City Council.

The City Council met in special session last Friday evening, there being present Aldermen Partridge, Stewart, Bate, Daniels Bickle, Harwood and the Mayor.

A communication was received from Pooley, Luxton & Pooley, enclosing bill for deed registry and professional services in connection with city property, amounting to $23.50; referred to finance committee.

The city scavenger tenders were taken up and discussed fully and it was decided not to have work done by tender, but to have a permanent man to do scavenger and other city work. Alderman Bickle, Horwood, Stewart and Partridge were in favor of second man as a saving to the city, the reasons advanced were, that for an extra twenty-five or thirty dollars a month they would have the whole of his time. Alderman Bate strongly opposed the hiring of a second man, and was in favor of having scavenger work done by contract. Alderman Daniels also opposed the hiring of a second man by the city. The motion for hiring extra man was carried by a vote of 2 to 4

Mr. George Stevens interviewed the council in regard to leaking hydrants, also the city to supply two new valves, moved by Alderman Bate and seconded by Alderman Daniels, that Mr Stevens be authorized to purchase same.—passed.

There being no further business the council adjourned.

Mr. E. Barrett arrived in the city by Friday's boat from Vancouver, and is renewing old acquaintances. "Ed" is looking well, and as jolly as ever.

A War Correspondent's Exciting Adventures

WHAT HE OWES TO ZAM-BUK.

Mr. Frank Scudamore, the great war correspondent, who sent many of the Canadian despatches during the late Boer War, owes his health to Zam-Buk. He has passed unscathed through 29 battles, but a scratch which turned to blood-poisoning nearly ended his days. Zam-Buk saved him and he writes as follows:—

"I have proved Zam-Buk such a blessing that I want others to know of its merits. The poisonous dye in some underclothing I was wearing got into a scratch I had sustained and blood-poisoning set up. Inflammation was followed by great pain and swelling, and then ulcers broke out on my legs. For some time I could not walk a few steps nor even put my feet to the ground. On my left leg below the knee I had seventeen ulcers which caused holes, into which I could put my thumb. On the right leg I had fourteen ulcers. Medical treatment failed to relieve, homely remedies were applied in vain. Week followed week and I gradually got worse, until I was worn out with pain and lack of sleep. On the advice of a friend I obtained some Zam-Buk and left off everything else while I tried it. It seemed to give me almost instant relief from the pain, and in a few days I noticed that it was healing some of the ulcers. This was cheering indeed, and gladly I persevered with the Zam-Buk treatment. Bit by bit the poisonous matter was drawn out. The ulcers were healed, and new healthy skin grew over the previously diseased places. I am now quite cured, and in gratitude, I mention these facts that other sufferers from skin disease may know of something which will cure them.

Zam-Buk differs entirely from ordinary ointments and salves, as the above fact's clearly prove. For all skin diseases, ulcers, abscesses, scalp sores, ringworm, children's sore heads, cuts, burns, bruises, etc., it is a speedy cure. It also cures eczema, itch, piles, blood-poisoning, face-blemishes, barber's rash, etc., cold sores, chapped hands, and frost bite. Rubbed well into the parts affected, it cures rheumatism, neuralgia, and sciatica. All druggists and stores sell at 50c a box, or post free from Zam-Buk Co., Toronto, for price: 3 boxes for $ 1.25.

It is reported by cable from London, Eng., that Bovril Ltd., the largest and most widely known manufacturers of concentrated beef preparations in the world, has acquited control of large estates in the Argentine Republic.

The report further states that a Comyany has been formed under the name of "The Argentine Estates of Bovril, Ltd" with a capital of $8,405,000. (700,000 pounds sterling). The prospectus informs us that the Company is organizee in order to guarantee an unfailing source and to ensure an ample supply of highly bred cattle for use in the manufacture of their well known beef preparation: "Bovril".

We learn on good authority that these estates are among the finest grazing grounds in the world comprising 488,082 acres with 100,000 head of horned cattle, and two large factories fitted with all the latest appliances for the preparation of the raw material used in the manufactures of Bovril.

It is further stated that the parent Company Bovril, Ltd has engaged to take, as a minimum quantity, 30'000 head of cattle annually. This is supplementary to the large supplies already coming from the British Colonies. It is expected that this number will be greatly increased as the resources of the new Company are development.

This flotation promises to be one of the most successful promotions of the year.

CLOSING .. OUT .. FIRE STOCK

LEWIS BROS., & Co., of Toronto, have purchased the entire Clothing, Furnishings and Shoe Stock of J. N. McLeod which was saved from Cumberland's recent fire at the low price of 48c. on the dollar. We have leased the Gleason Building for 2 weeks, during which time we are closing out the above named stock at prices that were never before attempted in Western Canada. We realize that to clear out an entire stock in this short space of time is not an easy task to accomplish; but we do not know the meaning of the word "Failure." Already over one fourth of the stock has been sold, and with the second deep cut in prices which we have made, it is a question with us whether the stock will last the allotted time or not. REMEMBER our lease expires in 13 days from the opening day, and then we must get out. Be wise and profit by Mr. McLeod's losses, as such an opportunity will perhaps never again present itself. Prices average about one half regular. Yours for a complete close out.
