Several Towns are Declining to Receive Merchandise from New Orleans

Some of the Texas Towns Even Ask For the Mail to Be Fumigated

New Orleans, La., July 29.—The most distressing news in the yellow fever situation today is the evidence that public panic is increasing in the smaller towns of Louisiana and Mississippi, and that a despatch is growing to revive the disastrous commercial quarantine of 1897, when some of the country towns even refused to receive ice or merchandise from New Orleans, Columbia, La., bars all kinds of merchandise except hardware. Ubia, Miss., will not receive freight of any kind. Osaka, Miss., will take no fruit or vegetables. Jackson, wants no household articles from New Orleans. Several towns in Tennessee and others along the Mississippi valley road in Mississippi refuse to allow press matter of any kind to be put off. Port Gibson will not take bread or anything wrapped in burlap that may be shipped from this city. Some of the Texas towns are asking that the mails be fumigated.

Havana, July 29.—The steamer Mascotte, which arrived here today from Tampa, has been quarantined and her 65 passengers have been placed under detention for five days.

TO SUPPLY WATER FOR LOS ANGELES

Two Hundred and Forty Miles of Water Way

The System Will Cost Twenty three Million Dollars

San Francisco, Cal., July 29.—A despatch to the Call from Los Angeles says that work is about to begin on a water system which will secure an unlimited supply of pure water for all future needs. The scheme is to bring mountain water from Owens Lake and river in Inyo county across deserts, through mountains and across plains, a distance of 240 miles, to give Los Angeles a supply of sufficient water for her needs when her population reaches the million mark.

Engineers have estimated that the cost of the work will exceed \$23,000,000. The survey has shown that all the water can be conveyed there by gravity, no pumping plants being necessary.

DEFENDER CHOSEN FOR CANADA'S CUP

Rochester, N. Y., July 29.—The Triquois, the Horshoff boat, has been selected to defend the challenge for the Canadian Cup.

EMPEROR WILLIAM DID ADVISE PEACE

Berlin, July 29.—The foreign office denies cognizance of the statement from St. Petersburg, particularly those published in French and English journals, and authorizes the Associated Press to say that Emperor William in the interview of the island of Borkum not only did not encourage Emperor Nicholas to continue the war, but gave his assistance directly in favor of President Roosevelt's peace policy. The office again, with the utmost positiveness says that the meeting took place at the wish of Emperor Nicholas.

The Board of School Trustees meets in the Council Chambers at 2 o'clock this evening. At this meeting the trustees will appoint teachers for the vacant positions on the staff.

BASEBALL

The Junior Baseballers of Duncans wrote during the week to make arrangements with the local intermediaries for a baseball match today. The communication did not arrive until this morning and the baseball boys were unable to scrape a team to gether on so short notice. In all probability a match will be arranged for Saturday next.

MARINE

Victoria, July 29.—Steamer Princess May, which reached port yesterday from the north, brought news of more gold-lined creeks found in the North. James Roseberry, formerly of Victoria, now of Dawson, returned from Iron Creek, in the Teslin country, just prior to the sailing of the Princess May, with the result of two pans washed out on discovery claim, one of which he panned himself, and the other he saw panned by Brewer, one of the discoverers. The two pans yielded between 20 and 30 cents, the gold being mostly coarse.

From fifteen to eighteen men are now at work on the creek, where Roseberry says, only a free expenditure of muscle is all that is necessary to prove its value. He says Iron is one of the most promising appearing mining creeks he has ever seen, that fully one-half the boulders in it are highly mineralized, but that it will require work to show its real worth.

Miners who had returned to White Horse from the Klusne district, report that from discovery up to 60 above on Burrough creek the miners joined issues in the construction of a wingdam, and all the claims are working and yielding from one to two ounces per day to the man. Bonas, on discovery, is taking out big pay and will clean up several thousand dollars this season over and above expenses of operating. A number of miners are taking out an ounce a day to the man and some are getting as high as two ounces to the man.

LAWYER—I'll be frank with you.

You can't break your father's will. (Client—I'll be frank with you—I can't pay you unless it can be broken.)

LAWYER—We'll break that will if it takes a leg.

ROYAL WELCOME FOR TAFT AND PARTY

Miss Roosevelt is Presented With Flowers by Party of Tokio Ladies

Admiral Togo's Wife Assists in Welcoming the Americans

Tokio, July 29.—Secretary Taft and his party left for Kyoto on a special train this evening receiving an enthusiastic farewell at the Shimizu station from a distinguished assemblage, including court, civil, military and naval officers, and bankers and other mercantile representatives. The gathering was typical of that which received the party here on its arrival, and included the ladies' relief association, the members of which presented flowers to Miss Alice Roosevelt, among the ladies being Madam Togo, wife of Admiral Togo, whose quiet manner attracted so small attention as reflecting the prominent characteristics of her husband. Hearty cheers and "Banzais" were given as the train left the station. Long before the hour of departure the streets near the station were lined with delegates from the different sections of the city, holding lanterns bearing their descriptive marks.

THE FIRST BARLEY OF THE SEASON

Winipeg, Man., July 29.—Robert C. Culbert, of Rosserdale, Min., started cutting barley on the 27th of this month and will have fifty acres down by today, the 29th.

DETAINED PASSENGERS ALLOWED FREEDOM

New York, July 29.—All passengers of the Mallory line steamer from Galveston who were transferred to Hoffman Island yesterday, were released today. They were detained on suspicion that some of the number might be suffering from yellow fever. Twenty-four hours' observation and the closest inspection, however, removed all suspicion.

CAN RAISE \$12,500,000

Stockholm, July 29.—Arrangements have been completed by the Government and a syndicate of banks at Hamburg, Berlin, Paris, and Brussels, headed by the Stockholm Commercial Bank for an immediate credit of \$12,500,000, half of the loan authorized by the Riksdag.

CUMBERLAND

(From the News)

Reports keep coming in of the dynamiting of the best fishing grounds on the lake. One gentleman insists that he can now collect evidence enough in one case, and that if a repetition of the offence is reported he will most certainly bring the parties to justice.

Miss Marion Shaw, sister of Mrs. G. Clinton and Mrs. Nims, was married at San Francisco on July 5th, to Mr. A. S. Dyles Atkinson, of Yorkshire, England.

Repairs on the Comox wharf are progressing. Capt. Logan being in charge of the steam pile driver. At the last council meeting the mayor reported that Mr. Dunsinuir had presented the city with the block of land embracing the recreation grounds, and extending to 1st street, for a public recreation ground. Moved by Ald. Tarbell, seconded by Ald. McLeod, that a vote of thanks be tendered Mr. Dunsinuir for his munificent gift. Carried.

A RELIGIOUS HORSE RACE

Many people will be surprised to learn that there is such a thing still in existence as a horse race run as a religious ceremony, in which the horses receive the blessing of the priests at their parish churches before taking part in the race, while the jockeys not only ride to win but are expected to assail one another fiercely with race. Such, in fact, are some of the conditions of the curious survival of medieval customs known as the Palio of Siena. This extraordinary horse race takes place on July 2 and August 16 and is the occasion of a gorgeous revival of ancient pageantry. The Outlook.

FIVE YEARS FOR BRIBING A JURY

A Boston Contractor Was Thus Sentenced on Evidence of Man he Bribed

The Juror Was Also Convicted and Served a Term in the Prison

Boston, Mass., July 28.—A sentence of from four to five years in state prison was imposed today upon Thomas J. Scollans, formerly a Boston teaming department contractor, for bribing a jury during a previous trial of himself on the charge of fraud. Judge Bond, of the Superior court, who announced the punishment, specified that the first three days of the imprisonment shall be in solitary confinement.

Scollans was arrested in New York a few months ago as a fugitive from justice from Massachusetts, where he had been indicted in connection with the city teaming frauds of 1898. The juror who was bribed and who was convicted and served a prison sentence, was a witness against Scollans.

ESTABLISHES IDENTITY

New York, July 29.—Jas. Travis, 70 years of age, will sail for his home in New Zealand today, having established his identity to the satisfaction of relatives whom he had not seen for more than fifty years. Travis came back to his old home a few weeks ago, seeking the recovery of an inheritance of \$35,000 which had been held by the state treasurer for his benefit for about a quarter of a century. It was only after a thorough examination of his life story and a detailed account of his doings from the time when he was a child in this city and ran away to sea, and later located in New Zealand, that Frank Hendrick, who was appointed referee to ascertain whether he was the man who was entitled to the fund, decided that he was, and that his identity could not be questioned.

Upon this report, Judge Jeger, chief of the supreme court, yesterday signed an order directing the state treasurer to pay \$35,477 to Mr. Travis, less cost of the proceedings.

SIXTEEN KILLED AND TWELVE WOUNDED

St. Petersburg, July 29.—An official list of the casualties during the four days of rioting recently at Nishni Novgorod shows 16 killed and 12 wounded.

ACTRESS SUFFERING FROM RUNAWAY ACCIDENT

New York, July 29.—Miss Margaret Anglin, the actress, is lying at her country home in Norton, Conn., suffering from a broken collar-bone and severe bruises, as the result of being thrown from her carriage last night. Miss Anglin came to New York on a shopping tour. On returning from the Norton station to her cottage the horse ran away, the carriage was overturned and Miss Anglin was thrown out. She lay insensible until picked up by some workmen who had seen the accident.

Dr. Wasson went up the line on the noon train.

Judge Harrison held county court at the provincial court-house this morning. Only a few garnishments came up before His Honor.

AT THE ABBOTSFORD.

NOTE OF INTEREST ABOUT LORD KITCHENER

In Lord Kitchener's brilliant career he has gained five medals, thirteen clasps, a bronze star, eight mentions in despatches (including that of Merit), two special promotions, the thanks of Parliament and a peerage. It is thirty-four years since he entered the Royal Engineers. The heir presumptive to family honors is Colonel Henry Pitt C. Kitchener, the Viscount's brother, who distinguished himself in Burma and with the Manipur field force 11 years ago.

COMMENTS ON THE SATE INTERVIEW

The Russ Says Japan's Demands are Not Moderate and Predicts Failure of Conference

Russian Press Urges Government to Resist all Humiliating Demands

St. Petersburg, July 29.—The tone of the Russian press grows more warlike as the peace conference draws nigh and the government on all sides is urged to resist humiliating demands, even at the cost of continuing the war.

"Peace, on the Japanese terms as outlined by Mr. Sato," says the Russ, which is the first paper to comment seriously on the Sato interview, "can only be an armistice." The Russ, which has now the largest Liberal following, finds the Japanese demands far from moderate and sees little chance of the conference ending successfully, if Mr. Sato has correctly stated the Japanese position, but it appears to believe that Baron Komura's spokesman is acting "on his own responsibility," or secures a possible bluff to pave the way for the acceptance of actual and more moderate terms by Japan.

The Soviet continues its fault-finding with the "factlessness of the visit of Secretary of War Taft and Miss Alice Roosevelt to Japan, while the United States is the host of the peace plenipotentiaries."

ON HOSTILITIES ABLE TO CARRY

London, July 29.—The Statist to large sum. Besides the land income day publishes an interview with Kori-taxes will allow a large increase.

CLASH BETWEEN GERMAN AND FRENCH

Berlin, July 29.—The South Cameroon Company, whose traders and their guards it is now admitted came into conflict recently with French Senegalese soldiers on the frontier of the French Congo over the question whether certain territory is German or French, reports to the foreign office that in the fighting which took place three Germans were killed and four made prisoners, and one French Senegalese was killed. The German officials, as previously reported, are endeavoring officialy of the Cameroon Company as to what really took place. The French government doubtless in the meantime will also be informed officially on the subject. Both governments will then be in a position to locate the blame and to take measures to prevent such collisions in the future. There is no disposition here to regard the incident as likely to lead to anything serious, although Germany will fully protect her colonists.

RELATIONS ARE AGAIN STRAINED.

Paris, July 29.—France's relations with Germany are again strained owing to the inability of Premier Rouvier and Ambassador Von Ramelin to conclude a definite programme for the Moroccan conference.

The agreement of July 8th, contemplated a joint programme, but the arrangement of this joint programme is causing the renewal of difficulties particularly in connection with the French right to police the territory adjoining Algeria, and supervise the maintenance of order throughout the Empire. It is the French view of the matter that these rights follow from the agreement of July 8th, whereas Germany does not wish to define the extent of French policy and imperial reforms.

The indecisive status of the negotiations has caused renewed apprehensions on the Bourse, and the newspapers have renewed their sharp criticisms of Germany's course.

Settlement Worker—What a well-behaved little boy he is!

Burglar's Wife—And he comes by it naturally, mum; his poor father never failed to have a sentence reduced owing to good behavior.

Judge—It seems to me I've seen you before.

Prisoner—You have, my lord, I used to give your daughter singing lessons.

"Twenty years."

PREMIER ROBLIN LEAVES FOR WEST

Winnipeg, Man., July 29.—Premier Roblin left last evening by the transcontinental express for the west. At Harrison Hot Springs, near Agassiz, he will be joined by Mrs. Roblin, who has been under treatment there for some time for rheumatism. The Premier and Mrs. Roblin will then visit the coast cities and the Portland fair.

A STRANGE CASE

One of our business men who left a week ago for a holiday, is home again. This is not so strange in itself, but he actually affirms that he had money left when he returned home.

One of Ladysmith's citizens has made two trips to Vancouver this week. He says he forgot what he went after the first time and went back after it and they didn't have any. Vancouver isn't much of a town anyway.

BAND CONCERT

The city band have prepared a very attractive programme for their concert on the opposite side of the lay tomorrow afternoon, including a programme solo by Mr. A. Auchincloss. The programme forwarded to The Ledger by the director of the band did not reach us until late this afternoon, and we are consequently unable to publish it. No doubt a large number of people will turn out for the concert which promises to be quite equal to the band's standard entertainments.

There are persistent rumors going the rounds that the Western Fuel Company will open the Brechin mine on Tuesday and that the Western Federal on employees will go to work. It is stated that the amount paid out so far by the United Mine Workers as a relief fund is \$3,000, and that the Western Federation has distributed \$2,000. These are, however, only outside reports and not even set by the unions.

"Say, look here, those horses I bought of you last week are blind—blind as a bat. Why didn't you tell me that before I bought them?"

"I did tell you that and you said it would be all right."

"When did you tell me that?"

"The day you bought 'em. Didn't I tell you they didn't look very good?"

PREPARING FOR JAPANESE BOMBARDMENT

Vladivostok, July 29.—In anticipation of a Japanese bombardment, the commandant of the fortress has issued orders for the protection of property and the prevention of the spread of fire. The city has been divided into sections and all its inhabitants will be required to participate in extinguishing such fires.

Howell—Don't you wish you could live your life over again?

Powell—Well, I should say not. I've got a twenty-year endowment policy maturing next month.

TO MAKE A CITY BEAUTIFUL

The Mayor of Denver aspires to a more beautiful Denver, and he is doing what he can along practical lines looking to that happy consummation. He is urging the people to cooperate with the municipal authorities in cleaning up the city.

Believing in the value of suggestions and direct appeal, he addressed a proclamation to the citizens, in which he said:

If your store front, residence or fence is dull or dingy, order it painted. If your awning is old, torn or faded, get a new one.

If your sidewalk, fence or gate needs repairing, fix it. Destroy the young weeds that are starting on your property, and on your neighbor's property. If your advertising sign is old take it down and repaint it. Resolve never to throw paper on the street. Take all trash out of your lawn, they spoil its beauty. Burn all the rubbish possible; allow no one to throw it on the streets, alleys, or vacant lots.

Promise not to spit on the sidewalks. Organize a block improvement society, and allow no weeds to grow on sidewalk area or vacant property in your block. Ask your milkman, groceryman and expressman to have their wagons painted. Irrespective of the size of your house, make your lawn the finest. Eliminate the front of your store in the business section.

Every effort—put forth or dollar spent to improve our city's appearance will be returned twofold.

It is claimed that these suggestions have been cordially carried out by the people, and that they are perfectly delighted with the result.

GIBBONS IS FOUND NOT GUILTY

The case of C. H. Gibbons, charged with attempting to kill J. G. Macready, was continued in the assize court yesterday and resulted in the accused being acquitted on all three charges and discharged from custody.

J. K. Macready, the principal witness, was called and testified that he had known Gibbons for about three years and was acquainted with the rest of the family. On the evening of January 18th he met Mrs. Gibbons, along with some other ladies, and accompanied her home. Witness recounted the incidents leading up to the shooting, the account of which has already been given in connection with the trial in the police court.

Macready recognized the remains of a coat that he had worn and thought it was No. 5 shot with which he was wounded. Gibbons had stated while he was being held down that "he was a bad shot, but would get him the next time."

On resuming the case after lunch Gibbons was put on the stand. Asked to give his statement of what occurred, Gibbons said: "When I reached the house Macready and my wife were standing at the gate. I asked Macready into the house, saying, 'I want a word with you.' Macready told the driver to wait. My wife went in first and I was followed by Macready."

Witness was thinking how to bring the subject to a point on the way in, as he had written to Macready and so had his wife, and the letters had no effect. Macready had at one time spoken of physical force. Witness had talked over the home troubles with his brother-in-law.

Mr. Taylor then desired to ask what the intention of the witness was with the gun, but his lordship thought there was no need for the question and it was withdrawn.

The jury retired at 4.30, and they were exactly 59 minutes before they were returned into court. The foreman was then asked if they had agreed on a decision, and the reply came, "Yes."

"What is your verdict?"

"Not guilty," was the prompt reply.

When the verdict was announced there was a slight applause, which was quickly suppressed, and Mr. Taylor immediately applied for the discharge of the prisoner, which was ordered.

## RICH WOMAN WEDS

## HER COACHMAN

New York, July 28.—Reports from abroad reached New York recently telling of the marriage of Mrs. Garth, wife of Garth, to her former coachman, Hubert Hartigan. Hartigan's name has been linked to Mrs. Garth's ever since the death of Garth, millionaire and president of the Mechanics' National bank of this city, who it is supposed committed suicide by jumping into the Gulf of Mexico from the deck of a steamer in December, 1903.

Shortly after the death of Garth Hartigan bought a \$30,000 stock farm near New York. He had received but small wages and the incident caused so much comment that Hartigan decided the property back to Mrs. Garth, its reputed owner, and went back to Ireland. Mrs. Garth, with her children, soon followed him. Mrs. Garth was the daughter of James Jennings McComb, of Dobbs Ferry, who left her an independent fortune of \$1,000,000. She became acquainted with Hartigan at a riding academy and soon had him placed at the head of her husband's stable. There soon followed rumors of strange domestic episodes in the Garth household, which culminated in Garth's death.

A woman in New England says that man has but one enemy, himself, and woman has but one enemy, and that is man. She ought to be chosen president of a woman's club without difficulty.

the gambling fraternity during the  
preceding 24 hours.

A score of warrants to which the

FOR DISPOSAL OF MINERALS ON DOMINION LANDS IN MANITOBA THE NORTHWEST TERRITORIES AND THE YUKON TERRITORY.

Coal—Coal lands may be purchased at \$10 per acre for soft coal and \$20 for anthracite. Not more than 320 acres can be acquired by one individual of company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz—Persons of eighteen years and over and joint stock companies holding free miners' certificates may obtain entry for a mining location.

A free miner's certificate is granted for one or more years, not exceeding five years, upon payment in advance \$7.50 per annum for an individual, and from \$50 to \$100 per annum for a company, according to capital.

A free miner, having discovered mineral in place, may locate a claim 1,500 x 1,500 feet by marking out the same with two legal posts, bearing location notices, one at each end, on the line of the lode or vein.

The claim shall be recorded within fifteen days if located within ten miles of a mining recorder's office, one additional day allowed for every additional ten miles or fraction. The fee for recording a claim is \$5.

At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When \$500 has been expended or paid the locator may, upon having a survey made, and upon complying with other requirements, purchase the land at \$1.00 an acre.

Permission may be granted by the Minister of the Interior to locate claims containing iron and mica, also copper, in the Yukon territory, of an area not exceeding 160 acres.

The patent for a mining location shall provide for the payment of a Royalty of 2 1/2 per cent. of the sales of the products of the location.

Placer Mining—Manitoba and the N.W.T., excepting the Yukon Territory—Placer mining claims generally are 100 ft. square, entry fee \$5, renewable yearly. On the North Saskatchewan River claims are either bar or bench, the former being 100 feet long and extending between high and low water mark. The latter includes bar diggings, but extends back to the base of the hill or bank, but not exceeding 1,000 feet. Where steam power is used, claims 200 feet wide may be obtained.

Dredging in the rivers of Manitoba and the N.W.T., excepting the Yukon Territory—A free miner may obtain only two leases of five miles each for a term of twenty years, renewable in the discretion of the Minister of the Interior.

The lessee's right is confined to the submerged bed or bars of the river below low water mark, and subject to the rights of all persons who have, or who may receive, entries for bar diggings or bench claims, except on the Saskatchewan River, where the lessee may dredge to high water mark each alternate leasehold.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained more than one lease one

## THE BROOK

Rushing down the mountain, tumbling down the vale,  
Sprinkling all the land about with spray,  
Sliding under boulders which dot the hill and dale,  
A little mountain brooklet pushed its way.

It helped to turn the mill wheel of the mill upon the bank;  
It made some pools where children love to be,  
It helped the merry fisher as his hook and line he sank,  
And it whispered as it ran into the sea.

'I'm glad I helped the miller, and made the children dance.  
And I'm glad I made the fisher merry be;  
I'm glad I did a bit of work when once I had the chance,  
And now I'm glad I've made a larger sea.'—St. Nicholas.

See the notice of a drawing for the Gramophone August 2nd. The White Swan Soap advertisement.

Ladysmith is again synonymous with British victory. This time the smelter has captured an ore, contract from under the noses of American competitors.—Vancouver World.

Dredge for each fifteen miles or fraction is sufficient. Rental, \$10 per annum for each mile of river leased. Royalty at the rate of 2 1/2 per cent. collected on the output after it exceeds \$10,000.

Dredging in the Yukon Territory—Six leases of five miles each may be granted to a free miner for a term of twenty years, also renewable.

The lessee's right is confined to the submerged bed or bars in the river below low water mark, that boundary to be fixed by its position on the 1st day of August in the year of the date of the lease.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental, \$100 per mile for first year and \$10 per mile for each subsequent year. Royalty, same as placer mining.

Placer Mining in the Yukon Territory—Creek, gulch, river and hill claims shall not exceed 350 feet in length, measured on the base line or general direction of the creek or gulch the width being from 1,000 to 2,000 feet. All other placer claims shall be 250 feet square.

Claims are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten miles of mining Recorder's office. One extra day allowed for each additional ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1,000 feet in length, and if the party consists of two, 1,500 feet altogether; on the output of which no royalty shall be charged, the rest of the party ordinary claims only.

Entry fee, \$10. Royalty at the rate of two and one-half per cent. on the value of the gold shipped from the Yukon Territory to be paid to the comptroller.

No free miner shall receive a grant of more than one mining claim on each separate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners may work their claims in partnership by filing notice and paying a fee of \$2.00. A claim may be abandoned and another obtained on the same creek, gulch or river by giving notice and paying a fee.

Work must be done on a claim each year to the value of at least \$200.

A certificate that work has been done must be obtained each year; if not, the claim shall be deemed to be abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made and publishing notices in the Yukon official Gazette.

Petroleum—All unappropriated Dominion lands in Manitoba, the Northwest Territories, and within the Yukon Territory, are open to prospecting for petroleum, and the Minister may reserve for an individual or company having machinery on the land to be prospected, an area of 1920 acres for such period as he may decide, the length of which shall not exceed three times the breadth.

Should the prospector discover oil in paying quantities, and satisfactorily establish such discovery, an area not exceeding 640 acres, including the oil well will be sold to the prospector at the rate of \$1.00 per acre and the remainder of the tract reserved, namely, 1,280 acres will be sold at the rate of three dollars an acre, subject to royalty at such rate as may be specified by order-in-council.

## PARIS FINDS COMIC SIDE OF MURDER.

To Paris belongs the doubtful glory of discovering the comic side of a shocking love tragedy. Armand Gally, 20, loved a girl of nineteen, and was loved by her. The parents on both sides approved highly of the match, the engagement was official, and the wedding day was fixed. But Armand was thrown out of work, and he has a melodramatic temperament. The future looked black, he could not support his bride, the engagement would have to be broken off. He never stopped to consult his or the girl's parents, or wonder whether at twenty he would not be able to find work. "No, let us die in each other's arms," he told his sweetheart. She was apparently interested by the idea. Yes, they would die together, and their parents and friends would weep for their melancholy fate, and the papers would be full of "Yet one more romantic double suicide." So the two young "tragic comedians" took a room in a hotel together, the boy bringing with him a loaded revolver. He clasped the girl with one arm and fired point-blank twice. She was killed instantly, receiving two bullets in the brain. He turned the revolver against himself, fired twice also, and fell back wounded, but not dead. He was found, nursed, and, having completely recovered, has been tried for murder. An eloquent and pathetic counsel defended him.

With tears in his eyes and a handkerchief in one hand, the barrister begged the jury to allow him to read some touching lines by his client. Gentlemen of the jury might not find that they bore the mark of original genius; and, in fact, they were obviously inspired by Musset. But none could deny that they showed an unmistakable stamp of sincerity. Counsel read the verses. Beginning, like Musset's famous poem, "Adieu," he willow to be planted on his grave, the lines prayed that after Armand's death his heart should be buried beneath his love's window. From it wild roses grow, which the loved hands would pluck. The verse of its kind showed undoubted poetic taste. The jury was much affected, instantly brought in a verdict of acquittal, and Armand Gally left the court a free man, amid applause which it was impossible to suppress. But the story of the murderer-poet has a sequel. Viscount de Borrelli writes to the "Gaulois":

"Here is an exceedingly humorous business. One Armand Gally kills a woman, and tries to kill himself, but, of course, fails, as they always do. At the trial, counsel reads, as being the work of his client, a poem by myself, published some three years ago in the 'Gaulois.' And, of course, acquits him. It appears to me that I deserve to be congratulated in this matter."

As no revision of trial can ever follow an acquittal, Armand Gally is safe, but his eloquent counsel must feel annoyed.

## LOCAL ITEMS

A few Eagles fluttered up to Nanaimo last evening.

Judge Harrison arrived at Ladysmith on the morning's train.

When in need of stationary call at Knight's bookstore and he will try to fill your wants.

Wm. Davis, inspector of schools, was in the city yesterday, and, in company with Clerk Stewart, visited and looked over the school buildings.

From the number of insurance men who are around town of late it is fair to conclude that everybody is having a chance to protect themselves.

Mrs. Walter Thompson returned from Nanaimo this morning accompanied by a party of ladies, including her mother, Mrs. Priestly, and Miss Priestly.

The cattle takes place tonight at John The's for the stove.

Ranchers from the district south of Ladysmith report that the storm on Thursday night did much harm to hay. Haymaking is unusually late this year, and when the storm came many farmers had large quantities of hay yet to be gathered in, and the heavy rain of course did much damage to it.

Captain Casey, now first officer on the Stanley Dollar, will assume command of the ship on arrival at San Francisco. Captain Casey was formerly in command of the Victoria which was wrecked on the China coast some years ago. Captain Case of the Stanley Dollar will take a few months off and will take charge of another of the Dollar line's ships.

Providing the weather is fine the Rev. R. J. Downe will, as announced in Thursday's Ledger, hold a song service at Shell Beach on Sunday evening at 8.15. Those who attend the service should either land on the beach or under their boats close by the shore. Many people have signified their intention of hearing the service.

Messrs. Ben Foremmer and J. Stewart drove up to Nanaimo yesterday afternoon, returning last evening. The travellers went to the neighboring city to bid farewell to their old friend, Judge F. Young, who leaves shortly for Allyn. They attended the Eagle's session while in Nanaimo. The gentlemen say the roads between here and Nanaimo are in excellent condition now.

The Cumberland Footballers, it would seem, have decided not to take up the challenge issued by the Ladysmith team. Neutral ground and neutral referee, said the challenge, but that does not look good to the Cumberland boys. They lay low, all the same. Garrison. Ailment, "Cold Feet."

See the Portland Hotel notice regarding rent of rooms.

## NANAIMO

From the Herald  
Tas. Wilson, Superintendent of the C.P.R. telegraphs, returned yesterday from an inspection trip to Quatsino. He leaves for points down the line this morning.

Dr. Poole, the noted Nova Scotia geologist, returned yesterday to Nanaimo.

Joe Shires, of Wellington, was brought in yesterday and fined a five-dollar bill for being drunk and disorderly.

J. H. Cocking returned yesterday from California, where he was in attendance at the annual meeting of the grand lodge of the Sons of St. George. He returned by way of Portland, where he was joined by Miss Florence Cocking, who returned with him.

Ralph Smith, M.P., leaves this morning for a week at Harrison Hot Springs in the hope that it will relieve him of a slight attack of sciatica.

The funeral of little Evelyn Gilmour who was drowned in the bay exactly a week ago, took place at Nanaimo cemetery yesterday. Rev. Hughes conducted services at the residence, Milton Street.

## CRICKET

Philadelphia, Pa., July 29.—Play was resumed today in the cricket match between the Marylebone Cricket Club of London and the Gentlemen of Philadelphia. The course was in perfect condition when the Englishmen went to bat to conclude their first innings. They scored 77 runs yesterday for the loss of three wickets. The home players were all out for a total of 217.

## THE RING

## FRANKIE NEILL WINS

San Francisco, Cal., July 29.—The 25-round bout at the Colma Club last night between Frankie Neill, the bantam-weight champion, and Harry Tenney, of San Francisco, ended in a victory for Neill. Tenney proved himself to be a game, and clever fighter, and held his own with the champion up to the end of the 12th round. After that, however, Neill had a decided advantage in almost every round.

## FIGHT 20 ROUNDS BEFORE 1,000 PEOPLE

Los Angeles, Cal., July 29.—Before a crowd of 1,000 persons at the new Pavilion Athletic Club, Hugo Kelly, of Chicago, and Thomas Burns of Detroit, last night fought twenty rounds to a finish. Burns had the better of the fight from the start, and punished his opponent consistently, but owing to an agreement entered into by the two principals previous to entering the ring, Referee Charles Eylon was compelled to declare the bout a draw. The agreement was to the effect that if the two men were on their feet at the end of the twentieth round, the fight should be a draw.

An exchange says: This fellow Gutch certainly has assurance in feeling to box for the heavyweight honors. He knows nothing about the game of boxing, and is simply spurred on by his aggressive egotism. Gutch has not the fighting instinct, else he would not have so easily submitted to be nearly strangled to death in his recent match with Tom Jenkins when the rules provide that no strangling shall be allowed.

When Gutch discovered that the referee had no objection to the strangling being applied by Jenkins, the big farmer instead of retaliating and strangling Jenkins, threatened to quit, and talked a blue streak to the spectators. Gutch lacks the fighting instinct and will do well to be out of the ring.

"Say, old man, I have a terrible thirst," never terrible."

"Pardon me, my boy, a thirst is

CUPID'S TROUBLES IN ELGIN. "Supid has struck a snag out in Kane county in the shape of a new law, and he's going to find an unheard-of obstacle when he wants to mate couples in a hurry in Elgin and other towns thereabouts."

Notices were posted that after July 1 prospective Kane county bridegrooms must appear, with the necessary fees, consents, and things, before County Clerk W. F. Lynch at Geneva in order to secure a marriage license.

Heretofore it has been easy to approach the hymeneal altar in Elgin. All a swain had to do was to call on City Clerk Sylla for the license, and Mr. Sylla happened to have gone away on a fishing trip or something like that. The young man was never bothered as to his next move. He simply hunted up a notary public and made affidavit that he loved his girl and his girl loved him. He paid Mr. Notary 25 cents and that was all there was to it.

But now a new law says this custom shall be abolished. Result: All the notaries are angry, and, likewise, the prospective bridegrooms.

## NEW YORK'S GAIT

The New Yorker who rises early in the morning to snatch a hasty cup of coffee and a roll and rushes to the subway, is urged, by the train man to "step lively." He keeps up the step lively gait through the day. "Step lively is the motto from the time he reaches his office until he wearily closes his desk and rushes for the subway again, to hear once more the urgent injunction of the trainman to step still more lively. It is step lively at the club, step lively into bed and step lively from it again in the morning. Is it a wonder that the doctors are entering their protests against the speed with which we live, and that the mortgage records not only of New York city but of every other great city tell the sad and impressive story of "death by heart disease? How much of this is Wall street responsible for, and how much can we charge to the wheat pit, the produce exchange, and the cotton exchange? And after the wealth has been accumulated of what service is it when even the churches are inclined to stamp it unfit for use because it is tainted?—Leslie's Weekly

## Why Buy From Peddlars?

If you can get first-class goods at low prices from a reliable house at home. The peddlars that call here try to get rid of such trash as they cannot sell at home. If you get an article from a reliable firm you are sure that the goods are as represented, and if you are not satisfied you have something to fall back on as we are here since this town was first started, and hold our reputation as a first-class house. We carry nothing in our line but the best quality of goods and sell on small profits, as our expenses are small. We have no fat salaries to pay and no travelling expenses. Can and compare our prices and our goods, and don't be deceived.
