PLANS ARE BEING PREPARED FOR TEN STOREY OFFICE BLDG.

Architects Somervell & Putnam, 520 Pacific building, have been commissioned to prepare plans for the early erection on Seymour street, between Pender and Dunsmuir, of a ten storey fireproof office building for the Yorkshire Guarantee and Securities Corporation, 440 Seymour street. Work has already started on the drawings, but it will be a matter of probably six weeks or two months before the architects will be able to receive tenders. A definite statement of the approximate cost cannot at present be made, but a rough estimate places the value in the neighborhood of half a million dollars.

The building will be similar in many respects to the typical metropolitan office building save for such individual features and distinguishing marks as the architects are providing in the form of interior and exterior decorations and special arrangement of certain offices. The Yorkshire Guarantee and Securities Corporation will occupy the major portion of the ground floor. The nine remaining floors will be devoted to general office purposes and communication with them is by means of two electric elevators.

The superstructure is to be of steel and concrete, the building to be absolutely fireproof. The exterior will be finished in pressed brick and terra cotta chosen from the highest grades of materials obtainable.

The architects have not outlined further features of the proposed building, a start barely having been made on the preliminary drawings, which may be slightly changed before working drawings are completed.

PRIVATE COMPANIES MUST OPEN AND GRADE STREETS

The Point Grey council has ordered that henceforth all applicants for subdivision rights must agree to open up streets and roadways and grade them at their own expense. In accordance with this ruling the corporation will clear a number of roads on its own property. A by-law appropriating $126,000 for this purpose will be placed before the ratepayers on Sept. 7.

READY FOR JAIL TENDERS IN ABOUT TWO WEEKS

After a further conference between Archt. W. A. Doctor and the civic committee it is probable that the archt. will accept tenders for the proposed city jail bldg. in about two weeks. The plans are being rapidly finished, and upon their completion tenders will be called for.

DEBENTURES SOLD

The municipality of Point Grey has sold $1,000,000 worth of debentures to the Dominion Bond Co. The money will be used in relieving a financial stringency which has during the past two months somewhat handicapped municipal operations in that municipality.

TO CURTAIL EXPENDITURES

The municipality of West Vancouver has decided to curtail further public improvement expenditures for the present owing to difficulty in disposing of municipal debentures.

MATERIALS TO BE USED.

The following material is mentioned to be used in the structures called for in the permits above, whose numbers correspond to those preceding the following items.

ARENA IS PROPOSED FOR NEW WESTMINSTER

Frank Patrick, managing director of the Vancouver Arena, Ltd., is negotiating with citizens of New Westminster for the erection of a building in that city similar to the Vancouver structure and to be used for indoor ice hockey this winter. Seating capacity for 2,500 is proposed at a probable cost of $50,000. Mr. Patrick has agreed to take up a substantial block of stock if his proposal is accepted.

ADDITIONAL LAND FOR UNIVERSITY BUILDINGS

Hon. H. E. Young, Minister of Education, is asking the provincial government for an additional land grant of 100 acres to the site of the proposed University of British Columbia, making 375 acres in all. Competitive drawings for the buildings will be received until Nov. 1st, and immediately after an architect is chosen work will start, probably some time during the same month. F. L. Carter-Cotton, M.P.P. for Vancouver, has been elected chancellor of the university.

NEW SCHOOL BUILDING

Eburne—Funds will shortly be appropriated by the municipality of Point Grey school trustees for the erection of a modern high school at Magee station. The sum is incorporated in the estimates to be voted on early in Sept.

ACCOMMODATION LACKING

South Vancouver—In spite of recent school additions being made, accommodation is still inadequate and the congestion will not be relieved until late this fall when four new buildings will be finished.

MONEY IN HAND

Another installment of proceeds from the sale of municipal debentures of South Vancouver in the sum of $200,000, has arrived. A number of public works temporarily suspended will be resumed immediately.

MAY INSTALL ALARMS

New Westminster—Ald. White gives notice that he will ask the fire and police chiefs and the city electrician to prepare estimates on the cost of a first-class police and fire alarm system, with a view to installing such a system in this city.

BUILDING PERMITS.

Permits for the various municipalities will appear under this head on the following days:

Monday—Victoria.

Tuesday—South Vancouver, Victoria, New Westminster.

Wednesday—North Vancouver, Point Grey, Victoria.

Thursday—South Vancouver, Shaughnessey Heights, Victoria.

You will save two dollars by paying a year in advance for the Record; besides saving considerable time and the annoyance of paying a small bill each month. Sixteen and two-thirds per cent is pretty good interest on your money, isn't it? Worth saving! The price for one year paid in advance is ten dollars.

VICTORIA BUILDING PERMITS.

Victoria—Permits issued to Fulton Bros., dwelling $2500; to T. McLennan, dwelling $2000; to J. Andrews, additions to dwelling, $200; to Robert Clark, dwelling, $1950; to R. W. Vigor, warehouse, $4000; William Exton, dwelling, $2000; to Neil McKechnie, temporary dwelling, $1000; to F. W. Curtis, garage, $100.

VICTORIA BUILDERS ARE OPPOSED TO BY-LAWS

Victoria builders and contractors are objecting strenuously to the recent passage of a revised building by-law. The document contains ninety-seven pages and is said to bear many defects, particularly with regard to reinforced concrete work which sadly lack necessary formulas. Objection is also taken to the clause that no reinforced concrete buildings be erected to a height of over 100 ft., whereas buildings of the same material and structure and of a greater height are already standing. Many other minor defects are charged.
