## K. of P. BANQUET.

Benevolence Lodge, No. 14, gave their friends another opportunity to partake of their hospitality last Tuesday evening, when they gave a banquet at the Union Hotel. The table was loaded with a bountiful supper, and after enjoying this, the brothers and their visitors spent a happy evening, enlivened with songs, toasts, &c. Chancellor Commander R. Robertson occupied the chair, and T. H. Carey the vice chair, in place of Vice Chancellor Geo. Robertson, who was unavoidably absent. Following is the programme:—

- Toast... The King... W. H. Campbell
- Toast... President of U.S.A... D. Richards
- Song... "That's English you know..." F. Ramsay
- Song... "A Mother's Farewell..." D. Richards
- Toast... City of Cumberland... Ald. Robertson

### PIC-NIC AND DANCE.

The Orange Lodge of Cumberland held a pic-nic at the beach on Coronation Day, winding up with a dance at the Riverside Hotel in the evening. Many couples took advantage of this and a very pleasant evening was spent. During the day the Cumberland Brass Band played at Courtenay.

## LOCALS.

Who swiped the geese?  
The school vacation has been extended a week on account of the hot weather.

We call our readers' attention to Mr Heatherbell's ad. of stock and poultry in this issue.

Electric light work is being pushed. Mr Hinton, with a gang of men, is up to prosecute the work.

Miss Best, the clever Phrenologist will remain in Cumberland over pay day. Room 3, Waverley Hotel.

Mr McPhee, of Courtenay, is marketing Yellow Transparent Apples of a very superior quality, the produce of his orchard.

Mr T. Williams, who lately returned from California with his mother, will, it is said, take over the old home, and upon the expiration of the present tenant's lease in the autumn.

Dr. Young, a Seventh Day Adventist Apostle, has erected a large tent at the junction of the Courtenay River where services are held nightly and are largely attended by different sects.

MISS BEST, the Great Phrenologist and Palmist, (gold medalist) will be leaving shortly after Pay-Day, Aug. 23rd. Positively your last chance. Miss Best is staying at the Waverley House.

As will be seen by a notice in this issue, the Electric Light Company offer the public shares for sale during a limited period. This should be a good investment, and no doubt it will, in a short time, be as hard to get the light shares as it now is to the water shares of this place. At all events, Mr Clinton has kept his word and placed his stock on the market.

The premium list book of the Comox exhibition to be held on September 24th and 25th, is now out. Special prizes have been offered by Messrs Weiler, Craig, W. W. B. McInnes, M.P.P., L. A. Mounce, M.P.P., S. Leiser, and many others. The book is a decided improvement on those issued on former years, and the prizes offered will no doubt be very satisfactory to exhibitors.

We are informed that Mr. Alex. Urquhart anticipates a visit to the Old Country shortly, accompanied by Mrs Urquhart. It is many years since Mr Urquhart left the land of his birth, and has had many a weary year of varying fortune in various parts of the world. Now, with well-earned and well-deserved independence, he and his hospitable wife, can visit their old-home, secure in the thought that, owing largely to their careful bringing up, a good family of a son and several daughters will care for things on the farm properly during their absence on their well-earned visit.

The report of the Minister of Mines for the Province for 1901 is full of valuable information for seekers after metals. Half tones from photos of Queen Charlottes Islands, Skeena River, Peace and Parsnip Rivers, and the Coast District, as well as of other parts of the province, are profusely scattered through the book. Most interesting are the reports of Gold Com., Mr F. W. Valleau, of the Peace River country, and of the Skeena River and Queen Charlotte's Islands, by Mr H. Carmichael, provincial assayer. The deposits of mineral tar on certain small islands of this group are described for the first time in print.

## Tracy Kills Himself TO ESCAPE CAPTURE.

Seattle, Aug. 6.—Harry Tracy, the convict, desperado and many time murderer, died early this morning by his own hand.

Cornered in a swamp near Harrington, in Eastern Washington, Tracy was found by Sheriff's Cuddehe's posse. He was shot in the leg between the knee and the hip. This wound, taken in conjunction with his other wounds, made it impossible for him to continue his flight. When he saw that he must certainly be captured or shot down, he turned his pistol on himself.

His dead body was found a few minutes later, when his pursuers dared to approach the place where he was last seen.

The deputies were distributed on all sides and they fired away into the brush where Tracy was concealed. Every time one of them showed himself Tracy took a shot, but no one was killed during the encounter. By and by the replying shots from Tracy ceased, and some of the more venturesome deputies went in after him. They found him lying with his back against a log, a revolver in his hand, half turned towards his head. He was quite dead although blood was still trickling from a self-inflicted wound.

He was 27 years old, and the four last years had been spent in prison.

### Letter to the Editor.

Editor "Cumberland News."  
Dear Sir,—Allow me a small space in your paper to bring again to notice that old standing nuisance of cows running at large on the streets, breaking people's property and destroying gardens, and I would like to suggest that our City Council could yet make their record if they would take some steps to stop this evil, but as this matter has been brought before them so often I presume it is beneath their notice. Thanking you for thus troubling you.—I am, yours respectfully,

VOTER.

[Our correspondent has informed us that his garden gate has been opened, the latch raised by means of the horn of a cow, who then entered and destroyed a pretty and useful flower and vegetable garden.—Ed.]

## The Coast Kootenay Railway.

The contract for the building of the Coast Kootenay railway was signed in Victoria on Aug. 1st, in accordance with the provisions of the Act passed by the Legislature last session. Mr Norman McLean, agent for the contractors, has gone East to finance the Company. The Act calls for the commencement of construction by the first of Sept., 1903. The Canadian Pacific and the American Great Northern which tap the Kootenay country will not look with favor upon the proposed new line, and the opposition of these great companies must be counted upon.

The semi annual meeting of the Dairymen's and Live Stock Association was held yesterday in the Town Hall, Agassiz, at 10 a.m. A notice for publication from the secretary, Mr Paisley, unfortunately arrived too late for publication last week.

### Premier Dunsmuir in England.

The Premier has been interviewed in England by a representative of the Birmingham Post, a leading English newspaper, who elicited much valuable information from Mr. Dunsmuir, the publication of which in Great Britain at the present time must attract increased attention to this Province. We give a short summary of the interview.

Mr. Dunsmuir is of opinion "that very much could be done towards strengthening the Empire by attention to many details of a simple yet practical nature. Imperial penny postage, he thought, would do more to bind the Empire together than some of the larger projects discussed. He did not see why there should not be a common currency for Great Britain, Canada and Australia, and for this purpose an Imperial Bond Bank might be organized. The Imperial authorities should give every advantage to Colonial industries. He thought it was absurd to buy supplies from foreign countries for the use of the army when they could be bought as cheaply and as good in Canada. Mr. Dunsmuir said attention was being paid to the development of trade on the Pacific Ocean and thought that material might be obtained by the municipal authorities in London for block pavement, which could be shipped very cheaply from Vancouver and Victoria round Cape Horn. There is also a great trade to be developed through the whole of Canada and the Empire in these directions.

The building of another railway line through Canada to the Pacific Ocean north of the Canadian Pacific railway, and more direct, so far as British Columbia and the Northwest are concerned, will—if carried out—give a direct Western outlet to the great grain-fields of Manitoba and the Northwest; and we look to see large elevators being built at Victoria and Vancouver in connection with the forwarding of wheat. So far, the Pacific States have had the monopoly of that trade.

I have nothing special to say about politics in British Columbia. There has been a good deal of uncertainty and unrest in political circles, but this is one of the matters which, in a new country, will regulate itself, and the prospects now are that stability is assured. British Columbia being a new country is passing from one state of things to another, and more permanent one, and owing to the prominence it has attracted as a field of enterprise for investments, many matters have been greatly misrepresented and exaggerated through the press.

I may say that notwithstanding the adverse criticisms which have

# MONSOON

Dear Mrs. B.—, in reply to your inquiry as to which is the best tea to use, I would say that in my opinion it rests between the Blue Ribbon and Monsoon Packet Teas. If you like rich, strong tea, then Blue Ribbon is undoubtedly the best, but should your taste be for a delicate and very flavory tea I would advise you to call on C. J. MOORE for a packet of Monsoon. Personally, I drink Blue Ribbon in the morning and Monsoon at 5 o'clock, but then, you know, I am a perfect crank about tea.

Yours truly,  
SARAH GRUNDY.

appeared in London and elsewhere regarding British Columbia, that its credit has been splendidly maintained, and as compared with the price of British Consols, which is the only standard of comparison, our position is several points better than it was two or three years ago, and I am pleased to observe that in the London markets, British Columbian securities show a steady upward tendency, and the demand for investments has been demonstrated to me by the numerous enquiries I have received respecting the proposed new loan.

### FIRE AT WILLARD BLOCK.

Fire was discovered on Coronation Day on the roof of the Willard block. As soon as the alarm was given, whatever available men left in town rushed to the Fire Hall, sounded the bell, (which, however, got thrown out of kilter at the first pull) rushed the hose cart to the hydrant at the corner of 3rd street and Dunsmuir Avenue, and had a stream turned on in short order. Previous to this, Mr. W. Ashman had climbed the roof and dashed a pail of water on the burning shingles, partially extinguishing the flame. A few moments sufficed to kill the fire, which had originated from sparks falling on the dry roof from the chimney.

### PERSONAL.

Mrs. R. Graham of Texada, is visiting friends at Courtenay. Mrs. F. Partridge and Webster are at the seaside for a holiday.

Mrs. Hy Murdoch left last week on a visit to friends in Nanaimo.

G. R. Robson of the H.B. Co., Victoria, was a guest at the Union Hotel last week.

Mrs. R. H. Pidcock of Alert Bay, is visiting Rev. Mr. and Mrs. Willemar at Courtenay.

Mr. A. D. Williams, formerly of Cumberland, is reported to have made a good sale of mining property in the Klondyke.

Miss Russell of Nanaimo, has been visiting Mrs. Lowe and her uncle, Mr. J. Skinner, of Hornby Island, and left for home last week.

Mr. and Mrs. Banks of North Yakima, are here on a visit to their brother and sister-in-law, Mr. and Mrs. T. B. Banks. They leave today for home.

The various Sunday Schools of Comox and Courtney held their annual picnic at Mr. J. Piercy's beach on Tuesday, August 5th.

Mr. A. Hamilton, so well known here, is shaking hands with old friends after his long absence. We understand he will stay in connection with the electric light works.

A number of Cumberland and Comox residents are taking advantage of the warm weather and have gone to camp at Oyster River, among whom are Mr. and Mrs. J. Roe, Mrs. M. Piercy and Mrs. Carwithen and family, and Mrs. McPhee and party.

The lady, lately Miss Thomas, who arrived from England recently, gave us a surprise on Coronation Day by marrying Ralph R. Wilcox, a long respected resident of Comox. We wish them a happy time.

Baldness Successfully Cured  
By PROF. SCHAFFNER  
The Old "NEWS" BUILDING.

A remarkable cure effected. Cures baldness of long standing by the use of PEERLESS HAIR RESTORER and ELECTRIC MASSAGE TREATMENT, both of which combined destroy all germs and invigorate the roots which stimulates circulation of the active forces that feed the hair follicles.

From one to two months treatment will Restore Baldness of long standing  
Daily Treatment \$15 per month.

Parasites cause all hair trouble. Dandruff is caused by a germ which saps the hairs vitality. Vaseline and oils are of no benefit to the hair, as dandruff germs thrive in them, as well as in all grease. To cure dandruff, which is preceded by, and a sure indication of, falling hair, it is necessary that the dandruff germ be eradicated. From one to three bottles of the Peerless-Hair Restorer will cure the worst chronic case.
