Fourth Year---No. 90 | Grand Forks, B. C., Friday, September 8, 1905 | Issued Twice a Week

COUNCIL MEETING

Notice Given of a By-Law to Grant a Bonus to Dominion Copper Co.

Liquor License By-Law Hoisted for Two Weeks---Metre System

The regular bi-weekly meeting of the city council was held in the council chamber Tuesday evening, Mayor Hammar and Ald. Brown, Clements, Crossen and Henniger being present. The meeting, compared with other sessions, was quite brief, although considerable business was transacted.

A communication from the Canadian Fairbanks company informed the council the new pump recently purchased by the city had been tested before leaving the factory. It also expressed the hope that future tests would prove more successful. Filed.

Robert Lindholm asked for and was granted a rebate of $10 from the fee advanced for the transfer of his liquor license from the Norden hotel to the White House. Mr. Lindholm allowed his license to lapse before the transfer was.

A communication from City Poundmaster Woodhead was referred to the health and relief committee. Mr. Woodhead asked for one or iwo more pounds, feeding stalls and suitable quarters for storing feed.

The following bills were ordered paid:

Granby company	$ 16.50
Grand Forks Transfer Co	46.65
W. K. C. Manly	44.45
R. F. Petrie	1.00
E. T. Bank	227.60
C.P.R.	9.19
Canadian General Electric	93.00
City payroll	99.66

Ald. Clements, chairman of the water and light committee, reported that the total cost of laying the Victoria avenue water main had been $296.60.

Mayor Hammar reported that the contract with the Granby company for power would be ready for the proper signatures on the following day.

Ald. Crossen, chairman of the board of works, reported that the Columbia street bridge was in a bad condition. The bolts and rods had not been tightened for two years, and were getting very loose. In some instances the bolts had been drawn nearly through the wood, necessitating their removal and replacing the present washers with larger ones. In other respects the bridge was in good condition. He suggested the employment of a practical bridgeman to repair the structure, especially as the street commissioner would be busy down town with sidewalk repairing, which should be rushed to completion before the bad weather sets in. At present there was a cessation in the work on account of Lequime & Powers being unable to furnish the lumber. He thought that if this firm was unable to fulfill its contract, the clerk should be authorized to buy elsewhere.

Moved by Ald. Clements, seconded Ald. Crossen, that the city employ an experienced bridgeman to repair the Columbia street bridge. Ald. Henniger amended the motion to the effect that M. S. Martin be employed, if available, and in this form it was adopted.

On motion of Ald. Clements and Henniger, the clerk was instructed to purchase lumber for sidewalks at once, and if Lequime & Powers were unable to supply the same to purchase elsewhere.

Ald. Clements submitted a report of the metre test for electric lights in the Yale hotel last spring. The mayor was opposed to the installation of metres in this hotel unless the metre system was introduced throughout the city, as it would work an injustice on this house, which was really one of the best advertisements the Boundary conntry possessed. Ald. Clements thought the mayor was laboring under a misapprehension. The committee had merely submitted the report in order to show the difference in cost between the flat and metre system rates. He believed the whole city should be placed under the metre system. Mr. Hammar replied that the new contract with the Granby company would practically be on a metre basis, and this would be an opportune time to install the system in the entire city.

Mayor Hammar brought up the subject of the city granting a bonas to the Dominion Copper company as an inducement to locate its new smelter at this point. Mr. Thomas, he said, would have to send in his report to the head office in Denver tomoorow. Mr. Thomas had stated that he would be satisfied if some alderman would ask leave to introduce a smelter bonus by-law, which was all that could be done at this meeting. Greenwood, Eholt and Midway were working hard for the smelter. All had good sites, but Grand Forks had the best. There was no scheme or graft connected with the scheme. It was purely a business proposition. The smelter would be cheap to the city at any price.

David Whiteside, who was present, was invited to speak on this subject. He said the mayor had fully stated the case, and he was unable to add ahything more to it. It had been reported that A. Miller had acquired the proposed site, and intended to hold it at an exorbitant price. Such, he was pleased to say, was not the case. The proposed bonus would be a small price for the smelter, as it would double the population of the city.

Ald. Brown begged leave to introduce, at the next meeting of the council, a by-law granting a bonus to the Dominion Copper company as an nducement for it to locate its new smelter in this city. Granted.

The mayor was authorized to inform Mr. Thomas of the action taken by the council.

Consideration of the liquor license by-law was postponed until the next meeting.

The council then adjourned.

CHURCH SERVICES

Knox Presbyterian Church, J. R. Robertson, pastor.—The usual services next Sunday at 11 a.m. and 7:30 p.m. Rev. Dr. Herdman, superintendent of home missions in the synod of British Columbia, is expected to preach at the evening service, and also to observe the Sacrament of Baptism. The Sunday school will meet at 3 p.m.

Methodist Church—Services next Sabbath morning and evening at the usual hours, conducted by the pastor. Morning subject, "In the Wrong Place." Evening subject, "The Modern Pharisee." Everybody welcome.

NEWS OF THE CITY

Miss Bessie Is Still Engaged in Collecting Funds for Her Education

Former Grand Forks People Get Married in Spokane

Miss Bessie West, who is lame, was in the city yesterday raising money for her education, and succeeded in gathering in a few cartwheels. She has been working the same game in British Columbia towns for the past eight years. It might be inferred from that her education was lamentably neglected during her youth. Her visits to Nelson have been so frequent that the chief of police had to request her to leave a couple of days ago. She then promised to go to Spokane. But it is quite evident that she got on the wrong train.

The Sun this evening received a nice little box of wedding cake from Spokane. In the absence of other information we had to put our own Sherlock Holmes on the track of the package. He reported in a few minutes, giving it as his opinion that the cake was sent by Mr. Jos. Chenier and Miss Lilly Taylor, both of whom have a host of friends in this city. We take this opportunity of congratulating the young couple. If Mr. Holmes is wrong in his surmise, he won't stay wrong long.

The first performance of Arnold's big tent shows will given in this city next Wednesday evening at 7:30. On Thursday both afternoon and evening performances will be given. The street parades will be eliminated, as this circus puts the show on in the tents, and not in streets. Popular prices will prevail. A free exhibition will be given both afternoon and evening in front of the mammoth waterproof tents on Bridge street, between Second and Third. This show is highly recommended by the press, and the management prides itself on carrying a clean, moral show, and no grafting will be allowed. Every performer is an artist in his line.

Charles Livermore, of England, is visiting his sister, Mrs. L. Knight, in this city.

A. E. McCartney, manager of the B. C. Telephone company here for over a year, has been transferred to Vancouver. Mr. McCartney has made numerous friends during his residence here, and he will be greatly missed by all.

Midway complains of a scarcity of good carpenters.

A farewell ball was tendered Miss Edna Traunweiser in Alberta hall prior to her departure for the east.

Rev. Henry Steele, vicar of Holy Trinity church, is confined to his home by a mild attack of fever.

The Boundary creek license commissioners will meet in the court house this evening for the purpose of considering the application of B. Lequime for a license for the Great Northern hotel, Midway.

Sir Wilfrid Laurier, on his way home from the Northwest, turned the the first sod of the Grand Trunk Pacific today at Port Arthur.

Over 125 invitations have been issued to the annual reunion and bauquet of the Pioneers's Association of the Boundary and Okanagan districts, which will be held at the Lancashire hotel, Midway, on the 15th inst. The C.P.R. will give reduced rates on this occasion.

R. H. Trueman, the well known Vancouver photographer, arrived in the city yesterday, and will be at Blome's old stand, Bridge street, for one week.

The Arnold big tent shows are deservedly popular wherever they go, and the popular prices entitle them to support. They give the best acrobatic performances on the road,

Fred Birney, the well known mining man, who is associated with Pat Clark and a syndicate of Spokane capitalists, left for Spokane this morning to submit a report to his company regarding a number of Republic properties recently inspected by him. While in this city Mr. Birney made a side trip to the McKinley in Franklin camp. He was so favorably impressed with that property ihat he intends to hurry back as soon as he tronsacts his business in Spokane. He feels quite confident that Franklin is the coming camp of the Boundary.

People who have occasion to cross the international boundary with teams at frequent intervals, should have their horses examined by the Dominion veterinary surgeon and secure a certificate as to the health of the animals. By so doing they may save themselves from being delayed by the customs officers.

James McNicol, one of the old time business men of the Boundary, who was burned out at Midway a year ago, has started the erection of a building there and will re-enter the trade arena. He has a store in Vancouver now.

L. A. Manly left Tuesday on an extended trip to the coast cities.

Geo. A. McLeod, manager of the McKinley mine, went up to Franklin camp last Wednes ay.

The semi-annual meeting of Kootenay Presbytery will be held next week in the Presbyterian church, Greenwood, beginning next Tuesday at 4 p.m. Revs. W. R. Ross and J. R. Robertson will be in attendance.

J. D. Honsberger, the big fruit rancher, went over to Nelson this week. He is in charge of the Boundary fruit district for the Nelson fair.

Ben Larson, of Poplar, visited his father-in-law, S. Nelson, of the Winnipeg hotel, in this city this week,

L. P. Nelson, a Nelson hotel man, was a visitor in the city this week.

All manner of chances to win premiums for fruit displays are given by the Spokane Interstate fair this year. Eight hundred dollars in premiums are offered for the best general exhibit of green fruit made by a county, district or individual.

WORK ON V. V. & E.

Contractor Shields Says It Will Take Three Years to Reach Coast

Steel Will Be Laid to Midway Within Two Weeks---Labor Still Scarce

The Similkameen cut-off of the Great Northern will be completed through British Columbia up the Similkameen river and on to the coast, a distance of abont 380 miles from this city, within three years, according to a statement made by Contractor L. E. Shields in Spokane last Tuesday evening. Mr. Shields, of the contracting firm of Siems & Shields, which has a blanket contract for the entire work now under way, faid?

"The contract for the work from Midway to Keremeos, a distance of 118 miles, has been let to us, and we have subcontracted the grading of practically the entire distance. The intention of the Great Northern is to go clear through to the coast, a distance of 380 miles from Grand Forks, and it figures on having the road completed in three years. It will take until next summer to complete the work for which we now have a contract, as the entire distance is very heavy work, the most of the way being the heaviest kind of rock work. From Midway to Oroville the grade is especially hard. The grading is completed to Midway, and steel is being laid on the roadbed between that point and Curlew. We are shipping steel almost daily up to Curlew, and intend having that section of the track entirely completed within two weeks. We are being hampered more or less for lack of laborers, although we now have about 1500 men at work, and are increasing our force at the rate of about 50 a day on an average. This is the biggest piece of railroad construction work ever undertaken in the Northwest, with the exception of that of the roads in crossing the Rocky mountains and the Great Northern's construction through the Cascades."

THE MINING RECORDS

Following are the locations, certificates of work, bills of sale, etc., recorded in the Government office at Grand Forks, B. C., of the Grand Forks mining division, from Sept. 1 to 7, inclusive:

CERTIFICATES OF WORK.

I. X. L., Franklin camp, Pete Wolf; Jumbo, Goat mountain, Hartinger et al.; Parrott, Brown's camp, H. J. Bayley; No. 10 fraction, Summit camp, Hall Mining & Smelting Co.; Copper King, Franklin camp, James Little; Craiglee, Franklin camp, P. T. McCallum; Scarboro Heights, Franklin camp, James Little; Black Eye, Brown's camp, Kelly et al.

RECORD OF LOCATIONS.

Agnes, relocation of Mikado, Frank Fritz.

CERTIFICATES OF IMPROVEMENT.

Gumboot fraction, Summit camp, Sig. Dilsheimer; Jumbo fraction, Summit camp, Jas. H. Plummer.

Gin Rickys at the Club saloon. Martin Dufonr, manager.

"They Take First Rank Amongst the Best"

"The Accident and Sick Policies of the CANADIAN CASUALTY AND BOILER INSURANCE COMPANY are sellers. They are greatly in demand at their agencies in all parts of Canada. The contracts are concise, clean and without ambiguity and practically without a condition. They take first rank amongst the best selling in Canada today."—*Extract from Money and Risks, Toronto.*

You Are Ailing

Not quite sick, but robbed of ambition to work—find it hard to think clearly. Not ill enough to think of dying, but bad enough for life to be pretty dull. There is a remedy—Ferrozone—that quickly lifts that half-dead feeling. Gracious, but Ferrozone makes you feel good; it sharpens the dullest appetite, makes it keen as a razor.

Blood? Ferrozone makes lots of it, the rich nouriseing kind that vitalizes the whole body. You'll be wonderfully quickened, immensely strengthened, feel hearty and vigorous after using Ferrozone. Buoyant health, surplus vigor and reserve energy all come from this great restorative. Fifty cents buys a box of fifty tablets at dealers.

BICYCLES AND REPAIR WORK—A complete line of 1905 models. A few second-hand wheels cheap. Wheels to rent. GEO. CHAPPLE, opposite Postoffice, First street.

You're next at the Palace Barber Shop, Victoria hotel.

For a nice hair cut or shave go to the City Barber Shop on Riverside. Baths 25c.

The Sun

PRINTS all the news of the Boundary, and prints it while it is news. It is the only twice-a-week paper published in Southern British Columbia. It is not owned or controlled by a clique of politicians, to further their own ambitious aims; nor by a combination of merchants to be used as a means of lauding their own wares, to the detriment of their rivals.

THE SUN is the sole property of its publisher, and no one else has any right to dictate its policy. It is printed in the interest of Grand Forks and surrounding district. When its editor believes he is right, he speaks right out. He does not have to consult half-a-dozen different parties about what he intends to say.

Everybody in Grand Forks reads THE SUN twice a week. Its out-of-town circulation is large, and is rapidly increasing. It is therefore the best advertising medium in the Boundary.

$2 Per Year

When

You consider that a poorly printed job costs just as much as one that presents a neat and tasty appearance, do you not think that your business demands the latter kind?

Good Printing—the kind we do—is in itself an advertisement, and a trial order will convince you that our stock and workmanship are of the best. Let us estimate on your order. We guarantee satisfaction.

JOIN THE CANADIAN PREFERENCE LEAGUE

100,000 MEMBERS WANTED

THE object of the League is to educate Canadians how best to apply the Canadian Preference sentiment. Members of the League are expected, when making purchases, to give preference to the products of Canada and to all articles of Canadian manufacture, when the quality is equal and the cost not in excess of that of similar foreign products or manufactured articles. Each member is also expected to give preference to Canadian labor and to this country's educational and financial institutions. A monthly journal will be published in the interests of the League and mailed to each member. The annual membership fee and subscription for the Journal is $1.00.

Rev. Henry Steele, vicar of Holy Trinity church, is confined to his home by a mild attack of fever.

The Boundary creek license commissioners will meet in the court house this evening for the purpose of considering the application of B. Lequime for a license for the Great Northern hotel, Midway.

Sir Wilfrid Laurier, on his way home from the Northwest, turned the the first sod of the Grand Trunk Pacific today at Port Arthur.

Over 125 invitations have been issued to the annual reunion and bauquet of the Pioneers's Association of the Boundary and Okanagan districts, which will be held at the Lancashire hotel, Midway, on the 15th inst. The C.P.R. will give reduced rates on this occasion.

R. H. Trueman, the well known Vancouver photographer, arrived in the city yesterday, and will be at Blome's old stand, Bridge street, for one week.

The Arnold big tent shows are deservedly popular wherever they go, and the popular prices entitle them to support. They give the best acrobatic performances on the road,

Fred Birney, the well known mining man, who is associated with Pat Clark and a syndicate of Spokane capitalists, left for Spokane this morning to submit a report to his company regarding a number of Republic properties recently inspected by him. While in this city Mr. Birney made a side trip to the McKinley in Franklin camp. He was so favorably impressed with that property ihat he intends to hurry back as soon as he tronsacts his business in Spokane. He feels quite confident that Franklin is the coming camp of the Boundary.

People who have occasion to cross the international boundary with teams at frequent intervals, should have their horses examined by the Dominion veterinary surgeon and secure a certificate as to the health of the animals. By so doing they may save themselves from being delayed by the customs officers.

James McNicol, one of the old time business men of the Boundary, who was burned out at Midway a year ago, has started the erection of a building there and will re-enter the trade arena. He has a store in Vancouver now.

L. A. Manly left Tuesday on an extended trip to the coast cities.

Geo. A. McLeod, manager of the McKinley mine, went up to Franklin camp last Wednesday.

The semi-annual meeting of Kootenay Presbytery will be held next week in the Presbyterian church, Greenwood, beginning next Tuesday at 4 p.m. Revs. W. R. Ross and J. R. Robertson will be in attendance.

J. D. Honsberger, the big fruit rancher, went over to Nelson this week. He is in charge of the Boundary fruit district for the Nelson fair.

Ben Larson, of Poplar, visited his father-in-law, S. Nelson, of the Winnipeg hotel, in this city this week,

L. P. Nelson, a Nelson hotel man, was a visitor in the city this week.

All manner of chances to win premiums for fruit displays are given by the Spokane Interstate fair this year. Eight hundred dollars in premiums are offered for the best general exhibit of green fruit made by a county, district or individual.

WORK ON V. V. & E.

Contractor Shields Says It Will Take Three Years to Reach Coast

Steel Will Be Laid to Midway Within Two Weeks---Labor Still Scarce

The Similkameen cut-off of the Great Northern will be completed through British Columbia up the Similkameen river and on to the coast, a distance of abont 380 miles from this city, within three years, according to a statement made by Contractor L. E. Shields in Spokane last Tuesday evening. Mr. Shields, of the contracting firm of Siems & Shields, which has a blanket contract for the entire work now under way, faid?

"The contract for the work from Midway to Keremeos, a distance of 118 miles, has been let to us, and we have subcontracted the grading of practically the entire distance. The intention of the Great Northern is to go clear through to the coast, a distance of 380 miles from Grand Forks, and it figures on having the road completed in three years. It will take until next summer to complete the work for which we now have a contract, as the entire distance is very heavy work, the most of the way being the heaviest kind of rock work. From Midway to Oroville the grade is especially hard. The grading is completed to Midway, and steel is being laid on the roadbed between that point and Curlew. We are shipping steel almost daily up to Curlew, and intend having that section of the track entirely completed within two weeks. We are being hampered more or less for lack of laborers, although we now have about 1500 men at work, and are increasing our force at the rate of about 50 a day on an average. This is the biggest piece of railroad construction work ever undertaken in the Northwest, with the exception of that of the roads in crossing the Rocky mountains and the Great Northern's construction through the Cascades."

THE MINING RECORDS

Following are the locations, certificates of work, bills of sale, etc., recorded in the Government office at Grand Forks, B. C., of the Grand Forks mining division, from Sept. 1 to 7, inclusive:

CERTIFICATES OF WORK.

I. X. L., Franklin camp, Pete Wolf; Jumbo, Goat mountain, Hartinger et al.; Parrott, Brown's camp, H. J. Bayley; No. 10 fraction, Summit camp, Hall Mining & Smelting Co.; Copper King, Franklin camp, James Little; Craiglee, Franklin camp, P. T. McCallum; Scarboro Heights, Franklin camp, James Little; Black Eye, Brown's camp, Kelly et al.

RECORD OF LOCATIONS.

Agnes, relocation of Mikado, Frank Fritz.

CERTIFICATES OF IMPROVEMENT.

Gumboot fraction, Summit camp, Sig. Dilsheimer; Jumbo fraction, Summit camp, Jas. H. Plummer.

Gin Rickys at the Club saloon. Martin Dufonr, manager.

R.H.TRUEMAN

PHOTOGRAPHER

Vancouver, B. C.

NOW HERE

...AT..

Blome's Old Studio, Bridge Street

THIS WILL BE YOUR ONLY OPPORTUNITY for some time to obtain first-class photographic work, as the visits to this city of artists of Mr. Trueman's standing are as far apart as hen's teeth. Mr. Trueman's work is too well known to the people of Grand Forks to require any special mention. Remember the dates—September 7—One Week.

UNION LABEL

FRIDAY, SEPTEMBER 8, 1905

The prompt action of the city council in taking steps to provide for a bonus as an inducement to the Dominion Copper company to locate its new smelter at this point, will be commended by the ratepayers generally. The people are fully alive to the benefits the community would derive from the location here of the proposed reduction plant, and it is safe to predict that the by-law will carry without a dissenting vote.

The matter of a flat rate or the metre system for electric light charges appears to be a periodical bone of contention in the city council, and the question will probably continue to spring up semi-occasionally until the city adopts the latter system, which is unquestionably the fairest of the two. Under the present plan the people who only use their lights a couple of hours in the evening have to help pay the bills of those who keep theirs burning all night. The new contract with the Granby company is practically on a metre basis, and it will probably not be many months before every consumer in the city will be paying for exactly the amount of "juice" which he uses.

Before leaving Ottawa for Port Arthur at noon last Tuesday the railway commission approved of the plans of the Vancouver, Victoria & Eastern railway. A reservation was made in regard to the Similkameen & Keremeos railway, for which A. B. Aylesworth, K.C., appeared, to the effect that when their proposition and plans came before the board they would be considered and the commissioners might give them also a line at the points asked for. In other words, their rights, whatever they are, will not be taken away by the building of the V., V. & E., which, however, gets the first opportunity of building, which is all that it asked for.

It is reported that James J. Hill has made a strong alliance with the Grand Trunk Pacific railway, and will extend his Vancouver, Westminster & Yukon railway to connect with the new Canadian transcontinental system at some point far north of Vancouver.

Card of Thanks

We desire to tender our heartfelt thanks to the people of Grand Forks and vicinity for the many kindnesses and courtesies extended us during our sad bereavement, consequent on the lamentable accident which befell our son.

MR. AND MRS. J. A. BUCKLEY.

Purgatives Are Dangerous

They gripe, cause burning pains and make the constipated condition even worse. Physicians say the ideal laxative is Dr. Hamilton's Pills of Mandrake and Butternut; they are exceedingly mild, composed only of health-giving vegetable extracts. Dr. Hamilton's Pills restore regular movement of the bowels, strengthen the stomach and purify the blood. For constipation, sick headache, biliousness and disordered digestion no medicine on earth makes such remarkable cures as Dr. Hamilton's Pills. Try a 25c box yourself.

It takes modern material to do up-to-date work. The Sun job department is kept strictly up-to-date.

H. C. BLAIR, Principal.

Every man owes it to himself and his family to master a trade or profession. Read the display advertisement of the six Morse schools of telegraphy, in this issue, and learn how easily a young man or lady may learn telegraphy and be assured a position.

Throw Medicines to the Dogs!

At best they are unpleasant, often useless. You have some disease of the nose, throat or lungs. Doctors would call it bronchitis, asthma or catarrh. The common root of these diseases is germ or microbic irritation. Catarrhozone not only destroys disease germs—it does more, it heals diseased and inflamed tissue. The disease is not only cured, but its return is forever prevented by using Catarrhozone, which is splendid also for colds, coughs and irritable throat. Remember you inhale Catarrhozone—nature's own cure. Use no other but Catarrhozone—it's the best catarrh cure made.

Strained Back and Side

"While working in a sawmill," writes C. E. Kenney from Ottawa, "I strained my back and side so severely I had to go to bed. Every movement caused me torture. I tried different oils and liniments, but wasn't helped till I used Nerviline. Even the first application gave considerable relief. In three days I was again at work. Other men in the mill use Nerviline with tremendous benefit too." An honest record of nearly fifty years has established the value of Polson's Nerviline.

Our job department is superior to any other in the Boundary country. We have both the material and the experience to turn out high class work.

WISE AND OTHERWISE

We do not think that silver dollars should be made heavier than they now are. They are hard enough to raise as it is.

—

The woman who wanted to throw herself into her husband's grave has just married a newspaper agent.

—

It makes a great deal of difference to the actor whether his name is prominently on the bill board of board bill.

—

At the moment of his birth every many has a brilliant future before him—and it usually remains there.

—

After a woman is married, it is well for her to remember that cooking is a greater accomplishment than thumping the piano.

—

The heathen worships an idol of stone, but nothing short of an idol of gold seems to satisfy civilized man.

—

A young man here wants to know how long girls should be courted. Same as short girls, of course.

—

A witness in a burglar case said "them lawyers was the most inquisitive cusses he ever did see."

—

The theatrical world would be a paradise if all the actresses were as good as their pictures look.

—

Marriage is a raffle instead of a lottery, as one man gets the prize while the other fellow gets the shake.

—

A woman's hands may be pale and delicdte, but she can handle a hotter plate than a man can.

—

A real dudish man is of no use in this busy world except to be flirted with by foolish girls.

—

A smile does not cost anything, and it is much more becoming on a woman's face than powder.

—

The business in which you are sure you could have made money, generally is the other man's.

—

You have friends who will stand by you to the last dollar—your dollar, of course, not theirs.

—

A man not long ago placed a horseshoe over the door, and that night the house burned down.

—

No woman who doesn't think she is handsome will consent to have her picture taken in a group.

—

There is more fun in the preliminary engagement than there is in the first domestic battle.

COPPER

The new edition of the COPPER BOOK lists and describes 3311 copper mines and copper mining properties, in all parts of the world, covering the globe, these descriptions ranging from two lines to 12 pages in length, according to importance of the mines. The descriptions are not padded, but give facts in the most concise form. There are also fifteen miscellaneous chapters, devoted to the History, Uses, Terminology, Geography, Geology, Chemistry, Mineralogy, Metallurgy, Finances and Statistics of Copper, rendering the volume a veritable encyclopedia of the subject of copper and everything pertaining to the metal. It is the world's standard Reference Book on Copper.

Every Miner, Prospector, Investor, Banker and Broker needs the book. Price is $5 in Buckram binding with gilt top, or $7.50 in full library morocco, and the book, in either binding, will be sent, on approval, to any address in the world, to be paid for if found satisfactory, or may be returned within a week of receipt and the charge cancelled. Address the Author and Publisher.

You Are Ailing

Not quite sick, but robbed of ambition to work—find it hard to think clearly. Not ill enough to think of dying, but bad enough for life to be pretty dull. There is a remedy—Ferrozone—that quickly lifts that half-dead feeling. Gracious, but Ferrozone makes you feel good; it sharpens the dullest appetite, makes it keen as a razor.

Blood? Ferrozone makes lots of it, the rich nourishing kind that vitalizes the whole body. You'll be wonderfully quickened, immensely strengthened, feel hearty and vigorous after using Ferrozone. Buoyant health, surplus vigor and reserve energy all come from this great restorative. Fifty cents buys a box of fifty tablets at dealers.

BICYCLES AND REPAIR WORK—A complete line of 1905 models. A few second-hand wheels cheap. Wheels to rent. GEO. CHAPPLE, opposite Postoffice, First street.

You're next at the Palace Barber Shop, Victoria hotel.

For a nice hair cut or shave go to the City Barber Shop on Riverside. Baths 25c.

The Sun

PRINTS all the news of the Boundary, and prints it while it is news. It is the only twice-a-week paper published in Southern British Columbia. It is not owned or controlled by a clique of politicians, to further their own ambitious aims; nor by a combination of merchants to be used as a means of lauding their own wares, to the detriment of their rivals.

THE SUN is the sole property of its publisher, and no one else has any right to dictate its policy. It is printed in the interest of Grand Forks and surrounding district. When its editor believes he is right, he speaks right out. He does not have to consult half-a-dozen different parties about what he intends to say.

Everybody in Grand Forks reads THE SUN twice a week. Its out-of-town circulation is large, and is rapidly increasing. It is therefore the best advertising medium in the Boundary.

$2 Per Year

When

You consider that a poorly printed job costs just as much as one that presents a neat and tasty appearance, do you not think that your business demands the latter kind?

Good Printing—the kind we do—is in itself an advertisement, and a trial order will convince you that our stock and workmanship are of the best. Let us estimate on your order. We guarantee satisfaction.

JOIN THE CANADIAN PREFERENCE LEAGUE

100,000 MEMBERS WANTED

THE object of the League is to educate Canadians how best to apply the Canadian Preference sentiment. Members of the League are expected, when making purchases, to give preference to the products of Canada and to all articles of Canadian manufacture, when the quality is equal and the cost not in excess of that of similar foreign products or manufactured articles. Each member is also expected to give preference to Canadian labor and to this country's educational and financial institutions. A monthly journal will be published in the interests of the League and mailed to each member. The annual membership fee and subscription for the Journal is $1.00.

CUT THIS OUT, SIGN, AND SEND TO — WRITE PLAINLY
The Secretary, THE CANADIAN PREFERENCE LEAGUE,
Room 20, Home Life Building, Toronto

Please enroll my name as a member of the Canadian Preference League. Enclosed is $1.00, my membership fee and subscription for one year to "CANADA FIRST," the journal of The Canadian Preference League.
