Fifth Year---No. 19 Grand Forks, B. C., The Legislative Library Issued Twice a Week

FIREMEN AT HOME

Entertained the Citizens at a Smoker New Year's Night

An Evening of Music, Songs, Speeches and a Generally Good Time

The Grand Forks volunteer fire department tendered the citizens a smoker in the fire hall on New Year's night, and the event proved a howling success, the evening passing in a whirlwind of merriment and feeling. The hall, which had been appropriately decorated, was crowded with firemen and citizens, and an ample supply of pipes and tobacco was provided, to say nothing of all the latest and most fashionable temperance liquid refreshments. A substantial luncheon was also served at 10 o'clock.

Chief Savage presided as chairman with a skill as if he had been born for the specific purpose of presiding at public functions, instead of being one of the ablest fire fighters in the province.

The speech manufacturers present were quite numerous. Mayor Hammar regretted the fact that the city council had been unable to do as much for the department as it had desired on account of the city's financial condition. The fires last summer had demonstrated the fact that we possessed one of the best fire departments in the province.

Geo. A. Fraser, M.L.A., also praised the the work of the department. He said if the council would furnish the fire boys more suitable quarters, he would guarantee to procure a circulating library.

Ald. Clements and Ald. Brown lamented the fact that the council had been unable to do very much for the department. Both advocated the purchase of a better fire bell. Ald. Crossen wished the boys a prosperous year—as private citizens, but not as fire fighters.

I. A. Dinsmore, captain of No. 3 company, spoke at length. He advocated the installation of a fire alarm system independent of the telephone service.

P. T. McCallum, from the insurance agent's standpoint, and Geo. Clark, representing the merchants' side, took great pleasure in testifying to the efficiency of the department.

R. A. Brown spoke on his favorite theme—the billions of undeveloped mineral wealth hidden in the mountains of the Boundary district. He had been in the district twenty-three years, and he expected to live here until there were tunnels under the mountains miles in length, and until smelters were erected that it would take an entire day to walk through.

Martin Burrell related a liberal installment of his funny stories. He also took occasion to praise the firemen, but lamented the fact that no matter how efficient the department proved itself, insurance rates still kept climbing upward.

Complimentary remarks, that had a tendency to bring a glow of pride to the cheeks of the firemen, were made by L. A. Manly, M. D. White, W. H. Dinsmore, G. C. McGregor and R. F. Petrie.

The anecdotal part of the program was ably rendered by J. P. Welch, master mechanic of the Granby smelter, and A. E. Smith.

Songs were rendered by John Gilmour, Jack Keller, Geo. Nye and Geo. Taylor, and all were honored by being vigorously encored. The instrumental music was furnished by H. A. Sheads, Leo Mader and Walter Dewdney.

Alex Miller, of Greenwood, was a visitor in the city this week.

CUSTOMS RECEIPTS

R. R. Gilpin, customs officer at this port, makes the following detailed report of the customs receipts at the various sub-customs offices, as reported to the chief office in this city, for the month of December:

Grand Forks	$1,860.09
Midway	1,725.57
Greenwood	1,400.91
Phoenix	1,374.23
Cascade	115.58
Keremeos	36.50
Osoyoos	22 52
Carson	10. 66
Total	$6,546.06

EIGHT-HOUR DAY

Dominion and British Columbia Companies' Employees Go on Strike

Report From Boundary Falls That Rettlement Is In Sight

Strikes were inaugurated at the British Columbia Copper company's smelter at Greenwood and at the Dominion Copper company's smelter at Boundary Falls last Sunday night. The dispute is over the adoption of the eight-hour shifts instead of twelve-hour shifts. Work at the mines of both companies in Phoenix and Deadwood camps has practically been suspended. About 300 men are involved. Both companies stand together in the matter, and it is reported that they are willing to grant the eight-hour shift on practically the same basis as is now in force at the Granby, Trail and Nelson smelters. The demand of the men, it is said, is for eight hours with the same pay as for twelve hours. The old schednle was from $3 to $4 a shift of twelve hours, according to the character of the work. A new schedule is for $2.70 to $4 for eight hours. A conference between the men, the majority of whom belong to the Greenwood Miners' union, and Frederic Keffer, consulting engineer of the British Columbia Copper company; Mr. Drummond, resident manager, and W. C. Thomas, smelter superintenpent of the Dominion Copper company, was held Wednesday morning.

Private advices from Boundary Falls last night are to the effect that an amicable settlement of differences existing between the Dominion Copper company and its employees is likely to be arrived at within a day or two.

NEWS OF THE CITY

Three Men at Granby Smelter Injured During the Week

Passenger Coach on Great Northern Wrecked Near Danville

There were three aceidents at the Granby smelter this week. On Monday night a new employee named McDaniels was caught between a wall and a belt line car near the crusher, and was so severely squeezed that three ribs were broken. He was removed to the Cottage hospital, and is now doing as well as can be expected under the circumstances. On Tuesday night Harry Mitchell met with a similar mishap in nearly the same place, but his injuries were not quite so severe as Mr. McDaniels'. The same night a trolley pole fell on Wm. Dacre's head, inflicting a slight scalp wound.

The mixed train that runs between this city and Ferry on the Great Northern met with an accident at the siding at Short's ranch, four miles south of Danville, Sunday night. The passenger coach, which was attached to the rear end of the train, took the sidetrack after the balance of the train had safely passed over the switch. The coach was badly wrecked, the front steps being knocked off and the windows on one side were smashed into fragments. Although there were a number of trainmen in the car at the time of the accident, all were fortunate enough to escape injury. On Tuesday a wrecking crew was sent to the scene of the mishap, and the damaged car was brought to this city.

The complimentary dance tendered their friends by Messrs. Wakeley A. Williams and C. D. Crane, J., at the Yale hotel Weduesday evening, was largely attended, and everybody had a most pleasant time. The music was furnished by Miss Margaret Eyre, assisted by Mr. A. B. W. Hodges.

Lloyd A. Manly left today for Portland to meet his brother, John, who is at present promotlng a railway scheme in some part of the globe.

Ald. Hutton was confined to his home for a couple of days this week with a mild attack of appendicitis. He has now entirely recovered.

The ladies of Holy Trinity Church Guild will serve tea at Mrs. W. K. C. Manly's residence Wednesday afternoon, January 10.

TO THE ELECTORS

OF THE CITY OF GRAND FORKS:

At the request of a large number of the Electors of the City, I have decided to again offer myself as a Candidate for Mayor in the forthcoming Municipal Elections.

If elected I will support and carry out:

(1) The present new liquor license by-law; and the strict enforcement of the laws in respect to hotels and the sale of liquor.

(2) The strict observance of all Dominion, Provincial and Municipal laws.

(3) The suppression of gambling.

(4) An economic administration of the city's affairs without impairing the efficiency of any department.

(5) A plan to submit to a vote of the Electors the question of remuneration to the Mayor and Aldermen.

(6) All just and reasonable measures for the improvement of the Fire Department.

There are matters of vital importance which I have already taken up in the interest of the City, and which I will do my utmost to bring to a successful termination, viz:

(*a*) The erection of a new smelter in the vicinity of Grand Forks.

(*b*) The construction by the Provincial Government of a bridge across the main Kettle River.

(*c*) The selection by the V., V. & E. Ry. Co. of Grand Forks as its Divisional Point.

(*d*) The securing of electric power for the city.

Believing that my past record as Mayor entitles me to your support and confidence, and assuring you that I will, if elected, endeavor in all matters to protect the interests of the city,

I remain

Yours respectfully,

JEFFERY HAMMAR.

January, 1906.

EARTH TREMBLED

Severe Earthquake Visited the City Last Tuesday Morning

Reminded the Old Salts Here of Their Seafaring Days

On Tuesday morning, at about 5:50 o'clock, The Sun reporter was rudely awakened to a semi-conscious state by a violent rocking of his couch. As he had attended the firemen's smoker on the previous evening, however, the motion failed to thoroughly arouse him. The thought flashed through his mind that he had either smoked a pipe too many at the entertainment or else he was out on the ocean in a glorious storm. Then he took another installment of sweet and peaceful dreams. When he showed himsell on the street the next morning he was asked what he thoughf of the earthquake. Everything was then as clear as a crystal.

The earthquake appears to have been general throughout the western country. Locally, it was the most severe shock ever felt here. As near as can be ascertained it lasted about 30 seconds.

It is believed that it was more severe in some sections of the city than in others. One citizen is willing to take an oath that he retired sober, but when he awoke the next morning his feet were nicely tucked up on the pillow, and the furniture in his residence had been moved.

R. R. Gilpin was rudely awakened by the shock. He realized the cause of the vibration in an instant, and hastened to the window in the expectation of seeing the school house topple over.

A prominent merchant who boards at the Yale was standing near a window at the tim the shock came. He says the surface of the earth resembled long, rolling ocean waves.

A number of people in this city are of the opinion that the earthquake came as a protest against R. A. Brown's project to rnn a long tunnel under Volcanic mountain.

CHURCH SERVICES

Methodist Church—Services next Sabbath at usual hours. Morning subject, "The Threefold Value of Life;" evening subject, "The Lord's Day." Everybody welcome. E. Manuel, pastor.

Julius Ehrlich, manager for P. Burns & Co. at Greenwood, was a visitor in the city this week.

The Lion Bottling Works are selling Gooderham & Wort's Rye Whiskey, the best rye whiskey in Canada, for $3.00 per gallon.

Sprained Her Ankle

"I slipped on an icy step and sprained my ankle very badly," writes Miss Minnie Burgoyne of Glenwood. "It swelled to a tremendous size and caused intense pain. I applied Polson's Nerviline and got prompt relief; the swelling was reduced, and before long I was able to use my foot." For sprains, swellings and muscular pains Nerviline is the one sure remedy. Strong, penetrating, swift to destroy pain—that's Polson's Nerviline. Fifty years in use.

COUNCIL MEETING

Notice Filed of Intention to Attack the Liquor License By-Law

A Brief Session anc But Little Business Was Transacted

The bi-weekly meeting of the city was held in the council chamber Wednesday evening. The session was short, and but little business was transacted. Mayor Hammar, Ald. Brown, Clements, Crossen, Henniger and Hutton were present.

Communications were read from G. M. Fripp and H. T. Mahan, protesting against the sale of certain lots for taxes. The matter was referred to the city solicitor.

M. D. White, through his counsel, A. C. Sutton, gave notice that he intended to make application to the supreme court to have the new liquor license by-law quashed on the grounds that it created a monopoly in the hotel business and works a forfeiture of vested rights, and for numerous other reasons.

The city solicitor stated that if the by-law in question was illegal, there were but few legal liquor license by-laws in the province, as it was mild in comparison to the restrictions some municipalities placed on the liquor traffic. He read the clause from the Municipal Clauses Act giving municipalities the right to limit the number of licenses, and said the only question as to whether the by-law was good or not depended on the construction the court might put on the word "limit." The solicitor further stated that if the council passed a resolution eliminating the objectionable features, the applicant would have no grounds on which to bring an action to have the by-law quashed.

The mayor wished to know if the by-law could be enforced pending a decision of the court. The city solicitor gave an affirmative answer, and the mayor said that was all he wanted to know. He added that the licenses refused would all have been cancelled for cause anyway, so it made but little difference whether the by-law was good or not. It had only been passed to back up the action of the commissioners, and in order that the licenses might not be re-issved.

On motion, the city solicitor was authorized to employ counsel at the coast in the event the by-law is attacked.

The following accounts were ordered paid:

J. A. Smith	$8.50
W. H. Itter & Co.	.80
Evening Sun	9.00
G. F. Transfer	6.50
W. K. C. Manly	5.40
Gazette	3.00
C.P.R.	7.09
T. McIntyre	.25

Colin Campbell was appointed auditor of the school books at a salary not

Ald. Brown brought up the subject of a better fire hall, and the matter was discussed at length. The mayor said it didn't seem to make any difference how much the department was improved—insurance rates still kept going up. The present council, however, should recommend to the incoming council the purchase of more light hose and a new bell, and the installation of a better fire alarm system. Ald. Brown said the bell tower should be at least 25 feet higher.

The board of works reported progress.

The cemetery committee had not had time to name the streets in the new burying grounds, and further consideration of the cemetery by-law was postponed till the next meeting.

The council then adjourned till next Wednesday night.

MUNICIPAL ELECTION

To the Electors of the City of Grand Forks:

At the resquest of a large number of the ratepayers of the city, I have decided to become a candidate for Alderman from the East ward in the approaching civic election. I favor an honest, business-like city administration, and if elected will do everything in my power to safeguard the peoples' interests. Yours faithfully,

FRANK HARTINGER.

Grand Forks, B. C., Jan. 4, 1906.

Are You Costive?

If you knew how bad for health constipation is you would be more careful. Irregular bowels cause appendicitis, jaundice, anaemia and a thousand other diseases too. Sooner or later it will bring you to a sick bed. The use of Dr. Hamilton's Pills changes all this quickly. They are made to cure constipation in one night and always do. By taking Dr. Hamilton's Pills you are sure of a keen appetite, splendid color, jovial spirits and sound restful sleep. Gentle in action; good for men, women or children. 25c per box or five for $1.00. All dealers in medicine.

PUBLIC NOTICE

PUBLIC NOTICE is hereby given to the electors of the Municipality of the Corporation of the City of Grand Forks, that I require the presence of the said electors at the City Office, in the Municipal building on First street, in the City of Grand Forks, on the fifteenth day of January, 1906, at 12 o'clock noon, for the purpose of electing persons to represent them in the Municipal Council as Mayor and Aldermen; and of electing two School Trustees.

The mode of nomination of candidates shall be as follows:

The candidates shall be nominated in writing; the writing shall be subscribed by two voters of the municipality as proposer and seconder, and shall be delivered to the Returning Officer at any time between the date of the notice and 2 p. m. of the day of the nomination, and in the event of a poll being necessary, such poll will be opened on the 18th day of January, A. D. 1906, between the hours of 9 o'clock a. m. to half past 7 o'clock p. m., at the said City Office, of which every person is hereby required to take notice and govern himself accordingly.

QUALIFICATIONS.

The persons qualified to be nominated for and elected as the Mayor of the said City shall be such persons as are male British subjects of the full age of twenty-one years, and are not disqualified under any law, and have been for the six months next preceding the day of nomination the registered owner, in the Land Registry Office, of land or real property in the city of the assessed value, on the last municipal assessment roll of one thousand dollars or more, and who are otherwise duly qualified as municipal voters.

The persons qualified to be nominated for and elected as Aldermen of said City shall be such persons as are male British subjects of the full age of twenty-one years, and are not disqualified under any law, and have been for the six months next preceding the day of nomination the registered owner, in the Land Registry Office, of land or real property in the city of the assessed value, on the last municipal assessment roll, of five hundred dollars or more, and who are otherwise qualified as municipal voters.

Any person being a householder in the School District, and being a British subject of the full age of twenty-one years, and otherwise qualified to vote at an election of School Trustees in the School District, shall be *eligible to be elected a School Trustee.*

Given under my hand at Grand Forks, the 5th day of January A. D. 1906.

J. A. McCALLUM,
Returning Officer.

SUNSET SAUNTERINGS

Mrs. M. D. White and son returned home this week from a three months' visit with friend in Walkerton, Ont.

Miss Isabel Henderson left on Wednesday for the coast, where she will take a course at a normal school.

Martin Dufour, of the Club, left last Saturday for Coleman, Alta., where he will remain a couple of weeks.

Geo. A. Fraser, M.L.A., will leave for Victoria today to attend the session of the legislature, which opens on the 11th inst.

Wm. Dinsmore is spending the Christmas holidays with old friends at the coast.

John Lind, of the Square hotel, arrived in the city this week from Hedley, and will remain here until after the election. He reports business good in Hedley. The Vancouver, Victoria & Eastern graders are now within eighteen miles of the town.

Frank McFarlane and Wm. Garrison returned from Franklin camp New Year's day. They have been doing development work on the I. X. L. claim, and say that that property is looking fine.

A slag elevator, for hoisting the slag from the converters to the cars, is being installed at the Granby smelter this week. The machine was built by the Ellis-Chalmers company of Chicago.

The ten-year-old son of Rev. E. Manuel, while at play last Saturday, was so badly bitten in the chin by a dog belonging to J. B. Henderson that it required several stitches to close the wound. On complaint, the dog has been deported.

F. L. Underwood, of the British Columbia Copper company, reports that the three big new furnaces, with a capacity of 50,000 tons a month, should be ready about September 1. "Contracts for the machinery," says he, "were made four months ago. The improvements will cost about $300,000, and we shall pay for them out of our earnings. The mines and smelter together will work from 300 to 500 men. Meanwhile until the new plant is ready, we shall work our old plant, and shall dismantle it on the completion of the new works. I think that copper will stay around 15 or 16 cents, and there ought to be good money in it for our company. Our corporation is capitalized for 400,000 $5 shares, and they are selling on the New York curb for about $9.50."

For a nice hair cut or shave go to the City Barber Shop on Bridge street. Baths 25c.

The Sun

PRINTS all the news of the Boundary, and prints it while it is news. It is the only twice-a-week paper published in Southern British Columbia. It is not owned or controlled by a clique of politicians, to further their own ambitious aims; nor by a combination of merchants to be used as a means of hauling their own wares, to the detriment of their rivals.

THE SUN is the sole property of its publisher, and no one else has any right to dictate its policy. It is printed in the interest of Grand Forks and surrounding district. When its editor believes he is right, he speaks right out. He does not have to consult half-a-dozen different parties about what he intends to say.

Everybody in Grand Forks reads THE SUN twice a week. Its out-of-town circulation is large, and is rapidly increasing. It is therefore the best advertising medium in the Boundary.

Synopsis of Regulations Governing the Disposal of Dominion Lands within the Railway Belt in the Province of British Columbia.

A LICENSE to cut timber can be acquired only at public competition. A rental of $5 per square mile is charged for all timber berths excepting those situated West of Yale, for which the rental is at the rate of 5 cents per acre per annum.

In addition to the rental, dues at the following rates are charged:—

Sawn lumber, 50 cents per thousand feet B.M.

Railway ties, eight and nine feet long, 1¼ and 1¾ cents each.

Shingle bolts, 25 cents a cord.

All other products, 5 per cent. on the sales.

A license is issued so soon as a berth is granted, but in unsurveyed territory no timber can be cut on a berth until the licensee has made a survey thereof.

Permits to cut timber are also granted at public competition, except in the case of actual settlers, who require the timber for their own use.

Settlers and others may also obtain permits to cut up to 100 cords of wood for sale without competition.

The dues payable under a permit are $1.50 per thousand feet B.M., for square timber and sawlogs of any wood except oak; from ½ to 1½ cents per lineal foot for building logs; from 12½ to 25 cents per cord for wood; 1 cent for fence posts; 3 cents for railway ties; and 50 cents per cord on shingle bolts.

Leases for grazing purposes are issued for a term of twenty-one years at a rental of two cents an acre per annum.

Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres may be acquired by one individual or company.

Royalty at the rate of 10 cents per ton of 2,000 pounds is collected on the gross output.

Entries for land for agricultural purposes may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior at Ottawa, the Commissioner of Immigration at Winnipeg, or the local agent for the district within which the land is situated, receive authority for some one to make entry for him.

A fee of $10 is charged for a homestead entry.

A settler who has received an entry for a homestead, is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land to each year during the term of three years.

It is the practice of the Department to require a settler to bring 15 acres under cultivation, but if he prefers he may substitute stock; and 20 head of cattle, to be actually his own property, with buildings for their accommodation, will be accepted instead of the cultivation.

(2) If father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of the Act, resides upon a farm in the vicinity of the land entered for by such persons as a homestead, the requirements of the Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of the Act as to residence may be satisfied by residence upon the said land.

Application for a patent should be made at the end of three years before the local agent, subagent or a homestead inspector.

Before making an application for a patent, the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior.
Ottawa, February 4th, 1905

COPPER

The new edition of the COPPER BOOK lists and describes 3311 copper mines and copper mining properties, in all parts of the world, covering the globe, these descriptions ranging from two lines to 12 pages in length, according to importance of the mines. The descriptions are not padded, but give facts in the most concise form. There are also fifteen miscellaneous chapters, devoted to the History, Uses, Terminology, Geography, Geology, Chemistry, Mineralogy, Metallurgy, Finances and Statistics of Copper, rendering the volum, a veritable encyclopedia of the subject of copper and everything pertaining to the metal. It is the world's standard Reference Book on Copper.

Every Miner, Prospector, Investor, Banker and Broker needs t book. Price is $5 in Buckram binding with gilt top, or $7.50 in full library morocco, and the book, in either binding, will be sen- on approval, to any address in the world, to be paid for if found sat isfactory, or may be returned within a week of receipt and the charge cancelled. Address the Author and Publisher.

Nervousness, a Calamity

Many who don't realize what lies beyond, treat an attack of the 'nerves' with indifference. Others consider it will soon pass away. But in every case nervousvess is a calamity. Only one remedy will cure—Ferrozone—a nerve strengthener that acts through the blood. First it gives you appetite—you eat plenty. This fills the blood with nourishment for the inner nerve cells. Energy and strength is instilled into every part of the system. You get well—keep well—nervousness forever departs, because you've used Ferro one. Price 50c per box of fifty tablets at all dealers.

No Place For the Cow.

A young woman of great, perhaps too great, sensibility begged to be excused from visiting an aunt who lived in an old fashioned house where pictures of a certain period were in evidence. "There is an engraving of a blacksmith's shop in the dining room!" said she hysterically. "You can't expect me to eat my dinner there. I smell the hoofs."

A similar criticism came from one who suffered not from overrefinement, but from something quite different. She was a woman of recently acquired wealth who, says the New York Tribune, went into an art gallery and asked for a painting of a certain size.

"I have just what you want," said the dealer.

He showed her a beautiful animal painting, but she looked at it for a few minutes and then shook her head.

"It won't do," she said. "I want this picture for my drawing room."

"But it's a beautiful thing," ventured the dealer.

"Not for a drawing room," announced the woman conclusively. "You couldn't have a cow in a drawing room!"

Beyond His Means.

Lady (getting on Thirty-fourth street car)—Conductor, do you stop at the Waldorf-Astoria? Conductor—No, madam. How can you expect me to do so at $12 a week?

Starting the Row.

Nell—Oh, my! I don't like the shape of my new gown at all. I wish I knew how to improve it. Belle—Why not let some other girl wear it, dear?—Philadelphia Ledger.

She Must Be Doing Something.

"Eve never went to a woman's club."

"No, but perhaps if she had she would not have found time to sample the fruit."

Others Would Like To.

"She married a foreign nobleman in disguise."

"Yes, but she left him in disgust."

Woolgath

"When a person's w ng that means he's lazy, doe
