made for the anniversary bridge on October 25th, with Mrs. Mallandaine convenor of the several committees in charge. It was decided to place a wreath on the monument on Armistice Day.

Owing to Trinity United Church basement having been rented to the Presbyterian Ladies' Aid for the second week in November, it was decided to have the Institute regular November meeting on the third Friday, 16th.

Those serving the usual refreshments to close proceedings were Mrs. Andrew Johnson, Mrs. D O'Neil and Mrs. Fred Smith. The tea collection for crippled children's fund, amounted to $2.55.

Canyon City

Otto Johnson and Leonard Olson are now located at Canal Flats, where they have a lumber piling contract with the C.P.R. mill.

The United Church Ladi s' Aid are having their annual concert with cafeteria supper at the hall on Saturday evening, 26th.

Jock McRobb, who is on the city police force at Cranbrook, was a Thursday visitor at his home here.

John Johnson, who has a logging contract with C. O. Rodgers at Goatfell, is home at present, laid up with a poisoned hand.

W. Abbott and family have just moved into the ranch house vacated by Mr. Staples, which they will occupy for the present. Mr. Abbott recently sold his place to R. Lowerison.

Apple picking and hauling to the packing sheds will be completed this week, and the season's packing should be finished by the end of the month. This year's apple crop at Canyon is quite the best since the banner crop of 1924.

Crestwood

W. Griffith is the the first hunter this season to have some real luck. He secured a bear at the W. Smith ranch one day last week. The animal dressed almost 400 pounds.

Mr. and Mrs. Ted Smith and the latter's mother, Mrs. Shoop, were weekend visitors at Bonners Ferry. The former returned on Monday to take charge of the dragline.

A decided improvement has been made on the approaches to the ferry by some grading which has been done by Bob Smith.

Everard Constable, who is helper with dragline operations, spent the weekend at Bonners Ferry.

Holben and Bishop h ve two tractors each pulling four bottom ploughs breaking up new land in the neighborhood of the C. C. French place. The tractors have been working double shift.

E. Larson was a visitor at Spokane at the end of the week, and had some exciting incidents to regale his friends with in connection with a bear he almost killed while hunting at Johnson point.

Wheat hauling is completed for this season from the Reclamation Farm. With the exception of about 500 bushels held for seed the whole crop has been moved,

The dragline has been working double shift this month putting in a ditch to drain what is known as big lake into the big slough at the Porthill end of the dyke.

Sirdar

Mr. and Mrs. Jim Pascuzzo left on Thursday for Trail where they are on a visit with the latter's parents, Mr. and Mrs. Ashley Cooper.

Miss Webb arrived on Thursday from Vancouver, and is a guest of Mrs. Dibley.

Mrs, and Miss Mary Parento were Creston visitors on Thursday Mesdames Cam, Dennes and Dibley were between trains visitors at the metropolis on Tuesday. Mrs. Bleumenauer and Mrs. Martin were calling on Croston friends on Monday.

Mr. Young arrived on Saturday from Canal Flats and will spend a few days here on a hunting expedition.

Mrs. Jas. Wilson and Mrs. Geo. Cam are spending a few days with Nelson friends this week.

Mr. and Mrs. Gillie and Mr. Prest were visitors at Porthi l on Thursday.

Rev. A. Garlick of Creston was here on Sunday and had harvest thanksgiving service of the Church of England at the schoolhouse in the evening.

Mrs. Midgley, who has been visiting with Mrs. Martin for the past two weeks left for her home in Nelson on Monday.

Mrs. Dixon left on Tuesday for Cranbrook and will return this week with Mrs. Sid. McCabe, who has been a patient in St. Eugene Hospital for the past several weeks.

W. Mitchell of Camp Lister was a business visitor in Sirdar on Monday.

Ernest McCabe is at present a patient in the hospital at Cranbrook.

Wymndel

Mrs. Eric Wood of Kimberley is a visitor with her mother, Mrs. Ringheim.

Jim Hulme has just left for Vancouver, where he is hoping to secure a position and remain for the winter.

Miss J. Pederson left on Sunday for Spokane.

Miss A. Hook of Spokane was a weekend visitor with her grandparents, Mr. and Mrs. J. J. Grady.

Mr. and Mrs. E. Uri and family and Mr. and Mrs. R. Uri and family left on Sunday for Arrow Park, where they will again spend the winter.

Miss E. Hagen left on Sunday for Nelson, where she is visiting her sister Mrs. Cecil Moore.

Mrs McNish, who has been a visitor with her sister, Mrs. John Bathie, returned to Winnipeg, Man., last week.

The Anglicans had their harvest festival on Sunday. The church was beautifully decorated with fruit, vegetables flowers, all of which were sont to Nelson hospital on Monday.

A. Cameron left last week for Coleman, Alberta, where he is to spend the winter.

Pleasure and profit were happily combined in Saturday evening's gathering at the schoolhouse, when there was a good turnout of growers to hear addresses by Mr. Dickie of Calgary, representing the Fruit Distributors, and K. Whimster of Creston, sub-central manager for the Associated Growers. After the meeting the Women's Institute provided refreshments. The strawberries and cream were very much appreciated. There were two contests: Auto guessing for the men, and flower contest for ladies. The latter was won by Miss E. Hagen, and the former by L. Abbott. The balance of the evening was spent in dancing.

Orchestra Concert Sure to Please

Mrs. Lister and Mrs. Kelly are Musicale Soloists—Varied List Orchestral Numbers—Popular 50-25c. Admission Prices.

For their initial appearance at the Grand theatre on Tuesday night the Players' orchestra have been successful in securing soloists whose efforts can be relied upon to give the evening's programme a variety that is sure to make the evening a most enjoyable one.

The vocalist on this occasion will be Mrs. Geo. H. Kelly, who in addition to posessing a pleasing voice, always has the happy faculty of choosing numbers that appeal to a Creston audience. She will be accompa ied by Mrs. W. Kernagahan. The other soloist will be Mrs. Fred Lister, whose ability as a violinist needs no recounting here.

The offerings by the orchestra will be chosen from the following:

March—Happy Days.
Waltz—Sweet Dreams.
March—Let's Go.
Gavotte—Scented Blossoms.
March—Always Jolly.
Bomance—True Hearts.
Dutch Dance—Wooden Shoes.
Military March—Little Corporal.
Dance of the Crickets.
March—The Opening Game.
Overture—Fortuna.

The orchestra will be under T. Goodwin, and music lovers are assured that the organization will give a splendid account of itself on the various selections presented.

Popular prices of admission will prevail. These are 50 cents to adults, and 25 cents to children. There are no reserve seats, but tickets are now to be had at the drugstore or from any orchestra member.

This will be the first of a series of appearances the orchestra will make this season. New assisteing artists will be heard at each succeeding appearance, and the proceeds from all these concerts will be used for the purcase of music and the bringing in of the best outside talent finance will permit.

Erickson

Birth—On October 21st, to Mr. and Mrs. Fred Boffey, a daughter.

Mrs. E. Botterill left last week for Saskatchewan, called there due the very serious illness of her mother.

Erickson public school pupils had a holiday on Friday. Misses White and Walker of the teaching staff, attending the teachers convention in Nelson.

R. B. Staples of Kelowna was a visitor at his ranch on Saturday.

Lee Heric was here for his usual weekend visit from Yahk at the ranch.

Tickets obtainable from members and at Drugstore.

Quite a number of the Erickson young people were at Creston on Friday night for the dance in the Parish Hall, given by the Exchange and Creston Growers packing shed staffs at Erickson and Creston.

Mr. and Mrs. Dan Hamilton of Yahk were Sunday visitors with Mr. and Mrs. Lee Heric at the ranch.

Lloyd Cartwright, who is employed at Kitchener, spent the weekend at his home here.

Miss Cotterill and Miss Edith Palfreyman werre weekend visitors with friends in Cranbrook.

Erickson had its usual October call from the Mennonite apple buyers from near Magrath, Alberta, who purchased three carloads of Wagner and Delicious from Creston Growers, and shipped them in bulk last week.

Geo. Leadbetter has the distinction of being the first to kill a grizzly bear on Goat Mountain. He got his on Wednesday of last week, while out hunting deer, bringing down a monster weighing at least 600 pounds, using buckshot at very close range. The animal was feeding on the hill near the Attwood ranch.

There was real excitemenc here on Friday when the Ford coupe driven by Vic. Mawson was crashed into by Bob Marshall of Alice Siding driving a touring car, doing considerable damage to the Ford.

Alice Siding

Birth—At Cranbrook' on October 12th, to Mr. and Mrs. A. Cox, a son.

Mrs. Whiteside of Crowsnest was a business visitor here at the end of the week, buying a season's supply of fruit for the C.P.R. boarding house at that point, from R. Stewart.

Roy Pease left on Monday on his return to Vancouver, after spending a couple of months at the Alberta ranch with his parents, Mr. and Mrs. W. A. Pease.

Mrs. W. A. McMurtrie was a visitor to Cranbrook a few days last week.

Considerable land clearing is being done in this section this fall, and smoke is much in evidence from the resultant log burning operations. Frank Simister is getting five acres in shape for planting.

The Webster ranch is claiming Alice Siding record for potato production this year, with a sbowing of four tons from about half an acre

Building operations are in evidence at the Ostendorf place where Mr. Willis is erecting a new hay shed and enlarging the poultry house.

Scarcity of feed on the mountain high levels is bringining the bears down, the Blinco ranch reporting considerable damage from the visits of bruin the past week.

Frank Bourne of Creston, who has just purc ased the west five acres of the former Dr. Wells 12-acres ranch, later owned by John Johnson, now of Bashaw, Alberta, has the lumber on the ground and is at once commencing the erection of a residence on nis property.

Local and Personal

The Women's Auxiliary of Christ Church will have a sale of work and home cooking with novelty menu tea on Satnrday, October 26th, 3 p.m., at the Parish Hall.

A meeting will be held on Wednesday evening, October 30th, at 8 o'clock in the Presbyterian Church, under the auspices of the Canadian Bible Society. The chair will be taken by Rev. R. E. Cribb; the travelling secretary, Rev. N. A. Harkness will give a lecture illustrated by lantern slides.

C. F. Hayes, D.D.G.M. for Masonic District No. 8, made his official visit to Fort Steele on Saturday night, and was accompanied by R. A. Palfreyman, S. Steenstrup, C. F. Armstrong, Al. Hendren, W. Fraser, Col, Mallandaine and S. A. Speers. There were delegations of visiting members from Cranbrook, Kimberley and other points, making up an attendance that was the largest in several years. There was an elaborate banquet spread to close the evening.

Stanley Watson Heads Legion

Elect New President and Vice-President—Successfully Finance Payments on Building Site—Abandon Clubhouse.

Vice-president C. W. Allan was in the chair at the annual meeting of Creston Valley Post of the Canadian Legion on Monday night at the town hall, with but a fair turnont of members present.

Financially 1929 has been satisfactory to the organization which has been able to raise sufficient funds by way of dances and a boxing tournament to keep up the payments on the two lots purchased on Barton Avenue, on which it is proposed to erect a Legion hall. Interest in the work of the organization. however has not been maintained as well as was anticipated with a membership in the neighborhood of 50, and as a result it was found necessary to discontinue fne use of the hall on Victoria Avenue, which was held under lease from T. M. Edmonson. Some of the slacking of in interest is also chargeable to the fact that the expected club license was unobtainable.

Officers for the ensuing year are: President, S. M. Watson. Vice-president, Frank Lewis. Second vice-president and secretary, John Hall. Treasurer, John Ryckman. Another meeting is to be held at November 1st at which the executive for the year will be chosen.

At the adjourned meeting, too, arrangements will be made for the usual observance of Armistice Day with the 11 o'clock exercises at the memorial. The same evening a dance is being held in the Grand theatre ballroom.

Before adjournment the usual votes of thanks for services rendered were carried for the ret ring president, vice-president and secretary, which offices have been filled for the past two years by Col. Fred Lister, M.P.P., C. W. Allan and Geo. H. Kelly.

Kitchener

Mrs. Slean of Cranbrook is here at present on a visit with her parents, Mr. and Mrs. Molander.

D. Castle has returned from the prairie and is again in the employ of the Sash & Door Company.

Mrs. G. A. Hunt was a weekend visitor with friends in Cranbrook.

Mr. and Mrs. C. Senesael were motor visitors to Cranbrook on Saturday.

Mr. and Mrs. Foisy, Miss McDonald and Harry Redmile were motor visitors to Porthill on Sunday.

Melva Arrowsmith, who is attending school at Kitchener this year, spent the weekend at her home at Arrow Creek.

Miss Grace Bumstead of the high school teaching staff, Creston, was a weekend guest of Mrs. G. A. Hunt.

H. A. Spence of Cranbrook has arrived to take charge of the Sash & Door Company operations this season.

The Average Man and the League

With the closing of the tenth assembly of the League of Nations it is well for those, both in the cities and towns, and the country districts, to get some idea of what the League means to the average citizen.

Immersed in our own affairs and the daily complexities and worries of life, it is hard for the man in the street, or the man in the field to realize what the League means to him. All of us are somewhat hazy about world politics, especially in these days when indifferent crops and business complications make us apt to concentrate on our own immediate affairs. Occasionally we hear high sounding phrases glorifying the accomplishments of the League; at other times the sneers of cynics who advise us to go about our business and take no stock in an agency which can never have any beneficial or practical effect on our lives.

Yet the League and what is done at Geneva are of tremendous concern to all of us. A well known Canadian writer has said: "The League of Nations is not the infallible and mighty thing described in superfluous rhetoric by certain orators, the nations do not tremble with fear at its frown, it has disappointed romantic visionaries, and it does a number of things to which little attention is paid. Yet despite all of this, and notwithstanding some failures, the League has more than justified itself. In ten years it has prevented ten wars and become an effective central agency for the consideration of crises and the employment of commonsense arbitration in great and small disputes."

Some people have thought that the League ought to be able to almost automatically put an end to ill-feeling between two South American republics, or prevent Arabs slaughtering Jews in Palestine, in the twinkling of an eye. Such action is almost beyond the power of any agency devised by man. Hate, born of jealousy, avarice, racial and religious antipathy may blaze into wholesale murder at any moment and justice and commonsense are powerless for the moment. But such an agency as the League has time and again proved that once the first outburst is spent, it can prevent the trouble spreading and restore peace and sanity by conciliation, and if necessary, the invoking of economic and armed pressure.

The League of Nations, in short, has won the respect of the world, not only as an agency that can prevent war, but as a necessity that has grown up with the complexity and interdependence of modern international life.

Canada, like the other nations, and the citizens of Canada, in town and country, must stand foursquare behind its efforts if our children and our children's children are to be delivered from those horrors which took the flower of our youth, and made the world a nightmare of strife.

Canada has, up to the present, taken a worthy place in the councils of the League. Other nations have recognized the value of the Canadian contribution, realizing that to a greater extent, perhaps, than most Old World nations. Canda's position is an unselfish one, the outcome of a sincere desire to promote world peace in the interests of all, and not chiefly for the purpose of promoting Canadian security or advancing purely Canadian interests.

Canada's future contribution can only be measured by the degree of interest manifested by its citizenship and the support extended by the Canadian people to their Government in all efforts put forth to strengthen the League and enlarge the scope of its humanitarian and peace promoting programmes.

Deposits Are Important

British and American Capital Interested In Manitoba Tin

"British and American capital is definitely interested in the possibilities of tin in Manitoba," according to the Free Press Evening Bulletin. "Tin ore has been found in many places, and work now in progress in two or three camps will go far towards proving whether or not it is to be found in commercial quantities. But whatever the outcome, both British and American capitalists intend to be strongly represented, because of the supreme importance of such deposits."

Napoleon Bonaparte was about five feet three inches in height.

High Quality Seed

Inspection Shows Ample Supply To Meet Requirements

G. M. Stewart, head of the Dominion seed branch at Calgary, states that the 1929 inspection of standing fields of grain for members of the Canadian Seed Growers' Association, shows it can be reasnoably expected that there will be an ample supply of seed of high quality to meet requirements for next year. Yields seem to be somewhat higher than had been generally reported. There were nine inspectors out and 500 fields viewed, including many in the Peace River country.

The honest grafter confines his operations to trees and shrubs.

When Food Sours

About two hours after eating many people suffer from sour stomachs. They call it indigestion. It means that the stomach nerves have been overstimulated. There is excess acid. The way to correct it is with an alkali, which neutralizes many times its volume in acid.

The right way is Phillips' Milk of *Magnesia*—*just a teaspoonful dose in water.* It is pleasant, efficient, and harmless. It has remained the standard with physicians in the 50 years since its invention.

It is the quick method. Results come almost instantly. It is the approved method. You will never use another when you know.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acids. Each bottle contains full directions—any drugstore.

Alberta As Oil Producer

Production Now Greater Than That Of Montana, New Mexico and Colorado

Alberta is now producing more oil than the states of Colorado, New Mexico and Montana combined, according to a compilation made by F. J. S. Sur, Calgary geologist. He said, "It may be interesting to the oil fraternity of Canada to know that although Alberta is a body in the ranks of the oil producing regions, it is producing now from its Turner Valley field more oil in barrels than the combined output of Montana, New Mexico and Colorado; and when the figures are computed into dollars the value of Alberta's production is seen to be more than twice that of the three states in question."

The Industrial West

Growing Importance Of Manufacture Is Shown By Recent Figures

"Western Canada is no longer merely a wheat and cattle country," says the Winnipeg Board of Trade News Bulletin. "While it is the greatest factor in the world's wheat market, the importance of its manufactures is also steadily increasing. A recent return shows that there are in the three provinces of Manitoba, Saskatchewan and Alberta, 2,356 manufacturing concerns with a capital investment of over $270,000,000. Manitoba leads with 859 industrial establishments. Alberta is second, with 776, and Saskatchewan third with 721."

NO MEDICINE LIKE BABY'S OWN TABLETS

Once a Mother Has Used Them She Will Use Nothing Else

To once use Baby's Own Tablets is to use them continually—that is as long as there are young children in the home. That is the testimony given us by mothers from all parts of Canada. They all say that they know of nothing to equal the Tablets, that they find them safe and efficient and at the same time pleasant to take.

Mrs. John Hollinworth, Maidstone, Ont., writes:—"I have three children, the eldest fourteen and the youngest nine months old. I have always used Baby's Own Tablets for them and have found no other medicine to equal the Tablets as a relief for the many ailments of childhood."

Baby's Own Tablets are a mild but thorough laxative which regulate the bowels and sweeten the stomach. They drive out constipation and indigestion, break up colds and simple fevers and make the cutting of teeth easy. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Canadian Wheat For India

A shipment of Canadian wheat consigned from Montreal to India is believed to establish a new record in Canadian wheat exports. Conditions in India called for outside purchases and Canada, as the foremost wheat exporting country in the world, received the order.

Health cannot be looked for in the child that is subject to worms, because worms destroy health by creating internal disturbances that retard development and cause serious weakness. Miller's Worm Powders expel worms and are so beneficial in their action that the systems of the little sufferers are restored to healthfulness, all the discomforts and dangers of worm infection are removed, and satisfactory growth is assured.

Receives New Appointment

Dr. Seymour Hadwen, research of animal diseases at the University of Saskatchewan, has been appointed director of veterinary science for the Ontario Research Foundation.

Relieves Asthma At Little Expense. Thousands of dollars have been vainly spent upon remedies for asthma and seldom, if ever, with any relief. Dr. J. D. Kellogg's Asthma Remedy, despite its assurance of benefit, costs so little that it is within reach of all. It is the national remedy for asthma, far removed from the class of doubtful and experimental preparations. Your dealer can supply it.

William Baker, mail carrier at Forest, Ohio, on special occasions, wears his wedding shoes. The shoes are 44 years old.

For Sprains—Use Minard's Liniment.

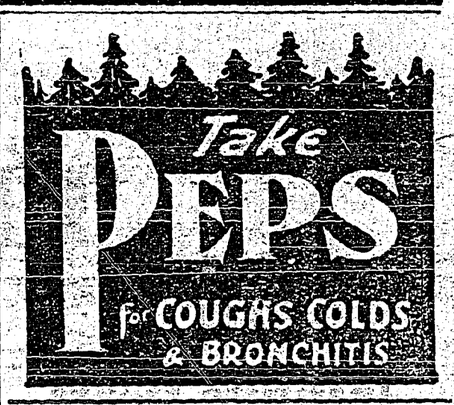
England Sends Trees To China

To Be Planted Around Mausoleum Of Sun Yat-Sen

Tepresentative trees, an oak sapling and a young birch tree are to be sent from Kew Gardens, London, England, to be planted in the grounds surrounding the mausoleum of the Chinese statesman, Sun Yat-sen at Nanking. Reports from the East say that that when the mausoleum of the first Chinese president and its surroundings are completed, they will form one of the world's most beautiful spectacles.

The call of the open road: "Drive over to one side while I give you a ticket."

The earth is believed to be solid at least half way to the center.



A Pertinent Question

Canada last year produced 2,414,303 tons of newsprint, valued at $144,146,632. Pulp and paper is now the Dominion's chief manufacturing industry. But what are Canada and the United States doing to anticipate forest conditions 20 years hence?

Dyeing this way *makes faded* Dresses NEW

DIAMOND DYES are the finest dyes you can buy. They are made to give you real service. *They contain the very highest quality anilines that can be produced.*

It's the quality of the anilines in Diamond Dyes that give such soft, bright, new-looking colors; that make them go on so evenly—without spotting or streaking; that enable them to keep their depth and brilliance through wear and washings.

Next time you have dyeing to do, try Diamond Dyes. See how easy and simple it is to use them. *Then compare results.* You will surely agree Diamond Dyes are better dyes.

The *white package* of Diamond Dyes is the highest quality dye, prepared for general use. It will dye *or tint* silk, wool, cotton, linen, rayon or any mixture of materials. The *blue package* is a special dye, for silk and wool only. With it you can dye your valuable articles of silk or wool with results equal to the finest professional work. When you buy—remember this. The *blue package* dyes silk or wool only. The *white package* will dye every kind of goods, including silk and wool. Your dealer has both packages.

Diamond Dyes
Sun Proof
EASY TO USE—BETTER RESULTS

Diamond Dyes contain the highest quality anilines money can buy. And it is the anilines that count. They are the life of dyes; the source of their rich colors; brilliance and permanence.

6 Suggestions

Make Your Farm More Comfortable, More Livable and More Profitable with These Simple Spare-time Improvements

If you have any time on your hands here are six suggestions which will make an amazing difference in the attractiveness and efficiency of your farm.

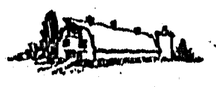
First—Buy a supply of Gyproc Fireproof Wallboard. Then erect Gyproc partitions in your attic, changing the waste space into an additional room or two. Imagine how much more comfortable the family will be with the attic converted into a clean, inviting third story.

Second—Renovate the lower rooms by nailing Gyproc right over cracked and faded walls. You can decorate the flat, smooth Gyproc surfaces with Alabastine, paint or any other finish. And what a difference it will make to your home.

Third—Line your garage with Gyproc. Gyproc will make it fire-proof, cold resistant and a safer, more substantial home for your car.

Fourth—Gyproc your poultry house. Your flock will have better health, and year-long protection from fire, cold, heat and vermin.

Fifth—Line your grain-bins, barns, stables and other buildings with Gyproc. By doing so you will make them more valuable, fire-safe, cold resistant and 30 per cent. more healthful for your stock to live in.



Sixth—Look about for cracked, warped or rotted walls, partitions and ceilings and repair with Gyproc. Such repairs are quick and inexpensive to make because Gyproc saws, nails and cuts so easily—saving time and labor.

CANADA GYPSUM AND ALABASTINE, LIMITED
Head Office: Paris, Canada
Branches: Montreal, Toronto, Windsor, Winnipeg, Vancouver

GYPROC
Fireproof Wallboard

ALMOST ALL OF THIS YEAR'S CROP IS OF HIGH GRADE

Saskatoon, Sask.—This year more than 90 per cent. of the wheat falls within the statutory grades. Protein content averages 14 per cent., and in some cases has run as high as 19 per cent. Each year since the Canada Grain Act was passed "commercial grades" have been fixed for grain in some way damaged. This year no such grades could be fixed, because there was too little of such grain to make a fair sample. This year is the first time such a thing has happened.

These were some of the statements made by Dean W. J. Rutherford, of the University of Saskatchewan, during discussion following his address to the monthly meeting of the local branch of Canadian Society of Technical Agriculturists at the University, on the subject of "The Grading of Grain."

The Canadian system of grain grading, though not perfect, was, in the opinion of all the chief wheat buying countries the best system in the world, the dean implied in his address. Canada's chief competitors, Australia and the Argentine, were taking steps to imitate the western system. The American system was encumbered with too much detail, he explained.

Dean Rutherford believed that eventually the system of sampling from cars in the railway yards would give way to the practice of basing the grade on the unload sample at the head of the lakes or at Vancouver. More than 50 per cent. of the cars, he pointed out, were too full for sampling. Both railways and elevators encouraged overloading, he said, as they found it economical. In cars so loaded samples could not be taken with a probe.

On the other hand automatic sampling devices had been developed, taking a continuous series of samples during the unloading, which gave an absolutely reliable sample. This sample was kept for a sufficient length of time to allow for inspection.

He stressed the point that the statutory grades should be kept uniform from year to year. Occasionally concessions had been made to gain some temporary advantage, and these had resulted in a loss of confidence in the Canadian grading by overseas buyers and a loss in the long run to the Canadian producer.

New machinery, Dean Rutherford said, had led to some changes. Separation of weeds and foreign varieties of grain could now be made. Wild oats were now a commercial commodity and were sold in the East Indies, where they were fed to mules. The pool, he said, made more than 10 cents a bushel out of wild oats last year.

Viewed Dirigible From Air

Prince Of Wales and Prince George Used Airplanes

London, England.—The Prince of Wales and his brother, Prince George, it became known, went in aeroplanes appropriated for their use to meet the dirigible R-101 making its trial voyage.

Both took off shortly after noon from Sunningdale, Berkshire, and toured the home counties in search of the dirigible. They finally found it and after circling it and viewing it from the air, both returned to Northolt, Middlesex.

Men Accept Invitation

London, England.—So far 150 holders of the Victoria Cross have accepted the invitation to a dinner in the parliament buildings two nights before Armistice Day, at which the Prince of Wales will be present. Many pathetic cases of poverty among those heroes have been discovered.

Opposed To Conscription

Toronto.—Without dissent or debate the American Federation of Labor expressed its opposition to measures pending before Congress for universal conscription in time of war.

W. N. U. 1808

Madame Curie Visits America

Came To Attend Celebration Held In Detroit For Edison

New York.—Timidly gazing about her in wonderment, a little old lady in black came slowly down the gangplank from the liner "Ile de France" here.

The bustling, chattering crowd on the pier fell silent as her frail figure appeared on the deck above them.

"It's Madame Curie," the whisper went around.

Her steps carefully guided by Ambassador Charles Gates Dawes, who had arrived on the "Ile de France," and by Owen D. Young, who had come down to meet her. Mme. Marie Sklodowska Curie, co-discoverer of radium, set foot for the second time on American soil.

She came to honor her fellow-scientist, Thomas A. Edison, and attended a dinner given in celebration of the 50th anniversary of his invention of the incandescent light, in Detroit.

Mme. Curie will be the guest of President and Mrs. Hoover, at the White House, October 29 and 30, and will receive while there a cheque for $50,000 raised in this country for the purchase of a gram of radium which she will present to the Radium Institute at Warsaw, Poland, her native city.

"Journey's End"

British Dramatic Presentation Will Furnish Treat For Western Audiences

Regina.—A rare thing in the theatre is a play that appeals to English and American audiences alike. An even rarer thing is a play that will run simultaneously and successfully in both London, England, and New York. "Journey's End," which comes to the Grand Theatre, Regina, for three nights, beginning Monday, October 28th, has not only done both of these things, but for nearly a year it has been the foremost and undisputed hit in both theatrical capitals.

"Journey's End," a war play by Robert Cedric Sherriff, was originally put on in London, where it took the town by storm. The English critics accorded it praises that can hardly be duplicated in the modern theatre.

"Journey's End," is a quiet, restrained study of men in war. The cast is composed entirely of men, and the scene is laid in front line dugout before St. Quentin. We see a small group of British officers waiting for the great German attack that they know is bound to come, and we see their various reactions in the face of the common danger. That is all. Yet in this simple, unadorned fragment of front-line life, Playwright Sherriff has managed to pack more human interest, excitement, humor, heroism, and tragedy than one would get in an entire season of ordinary plays.

Itinerary Made Public

Premier King Will Speak In Eight Western Cities

Ottawa.—The itinerary of Premier Mackenzie King's western tour made public. The prime minister will speak at Winnipeg, Saskatoon, Prince Albert, Edmonton, Prince Rupert, Vancouver, Calgary and Regina.

Hon. J. L. Ralston, Minister of National Defence, is making a tour of inspection of the West at the same time and will therefore accompany Mr. King for much of the tour. Senator Andrew Haydon, of Ottawa, will also accompany the prime minister.

Bandits Torture Farmer

Hung By His Thumbs and Threatened To Be Burned Alive

Lethbridge.—A strange story comes from the border where, about 15 miles from Coutt-Sweet Grass, Steve Churrie, farmer, was hung by his thumbs, threatened to be burned alive with distillate and robbed of $200 by two unknown bandits.

The story has been authenticated by the Alberta Provincial Police, who believe that one of the bandits is the man who held up Fred Richardson at the C.P.R. station here and robbed him of $32, as the holdup at Sweet Grass took place the morning after.

A revision of the French dictionary, started in 1673, is not expected to be finished before 2000

WITH MACALPINE PARTY

Richard Pearce, editor of Northern Miner, the best known mining editor in Canada, who was accompanying the MacAlpine party on his second trip across the barren lands. On his previous trip he was with "Punch" Dickens, who by his meritorious feat won the McKee trophy.

Presented With Home

Samuel Larcombe, Famous Wheat Grower, Is Recipient Of Gifts From Admirers

Birtle, Man. — Samuel Larcombe, aged pioneer agriculturist of the western plains, whose discoveries of rust resistant grains have made him internationally known, tonight sleeps in a new house, located amid the rolling and fertile fields overlooking the picturesque Bird Tail Valley.

Today, surrounded by hundreds of friends, by the Lieutenant-Governor of Manitoba, Hon. James D. McGregor, and representatives of the provincial government, the house was presented to Mr. Larcombe, a tribute to his work which has greatly enriched Canadian agriculturists. Recently the Larcombe home was destroyed by fire.

Friends throughout Canada contributed funds for the construction of the modern home.

Daily Air Mail Service

St. Paul, Minn.—Daily service over an air route between Winnipeg and St. Paul—instead of every other day—is announced with the statement that the Schlee-Brock Aircraft interests have acquired the Canadian-American Air Lines. Service between the Twin Cities and Port Arthur is to be inaugurated as soon as a field at the head of the lakes is prepared.

More Buildings Needed

Saskatoon.—In order to keep pace with the growth of the University of Saskatchewan, more buildings are necessary, particularly one for arts and science; according to President Murray, who addressed a gathering of over 300 students at the Arts and Science dinner.

Powers Accept Invitation

Will Attend Naval Conference In London In January

London, England. — The British Government has received official replies accepting its invitations in every instance to a five-power naval conference here in January and also expressions of willingness to participate in proposed preliminary discussions of the problems of limitations.

The texts of both the Italian and French replies were published. Italy expressed the desire to collaborate in any step calculated to eliminate the dangers of excessive armaments and said its view on the subject was too well known to require restatement.

The text of the Japanese acceptance had also been received, but has not been made public as yet.

Famous Library Restored

Louvain Library Richer In Some Respects Than Before War

Brussels.—When the Louvain Library was destroyed by fire, in August, 1914, during the German occupation, it contained some 350,000 volumes, including 1,500 incunabula and several hundred manuscripts from the twelfth and thirteenth centuries, valued at more than a million dollars. Today, it has been completely restored, and in some respects, is richer than before.

By virtue of the Versailles Treaty, the Germans promised to restore the Library's contents, and since the armistice they have restored a total of 300,000 volumes, inclusive of 600 incunabula and 300 manuscripts, including one of the eleventh century.

Ottawa Welcomes Canoeists

Young Montrealers Making Unique Trip From Vancouver To Halifax

Ottawa, Ont.—Richard Lesage and Paul Paquin, of Montreal, trans-continental canoeists, were welcomed to the capital by Mayor Arthur Ellis. Later a civic automobile was placed at the disposal of the intrepid paddlers and they visited Mayor Lambert of Hull, Quebec.

The unique trip by which the young Montrealers have travelled from Vancouver, and plan to reach Halifax, N.S., some time next month, was temporarily halted here while Lesage travelled by train to Montreal because of the serious illness of his sister.

West Buys Eastern Potatoes

St. John, N.B.—Shipments of potatoes from Carleton and Victoria counties, in New Brunswick, are being made to Western Canada, particularly the prairie provinces. The recent ruling of the railways, giving the privilege of bagging the tubers while in transit, is helping the situation and shippers claim the whole New Brunswick crop will find good markets.

Women Work Wires

Women make excellent telegraph operators, according to Mr. J. McMillan, general manager of the extensive Canadian Pacific Railway telegraphs. The advent of automatic sending and receiving instruments and other appliances eliminated much of the heavier work formerly done by men, and in addition to vastly speeding the service, gave an opportunity for efficient typists to become operators as the automatic machines have a keyboard like that of a typewriter, and a knowledge of telegraph code is not required. Roughly forty per cent. of the operators in the employ of the C.P.R. telegraphs are women, about twenty-six per cent. working on Morse shifts, and forty-two on the automatic machines. The photograph shows two girls operating one of the battery of sending machines. Inset is Mr. McMillan, who controls 160,287 miles of wires.

ASK FOR FREIGHT RATE EQUALITY FOR THE WEST

Ottawa. — Complete equalization with the rates to the head of the lakes was demanded by representatives of the British Columbia and Alberta governments in an appeal to the Dominion cabinet against the general order of the Board of Railway Commissioners on the subject. Leon J. Lander, M.P., counsel for British Columbia, and S. B. Woods, K.C., counsel for Alberta, submitted there should be no higher percentage in the rate basis over the mountains than in the rate basis in any other part of Canada.

Counsel for Manitoba and Ontario, the Winnipeg Board of Trade and the City of Winnipeg, as well as counsel for the two railway companies, have given notice of their intention to oppose the appeals.

The millers of Canada are represented by counsel, but so far their attitude has not been disclosed. They probably will support the appeals. A majority of counsel and the cabinet were agreed that the provincial governments appeal signed by the governments of British Columbia, Alberta and Saskatchewan, would be postponed after a protest from other parties interested that sufficient notice had not been given.

After the United Farmers' appeal had been presented it was decided that if any lawyers wanted to go on with the portion of the second appeal which coincides with the first, there would be no objection. A motion put by the Hon. A. B. Hudson, for the Manitoba Government, that the question of the mountain differential should not be discussed at this time, was disallowed.

The result has been a prolonged discussion on the merits of the British Columbia case and the validity of the separate and conflicting decisions rendered by the board of Railway Commissioners on the mountain differential.

Arranges Atlantic Flight

Major Kingsford-Smith Plans London-New York Trip Next Summer

Vancouver.—Major Charles Kingsford Smith has pretty well completed arrangements for a non-stop flight across the Atlantic from London to New York next May or June, he said, following his arrival in the city in which he spent several years of his school days.

"I have one more ocean to cross," he said as he referred to the 70,000 miles his plane, the Southern Cross, has flown since he made his trans-Pacific flight early last year. "We left the Southern Cross in the Fokker factory, in Holland, for an overhaul," he said. "She will be practically rebuilt, but the old engines, which have crossed the Pacific and Indian oceans and have been around Australia on many trips, will be in the Southern Cross when we start west across the Atlantic."

Urge B.C.-Alberta Highway

B.C. Good Roads League Endorsed Resolution To Government

Harrison Hot Springs, B.C. — A resolution asking the provincial government to complete an inter-provin- to Alberta as quickly as possible was cial highway from British Columbia unanimously endorsed by the Good Roads League of British Columbia here. No suggestion was made as to whether the Big Bend route or the Kamloops-Jasper link should be used.

The convention endorsed a recommendation favoring renewal of federal aid for highway construction. J. J. Johnston, of New Westminster was elected president for the ninth time.

Asks More Pay For Civil Service

Ottawa.—Creation of a minimum annual salary increase of $120 for Federal Government Departmenal workers, was requested by President V. O. Phelan, of the Civil Service Federation of Canada, when he appeared recently before the civil service commission. A complete and careful consideration of the request was promised by the commission.

THE CRESTON REVIEW

Issued every Friday at Creston, B.C. Subscription: $2.50 a year in advance; $3.00 to U.S. points.

C. F. HAYES, Editor and Owner.

CRESTON, B.C., FRIDAY, OCT. 25

Give the Orchestra a Hand

An entertainment that deserves well of the people of this community is the musicale to be presented by the Players' orchestra at the Grand on Tuesday night.

This splendid musical organization has been developing its talent somewhat unostentatiously for a matter of two years and has finally decided to make its appearance in a series of popular priced concerts during the season.

The Players are not a money making organization, their sole and only object is to develop the musical talent of the community —an objective that is surely deserving of the whole hearted support of our citizens.

Finance they, of course, must have for the purchase of music adapted to orchestra use and it is for the securing of revenue exclusively for this purpose that the musicale is presented.

Both on the score of assisting a well deserving community effort as well as hearing a creditable musical programme the musicale should have a generous patronage.

Allocating Dates

At Kimberley, where they are abundantly supplied with organizations of one sort and another that depend for existence on revenues gathered from a varied line of entertainments, the problem of securing dates offering the minimum of conflict in any week has become so acute that it has been decided to call a conference of the heads of the two or three dozen interested societies in an endeavor to allocate dates throughout the winter so as to avoid all possible competition.

After some considerable experience as a registrar and guardian of dates locally the Review would like to see a similiar get together at Creston. Favored as the town is with the Legion, Women's Institute, L.O.B.A., Go-Getter, Boys and Rod and Gun Clubs, the orchestra, four church ladies aids and seven missionary societies of all ages, besides others that come to the front from time to time, including the board of trade, curling club and agricultural association, overlapping or last minute re-arranging of dates is inevitable, and could easily be overcome if all those interested would follow the commendable example set at Kimberley.

In future the Review has no intention of keeping track of any dates other than those that have been published in the news columns and for which we make a charge of two cents a word spot cash, or four cents a word where credit is desired and payment is not made before the end of each month.

Raising the Gas Tax

The Tolmie government's publicity bureau is feeling out the public through the medium of an announcement that the misister of public works contemplates advancing the tax on gasoline from three to five cents per gallon. On the whole the statement is being favorably received, but with at least one reservation.

Locally speaking in 1928 with a loan of but four million dollars very general satisfaction was given in highway matters in Creston constituency, In 1929, with a changed administration and a loan of over nine million it is quite safe to say that this district had the worst highways in its recent history.

For 1930 the proposal is to float a loan of twelve millions for highways. In view of shabby treatment this yerr, with both an increased loan and higher gas tax it is but natural people are not willing to endorse the proposed new order of things without some safeguard that the big loan will be more equitably distributed throughout the province than has been the case in 1929.

With the sleepy hollow representation Creston constituency has had this year in this connection the Review would strongly urge the strongest kind of legislative safeguards that this rather substantial sum be expended on some clearly defined basis that will assure us a fair proportion of this generous expenditure—and on highways to be selected from recommendations to be submitted by responsible organizations throughout B.C.

Now that expenditures on highway betterment is to reach about $25 per head of population it is time roadmaking and maintenance was placed far beyoned the baleful influence of partizan legislative representatives.

LETTERS TO THE EDITOR

Later Date for Sports

Editor Review:

Sir,—Can anyone tell me why the annual sports day has to take place at fair time. It looks as if the sports were the main attraction. Either the people are capable of putting on an exhibition of ranch produce well worth seeing or not. Does it take the school sports to draw the crowd.

September is the first month of school. The children are beginning to learn new lessons. In case of a new teacher it is a trying time getting acquainted. There is little time for athletics. About the second week in November, before the snow flies, would be a better time. End of June is fully occupied with examinations. The teachers must not be expected to do too much. Incidentally the sports ought to include adults as well as children. PARENT.

NEWS OF KOOTENAYS

A Rotary Club has just been organized at Relelstoke.

On the dyked land at Bonners Ferry more winter wheat than ever is being planted this fall.

Morris Mindlin of Cranbrook has just harvested ten tons of turnips from a half-acre of ground.

At Cranbrook and Trail the Rotary Clubs are putting on hallqwe'en celebrations for the children.

First National Bank at Bonnere Ferry has close to $200,000 on deposit in the savings department.

Cranbrook Meat Market has just expended $1500 in installing Frigidaire show cases in their butcher shop.

The smelter at Trail has just commenced using a melting furnace that can handle three tons of scrap metal per hour.

The Courier claims Cranbrook has the best and most modern fire fighting equipment of any town in the B.C. interior.

Norman Moore of Lumberton shot and killed a black bear from his bedroom at 1 a.m. in the moonlight of October 14th.

At the middle of October the official statement of the First National Bank at Bonners Ferry showed $633,520 on deposit.

Hobos are more numerous than ever at Pentieton this fall.

Kaslo collects close to $4000 a year from town water users.

The corner stone has just been laid for a new Anglican Church at Pentieton. It will cost about $13,000, and seat 250 people.

According to the Herald Bonners Ferry has had a very healthy growth this year. Just now there is not a vacant house in the town.

According to the Courier grapes and walnuts from the Santo Pascuzzo ranch at Sirdar are proving popular with buyers in Cranbrook.

Dancing is losing its grip at Kaslo. The Kootenaian informs that twelve of the young ladies of the town have just formed a bridge club.

The Dominion department of agriculture is to assist with the financing of modern onion storage plant at some point in the Okanagan.

Cy. Glover, a Fernie optician, has just been secured for similar for similar work in the optical department of the T. Eaton store at Calgary.

Failing to find buyers for McIntosh Reds at $1.50 per crate the Vernon News says much of the crop will now be shipped in bulk at $40 a ton.

Cedar poles from the Sheep Creek section loaded out at Rossland for eastern shipment this season, are worth at least $50,000, according to the Miner.

Kimberley netted $1230 on its Dominion Day celebration, and it is proposed to turn over this amount to the covered skating rink building fund.

Considerable quantities of cottonwood are being floated down the Kootenay River to Porthill, where it is loaded on cars for shipment to Everett, Wash.

Simon McDonald has just disposed of 1040 acres of dyked land that he owned in Drainage District No. 1 at Bonners Ferry. The sale price is not stated.

Kimberley has now definitely discovered that its proposed new covered skating rink will cost $15,000. It will seat 3000 people and provide an ice surface 180 x 78 feet.

Vernon has started a three class night school teaching dressmaking, carpentry, and English for new Canadians, and if 15 students are enrolled in each class the school will continue.

In the southern Okanagan rattlesnakes were more in evidence this year than formerly. The prolonged dry weather forced the rattlers out of the hills in quest of water in the irrigation ditches.

Strong, Healthy Teeth

An epigram by Dr. Norman N. Byndeson, president of the American Health Association and health director of the sanitary district of Chicago: "Would you have strong, healthy teeth? Feed the children candy." What makes strong, healthy teeth? Tooth brushes and tooth paste? No. They are alright, but they are not the important things that make for strong teeth. The first important thing is the right kind of food to build a strong matrix to build a strong body for teeth. In right food for a properly balanced diet good candy is important, and the most palatable form is Butter Mint Toffee. Sold at the Rexall drug store. It is a peppermint coated toffee with a delicious flavor and the peppermint is not strong but gives the mouth a refreshing feeling—a combination which everyone will enjoy. A fresh shipment arrived today at Creston Drug and Book Store, and we are selling them at the special price of 40 cents a pound.

Local and Personal

The fruit and vegetables used in decorating Christ Church for the harvest thanksgiving service on Sunday, October 6th, were sent to the hospital at Fernie, where they were very much appreciated.

Emil Johnson and K. Paulson returned on Thursday last from a business trip to points in southern Alberta. They made the journey by car and negotiated the return trip from Lethbridge in thirteen hours.

The Women's Institute remind of their anniversary bridge at the Parish Hall this evening with cards to start at 8.15. The admission is 50 cents. The local institute was fourteen years old this month.

R. B. McLeod of Kimberley was renewing acquaintances in Creston at the end of the week. Mr. McLeod was formeriy on the Speers' store staff, but is now manager of the company store at Kimberley.

Dick Chandler, teller at the Imperial Bank, left on Monday for Wetaskiwin, Alberta, to which town he has been called to attend the funeral of his mother who passed away at an early hour that morning.

The potato crop in British Columbia is so short that already local merchants have found it necessary to bring in spuds from the U.S. A car of Idaho Netted Gems arrived on Friday and are selling at $4 a sack.

Messrs. Paulson and Johnson closed Creston View tourist camp for the season early last week. The season was quite satisfactory, in the neighborhood of 300 cars utilizing the camp since it was opened at the end of May.

O. W. Humphrey of Nelson, district manager for the New York Life Assurance Company, was here on a business visit at the end of the week, and during his stay succeeded in writing up a number of new policies in this well known company.

R. B. Staples, sales manager for Sales Service, Limited, was here on a business visit at the end of the week. In order to clean up the McIntosh Red crop at Okanagan points sales in bulk of this variety have been authorized by the committee of direction, at a price of $40 a ton.

Creston Farmers' Institute is this year marketing part of the fruit crop of its members, and are utilizing the former Alf. Nelson Kootenay Co-Operative warehouse for packing and loading. The institute has made a selling connection with some farmers' co-operative organizations in southern Alberta.

At the annual meeting of the Ladies' Conservative Club on Tueskay afternoon it was decided to discontinue activities for the present and join forces with the men's organization. The usual votes of thanks were tendered the officers and executive. The meeting was in charge of Mrs. Mallandaine, the retiring president.

Christ Church had a well attended bee on Monday and Tuesday at which the old board walk with two or three flights of steps leading to the church was demolished, and is replaced by a circular gravel walk which starts at the south corner of the lot and which also serves the Parish Pall. The ladies served lunch on both days.

The packing house employees of Creston Growers and Exchange entertained their friends at a dance at the Parish Hall on Friday night, for which music was supplied by Mrs. Lister and K. Whimster, violins; Miss Athena Schade, piano; Charlie Cotterill, saxaphone; and Bob Marshall and Fred Hale, drums. About 50 couple were in attendance.

I have bought the stock and tools of the W. K. Brown blacksmith shop, and will open for business at the old stand about October 15th. Special attention will be given to woodwork; building cabs and platforms on trucks, etc. Will carry a full line of steel and will be able to make springs for all makes of cars. Horseshoeing and all repair work as carried in a general blacksmith shop. W. MORROW, Creston.

Roy Harris of Cranbrook, construction superintendent for the Kootenay Telephone Company, was here on an official visit last week. It is authoritatively reported that the company has purchased the Reg. Watson residence on Victoria Aveuue, and will at once commence remodelling it, and when the new switchboard has been erected the telephone central will be moved to the new quarters.

Thanksgiving Day

Advance Opinion That Day Of Thanksgiving Should Be Fixed For October

That is a good suggestion that comes from the Canadian Chamber of Commerce, that Thanksgiving Day should be fixed for some time in October. Before Armistice Day came along with such a whirlwind of thanksgiving that people thought it should be continued for all time. Thanksgiving Day was held in October. Then, with the harvest safely housed, people gave thanks in weather that made everybody thankful that he was alive.

Now thankfulness for the end of the war has mellowed into memories of the heroic dead—memories that do not fit in with the joyousness that characterizes the regulation Canadian Thanksgiving of feasting and sport. Armistice is a day apart. It lends itself to solemnity, mingled with sorrow. Let it have early November all to itself. Put Thanksgiving Day back where it belongs. —Toronto Telegram.

A STOMACH RESTORER

Good Advice From One Who Had Suffered Much

Discomfort after eating, gas pains in the intestinal tract, pains around the heart, sour risings in the throat called heartburn, are common symptoms of dyspepsia. It is a condition often neglected until it has done permanent harm, yet the treatment is simple. The great contributing cause to this trouble is thin blood. Good blood and plenty of it is required by the stomach to function properly. If the blood is thin the stomach becomes sluggish, food lies undigested, gas forms causing pains, often around the heart. Instead of getting nourishment from the blood the system gets poison. The proper treatment is to enrich the blood, and there is no other medicine can do this as promptly or as effectively as Dr. Williams' Pink Pills. The sole mission of these pills is to make new, rich, red blood, which reaches every organ and nerve in the body, and thus not only banishes indigestion and dyspepsia, but also all other troubles having their origin in weak, watery blood.

The splendid results following the use or Dr. Williams' Pink Pills is shown by the case of Mrs. Lucy A. Cushing, a former resident of Kempt, N.S., but now living with her son at West Bethel, Me. Mrs. Cushing says: "I have no hesitation in strongly recommending Dr. Williams' Pink Pills. For years I was a great sufferer from indigestion. Always after eating I suffered from pains in my stomach and other distressing symptoms that accompany this ailment. I tried different doctors while residing at my old home and also at West Bethel, but without getting relief. I was advised by a friend to try Dr. Williams' Pink Pills. I did so and I must say that I am feeling very grateful ever since to the good friend who gave me the advice. I soon found the pills helping me and by the time I had taken nine or ten boxes I was completely restored to good health. Though I am now in my 76th year I am feeling as well and smart as I did at 35, and am enjoying life once more."

You can get these pills through any dealer in medicine, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A Floating Theatre

An old four-masted schooner will be fitted up in the near future to form a floating theatre. The ship will be called Pro Arte, and will cruise around the world giving plays representative of German spirit. It will contain a modern stage and seating capacity for 500 persons.

Persian Balm preserves and enhances women's natural heritage of beauty. For sheer feminine loveliness it is unrivalled. Tones and rejuvenates the skin, and makes it exquisite in texture. Delightful to use. Smooth and velvety, it imparts a youthful charm to every complexion. Indispensable to all dainty women. Especially recommended to make hands soft and white. Delicately fragrant. Preserves and enhances the loveliest complexions.

All products exported from Spain are to bear a national label. A "Made in Canada" lable on all Canadian exports might impress on other nations just how much the Dominion does export.

Many mothers can testify to the virtue of Mother Graves' Worm Exterminator, because they know from experience how useful it is.

Red brick owes its color to iron oxide in the clay; buff brick is the result of iron sulphide.

A reliable Antiseptic — Minard's Liniment.

Treat Colds 2 Ways With One Treatment

RUBBED on throat and chest, Vicks does two things at once:
(1) It is vaporized by the body heat and inhaled direct to the inflamed air passages, and
(2) It stimulates the skin like an old-fashioned poultice and "draws out" the soreness.
acts 2 ways at once
VICKS VAPORUB

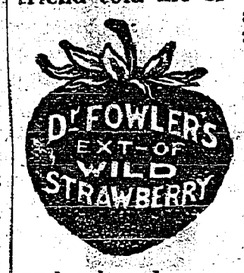
Invents New Torpedo

Don Manuel Garcia Diaz, Spanish naval officer, is said to have invented a torpedo which can be fired without detection by a submarine Where the old type torpedoes left a noticeable wake after its release, the new one leaves nothing to show its path. Submarines could strike with these without warning and without detection.

Had Diarrhoea
Bowels So Active
Feared For His Life

Mrs. S. J. Jago, Canoble, N.B., writes:—"My little boy, when three years old, had a severe attack of diarrhoea. The bowels were so active, and he vomited so much, I feared for his life. I tried many medicines, but he was always getting worse. A friend told me of



and after the second dose I saw an improvement. I gave him almost half a bottle and he was completely relieved.
"I have used it for the other children, and my husband and myself. My husband gives it great praise, and when he goes away from home to work he always takes a bottle with him."
Put up only by The T. Milburn Co., Ltd., Toronto, Ont.

A Real Diplomat

Speaking of quick thinking, a man recently overlooked his wife's birthday. Tearful she reminded him of it. "Listen, darling," he said, "I know I forgot it, but there isn't a thing about you to remind me that you are a day older than you were a year ago."

Was In Bed All Summer

"I have to work in the store and do my own housework, too, and I got nervous and run-down and was in bed nearly all summer. The least noise would make me nervous. I was told to take Lydia E. Pinkham's Vegetable Compound and I have taken seven bottles. It has made me stronger and put more color into my face. I am looking after my store and housework and my four children and I am getting along nicely now." —Mrs. J. Malin, R. R. No. 5, Barton St. East, Hamilton, Ontario, Canada.

Lydia E. Pinkham's Vegetable Compound

SUNDAY SCHOOL LESSON

OCTOBER 27

THE CHRISTIAN VIEW OF RECREATION

Golden Text: "I came that they may have life, and may have it abundantly."—John 10.10.

Lesson: Jeremiah 31.12, 13; Zechariah 8.5; Matthew 11.16-19; Mark 2.18-28; 6.30-32; John 2.1-11.

Devotional Reading: Philippians 4.4-9.

Explanations and Comments

Jesus' Religious Teaching a Call To Joyousness, verses 18-20.—The strict Jews, like the Pharisees in the parable of the Pharisee and Publican, fasted twice a week, on Mondays and Thursdays. The disciples of John the Baptist and the Pharisees fasted, but the disciples of Jesus did not. The former went to Jesus and complained because his disciples did not observe the fast. "Can the sons of the bridechamber fast, while the bridegroom is with them?" Jesus asked. The friends of the bridegroom conducted the bride and her companions to the house of the bridegroom with singing and playing of musical instruments, and they remained there for a week of feasting and mirth. The Talmud absolved them even from prayer and worship during such festivities. "As long as they have the bridegroom with them, they cannot fast," continued Jesus, "but the days will come, when the bridegroom shall be taken away from them, and then will they fast in that day."

"When Christ has withdrawn from the soul, when times of darkness hide or experiences of sin banish Him from the soul, or the strong need of a clearer sense of His presence overcomes the desire for food, or a failure in doing work indicates a lack of His presence and power (Matthew 17.21), then there will be fasting. Fasting is truly Christian only when it is the natural expression of Christian experience." —Lyman Abbott.

I Am Come That They May Have Life, and May Have It Abundantly, verses 23-26.—The Sabbath controversy was one of great importance in the eyes of the Pharisees. During the Jewish exile in Babylon, when sacrifices could no longer be offered in the temple, the strict keeping of the Sabbath became a chief part of the Jewish worship, and legislation multiplied in regard to the observance required. The Sabbath was the seventh day of the week. The reason why we keep the first day is thus given by Justin Martyr (second century): "Sunday is the day on which we all hold our common assembly, because it is the first day on which God wrought a change in the darkness and made the world, and Jesus Christ on the same day rose from the dead." Said Alcuin, writing at the close of the eighth century: "The observance of the former Sabbath has been transferred very fittingly to the Lord's Day, by the custom and consent of the people."

An Oil Of Merit.—Dr. Thomas' Eclectric Oil is not a jumble of medicinal substances thrown together and pushed by advertising, but the result of the careful investigation of the healing qualities of certain oils as applied to the human body. It is a rare combination and it won and kept public favor from the first. A trial of it will carry conviction to any who doubt its power to repair and heal.

Black Strip Frees Boat

Employment of the principle that black absorbs the sun's rays and holds the heat enabled the captain of an ice-bound steamer in a lake in Alaska to extricate his ship. He had a strip of refuse oil and lampblack, 40 feet wide, swabbed across the frozen lake lake. In a short time the strip softened sufficiently to allow the steamer to break through.

Minard's Liniment for Warts.

Had Good Reason

Sir James M. Barrie, the noted author, has revealed why he is so fond of Glasgow. Speaking of his younger days, he said there was once a horse show in the Scottish city. "I patronized it and lost a penny. I went back at night, climbed the paling and searched for it. I found three pence. No wonder I have a friendly feeling for Glasgow."

No need to suffer with corns, or to run the risk of paring them. Remove them surely and painlessly with Holloway's Corn Remover.

Small aeroplanes recently exhibited at the English Aero Show, and costing $1,700 each, are capable of 85 miles an hour over long distances. They carry only one man.

He Asked Them Does It Pay To Clip Cows?

A CERTAIN farmer wanted the facts about clipping cows so he wrote us for names of those owning clipping machines. He wrote them. Now he himself is so pleased with the Stewart clipping machine he sent us the letters which made him decide the clipping machine is a good investment. Here are some of them:

Hawkesbury.
"It short of help clipping reduces time necessary to keep cows clean—and must say since using the machine have not had any trouble with lice."

Jordan.
"Before we clipped our cows we had a high bacteria count, whereas after we clipped them we had a very low bacteria count thus improving the quality of our milk."

Whitby.
"And it certainly is a wonderful help in reducing lice."

Gadshill.
"We find it much easier to keep them clean and free from vermin when clipped. To have clean milk you must have clean cows. We raise quite a number of heifers every year and in that way we always have a number of cows to sell. The clipping so improves the appearance of the cows that I think it easily adds 5 or 10 dollars to the value of an animal."

HOW TO CLIP COWS
Manure, the principal source of bacteria, cannot collect and at milking time rub off into the pail if hair on udders, underline, flanks and tail is kept clipped short all winter.
Lice seem to congregate along the spine, which explains why some farmers clip a six-inch width from tail to ears.
Farmers who have warm stables and drinking water inside, usually clip their cows all over in the fall.

Buy a clipping machine and make more money from your cows—with less work.
Stewart No. 1 Clipping Machine is easy to use and anyone can clip with it. Strong, sturdy, easy-running and will last for years.
At your dealer, $15.00.
Satisfaction or money refunded.

The Singing Fool

By HUBERT DAIL

Copyright, 1928, Warner Bros. Pictures, Inc.

SYNOPSIS

Al Stone, singing waiter at Blackie Joe's New York night club, wins fame as a composer of popular songs. He marries Molly Winton, a ballad singer and makes her famous, too. Molly and Al have a baby, Junior, whom Al adores. When Junior is about two years old Molly becomes romantically interested in John Perry, Al's best friend. On New Year's Eve Al rushes home from the Club Bombo, where he is part owner and master of ceremonies, to find that Molly has eloped with Perry, taking Junior. Al is staggered by the cruel blow. Next morning he visits Marcus, producer of the revue in which Molly appeared, in search of information.

CHAPTER XVIII

Marcus handed Al a tiny marked paragraph from the theatrical column of a morning paper. It read:

"Miss Molly Winton, headliner in The Merry-Go-Rounders, the most popular Marcus review of the season, has left the cast temporarily for a much-needed rest. Her place will be taken by her understudy, Suzanne Eastman."

"Temporarily?" exclaimed Al.

"Well, we just phrased it that way in case she should happen to come back. What's the meaning of all this, Al?"

Al stared hard at Marcus. Should he tell Marcus the truth, or should he cover up? It was apparent that Marcus knew nothing of Molly's whereabouts—and that was what Al had come to find out."

"Nothing," answered the young song-writer. "It's just as she says—she's tired out."

Marcus leaned back in his chair, studying Al's face carefully.

"Boy, you're holding back on this. I can tell from your expression that she's done something to you too. Has she—has she ditched you?"

"I didn't say that."

"I know you didn't, but—your eyes say it. You look as if you hadn't slept for six months."

Al felt himself sagging, but he suddenly stiffened and exclaimed vehemently:

"Listen, Marcus, don't give me away on this. It would make scandal and I don't want publicity. I want to work it out my own way. But—Molly has left me;"

"Phew! I'll be mum—but when, why?"

"Last night—with John Perry. Left a note. She took Junior."

Marcus's face softened in sympathy for this stricken man. Here stood his best song-writer, the boy he had discovered and made famous, the lines of his face sharply etched by pain. Al seemed to have aged over-night.

The producer jumped up, ran around the table, put his arm about Al's shoulders.

"Don't let it throw you! It's a tough break, but you were bound to get it some day from that girl."

"Yes, I know it—now!" Al answered bitterly. "But did you see it coming?"

The producer nodded. "Do you remember that night down at Blackie Joe's three years ago—you insisted that if I bought your song I'd have to give your sweetie, Molly, a good revue job too? I took a long look at Molly and—I decided she was a cheater. . . . . Then, when John Perry came along I saw a few things. But I thought it might blow over—there was no use warning you. You loved her too much."

"I loved her too much, that's true," admitted Al. "I trusted her completely, and I trusted John Perry, too. I'd like to get that snake alone just once!"

"Again the feeling of rage returned to Al. Marcus's grip tightened on his shoulder.

"Steady, Al. You don't win this battle that way. Let her go—forget her."

"It's easier to say than to do, Marcus. Besides, she's taken my boy, Junior. That's what hurts most."

"I know, I know." Marcus gently led Al toward a chair. "Here, sit down, pull yourself together. And have a shot of Scotch."

. . . . The days passed like years, until a week was gone. But still there was no trace of Molly and Junior, and no word from them. Somehow, Al managed to live through those terrible days of futile waiting, but he was unable to continue his song-writing, unable to fill his post as master of ceremonies at the Club Bombo.

At the end of the week he came to a sudden decision. He approached Billy Cline, his business partner at the Bombo, for a conference. They sat in the office one afternoon above the ballroom of the Bombo.

"Billy," Al began doggedly, "I can't go on with this. You know why. I can't appear before that crowd downstairs and go through with my wise-cracking routine. So I might as well get out, bag and baggage."

"Sell out, you mean?" questioned his partner.

"Yes, just that. I want you to buy my interest and I'll disappear. I'm through with Broadway—the whole life."

"Don't say that, Al," countered Billy. "You've got a thousand more songs in you—every one a hit."

"No." Al shook his head. "It's the end of all that sort of thing."

His partner hesitated. "Well, Al, of course I'll buy your share in the club, but the place won't be the same without you."

"I s'pose that's true, Bill, but my heart isn't in it. You've got to feel gay to be gay—that is, consistently. I thought I could work through this thing, but I can't, so — it's curtains."

Billy Cline studied Al's face just as Marcus had done, trying to think of some way his friend's problem might be solved. But he ended by making a gesture of acquiescence to Al's proposal. Cline knew in his heart that Al was right about himself — a man can't write songs or carry on in the night club racket unless he can amuse the crowd. And Al's face showed he just couldn't. Cline rose.

"All right, Al. I'll get the books and we'll have an accounting."

As Cline walked away Al picked up a newspaper that an office boy had just left on a nearby chair. He turned it over and—staring at him from the front page was a large photograph of Molly. The words he read beneath that smiling photo horrified him.

Molly's hard eyes in the newspaper reproduction seemed fixed on Al in cynical and cruel triumph. In a two-column box he read:

"Interviewed at her suite at the Biltmore today, prior to sailing on the "Ile de France," Molly Winton, celebrated songstress and late star of "The Merry-Go-Rounders," confirmed the rumor that she is contemplating a Paris divorce from her husband, Al Stone, song-writer and Broadway's favorite master of ceremonies."

That one sentence was enough; Al dropped the paper and jumped up just as Billy Cline returned with the Club Bombo account books.

"What's the matter, Al?" cried his partner, for Al's face was ashen.

"Read this," Al snatched up the paper. "Molly's sailing today for Europe, taking Junior. It means I may never see my boy again! For all I know, they're on the high seas now!"

Cline scanned the article rapidly, but Al interrupted him.

"Have they sailed yet?" he cried in tones of anguish. "Have they taken Junior away without a word?" Cline turned quickly to the shipping news, while Al stood glancing over his shoulder. Down the column their eyes travelled to the part marked "Sailings-Today." And then — "Ile de France—6 P.M." Cline looked at his watch.

"It's three now, Al. You might be able to stop them."

"You mean legally—the police."

"There's just a chance."

"I won't do that. I have my reasons. But I must see Junior before he leaves—you don't know what he means to me, Billy!"

Al grabbed up the 'phone from Cline's desk and put in a call for the Biltmore.

"I'd like to speak to Mrs. Al Stone."

Molly was superintending the packing of her bags when the 'phone rang. Junior was playing in the adjoining room of the suite, and John Perry, who had just arrived, was reclining in an easy chair near Molly, smoking a cigarette, his hat and stick beside him. The maid put down an armful of Molly's clothes and moved toward the 'phone.

(To Be Continued.)

Needless Pain!

Some folks take pain for granted.

They let a cold "run its course."

They wait for their headaches to "wear off."

If suffering from neuralgia or from neuritis, they rely on feeling better in the morning.

Meantime, they suffer unnecessary pain. Unnecessary, because there is an antidote. Aspirin tablets always offer immediate relief from various aches and pains we once had to endure. If pain persists, consult your doctor as to its cause.

Save yourself a lot of pain and discomfort through the many proven uses of Aspirin. Aspirin is *safe*. Always the same. All druggists with complete directions.

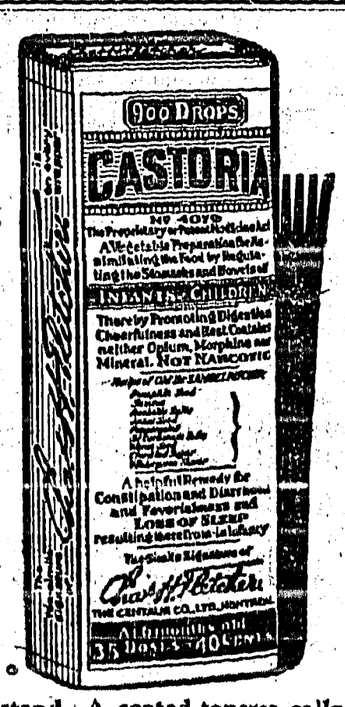
Little Helps For This Week

"Give me thine heart."—Proverbs xxiii. 26.

What can I give Him,
Poor as I am?
If I were a shepherd,
I would bring a lamb;
If I were a wise man,
I would do my part;
Yet what can I give Him?
Give my heart.
—Christina G. Rossetti.

O Lord! take my heart, for I cannot give it; and when Thou hast it, oh, keep it! for I cannot keep it for Thee; and save me in spite of myself, for Jesus Christ's sake.
—Fenelon.

Restless Children



Children will fret, often for no apparent reason. But there's always one sure way to comfort a restless, fretful child. Castoria! Harmless as the recipe on the wrapper; mild and bland as it tastes. But its gentle action soothes a youngster more surely than some powerful medicine that is meant for the stronger systems of adults.

That's the beauty of this special children's remedy! It may be given the tiniest infant—as often as there is any need. In cases of colic, diarrhea, or similar disturbance, it is invaluable. But it has everyday uses all mothers should understand. A coated tongue calls for a few drops to ward off constipation; so does any suggestion of bad breath. Whenever children don't eat well, don't rest well, or have any little upset—this pure vegetable preparation is usually all that's needed to set everything to rights. Genuine Castoria has Chas. H. Fletcher's signature on the wrapper. Doctors prescribe it.

EVEREADY

You can use these famous batteries until the heavy zinc plates are riddled full of holes—and they'll still keep on running your radio! Eveready Layerbilt, the only flat-cell "B" battery, is justly popular for its long life and low power cost. Buy Eveready Layerbilts for economy and better service. Made in three sizes.
