STEEL WORKS FOR SOUTH SIDE OF FALSE CREEK
L. G. Gilman, Seattle, vice president of the Great Northern railway, is at the Hotel Vancouver, and announces that his company has granted a site to W. E. Beebe of Portland for the erection of a structural steel plant. Mr. Beebe is the president of the Northwest Steel Co. of Portland, and his plant will employ 200 men and will cost \$300,000. The site is on the south side of False Creek adjacent to Scott st and is 400x600 ft. with truckage facilities. A separate Canadian company will be formed to fabricate steel import from the United States.

LUMBER COMPANY TO ERECT HUGE CEDAR MILL
Col. A. D. Davidson, president of the Canadian Western Lumber Co. announces the construction of a cedar mill adjoining the present plant at Fraser Mills. The new mill will cost \$350,000, with a capacity of 125,000 ft. daily. The products of the mill will be converted into sash and doors, with machinery capable of turning out 1000 doors per day, making this mill and sash and door factory the largest in Canada.

MUST FIGURE WALLS TO CARRY THREE ADDN. STOREYS
The building committee of the city council will ask prospective bidders to tender upon a building for police purposes with walls strong enough for three additional storeys, making eight in all. It is intended, however, to erect but five storeys for the present. Plans prepared by W. A. Doctor, Arts & Crafts bldg., of the firm of Doctor, Stewart & Davie, will be ready for estimating in a few days, and when ready the city will advertise for tenders.

VANCOUVER CONTRS. GET BURNABY WATERWORKS JOB
T. R. Nielson & Co. Ltd., 1901 Georgia St. have been awarded a contract for \$10,492 for laying approximately 25 miles of pipes for the waterworks department of Burnaby. This contract is for the second unit of the entire system, the first unit now being in operation. The second unit covers Johnson, Gunn, North and River Roads and along adjacent streets which are yet to be opened to traffic.

POINT GREY WILL CLEAR STREETS OF MUNICIPALITY
Ben. A. Culliffe, clerk of the municipality of Point Grey, will receive tenders until Monday, Sept. 30, for clearing a number of streets and roadways, including: 11th, 17th, 26th, 39th, 43rd, Aves., Ash St., and a road through Block 19, D. L. 139. Tenders are also required for laying sidewalks on 3rd, and 6th Sts., 38th, Ave. and Clere Road. Specifications and further information may be had on application to the municipal engineer, Kervissdale. All tenders must be accompanied by a marked check for 5 per cent. of the amount of bid.

CONTRACT LET FOR KITSILANO RESIDENCE
Archts. Stuart & White, Metropolitan bldg. have let a genl. contr. to G. J. Barker, Vancouver Heights P.O. for the erection of a residence on the corner of Collingwood st. and Second ave W. The building will be of frame const., concrete foundation, furnace, etc., and will cost about \$6,000.

MATERIALS TO BE USED.
The following material is mentioned to be used in the structures called for in the permits above, whose numbers correspond to those preceding the following items:
3516—Oblate Fathers, alter store, 670 Richards st; J. G. Ranch; \$300.

VANCOUVER BUILDING PERMITS
Only Permits amounting to less than \$1000 will be found under this head.

3515—1100 br, 400 yds pl, 9 bbls cmt.

LOCAL MAN TO BUILD BIG VICTORIA APARTMENTS
Harry Hume, financial agent, Dominion Trust Bldg., will erect a six storey apartment house on the southeast corner of St. Charles and Fort Sts., Victoria, B. C. at a cost of approx. \$200,000. There will be 74 apts. of two, three and four rooms each, with special quarters for servants in a semi-basement. The building will be surrounded by spacious lawns with winding walks and a motor drive entirely circling the premises. The site was purchased through J. R. Bowes & Co., Victoria, for \$26,000.

Mr. Hume expected to leave for Victoria last night in connection with the project. S. A. Jennings, of Victoria, is the archt. and it is probable that tenders will be called for soon after Mr. Hume returns to Vancouver.

LANE DISPUTE DELAYS HUDSON'S BAY BLDG.
Sir Thomas Skinner, of London, Eng., deputy governor of the Hudson's Bay Co. is on the Pacific Coast in the interests of his company, and confirms the announcement that the company will spend at least one million dollars on the erection of a new store building here. He states that construction will start on the Seymour St. portion of the proposed store building as soon as a settlement of the lane question can be reached with the city authorities. The company wants to close up the lane between Granville and Seymour Sts. and the members of the city council object on the ground that such a concession is contrary to the building bylaws.

The present building will be occupied until the Seymour st portion is finished and after moving into that portion the Granville St. section will then be built. Burke, Horwood and White of Toronto, are the architects, and have completed plans which will be submitted to bidders as soon as the lane difficulty is settled.

LOCAL FIRM WILL TENDER ON GREAT BREAKWATER JOB
The Norton Griffiths Co., Ltd. is numbered among those who will bid on the big Victoria breakwater contract, and this concern is believed to be the only one in Vancouver which will attempt the undertaking. Firms located all over the world will bid on this job, among them being Sir John Jackson, Edinburgh, Scotland, Hancy & Miller, of Toronto, and three or four others of equal prominence. The job will cost approx. \$2,000,000. Plans are on file with C. C. Worfold, district engineer, New Westminster, and with the postmaster, Vancouver. Bids will be taken until Oct. 15.
Representatives of Sir John Jackson were in the city Monday and are now at Victoria. They are C. Hall Scott, London and Albert Brooks, of Montreal.

WILL SUBMIT BYLAW TO WIDEN UPPER MAIN ST.

At the board of works meeting in the city hall yesterday afternoon the committee decided to recommend to the council that a bylaw be submitted to the ratepayers to widen Main st from 15th to 25th ave, by local improvement assessment. A delegation present at yesterday's meeting, urged action and Ald. Miller stated that the city engineer was preparing estimates of the probable cost the work if approved, to be undertaken early next year.

No bids were opened. Communications were read from Edward Cook, asking for a change of grade on 12th ave, west of Granville st, from A. B. McNeill, re box drain on 8th ave, from 14th ave. Property Owners' Association, re widening 4th ave, from Board of School Trustees, re widening Cambie st; from D. W. Reeve and London & British North America Co. re delay in widening Commercial Drive; from municipality of Point Grey, re connection with city sewerage system at 14th ave; from City Solicitor re lease of Admiralty Reserve, Barnett; from Bodwell & Lawson, re subdivision of lots without specified lane allowance; from H. Richards, re wood block paving; from C. B. Vance, submitting plans of B. C. Electric for permanent tracks on Westminster Road; from Western Canada Power showing cable locations, also locations for poles for transformers; from Degry's & Co, for permission to establish meteorological kiosks throughout the city; from Somervell & Putnam, re area on Seymour st; from J. B. Mallers, complaining that promised culvert in lane, near 11th ave and Main st was not constructed; from A. Halley, protesting against dangerous tree at 3429 1st ave W; from Victor Bourne, protesting against dangerous bridge on Boundary Road; from municipality of Point Grey, re Waterloo Road and Arbutus st; from Maritime Motor Car Co, re planking on 13th ave W; from LeBaron L. Moore, re opening lane between 14th and 15th aves from Commercial to Victoria; from Dr. J. R. Atkinson, re condition of lane, Alberta and 16th ave; from R. B. Lyle, re three-plank walk on Glen Drive; from L. A. Macdonald, re three plank walk on Kamloops st from Eton to McGill sts; from T. Mathews, re installation of oil tanks.

A number of delegations were present with respect to municipal improvements desired. Their propositions, together with the most of the communications were referred to the city engineer.
