CORRECTION.

Mr. W. B. Finley, Photographer, returned to the City last evening, and to a Free Press reporter he said:

"I was very much surprised to find things in the shape they are in. I have rented the Coughlin Studio, opposite St. Andrew's Church, and anyone having work with me will be able to get it there. All photo tickets will be honored on presentation at the gallery."

We are glad to print the correction. No doubt Mr. Finley will ship the Cumberland photos up shortly.

A LIFE PARTNERSHIP.

A very pretty wedding took place here on the 10th inst. Mr. A. McLaughlin and Miss Annie Rippon, the niece of our popular hostess Mrs. Picket of the Cumberland and lately of Nottingham, England, being the contracting parties. The ceremony was performed at 7:30 p. m. in Trinity Church by the Rev. Mr. Willemar of Sandwick, in the presence of the bride and groom's near friends and relatives only. The bride was attired in a lovely and becoming costume of silver grey with veils and trimming of ivory silk which set off her clear dark complexion and violet eyes to perfection. Miss Flossie Picket, the bride's cousin and maid was prettily dressed in rose colored satin with overskirt of white chiffon. Dainty ties of white satin with rose colored bows gave the finishing touch and she carried a bouquet of roses and white carnations, and maiden hairs. The bride's bouquet being of white roses and of orange blossoms. Mr. J. H. Picket gave the bride away and Mr. Geo. McLaughlin supported his brother-in-law. After the marriage the happy couple were driven to the Hotel, and at 9:30 they entered the ball room, in which were assembled over 200 people, the guests of Mrs. Picket, who with her usual whole heartedness, was determined to give her favorite niece a right royal send off, and right well did those guests enjoy themselves, for both bride and groom have always been prime favorites, and everyone felt at home, and what with dancing and supper and dancing again, the good folks did not get home until an unearthly hour next morning. The happy couple left next day for their bridal tour to Victoria and Seattle, and the worst the News wishes them is "long life and prosperity."

The following is the list of presents received by the bride:

Mrs. Picket, featherbed and bed linen; J. H. Picket, knives and forks; Mr. and Mrs. T. Hudson, white blankets; Tom Picket, China cups and saucers; F. Pickard, Rattan chairs; C. Segrave, lamp; Mr. and Mrs. W. Sharp, washtub and board; Geo. Smith, hand painted jewel case; Mr. and Mrs. Hooper, lace curtains; J. McLaughlin, handsome gilt inkstand; Mr. and Mrs. Concina, pillow shams and towels; Mr. and Mrs. Brown, Union Wharf, teapot; Mr. and Mrs. Robert Grant, solid silver card receiver; Miss Miller and Charlie Grant, souvenir spoons; Mr. and Mrs. A. Walker, silver spoons; Mr. and Mrs. R. Short, table cloth and 5 o'clock tea cloth; Mr. and Mrs. A. McKnight, table cloth and 5 o'clock tea cloth; George Howe, wringer; William Harwood, lamp; S. Sunel, white quilt; Mr. and Mrs. Vass, parlour table; Mr. and McCallum, carving set; Mr. and Mrs. Carthew, wicker footstool; Mrs. E. Woods, table linen; Mr. and Mrs. Jim Smith, frilled muslin curtains; Mr. and Mrs. J. B. McLean, lemonade set; Mr. and Mrs. D. Roy, solid silver Lerry spoon; Mr.

and Mrs. M. Piarcey, lamp; G. McLaughlin, tea set; T. Reid, pair of glass dishes; Mr. and Mrs. C. Whyte, lamp; Mr. and Mrs. T. Whyte, silver pickle dish; G. McMillan, photo album; Mr. and Mrs. H. Drew; bedroom lamp and Chinaware; Kenney McDonald, lemonade set; Misses H. and L. Abrams, silver ornament; Mr. and Mrs. Tarbell, carving set; Mr. and Mrs. Moore, jardiniere; Mrs. J. O'Brien, bonbon dish; Mr. and Mrs. J. Thompson, white bed quilt; Mr. and Mrs. R. J. Robinson, pair of jardiniere; Mr. and Mrs. L. Mouncey, basket of roses and wicker chair; Miss Lily Grant, bouquet of flowers; Mr. Waller, set of vases; Simon Leiser, lady's wicker chair; the staff of S. Leiser, handsome reclining chair; the boys at the Baton, large swing lamp; Miss S. H. Bertram, antique inkstand; Mr. and Mrs. McFadden, table cloth and sashings; Mr. and Mrs. McLeish, lady's workbox; Mr. and Mrs. T. D. McLean, jewel case; Miss C. Mellard, cake dish; Mr. and Mrs. Peacey, atomizer and perfume; J. Baird, swinging hall lamp; T. Irwin, parlour table; Mrs. Woodhew, chenille table cover; J. Roe, toilet table vases; Mr. and Mrs. D. Richards, tapestry rug; Mr. Woodland, lady's dressing case; Miss S. Horbury, glove and handkerchief cases; Miss Horbury, wine decanter and bouquet; Mr. and Mrs. Jaynes, pair of vases; Mr. Stedart, marble timepiece; Mr. and Mrs. Horne, glass set; J. Bruce, toilet set; F. Purdy, kid gloves; Messrs. Purdy and Rickson, pair water color picture; Mr. Dalby, pair of vases; A. Pritchard, table napkins; Mr. and Mrs. Cliff, photo album; H. Mouncey, tapestry table cloth; F. Partridge, hand mirror; Mr. and Mrs. W. Miller, lemonade set; Mr. and Mrs. F. Chur, table knives; Mr. and Mrs. Anderson, collar case and embroidered splashers; W. B. Anderson, buggy and twins; Mr. and Mrs. D. Auheny, pair of vases; Mr. and Mrs. Gleason, pair of lace curtains; Mr. and Mrs. Brown, table linen; Misses Brown, pair of vases and wafer set; Mr. and Mrs. Perkins, pair of pictures.

SAD ACCIDENT.

Victoria, July 14.—Very sad accident occurred last night at Goldstream. Charles, the 10-year-old son of E. McLure, was carrying a loaded gun from bedroom to kitchen when it discharged blowing top of his little sister's head, killing her instantly, wounding the mother while the father received what is believed to be a fatal wound in abdomen. Police had to watch boy and prevent him from committing suicide by jumping in the reservoir.

Mr. W. Bowen who went to Dawson three years ago is back for a short visit. William looks well.

The Colliery Co., are fitting up the old "Big Store" into comfortable offices and freight houses. This will be a great convenience to the public, being close to the business centre of the town, and a boon to the Company's officials. Mr. Clinton deserves a good office after long years in the present cramped quarters. A brick powder magazine has been built near the station, cemented inside and with a cinder court for 50 feet all around the building outside. It is perfectly fire-proof, and moreover, well out of the way of traffic in case of a possible explosion.

Cumberland Gun Club held their first annual live bird shoot July 2nd, at which the following scores were made:

- F. Parks—01110 3
- Thos. Horne—00111 3
- J. Richardson—00011 2
- O. H. Fechner—10000 1
- R. Coe—10010 2
- R. Addison—11000 2
- C. Ganner—10100 2
- J. Roe—01100 2
- M. Coe—00100 1

In the shoot off T. Horne won 1st prize; R. Coe, 2nd prize and M. Coe 3rd prize.

LOCAL ITEMS.

Rev. Mr. Hall and family are back from Vancouver.

R. B. Anderson, our fellow townsman, has moved from Vancouver and is now in Nanaimo.

A cow attempted the Hindoo Juggernaut act Friday, by attempting to stop No. 3 engine. No. 3 came out on top.

A stranger in town asked us the other day why the children, otherwise or healthy looking, all had such purple lips? We explained that the blackberry crop was in, and a large one, hence the colour.

Certain callow youths of our town have a bad habit of calling "Wo" and like horse talk, whenever they see a rig passing down the street, in some cases when driven by a lady. If they do not know better themselves we beg to remind them that the practise, besides being offensive, is neither witty, amusing, nor well mannered.

Mr. Fechner showed us some new fishing flies this week. They are dressed on small aluminum tubes instead of the hook shank. A snooded hook can be strung through the little tube when required for use. The advantages claimed are strength, capability of receiving three different sizes of hook as required, and possibility of examining the snood from time to time and substituting another one to the same fly in case of any weakening. The flies being without points or gut attached, when packed in the book, take up very little room.

Speaking of gut, or "catgut" as it is commonly called, reminds me of a story told by a late cabinet minister. It is generally supposed that the gut used by fishermen is the immature silk taken from the body of the silkworm while in a semi-fluid state and stretched and dried. However, the gentleman in question, who used to deal in tackle, with other things, told his listener that he at one time visited the establishment of Messrs. Allcock, Laight & Westwood of Redditch, England. He said, "There was a big brick block the lower part of which was used to manufacture in, while up stairs was full of cats. Cats of all sizes and colors. It was from them that they manufactured the catgut for fishing with." Thus again is exploded one of our pet theories.

We reprint this week an account of the steps taken in South Africa to protect the game. Nations interested in that country plainly see that unless something is done to prevent the wholesale destruction of game there the time will soon come when many animals, which were at one time plentiful, and which were thought to be practically inexhaustible in numbers, will soon become extinct, and that Africa, a country of boundless extent in comparison with our little corner of the earth here in British Columbia, and yet there are people insane enough to preach the doctrine here, that our bearers of fin, fur and feather never become less. Let us take warning in time if we desire to preserve our game and not have the denizens of our waters and forests wantonly destroyed as they are being destroyed now out of season, and by every known means legal or illegal. Read "Forest and Stream" articles in this connection about game poaching and game protection in the east.

A SONG

The rose root takes earth's kisses for its meat; The rose leaf makes its blush from the sun's heat; The rose scent wakes, who knows from what things sweet?

IN DEFIANCE OF POPE GREGORY.

He Cut a Leap Year Out of the Calendar, but Eleanor Ainsworth Disregarded the Omission.

BY W. R. ROSE.

The bustling housekeeper led the way about the rooms. "It's all kept neat and tidy for your return, Miss Eleanor," she said. "Mr. Suncliffe's orders, miss. He said you might surprise us at any moment and we must have everything in apple pie order. I hope it's to your liking, miss."

it. I had become accustomed to this apartment, and I staid here. "I'm afraid you stay here quite too much, John," said the girl. "You are not looking well."

did not look at her. "John," she said very softly, "it is a shame about old Pope Gregory, isn't it? You know what he did. When he fixed over the calendar, he cut us out of a leap year. I think, John, that I am quite justified in refusing to accept his correction and in assuming that the old Julian system is still in force."

BUILDING WARSHIPS NATIONS UTILIZE LESSONS OF THE SPANISH-AMERICAN WAR. In the Apportionment of New Tonnage in Europe There is a Large Share Set Apart for Battleships, Notwithstanding Their Great Cost-Type of England's New Torpedo Boat Destroyers.

scouting or of search be adopted, the finding of a fleet at sea must always remain a very difficult problem. Very small cruisers and light-draught gunboats continue to be provided, their number and varying qualities depending upon the special needs of the different navies for cruising or for minor shoal-water operations.

"Thank you, John," said the girl. "If you don't mind, I will sit in your chair. I often sat in papa's chair, you know. Besides, it will insure me your individual attention. But you are not using papa's room, John. It is much pleasanter than this."

"John," she said, with a little tremor in her voice, "aren't you glad to see me?"

Enchanted, he bore his treasure home and from it fashioned the viol shell, with which he ever after accompanied his voice, and the nymph Eurydice, enchanted by its magic, became his bride. -National Magazine.

TYPE OF ENGLAND'S NEW TORPEDO BOAT DESTROYERS.

H.M.S. Viper. Length, 210 feet; beam, 21 feet; displacement, 250 tons; indicated horse power, about 11,000.

Lord Beauchamp, the Governor of New South Wales, has had a novel experience. While on a visit to the colliers of Newcastle he was entertained at a banquet in a coal mine 300 feet below the surface of the earth.

TUESDAY, JULY 17th, 1900.

WAR NEWS.

Shanghai, July 7.—Bulletin—The massacre of the foreign ministers, women and children and the Emperor's guard at Peking after 18 days of hopeless resistance is confirmed. When the ammunition and food were exhausted the Chinese fiends closed in on the legations and butchered all those who remained alive. Afterwards they set fire to the Legation buildings and the remains of the victims were consumed in one horrible holocaust. Despatch does not state source from which news of this confirmation was received. Report of atrocities committed by Prince Tuan upon Chinese are appalling. He had 4,000 leading Chinese butchered for mostly trying to control the orgies of blood and restrain his followers.

London, July 7.—Lord Roberts telegraphed to war office last night as follows: Paget engaged the enemy July 3, successfully at Pleisfontein. He drove them out of a very strong position across Leeuwakop to Bronckfontein, where he bivouacked for the night. He followed up the enemy to Blaakaworp 15 miles northwest of Bethlehem. He reports that all of Steyne's government officials are at Bethlehem which has been proclaimed the capital. Steyne himself is reported to have taken flight to the mountains. Buller reports the line to Heilberg restored thus completing railway communication between Pretoria and Natal.

Lorenzo Marquese on Friday learned that Boers are showing fresh activity.

London, July 7.—Russian government announces that it will give Japan a free hand to apply military force in China.

London, July 7.—Jardine, Matheson & Co'y. of Shanghai have telegraphed to their London house as follows: Shanghai, July 7.—The British Legation was standing on July 2. There are re-assuring reports regarding the lives of Europeans.

London, July 7.—Japan is now taking action, according to the Japanese Legation here, which has late advices from Tokio, 22,000 Japanese soldiers are now on Chinese soil.

The international forces will cooperate to the utmost with the Japanese army corps in the move on Peking. It is said that Japan is to be compensated for the work she is about to undertake in the common cause.

London, July 7.—War office today issued following from Lord Roberts: Pretoria, July 6.—Gen. Buller arrived this morning looking well and is apparently none the worse for the hard work he has gone through the past 8 months. The General commanding Ladysmith telegraphs that eight hundred British prisoners belonging to the Yeomanry and Derbyshires have been put over the Natal border by Secretary Reitz's advance party and have reached Acton Holmes en route to Ladysmith. A convoy passed Greylingstad today. Before reaching a defile in the hills the enemy shelled the advancing columns. Col. Thorne-

off occupied the hills to the right of the narrow pass opening the Boers back on a ridge to the left while the infantry deployed in plain sight and the artillery occupied a position under the ridge. The Boers worked the guns rapidly, but the Howitzers replied with effect and drove back the enemy over the ridge. The convoy passed safely and when the force began to retire Boers advanced with a gun on the ridge. The British field battery replied, the first shell forcing the gun to retire.

London, July 9.—Despatch from Roberts says the enemy for some days have threatened our line by trying to get around our right flank. I directed Hutton with mounted infantry to reinforce Mahon with orders to drive the Boers to the east of Bunker Spruit. These orders were effectually carried out by Mahon who was attacked by 3000 men with 8 guns. Our casualties were 2 officers, including Capt. Nelles of the Canadians and 22 men. Steyne left Bethlehem on night of 4th for Forritzberg accompanied by Dewit and other Free State commanders with troops numbering 3000 men and tried to take the heights commanding the town but did not succeed owing to good arrangements made by Handbury Tracey and his officers. Eventually they were driven off with assistance of Dilworth and his Hussars who made a rapid march from Zerust. The enemy suffered heavily and five men captured. Our casualties light.

London, July 9.—Latest from Tien Tsen says a renewed Chinese attack took place yesterday with 2 guns. The allied forces with guns from H. M. S. Terrible and mixed forces of one thousand men made a sortie under cover of foreign naval brigade and attacked Chinese who retired after seven hours fighting. On July 3rd Chinese attacked in unexpected strength and did considerable damage. Russians with a gattling gun compelled Chinese to retire though Russians suffered heavily.

London, July 9.—Admiral Bruce wires to the effect that there are grounds for hoping that Prince Ching with his army is at Peking protecting the Legations against the Boxers.

Shanghai, July 9.—Two Legations are reported at Peking to be still intact. All Ministers safe. Rebellious rioters made attacks but suffered many losses. Imperial troops are protecting but meet with difficulty. Feared food and ammunition are exhausted.

Yokohama, June 9.—Government decided to despatch 23,000 men and 5,000 horses to China.

London, July 10.—Passengers arriving at Lorenzo Marquese on July 9th from Middsburg say there has been fighting between the latter place and Machadodorp in which the Boers were defeated and demoralized. Understood that Mr. Hollis U. S. Consulate at Lorenzo Marquese has been recalled. He is a well known pro-Boer.

Lord Roberts wires that the officer commanding at Herbron reports that State Secretary Bignat, State Attorney Dickson and members of the council came in yesterday and surrendered. Hutton was attacked yesterday in a position he was holding, by a large number of enemy, he kept them off with much difficulty. The five inch gun with him being found most useful. The enemy left many wounded on the ground. One squadron of this corps pressed a very large force of enemy in a gallant attempt to carry off a wounded comrade, to which they attribute loss sustained. In addition to two officers killed, three men and a sergeant major, three sergeants and seven troopers were wounded.

It is reported that President Kruger's retention of a large amount of gold at Machadodorp has created the utmost discontent among officers and men. They expected rewards for championing Boer interests but have received nothing. It is added that visiting foreigners who have agitated for

intervention are believed to have received sum. Further asserted that proofs have been discovered in Pretoria which promise startling developments.

Senegal, Orange River July 9.—An extended reconnaissance today resulted in the discovery that the Boers had vacated all their positions around Senegal, numbers of them appear to have gone towards Ficksburg and the remainder in the direction of Bethelam. The British commanders express the opinion that the retirement of the Boers foreshadows a speedy end of the war in this section of the country.

Tien Tsen, July 10.—Reported that foreigners at Peking have taken possession of one of the prince's palaces opposite and commanding the British legation and that native Christians have been put there.

London, July 10.—Chinese official sources furnish another surprise to-day in announcing that Dewazer Empress who was poisoned and said to have become hopelessly mad, has resumed the reins of power.

Washington, July 10.—Secretary of State has received despatch from U. S. consulate, Shanghai, stating that it is given out by Government of Shanghai Tunc that legations were standing and that outbreaks were dispersing.

Despatch adds that statement does not gain much credence.

London, July 11.—Lord Roberts sends following: Pretoria July 10th. Clement's and Paget's forces captured Bethlehem July 7th. The former on nearing the town sent in a flag of truce demanding its surrender which was refused by Dewit, when Paget making a wide turning movement succeeded in getting hold of enemy's most important position covering the town. This was carried before dawn by the Munster Fusiliers and Yorkshire Light Infantry, the following morning the attack was continued and by noon the town was in our possession and the enemy in full retreat. Our casualties were four officers and 32 men of the Munsters wounded and missing, four officers one killed and seven men of the Yorkshires. Paget reports that but for the accurate practice of the 30th Royal Artillery and 4th Imperial, casualties would have been many more.

Hunter's cavalry, under Broadwood reached Bethel July 4th. Hunter with his main force was within 7 miles of town when Clements captured it. The position assailed was gallantly captured by the royal yeomanry who captured a gun of the 77th Battery lost at Stromberg some months ago. The total casualties as result of the South Africans to date are 48,188.

Pretoria, July 11.—British success at Bethlehem has considerably improved prospects for peace. Whole of Government of late Orange Free State has surrendered except Steyne. The collapse of Dewit's force is expected daily.

London, July 11.—No authentic news from Peking is still the burden of the despatches from the far east. According to a special from Chee Foo, the fighting around Tien Tsen a few days ago was the severest yet experienced. The British loss alone was 30 killed or wounded. Chinese had 75,000 men attacking from each side and made excellent practice with over 100 guns. Allies numbering 14,000 and are now in hard strain, one Russian company of infantry number 120 men had 115 killed or wounded only 5 left. The German contingent also suffered heavily. The allies narrowly escaped total annihilation. A message arrived at Shanghai from Emperor Kwan from Peking. It deplors the recent occurrences and solemnly affirms that the Chinese Government was protecting the Boxers against Christians. The Emperor further implores their aid in suppressing the rebellion and upholding the existing Government. In separate despatch to Japanese Government he expresses deep regret for murder of legation chancellor. 300 European refugees from Tien Tsen arrived at Shanghai in state of destitution after terrible suffering.

Tien Tsen Chinese shelled foreign settlements all day long, upwards of 150 shells fell to the concession and many houses were partially wrecked. Three companies of Japanese and a body of Russians engaged Chinese with but little effect, the 12 pounder of British first class cruiser Terrible then came into action but enemy placed two shells fairly under gun damaging carriage and wounding crew. Casualties during day's fighting 21 wounded, 1 killed.

HENRY REIFEL, Manager.

London, July 12.—War office announces that General Buller reports that 659 prisoners released by Boers have arrived at Ladysmith.

Shanghai July 12.—Reported that a Chinese merchant here has received a letter from Peking dated June 30th, saying the Legations were demolished and the foreigners killed, announced from good sources that 30,000 Russians are marching on Peking from the north.

London July 12.—The Express this morning publishes a despatch from Tien Tsen dated Friday, via Chee Foo, saying General Ma has defeated the allied troops and re-occupied the Chinese eastern arsenal after inflicting great loss upon its defenders. The engagement lasted six hours and was fought with great determination on both sides. The Chinese were eventually able to utilize the guns of the fort abutting on the city walls near the Taoas Yeamen. The allied troops suffering severely from lack of heavy guns and cavalry. The Japanese commanders sent an urgent appeal to hurry re-enforcements as the allies were in imminent danger of defeat again.

Cape Town, July 12.—Understood that at close of the war in South Africa, Bloemfontein will be the headquarters of the Commander-in-Chief, and eventually the Federal Capital of South Africa.

New York, July 12.—Great pumps were worked in the str. Saale to-day and by 2:20 the vessel was floated. Up to night 168 bodies has been recovered.

Yokohama, July 12.—Though no decision has yet been announced it is certain that Japan will send 50,000 troops to China.

Shanghai, July 12.—A private letter from Peking dated June 24th and received at Tien Tsen on June 30th has been received here. The writer says: We are in danger of death, 30,000 troops are amassing, only 3 day's food is left, no news comes of troops, if no relief comes all seems hopeless. The Italian, Dutch, American and part of British legations have been burned. A courier has arrived from Sir R. Hart, director of Chinese customs at Peking, dated July 8th. The courier is said to have brought the following message from Sir Robert: "Close to good bye," "Near the end."

Paris, July 12.—The Temps announces it is in position to affirm no European telegram has been received from Peking since that of Sir Robt. Hart, on June 24th, declaring the situation desperate.

TELEGRAPHIC NEWS

Victoria, July 7.—This morning when H. M. S. Arethusa dropped anchor, her commander received telegram from the admiral asking when he could be ready to sail for China. He replied Wednesday and is now rushing stores aboard. Expected that she will act as convoy to the Tartar now loading bunkers at Union Bay, which is said to have been commissioned by Imperial Government to carry 1,500 marines who are expected to arrive on rush orders for China. All leave Wednesday night for the east, also expected the Leander which arrived to-day at Panama on her way home will be ordered to China.

Vancouver, July 9.—The strike situation of salmon fishermen on Fraser is critical, last night over 1,000 Japs went out fishing and to-day there are nearly 3,000 with not a white man or Indian at work. Whites and Indians are holding out for 25 cts. a fish while Japs are selling at 20 cts. White men were much incensed when Japs broke up the strike on Sunday. To-day notices are posted warning Japs and others that the fishing gear and boats of the men who fished would be destroyed. Cannerymen are applying to authorities for aid against intimidation. Japs are all armed with rifles.

Vancouver, July 10.—Japanese fishermen of Steveston, under the influence of both force and persuasion, stopped fishing last night and have joined whitemen. Patrols of whitemen were out yesterday and compelled the Japs not only to stop fishing but throw away all the salmon they caught. The whites opened by threatened shooting, ten Japs were drowned during a squall Sunday.

Nanaimo, July 10.—It is said that in about two weeks the running of the Wellington trains will be discontinued and that the mines at that place will be finally closed down there. The mine employes now there will move to South Wellington, Ladysmith and Extension.

Victoria, July 11.—The Arethusa yesterday took over 8 stokers and 12 able seamen from Warspite to complete ship's company, large number having deserted in Vancouver. Attorney-General's department has taken up the matter at Steveston regarding fish a rife and is despatching a number of constables to the scene of trouble.

Vancouver, July 12.—Capt. J. Anderson one of the leaders of strikers among Fraser River fishermen was arrested last night charged with intimidating men belonging to various canneries causing them by threats to leave their work. Police tugs will commence a patrol of the Fraser River this afternoon and the Japs are all expected to return to work.

THE CUMBERLAND NEWS

CUMBERLAND, B.C.

Getting at It.

"I've done my best," said the sweet society girl, "to understand the Transvaal question. During Lent I've heard 'The Absentminded Beggar' recited at least five times, and I've contributed to every fund that has been started for the benefit of the poor English soldiers."—Philadelphia North American.

Sisterly.

"What a pretty way Lydia Peck has of dressing her hair. Something new, isn't it?"

"Yes. She has a bald spot coming over her left ear."—Cleveland Plain Dealer.

SIX OILS.—The most conclusive testimony, repeatedly laid before the public in the columns of the daily press, proves that Dr. Thomas' Eucalyptic Oil—an absolutely pure combination of six of the finest medicinal oils in existence—remedies rheumatic pain, eradicates affections of the throat and lungs, and cures piles, wounds, sores, lameness, tumors, burns, and injuries of horses and cattle.

Not a Bit Worried.

"Don't you know that the very land you are standing on was forcibly wrested from its aboriginal owners?"

"I don't care if it was. I can prove an ability."—Cleveland Plain Dealer.

There is danger in neglecting a cold. Many who have died of Consumption dated their troubles from exposure, followed by a cold which settled on their lungs, and in a short time they were beyond the skill of the best physician. Had they used Bickle's Anti-Consumptive Syrup, before it was too late, their lives would have been spared. This medicine has no equal for curing coughs, colds, and all affections of the throat and lungs.

Up Out of Reach.

Y.—Have your wages gone up? C.—I guess so. The boss made an assignment today.—Yonkers Statesman.

A CURE FOR FEVER AND AGUE.—Parmelee's Vegetable Pills are compounded for use in any climate, and they will be found to preserve their powers in any latitude. In fever and ague they act upon the secretions and neutralize the poison which has found its way into the blood. They correct the impurities which find entrance into the system through drinking water or food, and, if used as a preventive, fevers are avoided.

Better by Far.

The Layman—Did you ever nail a lie? The Preacher—No, but I have expounded the truth.—Philadelphia Bulletin.

USEFUL AT ALL TIMES.—In winter or in summer Parmelee's Vegetable Pills will cope with and overcome any irregularities of the digestive organs which change of diet, change of residence or variation of temperature may bring about. They should be always kept at hand, and once their beneficial effects become known, no one will be without them. There is nothing nauseating in their structure, and the most delicate can use them confidently.

Drawbacks of Refinement.

Between dyspepsia and table manners there is no fun in eating any more.—Detroit Journal.

GAME PROTECTION IN AFRICA.

So far as legislation can accomplish it all of Africa lying between Egypt and the Sahara on the north and the Zambesi and German Southwest Africa in the south, has been turned into an immense game preserve by the European Powers which have seized the continent. Representatives of Great Britain, France, Germany, Portugal, Italy, Spain and of the King of the Belgians, acting for the Congo State, signed a convention at London for the preservation of wild animals, birds and fish in Africa. Within a month after the certificates of ratification have reached London the convention comes into force and will last for fifteen years. The signatories comprise all claimants to any part of the protected area with the exception of the Republic of Liberia.

Among the commissioners were sportsmen, naturalists and explorers as well as diplomats. They prepared schedules of animals, the hunting and killing of some being prohibited, and of others limited and of others permitted and encouraged. No one will be allowed to hunt in Central Africa without a license from the local government's Reserves are to be established as far as possible within which all hunting is prohibited and close seasons established for the protection of breeding. Dynamite and poison shall not be used, while restrictions are put on the employment of nets and pitfalls. Measures are to be taken to prevent the spread of cattle diseases and other epidemics and for interfering with the destruction of specific animals.

The classification of animals is interesting. Those which must not be killed at all are partly useful, namely, the vulture, the owl, the secretary bird and the rhinoceros bird, and partly rare and likely to be exterminated, the giraffe, the gorilla and chimpanzee, the mountain zebra, the wild ass, the white tailed gnu, the eland and the little Liberian hippopotamus. On the other hand harmful animals are marked out for destruction, and special efforts will be made to reduce their numbers. These are lions, leopards, hyaenas, hunting dogs, Lycaon pictus, otters, baboons and other harmful monkeys, crocodiles, pisonous snakes, pythons and large birds of prey which are not useful.

A PURE GRAPE CREAM OF TANTAN POWDER

**DR. PRICE'S
CREAM
BAKING
POWDER**

Highest Honors, World's Fair Gold Medal, Midwinter Fair
Avoid Baking Powder containing alum. They are injurious to health

A distinction is made between the protected animals which may be hunted under restrictions. Of some, the young and the females, when accompanied by their young or otherwise recognizable, must not be killed. This picturesque list includes the elephant, the rhinoceros, the hippopotamus, the zebra, the buffalo, the antelope and gazelle, the ibex and the chevrotain. Export duties will be imposed on their hides, tusks and horns. In regard to the elephant, especially, severe penalties will be imposed, and tusks weighing less than ten pounds shall be confiscated where ever found. For others the restrictions are merely that the number to be killed shall be limited by the local authorities. Among these are fur monkeys and small monkeys, dugongs, manatees, small cats, various pigs, jackals, large tortoises, bustards, guinea fowl, and other game birds, whose feathers have commercial value like marabous and egrets, and ostriches, for the preservation of whose eggs special measures are to be taken.

It will be seen that hardly a single inhabitant of the African jungle has escaped the watchful eye of the convention. The London Times, in commenting on the report, thinks nevertheless, that the commissioners did not go far enough and that they should have prohibited all hunting for specified periods. * * * It will act as a deterrent on European "sportsmen" who seek only to despoil, and may even reach the traders outside of Africa, whose short sighted policy of immediate gain is a large factor in the threatened extinction of the most valuable and interesting of African animals.—Truth.

TELEGRAPHIC NEWS

London, July 14.—Lord Roberts has sent nothing further concerning the Niral's Nek affair. Pretoria despatches show the Lincolnshires lost half of their officers, including Col. Roberts, who was wounded and taken prisoner. The British fought stubbornly until night fall when the cavalry turned their horses loose. Boer account of the engagement places the British casualties at 200. In the Daardes Poort affair mentioned in Lord Roberts' despatches, the men in the front ranks of the Boers wore khaki uniforms and helmets, and dragoons passed them unsuspecting under the impression that they were hussars, the mistake was not discovered until the Boers opened heavy fire when the dragoons were within 400 feet. Another case of Boers wearing khaki is reported to have happened at Lindley when they surprised a picket of 25 of the Yorkshire Light Infantry. 18 of whom were killed or wounded. Gen. Cleary's column was moved yesterday to Tlopoort. During the march the mounted Infantry engaged 2000 Boers shelling a ridge occupied by them, the Boers retired hurriedly and our troops captured one laager. Regarding disaster at Niral's Nek it appears five companies with two guns took up a position and camped leaving two companies south south of pass. At daybreak, yesterday, Boers appeared on eastern kopje and opened heavy fire. From this point a hot fire was kept up all day, two guns under an escort of Scots Greys were captured after a stout resistance, nearly every man was killed or wounded. One gun was saved. The Lincolnshire Regiment vigorously replying. In the afternoon Boers appeared to left of position occupied by British. Three companies were surrounded, but they kept up a steady fire unwaveringly till night-fall when their ammunition gave out. Latest arrival from scene, who escaped, says the men were taking a good position under cover and with fixed bayonets awaiting approach of Boers. Feared losses of British were numerous.

St. Petersburg, July 13.—Admiral Alexiff has cabled the Czar from Port Arthur confirming the horrible details of the assassination of M. Degiers, Russian Minister. The Russian Envoy was dragged through the streets by boxers, insulted, beaten and tor-

**STEVENSON & COMPANY'S
HALF PRICE

TRADE MARK

If you want some nobby summer shirts at money saving prices, first step in and get one before your size is gone.

STEVENSON & CO. CUMBERLAND

tured then thrown into a great kettle and boiled to death, then the remains were thrown to the dogs. While M. Degiers was being disposed of by a fanatical mob who danced around the cauldron, Madame Degiers suffered a fate worse than death and was beaten and tortured with sharp sticks until life was extinct. The legation officials are said to have been tortured until death ended their suffering. M. Degiers and his legation officials resisted desperately and his brave body guard killed many of the attacking mob. The situation at Tlopoort is slowly but surely growing worse. Allies are experiencing greatest difficulty in sending forward re-enforcements.

London, July 12.—Lord Roberts reports to War Office under date of Pretoria 12th: The enemy having failed in their attack upon my right rear as mentioned in my wire of July 9th, made a determined attack on our right flank yesterday and I regret to say succeeded in capturing Niral's Nek which was garrisoned by a squadron of Scots Greys with two guns of a battery of Royal Artillery and five companies of Lincoln regiment. Enemy attacked in superior numbers at dawn and seizing the hill commanding the Nek brought heavy gun fire to bear upon the small garrison, fighting lasted all day and on receiving information I despatched re-enforcements. Before they reached the spot the garrison was overpowered and the guns and greater portion of the squadron had been captured owing to the horses being shot. About 90 of the Lincoln regiment, I fear, casualties are heavy, Smith Dorrien a successful engagement with enemy yesterday near Kruger's Dorp and inflicted heavy loss on them.

Buller reports Boers who were destroying his line of near Paarder Kaarl were driven off yesterday after a short action. Hart reports from Heilberg that surrendering of enemy and arms and ammunition continues from that district.

**WALLER & PARTRIDGE
Shoes Shoes Shoes**

Here at last, it has taken some time to get them from the factory, but we are now opening out 1000 pairs of mens' boys' ladies' misses and childrens' shoes, and prices are away down. Don't you want a pair for the holidays? if so we can suit you.
