BRINGS ADVICES ON RUPERT CONSTRUCTION

R. J. Christian, of North Vancouver, contractor, has returned from an extended trip to Prince Rupert, Smithers, and the North country and reports construction rather quiet, except at Smithers, where the work is largely of smaller frame bldgs., with a pronounced shortage of lumber that retards contractors very materially. Mr. Christian says:

"Excavation for the big Grand Trunk hotel at Rupert is about three-fourths completed, but will probably not be finished until spring, as there is now heavy rock excavation to make.

"The excavation for the post office bldg. is well under way, but nothing definite is known as to when a bldg. contract will be let.

"The Premier Hotel bldg. is practically finished.

"There is lots of bldg. work at Smithers, but the lack of lumber is a drawback. It is mostly small construction, and there are no big jobs coming up that I know of.

"Generally speaking the labor market is well supplied. Building operations in the Rupert district are pretty quiet just now, with no jobs of any importance coming up, except those of which mention has been made frequently in the past.

"W. J. Smith, Ltd., Bank of Ottawa bldg., is constructing the concrete subway for the proposed new government courthouse bldg."

Editor's Note—Archt. A. A. Cox, Carter-Cotton bldg., is now working on the plans for the Prince Rupert courthouse bldg., and it is not known when tenders will be invited.

So far as known no figures have been taken on the proposed Grand Trunk Hotel, for which Archt. F. M. Rattenbury, of Victoria, is completing plans, and it is not likely that bldg. construction will start before spring.

THROWS OUT TENDERS FOR VICTORIA SCHOOL

School, Victoria—The school board has decided to throw out all tenders submitted for the construction of the new Quadra St. school and return checks to tenderers.

This action was taken because of the lack of bldg. funds. Tenders recently received for the Margaret Jenkins school in Victoria were returned to the tenderers unopened, for the same reason.

J. Weismeyer was given the contract to remove an old brk. bldg. from the High school grounds.

WILL MAKE REPAIRS TO BURNED BUILDING

The necessary repairs will be made to the Haddock Building, 1057 Hamilton St., occupied by numerous firms for storage and office purposes, the top floor of which was badly butted by fire Thursday night, resulting in considerable damage.

Until an inventory was taken of the loss and insurance matters adjusted, no definite statement will be made as to the work required in making repairs.

TO LET CONTRACT SOON ON WESTMINSTER BLDG.

Hotel Addn., New Westminster—To comply with the new hotel license by-law, work will be started about the first of next week on the Colonial Hotel, on Clarkson street. Additional rooms will be added to make the required number, thirty. The contract for this work will be let within the next day or so.

WATERFRONT WORK IS PLANNED FOR KAMLOOPS

Dredging, Kamloops—The city will ask the Dominion government to dredge the whole of the "Riverside" waterfront, the earth and mud to be used for filling for the park, and to erect the piling and sheeting for a wharf, the city to build the deck and do any other improvement in the way of making the waterfront attractive.

Architects Separate.

The architectural firm of Bresemann & Durfee, of Victoria and Nanaimo, have dissolved partnership, E. J. Bresemann continuing the business in his own name at Nanaimo.

VANCOUVER BUILDING PERMITS

Only Permits amounting to less than $1000 will be found under this head.

IS PREPARING PLANS FOR APARTMENT BLDG.

Brick Veneer Modern Structure Proposed at Fifth Ave. and Pine.

Apartment, Vancouver—Archt. Raphael A. Nicolais, Birks bldg., has been commissioned by E. French, of this city, to prepare plans for a modern apartment bldg., planned for erection at 5th Ave. and Pine St.

The structure is to be 2-sto. and bmt., with two 50-foot bldgs. on each side and a large central court between.

The construction will be of frame with brick veneer. There will be nine apartments on every floor of each bldg., equipped with disappearing beds and all modern requisites, hot and cold water, plbg., etc.

The cost of the bldg. will be about $20,000. The question as to when construction will start depends entirely upon the successful completion of negotiations now under way. The archt. wants no figures.

CONTRACT IS AWARDED FOR POINT GREY RESIDENCE

Residence, Point Grey—From his own plans, F. Colborne, 912 Birks Bldg., has been awarded a contract by L. K. Campbell, to erect a 2 sto. fr. residence at 2027 26th Ave., in Point Grey, to cost $3,500.

The bldg. will be entirely modern and fully equipped.

Mr. Colborne also has the contract for alterations to the residence of J. H. Ingram, at Hudson and Laurier ave., in Shaughnessy Heights, to cost about $1,500.

Mr. Colborne could not be reached yesterday to see whether he wanted tenders.

EXPERT WILL SELECT DRYDOCK LOCATION

Drydock, Victoria—While plans have been practically completed for a 1,150 ft. drydock which the Dominion govt. will construct at Esquimalt, Ulric Valquette, supervising engineer of the public works dept. at Ottawa will visit the coast and personally inspect the various locations before a definite site is selected.

TAKE FIGURES FOR AN EDMONTON OFFICE BLDG.

Office Bldg., Edmonton—Cauchon & Van Tyne, architects, have completed plans for a seven storey steel building, 25x150 feet, on Rice street, for Edwin Auld. The cost is placed at $110,000. The lower floor will be a store, with seventy offices on the six upper storeys. Tenders have been called for the construction work. The building is to be completed early in 1914.

TAKING FIGURES ON EDMONTON ARTS BUILDING

Arts Bldg., Edmonton—Plans for the proposed new Arts Building can be seen at the Edmonton Builders' Exchange. Tenders close on Dec. 15th, 1913.

Sub-contractors and supplymen are advised to send quotations to Norcross Bros. Co., New Birks Building, Montreal, P. Q.

Editor's Note—The Building Record has no further particulars.

PROPOSALS OPENED FOR MOVING BUILDINGS

Proposals were opened yesterday evening by City Purchasing Agent Stuart for the purchase and removal of ten old bldgs. located on park property at English Bay and Coal Harbor.

Harbor Commissioners Back

J. A. Fullerton, member of the newly created Harbor Commission, has returned from a trip to Ottawa, where he went to obtain information touching the work he will have to undertake locally.

The Value of Spare Moments

From every section, and from all sorts and conditions of men, messages come to tell of earnings increased and futures brightened through study of I. C. S. Courses during spare time.

One letter gives the romance of a young man in California that began with little or no education; another tells the story of a high school graduate in Maine that found himself educated for everything but to make a living. Here are the heart-trobs of a fellow that toiled 12 hours a day and studied his Course as best he could; of a foremen or superintendent that enrolled because his ambition aimed at still bigger things.

No matter where you live, how little spare time you have, or how brief your schooling, the I. C. S. can raise your salary. That statement is backed with 20 years of success and a record of 400 or more advancement letters received every month.

I. C. S. Courses have made draftsmen, foremen, and superintendents of shop hands; building contractors, architects, structural and concrete engineers of carpenters and masons; advertising men, window trimmers, chemists, illustrators, and designers of clerks; electrical, mechanical and steam engineers of laborers; mine inspectors, foremen, and mining engineers of mine workers; bridge engineers, surveyors and mappers, civil engineers, gas engineers, automobile runners and civil service employees of young men willing to use their spare time to mold a career.

Suppose you were to increase your earnings only $20 a month—what a fine return that would be on your spare-time investment! Yet some have increased their earnings $250 a month.

Mark and mail this coupon and you will receive free information how you can increase your earnings by spare-time study.

Consulting Engineer A. D. Creer states that specif. and date may be obtained from him at his Vancouver offices, 119 ePnder W., beginning Monday Nov. 17.

The tenders will be received upon the basis, first, of "concrete in place," and as an alternative, on "concrete pipes."

The probable cost of the work is variously estimated at from $200,000 to $400,000, depending a great deal upon which of the alternative methods is adopted.

It is desired to have the work completed as quickly as possible, so the contract will probably be let and undertaken as quickly as possibly.

GOVERNMENT TENDERS WANTED

to be delivered at the King's Wharf in the City of Quebec.

C.

All tenders must be made with the distinct understanding that the steamer must be built in Canada.

Plans, tender forms and specifications can be procured upon application from the Purchasing and Contract Agent, Ottawa.

Drill Hall, Victoria—Proposals for the new drill hall to be erected in Victoria are being received by R. C. Desrochers, sec. of the Dept. of Works at Ottawa, until 4 p.m., Dec. 11.

Wharf, Pritchard, B. C.—The Dept. of Public Works, at Ottawa, will receive proposals until 4 p.m., Dec. 15, for the erection of a proposed wharf at Pritchard (Yale Dist.), B. C.

Plans, specif. etc., may be obtained from the offices of the district engineers at Chase, New Westminster, and on application to the postmaster at Pritchard.

Piers, Victoria—An Ottawa dispatch announces that proposals have been invited by the Dept. of Public Works, at Ottawa, for the construction of two piers for Victoria; tenders to close at Ottawa on Dec. 9, 1913, 4 p.m.

The harbor scheme calls for two additional piers. One will be next the breakwater and the fourth between Pier Three and Rithet's wharf.

The first plans called for the construction this year of Piers One and Two but owing to the work now proceeding on the breakwater it was afraid it might interfere with construction there, so it was decided to build Piers Two and Three.

The two piers will have four slips—three being eight hundred feet long; and one a thousand feet.

The piers are 250 feet wide and each slip has a width of 300 feet.

The specifications call for reinforced concrete work throughout so that the piers will be thoughly modern in every respect.

The arrangement will be as follows: On the east the breakwater, then a space that will be left vacant until that great work has been completed; then will come a pier, then a slip 300 feet wide; then another pier and then a vacant space where a fourth pier will be built. The two piers now to be built will give 3,400 feet of dockage and this will be at east doubled when the others are built, so that the present plan provides in all for a mile and 1,500 feet, approximately, of dockage.

COMPETITION OPEN.

Dept. Bldgs., Ottawa—The commission of architects appointed by the government to direct the preparations of designs for the new departmental buildings at Ottawa has just submitted its report outlining the conditions of the competition.

It will be open to competitors throughout the British Empire. There will be at least two buildings and probably a third one for the courts. Half a million superficial feet of floor space will have to be provided.

Designs of a general character will first be submitted and from this number the best six will be selected and the authors of these will be asked to elaborate their designs. The one finally selected will get the job of superintending the work based on his plans and will be given a five per cent commission. The cost of the buildings will probably aggregate five million dollars.

The other five competitors who will be asked to develop their general designs will each receive $3,000. The sketches will be received up to April 2 next. Then three months will be given for the best half dozen to develop their plans.

The competitors whose plans are accepted will be given a further period of four months to prepare working plans. Afterward tenders will be called for, but, in view of the time allowance, this will not be before next autumn.

The cost of the building will aggregate $5,000,000 dollars. The other five competitors will be asked to develop their general designs and each will receive $3,000. The sketches will be received up to January 2, next. Then three months will be given for the best half dozen to develop their plans.
