VANCOUVER COMPANY LOSES VICTORIA CONTRACT

Waterworks, Victoria—The Victoria council on Tuesday night rejected the bids for the telephone line and the steel pressure pipe one of the Sooke Lake work, and decided to call for new bids, the City Electrician to be instructed to also put in a bid on the work. The new bids will be both for the work as a whole and in part.

The bids for the riveted steel pressure line were also thrown out. The Water Commissioner and Consulting Engineer had recommended letting the work to Macdonald, Godson Company, of Vancouver, for a price of $444,998. Alderman Gleason's motion which had been tabled three weeks ago, was taken up. It suggested throwing out all bids.

Alderman Humber urged day labor, claiming that from $25,000 to $30,000 could be saved.

The Mayor strongly advocated letting the contract to the Vancouver concern, declaring it to be unfair to call for bids, open them and then, after delaying for months, throw them out, the meanwhile local firms put in a bid, after knowing what the figures of the other bidders were.

New tenders will be called.

NEW CANNING FACTORY FOR GRAND FORKS CITY

Grand Forks Cannery—The contract for the erection of the building of the Grand Forks Canning Company has been let to Angus McDougall, his tender being the lowest—$11,000. Mr. McDougall was also awarded the contract for removing the old laundry building from the site of the new factory.

The main building of the factory will have a frontage of 125 feet on Main street, with a depth of fifty feet on Third street. It will be constructed of brick, two storeys high, with a 50x50 concrete basement, and the foundation and walls will be of a sufficiently substantial nature so that another storey can be added when required.

WANTS PROPOSALS ON CLEARING AND GRADING

Clearing—Tenders will be received by the Westminster Trust Co., at New Westminster, up to November 10th, 1913, for the clearing and rough grading of the roadways in the Sub. of Lots 2 to 7, of the N.E. ¼ Sec. 26, Twp. 2. Total length of roadways approximately twenty-four hundred feet (2,400 ft.), which must be rough graded to a width of twenty feet (20 ft.) and slashed to a width of forty feet (40 ft.).

The work to be done to the satisfaction of and to be accepted by the Municipal Engineer of Surrey.

LOCAL ARCHITECT TO BE AWAY ON BUSINESS

Mr. Eveleigh, of the architectural firm of Dalton & Eveleigh, Davis Chambers, is preparing to leave soon for an extensive trip in the eastern states and Europe, in connection with commissions which he has accepted, and is closing up all firm business in which he is interested before his departure.

PIPE LINE PROPOSALS ARE BEING TABULATED

Pipe Line, Vancouver—Proposals submitted for the proposed Point Grey-Vancouver partnership water pipe line, have been referred to the city engineer's dept. for tabulation and a full list of the results of tenders will be published in the Record tomorrow.

CONFIRMS PLANS FOR FRASER HARBOR SCHEME

Harbor Works, Fraser River—Commissioner Frank N. Trites, of the newly created Fraser River harbor commission, is authority for the statement that plans are to be prepared providing ultimately for a fresh water harbour extending from the Gulf of Georgia to New Westminster, on the Fraser river.

WILL INVITE PUBLIC TENDERS ON HOSPITAL

Hospital Bldgs., Vancouver—The bldg committee of the Vancouver General Hospital have decided to invite public proposals covering the erection of the proposed brk. addns. to the local hospital, and proposals will be officially caled for as soon as working drawings can be made ready by the architect, A. A. Cox, Carter-Cotton bdg. This is expected to be in about two weeks' time.

The brk. Nurse's home is expected to run between $100,000 and $110,000.

SUBWAY TENDERS ARE OPEN UNTIL NOV. 12.

Concrete Subway, Vancouver—Tenders for the proposed concrete subway and ferry landing for the North Vancouver ferry will be received by City Clerk Wm. McQueen until Nov. 12.

This bldg. and subway is expected to cost about $40,000. A description of the work was published in the Building Record Oct. 14.

It was announced yesterday that the official "ad" asking for tenders would be published beginning today.

WORK IS DELAYED ON "OLD PEOPLE'S" HOME

Civic Bldg., Vancouver—It is not likely that work will be actually started on the "Old People's Home" bldg. until spring. The contract was awarded some time ago to Campbell & Wilkie, from plans by Archts. Perry & Fowler, Pacific bldg., but the lack of finances will not permit actual const. for some months.

Bdg. is to be of brk., and will cost about $40,000.

HUDSON'S BAY BRICK CONTRACT IS AWARDED

The Ritchie Contracting & Supply Co., Ltd., this city, have received an order from the contractors of the Hudson Bay Co.'s new building, Rourke, McDonald & Moncreiff, for about 100,000 Kittanning face brick.

This makes the third large order procured by this company for this class of brick during the past six weeks, the three orders being in the vicinity of 100,000 brick each.

HOTEL BUILDING PLANNED BY VANCOUVER PARTIES

Hotel Abbotsford—R. H. S. Creswell and associates, of Vancouver, are arranging to erect a hotel to cost $25,000 in Abbotsford. Plans have been prepared and a site at the corner of Hazel street and Gladys avenue has been acquired. If the license commissioners indicate that a license will be granted work will be begun on the structure immediately after November 15.

Ed. Note—No details are known in Vancouver of this building.

REPORT CONTRACT LET FOR NORTH SHORE SCHOOL

School, North Vancouver—It is reported that a contract has been let by the Dept. of Public Works, at Victoria, for the erection of the proposed 2-room fr. school bldg. to be erected in D. L. 553, Municipality of North Vancouver, at about $10,000.

Contr's name has not been learned.

REPORT PLANS UNDER WAY FOR BOX FACTORY

Box Factory, Abbotsford—A Chehalis man (name not given) is in Abbotsford negotiating for a site for a box factory. He plans general box-making business, but will have a contract from the Imperial Powder Company for at least 5,000 boxes a month. This plant will be in operation early in the spring.

The Value of Spare Moments

From every section, and from all sorts and conditions of men, messages come to tell of earnings increased and futures brightened through study of I. C. S. Courses during spare time.

One letter gives the romance of a young man in California that began with little or no education; another tells the story of a high school graduate in Maine that found himself educated for everything but to make a living. Here are the heart-trobs of a fellow that toiled 12 hours a day and studied his Course as best he could; of a foremen or superintendent that enrolled because his ambition aimed at still bigger things.

No matter where you live, how little spare time you have, or how brief your schooling, the I. C. S. can raise your salary. That statement is backed with 20 years of success and a record of 400 or more advancement letters received every month.

I. C. S. Courses have made draftsmen, foremen, and superintendents of shop hands; building contractors, architects, structural and concrete engineers of carpenters and masons; advertising men, window trimmers, chemists, illustrators, and designers of clerks; electrical, mechanical and steam engineers of laborers; mine inspectors, foremen, and mining engineers of mine workers; bridge engineers, surveyors and mappers, civil engineers, gas engineers, automobile runners and civil service employees of young men willing to use their spare time to mold a career.

Suppose you were to increase your earnings only $20 a month—what a fine return that would be on your spare-time investment! Yet some have increased their earnings $250 a month.

Mark and mail this coupon and you will receive free information how you can increase your earnings by spare-time study.

NOTICE TO CONTRACTORS AND BROKERS.

Contractors and brokers having unfinished business to transact or contract accounts requiring settlement with Mr. Eveleigh of Dalton & Eveleigh, architects, Davis Chambers, are requested to arrange all details before Nov. 10, as Mr. Eveleigh is leaving for the Eastern States and Europe on commissions which will take some months to complete.

IMPORTANT DECISION ON ARCHITECT'S FEES

The right of a client to receive what is ordered from an architect was upheld by Judge Lampman in the case of Owen v. Harlock, which was heard and decided last week at Victoria.

The plaintiff sued for the usual architect's commission for preparing plans for a residence up to the time of calling for tenders. The defence set up was that the plans were not what were required and that the cost of the building, as shown by the tenders, greatly exceeded the figure given the architect for his guidance in preparing the plans.

Evidence was given as to what the defendant ordered, and what the architect thought was the best plan for the house. The latter said it was impossible to adapt the style of house demanded to the requirements of the defendant with the same form of facade at the cost fixed. The court dismissed the case, holding that the plaintiff had not met the orders of the defendant in the plans he drew. Thornton Fell K.C., was for the plaintiff and H. A. Maclean, K.C., for the defence.

INVESTIGATES PROPOSED HARBOR IMPROVEMENTS

J. S. MacLachlan, Dominion District Engineer, has returned to Victoria after a visit to Union Bay, in connection with improvements to the wharf that are to be carried out at that point. While away he inquired into the matter of further dredging work being carried out at the Canadian Collieries wharf, and also visited Courtenay, where it is proposed to dredge and generally improve the river from a navigation standpoint. In addition to devising methods for these improvements, Mr. MacLachlan located a site for the new wharf at Roy's Beach, a facility that will prove of great advantage to the numerous settlers in that vicinity.

Nanaimo Plumbing Firm.

Mr. Chas. Brown of Vancouver has opened business under the name of the Nanaimo Plumbing and Heating Co. at Nanaimo. The office and display will be in the Central Block, Commercial street, Nanaimo.

GET FLOOR CONTRACT ON VANCOUVER CLUB BLDG.

The B. C. Hardwood Floor Co., Ltd., has been awarded the contract for the laying of the whole of the hardwood and fir floors of the above club.

The specifications of the architects, Messrs. Sharpe & Thompson, call for a very high grade of material and workmanship, the floors being an exceptional feature of the interior finish; that of the large dining room 50ft. by 60 ft., will be the finest in British Columbia.

We understand that the B. C. Hardwood Floor Co., Ltd., was selected for this new task because of the highly satisfactory work put in by that company on the floors of the new St. Paul's Hospital, and of the new Merchants' Bank of Canada, Hastings st, for the same contractors, the Norton Griffiths Steel Construction Co., Ltd.

The B. C. Hardwood Floor Co. has recently been acquired from the Executors of the late Mr. T. B. Walker, by Messrs. Conway & Ross, who have added the "Limited" to the name of the Company, and are now moving it to 2635 Granville st, Fairview, close to Broadway and Shaughnessy Heights, where they are equipping offices, workshop, etc., especially for the flooring business.

Mr. Ross has been all his life in the flooring business and has been manager of the B. C. Hardwood Floor Co. for some time past and is now manager of the new company.

GOVERNMENT TENDERS WANTED

Piers, Victoria—An Ottawa dispatch announces that proposals have been invited by the Dept. of Public Works, at Ottawa, for the construction of two piers for Victoria; tenders to close at Ottawa on Dec. 9, 1913, 4 p.m. (The official call stating, where specif. may be obtained has not reached Vancouver).

The piers, which are part of the big development scheme of Victoria harbor, are to be known as Piers Two and Three and are between Rithet's wharf No. 2 and the breakwater.

The harbor scheme calls for two additional piers. One will be next the breakwater and the fourth between Pier Three and Rithet's wharf.

The first plans called for the construction this year of Piers One and Two but owing to the work now proceeding on the breakwater it was afraid it might interfere with construction there, so it was decided to build Piers Two and Three.

The two piers will have four slips—three being eight hundred feet long, and one a thousand feet.

The piers are 250 feet wide and each slip has a width of 300 feet.

The specifications call for reinforced concrete work throughout so that the piers will be thoughly modern in every respect.

The arrangement will be as follows: On the east the breakwater, then a space that will be left vacant until that great work has been completed; then will come a pier, then a slip 300 feet wide; then another pier and then a vacant space where a fourth pier will be built. The two piers now to be built will give 3,400 feet of dockage and this will be at least doubled when the others are built, so that the present plan provides in all for a mile and 1,500 feet, approximately, of dockage.

Detention Bldg., William Head, B.C.—Proposals for erecting a first-class detention bldg. at William Head quarantine station, will be received by R. C. Desrochers, of the Dept. of Public Works, at Ottawa, until 4 p.m., Nov. 17.

Wharf, Ainsworth, B. C.—Proposals for the construction of a wharf at Ainsworth, B. C., will be received by R. C. Desrochers, Dept. of Public Works, Ottawa, until 4 p.m., Nov. 17.

Plans, specif., etc., may be obtained at Ottawa and also at the offices of J. P. Forde, Dist. Engineer, at Revelstoke; C. C. Worsfold, Dist. Engineer at New Westminster, and from the postmaster at Ainsworth.

Masonic Temple, Toronto—Competitive designs for this structure will be received up to noon on the 20th day of January, 1914. The conditions of competition have been prepared by a competent professional adviser who will also report upon the merits of the various designs. For copy of conditions apply to Mr. W. H. Best, No. 181 Avenue Road, Toronto.

Dept. Bldgs., Ottawa—The commission of architects appointed by the government to direct the preparations of designs for the new departmental buildings at Ottawa has just submitted its report outlining the conditions of the competition.

It will be open to competitors throughout the British Empire. There will be at least two buildings and probably a third one for the courts. Half a million superficial feet of floor space will have to be provided.

Designs of a general character will first be submitted and from this number the best six will be selected and the authors of these will be asked to elaborate their designs. The one finally selected will get the job of superintending the work based on his plans and will be given a five per cent commission. The cost of the buildings will probably aggregate five million dollars.

The other five competitors who will be asked to develop their general designs will each receive $3,000. The sketches will be received up to January 2 next. Then three months will be given for the best half dozen to develop their plans.

The competitors whose plans are accepted will be given a further period of four months to prepare working plans. Afterward tenders will be called for, but, in view of the time allowance, this will not be before next autumn.

The cost of the building will aggregate $5,000,000 dollars. The other five competitors will be asked to develop their general designs and each will receive $3,000. The sketches will be received up to January 2, next. Then three months will be given for the best half dozen to develop their plans.
