

THE LADYSMITH DAILY LEDGER

VOL. 2

WEDNESDAY April 4, 1906

PRICE FIVE CENTS

GOVERNMENT AGENCY REPORT CONFIRMED

Mr. Parker Williams, M. P. P., States That He Has The Promise Of Premier McBride to Open Office

Mr. Parker Williams, M. P. P., passed through the morning train for Victoria, where he has business to transact. He expects to return either tonight or on the noon train tomorrow, and will stop off at Ladysmith.

In conversation with a representative of The Ledger, Mr. Williams stated that the report as published last evening in The Ledger regarding the opening of the Government office here on July 1, is correct, or at a dwelling there. At present he is least he has every reason to believe engaged in clearing off land and getting it correct. As to who will be ap-

MINERS RECEIVE AN ADVANCE

New York, April 3.—The sub-committee representing the Anthracite operators and the Mine Workers of Eastern Pennsylvania held their first joint meeting here today and after nearly a three hour session adjourned until 1 p.m. Thursday, without coming to an agreement. Each side to the controversy has refused to make the slightest concession and the whole question is apparently as far from solution as it was before today's conference began.

Notwithstanding the first session, and the apparently hopeless deadlock between the workers and their employers, rumors are still current that a way will be found which will enable the operators and miners to stand on common ground and settle their differences. The entire situation remains the same as before the meeting. The suspension of work in the Anthracite mines will continue pending the negotiations.

After the conference no one could be found who would discuss the session. Today's meeting was held in Jersey central building. There was a full attendance of the members of the sub-committees which are made up as follows.

F. Baer, President of the Reading Co., Chairman.

W. H. Truesdale, President of the Delaware, Lackawanna and Western Railway.

E. B. Thomas, President of the Lehigh Valley Railroad.

Morris Williams, President of the Pennsylvania Railroads Mining Companies.

D. Wilcox, President of the Delaware and Hudson Co.

J. B. Kerr, vice president and general counsel of the New York, Ontario and Western Railroad.

J. L. Calk, representing the individual operators.

John Mitchell, Chairman. T. D. Nicholls, President and J. P. Dempsey, secretary of the district No. 1. of the Miners' Union.

W. H. Dettmy, President; and J. P. Gallagher, secretary of district No. 7.

John Fahy, President, with G.

Mr. Williams, M. P. P., passed through the morning train for Victoria, where he has business to transact. He expects to return either tonight or on the noon train tomorrow, and will stop off at Ladysmith.

In conversation with a representative of The Ledger, Mr. Williams stated that the report as published last evening in The Ledger regarding the opening of the Government office here on July 1, is correct, or at a dwelling there. At present he is least he has every reason to believe engaged in clearing off land and getting it correct. As to who will be ap-

ROSSLAND MINERS GET ADVANCE

Rossland, B. C., April 3.—Members of the Rossland Miners' Union state today that the wages of shovellers in the mines have been advanced from \$2.50 to \$2.75 a day voluntarily by all of the mines of the camp. It was found difficult to retain shovellers in the mines at \$2.50 a day for as soon as they became proficient in shovelling and learned how to take care of themselves in the mines they left for other mining sections. The result was that shovellers had to be constantly broken in. The result was that only the poorer classes of men remained, and the union men were determined to raise the standard by voluntarily raising the wages from \$2.50 to \$2.75 a day. The union men are much pleased with the raise and express satisfaction with it.

WEST COAST PROTECTION RAILROAD TIES ARE SCARCE

Vancouver, B. C., April 4.—Following the recently closed investigation into the Valencia disaster, the federal authorities have approached the provincial Government with a proposal that if the latter will build a road along the dangerous portion of the West Coast of Vancouver Island in the vicinity of the entrance to the Strait of Juan de Fuca, the federal Government will do a great deal to safeguard the coast line.

If the road is built, the Ottawa authorities promise to improve and extend the telegraph service on the west coast and also erect a station on every headland along the coast where men will be constantly maintained. Life-saving apparatus will also be stored at all these stations, and each will be connected by telephone.

It is the aim of the federal authorities to, if possible, provide an efficient lookout service along the coast with as little delay as possible, while means of greater protection are being considered and planned.

Sending Surf Boats.

Two surf boats of the self-baling variety will shortly be sent from the East to the west coast by the Ottawa authorities, and these will be maintained in service at some point to be recommended shortly. These boats, being lighter and easier to handle than the regulation self-righting life-boats, are believed to be more desirable for service on this treacherous coast.

While no official information is at hand with respect to the erection of more lights on the West Coast, it is reported from authoritative sources that it is possible a light and fog alarm may be installed on Pachena Point.

LEPER SUSPECT IN HOSPITAL

Vancouver, April 4.—Wong Mow, a Chinese who is suspected of leprosy in an advanced state, and who has been living for the past four months in a large cedar stump out on lot 301 to the south of Mount Pleasant was routed of his abode yesterday by the provincial police and brought to the city. The man has been placed in the Chinese hospital on Dupont street pending a thorough examination of the case.

According to his own statement, the Chinese came to Vancouver from Cumberland two years ago, and he declared that he was injured by a fall of rock, which accounts for his swollen extremities. The man had built a roof over the cedar stump, and was fairly comfortable in it in a Chinese way.

REQUEST THE ABOLITION OF SLAVERY.

Washington, April 3.—The American State Department has received a cable from Ambassador White at Algiers stating that the condition of the Jews in Morocco is much improved under the present Sultan, and that he suggested to the conference that it urge that the present treatment of the Jews be continued. He stated further that the British delegates requested the abolition of slavery.

CANADIANS GUESTS OF ROOSEVELT

Washington, April 3.—President Roosevelt gave a dinner at the White House tonight in honor of the Governor General of Canada, and Countess Grey and their party. The visitors arrived here from New York this evening, and were at once to the White House where they are to be over night guests of the President. They will remain in the city for several days and will be entertained by the British Ambassador and Lady Darnley and friends. At the dinner tonight the table decorations were bridal and goldengate roses. Those invited to meet the distinguished visitors included the British Ambassador and Lady Darnley, Secretary of State and Mrs. Root, Speaker Cannon and representative O. Mrs. Longworth.

RAILROAD TIES ARE SCARCE

The Railroad Gazette estimates that 95,000,000 railroad ties will be required for renewal and new construction in the United States and Canada during the present year. According to the mileage under contract for construction at the present time the largest number of ties to be used in any single state of the Union will be Washington, as it has more than double the amount of mileage of new road under contract of any of the other states.

According to the figures prepared by the Railroad Gazette, the contracts that have been made by the railroad companies for ties for 1906, in the Eastern section of the United States and in Canada, run 12 per cent higher than in 1905.

While the recent advance in the price of timber and the large demand for lumber, will mean an advance in the price of ties to be used in this state, it is not anticipated by the railway companies that will require ties for use in Washington that the advance will be as great as in the Eastern states, and in Canada.

All of the timber that will be required by the Milwaukee and Union Pacific for ties in the construction in this state can be secured along the right-of-way of the roads and the same is true of the supply that will be required by the established roads for renewals. Along the route of the Milwaukee and the Union Pacific contracts will be let, and the camps established at the most convenient location to the right-of-way. In commenting on this situation the Railroad Gazette says:

"The total requirements of the steam roads for renewals in 1906, will be 72,500,000 ties. For new construction about 15,000,000 ties in addition will be required, or a total of 87,500,000. Electric street and interurban roads will probably use from 5,000,000 to 8,000,000 for renewals and new construction. This gives a grand total of 95,000,000 ties which will be put in track during the year."

PHONE COMPANY ASK DAMAGES

Vancouver, B. C., April 4.—Acting for the Telephone Company, the legal firm of McPhillips, Laursen & Tiffin has issued a writ against Mr. W. Preston, rancher of Bannah, for \$3,000 damages for alleged injury to the Telephone Company's lines and switchboard through the alleged carelessness of the defendant in carrying on blasting operations in Burnaby municipality. The plaintiff company also seeks an injunction to restrain the defendant from carrying on blasting operations such as may injure the Telephone Company's property.

The action has arisen out of the trouble allegedly caused by Mr. Preston a week ago last Saturday, when it is alleged he put off a blast in Burnaby which broke the trolley wire and threw it across a telephone line with the result that five hundred volts of current shot over the long-distance line into Vancouver central office and put two sections of the switchboard temporarily out of action and caused considerable loss to the Telephone Company.

RUSSIAN NEWSPAPERS CONFISCATED

St. Petersburg, April 5.—The Russ owned by Alexis A. Souvarin, which was suspended yesterday has appeared once more under the name of the Polar Star, a weekly paper published by Peter Struve, former editor of the Osvobodnits (emancipation) who was summoned to St. Petersburg from Paris, where he was in exile by Count Witte in November last, and who was a strong upholder of the Liberal policy.

WILL RACE ACROSS PACIFIC

Mr. Alexander MacLaren, the millionaire lumberman of Buckingham, Que., and Vancouver—when he is here and that is nearly half of his time—arrived from the East this morning on the delayed Imperial Limited, says a Vancouver exchange. He is registered at the Vancouver, and will be in the city for about six weeks looking after his many lumbering interests here before returning East.

Incidentally Mr. MacLaren, who besides being one of the best all-around sportsmen in Canada, is the owner of the auxiliary, the Maple Leaf—the largest and most handsomely fitted up vessels in the fleet of the Royal Vancouver Yacht Club.

The Maple Leaf has been mentioned a number of times as a starter, and the only Canadian entry in the ocean yacht race across the Pacific from San Francisco to Hawaii next month. Asked as to his intentions regarding this big transpacific contest, Mr. MacLaren said:

"I had intended personally entering the Maple Leaf in that race, and afterward spending some time in southern waters, but my business interests in the East will not permit me to do so now, as I will have to return in about six weeks. But if I am unable to go that is no reason why the Royal Vancouver Yacht Club should not be represented in the race. So I have offered the yacht to the club to enter. I understand that she has just received a thorough refitting and overhauling and should be in good shape for the race. My offer includes the yacht with her complete equipment, and regular sailing crew. All that will be needed is about half a dozen good amateur sailors to complete the equipment. The club is perfectly welcome to the use of the yacht, and I am confident she would make a good showing. Personally, if I had time to go into the race, I would change the Maple Leaf from a regular schooner, and add considerable to her sail area so that she would be able to hold her own with any of them in light winds. I hope the club will accept the offer, for I would like to see a Canadian entry in the race."

"The Maple Leaf will certainly be entered in the ocean race, as I am sure the club will consider it an excellent advertisement both for the sport and for the city," said Mr. C. O. Julian, honorary secretary of the Royal Vancouver Yacht Club, when informed of Mr. MacLaren's generous offer.

The formal entry of the Maple Leaf will probably be sent to San Francisco to-morrow, and will reach there by April 8 in any event, and which allows plenty of time before the closing of the entries on April 15. The race is to start from Meigs's Wharf, San Francisco, on Saturday, May 5.

CHIEF OF POLICE PLAYS LONE HAND

Vancouver, B. C., April 4.—Chief of Police North, single-handed paid a visit to a Chinese store, in which he was suspicious that gambling was carried on, and succeeded in taking four Chinamen, who were released on bail. The chief took a walk down Chinatown on Sunday night, on the lookout for offenders. At No. 20, Dupont Street, he found the door open and rushed in. There were eight Chinamen deep in play in a back room. He herded them into the front room, where they broke away. Four of them were stayed in their flight. Two were bailed for \$50 each and two for \$25 each. Their case was called in the police court yesterday, but they failed to put in an appearance, and forfeited their bail.

STATESMEN QUARRELING AT REGINA

Regina, Sas., April 3.—Debate on the address in the legislature began today and was characterized by bitterness on both sides of the House. Even surpassing usual cross-party firing, Dr. Kirby Hunt boldly moved the address in a brief speech and was followed by Shepherd of Moose Jaw, Ex-premier Haultain, as leader of the opposition, criticised very caustically, and at considerable length, dealing particularly with the School law and Prince Albert election. Premier Scott replied in a vigorous speech returning Mr. Haultain's personal intemperances. (to the amusement of the galleries) Government supporters outnumbered the opposition two to one.

SAYS LUMBER WILL STAY HIGH

In an interview in Seattle, F. M. Duggan, of the Washington Logging and Lumber Company, said: "From the present outlook, the prices in lumber should keep up during the present year and well into next. Beyond that it is hard to say. The mills at present have more orders than they can supply and the loggers are in the same condition. Where the loggers feel it worse is in obtaining fine logs for foreign shipment. This high-grade of logs is very scarce, in proportion to the demand, and there are several ships waiting to load but there are no cars goes for them. I do not anticipate any further advance in the price of logs or lumber while the present demand keeps up, and it seems certain that it will for some time."

"Of course, one can never tell when the demand will fall off, but at the present time it is very strong, both in the East, in California and in foreign points; and for this reason there is little likelihood of its dropping away suddenly. The only trouble that may be anticipated, and I do not believe that will amount to much, is a scarcity of labor."

CHICAGO VOTES FOR OWNERSHIP

Chicago, April 3.—Under the result of the city election held today in which the question of municipal ownership of the street railways was the vital issue the city of Chicago can proceed to acquire and control the railways but cannot operate them. At the same time the voters while declaring that the city shall not proceed to operate the railways, declared that as a question of public policy it would be desirable for the city to do so.

WHALE OIL BURNED IN EXTENSION MINES

Recently the local colliery company has been testing the efficiency of whale oil, obtained from the whaling station situated on the west coast of Vancouver Island, at Sechart, for use in the mines, and to take the place of the common fish oil now burned in the miners' lamps. About two weeks ago two barrels were received and the oil has given every satisfaction. It does not cause the same disagreeable smell as the oil hitherto in use, and not only gives satisfaction in miners' lamps, but is also used for other purposes about the mine. If further experiments bear out the present satisfactory results, the probabilities are that whale oil will be used altogether in the Extension mines.

SUPPRESSING UNRULY NATIVES IN SAMAR

Manila, April 3.—Two Companies of Federal Troops have arrived at Maga on the Island of Samar to assist Governor Curry in suppressing the unruly natives. Gov. General Ide and members of the Philippine commission have departed for Baguio in the province of Benguet, Iazon, where the summer capital of the government is located. They will remain during the heated term. Before leaving Governor Ide gave a dinner to Capt. Shimamura, in command of the Japanese cruisers now in port, and his staff officers.

Mr. B. Forcimmer leaves tonight for Vancouver, where he will meet Mrs. Forcimmer on her return from the East tomorrow. Mrs. Forcimmer has visited in Montreal, New York, and other eastern points for the past two months, and although she had pressing invitations to stay over at Toronto, she preferred getting back home without delay. Mr. and Mrs. Forcimmer will probably remain in Vancouver over Friday to take in the birthday celebration of that city, returning home on Saturday's Joan.

And you will say, at what age should a man marry? Well, at all events, never before he is quite prepared to provide for a wife, whatever her position may be, says Max O'Rell. When this indispensable condition is satisfied, I shall say never, of seldom before thirty. Never try matrimony as an experiment—that is to say, never before you are absolutely certain you will prefer it to all the rest. I heard the other day a very good piece of advice, which I should like to repeat here, as I endorse it thoroughly: A man should marry a woman half his age plus seven. Try it at whatever age you like, and you will find it works very well, taking for granted all the while that, after all, a man as well as a woman is the age that he looks and feels.

HEALTH AND BEAUTY.
Garters hinder the circulation of the blood. They retard the development of the leg, and frequently are responsible for too prominent knee caps.

Always put on your boots before breakfast—if you have to go out immediately after it. Bounding down to lace or draw on boots after a good meal may produce faintness or syncope, caused by pressure of a full stomach on the heart.

Brain fog is produced by too close application to a subject, and leads to neurasthenia and insomnia. There is only one cure—rest, and relaxation, if that is unobtainable, change from work, with open-air exercise and out-door games.

A blunion is nearly always caused by badly fitting footwear and pointed-toe shoes. Wear boots especially made, and remove all pressure from the blunion. When pain and inflammation subside, some apparatus may be applied to straighten the toe into normal position.

Wear high shoes when you go out, as many a bad cold is caught from wearing low shoes in cold weather. And no matter how warm you have your room during the day turn off the heat at night, ventilate your room thoroughly before going to bed and sleep with fresh air in your lungs. Don't let it blow on you. You can have a screen between your head and the window, but be sure to have the fresh air.

Sufferers from tender feet should only wear cashmere or merino stockings, and never wear the same pair of boots two days following. If you are obliged to be on your feet nearly all day, you should make a point of changing your shoes several times for a fresh pair. You will be astonished, if you try this, to find how much it will rest your feet. The reason is that no two pairs of shoes press the feet in exactly the same place.

If you are tired and fagged, drink a glass of milk just before you get in bed, rich milk, with its own cream on it. And also a simple tonic is a tablespoonful of olive oil three times a day just after meals; this nourishes the blood, gives a fresh color to the complexion and feeds the nerves. Also one ounce of beef juice a day, which is a wineglass full, is better than taking drugs, and if you feel muscular pains around your lungs, take cod liver oil three times a day.

RHEUMATISM MAKES LIFE MISERABLE.

A happy home is the most valuable possession that is within the reach of mankind, but you cannot enjoy its comforts if you are suffering from rheumatism. You throw aside business cares when you enter your home and you can be relieved from these rheumatic pains by applying Chamberlain's Pain Balm. One application will give you relief and its continued use for a short time will bring about a permanent cure. For sale by the Ladysmith Pharmacy.

Every good dealer carries this Boot. Take no substitute.

MEN'S KIP WHOLE BACK BOOTS have double sole and slip, Hungarian nailed and standard screw fastened, high or low cut.

The most popular Miner's Boot ever turned out of a factory.

CANADIAN NEWS NOTES

Bound for the West.

Toronto, April 3.—Three special trains with 2,400 settlers for the West, left Union station this afternoon. Included in this number was a party of 87 school teachers, 26 of whom are ladies. All are en route to Saskatchewan where they have obtained schools at double their former salaries.

For the Yukon.

Toronto, April 3.—Arthur, Ontario, barrister of this city, has accepted the offer of Bishop Stringer of Diocese of Selkirk to become missionary in southern part of the Yukon, and also to help generally in the work of the diocese. Mr. Omeara leaves for Skagway in May. He will be ordained by the Bishop of Selkirk on April 20.

Burned to Death.

Wallaceburg, Ont., April 3.—Fire early today destroyed a dwelling on Wallace street, occupied by R. McLean, T. Cutler who was sleeping in the upper room was burned to death. Cutler who was intoxicated last night had to be helped home. People sleeping were awakened by sparks from the ceiling on their beds. The flames had made such headway that it was impossible to save Cutler.

Killed in Wreck.

Welland, Ont., April 3.—Engineer Gayhart was injured and fireman Berry was killed in a freight wreck on the Grand Trunk at Port Reasonson early today. The engines and rolling stock was somewhat damaged.

SYNOPSIS OF CANADIAN NORTH WEST MINING REGULATIONS.

Coal—Coal lands may be purchased at \$10 per acre for soft coal and \$20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz—A free miner's certificate is granted upon payment in advance of \$7.50 per annum for an individual, and from \$50 to \$100 per annum for a company, according to capital.

A free miner, having discovered mineral in place, may locate a claim 1,500 x 1,500 feet. The fee for recording a claim is \$5.00.

At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When \$500 has been expended or paid, the locator may, upon having a survey made, and upon complying with other requirements, purchase the land at \$1 an acre.

The patent provides for the payment of a royalty of 2 1/2 per cent on the sales.

PLACER mining claims generally are 100 feet square; entry fee \$5, renewable yearly.

A free miner may obtain two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles. Rental, \$10 per annum for each mile of river leased. Royalty at the rate of 2 1/2 per cent collected on the output after it exceeds \$10,000.

W. W. CORY,
Deputy of the Minister of the Interior.

With Fatal Results.

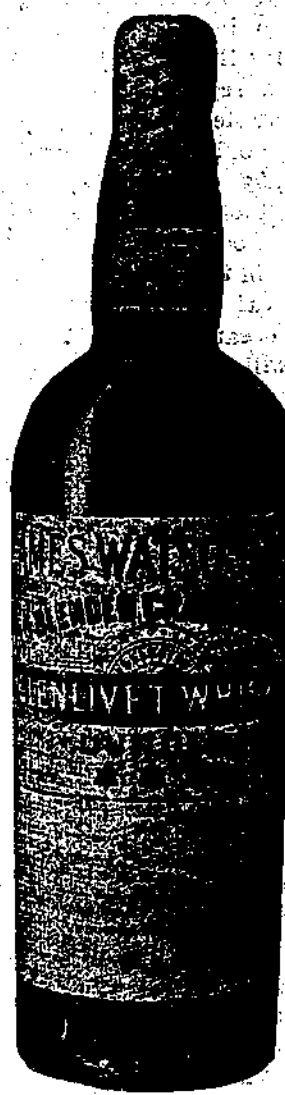

Montreal, April 3.—A large water tank on the roof of the building occupied by Messrs. Bovin Wilson, importers of liquors and spirits, St. Paul street, collapsed at noon today killing Miss Louise Ross an employee, and flooding the building from top to bottom. The tank held 81,000 gallons of water for fire protection purposes. The support of the tank had been placed on the wall which had loosened owing to the tearing down of buildings adjoining.

Fatal Mining Accident.

Madoc, Ont., April 3.—Peter Jarvis, of Dellar's bridge was killed at the American Mining Company's Maudie Mine, near Bannockburn yesterday afternoon. Five men were being brought up the shaft, the cage caught on something tipping it over sideways. Mr. Jarvis and another workman named Presick Cordova fell out, the former dropping seventy feet to the bottom of the shaft, receiving injuries which caused his death. Presick escaped.

DOMINION PARLIAMENT ACCEPTS THE SUGGESTIONS OF THE YUKONERS

Ottawa, April 3.—The house will adjourn for the Easter holidays on Wednesday, April 11th, to resume again on Tuesday, April 17th. The government is imbued with the idea of pressing the work of the session, and hereafter will take Thursdays for government business, thus restricting private members to two days each week. The new mining code for Yukon territory will be submitted by Hon. Mr. Oliver this week. The new bill has been drafted by the Yukon Council and a committee of miners and placed before the minister of the interior by Commissioner McInnes, who is still in town. The government has accepted all these suggestions of the Yukoners.

Mr. Taylor has a series of questions on the order paper with reference to the cable service from England of the Canadian Press

Association. He will ask if the government has taken any steps to remedy the complaints regarding this service.

The minister of justice gives notice of a bill to amend the act respecting judges of provincial courts. It will effectively prevent any violation of the law of last session forbidding judges from acting as trustees, arbitrators, directors of companies, etc.

Members of the local Typographical union have become tired of paying \$1.40 to \$2.00 a week in support of the striking printers in the United States, and for the past two weeks have declined to pay the levy, on the ground that no statement has been received as to what was being done with the money.

A. P. Lowe, director of the geological survey has taken up his duties in his new position and will

immediately arrange for the field work for the coming season.

Mr. Ross introduced a bill today respecting the Boundary, Kamloops and the Central Railway Company.

Mr. Gallagher's bill respecting the Calgary and Fernie railway was read a second time.

Messrs. D. M. Eberts, K.C., and H. B. Twigg, of Victoria, and certain Winnipeggers are seeking incorporation as the Ashcroft, Barkerville and Fort George Railway company, to build a line from Kamloops or Ashcroft to Fort George.

H. M. Powell, K.C., of Winnipeg, has been in the city for two or three days.

The report that Judge Dubuc was about to retire, and Mr. Howell's name is prominently mentioned as his successor is going the rounds.

HONORS FOR FRENCH DELEGATES

Paris, April 3.—Foreign Ministers Bourgeois has authorized M. M. Rever, and Regault, the French delegates to the Algerian conference to sign the Moroccan Protocol, and has congratulated the French representatives on behalf of the French government of the successful conclusion of their work at Algiers.

STOLEN GOODS FOUND.
New York, April 3.—About \$50,000 worth of the securities alleged to have been stolen by Thomas Wainwright, from the residence of Dr. Nicholas Pinault, in Minneapolis, were found today in a safe deposit vault in a bank in this city. Wainwright was accused of having stolen \$100,000 of silverware, plate and securities.

NOTICE.
NOTICE is hereby given that I intend to apply at the next sitting of the License Board of the City of Ladysmith B.C., for a transfer of the retail liquor license now held by me for the premises known as the Ladysmith Hotel, situated on Lot 9, Block 27, to Robt. Scott and Alex. Smith.

MUST TREAT JEWS WITH EQUITY AND JUSTICE

Algiers, April 3.—The text of the resolution on behalf of the Jews in Morocco introduced yesterday by Ambassador Whitehead of the American Mission at the conference on Morocco reforms, sets forth that the Sultan is disposed to accord the Jews equity, but his functionaries do not always sufficiently share the sovereign's tolerance and justice. Continuing the resolution says: "The American delegation therefore accords its sentiment in favor of the Sultan's continuing a tolerant attitude, and the Sultan instruct his functionaries that all relatives and all his subjects be treated with equity and justice." The resolution which was supported by the duke of Alamedoyar was accorded unanimous and cordial support including that of the Moorish delegates.

Deserter Found.
Port Arthur, April 3.—G. Wood, a deserter from the British army disappeared from here about a year ago and all efforts to trace him were futile. The mystery has now been cleared up by the receipt of news of his death in England.

Plotting to Oust Castro

CASTRO

New York, April 3.—The World tomorrow will say:

"One of the largest merchants in New York said last night that arrangements are being perfected here and in Paris and London for a revolution in Venezuela which should annihilate Castro and open up that country to American capital and enterprise."

"A number of rich New York merchants are said to be interested in the movement, which, the promoters declare, will involve the employment of 15,000 soldiers and the expenditure of \$50,000,000 in the campaign against President Castro, if the plans do not go astray is to be either expelled or destroyed, and a native Venezuelan statesman is to be installed as his successor."

"In this connection it is said that Castro, anticipating a successful revolution against him sooner or later, has converted some of his alleged \$4,000,000 fortune into capital and has sent it to America and France."

"Carlos B. Fugodo, the Venezuelan consul in New York, said last night at his home that he had heard such an expedition was being organized or being promoted, but he had been unable to learn anything definite about it. He said he had understood shares in the scheme were being sold."

"I would like to get hold of some of those shares," he said. "I will buy all that are offered." The consul inquired eagerly as to the point the expedition was to sail from.

"The expedition is to set out shortly from Europe in three large steamships, which are already under contract. They are to carry about 5,000 volunteers with the latest armaments of arms and ammunition. Rifles of the largest patterns, 24,000 rounds of cartridges, 500,000 shells, eight rapid-firing guns, 8,000 army belts, 1,000 officers' swords, with officers' revolvers, 3,000 machetes and swiftness, together with other supplies."

NOTED ATHLETE DEAD.

Chicago, April 3.—Napoleon Campana, known throughout the country as "Old Sport" Campana, died today of heart disease and dropsy in the hospital here. Twenty-five years ago Campana was a professional pedestrian, taking part in many walking matches in all parts of the United States. He was seventy-five years of age.

COPPER'S ADVANCE.

Boston, April 3.—Coppers showed a general advance today and the market was strong all day.

RESIST MINERS' DEMANDS

Chicago, April 3.—Nearly 300 coal operators of Illinois were represented at a meeting of their organization here today called to consider the strike situation. Without exception it was decided to stand firm in resisting the demands of the miners.

GALLOWAY-BENTON.

The Nanaimo Herald, of this morning has the following:

At 12:30 today the Haliburton St. Methodist church will be the scene of a pretty and interesting event when two of Nanaimo's most popular young people will be united in wedlock. The contracting parties will be Mr. John D. Galloway and Miss Elizabeth Benton.

Miss Emily Benton, sister of the bride, will act as bridesmaid and Mr. James Smiley, cousin of the groom, will be the best man. After the ceremony has been performed by the Rev. A. E. Roberts, the party will retire to the home of the bride's parents on Fry Street where dinner will be served after which the newly married couple will leave on the afternoon train on a honeymoon tour of Seattle and Sound cities, returning to Nanaimo in about two weeks' time to take up their residence on Milton Street.

Both of the contracting parties are well and favorably known to a large circle in this city and district, having been employed for a number of years with the large dry goods establishment of Stevenson and Company and latterly with D. Spencer, Ltd.

In commemoration of the event, and as a mark of respect and esteem, the fellow employees of the young couple presented them with a silver tea set.

The customs returns for Vancouver for the month of March were \$665,535.62, an increase over those of last year of \$203,928.39.

New Railway Section.

Montreal, April 3.—Ross, Harris & Co., Ltd., a new and powerful company formed recently in Montreal for railroad contracting purposes, have secured a contract with the C.P.R. for section between Parry Sound and Byng Inlet, of New Toronto-Georgian Bay line, designed to give the C.P.R. independent and direct connection between Toronto and its main line west. The distance is over fifty miles and the country to be travelled is of utmost difficulty, heavy rock cuttings being the chief characteristics.

Winnipeg, Man., April 3.—A. J. McMillan, managing director of the Le Roi mill is here en route West. He states that the property recently paid dividend at 1 1/2 per cent.

HOQUIAM COMPANY
BUYS TIMBER LANDS

Seattle Wash., April 3.—The Patent Folding Box Company, of Hoquiam is preparing to engage in the manufacture of finished lumber on a large scale. A deal has just been completed with the Weyerhaeusers, which will give the Hoquiam concern enough material to keep the large plant, which has been planned, busy.

It will take at least five months to cruise the tracts which are included in the transfer, as the property covered is very large. The price paid is practically \$2 per thousand feet for all the timber on the tract.

The Patent Folding Box Company proposes to construct one of the largest lumber mills in the state, which it will operate in connection with its box factory, with the mill will be equipped with the latest and best machinery and electric conveyors will

RUSSIA RESISTS DEMANDS OF CHINA

St. Petersburg, April 3.—No communication has been received of the report published by the Russkoe Slovo in a despatch yesterday from Harbin, Manchuria, that hostilities between the Russian and Chinese troops were imminent. At the foreign office it was said that negotiations between Russia and China over Manchurian affairs are now progressing satisfactorily. The Chinese are asking for a diminution of the railroad guards along the Manchurian railroad, but Russia is resisting the latter demands.

NANAIMO NEWS NOTES

BORN.

In the maternity ward, Nanaimo Hospital, on April 2, to Mr. and Mrs. G. Hirst, a son.

Capt. Strongren and Captain Sears have purchased the Alert, formerly owned by Mr. A. Haslam and used by him extensively in connection with the towing of booms from his northern logging camps to the mill in this city. The Alert will be continued in her present service under the command of Capt. Strongren.

Word was received in the city on Monday night from Ottawa that

Mrs. Ralph Smith was seriously ill.

Mrs. William Bennett, of Kennedy Street will leave this morning on a five month's visit to Yorkshire, England. She will be accompanied by Mr. and Mrs. Nye of Vancouver, the party going on the Great Northern.

Gabrielle Pierre, the Ruby Creek Indian who stabbed Murphy and Edmund Victor, two Agassiz Indians, some time ago, received his preliminary hearing at Agassiz on Saturday and was sent up for trial on the charge of attempted murder.

SPORTS AND PASTIMES

TO SIGN ARTICLES.

From the looks of things at present it seems as if Ralph Johnson and Sinc Swanson will meet in the near future in a contest of speed, strength and science on the padded mat. In last night's issue of the Free Press, Bob Swanson replies as follows to Johnson's challenge which appeared in The Herald yesterday morning.

I have noticed Mr. Baker's letter in this morning's paper re a wrestling match between Sinc Swanson and Ralph Johnson. I would like to get a match with my man with Johnson and will be pleased to meet Mr. Johnson or his manager at the Athletic club tomorrow night at 7:30 for the purpose of arranging for the same.

R. SWANSON.

NO MATTER what other clubs may be formed in the city, the Vancouver Lacrosse club will have a strong senior twelve in the field this year. Practically every player who handled a stick for the senior twelve last year will be wearing the maroon and green again this season.

The biggest surprise of the season in soccer circles in this province was sprung on Saturday when the Vancouver city eleven defeated the Celtics, champions of the Mainland and aspirants for provincial honors, by a score of 2 goals to 1. It was the final match of the series for the Charity Cup, and as a result of their victory the members of the city club will hold the cup for the present season. — News Advertiser.

Smoke Little B. Cigars.

Miss M. Smith spent the day in
Nanaimo, returning on the 1 o'clock
train today.

Mr. A. Bati is in Victoria today
on business.

The Young Ladies' Guild of the
Local Presbyterian Church intend giv-
ing a Conversation in the Opera
House on Friday, April 20. A
splendid programme is being prepar-
ed.

Mr. R. Wright, proprietor of the
Dufferin street blacksmith shop, is up
the line today on business.

Mrs. M. Ingham left on the noon
train for Nanaimo, where she will
visit Mr. Ingham in the Nanaimo
Hospital.

The tug Lorne took a four-masted
bark into Chemainus harbor this af-
ternoon.

Capt. A. E. Bisset, of Vancouver,
is expected over today with his
tug and wrecking scow to relieve the
S.S. Selkirk of her cargo of mattle.
The latter steamer is still on the
rocks with her cargo, but it is now
thought that the boat may be saved
after she has been relieved of the
mattle.

Mr. J. Sanderson and J. Eno are
contemplating a trip north shortly.
They will probably leave about the
20th and will be away for at least
several months. When the football
season opens, however, it is expected
they will drift back this way to
help win another championship.

The name of the Tree Copper Co.,
was omitted by mistake from the
list of contributors to the Nanaimo
Hospital fund which appeared in The
Ledger yesterday. The above com-
pany, through Manager Watson, con-
tributed \$100.00 to the fund, which
makes the total \$128.50 instead of
\$118.50 as published yesterday.

In commenting on the show which
appeared in the local Opera House
on Monday night, The Ledger stated
that the "Tramp" character was play-
ed very well. We learn this morn-
ing, however, from the columns of
the Nanaimo Herald, that the man
was too well "nourished" to ever
make a good tramp, and the Na-
naimo paper fails to understand how
we could have so misrepresented the
character. Our mistake probably or-
iginated from the fact that tramps
are curiosities, and therefore little
understood in Ladysmith. In other
places, however, they may be more
numerous, and we cheerfully yield
the palm as an authority on tramps
to our Nanaimo contemporary.

GRIP QUICKLY KNOCKED OUT.
"Some weeks ago, during the se-
vere winter weather both my wife
and myself contracted severe colds
which speedily developed into the
worst kind of la grippe with all its
disagreeable symptoms," writes Mr. J.
E. Eggleston, of Maple Landing, I.O.
"Knees and joints aching,
and nose running, with alternate
chills and fever. We began
using Chamberlain's Cough Remedy,
adding the same with a double dose
of Chamberlain's Stomach and Liver
Pills, and by its liberal use soon
completely got rid of the grip,"
Sold by Ladysmith Pharmacy.

Mr. H. Aitken, of Nanaimo, is
spending a couple of days in this
city, having arrived on the 9 o'clock
train this morning.

GIRLS MUST GO.
NO More Will Gentle Voices Aid
Choir.

A movement is on foot in the Ca-
tholic Churches of the United States
to dispense with women's voices in
church choirs and to go away with
solos. A despatch from Omaha,
says: "Solos, both vocal and instru-
mental, are to be eliminated from
the Roman Catholic churches of the
Omaha diocese, May 1, and women
are to be dispensed with in the
choirs. These changes are announce-
ment by their instructor.

In the churches across the sea the
children are trained from infancy for
the church choirs, and the work of
the boys is of a very high order.
According to musicians here, Europe
has to some extent adapted the mu-
sical service by men and in Paris
all the Catholic choirs are composed
of men.

Arthur Alexander, leader of the
choir at St. Mary's Cathedral, said
the other day that it would doubt-
less be some time before great chan-
ges would be made in the music of
the churches in this country. It will
not be an easy matter to train a
large number of men and boys in a
few months, for although the plain
chant appears easy there are features
that are difficult.

From the cathedral resident, it
was given out that it will be some
time before any change will be
made here in the church choirs. One
of the priests said: "There is a gen-
eral effort throughout the country to
train the children in Gregorian chant
with the idea of the choirs, taking
in an order from Bishop Scannell.
In submitting the rules, Bishop
Scannell said he had acted on the
recommendation of a committee
of clergymen which he appointed a
while ago. The organ alone is in-
hibition against the instrumental so-
los. Congregational singing both
for children and adults, is recom-
mended.

In this connection, the Portland
Telegram says: The change in the
music in Catholic churches through-
out the country is in accordance
with the wish of the Pope, who sev-
eral months ago, issued instructions.
The Pope is in favor of the Grego-
rian chant and of the simple music
rather than the operatic style which
he declares is not suited to the sa-
credness of the Church music.

In Portland the change in Catholic
choirs will probably be made gradu-
ally. In St. Francis' church, on
the east side, the plain chant has
been introduced, and the boys have
done excellent work the last few
months. Frederick W. Goodrich has
