ARCHITECTS INVITED TO INTERNATIONAL COMPETITION

Melbourne, June 30. 1914—The Australian government announces an international architectural competition for the purpose of selecting the architect of the Parliament House and possibly incidentally additional architect for other government structures of the new Federal Capital City, Canberra.

Only tentative outline sketch designs for the building are requested, and eight (8) prizes are offered aggregating £6000, the first being £2000, in addition to commission for service at the scale of the Royal Institute of British Architects.

Designs may be submitted in either Melbourne or London before March 31, 1915, and wil be judged by the following jury of architects:

George T. Poole of Australia.
John J. Burnet of London.
Victor Laloux of Paris.
Otto Wagner of Vienna.
Louis E. Sullivan of Chicago.

The decision of the jury will be final.

A program will be issued to any practicing architect on application to the High Commissioner for Australia in London. Works Departments of British Colonies, or British Embassies at Berlin, Madrid, Paris, Rome, St. Petersburg, Stockholm, Vienna, Washington, from whom also copies of text in French or German may be had on request. Copies in Esperanto may be obtained from the High Commissioner or from the Esperanto headquarters at Geneva.

The importance of this event is not to be measured by that of the foremost building of the commonwealth, but by the opportunity to establish an architectural standard not only for the entire future seat of government in Australia, but for a great new democracy of scope, scale and modern advantages as well as the climatic conditions differing radically from any prototype in Europe or elsewhere.

The Value of Spare Moments

From every section, and from all sorts and conditions of men, messages come to tell of earnings increased and futures brightened through study of I. C. S. Courses during spare time.

One letter gives the romance of a young man in California that began with little or no education; another tells the story of a high school graduate in Maine that found himself educated for everything but to make a living. Here are the heart-trobs of a fellow that toiled 12 hours a day and studied his Course as best he could; of a foremen or superintendent that enrolled because his ambition aimed at still bigger things.

No matter where you live, how little spare time you have, or how brief your schooling, the I. C. S. can raise your salary. That statement is backed with 20 years of success and a record of 400 or more advancement letters received every month.

I. C. S. Courses have made draftsmen, foremen, and superintendents of shop hands; building contractors, architects, structural and concrete engineers of carpenters and masons; advertising men, window trimmers, chemists, illustrators, and designers of clerks; electrical, mechanical and steam engineers of laborers; mine inspectors, foremen, and mining engineers of mine workers; bridge engineers, surveyors and mappers, civil engineers, gas engineers, automobile runners and civil service employees of young men willing to use their spare time to mold a career.

Suppose you were to increase your earnings only $20 a month—what a fine return that would be on your spare-time investment! Yet some have increased their earnings $250 a month.

Mark and mail this coupon and you will receive free information how you can increase your earnings by spare-time study.

NARAMATA WILL IMPROVE PRESENT WATER FACILITIES

Namamata, B. C.—At a recent meeting of the council, initial steps were taken towards the prevention in the future of any shortage of water, both for irrigation and domestic purposes.

It was decided to urge the engineers now engaged in preparing preliminary sketches for the proposed dam to make all possible haste and, if possible to have a report as to the probable cost of the project ready for the next meeting which will be held next Monday.

As sufficient money will not be available until a new bond issue is floated, it is proposed to call for volunteer labor for the time being.

Certain claims and mining rights covering a deposit of practically pure bitumen (gilsonite) and bituminous limestone.

Possession. Immediate possession of parcels Nos. 1, 2, 3, 4, 5 and 7 can be given on completion of sale. Possession of parcel No. 6 cannot be given until certain paving at the City of Victoria, B.C., in which the Liquidator is at present engaged, is completed. If, before the completion of the sale, the purchaser requires possession of any parcel, of which possession can be given by the Liquidator, he may obtain same by giving security for the unmatured payments satisfactory to the Master-in-Ordinary of the Supreme Court of Ontario. Tenders must be made on the understanding that inability on the part of the Liquidator to deliver possession of, or transfer the title to any item shall operate as a cancellation of the sale in respect of such item only, and shall not operate as a cancellation of the sale as a whole. The amount of any allowance to be made in respect of any such item shall be determined by the Master-in-ordinary of the Supreme Court of Ontario.

Tenders will be received for all parcels en bloc and for each parcel separately.

All rentals, taxes, insurance, water rates, and similar items will be adjusted to the date of the acceptance of the tender.

Full Information as to all parcels with inventories of parcels Nos. 1, 2, 3, 4, 5 and 6, and a schedule of the claims and mining rights included in parcel No. 7, and copies of the Lease referred to in Parcel No. 3, may be obtained from the Liquidator.

NATIONAL TRUST COMPANY, LIMITED, TORONTO, CANADA.

Terms of Payment. Ten per cent. of the amount tendered shall accompany each tender, 15% on the acceptance of the tender, and the remainder in 3 eual instalments at 3, 6 and 9 months without interest. On receipt by the Liquidator of the final payment, the sale shall be completed. All tenders must be accompanied by an accepted cheque payable to the Liquidator for 10 per cent of the amount of the whole tender, which cheque will be returned if the tender is not accepted, and forfeited if the tender is accepted, and purchase not completed by the tenderer.

The highest or any tender not necessarily accepted.

The purchaser shall, at his own expense, make whatever search of title he may deem necessary or expedient, and the Liquidator shall not be required to furnish any abstracts or produce any deeds, declarations, or other evidence of title except those in its possession. The purchaser shall have 15 days from the date of acceptance of tender within which to make any objections or requisitions in respect of the title and in case the purchaser shall, within such time make any objection or requisition which the Liquidator shall from any cause, be unable or unwilling to remove or answer, then the Liquidator may (notwithstanding any intermediate negotiations) rescind the sale, in which case the purchaser shall be entitled only to a return of the deposit money without interest, costs or compensation.

The other conditions will be the standing conditions of sale of the Supreme Court of Ontario as far as applicable.
