## MEETING OF CITY COUNCIL

### Ald. McCallum, After Being a Member of Sixteen Councils, Tenders His Resignation

Mayor Acres and Ald. Harkness, McCallum, McCabe and McDonald were present at the regular meeting of the city council on Tuesday night, which had been adjourned from the previous evening to allow the members to participate in the big peace celebration.

A communication was read from Attorney General Farris, stating that the appointment of a police magistrate for Grand Forks had been made.

The chairman of the finance committee reported that the committee had met and had decided to recommend to the council that the traders' license bylaw be strictly enforced. Arrangements had been made with H. L. Mackenzie for the collection of arrears of taxes, affecting 1916, by court proceedings. The report was adopted.

The usual grist of monthly accounts were ordered to be paid.

The chairman of the water and committee reported that 350 feet of 1-inch pipe on Garden avenue had been replaced by 4-inch pipe, which allowed the cutting out of 450 feet of wooden pipe on Cecil and Donald streets, which had been causing considerable trouble lately. It had been impossible to secure men at \$3 per day for this work, and the committee had been forced to pay \$3.50. The report was adopted.

The tender of W. K. C. Manly of 10c per foot for the wooden pipe on Victoria avenue, and 2 1/2c per foot for 350 feet on Donald and Cecil streets, in the ground, was accepted.

The mayor reported that the honor flag in connection with the Victory loan had been received, and that it had been raised on Monday night. The mayor and the city clerk were appointed a committee for the safe-keeping of the flag.

The matter of a quorum of the council under the new bylaw was taken up and discussed. The clerk was instructed to write to Mr. McDiarmid, solicitor for the Union of B. C. Municipalities, with the object of having provision made in the new Municipal Act for the majority of the council to constitute a quorum.

Ald. McCallum tendered his resignation owing to his appointment as police magistrate of the city. He expressed pleasure at attending council meetings, and thanked the people for having elected him to sixteen councils, during which time he had never been defeated. Mayor Acres made an appropriate response, in which he complimented very highly Mr. McCallum's services as an alderman. On motion, the resignation was accepted, the aldermen expressing regret at the retirement of their colleague.

Oscar Lachmund, late manager of the Canada Copper company, has opened a mining office in the Paulsen building, Spokane.

## NEW MAGISTRATE TAKES OATH

Neil McCallum, whose appointment as police magistrate of Grand Forks was announced on Monday, took the oath of office Wednesday morning.

Mr. McCallum is well qualified for the position. After securing his B. A. at college he studied law for three years, and practiced that profession in Winnipeg for a short time before enlisting in the Gordon relief expedition in the '80's. After returning from Egypt he came west. He has been a resident of Grand Forks since the city was born, and his appointment is generally approved by the citizens.

## News of the City

J. R. Mooyboer this week received a letter from Holland in which an interesting chapter concerning the high cost of living is given. Eggs in that country are selling for 27 cents apiece, butter is \$3 per pound, and potatoes are retailing at from \$12 to \$15 per sack.

The case of A. Schnitter, charged with common assault by P. T. McCallum, was dismissed by Justices of the Peace Angus Cameron and J. E. Willis in the police court on Tuesday evening.

Chief of Police Norgrove, with assistants, on Saturday night, made a trip to Chinatown and compelled twenty-two of the inhabitants of that quarter to pay the \$2 road tax.

Charles Wekell this week augmented his winter's meat supply by killing two deer in the North Fork district.

The management of the Granby smelter in this city is making an effort to get the plant in readiness to resume operations on the 20th inst.

Mrs. O'Brien, of Curlew, is very low with influenza in the Grand Forks hospital.

L. M. Persons, United States customs officer at Ferry, Wash., was in the city yesterday.

The Consolidated company has acquired the Voigt properties on Copper mountain, near Princeton.

C. E. Legg, C.P.R. roadmaster, has spent a couple of days in the city this week.

The chrome mine at Laurier is shipping ten carloads of ore to Niagara, N. Y.

Two lead furnaces at Trail are cold on account of the influenza.

## CELEBRATED END OF GREAT WAR

### Grand Forks Had Auto Parade, Fireworks, Illumination -- Effigy of the Kaiser Burned

At noon last Monday, when the news reached Grand Forks that the German delegates had signed the armistice dictated by the commander-in-chief of the allied armies, Gen. Foch, Mayor Acres at once proclaimed a civic half holiday, and plans were set in motion for the greatest jollification the city has ever known.

The first thing on the program was a parade of the automobiles in the city. The start was made at about 3 o'clock, and the route of the procession was around the loop, the town of Danville, across the line, being visited. There were over a hundred cars in line. They were all gaily decorated, and they presented a fine spectacle. The continual noise of their horns kept pedestrians warned of their approach. One carried a big liberty bell, which constantly announced that allied victory had been achieved.

In the evening jollification proceedings were resumed early. The autos and their horns were again much in evidence. The streets were brilliantly illuminated with hundreds of extra electric lights. These were reinforced by many colored lights, and no one was kept in the dark as to the meaning of the celebration. The noise from fire-crackers and auto horns was deafening, but in spite of this the person who did not blow his own horn was looked upon with suspicion. The women made as much noise as the men; and, as is usually the case, the rising generation made as much as the rest of the world. The band and the bagpipes, although they played their allotted roles well, were scarcely heard above the din of so many varied noises.

The burning of the effigy of the kaiser opposite the federal building attracted by far the largest crowd. There was evident satisfaction displayed by the crowd when the last shred of clothing had been consumed. Some dissatisfaction was expressed because he was so dry and burned too fast.

Perhaps the biggest hit of the evening was made by the Kettle Valley line engine. Ed Depew and the train crew had enveloped it in red lights, and as steamed up to the depot it drowned all the other noises with its whistle. In crossing the Kettle river bridge it fired topedocs in real war-like style. As a steller attraction it was a decided success.

One of the favorably commented upon incidents of the celebration was the keeping up during the evening of a bonfire on Observation mountain by some of patriotic small boys of the city.

Immediately on the receipt in this city of the end of the war, a big Union Jack was raised on Observation mountain by Ed Depew.

## GERMANS ACCEPT ALLIES' TERMS

War Ended at 3 o'clock Monday Afternoon, Pacific Time

WASHINGTON, Nov. 11.—The world war will end this morning at 6 o'clock Washington time. The armistice was signed by the German representatives at midnight. This means 3 o'clock Pacific time.

This announcement was made by the state department at 2:50 this morning. It was made verbally by an official of the state department in this form:

"The armistice has been signed. It was signed at 5 o'clock this morning Paris time and hostilities will cease at 11 o'clock this morning, Paris time."

The terms of the armistice are believed to include:

The immediate evacuation of France, Belgium and Alsace-Lorraine.

Disarming and demobilization of the German armies.

Occupation by allied and American forces of such strategic points as will make renewal of hostilities impossible.

Delivery of part of the German high sea fleet and a certain number of German submarines to the allied and American forces.

Disarmament of all other German warships under supervision of the allied and American navies which will guard them.

Occupation of the principal German bases by the forces of the victorious nations.

Release of all allied and American soldiers, sailors and civilians held prisoners in Germany without such reciprocal action by the allied governments.

There was no information as to the circumstances under which the armistice was signed, but since the German courier did not reach German military headquarters until 10 o'clock yesterday morning, French time, it was generally assumed here that the German

## OUR QUOTA MORE THAN DOUBLED

Victory Loan Subscriptions Amount to \$155,000--Expect to Reach \$200,000

Last night the Victory loan subscriptions in this city had reached \$155,000, or twice the amount of Grand Forks' quota, with \$5000 to spare. The money is still coming in in a steady stream, and the canvassing committee feels confident that when the campaign closes tomorrow night the subscriptions will total \$200,000.

## WAR AND THE SUGAR BOWL

Wars are not won by evading what war imposes. Sugar is scarce because of war; sugar ships have been taken from the trade to carry soldiers. That is why the Canadian housewife is asked to use only two pounds per month per head. If she evades the rule, can she expect her neighbors to keep it? And if everyone evades, it will hamper by diverting ships. There is no use worrying about inconveniences. There is not enough sugar to go around, unless it is cut down in the homes. The second spoonful can be left out.—Canada Food Board.

We should like to have some weather prophet inform us what significance to attach to the croakings of frogs in the middle of November.

envoys within the French lines had been instructed by wireless to sign the terms.

Forty-seven hours had been required by the German courier to reach German headquarters, and unquestionably several hours were necessary for examination of the terms and to reach a decision. It was regarded as possible, however, that the decision may have been made in Berlin and instructions transmitted from there by the new German government.

Germany had been given until 11 o'clock this morning, French time, 6 o'clock Washington time, to accept. Hostilities will end at the time set by Marshal Foch for a decision by Germany for peace or for a continuation of the war.

The momentous news that the armistice had been signed was telegraphed to the White House for transmission to the president a few minutes before it was given to the newspaper correspondents. Afterwards it was said that there would be no statement from the White House at this time.

FRIDAY, NOVEMBER 15, 1918.

Let us win our Honor Flag, remembering that it is the individual buyer who counts. Let all act together now, and buy Victory Bonds.

The Victory loan honor rolls of our institutions will be made up of individual names—of which yours will be one. The Victory loan honor flag will fly as a result of the combination of those lists. How many crowns will there be on our honor flag?

Every city, town and village worthy of its place on the map of Canada will earn and fly its Victory loan honor flag. Many will have one or two crowns to add—some will have four crowns. Let Grand Forks stand in the highest class!

Most men will lend to their friends in time of need. Every man should lend to his country in her need, for her need is his. Our Victory loan honor flag will show our realization of this.

Our soldiers clamor for places in the front rank of danger. Let's all get into the front rank of Victory bond payers. Crown the flag!

If you are not paying in full for your Victory bond, have your ten per cent in your pocket. Get the honor flag up early. And then—add the crowns to it.

When you buy a Victory bond you are purchasing an endowment policy for yourself and also for Canada. You will be storing away a portion of the nation's prosperity for future use.

Every intelligent Canadian knows that he must cut out waste; husband resources; be careful about debt; take precautions for the future. The best way to do that is to put your capital, however small, into Victory bonds.

The Victory bond is applied thrift. "Thrift," says Lord Rosebery, "is the surest and strongest foundation of an empire—so sure, so strong, so necessary, that no nation can long exist that disregards it."

The Victory loan honor flag stands for our honor as a community. Every crown that decorates it will show the depth of your patriotism. Buy Victory bonds.

United effort—all together—no slackers—will put the crowns on our honor flag.

The world war lasted four years, three months and six days. It will take two or three years to get the world back to its normal condition. There is still need for thrift and production.

If the kaiser is not apprehended by the allies, the

chances are that he may become a European hobo.

The 10th of November will undoubtedly be celebrated as a great national holiday all over the civilized world in future years.

The Sun is one of the few newspapers in Canada that has been able to pull through the war without raising prices, and without the continuous doleful whining about the high cost of production that has become so nauseating in the public press.

**Appreciated**

VANCOUVER, B.C., Nov. 8, 1918.—Managing Editor, The Sun, Grand Forks, B.C.—Dear Sir: I have noted with great pleasure the large amount of space you have given to the advertising of the Victory loan in your paper. The free use you have allowed to be made of your columns and editorial space for the purpose of furthering the interests of the Victory loan is

bound to have its effect in the constituency where your paper circulates, and I wish on behalf of the Provincial Executive to express in a very earnest manner the deep thanks for the patriotic and generous spirit which you have shown in this connection.

With kind regards and wishing your district every success, I remain, yours faithfully,

W. M. MALKIN,  
 Chairman, B. C. Executive Victory Loan, 1918.

**TAKES OFF DANDRUFF,  
 HAIR STOPS FALLING**

Save your Hair! Get a small bottle of Danderine right now—Also stops itching scalp.

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf.

There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store. You surely can have beautiful hair and lots of it if you will just try a little Danderine. Save your hair! Try it!

**END STOMACH TROUBLE,  
 GASES OR DYSPEPSIA**

"Pape's Diapepsin" makes sick, sour, gassy stomachs surely feel fine in five minutes.

If what you just ate is souring on your stomach or lies like a lump of lead, or you belch gas and cructate, sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach-ache, you can get relief in five minutes by neutralizing acidity. Put an end to such stomach distress now by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder caused by food fermentation due to excessive acid in stomach.

Every community is working hard for crowns on the Victory loan honor flag. How about ours? Buy Victory bonds.

**SYNOPSIS OF  
 LAND ACT AMENDMENT**

Pre-emption now confined to surveyed lands only.  
 Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.  
 Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions, with joint residence, but each making necessary improvements on respective claims.  
 Pre-emptors must occupy claims for five years and make improvements to value of \$10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.  
 Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health or other cause, be granted intermediate certificate of improvement and transfer his claim.  
 Records without permanent residence may be issued provided applicant makes improvements to extent of \$300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained on these claims in less than 5 years, with improvements of \$10 per acre including a cleared and cultivated, and residence of at least 2 years.  
 Pre-emptor holding Crown Grant may record another pre-emption, if the required land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.  
 Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads; title to be obtained after fulfilling residential and improvement conditions.  
 For grazing and industrial purposes, areas exceeding 500 acres may be leased by one person or company.  
**PRE-EMPTORS' FREE GRANTS ACT.**  
 The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

**TOWNSITE PROPERTY ALLOTMENT ACT.**

Provision is made for the grant to persons holding uncompleted Agreements to Purchase from the Crown of such proportion of the land, if divisible, as the payments already made will cover in proportion to the sale price of the whole parcel. Two or more persons holding such Agreements may group their interests and apply for a proportionate allotment jointly. If it is not considered advisable to divide the land covered by an application for a proportionate allotment, an allotment of land of equal value selected from available Crown lands in the locality may be made. These allotments are conditional upon payment of all taxes due the Crown or to any municipality. The rights of persons to whom the purchaser from the Crown has agreed to sell are also protected. The decision of the Minister of Lands in respect to the adjustment of a proportionate allotment is final. The time for making application for these allotments is limited to the 1st day of May, 1919. Any application made after this date will not be considered. These allotments apply to town lots and lands of the Crown sold at public auction.  
 For information apply to any Provincial Government Agent or to  
 G. R. MADEN,  
 Deputy Minister of Lands,  
 Victoria, B. C.

**How Many Crowns for  
 Your Honor Flag?**

Of course every city, town and district will earn its Honor Flag.

But how about the crowns?

For every twenty-five per cent. in excess of its quota, each city, town and district will be entitled to add a crown to its flag.

Can you do fifty per cent. better than your quota—that means two crowns for your Honor Flag.

But double your quota and it means four crowns.

Hang a Flag in your hall, that for years to come will show that your city, town or district did better than well—

That it was a real factor in the huge success of CANADA'S VICTORY LOAN 1918.

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada

**SGT. HUBERT BROAD  
DIES IN ENGLAND**

J. H. Ryley, barrister, of city, has received a letter from Clement B. Broad, of London, Eng., in which the particulars of the death of his son, Sergt. Hubert Frederick Broad, who went overseas from this city at the beginning of the war, are given.

"I am sorry," writes Mr. Broad, "to have to report the death of my son, Hubert Frederick, sergeant in Leinster regiment, formerly sergeant No. 77674 30th battalion, Canadians. He has for nearly three been first in Macedonia and more recently through the Palestine campaign. He got knocked over with malaria on the Jordan and was sent back to Alexandria, where he remained for some time, arriving in England on leave September 16th. The malaria had shaken him very much, but he seemed going on all right until Sunday last, 20th inst., when he and his sister and my little grandson were knocked down by this epidemic of influenza. My daughter and her little boy are improving, but poor Bert could not withstand the attack. Malaria recurred and also acute pneumonia, and he died in the presence of his mother on the 20th inst."

Sergt. Broad was a resident of Grand Forks for a number of years prior to enlisting, and he leaves a great many warm personal friends here. He owned a small poultry and fruit ranch near this city.

**"IMPROVING" MR.  
WILSON'S ENGLISH**

In Mr. Wilson's note of October 15 to Germany is this passage:

Cities and villages, if not destroyed, are being stripped of all they contain not only, but often of their very inhabitants.

The unusual placing of "not only," Mr. Wilson's felicitious refusal to make it follow "stripped," the emphasis derived from its later place, are evident. Just as Dante forced words to say what he meant them to say, Mr. Wilson arranges them so that they speak with the most force.

Who could have thought that in friendly, gallant Canada these few lines in Mr. Wilson's note would find a bit of correction, revision, excision such as his writings have probably not been subjected to since he was an undergraduate at Princeton, and the professor of rhetoric was notoriously severe, having ravaged his chin, perhaps, at shaving time? The Montreal Gazette restricts its correction to removing "not only" from the station to which Mr. Wilson appointed it and making it a buffer phrase between "stripped" and "if," "stripped not only of all they contain." This is a piece of orthodox "restoration." The judicious corrector for the press keeps in mind, however, that to change an extraordinary position of words is probably to disregard the deliberate intention of the writer.

In the Toronto Globe's version "not only" has disappeared, and "but often" is replaced by "and oftentimes," a poetical substitute. Surely these Canadian reconstructions come from no whimsy of the wires, but from the benevolent and honest desire to "improve" Mr. Wilson's English. — New York Times.

**By No Means Useless**

It would not be easy to find a more exacting test of a foreigner's mastery of English than his ability to write correctly from dictation the following sentence that Tit Bits quotes for the purpose:

As Hugh Hughes was hewing a yule log from a yew tree, a man dressed in clothes of a dark hue came up to Hugh and said, "Have you seen my ewes?"

"If you will wait until I hew this yew to use in my fireplace, I will go

with you anywhere in Europe to look for your ewes," said Hugh.

**Victory Bonds provide a market for  
British Columbia Mines and Smelters**

Of Canada's total production in the calendar year 1917, of copper, lead and zinc, amounting to \$35,750,000, British Columbia produced \$21,350,000.

For the fiscal year ending March 31st, 1918, Canada sold on credit to Great Britain and the Allies more than \$46,000,000 worth of metals, the greater part of which were produced from the mines of British Columbia. That was more than three times the average exports for the three preceding years.

The Victory Loan 1917 made this production possible because it enabled Canada to give credit to Great Britain and the allies for their metal purchases in this country.

Without this market the mines and smelters of British Columbia could not have sold their outputs.

But the mines have had a market for their ores. The smelters have turned out tremendous quantities of copper, lead and zinc.

This production has not only brought prosperous times to the miners

but it has been a mighty factor in helping to win the war, for these metals were absolutely necessary to the production of munitions in both Canada and Europe.

The Victory Loan 1918 will keep the good work going. British Columbia will continue to have a market for her metals and other minerals and these will help to win the war.

By buying Victory Bonds you enable Great Britain to secure needed materials for munitions and you help to maintain prosperity in British Columbia.

## News of the City

Neil McCallum on Friday last received official notice from Victoria of his appointment as police magistrate of Grand Forks.

Kokanees are now being shipped from Christina lake to this city in great quantities. They are of an unusually large size this year, and the fish eaters are happy.

A. E. Savage and Leo Mader returned to the city last Saturday for the winter. They have been engaged in mining in Camp McKinney during the past summer, and before closing down for the season they shipped a carload of concentrates to the Granby smelter.

Everybody blew their own horn on Monday night.

The first carload of ore from the Rock Candy mine was shipped from Lynch creek to Trail on Wednesday. The ore was packed on horseback from the mine to the Humming Bird siding.

Pte. Jack Todd, who was employed in the C.P.R. roundhouse before he enlisted, returned from overseas on Saturday. He lost a leg in France.

P. C. Peterson returned on Saturday from a business trip to Spokane.

On its weekly trip to Lynch Creek on Wednesday, the Kettle Valley train brought down nine carloads of freight—five of lumber, one ore and three of wood.

Joe Cunningham returned to his home in Phoenix on Monday.

Charles King had a successful auction sale at Rock Creek last week, and this week King Charles abdicated.

### Not on the Muster Roll

During the British advance on Jericho, says the American Medical Journal, an enemy shell struck an ancient tomb and revealed a skeleton. When the official archaeologists attached to the British staff made their investigation the evidence seemed to indicate that the skeleton was that of a historical figure, John of Antioch. Accordingly, they dispatched a cable to the war office in London:

"Have discovered skeleton supposed to be that of Jon of Antioch." The war office replied: "Can not trace John Antioch. Send identification disk."

### A Colonial "Parasite"

Spinsterhood seems to be a most fashionable state nowadays when so many girls are economically independent. It might be even more in favor in these meatless days if a certain custom, originated in colonial times by a father of several girls, were universally practiced. He gave each unmarried daughter a birthday present of a pound of beef, and each year added a pound to the weight of the gift. When the roast that he gave to one of the girls tipped considerably more than twenty pounds, the father waxed impatient.

"If you are not gone within the year," he said to the young woman, with humorous exaggeration, "I shall have to drive in the whole beast."

### IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look, Mother! If tongue is coated, cleanse little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again.

Sick children needn't be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure.

Ask your druggist for a bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

### 10 CENT "CASCARETS" FOR LIVER AND BOWELS

Cure Sick Headache, Constipation, Biliousness, Sour Stomach, Bad Breath—Candy Cathartic.

No odds how bad your liver, stomach or bowels; how much your head aches, how miserable you are from constipation, indigestion, biliousness and sluggish bowels—you always get relief with Cascarets. They immediately cleanse and regulate the stomach, remove the sour, fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. A 10-cent box from your druggist will keep your liver and bowels clean; stomach sweet and head clear for months. They work while you sleep.

### His Face

It would be difficult to find a more caustic comment than that in the following brief dialogue from the Passing Show:

"I 'spect they refused Jim 'cause o' that growth at the back of 'is nose?"

"Growth? 'E never mentioned no growth to me."

"No, 'e wouldn't. 'E calls it 'is face."

They earn while you sleep—Victory Bonds.

Wise wives won't waste.

## The Bank will trust you

Perhaps you never had an account in a bank—maybe you've never done business in a bank—hardly even cashed a cheque in one. But—

that is no reason why you cannot go to a bank and borrow money to buy Victory Bonds.

If you are a steady, industrious, thrifty citizen, working and saving a part of your income, you are just the kind of person Canada's chartered banks stand ready to help to-day.

Any bank will lend you as much money as you can save during the next twelve months, with which to buy Victory Bonds.

All you have to do is to pay ten per cent. of the amount you want to buy and deposit the receipt for that ten per cent. in the bank.

The bank will lend you the 90 per cent. balance at 5½ per cent. interest and will give you a year to repay it, the interest you get on your bond being just the same as the bank charges you.

This is a fine opportunity for you to begin a real savings account, to make a first class investment and to help your country at the same time.

Why not see a banker to-day—he will tell you all about it and you will be glad of the advice and help he can give you.
