CHAMPION KISSER JOINS CLUB OF BACHELOR MAIDS

Syracuse, N.Y., June 14.—Miss Thelma McNeil, of this city, a member of the famous "Bachelor Maids" club, has just been married to John H. Milne, of Calgary, Alberta, and the couple have started for Calgary to reside. Wm. D. McNeil, of Brooklyn, uncle of the bride, proved himself the champion kisser at the wedding, and in consequence was duly elected a member of the club to take the place of the bride. Uncle Billy, as he is familarly called, is a bachelor, and the first man to be admitted to the club, and the girls are proud of him, especially of his kissing abilities. After the wedding dinner, Uncle Billy proposed to kiss the bride, and as all the other girls who were present as guests, looked as if they wanted to be kissed, he made the rounds, kissing them all.

LOCAL MAN WILL ROW

Mr. Harry Kay is today repairing and putting into racing condition his boat, which has been stored behind his place of business for some time, and announces his intention of entering the races here on the second of July. Mr. Kay announces that he is willing to pull any man in Ladysmith for any sum from fifty up to five hundred dollars, and will be in condition for the event by the time the racing commences on July 2nd. Tomorrow he intends to commence training. He has received a shipment of black lead which he has applied to the bottom of his boat, and while he is of the opinion that accessories of this kind will not be needed, still, he says, it is always best to be on the safe side. In fact, he is confident of winning any event in which he may compete, and states that he has legal advice to back up the assertion.

"SOMEONE."

I wonder why I toil away?
My heart replies, "for Someone!"
Why I may never rest a day?
Because, because of "Someone."
I hear the tramp of many feet,
The din of business in the street;
But over all I hear the sweet—
Sweet little laugh of "Someone."

His work is never hard to do
Who thinks all day of "Someone."
He labors well whose heart is true,
And fondly true to "Someone."
Men strive for wealth, men bravely go
Where danger is for fame, but oh!
The sweetest joy a man may know,
Is just to toil for "Someone."

Amsterdam, Holland, June 14.—The Dutch warship Piethelm, arrived at Nieawadiep and reported having been in collision with the Belgian steamer Meuse, off Haak's Lightship. The Meuse sank, and her captain and 12 of her crew were drowned.

EXPLANATION OF PARDON

Ottawa, June 14.—It is learned on good authority here, that the pardon of Desire Brothier was preceded by an application to the minister of justice for a new trial on the perjury charge made in regular form by petition. The grounds upon which the request was made were purely technical, but it was flatly refused. The application in question was made by a Vancouver firm. When it failed, another effort was made on Brothier's behalf by some Montreal people, who asked for his pardon and release, as already reported. Among the grounds given was a statement to the effect that Brothier wished to leave for France, where he had a mother and sister dependent upon him, to whose support he was anxious to contribute. This plea appears to have enlisted the sympathy of the influential people, as, although the minister of justice could see no reason why the case should be reopened by way of a new trial, he made the formal recommendation that he be set at liberty.

14,000 GALLONS OF WHISKEY ARE DUMPED IN RIVER

Frankfort, Ky., June 14.—The flake stand at a distillery, broke down yesterday, and more than 14,000 gallons of whiskey was lost. It made its way to Benson creek only a few feet away. Farmers living along the banks of the stream, later noticed hundreds of fish either floating lazily on the surface or else leaping playfully about and altogether unafraid of the presence of men. The farmers caught them by the bushel, and it was not till the news of the break at the distillery became known that the mystery was solved. The fish had become intoxicated. The loss to the distillery will reach about $25,000.

IS NOT NOW SO WEALTHY

Walla Walla, June 14.—Fortune gone and health shattered, Greenleaf Stacy, twenty years ago one of the wealthiest farmers in Walla Walla county was yesterday taken to the county poor house for friends who have been keeping him for over a year declined to pay for his support any longer. Stacy, now nearly 70 years of age, accepted his fate philosophically, although it was hard lines he said, for a man as wealthy as he was once, to become a county charge in the autum of life.

Twenty years ago Stacy owned one of the most farms in Walla Walla county and had money to burn. He was rated worth anywhere from $75,000 to $100,000. The first misfortune that befell him was the death of his wife. This was a severe shock to Stacy and he became careless in his financial dealings, losing quite heavily in several deals. A brother, M. V. B. Stacy, resident in Seattle interested him in a plan to build one of the largest residences in Seattle, and "Stacy's Folly," at Third and Marion, a home that was famous in its time, was built by the two brothers at the cost of $50,000 Stacy also built what is now the University Club. The brother died and hard times coming on Stacy lost his Seattle property. Little by little his fortune slipped away from him until a year ago it became necessary for friends to provide for his support. Sickness overtook the old man and he has been in a local hospital for several months, being kept there by old time friends, who have now deserted him.

OFFICERS ARE MURDERED

Manilla, June 14.—First Lieutenant C. Bolter of the 12th infantry, Governor of the Province of Davo Island of Mindanao and Benjamin Christian have been murdered on the beach on the east coast of Davo Island by a mungalayan and his two brothers. The murderers have not yet been captured. A report received here by General Wood from General Weiss, who is at Zamboonga states that Bolton and Christian passed a night at the Mungalayan brothers residence and had the brothers as guides. The Americans were unarmed and were attacked unawares. The Mungalayan has the reputation of being a cutthroat and murdered. He is second chief of the Tagacolas who are Non-Christian people.

Lieutenant Bolton was endeavoring to pacify the people by peaceful means and had gone there unarmed.

He was considered one of the best officials of the government and had accomplished much. Christian, the other man was a discharged soldier, and foreman of the government at Militi. Captain Langpore has been made acting governor of Davo and placed in charge of the operations.

SHIPPING NOTES FROM CROFTON FOR THIS WEEK

Crofton, June 15.—S.S. Wellington arrived in port Wednesday evening with 750 tons ore and 220 tons of Matte from the Hedley Smelter, Prince of Wales Island, Alaska. When discharged, she will go to Ladysmith for coal.

S.S. Jessie Mac and scow arrived Wednesday evening from Saanich Arm with a load of lime rock for the Smelter.

S.S. Trader arrived Thursday morning with 200 tons of ore from Van Anda. She left Friday morning for another cargo.

Tug Fearless with the Barge Sidney in tow, came in Thursday night for a car-load of copper bullion.

RIOT STARTED BY A JEW

Ekyalistok, Russia, June 14.—A Jewish anarchist threw a bomb amongst the Corpus Christo procession, which was in progress here and killed or wounded many persons. In consequence the Christians attacked and massacred the Jews, and demolished their shops. Hundreds of persons were killed or wounded.

St. Petersburg, June 14.—The latest despatches from Bialystok which were received about midnight, report a situation of the utmost gravity and the anti-Jewish outbreak there was still raging. Fighting was in progress in the streets and firing was continuous. The best stores in the city have been sacked and many Jews were dead and wounded. Figures were not, however, given out, and probably the casualties are unknown in Bialystok owing to the continuance of the disorders. The signal for the out break which was deliberately planned, perhaps as a result of a counter stroke for the chief of police Derkatchoff.

The bomb was thrown from the balcony of a house in Alexandrovich street. A clergyman named Remonoff was among the killed in the explosion. After the explosion the Jews began to fire with revolvers from the window of the house into the crowd. Soldiers surrounded the house, and fired two volleys into the windows. Meanwhile the exasperated Christians attacked the Jew's stores in Alexandrovia street, demolishing the fixtures and windows and throwing the goods into the gutter, and beating and murdering the Jews.

A crowd of Jews fled to the railway station pursued by the mob which killed many of them. Three Jews were thrown from a second story window of the railroad station building. The Jews are fleeing from Bialystock to the neighboring forests and mobs are pursuing them. Dragoons have been sent out to protect the Jews. The Jews arriving here on the railroad train have been dragged from the cars, and many of them have been murdered. Troops have cleared the railway station at four o'clock this afternoon. The disturbances still continue.

REBELS WIN SWEEPING VICTORIES.

City of Mexico, June 14.—Advices received from Salvador instead of confirming the official reports that the Guatemalan forces have been victorious over the revolutionists, say that General Toledo, the leader of the southern revolutionary force, has won a sweeping victory, has captured the government's artillery and that he is receiving in every engagement heavy accessions of deserters from President Cabreara's forces.

CASTRO AGAIN.

New York, June 14.— A cable despatch to the Herald from Caracas says:

Gen. Gomez, will retire on Independence Day, the 5th of July, and Gen. Castro will resume the presidency at once.

To add to the importance of this announcement Gen. Gomez declares that his esteem and affection for Gen Castro are unchanged and that all misunderstandings are cleared.

TRAIN SERVICES FOR DOMINION DAY CELEBRATION

Mr. E. Rowlands, who is one of the gentlemen appointed on the transportation committee for the celebration of Dominion Day, returned from Victoria today. While in that city, Mr. Rowlands interviewed officials of the C.P.R., and has obtained a promise from them to at least run a double train service on the day of celebration, between Victoria and Ladysmith. Whether or not a later train can be arranged for is not yet certain. The run between Nanaimo and Ladysmith has already been arranged for by the company. The fare for round trip between Nanaimo and Ladysmith will be 50 cents for adults, and 25 cents for children. Trains will leave as follows: Leave Nanaimo for Ladysmith, 8.20 and 10 a.m., 1.30, 4.15 and 7 p.m. Leave Ladysmith for Nanaimo 11.57 a.m., 5.15, 6.45, 8.00 and 10.30 p.m.

A meeting of the transportation committee will be held shortly, and plans discussed. If possible a later train leaving Ladysmith for Nanaimo will be arranged for.

The printing committee are to meet this evening and arrange for having posters, etc., printed, which will immediately be sent out to the various towns along the line. Tuesday evening next is the date set for another meeting.

JAPANERE ARE DEFIED

Victoria, June 14.—Steamer Tydeus of the Blue Funnel line which reached port yesterday from the Orient, brought news of an insurrection in Korea, commenced on May 25th when the walled city of Hongju was attacked and seized by Korean insurgents. Honju, which is in Chun-Chyong province of Korea, was garrisoned by sixty Japanese gendarmes and police. The Japanese with rifles defended the wall and approaches, but being short of ammunition retired at night taking with them the post-office staff officials and a number of villages who were fugitives. The refugees reached Yesan and telegraphed to Seoul for assistance, a Japanese vessel being sent to their relief. Meanwhile 200 insurgents occupied Hongju and began a revolutionary propoganda, which resulted in their force being greatly augmented and outbreaks occurred also at Andong and Pongwha in Kyong-song province to the westward. The rebel ranks are filled with former Korean soldiers armed with Murata rifles, mostly fired with rebellion against recent Japanese seizures of land, etc., following the occupation of Korea. A force of Korean soldiers was despatched against Hongju but retired after a demonstration before the walls, and a force of Japanese under Capt. Komori was despatched to Seoul. The insurgents prepared the city for defence and the Japanese assaults were repulsed with rifle fire from the walls. Capt. Kamori has sent for aid, awaiting their arrival before further attacking. The insurgents were strongly entrenched and defied attack without artillery.

TOWN TO STOP SWEARING

Over in Glassport the authorities have commenced a campaign against another class of public offenders — those who use profane language on the streets or in public places— and a novel plan has been adopted. The officers have been furnished with tablets and pencils to keep tab on all the swear words and profanity they hear and a fixed list of fines has been so arranged as to make the punishment fit the crime. For mild brands a fine of 10 cents has been fixed and for stronger brands the users will have to pay 67 cents each. Whether the scheme will have the desired effect remains to be proved. — Washington observer.

LADYSMITHS DEFEATED THE BLACK DIAMONDS

The ball game last evening between the Black Diamonds and the Ladysmith team, as they were designated on the new score board erected by Mr. W. E. Morrison at the ball grounds, resulted in a win for the latter team by a score of 12 runs to 6. The match was well attended, and supporters of both teams were handing out advice freely throughout.

The Black Diamonds were handicapped by the absence of their regular pitcher, J. Kerr, although Delcourt did very well in the box, only allowing one man to walk, and after the second inning, pitching very well. Crossan was behind the mask for the first few innings, and while he afterwards played a good game on first, he was off-color when catching, and the Ladysmiths brought in several runs on passed balls which should have been stopped by the catcher. Muir and Clarke composed the battery for the Ladysmiths, and both played a steady game throughout, Muir delivering well, and Clarke handling nearly all that came along. Tom White watched the pitchers deliver to the satisfaction of both teams and spectators.

In the first inning Ladysmith went to bat, and four men were allowed to cross the plate before the side was retired, while the Diamonds brought two men home before again taking the field. In the second, Ladysmith sent one man around, while the Diamonds were unable to find their, and retired without scoring. In the fourth the town men again secured two, and the scorer put up another cipher for the Black Diamonds.

At the opening of the fourth Morrison lined out a ball nearly to the bunkers, and, by putting on speed, made third before resting. Later on in the game, Delcourt, for the Diamonds, also batted a three-bagger, but the third man struck out, leaving him on the base.

With the Diamonds at bat in the last of the fourth, Adam, in right field, retired the side by closing his hands on a high fly when the third man came to bat. Before this, however, one man had reached home, bringing the score up to three for the Diamonds, and nine for the Ladysmiths. In the fifth the latter scored once, while their opponents were unable to raise their points. The sixth was divided evenly each side bringing home one man. In the seventh it was again even, neither side scoring. The Ladysmiths were shut out in the eighth, and after the Diamonds had come to the bat, it looked as if there was going to be something doing for a while. They brought two men home, and had two men on bases, with one man out, however, and a fly to Adam, and one to centre field, were both held on to, retiring the side. In the ninth, Ladysmith sent her last man around, making a score of 12, while the Diamonds failed to tally.

These teams have played twice, each winning one game, and the next promises to be interesting. As yet, neither team can say they they have had the best of it, and next game is to tell the tale.

PITCHED A GREAT GAME

Seattle, June 15.—Directly after yesterday's game at Recreation park Rube Vickers, who made the big record for the Siwashes, collapsed in the dressing room. A surgeon was called and Vickers was taken to his home. He was suffering from a bad chill but at last reports was doing well.

In the game referred to Vickers struck out sixteen men of the Los Angeles team, obtaining the record for this season.

EXPRESSES DISAPPROVAL.

Washington, June 14.—President Roosevelt today expressed entire disapproval of the new meat inspection bill as completed by the House committee on agriculture. He expressed this view today to chairman Wades

The attendance was large, the menu was an excellent one, the speakers in a happy mood, and altogether a very enjoyable evening was spent.

SWEPT BY WAVES OF PASSION.

St Petersburg, June 14.—The lower house of parliament was swept today by successive waves of passion evoked by a series of government communication including military procurator Pavloff's rejection of the appeal of the House for a cessation of the executions in the Baltic provinces, and the request of the Procurator of the district that the house expel M. Ulienoff who has been indicted although a member of parliament in order that he may be arrested pending his trial for press offences.

So fierce was the storm that President Mourontsoff was compelled to announce that he would adjourn the session if the demonstration continued.

NANAIMO NEWS NOTES

The Watalcale arrived in port yesterday from Seattle leaving at 6 o'clock on her return trip. Owing to the bad weather that Seattleites are experiencing at the present time the excursion which was to have arrived here this week has been postponed until next week.

Joe Stant, of Cumberland, is expected on today's boat, and will in future take up his residence in Nanaimo. Joe is a cracking good infielder and will be a great acquisition to the local nine, who are at present playing great ball.

A private telegram was received in the city yesterday morning from Alberni stating that James Redford the man who was shot on Monday night by Mr. Rollins, had succumbed to his injuries at an early hour in the morning, having never regained consciousness from the time he received the terrible injuries from the deadly soft nosed bullet.

The funeral will take place at Alberni this afternoon.

An Ottawa despatch of yesterday of particular local interest states that W. Sloan, member for Comox-Atlin District, has given notice of the following questions: What action has been taken by the Dominion government with respect to that section of the report of the royal commission on transportation recommended as follows: 'That a further and exhaustive exploration and survey be made in order to find the best route from the plains of Alberta to an ocean port on the west side of Vancouver Island.' What action has been taken by the government by reason of numerous representations which have been presented to have a survey made of Seymour Narrows with a view of ascertaining the feasibility of bridging the same for railway purposes?"

The Nanaimo base ball team are to have new suits. The ones in use at the present time have seen much service and it is time that they should be discarded for new ones. The team that represents Nanaimo this season is one of the best that has ever donned the local uniforms and are worthy of every support. Baseball is a very expensive game to play, and as the boys are shy in funds they are going to make an appeal to the merchants of the city to assist them in buying the new suits. There is no better advertisement for any town than a winning team at any kind of a game and the Nanaimo baseball team are certainly there with the goods. Games are scheduled to be played in this city during the present summer with several of the Seattle teams, Anacortes, Port Townsend, Vancouver and Victoria, so the prospects for a good season is very bright. When the representatives of the club make their round next week after subscriptions to the New Suit Fund, it is to be hoped that they will meet with a generous response.

Mr. J. F. Bingham is back home after a few week's visit to the Tuck Inlet country, to which place he took a gasoline launch for the Findley Brodie & Co of Vancouver. Mr. Bingham speaks well of the harbor and of the location for the Grand Trunk terminal city. No lots are yet for sale and will not be put on the market, it is stated, until after the railway is through to the coast. There are three camps of geographical and two camps of hydrographical surveyors in the employ of the government and of the Grand Trunk Co. altogether about 150 men. There is plenty of work for men there at $200 and board for common laborers. No fish are running on the Skeena as yet, but preparations are being made for a large catch during the run. There are quite a good many prospectors in that section. Some of the Britannia people came down on the Amur from Ketchican where they are installing a Rand compressor and getting ready to develop extensively some mines of that section that they now control.

Mr. Bingham will on July 1st, begin work for the Canadian Rand Co., and will first visit Cumberland for the purpose of introducing the new machine now manufactured by that company and will afterwards visit other sections of the province.

HOW TO BREAK UP A COLD.

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. The first symptoms of a cold is a dry, loud cough, a profuse watery discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's Cough remedy is taken every hour on the first appearance of these symptoms, it counteracts the effect of the cold and restores the system to a healthy condition within a day or two. THE VERY BEST REMEDY FOR BOWEL TROUBLE

Mr. M. F. Burroughs, an old and well-known resident of Bluffton Ind., says: "I regard Chamberlain's Colic, Cholera and Diarrhoea Remedy as the very best remedy for bowel trouble. I make this statement after having used the remedy in my family for several years. I am never without it." This remedy is almost sure to be needed before the summer is over. Why not buy it now and be prepared for such an emergency? For sale by Ladysmith Pharmacy.

Synopsis of Canadian Homestead Regulations.

Any available Dominion Lands within the Railway Belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over eighteen years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate,

The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) If the father, (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his home stead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

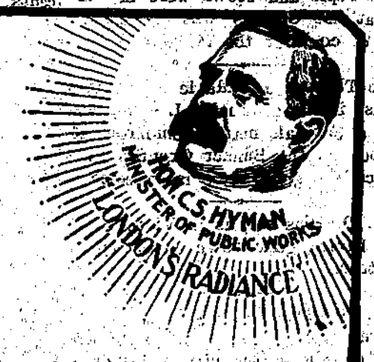
A Great Heat Radiator



"Sunshine" furnaces have a large, heavy sheet-steel dome and radiator, with a wide space between them for the circulation of air.

This gives an immense radiating surface, and means that every atom of heat from the fire is used for heating purposes, and forced through hot-air pipes into the house.

If you need a furnace, you should examine the "Sunshine"—it will save you untold expense, worry and work.

Sold by enterprising dealers everywhere—booklet free.

DESTRUCTION THREATENED

Nakusp, B. C., June 14.—The most disastrous fire raged here tonight, starting at five o'clock from a spark in the sawmill of the Yale Columbia Lumber Co., and totalling destroying their plant and entire stock of lumber in the yards. The entire waterfront was in danger of being gutted. For several hours many families were engaged in moving all their household goods to places of safety expecting the flames to extend to their dwellings. The C. P. R. shipyard which adjoins the mill was almost in the grasp of the dread flames. Fortunately about seven the wind shifted its course and with the help of the pumps of the C. P. R. steamer Minto, which was got under steam as quickly as possible, the fire was confined within a certain area. The tug Columbia later arrived and is throwing a stream of water on the fiercely raging piles steamer Rossland has also been hurriedly sent for to protect the companies property. The C. P. R. has lost three box cars, and one flat car but saved several others. The entire population is working hard to confine the flames to the mill, and made many fruitless efforts to save some of the lumber piles.

The mill has a capacity of fifty thousand feet per day, and loss is about $25,000. The yards contained nearly two million feet. The whole is covered by insurance, but the amount is unknown. Unless the wind changes its course during the night, all outside property is saved. The company's offices atores and cookhouse are intact. Between 50 and 60 men were employed at the mill.

MISS DAHL IN NANAIMO.

Miss Dalh, the Norwegian singer, who is to appear here on Thursday evening next, will sing in Nanaimo this evening. Speaking of her appearance there, the Nanaimo Herald of this morning says'

In the Opera House tonight the local music lovers will have a chance of seeing and hearing for the 'last time in our city those two celebrated artists Misses. Olivia Dahl and Gina Smith, the former of whom is a singer of international repute and ranks among the greatest in the world- There is one particular feature of this attraction to which we wish to call special attention, and that is that the price of admission is only fifty cents and the 3 first rows of the house are only one dollar. How many who looks at these prices stop and think what they are getting for their money. The Victoria Colonist (which is the most critical paper on the coast,) says: Miss. Dahl is as great as Gadski, and infinately better than Albani and yet it is noticed by the Montreal Star that Albani is singing through all the Eastern cities at two and *three dollars per seat*. A disposition to compare Miss. Dahl with the greatest vocalists of modern times is shown in the press notices from the various cities in which she has appeared during the past few years. Mr. C. H. Gibbons, manager of Miss Dahl said in a communication to his agent yesterday: I have booked Miss. Dahl for three hundred concerts in the principal cities of America. After the 25th inst, the ladies will start upon their extended tour.

WHEN TO QUIT.

An English journal requested a number of its largest advertisers to give their opinion concerning the best time to stop advertising; and the following replies were received:

When the population ceases to multiply and the generations that crowd on after you and never heard of you stop coming on.

When you have convinced everybody whose life will touch yours that you have better goods and lower prices than they can get anywhere else.

When you stop making fortunes right in your sight solely through the direct use of the mighty agent.

When you forget the words of the shrewdest and most successful men concerning the main cause of their prosperity.

When younger and fresher houses in your line cease starting up and using newspapers in telling people how much better they can do for them than you can.

When you would rather have your own way and fail than take advice and win.

UNKNOWN FRIENDS.

There are many people who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy with splendid results, but who are unknown because they have hesitated about giving a testimonial of their experience for publication. These people, however, are none the less friends of the remedy. They have done much to make it a household word by their personal recommendations to friends and neighbors. It is a good medicine to have in the home and is widely known for its cures of diarrhoea and all forms of bowel trouble. For sale by Ladysmith Pharmacy.
