Vol. II. (Columbia Postoffice) Grand Forks, B. C., Friday, June 5, 1903 No. 62

THE COPPER KINGS

Express Surprise at the Immense Ore Bodies in Granby Mines.

The party of Granby officials and their guests returned from Phoenix Wednesday afternoon, and their private car Lucania was transferred to the Great Northern tracks and they left for Butte, Mont., yesterday morning. Mr. S. H. C. Miner will accompany the party to this point, and then return to this city for a three weeks' stay. The personnel of the party is as follows:

John Stanton, of New York, the father of the copper mining industry in America, having mined the brown metal in North Carolina and Tennessee before the civil war, is the greatest copper magnate on this continent. He is president of the Wolverine, Atlantic, Mohawk, Baltic, Winona and Michigan Copper companies, operating mines in the Lake Superior district, and is secretary of the Copper Producers' association. He is over 74 years of age, and is universally known as "Honest John." His statistics respecting the copper industry in America are frequently quoted by the United States government.

George Murtin Luther is the general manager of the Nichols Chemical company, New York, refiners of precious metals. This company refines about one-third of the copper output of the world.

W. A. Paine, senior member of the banking firm of Paine, Webber & Co., of Boston, is president of the Copper Range Consolidated company, Copper Range Railway company and the Champion Mining company, of North Michigan. He is one of the largest copper operators in the United States.

J. B. Francis Herreschoff is the consulting engineer of the Nichols Chemical company. At Phoenix he surprised his hearers by characterizing the Granby mines as a magnificent, monotonous mass of homeogenous ore.

Clement S. Houghton, of Boston, is an American director of the Granby company.

A. L. White, of New York, is also an American directors of the Granby company.

The visitors were accompanied on their trip to Phoenix by S. H. C. Miner, president of the Granby company; Jay P. Graves, general manager; A. C. Flumerfelt, assistant to the president; H. N. Galer, assistant general manager, and A. B. W. Hodges, superintendent.

At Phoenix the party spent a day inspecting the Granby mines.

Mr. Stanton expressed surprise at the immense ore quarries. It was the largest sulphide ore deposit he had ever examined. The trees over his grave would have attained full growth before the Granby company would have any expensive mining problems to solve.

SUNSET SAUNTERINGS

D. D. Cairnes, an old timer of this city, returned today from the Similkameen country, where has been engaged for some time in doing surveying and assessment work on his claim, the D. C., situate in Aspen Grove camp. Mr. Cairnes reports that he uncovered an immense showing of hematite, carrying gold and copper. The ore body is about 75 feet wide and 800 feet long. Assay returns from the government office give 60 per cent hematite, $7 gold and copper. Mr. Cairnes made the trip from Princeton in three days, which is remarkably quick time, considering that he actually had to swim several streams. He reports that times are good in Hedley City.

A general meeting of the Grand Forks Driving Park and Athletic association was held last Friday evening, when it was decided to hold a race meet in this city on the 1st and 2d of July provided the city council made an appropriation of $500. As this sum was granted at Monday night's meeting of the council, the work of arranging the program is being prosecuted with as much speed as possible. The executive of the association met at the Yale Wednesday evening and appointed the various committees.

Rev. J. F. Betts will conduct services at the Methodist next Senday. For his morning sermon his subject will be "Christ Our Passover;" evening, "Tempest." At the close of the morning service the Saeram ent of the Lord's Supper will be observed.

John Moran, Greenwood; H. L. Johnston, Greenwood; A. E. Austin, Vancouver; W. Gault, Trail; Casey Noland, Spokane; C. P. Egan, Vancouver; E. B. Kirby, Rossland; C. H. Spencer, Granby, Que., were recent arrivals at the Yale.

The first ice cream social of the season will be given by the ladies of the Methodist church on the church grounds next Wednesday evening at 8 o'clock.

P. S. Hughes, who was foreman for Pat Welch, the railway contractor, last year, is in the city.

Thomas B. Hardy, of Greenwood, was at the Winnipeg yesterday, on his way home from Spokane. Mr. Hardy is spoken of as the probable Liberal candidate for the Greenwood riding in the approaching provincial election.

P. Meyerhoff, Midway; N. H. Lamont, Greenwood; P. S. Hughes, Spokane; C. E. Rourke, Rossland; D. A. Bannerman, Greenwood; T. B. Hardy, Phoenix, were recent arrivals at the Winnipeg.

T. H. Ingram is expected to return from the Arrowhead district tomorrow.

J. F. Royer's Grand Forks-Phoenix-Greenwood stage line is doing a good business. Last night he sent out a $17 load.

A barn dance will be given on Friday evening, the 12th inst., by Geo. W. Floyd to his customers and their friends. Grand march at 8 o'clock sharp. First-class music has been engaged, and a good time is assured those who attend.

Joe Wiseman and his gang of North Fork road makers returned to the city Wednesday, the high water making further prosecution of the work at present impossible.

Frank Fritz started for his claims at Thunder Hill last week, but was forced to return Wednesday on account of the high water up the North Fork.

POUNDMASTER'S NOTICE.

NOTICE is hereby give that I have impounded one brown horse, weight about 1200; branded 2T; four white feet. Also one bright bay colt, 2 to 3 years of age; no brand. Unless redeemed, the above animals will be sold at public auction, at P. T. McCallum's residence, on Saturday, June 6th, at 12 o'clock noon.

DAVE WOODHEAD,
Poundmaster.

GRAND FORKS PUBLIC SCHOOL

REPORT FOR MAY, 1903.

Number of days school was in session	20
Total actual attendance, days	3657½
Average actual attendance	190·10
Pupils actually attending during month	220
Greatest number present at one session	202
Least number present at one session	141
Tardiness of pupils	122
Visits to school by parents or others	0
Percentage attendance	86·41

The following named pupils were neither late nor absent during the month of May:

Edna Curran	Nola Knight
Ethel Curran	Alice Lequime
Jessie Stuart	Beverly Powell
Ethel Davey	Aury McIlvaine
Helen Spier	Gaston Lequime
Edna Butters	Mona Henderson
Mary Collins	William Cleary
Fulton Chapple	Ruth Burns
Agnes Feeney	Bertie Bowell
Ruth Floyd	Carleton Clement
Ida Hartinger	Mary Croston
Vaughn Floyd	Harold Henderson
Katie Hoffman	Pearl Forrester
Irene Haverty	Harry Miller
Louise Johnson	Norman Manly
Roy McDaniel	Clara McDonald
Helen McEwen	Linda MacRae
Charley Powell	Edna Murphy
Cecil Sears	Arthur Pound
Wilfred Emard	Donald Sloper
Meldred Parker	Edna Stuart
William Hay	Marion Smith
Maurice Hay	Gladys Traun-
Bert Donnan	weiser
Lionel Parker	Maude Wooster
William Cook	Edward Murphy
Claude Brinkman	Clinton Atwood
Harold Spinks	Shirley Clement
Stella Donnan	Della Donnan
Alexandra McEwen	

W. H. M. MAY, Principal.

FOR RENT—Miner House, furnished or unfurnished. Apply to G. J. Hayward.

THE RECORDS

Following are the locations, certificates of work, bills of sale, etc., recorded at the office of the Grand Forks Mining Division at Grand Forks, May 27th to June 2d inclusive:

RECORDS OF LOCATION.

Eagle Fraction, Brown's camp, relocation of Camp Fraction, D. G. Evans and E. H. Willett.

Columbia, Coryell Pass, relocation of part of Tulip, Wm. E. Caporn.

All Fraction, Burnt Basin, Fred Kettntr.

The Evening Sun

FRIDAY, JUNE 5, 1903

THE house has passed the estimates, but the fact that there is such a place as the Grand Forks district evidently slipped the minds of the members at the time they were put through. The electors of this riding will soon have an opportunity of reciprocating this friendly feeling by forgetting to vote for any one connected with the present government. The total grant for Rossland riding is $15,000. Of this amount Grand Forks division is entitled to $5000. This sum is too insignigcant to be noticed. To have accomplished the work promised for this division would have required at least $20,000. On the whole, we have been treated very badly—worse than the mongrel Prior government could have treated us.

RICHARD MCBRIDE has formed a straight Tory government—by being treacherous to his friends. It is a pity that party lines could not have been ushered in under more auspicious circumstances.

AFTER a stormy two months' session, the legislative assembly was formally prorogued yesterday afternoon. It will not meet again until an appeal has been made to the people on clear-cut party lines.

THE provincial election will probably be held in September.

SUNSET SIGNALS

The city council held an adjourned meeting at 2:20 Wednesday afternoon, all the members being present. The curfew, hotel relief, and tax levy by-laws were advanced to their third readings. The tax levy was fixed at 20 mills. The mayor, Ald. Gaw and Cusson were appointed a committee to improve the firemen's quarters as they deemed best. The board of work was instructed to have the Winnipeg avenue bridge replanked.

John Staufford's summer residence, on the river bank near the C. P. R. bridge, got too near the water yesterday noon, and took a voyage down the stream in search of a better location.

Arrangements are being made by Mrs. Murray, of the Hotel Winnipeg, to hold a pavilion dance on the night of July 1st.

The Ladies' Aid of Knox Presbyterian church will give a concert in the near future. The date will be announced in our next issue.

WATER SPRINKLING NOTICE.

Take notice that the supply of water by the Corporation to all consumers for use in jets, fountains, garden hose or sprinklers is limited and allowed only between the hours of 7 to 9 a. m. and 5 to 9 p. m. each day.

Premises that are sprinkled at any other times than the above will have the water supply cut therefrom, and the proprietor or occupants will be prosecuted according to the provisions of the by-law in that respect.

By Order
MUNICIPAL COUNCIL.

WHY GO EAST

Over the sun-burned, sage brush and alkali plains, when you may just as well take a delightful, cool and comfortable ride through the heart of the Rocky Mountains in view of the grandest scenery on the American continent?

This you can do by travelling on the Rio Grande system, the far-famed "Scenic Line of the World," the only transcontinental line passing through Salt Lake City, Glenwood Springs, Leadville, Colorado Springs and Denver enroute to eastern points.

Three daily express trains make close connections with all trains east and west, and afford a choice of five distinct routes of travel. The equipment of these trains is the best, including free reclining chair cars, standard and tourist sleepers, a perfect dining car service, and also personally conducted excursion cars, each in charge of a competent guide, whose business is to look after the comfort of his guests. No more pleasant and inexpensive means of crossing the continent can be found than is provided by these excursions.

For additional details address J. D. Mansfield, Gen. Agt., Rio Grande Lines, No. 124 Third Street, Portland, Ore.

BOUNDARY MINES AND SMELTERS

The following is a fairly complete list of the men employed at Boundary mines and smelters at the present time:

Granby smelter	240
B. C. Copper Co.'s smelter	100
M. & B. Copper	75
Seattle mine	8
Granby mines	300
Sunset mine	15
Mother Lode mine	100
B. C. mine	40
Emma	25
Oro Denoro	5
Morrison	8
Providence	30
Elkhorn	12
Defiance	6
E. P. U	8
Gold Finch	8
Barbara	4
Snowshoe mine	80

A glory hole is being opened up on the Snowshoe near the No. 2 spur, from which shipments are being made to the smelters. The ore is said to be some of the best yet found on the property.

Last week the long tunnel in the Blue Jay, a couple of miles below Phoenix, reached the ledge, the ore carrying copper and gold. The tunnel is now in 193 feet from the portal.

For the third consecutive week the Snowshoe has sent out 1680 tons of ore, the highest water mark for the mine. It has just begun shipments, however, at the rate 330 tons (11 cars) per day, or about 2300 tons per week. A tonnage of 500 tons could easily be maintained now.

Alex Robinson and associates are working the Fremonte under a lease and bond. The Fremonte lies between the Strathmore and the Providence, in Greenwood camp. But little work has been done on the property, but it is certainly in good company. It is owned by C. Scott Galloway.

About three weeks ago W. E. Hodges and others bonded the Dandy mineral claim, situate in Greenwood camp, from Lafayette Spencer. Mr. Wheeling, an experienced high-grade miner, went to work on the property. Two quartz leads have been uncovered and assays secured of over $30 to the ton.

The output of the Morrissey coal mines is to be greatly increased as a result of the recent visit to the Crow's Nest of President James J. Hill of the Great Northern and instructions then given by him. Mr. Hill is a very heavy shareholder in the Crow's Nest Pass Coal Co., Ltd., and as the result of a conference with General Manager Tonkin and General Superintendent Stockett, every effort will be made to push development work and increase the output as rapidly as possible.

BICYCLES—Clevelands, Massie-Harris, Imperials, Columbias, Ramblers—all top-notchers—for sale and for rent. Also a complete line of bicycle sundries. All kinds of bicycle repairing. GEO. CHAPPLE, First St., opposite postoffice, Grand Forks, B. C.
