PREPARING PLANS FOR HORNBY ST. OFFICE BLDG.

Office Bldg., Vancouver. — The National Mercantile Co., 420 Winch bldg., are now having plans prepared by their own draughtsman for a two-storey office bldgs. for their own use to be erected opposite the courthouse on Hornby St. A contract has been awarded to Glover Lloyd, 1689 Robson St., on a percentage basis and as soon as the plans are fully completed subcontracts will be invited, covering all the different trades.

The proposed structure will be of brick, steel columns, and mill const. with modern office conveniences throughout. The estimated cost of the bldg. will be about $20,000.

Plummer & Brown have been awarded the excavating contract and at present the old bldgs. on the site are being torn down and const. work on the new bldg. will be rushed as fast as possible.

SCHOOL WORK WILL BE LAID OVER UNTIL NEXT YEAR

School Work, Vancouver — It was stated at the school board offices yesterday that all construction work that is under way for the school board at present will be completed, but that the contemplated improvements will in all probability be laid over until the first part of the year owing to the financial situation.

The proposed fireproof gymnasium to be erected at the King Edward high school will also be laid over until the coming year and at present but one man is working on the job. The plans have been completed for some time and the estimated cost of the work is approximately $50,000.

WILL PROCEED WITH BRIDGE WORK BY DAY LABOR

Bridge, Calgary — At a meeting of the bridge commissioners a communication was received from Grant Smith & Co., low tenderers for the proposed Mission Bridge over the Elbow river stating that they were not prepared to finance the work, and asked that their cheque be returned.

The city will proceeed to move the present old bridge a little further up stream until the new bridge is completed. Meanwhile the city will go ahead and put in the footings before he cold weather sets in. The estimated cost of the structure is about $50,000.

INVITES TENDERS FOR FRAME SCHOOL BLDG.

School Langley Prairie, B. C.—Tenders will be received by J. E. Griffith, Minister of Public Works, Victoria, for the erection of a frame school bldg., to be erected at Langley Prairie.

May Stop Paving Work

Paving, South Vancouver — Paving operations on Main St. may be stopped unless the Can. Bank of Commerce will purchase more of the municipalitie's bonds. At present no more money is available to proceed with the work.

Paving Committee Meet

Paving, Victoria—The first meeting of the committee of the city council to prepare a paving programme for the 1915 council was held Saturday. Full details will be arranged at the next meeting of the body.

Wharf Completed.

Wharf, Pitt River—The Pitt River Wharf has been completed by the Dept. of Public Works, and is now in operation. The structure is 60x80 ft. with an approach of 300 ft.

IMPORTANT NOTICE.

The Publishers wish to announce that, beginning with the issue of Friday, Oct. 2nd, the Building Record will be published three per week instead of daily as at present. The days of issue will be Monday Wednesday and Friday.

Under the prevailing business conditions it is deemed advisable to make this change as it is felt that a paper of much more interest and value to the trade can be issued, if published on alternate days.

This arrangement will allow more time to obtain details on all building and improvement projects, besides making it possible to cover the ground more thoroughly than heretofore.

The name of the paper will be changed from the Daily Building Record to the British Columbia Building Record. Subscription price will remain the same.

RECOMMEND LOCATION OF DOMINION GOV'T WHARVES

Wharves, South Vancouver — At a meeting of the council it was decided to recommend to the Dominion Government that the proposed wharves which are to be erected on the North Arm of the Fraser river to facilitate the handling of produce in that vicinity be erected at the foot of Kerr, McRae and Main Sts.

Plans for the proposed firehall for which building inspector Hubbard is now preparing plans will be submitted to the council at their next meeting and it is likely that tenders will be invited in the near future.

DISCUSS DIFFERENCES ON JOHNSON ST. BRIDGE PROJECT

Bridge, Victoria—At a private meeting of the committee of the city council and represenatives of the B. C. Electric and the C. P. R. many topics relative to the proposed Johnson St. bridge were discussed, and while nothing was definitely arrived at, it was stated that an amicable agreement will be arrived at in the near future and that cons. work will be undertaken soon. A conference will be held with Mr. R. Marpole, head of the C. P. R. in B. C., when the matter will be further discussed

RECEIVING TENDERS FOR McBRIDE LOCKUP BLDG.

Lockup, McBride B. C.—Tenders will be received by J. E. Griffiths, Deputy Minister of Public Works, Victoria, until noon, Oct. 2nd, for the erection of a lockup, courtroom, and constables quarters, to be erected at McBride, in the Cariboo Electoral District.

Plans and specifications may be obtained from Government Agent, Fort George, and from the Dept. of Public Works, Victoria.

ARCHITECTS INVITED TO INTERNATIONAL COMPETITION

Melbourne, June 30. 1914—The Australian government announces an international architectural competition for the purpose of selecting the architect of the Parliament House and possibly incidentally additional architect for other government structures of the new Federal Capital City, Canberra.

Only tentative outline sketch designs for the building are requested, and eight (8) prizes are offered aggregating £6000, the first being £2000, in addition to commission for service at the scale of the Royal Institute of British Architects.

Designs may be submitted in either Melbourne or London before March 31, 1915, and wil be judged by the following jury of architects:

George T. Poole of Australia.
John J. Burnet of London.
Victor Laloux of Paris.
Otto Wagner of Vienna.
Louis E. Sullivan of Chicago.

The decision of the jury will be final.

A program will be issued to any practicing architect on application to the High Commissioner for Australia in London. Works Departments of British Colonies, or British Embassies at Berlin, Madrid, Paris, Rome, St. Petersburg, Stockholm, Vienna, Washington, from whom also copies of text in French or German may be had on request. Copies in Esperanto may be obtained from the High Commissioner or from the Esperanto headquarters at Geneva.

The importance of this event is not to be measured by that of the foremost building of the commonwealth, but by the opportunity to establish an architectural standard not only for the entire future seat of government in Australia, but for a great new democracy of scope, scale and modern advantages as well as the climatic conditions differing radically from any prototype in Europe or elsewhere.

The Value of Spare Moments

From every section, and from all sorts and conditions of men, messages come to tell of earnings increased and futures brightened through study of I. C. S. Courses during spare time.

One letter gives the romance of a young man in California that began with little or no education; another tells the story of a high school graduate in Maine that found himself educated for everything but to make a living. Here are the heart-trobs of a fellow that toiled 12 hours a day and studied his Course as best he could; of a foremen or superintendent that enrolled because his ambition aimed at still bigger things.

No matter where you live, how little spare time you have, or how brief your schooling, the I. C. S. can raise your salary. That statement is backed with 20 years of success and a record of 400 or more advancement letters received every month.

I. C. S. Courses have made draftsmen, foremen, and superintendents of shop hands; building contractors, architects, structural and concrete engineers of carpenters and masons; advertising men, window trimmers, chemists, illustrators, and designers of clerks; electrical, mechanical and steam engineers of laborers; mine inspectors, foremen, and mining engineers of mine workers; bridge engineers, surveyors and mappers, civil engineers, gas engineers, automobile runners and civil service employees of young men willing to use their spare time to mold a career.

Suppose you were to increase your earnings only $20 a month—what a fine return that would be on your spare-time investment! Yet some have increased their earnings $250 a month.

Mark and mail this coupon and you will receive free information how you can increase your earnings by spare-time study.
