VOL. 1 GRAND FORKS AND COLUMBIA, B. C. FRIDAY, JULY 4, 1902. NO. 170

THE RIFLE MATCHES

The inauguration meet of the Kettle River Valley Rifle association on Monday, participated in by Companies Nos. 1 and 2 of the Rocky Mountain Rangers, was a decided success.

The first event, the Nursery match, had 36 entries, and Bugler L. Shilvock, of Rossland, with a score of 32, carried off the honors, with T. Alfred Kennion, secretary of the local association, a good second with 31. The third and fourth prizes were won by Pte. L. M. Roberts, of Rossland, and A. S. Blakemore, of Nelson, respectively; fifth, A. S. Embree, of Nelson; sixth, Pte. W. G. Levasseur, of Rossland; seventh, Pte. G. Clayton, of Nelson; eighth, ninth and tenth, T Wright, Ed Sturdevant and F. H. Hutton, all of Grand Forks, in the order named; eleventh, Pte. S. Anthony, of Rossland; twelfth, G. M. Gunn, of Nelson.

In the shoot for the corporation cup, Dr. G. A. B. Hall, of Nelson, the only visiting representative of a civilian association, won the cup and first prize of $10, with a score of 95, Lieut. N. McLeod, of Nelson, also scoring 95 and taking second prize. Pte. L. M. Roberts, of Rossland, scored 86, winning the third prize, the fourth going to Sergt. Williams, of Rossland, with a score of 85. Capt. H. E. Macdonell, of Nelson, won the fifth with a score of 84, and T. Alfred Kennion, of this city, the sixth, scoring 83. Lance Corp. G. Loran, of Rossland, also scored 83, taking seventh prize; eighth, Sergt. E. Smith, of Rossland; ninth, Pte. S. Anthony; tenth, Pte. A. Carrie, of Nelson; eleventh, Pte. J. Richardson, of Nelson; twelfth, Pte. Dodds, of Nelson; thirteenth, Pte. A. S. Embree. of Nelson; fourteenth, Pte. A. Grant, of Nelson; fifteenth, Pte J. G. Simpson, of Nelson.

The team match for a cup and $20, open to members of any civilian or military rifle association, was won by the Nelson team with a score of 353, who also carried off the fourth prize with a score of 219; the two Rossland teams in this competition taking second and third prizes with scores of 325 and 309 respectively.

In the skirmishing contest the Rossland team won first money, scoring 138 against 127 points made by the Nelson team.

While the scores in the aggregate may appear somewhat low, the unfavorable conditions of the weather were in a large measure responsible, as the shoot was held in the most part in a drizzling rain.

At the board of trade rooms on Tuesday evening the prizes were presented by George A. Fraser, captain of the K. R. V. R. A., in the presence of a large assemblage of civilians and militiamen. Capt. H. E. Macdonell, of Nelson, on behalf of the Rocky Mountain Rangers, presented a resolution, which was seconded by Lieut. W. Hart-McHarg, in which he took pleasure of expressing a hearty vote of thanks to Capt. Fraser and Secretary Kennion for the many courtesies extended to the two companies by the members of the civilian association, complimenting them on the arrangements made, and extending a cordial invitation to visit Rossland and Nelson in the fall. He also complimented the register keeper, Percy Godenrath, on the able manner in which he carried out the duties assigned to him. The motion was enthusiastically cheered by the militiamen.

In answer, Capt. Fraser, Secretary Kennion and Mr. Godenrath expressed themselves in a few words, in which they thanked the Rocky Mountain Rangers for coming, and hoped that the present meet would be the forerunner of many annual gatherings of the troops.

The two companies of R.M.R. broke camp at 11:30 Tuesday evening, and entrained for Rossland and Nelson shortly after midnight.

TOPICS OF THE TOWN

At an adjourned meeting of the Columbia city council, held last Friday evening, a report from the water and light committee was read, recommending the council to ask for tenders for 128 cedar poles for the electric light system; also tenders for balance of system as per plans and specifications. Mr. E. Spraggett was recommended a special constable for July 1st, 2d and 3d. A bond from J. A. McCallum, city clerk and treasurer, in the Dominion of Canada Guarantee and Accident Insurance company, for $5,000, was accepted.

The first transfer of passengers in this city from the C. P. R. to the V., V. & E. occurred Wednesday evening, when two bus loads of excursionists from Greenwood, Phoenix and this city were carried from the C. P. R. station and the Pacific hotel to the V., V. & E. sidetrack across the river. The special train for the Spokane Fourth of July celebration left this city at 8 o'clock in the evening, and was sheduled to arrive in Spokane at 2 the same night, thus making the run in about six hours. This is a decided improvement over the old route via Rossland, which has usually consumed the greater part of two days and a night in making the trip.

Mr. Henry White left for Spokane Wednesday evening over the V., V. & E. to visit his family for a short time. He will return to Columbia in about ten days.

The baseball game between the Grand Forks and Granby Smelter clubs on Tuesday resulted in a victory for the former club by a score of 10 to 2.

FRIDAY, JULY 4, 1902

Word has just been received from Vancouver that the injunction case restraining the V., V. & E. from crossing the Hot Air tracks below this city has been postponed from the 8th to the 15th of the present month. These postponements are occurring with altogether too much frequency, and the public, whose patience has been tested almost to the limit of endurance, are entitled to some plausible explanation. But none is forthcoming. It seems like a travesty on justice that a little forty-mile toy railroad, which is at present in a state of "innocuous desuetude," should be able to keep a transcontinental line out of a city for six months. How much longer the people of Grand Forks will bear this imposition time alone can tell.

It was unfortunate that the celebration visitors should leave town under the impression that we have no Hot Air in Grand Forks.

TOPICS OF THE TOWN

A special meeting of the Columbia city council was held this afternoon, Mayor McCallum presiding and all the aldermen being present, for the purpose of awarding contracts for the installation of a complete electric lighting system. Six tenders were received for furnishing 108 cedar poles for the system, and after careful examination the contract was awarded to Mr. Lagrander, his bid being the lowest. The contract for installing the complete system, including arc lights in the streets, was awarded to P. D. Macdonald. The whole system is to be completed in September.

The services in the Hall, Columbia, next Sunday will be held at the usual hours, morning and evening. The morning subject will be "The Christian Race;" that for the evening, "Our Country and Its Prime Need."

Eugene V. Debs addressed a large audience at the Grand Forks hall on Tuesday evening on politics and government. But most people went simply to hear Debs, and not to endorse his views, which are too radical even for these swift times.

Engineer Stoess is preparing the plans and specifications of the Columbia waterworks system. The contracts will be let in a week or ten days.

A a large crowd attended the dance given by the Grand Forks Lacrosse club Tuesday evening, and all enjoyed themselves.

Don't forget the La Dell concert and entertainment at Biden's opera house next Wednesday, July 9th.

Situation, Environments and General Resources.

The City of Columbia is situated near the junction of the North Forks of the Kettle river with the main Kettle river, and is distant about 300 miles east of Vancouver.

The natural situation of the city for beauty is not excelled in Ameriea. A verdure-clad and flower-bespangled rolling prairie, traversed by a river of bright, sparkling waier, fringed with forest trees and surrounded by mountains, forffling a charming combination of picturesquesness and grandeur

The Columbia & Western railway, which was constructed by the Canadian Pacific Railway company, has its station, freight warehouse and yards in the center of Columbia, and the Vancouver, Victora & Eastern Railway company, has located its depot, freight sheds and yards along the east line of the corporation, thus giving the city connections with two transcontinental lines.

The Canadian Pacific railway company has large interests in the city, having selected the site on account of the superior natural advantages as a railway centre.

The climate, taken all the year around, is the best in Canadn—part of the summer is rather hot and dry, but the rest of the year is enjoyable.

Throughout the Kettle River valley there is an extent of fertile agricultural land, part of which is now being cultivated.

Apples, plums, pears, prunes, cherries and all the small fruits grow abundantly. The valley surrounding Columbia, divided into small fruit and vegetable farms, will sustain a large population.

Building material is plentiful in the district. Lumber can be procured at fair prices, and brick lime and stone of good quality can always be obtained when required.

The mining interests are of the first importance to this country, and will do much to build up Columbia. Large mineral lodes have been discovered through the mountains adjacent to the city, and what were mere prospects a short time since are now large paying mines.

Water is supplied the city by pumping from a beautiful spring of exceptional purity, capable of supplying a city of 50,000 inhabitants.

The Granby smelter and converter—the most modern and perfect plant of the kind in America—employing hundreds of men, is contiguous to the city,

Owing to the fine climate, the central situation, the beautible environments, the bright prospects for future growth and prosperity, Columbia will be an educational centre, a city of homes. as well as a wholesale distributing point; and when finally allied and wedded to her sister sister, will be the best and largest city in the interior.

REDUCED RATES TO THE EAST.

Those contemplating an eastern trip will be interested to know that there will shortly be on sale greatly reduced rate tickets in connection with the Rio Grande System, the famous "Scenic Line of the World." This line offers its passengers a most delightful and comfortable journey to all eastern points.

It is the only transcontinental line passing directly through quaint and picturesque Salt Lake City, "The City of the Saints;" beautiful Glenwood Springs, Leadville, Pueblo, Colorado Springs, where a side trip may be made to the Garden of the Gods and the summit of Pike's Peak over the cogwheel railroad; and Denver, the queen city of the intermountain region. Stop-overs are allowed on all classes of tickets.

Three daily express trains make close connections with all trains east and west, and afford a choice of five distinct routes of travel. The equipment of these trains is the best, including free reclining chair cars, standard and tourist sleepers, a perfect dining car service, and also personally conducted excursion cars, each in charge of a competent guide, whose business is to look after the comfort of his guests. No more pleasant and inexpensive means of crossing the continent can be found than is provided by these excursions.

THE FIREMEN'S RACES

Notwithstanding the unfavorable weather prevailing, a great deal of interest was taken in the firemen's races, whibh were run on Bridge street on Tuesday. Considering the muddy condition of the street, fairly good time was made.

In the wet test the Grand Forks team won first prize in 26 seconds; Nelson second, in 27 2-5 seconds; Greenwood last, in 28 4-5 seconds.

The hub-and-hub race was a very close one, and was keenly contested. Nelson won first prize and Greenwood second, with Grand Forks last.
