LOCAL ENGINEERS WILL PREPARE PLANS

Consulting Engineers Cleveland & Cameron, Rogers bldg., have been commissioned by the Burrard Inlet Bridge & Tunnel Co. to prepare alternative plans for the proposed Second Narrows bridge. This step has been considered advisable in view of opposition to the span of 150 ft. shown in the plans of Sir John Wolfe-Barry. In the meantime the Vancouver engineers will proceed with plans indicating a span of 225 ft., and these drawings will be submitted to C. C. Worsfold, district engineer, New Westminster, who will forward them to Ottawa if the 150-ft. span proposal is rejected.

PLANS FINISHED FOR HARBOR IMPROVEMENTS

H. H. Stevens, M. P., announces that plans for the proposed work on False Creek from the mouth to the Main St. bridge have been completed and are now en route to Ottawa. The work includes dredging a deep channel to give a minimum depth of water of 20 ft. at low tide. Tenders will soon be invited, and it is expected that dredging will start within a few weeks.

WILL ADD STOREY TO POWELL ST. BUILDING

S. Tamura, who is erecting a 3 sto brk and mill const store and rooming house on Powell st, has decided to add another storey and a contr has been let to Robt. Neill room 11, 522 Pender st W, who secured the original genl contr. The completed cost of the 4 sto bldg will be $60,000. Townsend & Townsend, 520 Granville st, are the archts.

DISTRICT ENGINEERS IN CONVENTION AT VICTORIA

District engineers of the public works department held a short session at Victoria on Monday. The work programme consisted chiefly of reviewing the work of the year and outlining work for the coming season. The district engineers present were Mr. Baxter, Prince Rupert; Mr. J. P. Forde, Revelstoke; Mr. D. R. Irvine, Vancouver Island, and G. P. Napier, in charge of the lower mainland. The fifth member of the staff, Mr. E. Mohun, was unable to be present owing to illness.

MUST RELAY PIPELINE.

NEW WESTMINSTER.—A. O. Powell, harbor engineer, has submitted a report advising the re-laying of the submerged water main under the Fraser River and connecting this city with Lulu Island and Richmond municipality. The engineer recommends that a new pipeline be laid 500 ft. below the Lulu Island bridge, where the bed of the river is not so uneven.

DEPOT PLANS APPROVED.

The C. P. R. plans for a railway depot at Coquitlam have been approved by the Coquitlam council and will now go before the Board of Railway Commissioners for adoption. The estimated cost of the building is $10,000.

ADDITION TO PLANT

EDMONTON—The Acme Brick Co. now finishing a large addition to their plant six miles northeast of the city, will have a capacity of 200,000 brick per day in 1913. The enlarged plant will be completed and ready for operation early next year.

MANY REQUESTS FOR PUBLIC IMPROVEMENTS

Yesterday was "Deputation Day" at the regular weekly meeting of the board of works. No bids were opened, but a number of deputations were present urging municipal improvements in various portions of the city. Among them were delegations from 1st ave W, asking for connection with the Balaclava sewer; another asking for a culvert near 11th ave and Main st; another re lane allowance in a subdivision and a fourth from Grandview. The latter protested against the delay in completing paving on Commercial drive, claiming that both sides of the street are blocked to the detriment of business. All of the requests and complaints were referred to the city engineer.

Requests for plank walks were received from residents on 12th ave E, Hastings st from Kootenay to Boundary; and on portions of Oxford and Walnut sts.

A communication was read from Ward Eight Ratepayers' Association re street grading in that portion of the city; from H. Bell-Irving Co. re unsatisfactory condition of Bridge st now partially paved; from Dominion Land Corporation, re grading 1st ave; re maintenance of boulevards, from Park Commissioners. Communications were referred to the city engineer for investigation and will be reported back to the board at the next meeting on Tuesday, Oct. 15.

INSTRUCTIONS TO RUSH KOOTENAY EXTENSION

NELSON—Instructions to commence immediately the construction of the Kaslo and Slocan railway line between Bear Lake and Maitewater mine, the first section of the line recently acquired from the Great Northern railway by the Canadian Pacific were received yesterday by W. P. Tierney, the Vancouver contractor, who is in Nelson. This work is to be completed in 60 days and the construction of the balance of the line into Kaslo will be carried on during the winter as five large trestles have to be replaced with fills. The total sum involved in the contract would be between $300,000 and $350,000.

Up to 400 men, if they can be secured will be employed on this work. The new line will be built on the same plan as the Three Forks Bear Lake spur recently completed. Eighty pound rails and number one ties will be used.

PROVINCIAL TIMBER REVENUE.

VICTORIA.—The provincial timber revenue for the month of September amounted to $255,681.93. There were 889 licenses issued west of the Cascades, and 434 east of that range. Into the fire protection fund there was paid $7002. The revenue from coal licenses was $6350, and there were fifty-one coal prospecting licenses issued.

HIGH PRICE FOR TIMBER

NORTH BAY—The highest price ever paid for pine timber in Ontario, $15 per 1000 board measure, was realized from the sale by tender of limits on the Jocko river, Nipissing district to J. J. McFadden, of Renfrew. Tenders were asked by the Ontario government for the pine on the limits and the sale has just been concluded.
