SIXTEENTH YEAR—No. 11 GRAND FORKS, B. C., FRIDAY, JANUARY 12, 1917 $1.00 PER YEAR

LAST MEETING OF OLD COUNCIL

Health Officer's Report Received and General Business Transacted

Mayor Acres and Ald. Allen, Donaldson, McCallum, Schnitter and Sheads were present at the last meeting of the 1916 council on Monday evening.

C. M. Davidson, instructor of the city band, was present, and asked that the council carry out the tacit agreement entered into early in the season between himself and the city, i. e., that the city pay the hall rent for the band, and make a grant of $50 to himself as instructor, as a recompense for the public open-air concerts given by the band. On motion, later in the evening, a grant of $50 was voted to Mr. Davidson, and the finance committee was instructed to interview him regarding the rent, the members being under the impression that the council had agreed to pay the same for only five months.

M. J. Quinlivan, inspector of dairies, reported that he had inspected all the dairies in the city. The larger dairies had been found to be in splendid sanitary condition, while the smaller ones were in fairly good shape.

Health Officer Kingston submitted the following report for 1916:

"The year was an unfortunate one for infectious diseases, notably for measles and whooping cough. There appears to have been a wide spread of both of these diseases, not only in British Columbia but in some of the other provinces, and in the state of Washington as well. As nearly as it was possible to keep a record, there were between 79 and 96 cases of measles in the city, with no deaths. It has been very difficult to keep a record of whooping cough cases, but I would estimate that fully 100 cases existed between July 1 and December 31. There were no deaths from this disease.

"The city was fortunate in having but one case of scarlet fever within its limits, which case was recovered, and there were no cases of dipth theria. There were a few cases of chicken pox. The city was also fortunate in having fewer cases of typhoid than ever before in its history. There were five cases, with one death. The fatal case did not originate in the city, but was brought in for treatment.

"Attention has been paid to the condition of the dairies and to the quality of the city's milk supply. The quality of the milk has been, on the whole, remarkably good. The dairymen have shown a manifest desire to conduct their business in a sanitary way.

"The city dairy bylaw has had a wholesome effect in improving the condition of some of the small dairies in the city.

"The butcher stalls in the city were occasionally visited, and were as a rule found to be clean and sanitary.

"There were twenty-five deaths in the city during the year, but eleven of these were cases who resided at outside points, but who were brought into the city for treatment."

The collector of road and dog taxes reported that 116 dog licenses and 190 road taxes had been collected. The report was accepted and ordered filed.

The past month's budget of accounts were ordered to be paid.

The chairman of the water and light committee reported that the city electrician, the driver and the city team were engaged in thawing out water pipes at present. The city electrician had stated that the charge for this work could be reduced to $2.50, and he recommended that this amount be made the regular price in future, whether the thawing out was done on the street or on private property. On motion, this recommendation was concurred in by the council, and the electrician was made responsible for the collection of the fees for the work.

Ald. Donaldson stated that Vancouver city was borrowing its own sinking fund from the banks at a low rate of interest, and he wished to know if this plan could not be worked here. It was the opinion of the other members that this system would not be legal in this city, as Vancouver is working under a special charter.

While the national highway was under discussion the mayor suggested that the clerk send a letter to the Penticton board of trade and the council of that city, stating that the Grand Forks city council has already endorsed a resolution adopted by the above organizations favoring the Penticton and Boundary route for the highway. From the correspondence on the subject, it appeared that a strong effort is being made to have the route changed via Kamloops and a more northerly course.

On motion of Ald. Sheads and Donaldson, the clerk was instructed to inform the Penticton council and board of trade that the Grand Forks council is willing to co-operate with them in their efforts to have the Penticton-Boundary route adopted.

The temporary loan bylaw was reconsidered and finally passed.

Mayor Acres thanked the members of the council for the hearty manner in which they had assisted him during the past year. It had been a pleasure for him to preside at the meetings, and he hoped all the old members would be returned.

Ald McCallum said more amicable relations had been maintained among the members than ever before. It had been the most economical council in the history of the city, but economy had not been practiced at the expense of needed improvements, as the records showed that the average amount of public work had been done during the year. He paid a merited tribute to the ability and geniality of the mayor, to which Mr. Acres made an appropriate response.

Ald. Sheads said it had been the most pleasant year he had ever put in as alderman. All the members of the council had met the desire of his committee for economy. The council had done very well, considering the condition of the country. He would like to see all the old aldermen in the new council.

Ald. Allen said he did not have to properly attend to th

Charles Bickerton	73
John Donaldson	70

On the mid-week half-holiday the vote was: Wednesday, 199; Saturday, 43; Monday, 1.

Mrs. Agnes Henniger, Mrs. Eliza Cooper and T. A. Love were elected school trustees by acclamation.

Burrell Thinks Conscription Would Not Be Proper

Montreal, Jan. 7.—"I do not think that conscription would be a wise or proper thing to put into effect in Canada today," said Hon. Martin Burrell, minister of agriculture, in an address at St. James' Methodist church this evening in connection with an appeal in behalf of national service. He added, however, that he would not oppose conscription if it were found that this was the only way to preserve the country's liberties. Hearty applause followed this latter remark.

Mr. Burrell said Canada had not risen to her full obligation, and he attributed this to a large exteut to the mixed population. He intimated that the government would look after those people in this country who are making large fortunes out of the war. He emphasized the need of every man and woman doing all that was possible to help win the war.

Property in Grand Forks Donated to the Soldiers

Lots 1, 2, 3, 20 and 21, block 14, plan 35, assessed value $675; on water and light lines.

Lots 3 and 20, block 18, plan 35, $270; on water and light lines.

Lots 1 and 3, block 19, plan 35, $250; near water and light lines.

Lot 5, block 21, plan 35, $175; near water and lines.

Lot 11, block 17, plan 35, $650; near water and light lines.

The total assesed value of the property is $2000.

The above described property, well located for building purposes, clear of incumbrance and all taxes levied up to date paid—that is, all taxes paid up to the beginning of the current year—is donated by Neil McCallum to the Grand Forks soldiers on the following conditions:

All residents of Grand Forks and vicinity who have gone to the front for active service, or who will do so during the war, and who will return to reside in the city or vicinity after the war is ended, may participate.

Any who have enlisted, or may hereafter enlist, but do not go into active service at the front, will participate or not participate, according to the merits of each case.

The nearest of kin to any of said soldiers killed in action may participate.

Each participant must contribute his portion towards the payment of rates and taxes due and accruing due after this date, in the month of July each year; provided, that rates and taxes may be allowed to accumulate during the continuance of the war, with the consent of the city council. Otherwise any one refusing so to contribute shall thereby be disqualified as a participant.

A majority of the participants may appoint a trustee, who shall hold, deal with and dispose of said property, from time to time, for the benefit of all participants, and continue to do so during the pleasure of a majority of said participants.

Any disputes as to rights to participate, in view of the above conditions, shall be decided by the donor and the trustee, and, if they so desire, a third person chosen by them.

One deed will be given free of charge, but extra deeds for any separate lots will be charged at the regular price.

The best wishes for the success and safe return of the soldier is the prayer of the donor.

The annual congregational meeting and social of the Presbyterian church will be held next Wednesday, January 17, at 7:30 p.m. All members and adherents of the church are earnestly requested to be present.

The hockey game on Tuesday night between the ladies' team and the high school boys ended in a victory for the ladies by a score of 3 to 2.

MINE DIVIDENDS NEARLY DOUBLED

1916 Was a Prosperous Year for the Industry in British Columbia

Dividends paid by British Columbia mining companies in 1916 totalled $2,891,583, or $1,556,494 more than in 1915.

These figures are, of course, exclusive of profits derived by the operation of mines by private syndicates and individuals. Neither do they represent the total profits of the companies on the dividend lists. Most of the companies have increased their surpluses during the year, while large sums taken out of profits have been expended on acquirement of new properties and construction of new equipment. The figures are:

	1916.	1915.
Can. Con.	$ 776,689	$ 468,600
Granby	1,049,894	222,472
Hedley	240,000	300,000
LeRoi No. 2	.....	59,600
Rambler-Car.	87,500	35,000
Standard	600,000	250,000
Mother Lode.	137,500	.....
Totals	$2,891,583	$1,335,088

Consolidated companies dividends were $308,673 greater than in 1915. Granby disbursements were $827,422 greater and Standard paid out $350,000 more than in 1915. Rambler 1916 dividends were greater by $52,500 than in 1915. LeRoi No. 2 did not pay a dividend last year.

Consolidated company has paid out a total of $3,096,825; Granby a total of $6,776,817; Hedley a total of $2,063,520; LeRoi No. 2 a total of $1,546,749; Rambler-Cariboo, $507,500; Standard, $2,400,000; Mother Lode, $137,500.

Where Did He Get It?

John D. Rockefeller's fortune, now estimated at more than two billion dollars, is more than the estimate of the total wealth in any one of the following states: Arizona, Delaware, Maine, Mississippi, Montana, Nevada, Florida, Idaho, New Mexico, Oregon, Rhode Island, Utah. Has Mr. Rockefeller done more for society than the population of each one of these states? An economic system which makes possible such an accumulation of wealth by any single individual does seem to have something wrong about it.

FRIDAY, JANUARY 12, 1917

A year ago the ratepayers of Grand Forks elected a very good city council, and yesterday they they repeated the good work. The 1916 council gave the people a good, economical administration, and it accomplished a great deal in the way of public improvements. It relinquished office with the respect of all our citizens. The new city government is fully equal to the old one in all respects, and another year of steady progress in municipal impravement may be looked forward to.

Sir Thomas White, minister of finance, has announced the first step in connection with his campaign for greater national saving and the larger participation of the general public in financing Canada's war expenditure and furnishing imperial credits for the purchase of munitions in Canada. An issue of war savings certificates maturing in three years in denominations of $25, $50 and $100 will be created. They will be obtainable on application to any bank or postal money order office in the Dominion. The prices are $21.50, $43 and $86 respectively. That is to say, for every $21.50 lent now to the government $25 will be returned at the end of three years. The discount of $3.50 constitutes a most attractive interest return. Provision is made whereby the certificates may be surrendered at any time during the first thirteen months at the purchase price; after 12 months, but within 24 months, at $22.25, and after 24 months, but within 36 months, at $23.25 for every $21.50 paid. This means that the longer the certificates are held the higher will be rate of interest obtained. The plan will give the generol public the opportunity of contributing by their savings to the winning of the war, and at the same time encourage and promote individual rhrift and economy throughout the Dominion. Such a result would be of of incalculable national benefit both for the present and future, and would go far to avert the consequences of any temporary depression which might result through depression of business.

Every self-governing British dominion exercises, in some form or another, the right of deciding who shall or shall not live and acquire property within its borders. There is discrimination, and very proper discrimination, even against British subjects, as is seen by the disabilities imposed upon Indians in South Africa, Australia and British Columbia. In certain of the protected states of India and Africa even Englishmen may not acquire property.—London Times.

"How long should a kiss be?" is the title of an article now going the rounds of the press. The question depends entirely upon circumstances. If you are kissing the maid when your wife is not around, the osculatory exercise might be prolonged indefinitely, but if there is danger of your better half being wifhin hearing distance, the safest plan is to make the kiss as short as possible.

A BIT OF PHILOSOPHY

What's the use o' sighin',
Lettin' go your grip?
Why not put some stiff'nin'
In your upper lip?

Get some ginger in you,
Don't set round and whine,
Rustle up your shirt sleeves,
Stiffen up your spine.

Fortune's like a woman,
She will surely frown
If you try to court her
With your mouth turned down.

Why not try a whistle,
Just a bit of song?
Daylight sure is breakin'
Though the night be long.

NEWS OF THE CITY

John Simpson, the well known educator, returned to the city on Wednesday from Toronto, and will probably remain here until spring. At present he is devoting considerable time to advocating the early completion of the national highway by the federal government.

Wm. Fifer, a pioneer of Grand Forks and the original locator of the Pathfinder mine, spent a few days in the city this week. He is now located in the Orient camp.

Noel B. Kelsey, of Rock Creek, and Miss Maud J. Harrigan, of this city, were married in Spokane last week by Rev. F. G. Hart.

Conductor Peck, of the C.P.R., was confined to his home last week by an attack of the grip.

Divine services at the Presbyterian church next Sabbath, January 14, as follows: 11 a.m., special service for parents and all children connected with the Sunday school, when the diplomas and seals will be given to the scholars who merit them for the year 1916, and important information given relative to the home and the school. There will be no Sunday school in the afternoon. Evening service 7.30, subject "The Word of God, Its Place and Value in the Home and Nation." The subject will be discussed with a view of forming a class for Bible study, when teaching will be given on the foundation truths of Scripture as to sin and salvation. These studies, it is hoped, will be helpful to those who sincerely wish to understand the plan of redemption, and who wish to connect themselves with the church of the living God.

IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

TAKES OFF DANDRUFF, HAIR STOPS FALLING

Save your Hair! Get a 25 cent bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25 cent bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

EVERYTHING TO EAT AND WEAR

SOUR, ACID STOMACHS, GASES OR INDIGESTION

Each "Pape's Diapepsin" digests 3000 grains food, ending all stomach misery in five minutes.

Time it! In five minutes all stomach distress will go. No indigestion, heartburn, sourness or belching of gas, acid, or eructations of undigested food, no dizziness, bloating, foul breath or headache.

Pape's Diapepsin is noted for its speed in regulating upset stomachs. It is the surest, quickest stomach remedy in the whole world and besides it is harmless. Put an end to stomach trouble forever by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder. It's the quickest, surest and most harmless stomach doctor in the world.

Rossland has reduced the hotel license from $400 to $300 a year.

Fresh milch cows for sale. Call, write or phone Frank Hoelzel, North Fork.

The Sun, at $1 a year, is superior to any $2 a year paper printed in the Boundary. This is the reason why we do not have to resort to gambling schemes to gain new subscribers or to hold those we already have.

Rossland will hold annual winter carnival this year as usual.

10 CENT "CASCARETS" IF BILIOUS OR COSTIVE

For Sick Headache, Sour Stomach, Sluggish Liver and Bowels—They work while you sleep.

Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step to untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret to-night will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your druggist will keep you feeling good for months.

SHORT and SNAPPY

The secret of the success of our Want Ads. is that they are short and snappy. People like a plain business story told in a few words and if they want anything they refer to the place where they will find it with the least trouble, viz., the Classified Want Ads. Is your business represented there.
