

ROAD TO FRANKLIN

Provincial Government Will Construct the Unfinished Portion This Fall

Successful Test of Furnaces at the Granby Reduction Works

A telegram received today by A. D. McPhee from Geo. A. McLeod, manager of the McKinley mine, who is now in Victoria, states that the government has decided to complete the Franklin camp wagon road this fall. This means that the north fork properties will be able to get in supplies and machinery more cheaply, and that a mining boom is in sight for the camps up the river.

A number of satisfactory tests have been made with one of the new furnaces at the Granby smelter this week. As soon as the charge car has been properly adjusted it will be placed in commission. No. 1 furnace has been allowed to go cold on account of lack of power.

Boyles Brothers have moved one of their diamond drills from the 400 foot level of the Old Ironsides mine, and are now putting down holes from a point near the north-east corner of Old Ironsides avenue and Second street, Phoenix, thereby crosscutting some of the bores made from the lower levels of the Granby mines.

A small force of men is working on the Brooklyn and Rawhide in Phoenix camp. This week ore is reported to have been struck in the raise being made from the long drift on the 350 foot level of the Brooklyn the work now being in Idaho ground. The raise will come to the surface.

Fred Whitwell states that he has arranged to install a boiler and pump at his Maori group in Providenc camp, and will shortly resume development work on the property. The shaft on the Maori is now down about 65 feet, with a most encouraging showing of ore.

Reports from Dividend mountain near Osoyoos, where the Granby company is working some properties under bond, are to the effect that some good ore has been struck in one of the new tunnels that are being driven.

The latest assay from a rich pay-streak on the Rambler, up the West Fork, gave 342 ounces of silver to the ton, or \$825.50.

On Tuesday, October 3rd, the fifth annual meeting of the Granby Consolidated will be held at the company's New York office.

An ore body ten feet wide has been reached in the new workings in the Emma mine, Summit camp.

Manager Frederick Keffer, of the British Columbia Copper Co., has returned from a trip to the company's headquarters in New York. His brother, John C. Keffer, whose

home is in Cleveland, Ohio, came west with Mr. Keffer for a visit. Mrs. Keffer and son Robert, the editor of the Anaconda News, met the party in Spokane, the last two going on to Portland to visit the fair.

Seeing the West

M. J. Haney, one of the leading engineers of the Dominion; J. C. Walsh, the brilliant editor of the Montreal Herald, and Cawthra Mulock, one of Canada's wealthiest and most ambitious young men, passed through the city today over the C. P. R. in their private car Olivette. M. J. Haney has been identified for thirty years with great engineering enterprises, chiefly in connection with railways. First on the Intercolonial, then on the C. P. R. between Fort William and Winnipeg, and later on the Onderdonk construction in the Cascades. He was the first superintendent of the C. P. R. before incorporation. In this district he is best known as the builder of the Crow's Nest Pass railroad, where during 1897 and 1898 the talisman that moved freight and laid steel was the large placard bearing the magic words, "Rush Haney." Since then he has been engaged in large enterprises in P. E. I. and has established the first locomotive works in Canada. M. J. Haney is a man of great capacity, who has done great work, and who yet has a great future before him.

J. C. Walsh is a great man, on the sunny side of thirty, who edits the best Liberal daily in Canada, and has made economics and trade conditions a specialty. When he speaks the capital of Montreal and Toronto listen. He is a free trader under going a process of conversion through assimilation, and has almost reached the stage when he regards some measure of protection justifiable—at any rate for "infant industries." At present, his sun rises and sets east of the Rockies, but he is young and will leave British Columbia wiser than he entered it.

Mr. Cawthra Mulock is a young man of wealth who is sincerely desirous of doing his duty and contributing his share to the upbuilding of Canada. His ambition, his intelligence, his urbanity and his zeal will carry him far. He is getting his Western baptism.

CHURCH SERVICES

Knox Presbyterian Church, Rev. J. R. Robertson, Pastor.—At the morning service the annual Sunday School Rally and Children's Day exercise will be observed. The children of the congregation are all specially invited to be present. The children's offering will be devoted to special missionary purposes. The usual evening service at 7:30.

Methodist Church—Services on Sunday at 11 a.m. and 7:30 p.m. Morning subject, "The Light Burden." Evening theme, "Hereditry and Religion." Everybody welcome. E. Manuel, pastor.

Tracklaying is going on slowly on the Curlew-Midway extension of the Great Northern, the steel, which comes from the main line near Wenatchee, being slow to arrive.

George C. Rose, customs officer at Laurier, has gone on a trip to the Portland fair. Angus Cameron will look after the duties of the office in Mr. Rose's absence.

NEWS OF THE CITY

Kettle Valley Fruit Capture Numerous Prizes at Nelson

A Big Grizzly Bear Makes a Meal Off Mr. Burrell's Grapes

Martin Burrell left for Nelson last Wednesday to superintend his fruit exhibit at the fair. It is reported that he has been awarded eight first, five second and three third prizes.

A bear got into M. Burrell's orchard one night this week and devoured all the grapes on the place. The next day a party of dead-shot hunters from this city started in pursuit of the bear, but bruin evidently knew when he had had enough grapes.

E. A. Rainey has contracted the fruit-raising fever, and has announced his intention of planting an orchard. The scheme will be a severe test of his honesty. If can summon enough courage to condemn his own fruit, he will be a promising candidate for wings.

Patrick Welch, the Great Northern railway contractor, came down from Midway with the tariff commissioners Wednesday evening. In his conversation with Hon. W. S. Fielding, he exploded the theory that there is competition between the Canadian and American powder manufacturers.

Mrs. J. A. Buckley this week received a telegram from Wadena, Minn., stating that a daughter of hers had died in that city last Sunday. Earlier in the week Mrs. Buckley was advised of her daughter's critical illness, and she and Mrs. Geo. Chapple had intended to leave for Minnesota next Sunday, but they have now decided that the trip will be unnecessary.

A special meeting of the Presbytery of Kootenay will be held in Knox church on Tuesday evening, Sept. 26, at 8 o'clock, to consider the call from Knox church, Revelstoke, to Rev. J. R. Robertson. The congregation is invited to be present.

G. M. Frupp, manager of the British American Trust company, and bride, nee Miss Wood, of Payette, Ida., returned to the city on Wednesday from their wedding tour. They will take up their residence in the house recently vacated by R. R. Gilpin, on Winnipeg avenue.

City Solicitor Miller left for Victoria last Wednesday. It is reported that he was called to the coast in connection with the muddle created by the Boundary creek license commissioners.

C. F. Packard, an old-timer of Grand Forks, arrived in the city last night from Hedley. He left this morning for Spokane, where he will meet his family, who are returning from a trip to Seattle.

Robert Crabb Carson, of Phoenix, an employee of the Hunter-Kendrick Co., Ltd., and Miss Laura Jane Macduff, both formerly of Brookfield, P.

E. I., were married at Nelson last week by Rev. T. J. Ferguson. The happy couple arrived in Phoenix Wednesday, and have taken up house keeping in Mr. Carson's residence on Old Ironsides avenue.

Hopes are entertained that the waterworks extension will be completed before the end of the year, but no date has yet been set for turning Lind creek water into the pipes. The system was to have been completed by the first of August, but as usual in all great undertakings some of the minor details were omitted.—Greenwood Times.

Prevention is better than cure. Save your eyesight by consulting Dr. Mecklenburg, the celebrated oculist and optician, who will be at White's jewelry store, Grand Forks, October 18-20.

Mrs. M. Burrell left for the Nelson Fair yesterday.

The Nelson fair is proving a bigger success this year than any previous year.

Jud Sears brought in a load of 100 boxes of peaches from the American Okanagan last Wednesday.

Midway's new provincial constable is C. W. Young, formerly of Nelson.

The Royer stage line now makes the trip to Hedley via Fairview.

The Boundary Creek licensing board, which should have met Tuesday evening, was again adjourned until the 26th inst. The object of this meeting is to consider the application of B. Lequime for a license at Midway, to which there is strong opposition.

George Taylor, who has a contract on the Bonnington Falls power line, arrived in the city Tuesday. He says that the poles are all erected for 14 miles on each side of Rossland. The work is being rushed with all possible dispatch, with a view to supplying power in the Boundary district early in February.

E. Spraggett, provincial road supervisor, has completed building the bridge at the power house at Cascade.

The half-yearly meeting of Presbytery of Kootenay was held at Greenwood on Tuesday and Wednesday of last week. Among those present were the following: Rev. Fortune, Cranbrook, moderator; Rev. Dunn, Trail, recording secretary; Rev. Grant, Rossland; Rev. Brown, Sandon; Revs. Robertson and Ross, Grand Forks; Rev. McKee, Greenwood; Rev. Farrar, Kaslo; Isaac Crawford and Peter McCurrach, Phoenix. Tuesday evening a long discussion took place relative to supplying a minister for St. Andrews church, Phoenix, and it was finally decided to send an ordained missionary to this charge. A man who is said to be particularly adapted to the west is being approached on the subject.

The citizens of Greenwood have subscribed \$500 toward's an ambulance, the city council agreeing to make up the balance.

SAW THE VALLEY

Cabinet Ministers Watch the Production of 98 p.c. Pure Blister Copper

Then Take a Drive Out to Covert's Far-Famed Fruit Ranch

A party of distinguished politicians and statesmen composed of Hon. W. S. Fielding, minister of finance; Hon. Louis Philippe Brodeur, minister of inland revenue; Senator Templeman, of Victoria; and Duncan Ross, of Greenwood, arrived in the city last Wednesday at about 8 o'clock by special train over the Great Northern from Phoenix. They were met by the Mayor and a party of leading citizens, who escorted them in carriage to the Yale hotel, where an informal reception, lasting a couple of hours, was held that evening.

On Thursday morning the visitors were driven to the Granby smelter, and Superintendent Hodges spared no pains showing them the different processes of the big reduction plant. After luncheon the party was taken on a carriage drive out to Covert's fruit ranch. Mayor Hammar, Geo. Clark, C. H. Hanington, Al. Traunweiser and other prominent citizens acting as escorts. They were highly pleased with what they saw during their brief drive. Mr. Fielding remarked that the highest compliment that could be paid British Columbia as a fruit growing country was that Mr. Burrell, after leaving the best fruit district in Ontario, had decided to locate here. No session of the tariff commissioners, of which Mr. Fielding is a member, was held here, as the grievances of this section had been presented at the Nelson and Greenwood meetings.

The commissioners left on the regular C. P. R. passenger Thursday evening for Arrowhead. From that place they will proceed to Banff, thence through the Okanagan and Similkameen districts to the coast.

An Elaborate Production.

Mr. Harold Nelson the eminent Canadian actor, who, under the direction of Mr. C. P. Walker has given Western Canada the most complete dramatic productions possible, will be seen here again Saturday, Sept. 23, in Mr. Otis Skinner's great play, Prince Otto, a dramatization of Robert Louis Stevenson's novel. This play is one of the recent metropolitan successes, and will be presented with the same careful attention to detail that marked its New York management. Mr. Nelson will have in Prince Otto a role peculiarly suited to his temperament and one in which his finished art should show to great advantage.

Mr. Walker has furnished his star with a production complete in every way, the scenery being new and elaborate. The costumes have been designed with considerable care, and should add largely to the beauty of the performance. In selecting his company Mr. Nelson has taken great pains to get only capable actors, and has re-engaged Mr. Clifford Lane Bruce, the talented and popular young leading man.

THE EVENING SUN,
PHONE B74. GRAND FORKS, B. C.

FRIDAY, SEPTEMBER 22, 1905

The ranchers at Carson and south-east of the city are indignant at the intolerable delay of the provincial government in constructing the Carson and First street bridges. For the former structure an appropriation of \$5000, available on the 1st of July, was made last winter, and the latter was condemned by the government officials about two months ago. In the case of the First street bridge, there is now no other way for the ranchers south of here to reach the city except to take a five-mile round-about route or ford the river, and as soon as the fall rains set in the latter method will be cut off. Farmers living a mile from here will then have to make a ten-mile trip to reach the city. It is to be hoped that the government authorities will get the Boundary creek license commission tangled straightened out before long, so that they can turn their attention to the absolute needs of the country.

The Greenwood Times remarks: "If Grand Forks is considered the most suitable location, the new Dominion Copper company's smelter will be built there whether a bonus is offered or not." It is quite apparent that our neighbor is afraid of that bonus by-law.

Lowery's Claim has been relocated, and will hereafter be published monthly in Nelson at \$1 per year. The October number has just reached this office. It better than the Claim that fell asleep twenty-three months ago.

The Pioneer thinks that Phoenix may get the Dominion Copper company's new smelter. May is a very indefinite word. But that is about as close as Phoenix will ever come to getting the smelter.

THE MINING RECORDS

Following are the locations, certificates of work, bills of sale, etc., recorded in the Government office at Grand Forks, B. C., of the Grand Forks mining division, from Sept. 8 to 51, inclusive:

RECORD OF LOCATIONS.

Thunder Hill fraction, headwaters of North Fork of Kettle river, Frank Fritz, Adam Scacia and Geo. A. McLeod; Spelter King, McKinley camp, relocation of Combination, John Donaldson; Blue Belle, Gloucester camp, N. D. McIntosh; Sunset, Gloucester camp, relocation of Last Chance, A. D. McPhee; Wonderful Gloucester camp, Wm. Minion; Arcade fraction, Franklin camp, A. D. McPhee and A. J. Stewart; Alert, Gloucester camp, Forbes M. Kerby; Allan fraction, Franklin camp, Ida Kerby; Alto fraction, Franklin camp, Forbes M. Kerby; Anchor fraction, Franklin camp, Forbes M. Kerby; Antelope fraction, Franklin camp, Ida Kerby; Argus fraction, Franklin camp, Harold J. Birnie; Atlanta fraction, Franklin camp, Forbes M. Kerby; Grande fraction, Franklin camp, Frank McFarlane.

CERTIFICATES OF WORK.

Blue Boy, Knight's camp, Ernest Knight; Fairview and Coppe Monarch, Knight's camp, Knight et al.;

Diamond Drill, Worcester camp, Wm. Minion; Silver King, Gloucester camp, Hill and Minion; Ida, Gloucester camp, Newby et al.; Miners' Home, Pass Creek camp, D. R. McElmon; Lucky Jack, Franklin camp, Henry Watlin; White Bear, Franklin camp, Watlin et al.

CONVEYANCES, AGREEMENTS, ETC.

Eclipse, 1-5, Franklin camp, Thos. J. McPhee to Geo. A. McLeod; Eclipse, 1-5, Franklin camp, Thos. J. McPhee to B. Lauder; Tiger and Wren, all, Summit camp, J. F. Brown to Joseph Buron.

Pat Mitchell left this week for Coleman, Alta., where he will spend a couple of weeks.

Ten dollars is offered by Dr. Mecklenburg, the expert eye specialist, to any person that he fails to adopt the correct glasses for after all others have failed; satisfaction guaranteed. He will be at White's jewelry store, Grand Forks, from Wednesday to Friday, October 18-20. Hearing appliances and artificial eyes fitted.

Synopsis of Regulations Governing the Disposal of Dominion Lands within the Railway Belt in the Province of British Columbia.

A LICENSE to cut timber can be acquired only at public competition. A rental of \$5 per square mile is charged for all timber berths excepting those situated West of Yale, for which the rental is at the rate of 5 cents per acre per annum.

In addition to the rental, dues at the following rates are charged:—
Sawn lumber, 50 cents per thousand feet B.M.

Railway ties, eight and nine feet long, 1 1/2 and 1 3/4 cents each.

Shingle bolts, 25 cents a cord.

All other products, 5 per cent, on the sales.

A license is issued so soon as a berth is granted, but in unsurveyed territory no timber can be cut on a berth until the licensee has made a survey thereof.

Permits to cut timber are also granted at public competition, except in the case of actual settlers, who require the timber for their own use.

Settlers and others may also obtain permits to cut up to 100 cords of wood for sale without competition.

The dues payable under a permit are \$1.50 per thousand feet B.M., for square timber and sawlogs of any wood except oak; from 1/2 to 1 1/2 cents per lineal foot for building logs; from 12 1/2 to 25 cents per cord for wood; 1 cent for fence posts; 5 cents for railway ties; and 50 cents per cord on shingle bolts.

Leases for grazing purposes are issued for a term of twenty-one years at a rental of two cents an acre per annum.

Coal lands may be purchased at \$10 per acre for soft coal and \$20 for anthracite. Not more than 320 acres may be acquired by one individual or company.

Royalty at the rate of 10 cents per ton of 2,000 pounds is collected on the gross output.

Entries for land for agricultural purposes may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior at Ottawa, the Commissioner of Immigration at Winnipeg, or the local agent for the district within which the land is situated, receive authority for some one to make entry for him.

A fee of \$10 is charged for a homestead entry.

A settler who has received an entry for a homestead, is required to perform the conditions connected therewith under one of the following plans:—

(1) At least six months' residence upon and cultivation of the land to each year during the term of three years.

It is the practice of the Department to require a settler to bring 15 acres under cultivation, but if he prefers he may substitute stock; and 20 head of cattle, to be actually his own property, with buildings for their accommodation, will be accepted instead of the cultivation.

(2) If father (or mother, if the father is deceased) of any person who is to make a homestead entry under the provisions of the Act, resides upon a farm in the vicinity of the land entered for by such persons as a homestead, the requirements of the Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of the Act as to residence may be satisfied by residence upon the said land.

Application for a patent should be made at the end of three years before the local agent, sub-agent or a homestead inspector.

Before making an application for a patent, the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

ist W. W. CORY,
Deputy of the Min., or of the Interior.
Ottawa, February 4th 1905

Throw Medicines to the Dogs!

At best they are unpleasant, often useless. You have some disease of the nose, throat or lungs. Doctors would call it bronchitis, asthma or catarrh. The common root of these diseases is germ or microbic irritation. Catarrh—zone not only destroys disease germs—it does more, it heals diseased and inflamed tissue. The disease is not only cured, but its return is forever prevented by using Catarrhzone, which is splendid also for colds, coughs and irritable throat. Remember you inhale Catarrhzone—nature's own cure. Use no other but Catarrhzone—it's the best catarrh cure made.

It takes modern material to do up-to-date work. The Sun job department is kept strictly up-to-date.

Strained Back and Side

"While working in a sawmill," writes C. E. Kenney from Ottawa, "I strained my back and side so severely I had to go to bed. Every movement caused me torture. I tried different oils and liniments, but wasn't helped till I used Nerviline. Even the first application gave considerable relief. In three days I was again at work. Other men in the mill use Nerviline with tremendous benefit too." An honest record of nearly fifty years has established the value of Polson's Nerviline.

Our job department is superior to any other in the Boundary country. We have both the material and the experience to turn out high class work.

SUNBEAMS

All donkeys haven't long ears; some wear silk hats.

It is easier to think about getting up early than it is to really do it.

When it comes to jealousy and crowing many a man can discount a rooster.

Many a man's good reputation depends on what is not found out about him.

No sensible man is willing to swear to everything he said during courtship.

Nearly every man thinks that he is the best friend some other man ever had.

Many handsome women are in reality not as handsome as they are painted.

The ideal wife and the ideal husband are two of a kind that never make a pair.

Nature's ultimatum to woman is tough—she must either marry or be an old maid.

When a boy's trousers are baggy at the knees, it is from praying or shooting craps.

To say, "you are a diplomat," is a polite way of telling a man that he is a good liar.

Uncle Sam, like a good papa, is still walking the floor with his foreign possessions.

A business man who is always complaining of hard times is a poor advertisement for his city.

Only 55 per cent of the bond girls marry, while 79 per cent of their brunette sister engage in matrimony.

Pierpont Morgan passes his Sunday evenings in singing hymns. Doubtless the mornings are spent in scheming how to rob the other fellow.

A modest young lady, who desired to make a purchase at a dry goods store, addressed the young man behind the counter thus: It is my desire to obtain a pair of circular elastic appendages, capable of being contracted or expanded by means of oscillating burnished steel appliances that sparkle like particles of gold-leaf set with Alaska diamonds, and which are utilized for retaining in proper position the habiliments of the lower extremities, which innate delicacy forbids me to mention. After scratching his head for a few minutes, the bewildered clerk asked her if a pair of garters would answer the same purpose.

Dr. Mecklenburg, eye specialist, of Winnipeg, will be at White's jewelry store, Grand Forks, from 13 o'clock Wednesday to 13 o'clock Friday, October 18-20. Eyes examined, tested and fitted with glasses. Squint, cross eyes, short sight, far sight, irregular sight, etc., scientifically tested. No guess work, no dangerous and costly mistakes. Safe, reliable, and satisfaction guaranteed.

Purgatives Are Dangerous

They gripe, cause burning pains and make the constipated condition even worse. Physicians say the ideal laxative is Dr. Hamilton's Pills of Mandrake and Butternut; they are exceedingly mild, composed only of health-giving vegetable extracts. Dr. Hamilton's Pills restore regular movement of the bowels, strengthen the stomach and purify the blood. For constipation, sick headache, biliousness and disordered digestion no medicine on earth makes such remarkable cures as Dr. Hamilton's Pills. Try a 25c box yourself.

COPPER

The new edition of the COPPER BOOK lists and describes 3311 copper mines and copper mining properties, in all parts of the world, covering the globe, these descriptions ranging from two lines to 12 pages in length, according to importance of the mines. The descriptions are not padded, but give facts in the most concise form. There are also fifteen miscellaneous chapters, devoted to the History, Uses, Terminology, Geography, Geology, Chemistry, Mineralogy, Metallurgy, Finances and Statistics of Copper, rendering the volume a veritable encyclopedia of the subject of copper and everything pertaining to the metal. It is the world's standard Reference Book on Copper.

Every Miner, Prospector, Investor, Banker and Broker needs the book. Price is \$5 in Buckram binding with gilt top, or \$7.50 in full library morocco, and the book, in either binding, will be sent, on approval, to any address in the world, to be paid for if found satisfactory, or may be returned within a week of receipt and the charge cancelled. Address the Author and Publisher.

JOIN THE CANADIAN PREFERENCE LEAGUE

100,000 MEMBERS WANTED

THE object of the League is to educate Canadians how best to apply the Canadian Preference sentiment. Members of the League are expected, when making purchases, to give preference to the products of Canada and to all articles of Canadian manufacture, when the quality is equal and the cost not in excess of that of similar foreign products or manufactured articles. Each member is also expected to give preference to Canadian labor and to this country's educational and financial institutions. A monthly journal will be published in the interests of the League and mailed to each member. The annual membership fee and subscription for the journal is \$1.00.

CUT THIS OUT, SIGN, AND SEND TO THE SECRETARY, THE CANADIAN PREFERENCE LEAGUE, Room 20, Home Life Building, Toronto. Please enroll my name as a member of the Canadian Preference League. Enclosed is \$1.00, my membership fee and subscription for one year to "CANADA FIRST," the journal of The Canadian Preference League.

You Are Ailing

Not quite sick, but robbed of ambition to work—find it hard to think clearly. Not ill enough to think of dying, but bad enough for life to be pretty dull. There is a remedy—Ferrozone—that quickly lifts that half-lead feeling. Gracious, but Ferrozone makes you feel good; it sharpens the dulled appetite, makes it keen as a razor.

Blood? Ferrozone makes lots of it, the rich nourishing kind that vitalizes the whole body. You'll be wonderfully quickened, immensely strengthened, feel hearty and vigorous after using Ferrozone. Buoyant health, surplus vigor and reserve energy all come from this great restorative. Fifty cents buys a box of fifty tablets at all dealers.

BICYCLES AND REPAIR WORK—A complete line of 1905 models. A few second-hand wheels cheap. Wheels to rent. GEO. CHAPPLE, opposite Postoffice, First street.

You're next at the Palace Barber Shop, Victoria hotel.

For a nice hair cut or shave go to the City Barber Shop on Riverside. Baths 25c.

The Sun

PRINTS all the news of the Boundary, and prints it while it is news. It is the only twice-a-week paper published in Southern British Columbia. It is not owned or controlled by a clique of politicians, to further their own ambitious aims; nor by a combination of merchants to be used as a means of lauding their own wares, to the detriment of their rivals.

THE SUN is the sole property of its publisher, and no one else has any right to dictate its policy. It is printed in the interest of Grand Forks and surrounding district. When its editor believes he is right, he speaks right out. He does not have to consult half-a-dozen different parties about what he intends to say.

Everybody in Grand Forks reads THE SUN twice a week. Its out-of-town circulation is large, and is rapidly increasing. It is therefore the best advertising medium in the Boundary.

\$2 Per Year

When

You consider that a poorly printed job costs just as much as one that presents a neat and tasty appearance, do you not think that your business demands the latter kind?

Good Printing—the kind we do—is in itself an advertisement, and a trial order will convince you that our stock and workmanship are of the best. Let us estimate on your order. We guarantee satisfaction.

Columbian College

FOUNDED 1892
INCORPORATED 1893
NEW WESTMINSTER, B. C.

Provides a Home for Students of both sexes at reasonable rates. Has a Preparatory Class for Junior Students doing Public School work. Is doing High School work, confers all High School privileges, and prepares for Teachers' Examinations. Teaches all branches of a thorough Practical Business Course, and grants Diplomas. Gives a Liberal Education in its own Collegiate Course, and in the Ladies' College Course for the degrees of M.E.L. and M.L.A. In University work, the Arts Course can now be taken in Columbian College, and the B.A. degree obtained from Toronto University, with which the College is in full affiliation. In Theology prepares for the degree of S.T.L. and B.D.

For fuller information, and terms, write, Rev. W. J. Sippell, B.A., B.D., or Rev. J. Bowell, Bursar.
