18TH YEAR—No 1 GRAND FORKS B. C., FRIDAY, NOVEMBER 1, 1918 \$1.00 PER YEAR

MEETING OF CITY COUNCIL

Mayor Acres, Ald. Harkness, McDonald and Schnitter were present at the regular meeting of the city council on Monday evening.

A letter from Secretary D. C. Manly, of the fire department, drew the council's attention to the fact that a fire escape had not yet been erected at the Grand Forks hospital. On motion of Ald. Harkness, the council decided to take the matter up with Dr. Kingston.

Health Officer Kingston reported that Mrs. W. Dacre had been admitted to the Grand Forks hospital, and that it would probably be a city case. The Spanish influenza, he said, was somewhat on the increase, there being now forty cases in the city. One death had been reported.

Pte. Ernest Harrison, a returned soldier, addressed the council, and asked that the council recommend to the attorney-general that he hold the appointment of a police magistrate for Grand Forks in abeyance for a month, at the end of which time he expected to return from the hospital at the coast, and he would then put in an application for the position. On motion of Ald. McDonald, Mr. Harrison's request was complied with.

The chairman of the board of works reported that he had gone over the Bridge street bridge with the provincial bridge inspector. The inspector had not exactly condemned the bridge, but he had intimated very strongly that a new bridge was needed. On motion of Ald. Schnitter and Harkness, the clerk was instructed to request Road Superintendent McCallum to procure bridge plans from Victoria.

The chairman of the board of works also reported that he had had some success in experimenting with the small road grader on street grading. Accepted.

The chairman of the water and committee reported that the old wooden pipe on Victoria avenue had been replaced by iron pipe. Accepted.

On motion of Ald. Harkness and McDonald, the council appropriated \$100 for Christmas presents for local soldiers now serving with the colors overseas.

The chairman of the health and relief committee reported that there were four cesspools in the downtown district in bad condition. The chief of police was instructed to look into the matter and to instruct the owners to have them repaired.

The clerk reported that over 50 per cent of the delinquent taxes had been paid in response to the notices sent out. The finance committee was instructed to interview the local solicitors regarding the collection of the balance through the courts.

The chief of police was appointed assistant city clerk and his salary was raised to \$125 per month, \$30 to be charged to the finance committee and \$95 to the police commissioners.

The council bylaw and the Grand Forks ward bylaw were reconsidered and finally passed.

ANOTHER GRAND FORKS BOY MAKES SUPREME SACRIFICE

On Saturday morning last Mrs. M. H. Melwaine received the sad news that her son Robert had fallen in action in France on the 5th ult.

The young man had only been at the front for a short time. He was twenty five years of age and was raised in this city, the family having settled here at the inception of the city. At the time of enlisting he was employed at the Granby smelter, and he was an industrious workman and was much esteemed and very popular with a wide circle of friends and acquaintances.

The members of the family of the young soldier who made the supreme sacrifice are grief stricken at the sad intelligence brought by cable from overseas, but if there is any consolation in the knowledge that the entire community sympathize with them, it should help to lighten their burden of sorrow considerably. The mother, two brothers and two sisters of the deceased live in this city, and another sister is at present living in Saskatchewan.

The Use of the Apple

"Those who make a liberal use of apples will serve the dual purpose of saving for shipment overseas such articles of food as are fit for that purpose and at the same time furnish a useful and valuable food for the household.

The apple without question is the king of fruits. Whether fresh, dried, evaporated or canned, it is a wholesome food, easily prepared, attractive and palatable at all times."

"Always cook apples in earthen or granite utensils and use silver, granite or wooden spoons for stirring. The use of the apple as the basis for all manufactured jam is well known. This is due to the large amount of pectose which it contains. There is no waste to a good apple; even the paring and core may be utilized for jelly. Fruits are classified as flavor fruits and nutritive fruits—the apple comes under both of these heads."

Extracts from a little booklet issued by the fruit branch of the Dominion department of agriculture, giving 160 recipes for the use of the apple. The book can be had free on application to the publications branch, Department of Agriculture, Ottawa.

The Final Test

The "Old-Timers" in the Great Lake region tell the story of a prospective marine engineer who was being examined by the captain. The captain had asked a number of difficult questions in order to confuse the man, but the candidate was always ready with an answer. At last, in a tone of deepest concern, the captain asked:

"Supposing the water in your injector was working properly, your boiler check was not stuck or your pipes clogged, but you weren't getting any water in your boilers—what would you do?"

The engineer looked puzzled for a moment, unable to fully grasp the situation; then, with a knowing smile on his face, he answered:

"I'd go up on deck and see if there was any water in the lake."

"You'll do," said the captain.

INFLUENZA IS ON THE INCREASE

It is not the easiest thing in the world to obtain reliable information regarding the Spanish influenza situation in the city. In a great many homes where the disease exists there is a disposition to hide the fact, and any statement as to the number of cases in the city is therefore mere guesswork.

Health Officer Kingston, at the council meeting on Monday night, reported forty cases, and it is said that there has been a slight increase since that time. Owing to the comparatively low altitude of this city, the disease is not of a very malignant nature here, and there is no cause for alarm at present; but the situation is sufficiently serious to induce every citizen to make an earnest effort to stamp out the pest.

The Grand Forks hospital is now taxed to its full capacity with patients, and a number of the school teachers are assisting the nursing staff.

If a suggestion from this paper is permissible: We should prefer to see the quarantine regulations more strictly enforced than they are at present.

TERMS OF VICTORY BOND PAYMENTS

Many people are inquiring about the terms upon which the payments for Victory loan bonds 1918 are to be made. These vary somewhat from those of the Victory loan bonds of last year. In that loan the purchasers got from the government a full half year's interest, just as though he had paid in full; that is, the government allowed him interest upon his instalments yet unpaid. Thus the interest paid for the first half year exceeded 5½ per cent for the period, upon the money actually paid. This year the terms are such that the rate of interest is exactly 5½ per cent. Thus, to give a specific example: If a person buys a \$100 bond in the present Victory loan, he can, on or before the 1st of November pay the \$100, and will be entitled to a full half year's interest on May 1, 1919. If he wishes to pay in instalments, he will pay \$10 on application, \$20 on December 6, January 6, February 6, and \$31.16 on March 6. These figures, it will be seen, are 10 per cent on application, 20 per cent on December 6, January 6, February 6, and 30 per cent on March 6. The \$1.16 represents the interest on the instalments for the deferred period.

RETURNED SOLDIER DIES OF INFLUENZA

Edgar Joseph Gauthier, aged 31 years and ten months, died at the Grand Forks hospital on Sunday, the 27th ult., of pneumonia, brought on by a cold and influenza. The funeral was held at 10 o'clock on Wednesday morning from Miller & Gardner's undertaking parlors to Evergreen cemetery, where services were conducted by Rev. Father Pelletier. The remains were followed to the grave by a large concourse of citizens.

Deceased was one of the old-timers of Grand Forks. He had practically been raised here, and was well and favorably known by everyone. He served for a short time at the front in the ambulance corps last summer, but was gassed, invalided home and given an honorable discharge. Naturally of a weak constitution, the effects of the gas attack rendered him less capable of combatting the disease which ended fatally. He is survived by a wife and a number of other relatives in this city.

Potatoes

Digging time has arrived and the crop in British Columbia is not turning out as good as expected. There is a considerable loss due to a rot which affects a proportion of the crop. The quality of the spud is fine, but the surface is more irregular and less shapely than buyers would desire. Prices are stiffening and up country potatoes are now offering from \$32 to \$34 f.o.b. ship ping point, with an advance very likely. Stockton, Cal., quotes fancy \$2 per cwt., extra choice \$1.75 to \$1.90, choice \$1.55 to \$1.75. Demand slow. The fancy names hold down to No. 1, 2 and 3, although some growers think their No. 3 is a No. 1. When greater care in grading is exercised less "comeback" or claims for potatoes not being up to grade will be made.

Vancouver Island reports a very poor potato crop. British Columbia growers should select their stock for seed and domestic use and sell as much as possible now, if present prices can be secured.

VICTORY LOAN WILL GO OVER THE TOP

The Victory loan drive started off under very auspicious conditions last Monday morning. The canvassing committee has been working diligently since that time, and the members have met with marked success. At the headquarters of the local Victory loan organization it was stated today that up to last night \$55,000 had been subscribed. If this ratio is kept up to the 16th inst., Grand Forks will go over the top two or three times. But there is no danger that she will go over too often. Buy Victory Bonds.

NOTICE TO SOLDIERS ON HARVEST LEAVE.

Attention is directed to a recent announcement published in the Press by the Military Service Branch, Department of Justice, regarding extensions to be granted to men EXEMPTED AS FARMERS.

It is pointed out that this DOES NOT IN ANY WAY AFFECT MEN WHO HAVE BEEN ORDERED BY THE REGISTRAR TO REPORT TO Depot Battalions and who have thereafter received leave of absence from the Military Authorities.

Once a man has been ordered to report for duty by the Registrar he leaves the jurisdiction of the Registrar and comes under that of the Department of Militia and Defence, and is to be considered as a soldier. This applies to men of the 20 to 22 Class who have been ordered to report by the Registrar in virtue of the cancellation of exemptions by Order-in-Council of the 20th April last, as well as to those ordered to report in the usual way on refusal of claim for exemption, or on expiration of exemption granted.

All men, accordingly, who have been ordered to report, and are therefore SOLDIERS, and who have subsequently been granted harvest leave by the military authorities, MUST, NOTWITHSTANDING THE NOTICE ABOVE REFERRED TO, REPORT ON THE EXPIRATION OF THAT LEAVE, unless they are notified to the contrary by their Commanding Officer or by general notice published by the Department of Militia and Defence.

Can you feel the pinch? If not, keep on buying Victory bonds. Buy till your pocket-book grows slim. Invest your savings in Canada. Canada is asking the loan of a lot of money, but the Germans would ask a great deal more in indemnities. Show what system you prefer.

The Altar of Humanity! On that the lives, the hopes, the happiness, of millions have been offered in this war. Here in Canada, three thousand miles from war's fierce flame—that flame which has scorched and seared and devoured so many of our bravest, our brightest and our best—what are we offering on that altar? What can we, what should we, offer on it? At least we can do more than many of us are doing, forego more than many of us are foregoing. Too many of us, by far, are going our ways just as though no war were on—as though the Altar of Humanity asked no sacrifice from us. But it does—and we must make it or be forever shamed. It asks of us the sacrifice—small enough it is—of ease, pleasure, luxury, extravagance. What are you doing about it all? With the world in travail, you must cease pleasuring—cease from much of pleasure save in sternest self-denial. Live sparingly, simply, savingly. So only can you live nobly. The reward will come. A welcome interest return brings a Victory bond pleasantly to your notice every six months. The repayment of the principal is certain. The security is unquestionable. Invest all the money at your disposal. Buy till it hurts. This 1918 Victory loan will need every dollar you have or

WHAT TO DO IF INFLUENZA GETS YOU

[By the national conference of American army, navy and civilian doctors]

How to prevent it:

1. Avoid contact with other people so far as possible. Especially avoid crowds indoors—theaters and other places of public assemblage.
2. Avoid persons suffering from "colds," sore throat and coughs.
3. Avoid chilling the body or living rooms of temperature below 65 deg. Fah. or above 72.
4. Sleep and work in clean, fresh air.
5. Keep your hands clean and keep them out of your mouth.
6. Avoid expectorating in public places and see that others do likewise.
7. Avoid visiting the sick.
8. Eat plain nourishing food and avoid alcoholic stimulants.

9. Cover your nose with your handkerchief when you sneeze, your mouth when you cough. Change handkerchiefs frequently. Promptly disinfect soiled handkerchiefs by boiling or washing with soap and water.

10. Don't worry, and keep your feet warm. Wet feet demand prompt attention. Wet clothes are dangerous and must be removed as soon as possible.

How to treat it:

1. If you get a cold, go to bed in a well ventilated room. Keep warm.

2. Keep away from other people. Do not kiss anyone.
3. Use individual basins, knives, forks, spoons, towels, handkerchiefs, soap; wash plates and cups.
4. Every case of influenza should go to bed at once under the care of a physician. The patient should stay in bed at least three days after fever has disappeared and until convalescence is well established.
5. The patient must not cough or sneeze except when a mask or handkerchief is held before the face.
6. He (or she) should be in a warm, ventilated room.

7. There is no specific for the disease. Symptoms should be met as they arise.
8. The danger is from pneumonia. Avoid it by staying in bed while actually ill and until convalescence is fully established.
9. The after-effects of influenza are worse than the disease. Take care of yourself.
10. Strictly observe the state and city rules and regulations for the control of influenza.

Serviceable Crockery

Many a housewife who daily listens to the crashing clatter of china

breaking in the kitchen will see something beyond humor in the suggestion of the housewife mentioned in the Liverpool Post. "John," said Mrs. Jenkins, looking up from the evening paper, "you know how many dishes Kate has broken lately?" "Yes," replied John. "What of it?" "Well," continued his wife, "there is something here in the paper about steel plates. I don't know just what they are, but I should think they would be indestructible, and they are just the thing we need."

SAYS LEMON JUICE WILL REMOVE FRECKLES

Girls! Make this cheap beauty lotion to clear and whiten your skin.

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost. Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

War Efficiency and National Prosperity

More than a billion and a half dollars distributed in Canada for exported agricultural produce and the products of labor in the fiscal year ending March 31, 1918, has kept Canada busy and prosperous in spite of the war.

CANADA'S production in such enormous quantities was made possible only by the money received through Canada's War Loans. Canada thus was enabled to assist the Allies in their purchases here by establishing financial credits for their use in this country.

CANADA'S war loans not only have sustained Canada's war effort, but they have kept the wheels of production turning as they never turned before.

This is the flood of cash which poured in to Canada's farms for their exports in the fiscal year 1918, for:—

Butter.....	\$ 2,000,000
Cheese.....	36,602,000
Eggs.....	2,271,000
Oats.....	37,644,000
Wheat.....	366,341,000
Flour.....	95,896,000
Meats.....	76,729,000
Vegetables.....	19,034,000

Over six hundred and thirty-six million dollars for exported farm products alone!

AND the workers of Canada also shared greatly in Canada's export trade.

For their products there was distributed in Canada, during the year:

Munitions.....	\$450,000,000
Metals.....	92,083,000
Vehicles.....	22,776,000
Wood Pulp and Paper..	59,599,000

These huge sums were spent in Canada by the Allies.

Canada's own war expenditure for the fiscal year 1918 was \$342,762,000.

And the bulk of all these expenditures, the foundation of Canada's prosperity and war effectiveness, was made possible only because the subscribers to Canada's war loans furnished the working capital.

* * *

CANADA must keep this great work going—must produce as never before; must work, fight, save and lend as she has never yet done to bring victory and a lasting peace to a war-ridden world.

But Canada to-day (thanks to her great export trade), is in a better position now than ever, to carry on.

The Victory Loan 1918 will keep Canada busy, will enable her to maintain her great export business; and it will make Canada more efficient than ever, because her prosperity will not be diminished and her determination to work, fight and win will be stronger than it has ever been before.

LISTEN TO THIS! SAYS CORNS LIFT RIGHT OUT NOW

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called frezone, which the moment a few drops are applied to any corn, the soreness is relieved and soon the entire corn, root and all, lifts out with the fingers.

It is a sticky ether compound which dries the moment it is applied and simply shrivels the corn without inflaming or even irritating the surrounding tissue or skin. It is claimed that a quarter of an ounce of frezone will cost very little at any of the drug stores, but is sufficient to rid one's feet of every hard or soft corn or callus.

You are further warned that cutting at a corn is a suicidal habit.

NOTICE

Military Service Act, 1917.

EMPLOYMENT OF MEN IN DEFAULT UNDER THE MILITARY SERVICE ACT.

The following Regulations, recently approved by the Governor General in Council, impose strict obligations upon every employer TO ASSURE HIMSELF THAT EACH OF HIS EMPLOYEES OF MILITARY AGE AND DESCRIPTION IS IN POSSESSION OF DOCUMENTS PROVING THAT HE IS NOT IN ANY WAY IN DEFAULT UNDER THE MILITARY SERVICE ACT.

An employer who is charged with having a defaulter in his employ must be able to prove THAT THE MILITARY SERVICE PAPERS ISSUED BY THE REGISTRAR OR MILITARY AUTHORITIES TO THE EMPLOYEE IN QUESTION WERE PRODUCED FOR HIS INSPECTION at the time when the employee was taken into his employment, and that it was reasonably established to his satisfaction that the man was not in default under the Military Service Act. It should be clearly understood that the Canadian Registration Certificates given on June 22, 1918, at the time of general registration, in no way define the status of a man under the Military Service Act.

REGULATIONS.

"106. Every person who employs or retains in his service any man who has deserted or is absent without leave from the Canadian Expeditionary Force, or who is in default in the performance of any obligation or requirement for reporting or for military service, imposed upon him by the Act or Regulations, or any proclamation thereunder, shall be guilty of an offence punishable on summary conviction by imprisonment not exceeding six months, or by a penalty of not less than One Hundred Dollars, and of not more than Five Hundred Dollars, or by both such imprisonment and fine, unless such person prove that he made due inquiry and that THE MILITARY SERVICE PAPERS ISSUED BY THE REGISTRAR OR THE MILITARY AUTHORITIES TO THE MAN SO EMPLOYED OR RETAINED IN HIS SERVICE WERE PRODUCED FOR HIS INSPECTION, and that it was reasonably established to his satisfaction by such inquiry and papers that the man was not a deserter or absent from the force without leave, or in default in respect of any of the obligations or requirements aforesaid."
