Tenders are in on two routes.

CITY ENGINEER FILES REPORT FOR THE YEAR

City Engineer Fellowes yesterday submitted a report to the Board of Public Works covering municipal works undertaken by his department during the year just closing. The report shows in detail the amount of paving, curbs, st. widening, sidewalks, sewers, etc., put under way during the last 12 months.

Draughtsman Wanted.

Applications are invited to be sent to an address given as P. O. Box 1037, for a position as architectural draughtsman, which is now open; applicants to give references and state experience in letter.

VANCOUVER BUILDING PERMITS

Only Permits amounting to less than $1000 will be found under this head.

5989—A. U. Depenair, frame addn to res., 1346 Pendrell St., owner, $60.

TRANQUILLE SANATORIUM WILL BE NEAR KAMLOOPS

In answer to several queries the Building Record wishes to announce that the proposed "Tranquille" sanatorium for the B. C. Anti-Tuberculosis Society is to be located only nine miles from Kamloops. There is no other bldg. of this description to be erected at Kamloops now. The impression prevails in some quarters that there are two sanatorium projects, but there is to be only one, at Tranquille.

No contract has yet been awarded for construction.

HOSPITAL BUILDING TENDERS CLOSE TODAY

Hospital Bldgs., Vancouver—Proposals for constructing a brk Nurses' Home and Service Wing addns to the structures of the Vancouver General Hospital will close today.

A meeting of the bldg committee will be called at once to open proposals and award a contract.

Bldgs. have been described previously in the Building Record.

TENDERS CLOSED FOR VICTORIA GOVT. PIERS

Piers, Victoria—Tenders closed yesterday at 4 p.m., at Ottawa, for the construction of two concrete piers in Victoria harbor, for the Dominion Dept. of Public Works. Est. cost of the piers is $750,000 each, with an appropriation of $500,000 now available to start work.

Many of the larger construction companies in Canada with equipment for the work tendered on the job.

It will probably be several weeks before results are known.

COMPETENT ENGINEER SELECTED FOR POST

A sub-committee of the city council has recommended the appointment of J. T. Breckon, of Vancouver, for the newly created post of waterworks engineer, at a salary of $300 per month with a yearly increase.

Mr. Breckon has had 25 years practical experience at his profession in the Uited States and Canada and is regarded as eminently suitable for the position.

TAKE FIGURES SOON ON UNIVERSITY BLDG. EQUIP.

University Bldg., Edmonton—While general contract tenders close at noon, Dec. 15, at the office of C. S. Burgess, resident archt. of Edmonton, for erecting a proposed "Arts" bldg for the University of Alberta (Edmonton So.), it is announced that separate tenders will be invited later for heating and ventilating, lighting and plumbing.

HAVE ALTERNATE PLAN FOR WATERFRONT WORK

St. Work, Vancouver—The Wall St. Improvement Association has proposed a plan involving an excavation and fill to improve waterfront property on Wall st in Hastings townsite, instead of the original scheme to fill in and move back the C. P. R. tracks, which is opposed by the company.

The section to be improved, from Trinity to Renfrew sts, would involve an outlay of about $200,000.

PREPARING PLANS FOR "WHITE LUNCH" CHANGES

Lunch Addns., Victoria—Archt. Fox & Berrill are preparing plans for extensive alterations and additions to the accommodation of the White Lunch Restaurants, both on Yates and Government Sts.

"MUNICIPAL WORK" LOAN

Municipal Work, New Westminster—The council has appointed a committee to arrange a loan with the Bank of Montreal to proceed with various municipal work.

WATERWORKS BOND ISSUE

Port Alberni, B. C.—The ratepayers will vote upon the issue of $40,000 bonds for waterworks extensions.

The Value of Spare Moments

From every section, and from all sorts and conditions of men, messages come to tell of earnings increased and futures brightened through study of I. C. S. Courses during spare time.

One letter gives the romance of a young man in California that began with little or no education; another tells the story of a high school graduate in Maine that found himself educated for everything but to make a living. Here are the heart-trobs of a fellow that toiled 12 hours a day and studied his Course as best he could; of a foremen or superintendent that enrolled because his ambition aimed at still bigger things.

No matter where you live, how little spare time you have, or how brief your schooling, the I. C. S. can raise your salary. That statement is backed with 20 years of success and a record of 400 or more advancement letters received every month.

I. C. S. Courses have made draftsmen, foremen, and superintendents of shop hands; building contractors, architects, structural and concrete engineers of carpenters and masons; advertising men, window trimmers, chemists, illustrators, and designers of clerks; electrical, mechanical and steam engineers of laborers; mine inspectors, foremen, and mining engineers of mine workers; bridge engineers, surveyors and mappers, civil engineers, gas engineers, automobile runners and civil service employees of young men willing to use their spare time to mold a career.

Suppose you were to increase your earnings only $20 a month—what a fine return that would be on your spare-time investment! Yet some have increased their earnings $250 a month.

Mark and mail this coupon and you will receive free information how you can increase your earnings by spare-time study.

It will be open to competitors throughout the British Empire. There will be at least two buildings and probably a third one for the courts. Half a million superficial feet of floor space will have to be provided.

Designs of a general character will first be submitted and from this number the best six will be selected and the authors of these will be asked to elaborate their designs. The one finally selected will get the job of superintending the work based on his plans and will be given a five per cent commission. The cost of the buildings will probably aggregate five million dollars.

The other five competitors who will be asked to develop their general designs will each receive $3,000. The sketches will be received up to April 2 next. Then three months will be given for the best half dozen to develop their plans.

The competitors whose plans are accepted will be given a further period of four months to prepare working plans. Afterward tenders will be called for, but, in view of the time allowance, this will not be before next autumn.
