OTTAWA COMPETITION OPEN TO ARCHITECTS

Dept. Bldgs., Ottawa—The commission of architects appointed by the government to direct the preparations of designs for the new departmental buildings at Ottawa has just submitted its report outlining the conditions of the competition.

It will be open to competitors throughout the British Empire. There will be at least two buildings and probably a third one for the courts. Half a million superficial feet of floor space will have to be provided.

Designs of a general character will first be submitted and from this number the best six will be selected and the authors of these will be asked to elaborate their designs. The one finally selected will get the job of superintending the work based on his plans and will be given a five per cent commission. The cost of the buildings will probably aggregate five million dollars.

The other five competitors who will be asked to develop their general designs will each receive $3,000. The sketches will be received up to January 2 next. Then three months will be given for the best half dozen to develop their plans.

The competitors whose plans are accepted will be given a further period of four months to prepare working plans. Afterward tenders will be called for, but, in view of the time allowance, this will not be before next autumn.

The cost of the building will aggregate $5,000,000 dollars. The other five competitors will be asked to develop their general designs and each will receive $3,000. The sketches will be received up to January 2, next. Then three months will be given for the best half dozen to develop their plans.

WILL ERECT TELEPHONE EXCHANGE IN COQUITLAM

Telephone Bldg., Coquitlam—Plans are now being prepared in the local offices of the B. C. Telephone Co., for a frame exchange bldg. to be erected in the near future in Coquitlam.

site was recently purchased on Schoolhouse road opposite the Central exchange.

It is thought that tenders may be invited within the next two weeks. No bldg. details are available.

It is stated that construction on the company's proposed 10-sto. exchange bldg. on Seymour St. in Vancouver will not be resumed until spring. The steel contract was awarded and excavation made, but further sub-contracts will probably be withheld until next spring.

MANY PROPOSALS FOR VICTORIA WATERWORKS

Waterworks, Victoria—Keen competition is indicated in the numerous proposals entered for the Victoria waterworks contracts, tenders for which closed on Thursday.

The results will probably not be known for several days, although it is the intention to award contracts and have the work undertaken without delay.

The proposals include the fabrication and laying of 27½ miles of concrete pipe and appurtenances; fabricating and laying about 10 1-4 miles of 36-inch riveted steel pipe; for supplying structural steel for about 49 trestles and small bridges.

Sash and Door Factory.

The sash and door factory at Fraser Mills will probably be running in a very short time. The machinery has arrived and is now being erected. The plant will be operated operated by electricity.

COQUITLAM ITEMS.

Operations on oiling the main thoroughfares in Port Coquitlam was started the latter part of last week.

Evidence that building is still very active in the city of Port Coquitlam is contained in the fact that ten building permits of the total aggregate value of $8,815 have been issued by the city engineer since July 14.

L. W. Hookem, late of Calgary, is establishing a showcase and cabinet plant at Coquitlam; bldg. to be 20x60, to cost about $5,000.

LOCAL TENDERS WANTED
General Contract

Theatre, Vancouver—From his own plans, Archt. J. J. Donnellan, 319 Pender W., will receive proposals within a few days covering the construction of a first class fireproof theatre bldg. to be erected in this city on Keefer near Main st. The bldg. exclusively announced in The Record some time ago, is intended to house the very best shows.

The specif call for a structure of steel and brick, with pressed brick and terra cotta exterior. Its dimensions will be 75x120, with a balcony and gallery. The seating capacity will be approximately 1700. The owners are Eastern people.

There will be an exhaust system for both heating and ventilating, concealed or "indirect" lighting on an elaborate scale, ornamental plaster and considerable interior decorating, tile floors in the lobbeys, and a full modern equipment for an entirely uptodate theatre bldg.

The stage will be 32x73, with full equipment.

The contract, for which tenders are desired only from responsible contractors, will cover practically everything excepting that equipment required specifically for "theatrical" bldg accessories.

Sub-Contracts and Materials

Police Station, Vancouver—In View of the announcement that funds will shortly be obtainable to carry out the work, it was decided at the meeting of the fire and police committee recently to complete the contract for the erection of the sub-station for the police at the corner of Pandora and Templeton.

Postoffice Sub-station, Vancouver.—Archt. A. Campbell Hope, Empire Bldg., telephone Seymour 5925, will receive figures covering practically all the material and equipment which will be required in the construction of the proposed sub-postoffice bldg., to be erected in the Mount Pleasant Dist., at a cost of about $100,000.

It is the intention of the authorities to use only Canadian materials and Canadian made goods in this bldg., and in connection with this Mr. Hope wants it distinctly understood that he desires prices on only Canadian products, also that samples must accompany proposals.

The list of items on which Mr. Hope wishes figures and samples includes special flooring materials, marble trim, marble mosaic, wall tile, hardwood flooring, stone, both granite and sandstone; brick, both common and facing; tile partition block, or its equivalent; sliding doors; interior bank furnishings, and postal equipment.

Mr. Hope has been commissioned by the Dept. at Ottawa to prepare the plans for this bldg., and is obtaining the data and samples covering the bldg. materials previous to specifying the materials which will be used.

The bldg. will be entirely fireproof.

OUTSIDE BUILDING TENDERS
