ALCOLAC - Pratt & Lambert
The 20th Century Shellac
An article of unique merit which may be used as a primer or first coater over hard or soft woods. It forms a hard, impervious coating which prevents suction and holds out the finishing coats of varnish to a remarkable degree. Is superior to spirit shellacs, liquid Fillers and similar preparations. Alcolac works easy under the brush, is pale in color so as not to darken the lightest woods. Dries to sandpaper over night.

TO ADVERTISERS AND SUBSCRIBERS

Consistent with the policy of the publishers of this paper—which is now only seven months old—to improve it as rapidly as business will allow, two more pages have been added, and a special representative has been appointed in Victoria, who will "cover" that city as thoroughly as possible in the line of advance building, contracting and engineering news of all kinds. Other news sources are gradually being added to our already large list, and it is the aim of the publishers to give, as soon as possible, a news service which will cover every item of any interest to subscribers in the whole of Western Canada. In fact, the news service now given by the Record in British Columbia is the most complete in existence.

To our new Victoria subscribers and advertisers we wish to state that just as much attention will be given to that field as is given to the Vancouver field, although it necessarily follows that, on account of the difference in the size of the cities, it will be impossible to obtain as much new building news, and impossible, therefore, to devote quite as much space to the Victoria department as to the Vancouver department.

On account of the fact that this paper will in future be more of a provincial paper than a local one, the name is changed to "DAILY BUILDING RECORD."

No charge is made to architects or to any other person for inserting under the proper heading any notice for "Tenders Wanted" on general or sub-contracts.

That we are able to make these improvements is due to the loyal support given to this publication by advertisers and subscribers, who have realized the value of having such a service in their locality, and we trust that the same kind of loyal support will enable us to make still further improvements in the near future.

Thanking all who have been instrumental in the success of the Record, and wishing you all a Happy and Prosperous Season for 1912, we are,

Faithfully yours,
RECORD PUBLISHING CO.

VICTORIA NEWS.

VICTORIA BUILDING PERMITS.

VICTORIA, Dec. 30.—Building permits issued yesterday as follows: J. A. Scott, 2 res, Russell st, $5000; R. H. Green, res, Broughton st, $1800; James Loggie, stable, Albert st, $150; Mrs. Moore, res, Rosebery st, Augustine & Knokles, contrs, $2275.

CONTRACTORS WILL BEGIN RAILROAD WORK AT ONCE

VICTORIA—Moore & Pethick, Board of Trade bldg, who were recently awarded the contract for construction of the C. N. R. from Mile 60 to Mile 100, announce that they will start work at once. Tenders for sub-contracts for about 3 miles of the work have already been received, and, though the contracts are not signed, these and others will be signed within two weeks. Several sub-contractors are now in the field looking over the route with a view to submitting tenders. Moore & Pethick expect to complete work on the E. & N. extension between Duncans and Cowichan, 20 miles, early in the spring. They are also rapidly completing the Saanich interurban line for the B. C. E. R.

WILL REBUILD STORE BLDG. RECENTLY BURNED

VICTORIA—Archt. Thomas Hooper has been commissioned to prepare plans for a 5-sto reinf-concrete store and office bldg for T. N. Hibben & Co. to replace the structure recently destroyed by fire. The bldg will gave a 45-ft frontage on Government st, between 4th and View sts, and will extend back 133 ft to Langley st, where it will have a frontage of 50 ft and a height of 6 stories. To cost $100,000. As the permit for the temporary structure now occupied by the stationary company will expire in less than 6 months, work on the proposed bldg will be rushed as soon as plans can be completed.

WILL START ON THEATER. SOON IN TWO WEEKS

VICTORIA—Excavation will be started in about two weeks for the proposed bldg for the Victoria Opera House Co., to be located at the corner of Blanchard and Broughton sts, for which W. D'O. H. Rochfort, 407 Pemberton bldg, is the archt. The plans for the bldg will be completed about the last of February. While the theater proper will occupy a space of 90x120 ft, the bldg will be 120 ft square, and the remaining 30 ft will be a 6-story apartment house, containing 32 apartments. The theater will seat 1750, and will have two galleries, to cost about $250,000.

WILL MAKE ALTERATION IN HEATING SYSTEM

VICTORIA—Stephen Jones, proprietor of the Dominion Hotel, will shortly install a new hot water system to supply hot and cold water to 40 rooms in that hotel. Mr. Jones has not decided what kind of a system he will install, but will decide this month, and will then let a contract.

A 6-story addition to the Dominion Hotel is contemplated, but nothing definite in the way of plans has as yet been done.

TENDERS INVITED.

VICTORIA—Tenders have been invited by the Provincial Department of Public Works, receivable up to the 11th of January next at noon, for the erection and completion of the necessary freight sheds and warehouses on the government wharf at Prince Rupert. A forfeit of $2500 is required with each tender.

WILL BUILD BIG HOTEL SOON.

VICTORIA—The announcement has been made that the G. T. P. will begin construction early in the spring on the large hotel proposed for this city. Plans are practically completed, and the site has long been in possession of the company.

WILL BUILD RESIDENCE.

VICTORIA—Contr. T. H. Brown, Sayward bldg, has just completed one residence, and is completing plans for another to be erected for F. W. Ware, 513 Sayward bldg. The houses will cost $2500 each.

WILL BUILD SHED.

Cross, Buchanan & Cross will erect a large galvanized iron shed at 437 Homer st, to cost $150.

WHAT THE NEW YEAR PROMISES FOR THE CITY AND PROVINCE

From all indications at the present time building operations and improvements of a permanent nature throughout the city and province will during the year 1912 exceed all past years, both in value and extent. In the city, the result of the elections this month will mean much, for with the consent of the voters much needed improvements amounting to millions will be carried out. A short resume of this work is as follows: Construction of sewers, $800,000; lands for park purposes, $500,000; Vancouver exhibition, $85,000; new plant for engineer's dept., $100,000; Old People's Home, $50,000; grading bulkheads and culverts on roads, $300,000; overhead viaducts, $400,000; Seymour Creek water extension, $350,000; park improvements, $100,000; purchase of corner Park drive and Venables st, $4100; waterworks extension, $275,000; three fire halls, $41,500; morgue and emergency hospital, $50,000; land at 4th ave and Granville st, $20,400; cold storage and extension of city market, $12,000; spur track for city market, $9000; grading and rocking of streets in D. L. 301, $90,000; police headquarters, $150,000; Harris-Georgia st bridge, $550,000; general hospital, $60,000; opening streets in Hastings townsite, $150,000; rock crushing plant and bunkers for city, $40,000; extinguishment of riparian rights, D. L. 200A, $6100; additions to juvenile detention home, $6000; widening lane in blk 28, D. L. 264A, $3950; clearing various streets, $7000; rocking and planking roads, $350,000; clearing and grading lanes, $58,000; day nursery, $7500; school purposes, $721,500; improvement of cemetery, $10,000; Westminster road improvements, $65,000. Total, $5,372,050.

Large public works proposed for this vicinity and for which there is every assurance that the present year will see carried far toward completion are the bridge over the Second Narrows, to cost $2,100,000; C. P. R. depot and other works, $5,000,000; dredging, building wharves and general improvements on the Lonsdale estate, North Shore, $1,000,000; C. F. Pretty's wharf, railroad, manufacturing and industrial scheme for Lulu Island, $20,000,000; University bldgs at Point Grey, $500,000; stadium at Coal Harbor, $275,000; smelters at Granby, $1,000,000; dry dock at Esquimalt, $1,000,000; and railroad work on various roads, which will run into the millions.

Buildings of a semi-private nature, together with office and public bldgs, will greatly enlarge the total of building permits for the year. Among these will be club bldgs for the Women's Associated Clubs and the Vancouver Club, as well as fine rooms in the Vancouver block for the Commercial Club; three hotels, aggregating over a million dollars to build; eight or more office bldgs, costing approximately $1,000,000; two or more theaters, to cost $500,000, besides several bldgs on which details are not obtainable at the present time.

South Vancouver, since the installation of its building inspection dept, has shown a remarkably steady growth, and there is every reason to believe that the permits for this year will run well over the million mark. There is now need, which will steadily increase, for smaller business blocks, and several are now contemplated.

Kerrisdale and Point Grey, which latter name will undoubtedly be changed to West Vancouver this year, also show every indication of a continued enlarged growth.

North Vancouver prospects are far in excess of 1911. This will include every class of bldgs, but principally residences.

Victoria prospects for the new year are better than last year, and the building permits are expected to far exceed those of the past year. Should the voters endorse the Sooke Lake water scheme, and with the intended harbor improvements, an impetus will be given to work of all kinds, which will place the Capital city much nearer the head of Canadian cities. Other points throughout the province show the indications of a rapid growth.

The Record wishes to make the prediction, at the very beginning of the year 1912, that from all present indications the building permits for the year will exceed $20,000,000.
