Calgary Building

By M. P. BROWN

(Special Correspondence.)

Alderman Ross has decided to move for the establishment of the first of a series of comfort stations.

A group of United States capitalists and local parties are behind a deal to establish a $5,000,000 milling industry in Calgary. Plans are being prepared for the mill structures, the first unit of which will cost $1,400,000, with a capacity of 6,000 bbls. daily.

The local members of the board of directors are Mr. O. G. Devonish, who has been chosen president of the organization; T. M. Fyshe, vice-president; A. W. Pryce Jones, secretary; W. M. Connacher, treasurer, and O. S. Chapin.

Mr. Carleton Kipling of this city acted as fiscal agent for the organizers of the company.

It is stated on reliable authority that if the stock yards are located in Calgary and the city decides to furnish a suitable site for packing industries, Gordon, Ironside & Fares, the large meat packing company of Winnipeg, will erect in this city a packing plant and an abattoir. It is estimated that the plant will cost in the vicinity of $200,000.

Work will commence about Sept. 15 on the reconstruction of the old Hudson's Bay building at the corner of Eighth avenue and Centre street, which was purchased by the Royal Bank. The plans now are almost completed and the agents here are simply awaiting final ratifications from the architects in Montreal.

According to information which has been received in this city, when the next lot of estimates are placed before the federal house, amongst them will be an estimate on the new public government office building which will be built in Calgary within the near future.

Estimates which have been made but which have yet to be passed by the house, place the cost of the building at $300,000. It will be six storeys high and 100 by 130 feet in size. When completed, the building will be one of the most up-to-date in Calgary.

Because Heidelbach and Tekelheimer, financial agents, of New York, had presumably planned to sell Calgary's treasury bills on the London market and thereby make a nice little pile of money at the expense of the city's credit and at the expnse of the agreement with the Bank of Montreal, the negotiations have been terminated for the sale of the $1,000,000 worth of bills for the simple reason that the banking house declined to be bound not to sell the bills on the London market.

CHANGE IN AGENCY FOR HOLMES DISAPEARING BED

The Dominion Dock & Supply Co., 201 North West Trust bldg, have recently taken over the agency for the Holmes Disappearing bed and the "New Holmes Clovet Bed." They report a very good business so far, having sold 45 beds in the last two weeks. Those interested are invited to call and view the display at the company's offices.

Terminal Plans Ready.

T. G. Holt, executive agent of the Canadian Northern, has notified the city authorities that plans for the terminals on False Creek in Vancouver have been completed and will be forwarded to the railroad commission for approval.

Want Water Supply.

A committee of citizens headed by J. H. Johnson have taken preliminary steps at Fort George to secure the installation of a waterworks system there, funds being raised by subscription.

Oak Bay Permits.

The building returns for the municipality of Oak Bay during the month of August this year amounted to $50,900 according to the official statement.

Troy Roofing Co. Moves

The Troy Roofing Co. has moved from 811 Metropolitan bldg to 212 Metropolitan bldg.
