WORK STARTED ON NEW TYPE OF BUILDING

Under the supervision of Engr. Alfred Williams, 506 Metropolitan bldg., construction has commenced on a $70,000, 4 sto. 75x125 ft. combination store, office and apartment bldg. at River Road and 4th Ave., Eburne, for J. Grauer, of Eburne. The entire structure is to be finished by Dec. 15. The bldg. is of brick, slow burning const., and is unique in that it is the first structure of the kind in Canada in which each apartment occupies space on two floors. The ground floor will contain stores, the second floor offices and the third and fourth floors will be devoted to 5, 6 and 7 room apartments. These apartments will each be divided so that part of the rooms will be on the third and part on the fourth floor, very similar to the arrangement of a house. This type of apartment is popular in California and New York, but has never before been introduced in the Northwest. Another feature of the building is the fact that it is so constructed that when conditions warrant it the two upper storeys can be removed and rebuilt for office purposes.

Russell, Babcock & Rice, Metropolitan bldg., are the archts.

ENGINEER INSTRUCTED TO COMPLETE DRAWINGS

Sir John Wolfe-Barry and associate engineers have been instructed by the directors of the Burrard Inlet Tunnel & Bridge Co. to proceed immediately with the plans for the proposed Second Narrows bridge with an opening span of 200 ft. in accordance with the order of the Board of Railway Commissioners.

The engineer in charge has already completed drawings with the exception of those portions depending on the width of the span and as this question has now been settled the work will proceed rapidly. The bridge will cost somewhat in excess of $2,000,000 and must, by order of the Railway Commission, be entirely finished in two years from final acceptance of the engineer's plans. The bridge will easily be finished in the early fall of 1914.

POINT GREY TAKING TENDERS FOR CLEARING AND ROADWORK

The Municipality of Point Grey will receive tenders until August 19, for clearing Larch St. from Magee Road north for 600 ft.; for clearing Yew St. from Angus south for 330 ft., and for grading the first road south of Wilson Road and east of East Boulevard for 1,360 ft. Further particulars may be had from the municipal engineer, Kerrisdale.

ARCHITECTURAL MISUNDERSTANDING

Several days ago it was stated that Archt. N. E. Symonds, Holden bldg., was in charge of a building now being erected for the Chinese Reform Association, and that he was prepared to sublet various portions of the work. Archts. Stuart & White claim the same work and have already awarded a genl. cont. to Wood & Macdonald. The secretary of the Chinese Reform Association states that Mr. Symonds prepared drawings some time ago but that they were rejected and those of Stuart & White accepted. Archt. Fred J. Peters, Metropolitan bldg., is associated with Stuart & White in this work which involves a 3 sto. brick bldg., costing about $26,000.

Co., 522 Pender St., for the construction of a 4 sto. brick and mill const., 25x120 ft., rooming house, to be built on Harris St. between Jackson and Carrall Sts. for G. W. J. Westwood, 1528 Charles St., at a cost of about $25,000. There will be 16 rooms on each floor. The general contract includes all work. Excavating is nearly completed.

CONTRACT AWARDED FOR LARGE HORNBY GARAGE

Archt. W. T. Whiteway, Molson's Bank bldg., has let a genl. cont. to J. J. Dissette & Co. Ltd., 570 Granville St., for a garage to cost $30,000. H. Hemlow is the owner and the bldg. will be erected at 1258 Hornby St. immediately adjoining another garage recently built for Mr. Hemlow by the same contrs. The contrs. are not prepared as yet to sublet any of the work.

JAIL PLANS DISCUSSED.

The building committee of the city council has again viewed the plans of Archt. W. A. Doctor, Arts & Crafts bldg. for the proposed erection of the city jail bldg. A date has not been fixed, however, for receiving tenders. Announcement will be made in the Record when the plans and spec. are ready for figuring.

LIGHTING SYSTEM PLANNED FOR NORTH VANCOUVER

NORTH VANCOUVER.—It is proposed to install an ornamental lighting system one Lonsdale Ave. from the waterfront to 8th Ave. The estimated cost is $26,000, and the cost will be charged to frontage property. The same system may also be established on both sides of 1st St. from Mahon Ave. to St. David's at an estimated cost of $14,600. These recommendations will be considered at the next meeting of the board of works.

BUILDING PERMITS.

Permits for the various municipalities will appear under this head on the following days:

Monday—Victoria.

Tuesday—South Vancouver, Victoria, New Westminster.

Wednesday—North Vancouver, Point Grey, Victoria.

Thursday—South Vancouver, Shaughnessey Heights, Victoria.

You will save two dollars by paying a year in advance for the Record, besides saving considerable time and the annoyance of paying a small bill each month. Sixteen and two-thirds per cent is pretty good interest on your money, isn't it? Worth saving! The price for one year paid in advance is ten dollars.

RAISING CAR TRACKS TO PERMANENT GRADES.

NORTH VANCOUVER.—Work has commenced by the B. C. Electric Railway Company on the raising of their tracks on Lonsdale avenue between Esplanade and the wharf to meet the permanent grade of the street.

Crushed rock for the macadamizing of the street is now being laid as far down as the wharf on the west side of the avenue, and this is being followed up with a coating of finer material and the roller.

The east side of the street will be started as soon as the west side is put in a fit state for travel.

EXTENSIVE MUNICIPAL IMPROVEMENTS PROPOSED

NORTH VANCOUVER.2The city engineer recommends the grading of 3rd St. from Forbes to Mahon Ave., the laying of concrete curbs and gutter on 1st St. from the west side of Mahon Ave. to the east side of St. Andrew's, and the construction of a storm sewer surface and storm drain on 1st St. from Forbes to St. David's. The estimated total cost of these projects is $34,213.50. The engineer's report was referred to the next meting of the board of works.

PREPARING INTAKE PLANS.

NORTH VANCOUVER.—The engineering dept. is preparing plans for the new intake on Lynn creek by which means water will be supplied to the new Rice Lake reservoir. The laying of the new 16 in. wood main connecting the new intake with Rice Lake is now under way and will be completed long before the reservoir is made ready to receive the water supply.

NORTH VANCOUVER IS PROMISED DRILL HALL

NORTH VANCOUVER.—Col. Sam Hughes, minister of militia and defense, has approved the site of the proposed armory bldg. in Mahon park. Assurances were given that at the first opportunity work would start on the erection of a new drill hall.

BIG STAIRWAY STARTED

NEW WESTMINSTER.—Work has been started on the construction of the new re-inforced cement steps from Columbia street to the level of the entrance to the Fraser River bridge. Raillines of steel tube will be put on both sides. The work is being done by Messrs. Smith and Whitaker for the provincial government. The total cost will be $2000.

STEEL ARRIVES

MERRITT.—Five cars of steel rails arrived last week for the spur into the tipple of the Inland Coal and Coke company's plant. As was announced two weeks ago the grading was all finished and the ties were laid, but on account of the steel being delayed work had to be suspended. However, now that it has arrived the work of laying it will be rushed to completion.
