

## NO DECISION YET

**Evidently Requires a Great Deal of Mental Cogitation in Cascade Case**

**The Result, However, Is Promised the Public at 11:00 Tomorrow**

Nearly the sole topic of conversation on street corners this week has been the action, or rather inaction, of the licensing commissioners for the Boundary creek district in the struggle for a license between the two Cascade hotels. The dismissal of E. A. Rainey from the board by telegraph a few minutes before the hour of meeting caused a wave of indignation among Mr. Rainey's numerous friends, and has resulted in a split in Conservative ranks of the city. The feeling against the government is accentuated for the reason that Mr. Rainey was removed without any cause being assigned for the act. He was known to favor one of the Cascade contestants, and this fact furnished, presumably, the only excuse of the Victoria authorities for his removal.

The commissioners met at the government office in this at 2 o'clock Tuesday afternoon for the purpose of dealing with the Cascade liquor licenses, the contesting applicants being J. A. Bertois and Charles Thomas. J. A. Macdonald, of Rossland, and H. C. Hanington, of this city, represented Mr. Bertois, while Mr. Thomas was represented by A. C. Sutton, of this city. Commissioners Darraugh, Miller, White and Lawder were present. The meeting was adjourned until 7 o'clock in the evening.

At the night session a most bitter fight ensued between the two applicants, each endeavoring to show that he was entitled to the sole hotel business of Cascade.

Chief Inspector of Licenses Darraugh was the first witness called, and was questioned by Mr. Macdonald. He said that one saloon license was enough for Cascade. He hadn't asked many questions about licenses while in the town. There was only one storekeeper who was a customer of Mr. Thomas. He had spent the evening with Mr. Anderson, afterwards going to Thomas' hotel.

J. A. Bertois, proprietor of the B. C. hotel, was next called. He had complied with the law in every respect. Was not addicted to the use of liquor. He had always pleased his customers. Two or three persons had left Thomas' on account of board not being satisfactory. He said that Thomas had refused to serve meals on more than one occasion. His average receipts for eleven months were \$19.60 a day. He had had ten guests in his house the previous night. Mr. Thomas had four.

Mr. Macdonald did not think one house was sufficient for that number of guests.

Mr. Willie, an employee in the office of the Cascade Water, Power & Light company, said he used to board with Thomas, but was dissatisfied, and had to go to Bertois'. Everything was first-class at the latter place.

Mr. Hogan was called as a witness for Mr. Thomas, but everything he said seemed to favor Bertois' place.

Another witness stated that he had lived at Thomas', and had often been refused meals.

Still another witness testified that Mr. Thomas often got under the influence of liquor, or "ginned up," as called it.

Letters were also read from a number of leading citizens commending Mr. Bertois' hotel.

Mr. Thomas, on being called, said he got "ginned up" occasionally, and what he wanted was to ruin Bertois' business, or words to that effect. He didn't mind him having an hotel, but he wanted all the liquor money, and didn't mind if he ruined Bertois or not.

A. C. Sutton, representing Mr. Thomas, made an argument in favor of his client.

Mr. Macdonald, in making his plea for Bertois, stated that it looked like a specially prepared case when Mr. Lawder said they could not see why the evidence should not be gone over again from start to finish. He asked if this law was like the laws of the Medes and Persians—unbreakable. Mr. Lawder replied it was so in this case. Mr. Macdonald wanted to know why. He said Mr. Rainey had been cut off the board under very peculiar circumstances, and the case appeared to be a nasty one all the way through. Mr. Thomas, he said, appeared to be mostly "ginned up," and wanted to practically ruin Bertois' business. Mr. Macdonald concluded by saying that it rested entirely with the commissioners whether Mr. Bertois should be forced out of business or not, as there was no appeal from their decision, which made it of much more importance why they should exercise great care in weighing the evidence in the case.

Mr. White was in favor of going into the case from start again, but was overruled.

The commissioners decided to reserve their decision until Wednesday afternoon, intending to give it at the meeting of the board in Phoenix on that day. At that meeting the verdict of the commissioners was again withheld. It is now stated that the decision will be made public at 11 o'clock tomorrow morning.

At the meeting of the commissioners in Phoenix, Wednesday afternoon, all the applications for licenses were granted, with the exception of that of Julius Black for the Columbia hotel, Eholt. A. C. Thomet withdrew his application for a license for the Oakland hotel, Midway.

### A Chance for a Poet

To the Editor of The Sun.

I would thank somebody to write me a verse on the "chronic knocker" at la Grand Forks.

G. J. HAYWARD.

Miss O'Brien, neice of George and John Rutherford, will leave tomorrow for her home in Smith Falls, Ont., after a protracted visit with her relatives in this city.

The ice cream social given at the home of Mr. and Mrs. Lindsey Crossen, Winnipeg avenue, Tuesday evening, for the benefit of Knox church church, was well attended.

## NEWS OF THE CITY

**Fifty Men Are Now Working in Franklin Camp--Sixteen on McKinley**

**Public School Closed This Morning for Midsummer Vacation**

Geo. A. McLeod, manager of the McKinley Mines, Ltd., returned from Franklin camp on Wednesday. He states that there are now fifty men at work in the camp, sixteen of whom are employed by the McKinley company. That property is improving with development. Mr. McLeod took up with him 400 feet of steel rails and 200 feet of air pipe, besides a large quantity of supplies for the workmen. It costs 2½ cents per pound to get freight into the camp from this city, as it has to be carried on pack horses six miles of the distance. This price is practically prohibitive. The McKinley company has built a three-mile wagon road along Franklin creek at its own expense, but there yet remain six miles of road to be constructed, and if the government does not see fit to build this immediately a great deal of the development work now being carried on in the camp will necessarily have to cease.

The Grand Forks public school closed for the midsummer vacation this forenoon. There were a large number of parents and visitors present. The exercises were admirably carried out, and proved quite interesting, but no regular program was rendered, as there is no assembly hall at the school house. The fall and winter term will commence on the second Monday in August.

The high school also closed this morning with appropriate exercises, but Principal Clark will continue to hold short daily sessions until the entrance examinations, which will be held on July 4th, in order that the pupils may keep their minds on their studies. The high school will reopen on August 28th.

Sheriff H. C. Kerman returned to the city Wednesday from Grimsby, Ont., to which place he was called about a month ago by the serious illness of his mother, who died shortly after his arrival in the east. Mr. Kerman says that Toronto and Hamilton are the two most progressive cities in Ontario.

An ice cream social will be given by the ladies of Holy Trinity church at the residence of J. B. Henderson, Winnipeg avenue, on Wednesday evening, June 28th. Tickets 10 cents.

George Pattinson, son of Mr. Pattinson, who purchased Bassett's ranch last spring, while attempting to wheel across a ditch on a plank last Wednesday, fell from his bike into the ditch, breaking his left arm above the wrist. Dr. Kingston was called, and dressed the injured limb.

A quoit match took place in this city on Tuesday night last between Geo. Nunes, champion of Nelson,

and H. Graham of this place. Owing to rain the game had to be stopped before it could be finished. At the time of quitting the score stood, 27 all. The number of points to have been played was 31.

Evangelist McDermid, who was sent to Grand Forks about four months ago by the British Columbia Baptist Missionary society, to see what the prospects were for resurrecting the Baptist cause, will preach here two Sundays more. He will then recommend to the society that a pastor be sent to this field. Next Sunday Mr. McDermid will speak at 11 a. m. on "Has Christ's Agony in Gethsemane Any Counterpart in Human Life?" At 7:30 p. m. the subject will be "Liquor Licensed?" The following Sunday, July 2d, at 11 a. m. the evangelist will discuss the question, "Is it the Privilege and Duty of Every Christian to be Sound in Body?" At 7:30 p. m. he will speak on "God Taken for a Gardener." Everybody welcome.

G. C. Hodge, of Nelson, superintendent of the British Columbia Telephone company, has been spending a few days in the Boundary this week on a tour of inspection.

A. Burgess, of Brantford, Ont., has been spending a week in the city, investigating the agricultural resources of the valley, with a view of locating here permanently.

The memorial and decoration ceremonies held at the cemetery last Sunday afternoon by the Oddfellows over the graves of their departed brothers were attended by nearly every member of the order in the city. The services proved quite interesting, as well as impressive.

The Yale Dancing club gave an informal dance at the Yale last Tuesday evening.

Linda, the eight-year-old daughter of Pete McRae, was successfully operated on for appendicitis at the Cottage hospital last Wednesday by Dr. Kingston, assisted by Drs. Dickson and Arthur. At present the patient's condition is as good as could be expected.

Bert Clark, of the Granby smelter electrical department, is suffering from an attack of appendicitis in a mild form.

George Rutherford and his niece, Miss O'Brien, returned on Wednesday from a three weeks' visit to the Lewis & Clark exposition in Portland. Mr. Rutherford says the fair will be a big thing when everything is finished, but that at present some of the buildings are unfinished and a number of the exhibits are incomplete.

Dr. K. C. MacDonald arrived in the city this week from Vernon, where he has a branch dental office.

Judge and Mrs. Leamy returned home yesterday from New Westminster, where the judge has been spending a couple of months for the benefit of his health.

Miss Van Kleek, of the staff of public school teachers, has resigned her position, and will return to her home in the east in a few days.

## ROAD TO FRANKLIN

**Absolutely Needed in Order to Aid Development of the Camp**

**Board of Trade Urges Government to Complete It Immediately**

A meeting of the Grand Forks Board of Trade was held in the council chamber this afternoon for the purpose of taking steps to urge the government to complete the wagon road to Franklin camp. The meeting was a representative one, nearly every business man in the city being present. Mayor Hammar introduced the following resolution, which was seconded by E. Miller:

Whereas, There are upwards of 50 men employed in and around Franklin camp, on the North Fork of the Kettle river, a distance of 43 miles from the city of Grand Forks, the McKinley Mines, Ltd., employing sixteen men; and

Whereas, There remains nine miles of wagon road to be constructed before it will be possible to transport supplies by wagon from Grand Forks to Franklin camp, and at present supplies have to be transferred from wagon to pack horses over the latter nine miles between Grand Forks and Franklin camp, at almost prohibitive expense to the companies and individuals operating there; and

Whereas, The McKinley mine has been developed to a stage where it can be considered a mine, and including the tunnel on the McKinley, there are three tunnels in course of construction at Franklin camp, all of which have been run a distance of nearly 200 feet, and development work so far has demonstrated Franklin camp to be one of the richest mining camps in British Columbia; and

Whereas, The McKinley Mines, Ltd., are anxious to install machinery at these mines, so that the same can be more rapidly and more cheaply developed, and have agreed to construct at their own expense three out of the six miles of road required, said three miles being along Franklin creek and providing transportation to a number of the principal mines of the camp; and

Whereas, It is estimated that \$5000 will complete the road to Franklin creek; therefore be it

Resolved, that the Board of Trade of the city of Grand Forks take immediate steps to impress upon the government the extreme urgency for the immediate construction of the balance of the wagon road between Grand Forks and Franklin camp, and requests the government to proceed at once with the construction of such road, so that another year may not be lost in the effective development of the large and rich ore bodies existing in said district; and be it further

Resolved, That a copy of this resolution be mailed to the Hon. R. F. Green, commissioner of lands and works, and that another copy of the same be mailed to our representative at Victoria, Mr. George A. Fraser, M.L.A.

On a vote being taken, the resolution was passed unanimously.

THE EVENING SUN,  
PHONE B74. GRAND FORKS, B. C.

FRIDAY, JUNE 23, 1905

The Sun does not presume to be sufficiently familiar with city affairs to say whether there are too many names on the corporation payroll or not; but it believes that if there is, the list should be reduced. This paper is a firm believer in civic economy. The aldermen should expend the ratepayers money as carefully as if they were spending their own. At the last council meeting there was a great deal of sentimental nonsense said about the city having no moral right to discharge an employee who was giving satisfaction. There is not a business firm—or railway, for that matter—in the world that would keep a man in its employ ten minutes after it ceased to have work for him. The same rule should be applied to city work. The council should find out how many men it has employment for, and then reduce the force accordingly. The sooner we commence to economize and reduce taxes, the sooner Grand Forks will commence to grow.

We desire to draw the provincial government's attention to the meeting of the Grand Forks Board of Trade this afternoon. All we want is a six-mile wagon road—but we want it bad.

We wish to draw the attention of the people of this section to the fact that not a single Conservative member voted for the V., V. & E. bill in the federal house.

The V., V. & E. bill is having a hard time at Ottawa. It becomes more apparent every day that the C.P.R. comes first and Canada second.

### Dressmaking

Mrs. P. H. Kelliher's dressmaking parlors have been moved from the Sears block to her residence, opposite the English church, where she will be pleased to see all her old customers. Fashionable dressmaking and plain sewing.

Heavy teaming of all kinds done by J. W. Jones.

## TOPICS OF THE TOWN

Lord Arthur Rainey was the busiest man in the city today. Early this morning a report was set afloat—by some of the parties who had been instrumental in getting him off the licensing board, no doubt—to the effect that Mr. Bertois had been seen handing him five twenty-dollar gold pieces. As soon as Mr. Rainey heard this story, he immediately commenced to make diligent search of all his pockets, and this consumed the entire day. But he walked home this evening, stead of taking a carriage. The report must have been a false alarm.

Mr. and Mrs. W. J. Cook are in New Westminster this week. Mr. Cook is a delegate from Harmony lodge to the annual convention of the Grand Lodge of British Columbia, A. F. & A. M., which is now in session in that city. He was honored by that body yesterday by being elected D. D. G. M. for this district.

George Clark returned today from Cœur d'Alene lake, where he has been spending the past three or four weeks for the benefit of his health. He has now almost entirely recovered from the effects of the recent operation for appendicitis.

The local Oddfellows will take an excursion to Curlew lake on Dominion day.

The Grand Forks fire brigade will take part in the hose races at Republic on July 4th.

Eastern Township Pure Maple Sugar and Syrup at Chalmers'.

### Chills Prove Fatal!

If warmth and circulation are not promptly restored, chills result in fatal pneumonia. This necessitates keeping Nerviline on hand. Taken in hot water it breaks up a chill in two minutes. By rubbing freely over throat and chest it prevents colds. No liniment so strong, so penetrating, so swift to kill pain and inflammation. Nearly fifty years' record has proved the value of Polson's Nerviline. You should get a bottle today. H. E. Woodland, druggist.

## CHURCH SERVICES

Knox Presbyterian Church, Rev. J. R. Robertson, B.A., pastor.—Services at 11 a.m. and 7:30 p.m. next Sunday. Sabbath school at 10 a.m. As the great International Sunday School convention is now being held in Toronto, the pastor will preach both morning and evening on the "Work of Sabbath Schools." Parents and children are specially invited.

Methodist Church—Next Sabbath is floral day in this church. In the morning the pastor will speak to the younger folks from the topic, "The Life That Stands." He will address the Sabbath school in the afternoon on "Weeds and Flowers," and will take as an evening topic "Flowers." Special singing for all services, the anthem for the evening being, "Consider the Lilies."

Synopsis of Regulations Governing the Disposal of Dominion Lands within the Railway Belt in the Province of British Columbia.

A LICENSE to cut timber can be acquired only at public competition. A rental of \$5 per square mile is charged for all timber berths excepting those situated West of Yale, for which the rental is at the rate of 5 cents per acre per annum. In addition to the rental, dues at the following rates are charged:—Sawn lumber, 50 cents per thousand feet B.M. Railway ties, eight and nine feet long, 1 1/2 and 1 3/4 cents each. Shingle bolts, 25 cents a cord. All other products, 5 per cent on the sales. A license to cut timber on a berth is granted, but in unsurveyed territory no timber can be cut on a berth until the licensee has made a survey thereof. Permits to cut timber are also granted at public competition, except in the case of actual settlers, who require the timber for their own use. Settlers and others may also obtain permits to cut up to 100 cords of wood for sale without competition. The dues payable under a permit are \$1.50 per thousand feet B.M. for sawed timber and sawlogs of any wood except oak; from 1/2 to 1 1/2 cents per lineal foot for building logs; from 12 1/2 to 25 cents per cord for wood; 1 cent for fence posts; 3 cents for railway ties; and 50 cents per cord on shingle bolts. Leases for grazing purposes are issued for a term of twenty-one years at a rental of two cents an acre per annum. Coal lands may be purchased at \$10 per acre for soft coal and \$20 for anthracite. Not more than 320 acres may be acquired by one individual or company. Royalty at the rate of 10 cents per ton of 2,000 pounds is collected on the gross output. Entries for land for agricultural purposes may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior at Ottawa, the Commissioner of Immigration at Winnipeg, or the local agent for the district in which the land is situated, receive authority for some one to make entry for him. A fee of \$10 is charged for a homestead entry. A settler who has received an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:—(1) At least six months' residence upon and cultivation of the land to each year during the term of three years. It is the practice of the Department to require a settler to bring 15 acres under cultivation, but if he prefers he may substitute stock; and 20 head of cattle, to be actually his own property, with buildings for their accommodation, will be accepted instead of the cultivation. (2) If father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of the Act, resides upon a farm in the vicinity of the land entered for by such persons as a homestead, the requirements of the Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother. (3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of the Act as to residence may be satisfied by residence upon the said land. Application for a patent should be made at the local land office, or before the local agent, sub-agent or a homestead inspector. Before making an application for a patent, the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so. J. W. W. CORY.  
Deputy of the Minister of the Interior.  
Ottawa, February 4th 1905.

## What Causes Appendicitis

The commonest cause of appendicitis is constipation. When you require physic don't use cheap drastic pills—get Dr. Hamilton's Pills, which strengthen the stomach, regulate the bowels and prevent any tendency to appendicitis. In one day you'll feel the tremendous benefit of Dr. Hamilton's Pills. By purifying the blood and cleansing the system they prevent headaches, lift depression and drive away weariness. No medicine so successful as Dr. Hamilton's, sold everywhere in 25c boxes with yellow cover; get the genuine. H. E. Woodland, druggist.

## WHY GO EAST

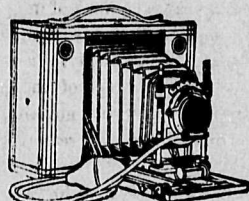

Over the sun-burned, sage brush and alkali plains, when you may just as well take a delightful, cool and comfortable ride through the heart of the Rocky Mountains in view of the grandest scenery on the American continent?

This you can do by traveling on, the Rio Grande system, the far-famed "Scenic Line of the World," the only transcontinental line passing through Salt Lake City, Glenwood Springs, Leadville, Colorado Springs and Denver enroute to eastern points.

Three daily express trains make close connections with all trains east and west, and afford a choice of five distinct routes of travel. The equipment of these trains is the best, including free reclining chair cars, standard and tourist sleepers, a perfect dining car service, and also personally conducted excursion cars, each in charge of a competent guide, whose business is to look after the comfort of his guests. No more pleasant and inexpensive means of crossing the continent can be found than is provided by these excursions.

We steal the following from The Fourth Estate:

A German editor has hit upon a new idea in practical journalism. He is mindful of the utility of his paper for making parcels, and especially for tying up sausage. So he addresses his feminine patrons in these terms:

"You have often complained to us, dear readers, and especially dear housewives, that our paper smells of printer's ink, and is therefore unsuitable for carrying butter, sausages and fresh bread.

"Eager to meet your wishes, dear friends and household fairies, we have decided to publish twice a week an issue which shall be printed only on one side, so that the other will be available for those domestic uses. And in order that you shall lose no reading matter, these particular numbers will be double the ordinary size."

This is the patent inside beat a city block. We have in mind certain papers that would do well to adopt the frugal German's idea, and go him one better by running both sides blank. The general tone of such papers would be improved immensely.

A new Parisian journal called L'Invisible is printed in white ink on black paper. It appears twice a month, and is anything but cheerful in appearance.

Patrick—Shure, Mike, an' did yez know that they aire votin' wid machines now?

Mike—Oh, warra! warra! warra! What chance has ther poor laborin' man, anyway?

A hard day's work is easy to the fellow who doesn't know he's doing it.

Public expectation is against the common law, against the laws of health also. When the throat tickles, that's the time you need Catarrhzone; it soothes away the irritation, cuts up the phlegm and loosens the tight feeling. You'll quickly cure catarrh and throat trouble with Catarrhzone. It positively prevents new attacks and cures catarrh forever and for all time to time to come. Don't take our word for it; try Catarrhzone yourself. Once used you'll be delighted with its pleasant and helpful influence. H. E. Woodland, druggist.

**The Sun**

PRINTS all the news of the Boundary, and prints it while it is news. It is the only twice-a-week paper published in Southern British Columbia. It is not owned or controlled by a clique of politicians, to further their own ambitious aims; nor by a combination of merchants to be used as a means of lauding their own wares, to the detriment of their rivals.

THE SUN is the sole property of its publisher, and no one else has any right to dictate its policy. It is printed in the interest of Grand Forks and surrounding district. When its editor believes he is right, he speaks right out. He does not have to consult half-a-dozen different parties about what he intends to say.

Everybody in Grand Forks reads THE SUN twice a week. Its out-of-town circulation is large, and is rapidly increasing. It is therefore the best advertising medium in the Boundary.

**COPPER**

The new edition of the COPPER BOOK lists and describes 3311 copper mines and copper mining properties, in all parts of the world, covering the globe, these descriptions ranging from two lines to 12 pages in length, according to importance of the mines. The descriptions are not padded, but give facts in the most concise form. There are also fifteen miscellaneous chapters, devoted to the History, Uses, Terminology, Geography, Geology, Chemistry, Mineralogy, Metallurgy, Finances and Statistics of Copper, rendering the volume a veritable encyclopedia of the subject of copper and everything pertaining to the metal. It is the world's standard Reference Book on Copper.

Every Miner, Prospector, Investor, Banker and Broker needs the book. Price is \$5 in Buckram binding with gilt top, or \$7.50 in full library morocco, and the book, in either binding, will be sent, on approval, to any address in the world, to be paid for if found satisfactory, or may be returned within a week of receipt and the charge cancelled. Address the Author and Publisher.

### The Source of Neuralgia

It runs hand in hand with poor health and weak nerves. Health runs down, nerves get irritable, neuralgic torture follows. For the moment applications may relieve—but to thoroughly cure, the system must be strengthened with nutritious blood.

What can equal Ferrozone? It increases the appetite, forms abundance of rich life-giving blood, supplies nutriment and building material for worn out nerves. Ferrozone completely cures Neuralgia. Every root and branch of the disease it kills. Absolute success in every case. Stop suffering—fifty cents buys Ferrozone. Fifty chocolate coated tablets in a box, at H. E. Woodland's drugstore.
