POWELL IS READY TO PUSH HARBOR PROJECT

New Westminster—O. A. Powell, of Seattle, who was consulted with reference to the proposed harbor development, has filed a communication with the city council naming his terms for the work. Mr. Powell asks a remuneration equal to 6 2-3 per cent of the total cost, payable at a rate of $1,400 per month and the remaining commission to be paid when the work is completed. For this sum he will prepare plans, specifications, etc., and supervise the work. His proposal was referred to the finance committee.

The council proposes the erection of a new civic storehouse. To investigate this proposition Acting-Mayor Gray has appointed a council committee, composed of Ald. Lynch, eKillington, White and Curtis, whose departments are concerned with the proposed work.

Ald. Dodd inquired concerning the intended municipal gas plant. Plans have not yet been completed and no further action will be taken until the drawings are completely finished.

GOVERNMENT WILL PROBE ENGINEER'S CONDUCT

New Westminster—As a result of charges preferred by J. D. Taylor, M. P., the Minister of Public Works has ordered an investigation of the conduct of H. A. Bayfield, superintendent of dredging. The dreding offices were removed from New Westminster to Vancouver on the representation, it is alleged, of Bayfield, that in order to reach Steveston with supplies it would be necessary to go by way of Vancouver. It is claimed that in his drawings Bayfield did not indicate the direct line from New Westminster via Eburne and that he was unduly prejudiced against New Westminster. The date of the hearing has not yet been fixed.

ELECTRIC COMPANY TO BUILD NEW SHOPS

New Westminster.—Contemplating the erection of car shops at a cost of $75,000, the B. C. E. R. Co. have purchased three and a half acres of land adjoining their present shops on Twelfth Street, New Westminster. The property was bought for $123,000.

REVISED ESTIMATE OF BUILDING LOSSES

REGINA—A revised estimate of the bldg losses in Sunday's tornado indicates the following bldgs as being in a condition to be repaired: Knox Presbyterian church; Y.M.C.A.; Donahue blk.; Y.W.C.A.; Baptist church; Victoria public school; Public library; Land Title bldg; Masonic Temple; Massey-Harris bldg and the Ackerman blk. All of these structures were badly wrecked but it will not be necessary to entirely rebuild them.

Among others of the totally destroyed bldgs to be rebuilt at once is the Crapper bldg. As rapidly as the debris can be removed, this bldg will be replaced. All work will be rushed in order to complete exterior work before the first frost.

TO BUILD LARGE CUSTOMS HOUSE AT MONTREAL

MONTREAL—Plans have been completed for the new customs house in Montreal designed to accommodate the whole service in the city. Tenders will be called for immediately. The proposed structure will have a frontage of 160 feet, a depth of 131 feet and a height of 8 stories. The section to be built this summer is the examining ewarehouse. The construction will be of stone. The plans are from the office of Mr. David Ewart, Dominion Architect, Ottawa.

STRIKE SETTLED

MONTREAL—The threatened strike of stone masons and bricklayers has been averted, a two years' agreement being signed whereby the men are granted an increase of 5c an hour and Saturday free in July and August. The men waived a demand that foremen be members of the union and also agreed to the formation of an arbitration committee.

STRIKE IS ADJUSTED

WINNIPEG—The electric light linemen's strike has been settled, the city light and power depts and the Winnipeg Electric Co agreeing to an advance of five cents and hour with Saturday afternoon off during July and August.

FIRES DESTROY TIMBER

SAUTE STE. MARIE, Mich.—A forest fire near Sedeldrake, 40 miles north of this city, has destroyed nearly 500,000 feet of high grade white pine logs, valued at $750,000, according to reports received here last night.

IMMENSE DRYDOCK

Ottawa—Bids are now being received for the erection of one of the largest drydocks on the continent, to be built either at Levis, or on the St. Charles river, east of the city of Quebec. The drydock will be 1,150 feet in length, 137 ft in width and 37 ft in depth. Though the work will be done by private contractors the government offers a bonus of 4 1-2 per cent on $5,000,000 for a period of 35 years.

NOTICE

To Architects and Builders: Phillip Divish and H. Bering, cut stone contractors, agents for Denman Island Stone Co., will open a yard in Victoria, the exact location of which has not yet been decided upon. A complete stock of all kinds of stone for building purposes will be carried on hand.

Inspector Wanted—Inspector of works, experienced in supervising concrete and sewerage works. Applications to Box 42, Record, with age and experience. 5

FOR SALE—One No. 4 Foote concrete mixer on trucks, with 3 1-2 h.p. gasolene engine complete. Apply David Dow & Son, 344 Granville street. H. A. Englebrecht, agent.
