CHEAP POWER FOR DOMESTIC USE

City Council Will Endeavor to Lighten the Burdens of the Housewife

Mayor Acres and all the aldermen were present at the regular meeting of the city council last Monday evening.

A delegation from the Patriotic fund consisting of Judge Brown, president, and E. C. Henniger, treasurer, addressed the council and asked for a grant from the city in order to enable the fund to raise its allotted portion of \$12,000 in the city during the current year. Mr. Brown went thoroughly into the work of the fund, and stated that the council could legally make a grant, even if it had to raise the taxation rate to do so. The council discussed the question at length. All the members were willing to assist the fund with a grant, if it could be done by a practise of strict economy in all the departments; but none of them expressed a desire to do so at the expense of raising the taxes, because they did not think the rate-payers would take kindly to such a proposition.

A communication from the Salvation army, asking for a donation, was ordered filed.

A communication from the deputy minister of trade and commerce suggested that the present acute situation in the paper market might be eased if everybody took pains to save their waste paper.

A communication from the deputy provincial secretary announced the appointment of A. E. Webster and H. W. Gregory as police and licence commissioners.

A letter from Mr. and Mrs. C. C. Heaven thanked the council for the resolution of congratulation adopted by the council on the occasion of their son being awarded the military medal.

A communication from the Princeton board of trade, enclosing a letter from the Vancouver Automobile club favoring the southern route for the interprovincial highway, was referred to the mayor, with authority to act in the matter. The clerk was authorized to pay the city's membership fee in the Union of B. C. Municipalities for the current year.

The estimates from the various departments, together with the school estimates, were referred to the finance committee. The past month's accounts were ordered to be paid. The clerk was instructed to inform the B. C. Telephone company that the city has no claim against the company on account of a recent tapping done by J. F. Kraus, as the council considered that this was a transaction that properly belonged to the company and Mr. Kraus for adjustment.

The chairman of the water and light committee reported that there would be enough wire to take down in the spring to extend the lighting system from the old C.P.R. station to the residences of T. Humphreys

and L. Maddison, and he recommended that this work be done. The report was accepted.

He also stated that the fire department had made a request for material amounting to \$250, and that the chief had asked for two free lights—one in his room and one on the porch. He recommended that \$250 be placed in the estimates for supplies for the department, to be purchased from time to time as needed, and that the two free lights asked for at the chief's house be disconnected from the metre. Approved.

The water and light committee chairman also stated that he had discussed with the city electrician the question of furnishing the citizens with cheap power for domestic purposes. Electrician Spinks was present at the meeting, and fully explained to the council how this system works out in Vancouver, Spokane and other cities. It would not be a very difficult task to install the system, and he felt confident that the city could furnish consumers with power at 5c per k.w. hour and derive a profit. The mayor and aldermen expressed the belief that at this price quite a number of consumers could be obtained during the heated summer months.

The chairman of the board of works reported that, in company with the bridge inspector, he had inspected the Yale bridge. They had come to the conclusion that the present bridge would either have to be thoroughly trussed up or an entirely new bridge built. He recommended that the former course be taken, which was concurred in by the council, and the board was authorized to proceed with the work. He also recommended that tenders for lumber for the current year be called for. The recommendation was approved, and the clerk was instructed to call for the tenders.

The chairman of the health and relief committee reported that he had taken Mr. Hoadley to New Westminster.

The mayor added the names of Ald. Sheads, McArdle and Harkness to the returned soldiers committee. The committee was instructed to extend to Pte. Symes, who is expected to return to the city in a few days, an appropriate welcome.

Ald. McCallum gave notice that at the next meeting he would ask leave to introduce a bylaw providing for supplying consumers with cheap electric power for cooking and heating purposes.

MEMBER RENEWS PLEDGES

Members of Liberal Association Listen to Many Inspiring Speeches

At a largely attended meeting of the Grand Forks Liberal association, in the board of trade rooms on Tuesday evening, J. E. Thompson, member for this district, renewed his pre-election pledge that he intended to be the representative at Victoria of all the people, Conservatives as well as Liberals, of this constituency.

Mr. Thompson was the principal speaker. He went over all the matters that are likely to come before the coming session of the legislature. When the present government assumed office it was faced with a huge overdraft, and today any reputable business firm could borrow money at one-half per cent less than the province is forced to pay for it. There had been a complete change in the land policy under the present government. Now the land speculator is either forced to pay his arrearages or to relinquish his holding. In foreshadowing some of the legislation likely to be brought down at the coming session, he mentioned a minimum wage bill. He would give this measure his hearty support, as he was of the opinion that it would do much to solve the Oriental labor problem. The Ottawa and Victoria governments were working in perfect harmony devising means as to the best treatment for returned soldiers. Regarding the grant for the district, he felt confident that Grand Forks would be treated as liberally as any constituency in the province. He had already asked for more than last year's grant amounted to, but owing to present conditions he anticipated that the estimates for all sections of the province would be cut down. He closed by urging the people of the city to resuscitate the board of trade.

Dan Paterson, of Phoenix, a returned soldier and former Liberal candidate in this constituency, followed Mr. Thompson. He was given an ovation on rising. He paid a high tribute to Mr. Thompson's worth, and said that he felt very proud when he was permitted to cast a ballot for him "across the water." England highly appreciated the loyal support of her overseas dominions in this war, and nothing was too good for a Canadian in the old country. The resources, in wealth as well as men, of Canada had practically dumbfounded the mother country. Mr. Paterson related several incidents that had occurred at the front, one of which confirmed the report that a Canadian soldier had been crucified by the Huns.

"I happened to be in town, and as I know of no better company to be found anywhere than at a Liberal meeting, I dropped in," said W. S. Phillips, of Gilpin. He spoke at length. He had known the member's father in Pembroke, where the

best orator in Canada came from. Judging from the member's speech this evening, there was every indication that he would sustain that reputation.

The local speakers were President McCallum, John Donaldson, E. C. Henniger, Frank Miller and a number of others.

It was decided to hold the annual meeting for the election of officers on Wednesday February 28.

The president and the secretary were appointed a committee to draft a resolution of condolence to be forwarded to the family of the late Hon. Ralph Smith.

FRUIT PACKING IN SCHOOLS

The Hon. Dr. MacLean, minister of education, in co-operation with the Hon. John Oliver, minister of agriculture, has made arrangements authorizing the establishment of fruit packing schools in certain of the fruit growing sections among the senior classes in the public and high schools. These will be conducted along the lines at present in vogue with educational classes. The formation of these classes is in the way of an experiment, and, if found beneficial and popular, will in future be extended to other districts as the available funds will permit. The schools will during the year 1917 be held at the following centres: Duncan, Haney, Grand Forks, Creston, Penticton, Summerland, Kelowna, Vernon, Nakusp and Salmon Arm. The classes will be held during the school hours and the course will extend over six days. Full information with details of formation and organization of such classes will be issued shortly.

A Powerful Fleet

Lord Beresford described the American fleet as strong, serviceable and manned by experts "who know to fight." He hesitated to express a view as to what part America's fleet would actually play, as he said it would be arrogance for a Britisher to attempt to say how America ought to use it. But he knew America and its navy well enough, he said, to assert with assurance that the American navy would be of tremendous aid in bringing the war to a quick end.

"America has a splendid navy," said the admiral. "In its proportion as to units it is better than any other afloat. It may be just a trifle short of destroyers, but it has many other of the smaller craft with which to be able to fight submarines. America has ample submarines for defence of its own coast. Naturally, she will require many of them if the Germans are able to get their boats over there and start at the American coasts. But I do not believe Germany is going to find it so easy to get her submarines over, for Britain is going to be on the watch for them, as she has always been, and the American gunboats will be on the watch across the Atlantic. One huge aid America could give Britain would be in conveying ships across the Atlantic. This would probably be done."

FAVORS SOUTHERN HIGHWAY

Vancouver Auto Club Advocates That Route for Interprovincial Road

A public meeting, over which Mayor Acres presided, was held in the city hall on Wednesday evening for the purpose of taking steps to counteract the resolution adopted by the Associated Boards of Trade at its recent meeting in Kamloops favoring the northern route for the interprovincial highway.

The mayor, in opening the meeting, stated that the question is of vital importance to every town in the southern portion of the province. If the northern route by way of Kamloops, the Yellowhead pass and Edmonton is adopted every town in the southern Similkameen district, the Boundary and the two Kootenays will lose the automobile tourist traffic. The mayor read a letter from the Vancouver Automobile club. That organization is in favor of the southern route, and the letter suggested that all the towns interested in having this route adopted appoint a delegate, the delegates to meet in Victoria at some date to be named in the future, to set forth the advantages of the southern route before the government officials.

Acting on this suggestion, Mayor Acres was chosen as delegate to represent Grand Forks at Victoria, and E. C. Henniger was named as alternate. It was decided to defray the expenses of the delegate by taking up a public subscription.

NEWS OF THE CITY

Mr. and Mrs. W. D. Craig, of Regina, visited at the home of Mr. and Mrs. P. T. McCallum on Monday last. They were en route to the coast. Besides operating two huge prairie grain farms, Mr. Craig has a contract for supplying the Saskatchewan government with telephone poles.

A general meeting of the Kettle Valley Rifle association will be held in the city hall on Wednesday, February 21, at 8 p.m., for the purpose of electing officers and transacting other business.

Four more furnaces have been blown in during the current week. Two were placed in commission on Monday, one yesterday and another today. This makes six out of the battery of eight furnaces now being operated at the Granby smelter.

At the meeting of the fire brigade on Wednesday night the principal topic of discussion centered on the city team—how it should be fed and cared for in order to obtain the maximum speed out of it for fire-team purposes. The chairman of the council board of works was present at the meeting, and delivered quite a lengthy address on this subject.

Mr. J. E. Thompson, on Tuesday night, emphasized the necessity of the resuscitation of the Grand Forks board of trade in order that the district might urge its claims before the federal and provincial governments, as well as before corporations, with greater force. The suggestion is a good one. It is true that the board has been resuscitated a number of times during the past twenty years. After each revival it has flourished for a longer or shorter period, then gradually languished and finally dropped off into a comatose state. But while this has been the experience in the past, there is no valid reason why the performance should be repeated in the future. If the board is reorganized, and it avoids the pitfalls that have engulfed its predecessors, it should become a permanent institution. Too many of the boards of trade in this city that have come to an unlamented end have merely been adjuncts of a political party. This of itself was sufficient to condemn them. An organization of this nature, in order to attain permanency in a locality, must be non-political. Others have had members who have used the organization to further their personal interests, to the detriment of fellow-members in the same line of business. Such practices could lead to nothing but ultimate disruption and failure. A few instances might be cited where the boards have come to grief through a too lavish expenditure of funds. These are the rocks against which former boards of trade in this city have been dashed. If the late organization is revived, and the members eliminate these mistakes by forgetting political parties when the interests of the city and district are at stake; banish thoughts of individual gains or losses when considering questions of moment to the community as a whole, and conduct the financial end of the board in an economical manner, there is no apparent reason why it should not prove a success and reach a ripe old age.

Notices have been sent out from Victoria to all members of the provincial house to the effect that the legislature will not assemble

FINANCE MINISTER DIED ON MONDAY

VICTORIA, Feb. 13.—Following a brief illness of a little over a week, an illness which took a sudden turn for the worse on Sunday, Hon. Ralph Smith, minister of finance in the present provincial government, died last night shortly after 11 o'clock. It was only on Saturday that his condition, at no time last week considered serious, had so improved that he had expected to be back at his office on Monday morning. Early Sunday morning his condition took a decided turn for the worse, and the greater part of Sunday and Monday he was unconscious, a condition in which he continued to the end. Euramic poisoning was the cause of his death.

At the bedside when the end came were Mrs. Ralph Smith, their two sons, Richard of Regina and John of Vancouver, and their only daughter, Mrs. Carr, of Victoria. Two other sons, one of them a lieutenant in 72nd Seaforth Highlanders, who was recently wounded at the front, were the only members of the immediate family not present.

The U. S. Army Strength

The United States army is ready for war as numbers go. According to law the maximum strength of the regular army in recent years has been limited to a maximum enlisted strength of 100,000. The authorized state militia has an establishment of 9,142 officers and 112,710 men, with a somewhat greater effective

strength during recent years.

Two hundred thousand trained men is a small number as this war goes. Canada has sent overseas 310,000 men, the Canadian forces seeing service in France up to the end of the past year numbering 175,000. But Canada has a population of only eight million, yet all told has contributed for army service, Canadian navy, imperial munition work and reservists a total of 434,529 men. In the same ratio, the United States should be able to find at least four millions for service overseas if it should come to actual war with Germany.

Hotelmen Fined

Sam Erickson, an interdict, appeared before the police commissioners at their meeting on Tuesday evening and made affidavit that he had been sold intoxicating liquor at three of the hotels in this city, namely, the Grand Forks, Province and Russell hotels. The commissioners instructed the chief to prosecute the proprietors of these houses.

The cases came up before Magistrate Cochrane in the police court yesterday afternoon. The proprietors of the Province and Grand Forks hotels were found guilty as charged by Erickson, and the former was fined \$100, while the latter, owing to this being his first offence, was let off with a fine of \$75. The case against the proprietor of the Russell house was dismissed, Mr. Russell testifying under oath that the only kind of drinks he had sold Erickson had been soft drinks, and Erickson admitted that he was too much under the influence of liquor at the time he purchased them to tell what they contained.

TALK INTO THE TELEPHONE

Telephone plants are designed to enable the telephone user to talk with ease. The best results are obtained when the lips are very close to the telephone. If the telephone company designed its plant to permit of everyone speaking with their lips from six to eight inches away from the telephone, the cost would be more than doubled. Under such conditions, Long Distance talking would be impossible. Besides, the greater cost of the investment would necessarily be met by the telephone-using public.

The telephone is made to be talked into, not to be talked at.

GIVE "SYRUP OF FIGS"

TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little stomach, liver and bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

Parliament Buildings

Will Probably Be "Dry"

With the opening of the coming legislative session there will, in all likelihood, disappear an old-time institution, which, while not owing its existence to any legal enactment, and more or less strictly speaking being beyond the pale of the law, has nevertheless proved one of the unwritten mainstays of the provincial lawmakers.

The parliamentary bar, at previous sessions a place of rest and refreshment after many a strenuous debate, is doomed, it is whispered. The session will be, it is predicted, a dry one.

Whether the abolition of the canteen will be ordered merely as a war measure or will be made permanent is a question. But at this stage it looks very much as if the members who require stimulant will have to provide it for themselves.

Sam Allcock, aged about 55 years, died at the Grand Forks hospital at 2 o'clock last Saturday afternoon. He was an old timer of the city, but very little is known here of his domestic affairs. It is said by some that he leaves a wife and two grown up children in one of the southwestern states. The remains were buried on Monday.

For the month of January the local branch of the Red Cross society made the following shipment: 128 suits of pajamas, 127 sheets, 333 pillow cases, 6 hospital shirts, 24 field shirts, 204 field handkerchiefs, 56 pairs of field socks, 9 pairs of white socks, 4 trench caps, 2 scarfs, 19 convalescent suits, 12 table cloths, 52 table napkins, 16 dressing gowns, 100 face cloths, 75 operation stockings, 114 fomentation wringers, 40 abdominal binders, 53 T bandages, 24 feeders, 513 bath towels, 481 tea towels.

In the police court today, before Magistrate Cochrane, F. W. Russell, proprietor of the Russell house, was fined \$100 for selling liquor to the late Sam Allcock while the latter was intoxicated. Mr. Russell was also fined \$20 for allowing an interdict to loiter about the bar. The prosecution of these cases was made by direction of the police commissioners and the police department H. L. The school children of Cascade contributed \$6.60 to the prisoners of war fund during the month of January.

Mrs. W. E. Lavender, of Billings, who underwent a surgical operation at the Grand Forks hospital last week, is rapidly recovering.

Mrs. E. E. Gibson visited Mrs. J. A. Bertois in Cascade the latter part of last week.

J. V. Ingram, Great Northern railway agent in Phoenix for a number of years, has been transferred to a similar position in Vancouver.

The Sun, at \$1 a year, is superior to any \$2 a year paper printed in the Boundary. This is the reason why we do not have to resort to gambling schemes to gain new subscribers or to hold those we already have.
