HARBOR IMPROVEMENT
PLANS BEING DRAWN

NEW WESTMINSTER—A. O. Powell, engineer in charge of the proposed local harbor improvements, will return from Seattle during the present week. Tentative plans will be submitted to the council and to lessees of waterfront property affected. Probably two or three months will pass before permanent plans are finished and adopted, but it is estimated that actual construction will be under way sometime during the month of September.

SEATTLE TO BUILD
STREET RAILWAY

Seattle, Wash—The last obstacle in the way of Seattle's municipal street railway disappeared when the state supreme court affirmed the validity of the $800,000 bond issue voted for the construction of the line. On two offerings of the bond banks refused to submit bids until some court had passed on their validity. A suit resulted in which residents friendly to the issuance of the bonds sought to enjoin them in order to test their validity.

Nearly three months ago the board of public works awarded a contract for the construction of a part of the line, but it has been held in abeyance. The action of the supreme court Tuesday will result in the council calling for bids on the securities. Condemnation proceedings are already proceeding for acquirements of all the properties of the Seattle, Renton and Southern, which it is proposed to make a part of the municipal system.
