Louis Creek—Donald Fraser, farmer.

Quilchena—E. O'Rourke, farmer; J. Guichon, farmer.

Stump Lake—Thomas Bulman, rancher, and others.

Mr. Burrell's papers were signed by:

Kamloops—L. T. Blair, merchant; W. H. Ford, hotelman; F. E. Burns, merchant; Allan McNab, engineer; E. A. Nash, estate agent; J. T. Robinson, broker; John O'Brien, saloonkeeper; W. F. Wood, mine manager; J. R. Hull, stock raiser; G. Loney, merchant; John Milton, coal and wood merchant; Shuswap, J. P. Shaw, farmer, and others.

Mr. Mills' nomination papers bore the signatures of:

Kamloops—M. Delaney, miner; Jos. McGee, commission merchant; C. F. Armstrong, telegraph operator; H. Thompson, miner; A. Latham, teamster; J. Younghusband, miner; E. B. Routhver, sawyer; R. Husband, miner; C. R. Hanna, miner; Chas. Devore, barber; Douglas Willis, miner; Gilbert Lawrence, carpenter; Sucker Creek, John Collum, farmer; Louis Creek, C. Fadaer, farmer, and others.

The agents of the respective candidates are: For Ross, John D. Swanson, barrister, Kamloops; for Burrell, J. R. Michell, Kamloops; for Mills, J. J. Caulfield, Greenwood.

THE CITY COUNCIL

The regular weekly meeting of the city council was held in the council chamber last night, Mayor Hammar, Ald. McCallum, Feeney, Martin, Hutton and McNee being present.

On motion of Ald. McCallum and McNee, the street lights were ordered to be turned on.

A petition was received from the Cooper Bros. and other residents across the river, subscribing a large amount of work towards the Columbia bridge, provided the city would put the bridge in first-class condition. On motion of Ald. McCallum and McNee, the matter was taken up and will be dealt with at once. Ald. Martin and Feeney were appointed a committee to take the necessary steps to place the bridge in a proper condition to receive the filling at the piers.

The ward division bylaw came up for final reading, but after a lively discussion it was allowed to drop, and the wards will remain as they are at present.

Mrs. McClure, wife of the managing editor of the Seattle Daily Times, will take part in an entertainment to be given by the Ladies of the Maccabees in this city during the first week in December.

Wait for the Japanese Nightingale.

P. J. Dermody, who for several years was foreman of the Granby mines at Phoenix, has just accepted a similar position at the Providence mine.

Gateway Lodge No. 45, I.O.O.F., will confer the first and second degrees at their hall on First street next Thursday evening.

A. L. Clements, local agent of the C.P.R., left last Saturday afternoon on a two weeks' vacation trip to the coast cities.

The Great Northern railway are having a 100-ton set of scales erected in their new freight yards in this city.

Neil Cochrane, manager of the Mountain Lion mine, Republic, was a guest at the Yale last Saturday. The mine is shipping about two cars of ore per day at present.

A rumor was current last Saturday that the Great Northern passenger depot was to be moved to the new freight yard, opposite the Columbia postoffice. The officials of the road, however, disclaim any knowledge of the company's intentions in this direction.

DOINGS IN THE CITY

Two Blushing Brides Led to the Altar by Local Gentlemen.

Gets Six Months' Imprisonment at Nelson for Assault.

MARRIED.—At the home of the bride's brother-in-law, Wm. F. Newton, on Monday evening, November 7th, Mr. E. E. Young to Miss June Moriarity, Father J. A. Bedard performing the ceremony. Miss M. E. Webb acted as bridesmaid, and Mr. A. E. MacAuley as best man. A number of friends of the young couple witnessed the tying of the nuptial knot. Mr. Young is station agent of the Great Northern at Danville, Wash., and the bride is a popular young lady of this city. Their numerous friends wish Mr. and Mrs. Young a happy and prosperous wedded life.

MARRIED.—At the Catholic church in this city, at 8 a.m. Tuesday, Nov. 8th, Father Bedard officiating, Miss Hemelda Gauthier to Mr. A. A. Frechette. After the ceremony the wedding party, numbering about twenty, adjourned to the home of W. J. Gallipeau, where a wedding breakfast was served. Toasts to the bride and groom were honored and a general social reception was held. In the evening another reception was tendered to the young couple at the home of Joe Lagimodiere, in the west end.

Police Magistrate Cochrane yesterday sentenced Anton Gascon to six months' imprisonment in the Nelson jail for assault on Wm. Muir. Frank Fritz, policeman in the West ward, left for Nelson yesterday afnoon with the prisoner.

We understand exception has been taken to an article which appeared in Tuesday's Sun, in which the complainant says we "made him appear foolish before the people of Grand Forks." He is mistaken. Don't blame us; Providence attended to his case long before we ever heard of the aggrieved gentleman. Fools are born such, usually.

Mr. and Mrs. T. A. L. Smith, late of Grand Forks, now of Hornby Island, wish to inform their many friends in this city that their little son, Robert Lea, was successfully operated on at the Royal Jubilee hospital, Victoria, Nov. 5th, and is doing as well as can be expected.

A. D. Morrison has just opened up the largest stock of silverware ever brought to this city.

H. N Galer, formerly assistant general manager of the Granby smelter, but now general manager of the International Coal & Coke company, is a visitor in the city.

Owing to pressing affairs, Smith Curtis was unable to attend the meeting in the Liberal committee rooms last night. It is expected, however, that Mr. Curtis will be able to address the electors of this city some time during the present week.

Blake Wilson, of Nelson, manager of P. Burns & Co.'s Kootenay branches, is a visitor in the city, and a guest at the Yale.

Julius Ehrlich, manager for P. Burns & Co., at Greenwood, was a visitor in the city last night.

Mayor Geo. R. Naden and Alex Currie, of Greenwoood, were in the city last night.

Martin Burrell, the Conservative candidate, is now in the Okanagan country, and yesterday afternoon he addressed the electors of Benvoulin, speaking in the evening at Kelowna. Tonight he will hold a meeting at Lumby, and tomorrow night at Vernon.

Donald McCallum left yesterday afternoon for Nelson, where he will meet his wife, who is returning home after a two months' visit with relatives at Port Elgin, Ont.

Mr. and Mrs. Fred Howey, of New Westminster, arrived in the city Sunday evening, and are visiting at the home of Judge and Mrs. Leamy.

Frank Cochrane has returned to Vernou to visit his relatives there.

Joe Thatcher, of the Club, is making preparations to put in all his fancy winter drinks. All that's needed is the cold weather.

The feeling seems to prevail in Grand Forks that it is time the name of our opera house was changed to one having some local significance. The present title is taken from an individual who has had no connection with Grand Forks for years. The city has now grown to sufficient importance to possess a "Grand Forks Opera House."

It is announced that the Boundary Falls smelter will have its second furnace blown in on the 1st of December, by which time the company's various properties will be in a position to double the present rate of shipping ore.

It is reported that the Winnipeg mine, located in Wellington camp, about three miles east of Phoenix, will shortly be offered for sale. About a year ago the mine was closed, when the Bank of Montreal began suit on a note. Liens for labor and supplies, totaling about $4300, were at once filed and placed in judgment against the property, the banks claim to come in after these were satisfied. The property was put up for sale with an upset price of $4500, but there were no bidders.

Many amusing incidents occurred in the city last Thursday during the federal elections. Early in the morning a prominent Conservative entered the Club and, with the greatest dignity he was able to command, remarked: "By St. George, I feel as if something was going to happen today. Give me the best drink you have in the house." About 10 o'clock in the evening the man returned, and in a considerably less self-important tone of voice said: "Great Cæsar, something did happen. Give me a plain beer."

LIBERAL NOMINEE

Returns to the Boundary Section of His Very Large Constituency.

Opens His Campaign With an Address at Eholt To-Night.

Duncan Rors, the Liberal candidate for Yale-Cariboo, returned to the Boundary today, and will address the electors of Eholt tonight. Mr. Ross has made a most successful canvass throughout the northern end of his big constituency, and is assured of a big majority from that section on November 22d. He will spend the two weeks before election in Bounday and Similkameen points. It is expected that Senator Templeman, Ralph Smith, M.P., and R. G. Macpherson, M.P., will assist Mr. Ross, and they will also give W. A. Galliher a hand in his contest.

Mr. Ross will meet the Liberals of this city in the commitee rooms next Thursday night.

OPERA COMPANY COMING

Theatrical managers expend more money and artistic labors on putting high-class comic operas before the public than in any other class of attraction.

When W. Cranston, manager of the British Columbia and Alberta theatrical circuit, presents here Mr. F. A. Wade's Begger Prince Opera company in two of the most popular successes, the patrons will be treated to one of the best musical organizations, playing the one night stand towns, in America. The two operas that will be given here are "Fra Diavolo" and "La Mascotte." Each of these excellent

pieces require a large number of first-class singers, much handsome scenery, and a very high order of artistic ability. The plots are intense, the music standard, and the comedy opportunities the best.

These operas offer the most pleasing amusement programs ever presented in this part of Canada, and are a hint of the high quality of others to be offered if the patronage will warrant the financial risk. It will determine to some extend the selection of future companies.

The Beggar Prince company will appear in Grand Forks on November 11th and 12th.

Special party rates have been arranged by the C.P.R. for those wishing to come from neighboring towns. Mail orders or tickets will be carefully attended to. Prices $1.00 and 75c.

The Ladies' Guild of Holy Trinity church will hold an afternoon tea at the residence of Mrs. Jeff Davis Wednesday afternoon, Nov. 9th.

"If you buy it of Morrison it's all right."

A MOST RELIABLE PLACE

to purchase Good Jewelry, is the place where you know of whom you are buying—you have the assurance of a business reputation and guarantee that goes with every sale. Every article purchased of Morrison proves its worth and the reliability of the store, and the customer always comes again.

"You have the most accommodating store, Mr. Morrison," said a lady customer the other day. "I always feel satisfied with what I get here," she added.

It is our idea of storekeeping to make people satisfied; they come again—they send others—we think it pays.

UNION LABEL

TUESDAY, NOVEMBER 8, 1904

The postal service of the United States ran $8,750,000 behind last year, and the same thing used to occur in the Canadian post office department, under Conservative mismanagement. But the Liberal government, which "does things," upon assuming power, overhauled the system, and during the last fiscal year operated the department with a surplus of about $300,000, notwithstanding the fact the 6,000,000 Canadians covered as much territory as the 80,000,000 Americans.

At a political meeting in Toronto last week, one of their speakers advised every Socialist to go to the polls and knowingly spoil his ballot as a protest against the "oppression" exercised by both political parties upon the "poor workingman." Surely this is a peculiar way of righting matters, and until a more broad-minded policy is adopted Socialism wtll accomplish nothing.

The highest tribute paid to the Grand Trunk Pacific railway project is the way the Conservatives have misrepresented it.

"British Columbia has already done nobly, even if she were not in a position to do as well as Nova Scotia did, but I highly appreciate any efforts to do as well." The foregoing is Sir Wilfrid Laurier's message to British Columbia Liberals, telegraphed from Montreal to Senator Templeman at Victoria.

Walter Sloan's election by acclamation for Comox-Atlin has been officially announced, William Manson, the Tory candidate, withdrawing.

There never was a time since Confederation in which Canadians have so strong a confidence in the future of their country as they have today, says an American paper. And that feeling is based upon the sure conviction that under the guidance of Sir Wilfrid Laurier and the Liberal government the country will continue to enjoy a long period of unparalleled prosperity.

The broad platform of Canadian Liberalism today is that a great Canada cannot be built up except on the ground of our common nationality

The Conservatives gave 25,000,000 acres of the valuable land of the West to the Canadian Pacific railway. The Liberals will not give one acre to the Grand Trunk Pacific.

Providence helps those who help themselves. The enlightened policy of the Liberal government was the means by which Providence showered unprecedented prosperity upon the Dominion of Canada.

The sentiments of the electors of Canada evidently are, "Keep both hands on the full dinner pail."

The Liberals were on the run, all right; but they got such a start, the Conservatives will not catch up for some years at least.

Tomorrow, November 9th, is King Edward's birthday, which is publicly observed on May 24th.

It's time to get a seat in the band wagon.

"Of all sad words, of tongue or pen,
The saddest are these: It might have been." —R. L. BORDEN.

CONSUMPTION BEGINS WITH A COUGH

The cough racks and tears the tender tissues of the throat. Inflammation supervenes and then serious bronchial or lung trouble is established. The important time is at the beginning. Stay the progress of the cough by using fragrant, healing Catarrhozone, which reaches every part of the bronchial tubes, throat and lungs. Catarrhozone destroys disease germs, stops the cough, heals sore spots, clears the nose and throat of discharge. Catarrhozone soothes, never irritates. Guaranteed for every form of catarrh For lasting cure use Catarrhozone. Two months' treatment $1.00; trial size 25c. H. E. Woodland, druggist.

A NOTED HORSEMAN'S EXPERIENCE

Mr. Antoine Wendling, owner of Deveras 2:11¼, and proprietor of the Clifton house, Brockville, says no liniment compares with Nerviline for general use around the stable. For strains, sprains, swellings, internal pains and especially for affections of the whirl bone Nerviline is unequaled. Mr. Wendling believes Nerviline is indispensable as a horse liniment; it has strength, penetrating power and works thoroughly. Every horse and stock owner should use Nerviline. Sold in large 25c bottles. H. E. Woodland, druggist.

Razor honing a specialty at the Palace Barber Shop, Victoria hotel.

Great reduction in Fall and Winter Hats and all kinds of Millinery Goods from now until the end of the season at Mrs. Gray's, Sears block, Winnipeg avenue. Dressmaking parlors in connection.

Synopsis of Regulations Disposal of Minerals on Dominion Lands in Manitoba, the North-West Territories and the Yukon Territory.

COAL—Coal lands may be purchased for $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of 10 cents per ton of 2240 pounds shall be collected on gross output.

QUARTZ—Persons of eighteen years and over and joint stock companies holding free miners' certificates may obtain entry for a mining location.

A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of $7.50 per annum for an individual, and from $50 to $100 per annum for a company according to capital.

A free miner, having discovered coal in place, may locate a claim 1500x1500 feet by marking out the same with two legal posts, bearing location notices, one at each end on the lode or vein.

The claim shall be recorded within fifteen days if located within ten miles of a mining recorder's office, one additional day allowed for each additional ten miles or fraction. The fee for recording a claim is $5.00.

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locator may, upon having a survey made, and upon complying with the other requirements, purchase the land at $1.00 an acre.

Permission may be granted by the Minister of the Interior to locate claims containing iron and mica, also copper, in the Yukon Territory, of an area not exceeding 160 acres.

The patent for a mining location shall provide for the payment of royalty on the sales not exceeding five per cent.

Placer Mining. Manitoba and the North-West Territories, excepting the Yukon Territory.—Placer mining claims generally are 100 feet square; entry fee $5.00, renewable yearly. On the North Saskatchewan river claims for either bar or bench, the former being 100 feet long and exteuding between high and low water mark the latter includes bar diggings, but extends back to the base of the hill or bank, but not exceeding 1000 feet. Where steam power is used, claims 200 feet wide may be obtained.

Dredging in the rivers of Manitoba and the North-West Territories, excepting the Yukon Territory.—A free miner may obtain only two leases of five miles each for a term of twenty years, renewable in the discretion of the Minister of the Interior.

The lessee's right is confined to the submerged bed or bars of the river below low water mark, and subject to the rights of all all persons who have, or who may receive entries for bar diggings or bench claims, except on the Saskatchewan river, where the lessee may dredge to high water mark on each alternate leasehold.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles, but where a person or company has obtained more than one lease, one dredge for each fifteen miles or fraction is sufficient. Rental, $1 per annum for each mile of river leased. Royalty at the rate of 2½ per cent collected on the output after it reaches $10,000.

Dredging in the Yukon Territory.—Six leases of five miles each may be granted to a free miner for a term of twenty years, also renewable.

The lessee's right is confined to the submergedbeds or bars in the river below low water water mark, that boundary to be fixed by its position on the 1st day of August in the year of the date of the lease.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental, $100 per mile for first year, and $10 per mile for each subsequent year. Royalty, same as placer mining.

Placer mining in the Yukon Territory.—Creek, gulch, river and hill claims shall not exceed 250 feet in length, measured on the base line or general direction of the creek or gulch, the width being 1000 to 2000. All other placer claims shall be 200 feet square.

Claims are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten days, if the claim is within ten miles of mining recorder's office. One additional day allowed for each additional ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1000 feet in length, and if the party consists of two 1500 feet altogether, on the output of which no royalty will be charged; the rest of the party ordinary claims only.

Entry fee $10. Royalty at the rate of 2½ per cent on the value of the gold shipped from the Yukon Territory, to be paid to the Comptroller.

No free miner shall receive a grant of more than one mining claim on each separate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners may work their claims in partnership by filing notice, and paying fee of $2. A claim may be abandoned and another obtained on the same creek, gulch or river, by giving notice and paying a fee.

Work must be done on a claim each year to the value of at least $200.

A certificate that work has been done must be obtained each year. If not, the claim shall be deemed to be abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made and publishing notices in the Yukon Official Gazette.

PETROLEUM.—All unappropriated Dominion lands in Manitoba, the North-West Territories and within the Yukon Territory are open to prospecting for petroleum, and the Minister may reserve for an individual or company having machinery on the land to be prospected, an area of 640 acres. Should the prospector discover oil in paying quantities, and satisfactorily establish such discovery, an area not exceeding 640 acres, including the oil well and such other land as may be deterimined, will be sold to the discoverer at the rate of $1.00 an acre, subject to royalty at such rate as may be specified by order-in-council.

TO THE ELECTORS OF YALE-CARIBOO:

As the Liberal candidate in this electoral district, I respectfully solicit your votes and influence.

No attempt will be made to discuss the general issues of the campaign in this address. Since receiving the Liberal nomination in January last, I have visited many parts of the riding and made myself thoroughly acquainted with its requirements. This work will be continued until election day, but owing to the large extent of territory to be covered, it is a physical impossibility to visit all sections or personally interview all the electors. I therefore avail myself of this opportunity to ask for your suffrage.

Permit me to direct your attention to some matters of local importance. Yale-Cariboo fully warrants the expenditure of public money in its development. The government has already done much in this direction. It has granted aid to several lines of railway; government owned telegraph and telephone lines have been constructed; the necessary money has been voted to secure telephonic communication through the rich Nicola and Similkameen districts, and telegraphic communication between Vernon and Kelowna. In order that the practically inexhaustible mineral, timber and agricultural resources of the district may be fully developed, this policy of governmental aid must be continued. It is important that Yale-Cariboo shall return as its member one who can direct the attention of the government to matters of vital importance to the district, and who will support the government in its aggressive policy of development. It is particularly important that the electors of this riding should show their appreciation of the government's broad, statesmanlike plan of construcing another transcontinental railway which will be the chief factor in opening up the northern portions of the riding. Brauch lines to connect with the southern transcontinental line will surely follow and the whole interior of the province will be opened up.

Briefly, my policy, so far as Yale-Cariboo is concerned, is a policy of development of all its important sections. With a leader whose record fills with pride all people of this country, irrespective of party affiliations; supporting a government whose eight years of wise, progressive administration has placed Canada in a proud position among the nations of the world, and at the same time has more closely connected the ties which bind us to the mother country, and fully endorsing a policy which means so much to the western portion of the Dominion, and more particularly to the district of Yale-Cariboo, I await with confidence your verpict.

Yours very sincerely,
DUNCAN ROSS.
