

COUNCIL MEETING

Mayor Says Police and Electrical Departments Can Dispense With One Man

And Intends to Renew Fight for a Reduction of Civic Expenses

The regular bi-weekly session of the city council was held in the council chamber last night, Mayor Hammar presiding. Ald. McCallum, Brown, Henniger, Crossen and Hutton were present.

A communication was received from Fred Russell, through his attorneys, Clement & Spence, asking the council to grant a rebate on the Victoria hotel license, as the house had been closed for some time on account of the recent fire. The matter was laid over till the next meeting.

Poundmaster Woodhead sent in a communication asking the council to recompense him for the cost of the feed for a horse, which he claimed was required in his official capacity. Laid on table.

A communication was read from the Kettle River Lumber company, drawing the council's attention to the fact that they had a contract to furnish the city with all the lumber required, and that the city had recently obtained lumber from other sources. Ald. McCallum said that the lumber had been purchased elsewhere through a mistake, and he made a motion, which carried, that in future the city comply with the contract.

A communication was read from the mayor of Kamloops, asking the co-operation of the Grand Forks council in the organization of a municipal league of British Columbia cities. The scheme was favored by the mayor and a number of the aldermen because it was thought that an act giving incorporated municipalities the right to tax railway property within their corporate limits might be forced through the legislature by such an organization. The clerk was instructed to reply to the communication, stating that the council had taken the matter under careful consideration.

A communication from H. W. Warrington, of the Kettle Valley line, in reference to the company's water main in the Ruckle addition, was referred to the water and light committee.

The following accounts were ordered paid:

B. C. Gazette.....	\$ 2.50
Kettle River Lumber Co.....	35.25
Granby Con. Co.....	198.63
J. L. Manly.....	51.45
Geo. Chapple.....	45.19

D. Woodhead.....	5.10
G. F. Transfer.....	22.15

Mayor Hammar stated that he did not think all the burden of keeping the bridges free of logs would fall on the city. An effort should be made to recover the amount paid out for this work from the Yale-Columbia Lumber company. The city solicitor said the company was responsible

for any damage done by its logs. On motion, the clerk was instructed to send a bill for work at the First street bridge to the lumber company.

The treasurer's report for May was read, received and ordered filed.

Ald. McCallum and Brown, of the cemetery committee, reported progress. They were confident that sufficient land could be purchased at the present burying grounds at a reasonable price.

Ald. Henniger, of the board of works, was afraid that all the available funds for street improvements would be need to break up the log jam at the First street bridge, thus leaving Winnipeg avenue unprovided for.

Ald. Hutton, of the water and light committee, reported that the mayor had suspended the city electrician on his return to the city, as Mr. Waterston had failed to make proper arrangements for a substitute during his absence. A rather heated debate ensued between the mayor and Ald. Brown on this subject. Mr. Hammar said he had been amply justified in the course he had taken, as Mr. Waterston had left town without making arrangements with anyone to do his work. Moreover, he had pledged himself to reduce expenses. It had been demonstrated during Mr. Waterston's absence that the police and electrical departments could be operated with one less man.

Ald. Brown said he was also in favor of reducing expenses, but thought the cut could be made in the police department.

Chief Savage was present, and said that he had not been asked by Waterston to do his work.

Waterston said he thought everything had been properly arranged.

A sharp debate took place between the mayor and Mr. Waterston. Mr. Hammar said he had been abused by Waterston both in street corner confabs and through the Gazette. He thought a city employee should show more respect to the officials of the city.

Ald. Brown moved, seconded by Ald. Henniger, that Mr. Waterston be reinstated, and that no further action be taken until the chairman of the water and light committee returns to the city.

The mayor had no objection to the adoption of the resolution, but said he intended to fight to the bitter end for a reduction of expenses. A saving of \$1500 a year could be made in the two departments, and it was the duty of the council, in other to do justice to the ratepayers, to make this cut.

Ald. McCallum thought there had been a misunderstanding all around, and the best thing to do would be to lay the matter over till the chairman of the water and light committee returns to the city.

On motion of Ald. Brown and Crossen, a recommendation to the police commissioners was adopted to the effect that the city will refuse to pay for the maintenance of the chief's horse after the first of next month.

Ald. McCallum reported that the police commissioners had held a meeting during the afternoon, and had decided to reduce the force to one man. He thought that this action might have some bearing on the present controversy in the electrical department.

Ald. Brown reported that the

lawn sprinkling regulations were being violated. He thought people doing so should be made examples of.

Ald. Brown was granted leave to introduce his tax sale by-law, which was read a first and second time, and then considered and passed in committee of the whole, after which the rules were suspended and it passed its third reading.

The council then adjourned.

TOPICS OF THE TOWN

The ballasting of the Great Northern's Phoenix branch has now been completed, and the 200 men and several engines employed on this work have been transferred to other parts of the road.

Thomas Taylor, M.P.P., of Revelstoke, arrived in the city last Saturday, and spent a few days here viewing the beautiful scenery of our environments. Mr. Taylor is whip of the Government party in the legislature and one of Premier's McBride's most trusted lieutenants.

John H. Pallet, who formerly conducted the Victoria restaurant here, came up from Orient last Saturday to visit old friends over Sunday. He states that 25 men are now employed at the First Thought mine, and that regular ore shipments are being made both to the Granby and Nelson smelters.

James Harris, the well known smelterman, who has been secretary of the Federal Labor union for a number of terms, left today for the Similkameen country, where he intends to locate.

Frank Sherwood, of Laurier Wash., is in the city, attending the Eagles' convention.

Eastern Township Pure Maple Sugar and Syrup at Chalmers'.

Chas. Hay made a business trip to Spokane Friday, returning home Sunday evening.

The biggest log jam that has ever had the temerity to form at the First street bridge, is at present stretched across the two centre piers, and appears to be increasing in size. It compelled Street Commissioner Cannon, a man and a team to work all day last Sunday.

D. P. Mitchell, an old-timer of this city, but now a resident of Nelson, visited friends here this week.

C. A. S. Atwood, late manager of the Hunter-Kendrick company in this city, is in Winnipeg endeavoring to negotiate a land deal.

A rich strike is reported on the Alpha mineral claim, located in Franklin camp, and owned by H. McLaren, of Carson. It is said that the ore body now visible is 92 feet wide.

Captain Rogers left for Franklin camp last Sunday, with a complete outfit to work his properties all summer.

Max Kuntz has leased his North Fork ranch to W. H. Brooks for five years.

THE CONVENTION

Annual Gathering of the Eagles of the Province a Successful One

The Banquet Last Night One of the Most Enjoyable Ever Held in the City

The annual convention of the Grand Aerie of British Columbia, Fraternal Order of Eagles, convened in Eagles' hall, this city, at 10 o'clock yesterday morning. Provincial Deputy Grand President A. W. Von Rhein, of Victoria, presiding, and Provincial Secretary Frank LeRoy, also of Victoria, acting as secretary. The session lasted until noon, when an adjournment was taken until 2 o'clock. The convention reassembled at the hour set, and a short afternoon session was held. Both sessions were held behind closed doors.

The delegates began to arrive in the city Sunday over the Great Northern from the Kootenays and coast points, and yesterday's trains brought in the balance of the delegation.

The following delegates are in attendance:

Vancouver Aerie No. 6—	Geo. J. Philippo.
Victoria Aerie No. 12—	H. F. W. Behnsen.
New Westminster Aerie No. 20—	J. M. Wise,
	A. Swanson,
	A. Vashon,
	H. Schofield.
Nelson Aerie No. 22—	W. French.
Phoenix Aerie No. 158—	A. P. Shea,
	W. S. Doyle,
	James Marshall,
	D. Oxley.
Roseland Aerie No. 238—	A. W. Goodenough.
Revelstoke Aerie No. 432—	Thomas Taylor.
Sandon Aerie No. 853—	J. R. Cameron,
	Fred Ritchie.
Grand Forks Aerie No. 237—	J. F. Royer,
	H. A. Sheads,
	Chas. Tilley,
	John Temple.
Kamloops Aerie No. 853—	Walter C. Clark.
Moyie Aerie No. 855—	G. A. Hill.

These representatives are, in nearly every instance, accompanied by a large number of visiting Eagles.

The event of the convention, in this city, occurred in Eagles' hall last night, when a musical entertainment and banquet was tendered the delegates and visitors by the local aerie. President Sheads, who presided, delivered a happy address of welcome. Deputy Grand President Von Rhein responded on behalf of the visitors, thanking the local aerie for the many courtesies extended. He praised the beauty of the city and its environments, and predicted a prosperous future for this section of the province.

The literary portion of the program consisted of piano and violin solos by Misses Manly and Eyre,

songs by little Miss Tilley, piano solos by A. B. W. Hodges, and songs and recitations by other well known local talent. All the numbers were well received, and were heartily applauded.

Promptly at 11 o'clock the order was given to prepare the banquet board, and in an amazingly short time Chef Martin Dufour and his eight uniformed assistants had transformed the tables, set in the shape of a square, into a picture of loveliness—whetting the appetite as well as pleasing to the eye. Carnations and potted plants were distributed in great profusion around the board, and the myriad of electric lights gave a splendor to the scene that will live long in memories of those who cast admiring eyes on it. The tables literally groaned under their heavy loads of palatable edibles, consisting of Durkee dressing, sliced tomatoes, supreme of chicken a la stuffed, cold ham, French olives, cold prime ribs of beef, dressed lettuce and schrimps, Crossen & Blackwell's mixed pickles and chow-chow, green onions and radishes, mayonnaise of lobster, potato salad, Saratoga chipped potatoes, assorted cakes, Edam cheese, ice cream and strawberries, oranges and nuts. Plates were laid for over one hundred, but the table had to be set a second time before all those present could be accommodated. Altogether, about 150 guests had occasion to praise Mr. Dufour's culinary art. Everybody said it was the best banquet ever served in the city, and by directing it Mr. Dufour gained sudden fame as the first chef of the city.

After the table had been removed the presiding officer called on Mr. Thomas Taylor for a speech. Mr. Taylor spoke briefly, but to the point. He thanked the Grand Forks aerie for the splendid entertainment and numerous kindnesses extended the visitors. Grand Forks, he said, was one of the prettiest places in the province, and would before long become one of the smartest cities in the interior. "The Workingman" was then sung by one of the delegates, and Mr. Bunting also favored the audience with a song. A. P. Shea sang "The Gunner From Galway," and was much applauded. Judge Cochrane closed the program by rendering one of his well known recitations. It was exactly 12:30 when the gathering broke up. Everybody expressed themselves as being delighted with the evening's entertainment.

Business sessions of the aerie were held this forenoon and afternoon. At 3:45 p.m. about 200 delegates and visitors left for Phoenix in two special coaches. Immediately on arrival in that camp, the excursionists will be shown through the workings of the Granby mines. Tonight the visitors will be entertained at a banquet by the Phoenix aerie. A special train will bring the party back to this city about 12 o'clock tonight.

The business of the convention will be wound up tomorrow by the election of officers and the selection of a meeting place for next year. An inspection of the Granby smelter is also one of the features of tomorrow's program.

The convention is a great success, and the delegates express themselves as being delighted both with the city and the hospitality of the local aerie.

R. F. Green, commissioner of lands and works, gives notice, re the South African war land grant act, that grants made to volunteers are subject to the condition that such lands shall have been selected by the grantees before July 1, 1905, and that application for such lands must be filed at a government office before that day.

A Rhinelander, Wis., chemist has produced a liquid which is 11,000 times stronger than the best quality of beer, and one drop of it placed in a large beer glass and filled with ice water produces a glass of beer of the finest quality. A few gallons of this concentrated liquid emptied into Christina lake would add attractiveness as a summer resort for old toppers to that body of water—or beer.

What Causes Snoring?

When asleep, people that snore breathe through the mouth instead of the nostrils, which are choked with catarrh. Just use Catarrhazone before retiring and you'll quickly cure the snoring habit. By destroying the cause of catarrh and healing the membranes, Catarrhazone makes a complete cure in every case; it cleans the nostrils, stops the discharge and prevents dropping in the throat in a few minutes. Nothing so pleasant or certain to cure snoring, catarrh or colds as Catarrhazone—that's worth remembering. H. E. Woodland, druggist.

Synopsis of Regulations Governing the Disposal of Dominion Lands within the Railway Belt in the Province of British Columbia.

A LICENSE to cut timber can be acquired only at public competition. A rental of \$5 per acre is charged for all timber berths excepting those situated West of Yale, for which the rental is at the rate of 5 cents per acre per annum.

In addition to the rental, dues at the following rates are charged:—

Sawn lumber, 50 cents per thousand feet B.M.

Railway ties, eight and nine feet long, 1½ and 2 cents each.

Shingle bolts, 25 cents a cord.

All other products, 5 per cent, on the sales.

A license is issued so soon as a berth is granted, but in unsurveyed territory no timber can be cut on a berth until the licensee has made a survey thereof.

Permits to cut timber are also granted at public competition, except in the case of actual settlers, who require the timber for their own use.

Settlers and others may also obtain permits to cut up to 100 cords of wood for sale without competition.

The dues payable under a permit are \$1.50 per thousand feet B.M., for square timber and sawlogs of any wood except oak; from ½ to 1½ cents per lineal foot for building logs; from 12½ to 25 cents per cord for wood; 1 cent for fence posts; 3 cents for railway ties; and 50 cents per cord on shingle bolts.

Leases for grazing purposes are issued for a term of twenty-one years at a rental of two cents an acre per annum.

Coal lands may be purchased at \$10 per acre for soft coal and \$20 for anthracite. Not more than 250 acres may be acquired by one individual or company.

Royalty at the rate of 10 cents per ton of 2,000 pounds is collected on the gross output.

Entries for land for agricultural purposes may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior at Ottawa, the Commissioner of Immigration at Winnipeg, or the local agent for the district within which the land is situated, receive authority for some one to make entry for him.

A fee of \$10 is charged for a homestead entry.

A settler who has received an entry for a homestead, is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land to each year during the term of three years.

It is the practice of the Department to require a settler to bring 15 acres under cultivation, but if he prefers he may substitute stock; and 20 head of cattle, to be actually his own property, with buildings for their accommodation, will be accepted instead of the cultivation.

(2) If father or mother, if the father is deceased of any person who is eligible to make a homestead entry under the provisions of the Act, resides upon a farm in the vicinity of the land entered for by such persons as a homestead, the requirements of the Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of the Act as to residence may be satisfied by residence upon the said land.

Application for a patent should be made at the end of three years before the local agent, sub-agent or a homestead inspector.

Before making an application for a patent, the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

MERGER IS SURE

The Deal Will Go Through for Seven Million Eight Hundred Thousand,

Giving Nearly Two Million Dollars for Developing Lower Levels of Properties

A Montreal dispatch says that the amalgamation of the Rossland and Trail properties will go through at \$7,800,000, giving \$1,800,000 of working capital, to be expended chiefly in developing the lower levels. All the parties concerned agreed on the terms, which only require ratification at statutory meetings of the shareholders to become operative. As G. S. Waterlow controls sufficient LeRoi proxies, and T. G. Blackstock sufficient War Eagle and Centre Star, and President Shaughnessy has sanctioned the arrangement as far as C.P.R. interests are concerned, there is little doubt now that this, the largest and most important deal ever made in the Kootenay, is consummated.

How to Cure Toothache

Any aching tooth can be relieved instantly with Nerviline. Fill the cavity with batting dipped in Nerviline and rub the gums with Nerviline also. If the face is swollen and sore bathe the painful parts with Nerviline and cover with a flannel. This can't fail because Nerviline kills the pain outright and prevents it from returning. Stronger, quicker, more satisfactory than any other liniment, Polson's Nerviline has been the largest seller for nearly fifty years; try it yourself. H. E. Woodland, druggist.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Post Office at Vancouver, B.C." will be received at this office until Friday, June 23, 1905, inclusive, for the erection of a Post Office building at Vancouver, B.C., according to plans and specification to be seen at the Department of Public Works, Ottawa, Ont., and at the Vancouver Armoury, Vancouver, B.C. Tenders will not be considered unless made on the printed form supplied, and signed with the actual signatures of tenderers. An accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p.c.) of the amount of the tender, must accompany each tender. This cheque will be forfeited if the party tendering declines the contract or fails to complete the work contracted for, and will be returned in case of non-acceptance of tender. The Department does not bind itself to accept the lowest or any tender.

By order,
FRED. GELINAS,
Secretary.
Department of Public Works,
Ottawa, May 16, 1905.

The Sun

PRINTS all the news of the Boundary, and prints it while it is news. It is the only twice-a-week paper published in Southern British Columbia. It is not owned or controlled by a clique of politicians, to further their own ambitious aims; nor by a combination of merchants to be used as a means of lauding their own wares, to the detriment of their rivals.

THE SUN is the sole property of its publisher, and no one else has any right to dictate its policy. It is printed in the interest of Grand Forks and surrounding district. When its editor believes he is right, he speaks right out. He does not have to consult half-a-dozen different parties about what he intends to say.

Everybody in Grand Forks reads THE SUN twice a week. Its out-of-town circulation is large, and is rapidly increasing. It is therefore the best advertising medium in the Boundary.

COPPER The new edition of the COPPER BOOK lists and describes 3311 copper mines and copper mining properties, in all parts of the world, covering the globe, these descriptions ranging from two lines to 12 pages in length, according to importance of the mines. The descriptions are not padded, but give facts in the most concise form. There are also fifteen miscellaneous chapters, devoted to the History, Uses, Terminology, Geography, Geology, Chemistry, Mineralogy, Metallurgy, Finances and Statistics of Copper, rendering the volume a veritable encyclopedia of the subject of copper and everything pertaining to the metal. It is the world's standard Reference Book on Copper.

Every Miner, Prospector, Investor, Banker and Broker needs the book. Price is \$5 in Buckram binding with gilt top, or \$7.50 in full library morocco, and the book, in either binding, will be sent, on approval, to any address in the world, to be paid for if found satisfactory, or may be returned within a week of receipt and the charge cancelled. Address the Author and Publisher.

You consider that a poorly printed job costs just as much as one that presents a neat and tasty appearance, do you not think that your business demands the latter kind?

Good Printing—the kind we do—is in itself an advertisement, and a trial order will convince you that our stock and workmanship are of the best. Let us estimate on your order. We guarantee satisfaction.

JOIN THE 'CANADIAN PREFERENCE LEAGUE'

100,000 MEMBERS WANTED

THE object of the League is to educate Canadians how best to apply the Canadian Preference sentiment. Members of the League are expected, when making purchases, to give preference to the products of Canada and to all articles of Canadian manufacture, when the quality is equal and the cost not in excess of that of similar foreign products or manufactured articles. Each member is also expected to give preference to Canadian labor and to this country's educational and financial institutions. A monthly Journal will be published in the interests of the League and mailed to each member. The annual membership fee and subscription for the Journal is \$1.00.
