I can guess as well as you."

\$1.00 PER YEAR

TWO SESSIONS OF CITY COUNCIL

Bond Issue and Appointment of City Electrician—Court of Revision June 7

At the adjourned meeting of the city council on Monday evening the proposed bond issue and the appointment of a city electrician were the leading questions considered. The mayor and all the aldermen were present.

C. H. Niles, manager of the Bank of Commerce, addressed the council and stated the conditions on which the bank was prepared to advance the funds for the redemption of the bonds which mature on the 15th inst. It appeared quite probable that a satisfactory solution will be arrived at. The question was discussed at considerable length, and a number of communications bearing on the subject were read from the inspector of municipalities and officials of the Union of British Columbia Municipalities.

The chairman of the finance committee was instructed to communicate with eastern brokerage firms with a view of securing a market for the debentures to be issued this month.

The board of works and the cemetery committee were given permission to work the prisoner now serving a sixty days' sentence in the city jail.

It was decided to hold the court revision in the council chamber on June 7.

The agreement between the city and the City Cartage re team work was ratified.

Applications for the position of city electrician and superintendent of the waterworks department were received from: John D. Bell, Vancouver, aged 39, married, salary wanted \$165; James Horton, Vancouver, aged 28, married, salary wanted \$175; Jas H. Wilson, Saskatoon, Sask., aged 48, married, salary wanted \$175; T. Meaks, Wilkie, Sask., married, salary wanted \$150; Harry Loughton, Yellowgrass, Sask., aged 42, married, salary wanted \$165, and a number of others who had failed to comply with the conditions stated in the advertisement. After duly considering the applications, and after hearing the references read, the council selected T. Meaks, with James H. Wilson as second choice in the event of Mr. Meaks being unable to accept the position. Mr. Meaks has since arrived in the city with his family, and he is now familiarizing himself with the duties of his office to take charge on the 12th.

Another adjourned meeting of the council was held yesterday morning, when the conditions of the debenture bylaw were considered and arrangements made for printing the bonds.

Alex Johnson has gone to Oakland, Cal., where he expects to remain permanently.

STANDING OF ENTRANCE CLASS

The following is the standing of pupils of the principal's class of the public school, as determined by tests during the months of March and April:

Maximum marks obtainable 1200
Thelma Hutton 864, Clarence Donaldson 857, Clifford Brown 844, Evely Stafford 843, Harry Boyce 829, Jeannette Reaburn 820, Fred Cooper 810, Orville Baker 795; Eunice Hill 792, Lawrence McKinnon 783, James Needham 781, Kenneth Campbell 778, Raymond Brown 777, Irene Frankovitch 775, Jack Miller 770, Marjorie Kidd 728, Charlotte Luscombe 718, Alice Ryan 717, William Serebnoff 611, Leonia Reed 707, Winnifred Ross 695, Ruth Euerby 695, Boyd Nichols 679, Anna Crosby 664, Elsie Nelson 642, Nellie Allan 608, Clara Brunner 591, Jennie Jewell 540, Margaret Bruno 334.

WATER PROJECT IS STILL ALIVE

Latest Report Says Farmers of Valley Will Be Given Choice of Two Plans

According to advices from Victoria this week, the irrigation project for this valley is not yet dead, although a person might be pardoned for having arrived at that conclusion. A letter from our member states that he and E. A. Cleveland, comptroller of water rights, expect to reach Grand Forks about the 15th inst., and that they are bringing with them alternative plans for an irrigation system, one of which he feels confident will be satisfactory to the ranchers of the district. As soon as the farmers decide which system they want, he says, steps will be taken to form a water municipality.

News of the City

Donald C. Manly, one of the most popular young business men in Grand Forks, and Miss Bernice M. Kuehne, of Republic, were married in Republic last Friday. After a short wedding trip, the young couple returned to this city Monday evening. They have taken up their residence in Stanley Davis' house on upper Main street.

George House, of Wenatchee, who was the first barber to locate in Grand Forks, has been spending the week in the city looking after some mining property which he still owns near the C.P.R. tunnel.

Since the change of time in the C.P.R.'s schedule last Sunday, all trains have discontinued running over the Third street bridge. The westbound passenger train backs down to the downtown station from Columbia, and the eastbound runs in and backs up to the main line.

Sam Miller is decidedly of the opinion that all new automobile owners should employ professional chauffeurs.

DIAMOND DRILL FOR FRANKLIN

Government's Plan of Developing Mines to Be Tried in the North Fork Camp

The provincial government is making active preparations to test the ore bodies on some of the properties in Franklin camp by doing considerable diamond drilling there this summer. A contract has to do this work has been awarded to Wm. Mitchell, of Spokane, who did a great deal of diamond drilling for the Canada Copper Corporation at Copper mountain. Mr. Mitchell's foreman and two workmen, together with part of the outfit, arrived in the city on Thursday, and this morning Mr. Freeland, resident mining engineer, and the man who will have charge of the work went up to the camp to look over the ground. It is expected that the balance of the outfit will reach here in a few days, when it will be taken up to the camp and work commenced. It is considered quite probable that the first work will be done on the Gloucester property.

PERFECT ATTENDANCE

The following pupils of the Grand Forks Public School were neither late nor absent during the month of April:

PRINCIPAL'S CLASS.
Orville Baker, Harry Boyce, Clifford Brown, Raymond Brown, Clara Brunner, Kenneth Campbell, Anna Crosby, Ruth Euerby, Irene Frankovitch, Eunice Hill, Charlotte Luscombe, Lawrence McKinnon, James Needham, Jeannette Reaburn, Leonia Reed, William Serebnoff.

DIVISION II.
Jennie Allan, Lillian Brown, Howard Boyce, James Clark, Herbert Clark, Lizzie Gordon, Ruth Hesse, Ruth Larame, Edna Luscombe, Clarence Mason, Alberta McLeod, Kathleen Mulford, Rita Niles, Elizabeth Otterbine, James Otterbine, Hilda Smith, Emerson Reid Hazel Waldron, Iye Waldron, Nellie Young, Louise Harkness.

DIVISION III.
Vera Bickerton, Janet Bonthron, Edith Clay, Gertrude Clark, Francis Crosby, Isabelle Innes, Eera Lyden, George Manson, Lillian Mudie, Gordon McCallum, Francis Gordon, Arthur Hesse, Kenneth Massie, Louis O'Keefe, Earl Petersen, Edna Reid, Henry Reid, Margaret Ross, Stuart Ross, John Stafford, Rupert Sullivan, Elton Woodland.

DIVISION IV.
Arthur Bickerton, Marjorie Cook, Albert Colarch, Edith Euerby, James Innis, Francis Larame, Joseph Lyden, Edith Matthews, Blanche Mason, Ellen McPherson, Dorothy Mudie, Lawrence O'Connor, Peter Santano, Joseph Simmons, Clarence Truax, Faye Walker.

DIVISION V.
Jessie Allan, Pauline Baker, Jessie Downey, Aubrey Dinsmore, Antonio DeWilde, Eugene Fitzpatrick, Margaret Luscombe, Donald McFarlane, Donald McKinnon, Francis Otterbine, John Santano, Robert Shannon, Bruce Brown, Grace Brau, Edmund Crosby, Parma Cooper, Una Hutton, John Kingston, Walter Manson, Alex McDougall, Bonnie Ochampaugh, Martha Otterbine, Jessie Ross, Ruby Savage, Ruth Savage.

DIVISION VI.
Mary Acres, Eric Clark, Alice Ducre, Jean Donaldson, Thelma Hansen, James Hardy, Willie Honniger, Dorothy Jones, Dorothy Kidd, Laird McCallum, Annie McCutcheon, Robina McCutcheon, Daniel McDougall, Helen McKinnon, Bruce McLaren, Louise McPherson, Jigi Morelli, Mike Morelli, Francis O'Keefe, Genes Rossi, Edna Wiseman.

DIVISION VII.
Nellie Berry, Ian Clark, Jean Clark, Owen Clay, Norman Cook, Alice DePorter, Lillian Dunn, Freda Lyden, Euphemia McCallum, Eugene McDougall, Anna McKinnon, James Miller, Lee Morella, Elizabeth Mooyboer, Charles Robertson, Bruce Smith, Ruth Webster, Lily McDonald, Helen Morgan, Charlotte Acres, Margaret Birt, Ethel Birt, Leo Gowans, Helen Hansen, Mary Kingston, Gladys Pearson, Marjorie Taylor, Betty McCallum.

DIVISION VIII.
Augustus Borelli, Rosie Borelli, Earle Bickerton, Elvira Colarch, Raymond Dinsmore, Laura Gianville, Catherine Gowans, John Gibson, Ernest Hutton, Ellen Hanson, Reta Hutton, Evelyn Innis, John Klemen, Cecelia Michalec, Edmund Miller, Violet McDougall, George Noot, Marjorie Otterbine, Mildred Patterson, Marie Kidd, Donald Ross, Louis Santano, Rena Rossi, Edna Wenzel.

DIVISION IX.
Chester Bonthron, Ruth Boyce, Helen Bran, Carl Brau, Angelo Colarch, Edward Crosby, Bernice Donaldson, Ernest Fitzpatrick, Stephen Klemen, John Knight, Zelma Larame, Daisy Malm, Ethel Massie, Windsor Miller, Margaret McCallum, Bruce McDonald, Madeline McDougall, Ronald McKinnon, Crawford McLennan, Andy Pisacreta, James Robertson, Tony Santano, George Savage, Harry Shannon, Freddie Wenzel.

The Granby's copper production at Anyox for March was 2,095,500 pounds, as compared with 2,180,000 pounds in February and 1,975,439 pounds in January.

The first train over the C.P.R. branch to Phoenix since last fall made the trip last Saturday, when ten cars were taken up to be loaded with machinery from the Granby mine.

H. A. Sheads made a business trip to Greenwood on Tuesday.

GRANBY'S BIG DEBENTURE SALE

\$2,500,000 Convertible Bonds Disposed of to Meet Obligations Incurred for Improvements

The Granby Consolidated Mining, Smelting & Power company has effected the sale of \$2,500,000 in convertible debenture bonds, according to a New York report. The bonds are for five years at 8 per cent. The purpose of the sale was to meet obligations incurred in the development of the Granby coal property, coke and byproducts plant, the remodeling and improvement of the Anyox smelter and other improvements, the total cost of which approaches \$5,000,000. These and other expenditures aggregate \$10,000,000.

PREMIER SUES FOR \$50,000

Sequel to Reading of Memorable Telegrams in House During Dying Hours of Late Session

Victoria, May 5.—By way of reply to the charges levelled against him in two memorable telegrams which were read to the legislature during the dying hours of the recent session, the Hon. John Oliver, premier of the province of British Columbia, yesterday instituted proceedings for libel against Richard T. Elliott, K.C., with a claim for \$50,000 damages.

The writ was filed by the prime minister's son, Joseph Oliver, a solicitor of Vancouver, after consultation with M. B. Jackson, K.C., of this city, who will act counsel on behalf of the premier.

The writ confines the issue to Mr. Elliott's charges against the premier's alleged dealings with Messrs. Petley and Keith, who had notified the government of their desire to dispose of certain lands for soldier settlement purposes.

LOCAL G.W.V.A. ELECT OFFICERS

A More Progressive Program for the Coming Year--Pool Tables and Other Games at Rooms

At the regular meeting of the G. W. V. A. held last Friday night the annual election of officers took place, the following being elected to offices for the year: President, J. Plant; vice-president, R. Campbell; secretary-treasurer, C. Mudge; executive, John Grassick, C. A. Atwood, T. Rooke, L. Harkness, F. Cooke; social committee, W. Pearson, C. A. Atwood, C. Mudge, M. Henderson, J. Plant. A hearty vote of thanks was tendered the outgoing officers, and plans were discussed for a more progressive program for the future than in the past. An effort will be made to keep the rooms open and make them more attractive during the summer months by installing pool tables and other social games.

THE WEATHER

The following is the minimum and maximum temperature for each day during the past week, as recorded by the government thermometer on E. F. Laws' ranch:

	Max.	Min.
April 30—Friday.....	55	35
May 1—Saturday.....	60	36
2—Sunday.....	62	35
3—Monday.....	61	36
4—Tuesday.....	63	48

FRIDAY, MAY 7, 1920

The Liberals throughout British Columbia are completing arrangements for their appropriate contribution to the Laurier monument fund. The subscription list was to have been closed on March 17, but owing to the peculiar circumstances, as to distance and transportation facilities, and the prevalence of the influenza epidemic, which has militated against a very thorough canvass of the outlying sections of the province, it will be some time yet before the secretary of British Columbia Liberal association, who has charge of the collection of this fund in the province, will be able to forward a complete account of the contribution from British Columbia Liberals. The secretary anticipates that when the fund is closed a very substantial contribution will be forwarded to Ottawa towards the cost of erecting the one hundred thousand dollars monument as a memorial from the Liberals of Canada to their late chieftain.

A member of parliament has made a spectacular stand against the high cost of living in England. He bought three clothing factories and is manufacturing men's clothing to be sold at prices ranging from \$9.25 to \$14.50 a suit. So eagerly did men rush to take advantage of the low prices that before 8 o'clock on the morning when the first advertisement appeared a line of a hundred yards long was waiting to get into the store. Soon traffic was blocked, and the police were called to maintain order. The demand for the clothes has continued ever since, and at least one firm of professional tailors has begun to make low-priced suits.

Mesopotamia, which is supposed to be the site of the Garden of Eden, is costing the British government, according to Winston Spencer Churchill, something between seventy-five and a hundred million dollars a year. It is not the first time that a garden has proved to be an expensive luxury, but it seems too bad to jolt that dear old lady who "found great support in that comforting word Mesopotamia."

A woman who declared in court that her husband was the meanest man in England had unusual grounds for the charge. During the sugar shortage, she said, he kept his personal supply of sugar in a separate bowl, which he left every morning with a fly in it and the cover on. If the fly was not there when he came home at night, he jumped to the conclusion that some one had taken some of his sugar, and he was very disagreeable about it. It is a pity that his wife or some one else did not substitute a hornet for the fly.

A Tale of Two Cities

The Tax Reform League of Eastern Canada makes the following comparison between the method of taxing property in Toronto, Ont., and a Syd. N.S.

The taxpayers in Toronto who pay nearly 3 per cent in taxes should compare their position with that of the citizens of Sydney, New South Wales, the most populous state in Au-

tralia. In that city there is no tax on the products of industry or on business. The man who puts land to its worst use is taxed as much as the man who puts it to its best use. There is no penalty for improving.

Toronto taxpayers pay nearly 3 per cent taxes on the assessed value of their houses, shops, factories, and offices, and also on their business.

Sydney taxpayers pay no taxes on houses, shops, factories, workshops, offices or business.

A Toronto manufacturer puts up a factory at a cost of \$50,000 and pays a tax of \$1500 on his improvement, besides a tax of \$750 on his business.

A Sydney manufacturer puts up a factory at the same price, and pays not one cent on the improvement or on his business.

A Toronto merchant rents a shop costing \$10,000 and pays a yearly tax of \$300, besides his business tax, which varies according to the business.

A Sydney merchant pays not one cent tax on his building or on his business.

A Toronto resident erects a house costing \$2500 on a lot costing \$1000. On the house he pays a tax of \$75 and \$30 on the land.

A Sydney resident pays no tax on his house, and only about \$20 on his land.

All municipal expenses are met in Sydney by a tax rate of 2 per cent, whether the land is kept vacant or used for a factory, a store, a home, an office or a workshop.

For more than sixty years the Toronto method of taxation existed in Sydney. Then a partial application of reduction of taxes on improvements was tried with such success that on April 13, 1916, the city council, with only two opposing, abolished all taxes on improvements.

As the city of Sydney grows, instead of allowing the speculators to appropriate the increased value of the land and thus impoverish industry, the value of the land will be taken for the public benefit. No one will be taxed for exercising beneficent, honest industry and no one will be allowed to appropriate wealth he has not produced. The taxation will be imposed on the bare value of the land, and each will then pay, not according to the benefit he confers, but according to the benefit he receives.

In Toronto the total assessment amounts to \$620,000,000, made of of \$300,000,000 on the land and \$320,000,000 on buildings, income and business. The assessment of the land is notoriously low. It should be approximately \$600,000,000; but let us assume that it is only \$500,000,000, instead of the assessor's figures, \$300,000,000.

If the assessment were placed on the value of the land alone, \$500,000,000 as it should be, the rate would be approximately 36 mills on the dollar. On a lot valued at \$600, and a building valued at \$2400, at 28½ mills the tax on the \$3000 would be \$85.50. But on the land alone, valued at its proper amount, \$1000 instead of \$600, as at present, and at a rate of 36 mills, the tax would be \$36 instead of \$85.50, a reduction of \$49.50, less than one half.

Increased taxes and increased assessment on the land alone would so far discourage speculation and force the land into the market, that there would be a very substantial reduction in the price of the land. At the same time there being no taxes on buildings, there would be every stimulus to increase the number of houses and thus reduce rents. This would increase the demand for labor, thus increasing wages. At the same time it would compel a number of parasitic speculators to become active producers. All these influences mean greater prosperity—less for the parasites and more for the producers.

With this same system applied to our federal taxation, it would so benefit industry and stop monopoly that there is no reason why every man should not have a home of his own without a mortgage.

Make Your Telephone Service More Effective

Anyone will acknowledge that promptness in answering the telephone is a courtesy shown the caller. Promptness can be made more effective when you announce who is speaking, with perhaps the name of the firm. Not only is it a courtesy to the caller, but it helps your own business—it shows you are responsive, appreciative.

BRITISH COLUMBIA TELEPHONE COMPANY

Ancient History

News Items and Comment Which Appeared in The Sun for the Corresponding Week Eighteen Years Ago

On May 5 H. S. Turner retired as one of the proprietors of The Evening Sun and G. A. Evans became sole editor and publisher. The paper was changed from a daily into a semi weekly. The last daily paper printed in Grand Forks was issued on Saturday, May 3, 1902.

Work was commenced on the Columbia spur of the V. V. & E. Tuesday morning.

The Granby company has let a contract to Porter Bros. to take out 100,000 tons of ore.

The Kettle Valley line bridge at Nelson, Wash., was washed away by high water Tuesday morning.

The new Central school building was opened Monday morning with appropriate ceremonies.

H. L. Newett has established a stage line between Grand Forks and Nelson, Wash.

Tracklaying on the V. V. & E. is progressing satisfactorily, and the steel gang is coming this way rapidly.

John Manly is in Victoria on legal business.

Frank Fritz and W. Putnam left on Monday for a prospecting trip up the North Fork.

The water in both the main river and the North Fork is pretty well up, and still rising.

Rev. and Mrs. J. F. Betts left Thursday evening for Vancouver.

Rev. J. R. Robertson, B.A., was too ill to conduct services in Knox Presbyterian church last Sunday, but he has now fully recovered.

CONSOLIDATED COMPANY'S MINES IN THE BOUNDARY DISTRICT

In his annual report, Mine Manager Archibald, of the Consolidated company, makes the following comment on the holdings of the company in the Boundary district:

Development work on the fluorspar property of the Rock Candy group was continued with satisfactory results, the deposit bidding fair to open up according to the indications of its extensive outcrop.

Permanent camp buildings including ore bins, were erected at the mine. A concentrator of 100 tons daily capacity, to eliminate silica and other impurities, was constructed on the North Fork branch of the Kettle Valley railroad, as well as an aerial tram approximately 10,000 feet long to connect the concentrator with the mine ore bins.

Some difficulty was experienced at first in getting a suitable product but with the installation of a dryer and by making some minor changes in the method of treatment, satisfactory results are now being obtained.

The Emma mine was operated in accordance with the requirement of the smelter for that class of ore. Development on the lower level showed the presence of a large dyke, which materially decreased the area which was expected to have been productive. Ore was encountered below this, and the possibilities have not been entirely exhausted.

The Phoenix Amalgamated, at Phoenix, and the Number Seven, at Boundary Falls, were not operated.

Testing the Minister's Faith

A little Scotch lad greatly coveted a fine Jersey cow belonging to the minister of the local kirk.

"Do you believe in prayer?" said the good little boy.

"Most certainly I do," was the reply.

"But," insisted the questioner, "do you believe if I prayed hard enough God would give me a cow like yours?"

YOU ARE IN GOOD COMPANY WHEN YOU ADVERTISE IN THE GRAND FORKS SUN

MR. BUSINESS MAN, have you ever thought that advertising puts you in good company? It is an old saying that a man is known by the company he keeps. When you join the ranks of the advertisers you join the ranks of the biggest and most successful merchants and manufacturers in the world.

How many large concerns can you name in any large city in the country? Name them and you will notice that all are big advertisers and all are leaders in their lines. Ask your friends to name the most successful merchants they know in the big cities, and in each case the name of a great advertiser will be mentioned.

The same rule is true of smaller cities and towns. The successful merchants are the advertisers. The advertiser stamps himself as one having confidence in himself and his wares, as one proud of his calling and seeking publicity and the test of patronage.

News of the City
 During the last two weeks the local branch of the government labor bureau has brought in from outside points—principally from Vancouver—thirty two men and placed them all in employment, besides placing all local men available. Fifty vacancies are still reported unfilled.

The executive of the Grand Forks Liberal association held a meeting in R. Campbell's office on Wednesday evening, when considerable business in connection with the new Elections act was transacted.

Three cars of fluorite concentrates were brought down from the Rock Candy mill at Lynch Creek by the Kettle Valley line train yesterday.

Mr. and Mrs. I. A. Spiaks will leave about the 14th inst. for Sacramento, Cal., where they will make their future home.

Mr. and Mrs. James Hardy expect to leave about the first of the month for Oakland, Cal. They intend to locate permanently at some point in California.

On Saturday last M. H. Burns took Bert Averill up to Franklin camp, where Mr. Averill will spend some time doing development work on his mineral claims.

W. M. Archibald, mine manager for the the Consolidated company, was in city on Friday and made a trip up to the Rock Candy mine.

H. W. Young returned from Franklin on Monday. He states that the North Fork road is now in fairly good condition, but that the bridge at Desolation point is considered to be unsafe.

C. J. Wilson, a prominent mining engineer of Victoria, was a guest at the Yale on Tuesday.

Thursday, the 6th, a very enjoyable social and card party was held in the parish house by the ladies of the Catholic church. The house was

crowded and great amusement was afforded when the prizes were awarded—a box of candy for first, and a lemon for booby.

The fishing season opened on the first, but there are still some complaints about the high cost of fish.

William Nolan Williams, of Spokane, has been a guest at the Grand Forks hotel for a few days this week. Mr. Williams was the first mining engineer for the Granby company at Phoenix, and he revisited his old field of activity yesterday.

Mr. and Mrs. Percy Clark left Monday for Anyox, where they will in future reside.

John Kronen, aged 13, of Greenwood, died in the Grand Forks hospital last Thursday evening.

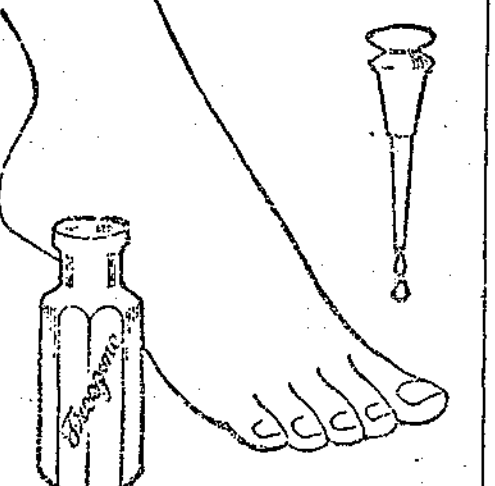

There are over 140 men working at the Nickel Plate mine, Hedley.

EVERY PERSON LIVING IN Grand Forks can make excellent profits this year by investing a few dollars of their earnings through the columns of the Texas Pacific Oil News. Many thousands of people are making small and large fortunes by investing their earnings with **HONEST COMPANIES** operating in the greatest oil boom the world has ever known which is at present taking place in the state of Texas. Write to Messrs. **YORK & WEBSTER**, 419 Union Building, Vancouver, B. C., for a copy of the Texas Pacific Oil News.

Automobiles for Sale—1 Mitchell 5-passenger, 1 Mitchell Roadster and 1 Ford. Apply C. V. Meggitt.

You can not reach The Sun's numerous readers except through its advertising columns.

Lift off Corns!
 Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.
 A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. **Try it! No more!**

OTHER TABLETS NOT ASPIRIN AT ALL

Only Tablets with "Bayer Cross" are Genuine Aspirin

If you don't see the "Bayer Cross" on the tablets, you are not getting Aspirin—only an acid imitation.

The "Bayer Cross" is your only way of knowing that you are getting genuine Aspirin, prescribed by physicians for over nineteen years and proved safe by millions for Headache, Neuralgia, Colds, Rheumatism, Lumbago, Neuritis, and for Pain generally. Made in Canada.

Handy tin boxes of 12 tablets—also larger sized "Bayer" packages can be had at drug stores.

Aspirin is the trade mark (registered in Canada), of Bayer Manufacture of Monaceticacidester of Salicylicacid.

While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company, Ltd., will be stamped with their general trade mark, the "Bayer Cross."

LAND REGISTRY ACT

To each of the parties whose names are set out in the first column in the Schedule hereto.

TAKE NOTICE that applications have been made to register the Corporation of the City of Grand Forks as owner in fee under certain Tax Sale Deeds issued by the Collector of the Corporation of the said City of the lands set out in the third column of the Schedule hereto.

Further Take Notice that you are required to contest the Claim of the said Corporation of the City of Grand Forks as Tax Purchaser within 30 days from the date of the service of this Notice (which may be effected by advertisement in five consecutive issues in a newspaper circulating in Grand Forks). And whereas applications have been made for certificates of indefeasible title to the above mentioned lands respectively in the name of the Corporation of the City of Grand Forks.

And whereas on investigating the title to the respective parties set out in the first column of schedule hereto it is found that prior to the 31st day of September, 1917, (being the date on which the said lands were sold for overdue taxes), each of you whose names are set out in the first column of the schedule hereto appears by the records of the Land Registry Office or the Assessment Roll of the Corporation of the City of Grand Forks to have the right or interest set out in the second column of the said schedule hereto.

Now Therefore Take Notice that I shall effect registration in pursuance of such applications and at the same time issue certificates of indefeasible title to the said lands respectively in the name of the Corporation of the City of Grand Forks unless you or any of you take and prosecute the proper proceedings to establish your claim, if any, to the lands set out respectively in the said schedule opposite your respective names or to prevent such proposed action on my part. Dated at the Land Registry Office, Kamloops, this 31st day of March, A.D. 1920.

H. V. CRAIG,
 District Registrar.

"DIAMOND DYE" OLD GARMENTS LIKE NEW

Any woman can dye faded, shabby wearing apparel, whether wool, silk, cotton, linen or mixed goods to any color, just like new, by following simple directions in each package of "Diamond Dyes."

Synopsis of Land Act Amendments

Minimum price of first-class land reduced to \$5 an acre; second-class to \$2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of \$10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in connection with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased, on conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Armed Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS.

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING.

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on range range; priority for establishment of owners. Stock-owners may also be authorized for range management. Fees for partially free, permits for stock owners or travelers, up to \$100.
