

SURVEY RESUMED

H. W. Warrington, chief engineer of the Kettle Valley line, with fifteen men, stores and provisions, today left for the upper North Fork country to complete the survey of the road from Bannock City to Franklin camp.

Today surveyors' stakes were driven on Fourth street, from the river to Observation mountain. In order to obtain a better grade, it is proposed to cross the Kettle river at Fourth street; thence follow that thoroughfare to the base of Observation mountain; thence on the west side of that mountain to the Granby smelter. It is claimed that the grade from the Kettle Valley line station to the Granby smelter via the North Fork route would be too heavy.

It was reported this week that C. P. R. capital is behind the present activity in Kettle Valley line circles, and that the option on the McKinley mine is held by C.P.R. interests. These rumors, however, lack confirmation.

Associated Boards of Trade

G. O. Buchanan, president of the Affiliated Boards of Trade of Eastern British Columbia, has issued the following circular letter to the boards associated with that body:

The eighth annual convention of the associated boards will be held in Cranbrook on Wednesday of the week following that in which the provincial legislature convenes in annual session. The probabilities are that this will bring our meeting in the month of January. By way of reminder, I will mention the subjects that occupied our attention at the last meeting, together with the results of our efforts to secure action in line with our wishes:

Bounty on copper, advocated by delegates of the Rossland board of trade. Not approved by a majority of the local boards, therefore not presented by the executive of the association to the government.

Duty on corroded lead; our request fully complied with by the Dominion government.

Duty on other lead products, also duty on lumber; the tariff commission held sessions in the district and heard testimony and argument. It is competent for the association to put its views before the commission, which will probably not have reported before we meet.

Commission to investigate zinc resources and treatment; commission appointed and now preparing report.

County court judge for East Kootenay; granted. Judge now acting.

Construction of coast to Kootenay railway; provided for. Construction now proceeding.

Eight hour law for smelters.

No aid to Grand Trunk Pacific.

Forest protection.

Cancellation of railway reserves.

So far as any action has been taken it has been in line with our requests, but the subjects are as yet more or less open.

Municipal telephone rights.

Aid to Lewis and Clark exposition.

Additional fruit inspectors.

Quarantine station for imported fruit.

Resident supreme court judge.

Action so far as taken has been adverse to our views.

The subjects in regard to which no

action has been taken are:

Wagon road to Flathead.

Experimental fruit farms.

Provincial aid for mountain railways

Dominion department of mines.

Purchase of gold and silver bullion.

Substitute for two per cent tax on minerals.

Amendments to game laws.

Investigation of irregularities in land grants.

Kootenay river reconnaissance.

Aid to Kootenay Valley Central railway.

I shall be glad to have the local boards consider this list of subjects and give notice of such further action as they desire in regard to them.

New resolutions must be in the hands of the secretary, A. B. Mackenzie, Rossland, 30 days before the date of meeting.

THE MINING RECORDS

Following are the locations, certificates of work, bills of sale, etc., recorded in the Government office at Grand Forks, B. C., of the Grand Forks mining division, from Dec. 1 to 7, inclusive:

RECORD OF LOCATIONS.

Appendix fraction, Franklin camp, H. Watlin and W. R. Hull.

Blue Nose, Franklin camp, F. W. Reid and F. R. Whitwell.

Happy Hooligan, Franklin camp, H. Watlin and W. R. Hull.

Noonday, Franklin camp, H. Watlin and W. M. Hull.

Blue Nose fraction, Wellington camp, John Mulligan.

No. 14 fraction, Greenwood camp, Harry Birnie.

CERTIFICATES OF WORK.

Alexandria, Franklin camp, Jas. A. McDonald; two years.

Joseph, Franklin camp, Jas. A. McDonald; two years.

Anthony, Franklin camp, Jas. A. McDonald; two years.

Princess Louise, Summit camp, Alex McDonald.

Northern Boy, Wellington camp, G. W. Averill.

Anna, Wellington camp, A. L. Rogers.

Monarch fraction, Greenwood camp, John Mulligan.

Joker fraction, Greenwood camp, John Mulligan.

CROWN GRANTS.

Gumboot fraction, Summit camp, Sig. Dilsheimer.

CONVEYANCES.

Elgin $\frac{1}{2}$ and Aspen $\frac{1}{2}$, Franklin camp, James Wilcher to D. White-side.

Ajax, $\frac{1}{2}$, Franklin camp, B. M. Genin to J. M. Paulsen.

AGREEMENTS.

Huron, Franklin camp, T. J. McPhee, B. Lequime and Thos. Donan to A. D. McPhee.

Gold King, Oversight, Pay Ore and Valley View, Franklin camp, H. Watlin, W. R. Hull, F. R. Whitwell and Wm. Waterson to A. D. McPhee.

Superior, Franklin camp, Thos. Donan to A. D. McPhee.

Majestic and Michigan, Franklin camp, Thos. Donan to A. D. McPhee.

Last Chance and Cottage, Franklin camp, J. Jaskulek and Irwin B. Allen to A. D. McPhee.

The wholesale price of apples is steadily climbing upwards owing to a shortage of the crop, and fresh ranch eggs are scarce at any price. Good butter is also scarce, and the price is showing an upward tendency.

NEWS OF THE CITY

The case of Harrington vs. The Granby company, which came up before the supreme court at Nelson yesterday, was compromised by the defendant company paying the plaintiff \$1000 damages for the injury sustained by him, \$300 costs and all disbursements of the action.

A. B. W. Hodges, general superintendent of the Granby Consolidated, went to Nelson this week to attend the civil sittings of the supreme court, in which his company is defendant in two cases.

A social will be held at the home of Mrs. Tom McIntyre next Tuesday evening, under the auspices of Knox Presbyterian Church Sunday school, for the purpose of raising funds for a children's Christmas tree. Everybody is cordially invited to attend. A collection will be taken.

H. Graham, who had charge of the down-town C.P.R. express and telegraph office last summer, returned today from a two months' vacation trip to Montreal and other eastern cities. Mr. Graham has been transferred to Revelstoke, and Mr. McGowan will remain in charge of the city office here.

On Monday and Tuesday nights Prof. W. Parkes, known as the globe trotter, will exhibit his wonderful moving pictures. It will be remembered that on the last visit of Prof. Parkes the opera house would not accommodate the large audience. Since that time he has climbed Mount Rainier with his moving picture camera, and has also obtained moving pictures of the Igorrotes, the wild men of the Philippines, the human head hunters and dog eaters, Baldwin's great flying machine, and many others. Prof. Parkes is assisted by Col. F. Ward, and comes well recommended by the clergy and press of Canada and the United States. The work of Prof. Parkes is endorsed by Lord and Lady Minto and President Roosevelt.

The directors of the British Columbia Copper Co., Ltd., owning the Mother Lode group of mines and the smelter near Greenwood, have made definite announcement of the letting of contracts for the enlargement of the reduction works of the company. Three new blast furnaces, 48x240 inches hearth area, are to be installed.

George Varvisich, an Austrian employee of the British Columbia Copper company, was roasted to death by molten slag at the Greenwood smelter early Tuesday morning. He lingered eight hours after the accident.

A story is being told of a groceryman who started in business not far from Grand Forks and ordered a pair of San Jose scales. Is it any wonder that he failed?

Julius Ehrlich, manager for P. Burns & Co at Greenwood, accompanied by his wife and family, were guests at the Yale last Tuesday.

The poles for the West Kootenay Power & Light company's high ten-

sion line have now all been set with the exception of a short stretch between the smelter and Smelter lake.

The man who wants a good skate these sultry midwinterdays will either have to go to Phoenix or a bar-room.

CHURCH SERVICES

It is expected that Rev. Mr. Manthorn, the new pastor of Knox Presbyterian church, will arrive in the city from the east tomorrow, and that he will conduct services in the church next Sabbath.

Methodist Church—Services next Sabbath at usual hours. Morning subject "Coaling Stations;" evening, "Habits." Everybody welcome. E. Manuel, pastor.

Holiday Excursions

The Great Northern railway has announced a low round-trip excursion rate, first-class, from all Boundary points to Montreal and all eastern Canada points. Fare from Grand Forks to Montreal, \$77.60, with corresponding rates from all Boundary towns to all eastern points. Tickets will be on sale up to, and including, December 31st. For further information apply to H. Sheedy, Local Agent, Grand Forks, B. C.

Annual Review

The Nelson Daily News will issue its customary special edition on Dec. 31 devoted to a review of the mining and kindred industries of the province during the past year. The annual review has in the past been recognized as the most comprehensive and reliable record of the year's progress and development of the mining districts of the province published in any form. It is the intention of the Daily News to maintain the high standard of previous issues and, so far as possible, to improve and widen the scope of the review. Every phase of the mining industry is covered, and the story told is based upon authoritative statements issued to the Daily News by the mine and smelter managers of the province. Every year since its first issue the demand for this annual mining review has been in excess of supply owing to the fact that hundreds of orders for from half a dozen to one hundred copies have been received after the forms have gone to press. This year the Daily News hopes that all orders will be sent in before December 28. The review is issued at 10 cents a copy, and cash should accompany the order. The Daily News' annual mining review reaches practically every mine operator in the province, in addition to going to thousands of investors in these mines. Its advertising columns consequently afford an exceptionally valuable medium of publicity for manufacturers of mining machinery and supplies, real estate, financial and mining brokers, wholesale merchants, etc.

Women With Weakness

For all weakness from which girls and women suffer, no surer remedy exists than Dr. Hamilton's Pills. They maintain that bracing health every woman so earnestly desires; they uproot disease, and bring health that lasts till old age.

"No medicine could be more beneficial than Dr. Hamilton's Pills," writes Mrs. Mary E. Ayrton of Victoria. "I have been strengthened, my digestion is better, I have improved in color and feel considerably better since using Dr. Hamilton's Pills." Sold everywhere, 25c per box or five boxes for \$1.00.

FRATERNAL NEWS

Gateway Lodge No. 45, I.O.O.F., entertained the Rathbone Sisters at a social and dance in their hall last night. The program consisted of an address of welcome by the chairman, Noble Grand W. B. Bower; piano solo, Miss Currie; song, Mr. Atwood; solo, Arthur Napper; speech on the order, A. L. Clements; song, John Donaldson; violin solo, Miss Marjorie Kerman; recitation, Walter Hadden; quartette, Mrs. Atwood, Mrs. Folliek, Dr. Folliek and Mr. Rutherford; piano duet, Miss Jessie Spraggett and Miss Flossie Spraggett; piano solo, by request, Miss Margaret Eyre. Accompanist, Mrs. Miller. At the conclusion of the program supper was served, after which a dance, for which Mr. Chas. Brown furnished the music on the pianolo, was given.

Grand Forks Lodge No. 30, K. of P., gave a social to the wives and daughters of the members of the order in Oddfellows hall Tuesday evening. A pleasing program of songs and music was rendered, after which a luncheon was served. The entertainment wound up with a dance.

Forger Gets Six Months

A man giving his name as Alex McDougald, who has been in the city about a week, on Monday forged Dr. Kingston's name to a Royal bank cheque for \$40, made payable to himself, and attempted to get it cashed at the Squae saloon. As the proprietor was short of change, McDougald only got \$7 on it, leaving the cheque at the saloon over night. The next morning the cheque was taken to the Hunter Kendrick company's store, where it was cashed in full. The fact that it was bogus, however, was discovered shortly afterwards, and Chief of Police Sheads was notified. The chief, after a short hunt, located his man in a West end saloon, arresting him and recovering the full amount of the cheque. At the trial on Wednesday McDougald pleaded guilty to forgery, but worked the "sympathy racket" to such an extent that Judge Cochrane showed leniency by sentencing the accused to only six months imprisonment with hard labor in the Nelson jail. Chief of Police Sheads left for Nelson with the prisoner yesterday, Mr. Sheads returning today. While in Nelson the chief was informed by the jailer that the man's real name is McGregor, and that he is an old offender, having but recently been liberated from that institution after serving a years' sentence for a similar crime committed in Rossland.

The Elks have a reputation for doing things well, but last night's entertainment was away ahead of anything else they have ever done. The first part of the program was sustained by the Polmatier Sisters, a quintette of charming young ladies, of the highest musical talent, assisted by Mr. C. W. Hitchcock, whose dramatic recitals and impersonations were a thing to be remembered. The concert was given in the reading room of the club, which was tastefully decorated with Union Jacks, flowers and palms. The program was a musical treat in every number.—Winnipeg Free Press, Nov. 11th. At the Grand Forks opera house, Thursday evening Dec. 21st.

The SIMPLEX Loose Leaf Systems

There are very few business houses today which do not use some form of Loose Leaf System in one or more departments, as it is regarded as an absolute necessity by progressive business firms.

The advantages of the Loose Leaf System are now well known, and permit of adaptability to meet to best advantage changing conditions. It permits the greatest amount of information to be kept in condensed form, in the least time, and the most accurate manner.

Accounts and records of all kinds can be kept by this system in any business, large or small, with equal advantage.

Investigate the Simplex Loose Leaf System. It is the cheapest and best.

FRIDAY, DECEMBER 8, 1905

It is reported from Ottawa that Premier McBride and Finance Minister Tatlow had really no business to transact with the Dominion government, but they went east to see Montreal and Toronto railway magnates. It is said that they have been in consultation with Canadian Pacific and Grand Trunk Pacific presidents endeavoring to evolve a railway policy with which to meet the legislature, and possibly after the coming session appeal to the country.

The exhibit of British Columbia apples at Caxton Hall, says a London dispatch, last Tuesday, was the finest seen in England for years. The display covered a space 75 feet long by six feet wide. The agricultural society awarded the province its gold medal, and eight industrial exhibitors' medals of lesser value.

In Russia the strikes are paralyzing the country, but in British Columbia they are daily converting lucky prospectors into millionaires.

No more mayoralty candidates have announced themselves since our last.

Don't Squander Your Money

On worthless cures for catarrh. There's only one remedy that's successful—Catarrhzone—it cures when the doctor says your case is hopeless. No drugs to take, no atomizer to bother with, you simply inhale the fragrant vapor of this unfailing cure and get well quickly. Relief is instant, cure is guaranteed, so you run no risk with Catarrhzone. Don't experiment, don't put off, get Catarrhzone from your druggist today.

The Polmatier sisters, who appeared at Stone's Music Hall last evening, presented an unique entertainment, which included all the elements of a first-class musical entertainment, with a bright concert flavor. Their program consisted of soprano, cornet, and trombone solos, quintettes, vocal and instrumental trios, and were tendered in a style quite refreshing and picturesque garbed in costume. Mr. Chas. W. Hitchcock in his dramatic monologues is worthy of special mention, as his work is clean and up-to-date in every respect, and showed for itself by the numerous encores he received. It is hoped that the music-loving people of Fargo may have an opportunity to her this excellent company again in the near future, and it is safe to say that the "standing room only" sign will be very much in evidence.—Fargo (N. D.) Daily Call, Oct. 8th. At the Grand Forks opera house, Thursday, Dec. 21st.

Cold Settles In the Back

It hits people in a tender spot and makes it mighty hard to brace up. Nerviline takes that kink out of your spinal column in short order; it soothes, that's why relief comes so soon. Nerviline penetrates, that's why it cures. Five times stronger than ordinary remedies, Nerviline can't fail to cure lame back, lumbago, sciatica and neuralgia. Nerviline is instant death to all muscular pain. For nearly fifty years it has been the largest selling ointment in Canada. Better try it. Sold by all-dealers.

Boarders Wanted—A few me steady boarders can find first-class accommodations at Mrs. J. B. Henderson's, Winnipeg avenue.

Heavy teaming of all kinds done by J. W. Jones.

For a nice hair cut or shave go to the City Barber Shop on Bridge street. Baths 25c.

There are still a few cheery, well furnished rooms, with heating stoves, vacant at the Province hotel.

First class dressmaking. Late of Toronto. Over Hunter-Kendrick store. Terms moderate.

Read The Sun—The only twice-a-week paper in the Boundary. \$1.00 per year.

TOPICS OF THE TOWN

Plans of the proposed Club hotel were completed by Tom Farrell, architect, this week, and a drawing of the structure placed on exhibition in the Club window. The plans embrace adding two more stories to present building, making a very handsome block in the very centre of the city.

W. H. Itter & Co. are busily engaged in opening up their mammoth stock of holiday goods.

J. H. Hodson & Co. are increasing their window space in order to show their Christmas goods to better advantage.

Read The Sun—The paper that prints facts—\$1.00 per year.

Why That Weariness?

You're uneasy, restless, without appetite. Still worse, you are thin and fagged out. Work must be done, but where is the strength to come from?

Make your blood nutritious and you will have lots of strength. Your only hope is Ferrozone, an instant blood-maker, blood-purifier, blood-enricher. It brings keen appetite, digests food, and supplies nutrition for building up all the bodily tissues. Ferrozone makes muscle and nerve-fibre, increases your weight, instills a reserve of energy into the body that defies weariness or exhaustion from any cause. To have virility and healthy vigor use Ferrozone, which all dealers sell in 50c boxes.

The Dry Part.

Mr. Pepper—I don't believe there was a dry eye in the house when the curtain went down on the third act. Mrs. Pepper—No, but there seemed to be the usual number of dry throats.

A Russian Wedding.

Besides bridesmaids there are bridesmen, these latter being obliged to present the bridesmaids with sweetmeats. A personage follows the procession bearing an elegantly mounted picture of Christ in gold and silver, which is stationed against the altar. The bridesmaids do not all dress alike, and their number is unlimited. The bride's old nurse superintends the removal of the dowry from the bride's home to that of her future husband and is a most important member on the day of the wedding. A witness, a connection of the family, pays the priest's fees, and the number of assistants, each with a separate duty allotted him, is often great.

Giant Nettles.

The giants of the nettle family are, first, the Urtica stimulans and Urtica crenulata of the East Indies, species whose attack upon one's hand is sufficient to cause the arm to swell with a most frightful pain, which lasts for weeks. But even these are milk and water nettles by comparison with the Urtica urentissima, which grows in Timor, where it bears the significant title of Daoum setan, or devil's leaf. The effects of its sting last for a year and have often produced death.

The First Telegraph.

The first actual communication through an electrical circuit was made in 1787, when Lamond, a French philosopher, placed two electrical machines in different rooms in his house and connected them by wire. He agreed with his wife that the movements of little pith balls should be understood to mean certain letters and in this manner carried on regular conversation.

Not In His Line.

"What is this?" asked Mr. Near, stopping a moment at the novelty counter.

"This is a handy little arrangement for carrying your loose change," said the salesman, proceeding to show him a new style of coin holder.

"Loose change? I never have any," remarked Mr. Near, passing on.

No Cause For Worry.

Mrs. de Firm—I tremble to think of our daughter marrying that young man. Why, he orders his mother and sister about as if they were slaves. Mr. de Firm—Don't worry, my dear. He won't order our daughter about more than once. She takes after you.

A Frank Tribute.

"She is beautiful," said the studious girl, "but she is not accomplished."

"My dear," answered Miss Cayenne, "there is no accomplishment more difficult than being beautiful."—Washington Star.

The Lion Bottling Works have cut their price on all case and draught wines and liquors.

SUNBEAMS

There is no truth in the report that the baldheaded men scramble for front seats now—at church.

Only an expert shopper can visit several bargain stores in one afternoon and escape without spending a cent.

A peep into the future would probably be as unsatisfactory to most people as a backward glance at the past.

When a married woman elopes with another woman's husband it is hard to tell just who is entitled to sympathy.

A woman who is tidy and attractive and can cook a good meal has not much complaint to make of her husband.

When a woman goes shopping it takes all afternoon, and when she goes buying it takes her only a few minutes.

Nothing aggravates a woman more than to get a present that she can't find the price of, or guess pretty near it.

Our idea of an ingrate is a man who will refuse to laugh at the stories of another man who is paying for the dinner.

No matter how regularly a man goes to church, as soon as he gets baldheaded the ladies get suspicious of him.

Many a man's idea of real greatness is to drive through the streets and hear pedestrians exclaim "There he is!"

To a Kentucky colonel it must seem like an awful waste of good material to turn wheat and rye into breakfast foods.

You must not attempt to drown sorrow in drink, for you will only discover that sorrow is an expert swimmer.

A married woman's idea of a genuine hero is a man who hands his pay envelope over to his wife ever month unopened.

The Lion Bottling Works are selling Gooderham & Wort's Rye Whiskey, the best rye whiskey in Canada, for \$3.00 per gallon.

BICYCLES AND REPAIR WORK—A complete line of 1905 models. A few second-hand wheels cheap. Wheels to rent. **GEO. CHAPPLE,** opposite Postoffice, First street.

The Sun

PRINTS all the news of the Boundary, and prints it while it is news. It is the only twice-a-week paper published in Southern British Columbia. It is not owned or controlled by a clique of politicians, to further their own ambitious aims; nor by a combination of merchants to be used as a means of lauding their own wares, to the detriment of their rivals.

THE SUN is the sole property of its publisher, and no one else has any right to dictate its policy. It is printed in the interest of Grand Forks and surrounding district. When its editor believes he is right, he speaks right out. He does not have to consult half-a-dozen different parties about what he intends to say.

Everybody in Grand Forks reads THE SUN twice a week. Its out-of-town circulation is large, and is rapidly increasing. It is therefore the best advertising medium in the Boundary.

First Street Grand Forks, B. C.

Synopsis of Regulations Governing the Disposal of Dominion Lands within the Railway Belt in the Province of British Columbia.

A LICENSE to cut timber can be acquired only at public competition. A rental of \$5 per square mile is charged for all timber berths excepting those situated West of Yale, for which the rental is at the rate of 5 cents per acre per annum.

In addition to the rental, dues at the following rates are charged:—
Sawn lumber, 50 cents per thousand feet B.M.
Railway ties, eight and nine feet long, 1½ and 1½ cents each.
Shingle bolts, 25 cents a cord.
All other products, 5 per cent, on the sales.

A license is issued so soon as a berth is granted, but in unsurveyed territory no timber can be cut on a berth until the licensee has made a survey thereof.

Permits to cut timber are also granted at public competition, except in the case of actual settlers, who require the timber for their own use.

Settlers and others may also obtain permits to cut up to 100 cords of wood for sale without competition.

The dues payable under a permit are \$1.50 per thousand feet B.M., for square timber and sawlogs of any wood except oak; from ½ to 1½ cents per lineal foot for building logs; from 12½ to 25 cents per cord for wood; 1 cent for fence posts; 3 cents for railway ties; and 50 cents per cord on shingle bolts.

Leases for grazing purposes are issued for a term of twenty-one years at a rental of two cents an acre per annum.

Coal lands may be purchased at \$10 per acre for soft coal and \$20 for anthracite. Not more than 320 acres may be acquired by one individual or company.

Royalty at the rate of 10 cents per ton of 2,000 pounds is collected on the gross output.

Entries for land for agricultural purposes may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior at Ottawa, the Commissioner of Immigration at Winnipeg, or the local agent for the district within which the land is situated, receive authority for some one to make entry for him.

A fee of \$10 is charged for a homestead entry.

A settler who has received an entry for a homestead, is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land to each year during the term of three years.

It is the practice of the Department to require a settler to bring 15 acres under cultivation, but if he prefers he may substitute stock; and 20 head of cattle, to be actually his own property, with buildings for their accommodation, will be accepted instead of the cultivation.

(2) If father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of the Act, resides upon a farm in the vicinity of the land entered for by such persons as a homestead, the requirements of the Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of the Act as to residence may be satisfied by residence upon the said land.

Application for a patent should be made at the end of three years before the local agent, sub-agent or a homestead inspector.

Before making an application for a patent, the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

W. W. CORY,
Deputy of the Minister of the Interior.
Ottawa, February 4th, 1905.

COPPER

The new edition of the COPPER BOOK lists and describes 3311 copper mines and copper mining properties, in all parts of the world, covering the globe, these descriptions ranging from two lines to 12 pages in length, according to importance of the mines. The descriptions are not padded, but give facts in the most concise form. There are also fifteen miscellaneous chapters, devoted to the History, Uses, Terminology, Geography, Geology, Chemistry, Mineralogy, Metallurgy, Finances and Statistics of Copper, rendering the volume a veritable encyclopedia of the subject of copper and everything pertaining to the metal. It is the world's standard Reference Book on Copper.

Every Miner, Prospector, Investor, Banker and Broker needs the book. Price is \$5 in Buckram binding with gilt top, or \$7.50 in full library morocco, and the book, in either binding, will be sent on approval, to any address in the world, to be paid for if found satisfactory, or may be returned within a week of receipt and the charge cancelled. Address the Author and Publisher.

Our job department is superior to any other in the Boundary country. We have both the material and the experience to turn out high class work.

Neighbors Worth Having.

Celia—Did you go to the theater, Della? Della—Yes, indeed. The Jones got sick and gave us their tickets, and Mrs. Brown lent me her new hat.

The average coffee tree in Honduras produces half a pound of beans.

The Old Fashioned Camp Meeting.
In simple faith their voices rang
Throughout the little clearing;
The good old fashioned hymns they sang
In tones sublime and cheering;
The wanderer whose friends were few
Found warm and hearty greeting;
The young and old looked forward to
The pioneer camp meeting.

Their temple was the stately grove;
Its branches timed their singing,
And home the simple truths they drove
In language clear and ringing.
The speakers held up those to view
That were with sin consorting
And frowned upon the young folks who
Spent precious hours in courting.

And when the speaker's force was spent
The saint and humble sinner
Together in the ample tent
Discussed the wondrous dinner.
And all too soon the end drew near;
The days on wings were fleeting;
It was the bright spot of the year—
The pioneer camp meeting.
