The Evening Sun.

Fourth Year.—No. 29 | Grand Forks, B. C., Tuesday, February 7, 1905 | ISSUED TWICE A WEEK

100 MASQUERADE

First Carnival of the Season, Friday Night, Was a Big Success.

Skating Public Wants Another Held in About Two Weeks

The first carnival of the season was held at the skating rink Friday night, and proved an unqualified success, due to the untiring efforts of Mr. Taylor, the hustling rink manager. There were considerably over 100 skaters in costume, including many ingenious rig-ups. The antics of some of the wearers of these and the funny combinations which the costumed skaters assumed when skating together, thoroughly amused tne 300 or so spectators, whose principal occupation during the earlier part of the evening was trying to decide the personality of the maskers. A couple of large bonfires added to the picturesqueness of the scene and to the comfort of the spectators. W. H. Itter's gramophone supplied excellent music during the evening.

Mrs. A. B. W. Hodges and Messrs. Munro and Morrison were the judges, and awarded prizes as follows for best costumes:

Lady's, Miss Lily Taylor, Artist.

Gentlemen's, H. J. Birnie, Uncle Sam.

Comic, D. Nichol, Kansas Farmer.

Boy's, Geo. Long, Coon.

Girl's, May Fraser, Red Riding Hood.

The races, while they were not at all fast, furnished considerable sport. In the speed race nine starters lined up, but most of them fell down before a quarter of the distance had been covered. Norman Ross won, with Joe Feeney and L. Mader close up. In the egg race much delay was caused in getting the starters in order, for pretty nearly every tad in town who could stand on skates entered this event, and while few of them could race much, they could all break eggs, and as the object of the race was ro cause amusement, it was a success, for the efforts of some of the youngsters to work through the bunch and get his egg in the can were funny, and many a one lost his temper and slammed his egg in the receptacle as if it it didn't count if he did break it. Ross won this also.

Being the first carnival of the season, everything went, in order to make the affair popular, and rules were noticeable by their absence. At the next one, however, entries for the races will be received the previous day, when only those will be accepted who are capable of racing, which will give speeders an opportunity to make time without running over laggards who have fallen laps behind.

Another carnival will be given in about two weeks, as the management have been requested by many skaters and spectators to have another before the soft weather comes, when it is hoped more ladies will appear in costume.

Over half of those appearing in costume neglected to give their name at the door, but the following is a list of those handed in:

Mrs. Waterson, Queen of Night; Misses Lily Taylor, artist; Winnie Stewart, Night; Edna Traunweiser and Kate Hoffman, the twins; Edith Miller, ghost; Amy Disney, Spanish girl; Ada Livesley, Union Jack; May Fraser, Red Riding Hood; Priscilla Kelly, flower girl. Messrs. H. J. Birnie, Uncle Sam; D. Nichol, Kansas farmer; Geo. Long, coon; W. H. Itter, the King's Jester; S. Harrigan, nurse; Geo. Nye, Bedelia; A. Napper, policeman; J. Dunlop, Red Domino; F. Hyndman, Panhandle Pete; J. Burley, cop; G. Snider, Indian; S. T. Hull, Pierrot; R. Graham, devil; R. Simpson, smoker; Jas. Stewart, Scotland; W. F. Stewart, Mephisto; W. Barron, Indian boy; H. Averill, cowboy; Tom McPhee, savage. N. Addison, soldier; W. C. Putnam, British sailor; Geo. Murphy, ghost; L. Mader, Jack of Spades; E. Temple, clown; J. Livesley, soap agent; J. Feeney, savage; G. Gilmore, coon; W. Penrose, Indian; T. Stendel, clown; A. Gray, Uncle Sam; G. Traunweiser, cowboy; S. Woodard, soldier; and F. Walker, clown.

SUNSET SAUNTERINGS

Wales, piano tuner. P.O. Box 325.

Died, in this city, on Sunday morning, at 4 o'clock, Charles Harkness, aged 21 years, of tuberculosis, after a short illness. Deceased was employed at the Granby smelter, and was one of the most popular men at the big works on the hill. He came to this city from Trail, where his father, brother and sister now reside. The funeral was held yesterday afternoon, and it was very largely attended by the citizens generally, and by the members of his family from Trail. The funeral services, which were very impressive, were conducted by Rev. J. R. Robertson. Much regret is being expressed by Mr. Harkness's fellow-workers at his untimely death.

The Phoenix and Grand Forks hockey teams will play a game at the skating rink in this city on Wednesday night, February 8th. The local seven will be selected from the following players: Woodland, Birnie, Ross, Moe, Hay, Baker, Haverty and Lawson. The committee of management asks the citizens to be liberal in their patronage and encourage the game as much as possible, as it is the premier of winter sports. The expenses this year having been heavy, the price of admission for gentlemen will be 50 cents, and for ladies, 25 cents.

Lloyd A. Manly left for the coast last Sunday on a business trip.

Lequime & Powers' door and sash factory in this city resumed operations last Monday, and is now turning out as good a quality of these articles as can be purchased anywhere.

The Chinese New Year commenced last Friday, and the celebration will be kept up as long as the means and inclination of the celebrants permit, alle samee Melican man.

In the hockey game at Vernon last Wednesday, when Rossland defeated the home team by 5 goals to 4, two former Grand Forksites were prominent factors, A. O. Cochrane as referee, and Ab McQueen as one of the Vernon stars.

H. N. Galer, general manager of the International Coal and Coke company at Coleman, left that place Saturday on a business trip to Victoria.

THE CITY COUNCIL

Decides to Dispense With the Services of the West End Policeman.

Only Bi-Monthly Meetings to Be Held Henceforth.

The regular weekly meeting of the city council was held in the council chamber last night, Mayor Hammar and the full board of aldermen being present.

A communication was read from the Provincial secretary, advising the council that Messrs. Neil McCallum and Duncan Munro had been appointed police and licensing commissioners for Grand Forks. On motion, it was ordered filed.

A communication was received from the board of school trustees, asking the consent of the council to sending two delegates to the teachers' convention, which meets in Vancouver shortly. Mayor Hammar and Ald. Clements had no desire to hamper the board, especially as it was doing good work, but they thought that one delegate would be sufficient. On motion of Ald. McCallum and Clements, the request of the school trustees was granted, with the recommendation that they curtail the expenses of the delegates as much as possible.

The following bills were ordered paid: Granby Co., $762.50; W. K. C. Manly, $3.40; incidentals, $8.25; W. B. Bower, returning officer, $12.50

Ald. Clements, chairman of the water and light committee, reported that he had made arrangements with City Electrician Waterston to take over as much of his stock at wholesale price as the committee thought the city could use for wiring and lighting. The remainder, consisting of fancy articles, would be purchased at retail as needed. The committee had not sufficiently considered the question of purchasing an auxiliary pump as to be able to make a report.

The question of establishing a scale of prices for electrical work was also discussed, but it appeared to be the general concensus of opinion that the city electrician would be capable of handling that matter. The mayor thought the city should only make a small profit, and the bill for work should be attached to the monthly water and light account.

The city clerk was instructed to insert a notice in the local papers to the effect that hereafter all persons desiring electrical work done should make application to the city clerk.

The monthly financial statement was read, received and ordered filed.

Mayor Hammar reported that the police commissioners had decided to dismiss the special policeman in the West end after tonight. He also brought in a recommendation that the chief of police be also made chief of the fire department, and that the other policeman assist Electrician Waterston and Engineer Reid when not otherwise engaged. He also stated that the chief of police was willing to purchase a horse and saddle, provided that the city would pay for the maintenance of the former.

After a long discussion the ecommendation of the police commissioners was adopted.

It was decided to rearrange the city offices, and Mayor Hammar, Ald. Clements and Brown were appointed a committee to supervise the work. It is proposed to move the city clerk's office into the room now occupied by the police magistrate, the latter official being assigned the vacant room on the west side of the building. The council chamber will remain as it is at present. This change is deemed necessary in order to give the city clerk more privacy.

The matter of a government grant for a bridge across the river at Fourth street was also given a good deal of attention.

It was decided to grant a rebate of $5 to J. Chenier for laying a sidewalk across an alleyway on Second street, near the Miner house.

Mayor Hammar introduced the subject of securing on option on a water right from Mr. W. Bentley, which could be had until spring for $100. The creek is located about three miles up the river, and contains a volume of about 20 miners' inches. It was believed that this volume would be sufficient to supply the city for years to come. The right could be acquired for $1,000, less the option paid. By piping the water to the city, it would do away with pumping, and thus pay for itself in a few years. The matter was laid over till the next meeting.

The Council Procedure by-law was reconsidered and finally passed. It provides for bi-monthly council meetings, and the next session will be held on the 20th inst.

City Solicitor Miller was granted a leave of absence for two weeks.

Ald. Cusson was also granted a leave of absence.

The city clerk was authorized to purchase a new cash book.

The council then adjourned.

"Your Neighbor's Wife" will be presented at the Grand Forks opera house on Friday night next, February 10th. The play is a comedy-drama in three acts by Chas. Ellis, which provides Master Wilfrid Dunbar, the greatest child actor on the American stage, as Buster Brown, with just the sort of speeches that sounds funny when he delivers them, but would not if spoken by anyone else. The repetition of certain aside remarks, which he interjects parenthetically and in the most irrelevant way, as in "Little Lord Fauntleroy" and other vehicles, contributes much to the merriment of his scene. Instead of these little squibs and quirks becoming flat and stale, they sound funnier the oftener they are repeated in the inimitable tones of Master Dunbar, who is ably assisted by James T. McGovern as Happy Hooligan. The musical numbers compell the owner, Mr. Hugh Ettinger, to carry a band and orchestra of solo players. The free concert given by these clever musicians on the above date, in the afternoon and evening in front of the opera house, is well worth coming miles to hear.

Rossland's hockeyists defeated the Revelstoke players by 11 goals to 6 at the latter place Friday night.

Ald. Cusson will leave in a day or two on an extended Southern trip. He will visit Salt Eake City, Tonapah, Nev., and other points.

BOOSTERS WILL GO

Verdict Reached at First Meeting of New Police Board.

Blackjack Is Also Looked Upon as an Undesirable Pastime.

The first meeting of the new board of police commissioners was held in the city offices yesterday afternoon. Mayor Hammar and Commissioners McCallum and Munro were present.

Mr. Hammar stated that, as railroad construction was now about completed, he thought the services of the policeman in the West end could be dispensed with. He also stated that the chief was willing to purchase a horse and saddle, provided the city paid for the maintenance of the former.

Mr. McCallum—Is there any other work besides police duties that can be assigned policemen?

Mr. Hammar—Yes. A policeman is not a professional man—the stumbling block of the council in cutting down expenses—and there was a good deal of work that could be saddled on to them. Mr. Hammar said he would like to recommend to the council that night that the police be reduced to two men, and that the chief of police also be made chief of the fire department.

On motion of Com. Munro and McCallum, it was decided that Policeman Fritz's services be dispensed with after that night, and Mr. Hammar's views in regard to the chief were concurred in.

Mr. Hammar stated he had instructed the police to give "boosters" and undesirable characters their walking papers. He didn't believe in music in saloons, and would instruct the police to prohibit it. As railroad construction was about over, he thought that a good deal of the gambling could also be cut out, and expressed an objection to blackjack and musical darkies, and would instruct the police to have these pastimes stopped. Bridge street, being the main thoroughfare of the city, should be kept perfectly quiet and orderly.

Mr. McCallum stated that when the matter of police commissioners was first mentioned to him, he had not at first decided to accept the appointment if he got it, owing to reports being circulated that Mr. Hammar was not going to try to improve matters socially and morally, but as he was assured bp Mr. Hammar this aftesnoon that his policy is to stop blackjack and all the most flagrant forms of gambling, to close the music halls and do everything in his power to make this a highly respectable city, he (the speaker) decided that the members of the board would work harmoniously together, and he felt sure it would be no disgrace to be a member of the board of police commissioners this year.

Mr. McCallum suggested that the police make a couple of trips to the West end each day.

The meeting then adjourned to meet at the call of the clerk.

City Solicitor Miller will leave next Thursday for Victoria on professional business.

TUESDAY, FEBRUARY 3, 1905

The Great Northern railway will change its time table for its main line on February 26th, and it is expected much better time will be made on the S. F. & N. branch, and that as good time will be made between Rossland and Nelson and Grand Forks and Phoenix as is now made by the Canadian Pacific.

The trouble at Coleman between the International Coal and Coke company and its miners has been temporarily settled. The men returned to work yesterday under a wage schedule mutually agreed upon for a period of two months.

When it's colder than the dickens,
Freezing feathers off the chickens,
In the frigid Eastern country,
Where the blizzing blizzards bliz.
Then it's pleasant contemplating,
That, though we miss some skating.
Weather here in Grand Forks city
Is as decent as it is.

SUNSET SAUNTERINGS

The Kettle Valley railway is again hauling ore from the Mountain Lion to the Granby smelter.

Courts of assize, criminal and civil, will be held at Greenwood on May 17th next.

Nelson's hockey team plays an exhibition game at Vernon tomorrow evening.

We want your patronage for Candy, Fruits, etc. We believe we are entitled to it. Why? Because we have the best, carry the largest stock, and consequently can give you the best values for your money. Donaldsonls, Phone 64.

Mrs. C. V. Sloggy visited friends in Spokane last week.

J. H. Hodson, the West end merchant, has been confined to his home for a week past with a bad attack of lagrippe.

Phoenix curlers did exceptionally well at the Nelson bonspiel last week, winning two of the principal trophies, the Walkerville cup and the Hudson's Bay cup.

If you want a nice, fancy box of Candy, be sure and drop into Donaldson's. Extra large stock from which to choose.

On account of lack of space, we have had to leave out much interesting local matter.

NOTICE.

Water and Light Rates are payable at the City Office. The usual rebates will be allowed if paid on or before the 10th of each month.

This notice is in lieu of the usual monthly notices, which in future will not be sent out.

Office Hours: 9 a.m. to 12, 1:30 to 5 p.m.; Saturday, 9 a.m. to 12, 1:30 to 3 p.m.

J. A. McCALLUM,
City Clerk.

Wales, piano tuner. P.O. Box 325.

BOARD OF TRADE

Passes Resolutions Asking Provincial Aid for Kettle Valley Line.

Also Decides to Petition Railways for Lower Freight Rates.

A meeting of the Grand Forks board of trade was held in the city offices yesterday afternoon. President W. K. C. Manly presided, and a large number of representative business men were present.

Mr. Manly, in opening the meeting, stated that the object of the gathering was to press before the Provincial government the question of bonusing the North Fork branch of the Kettle Valley line.

Mayor Hammar stated that Geo. Fraser, M.P.P., had intimated to him that the government was willing to grant a subsidy for the road 50 miles up the river, but that the company wanted aid for its entire line, and this appeared to be the stumbling block.

The following resolution was drafted by H. C. Hanington, and was freely discussed by everyone present:

"Resolved, by thi Grand Forks board of trade, that, whereas, it is of vital importance to the mining interests of British Columbia that railway transportation be provided on the North Fork of the Kettle River; and, whereas, the Dominion government has already granted a subsidy towards the construction of such a railway; and, whereas, it appears that the Kettle Valley railway is pledged to construct such a line, provided that such Dominion subsidy be supplemented by aid from this Province; be it therefore

"Resolved, That the Provincial government be strongly requested to grant a subsidy to the Kettle Valley line towards the construction of such a railway up the North Fork of the Kettle river, actual construction to be commenced within six months from the granting of such subsidy.

"And, be it further resolved, that copies of this resolution be forwarded to the honorable the premier, the honorable the financial minister, and to Geo. A. Fraser, the member for this riding."

Mayor Hammar didn t favor specifying any particular road. Mr. Atwood thought the Kettle Valley line should be mentioned. Mr. Manly didn't think it was out of the way to ask the government to subsidize the Kettle Valley line, and thought the resolution should specify that road Mr. Davis hadn't heard of any other company that wanted to build a road up the North Fork.

The matter of a time limit for the commencement of actual construction was also freely discussed, and it was finally decided that six months after granting of the subsidy should be the limit.

A vote was then taken on the resolution, and it was passed without a dissenting voice.

The matter of pressing our claim for a government grant for the construction of a bridge across the Kettle river at Fourth street, in this city, was next brought up, and the subject was generally discussed. Mr. Hammar said he favored Fourth street for the location of the bridge, as the most satisfactory and convenient for the majority of the citizens on both sides of the river. It was decided to ask the co-operation of the city council in this matter, the board promising to endorse any resolution that body might adopt.

The subject of securing the same freight rates for the Boundary country as those now in force to Kootenay points was brought to the attention of the board by Jeff Davis. It was shown that the haul from the East to Grand Forks over the Great Northern was shorter than to Kootenay points, the grade also being better. A committee consisting of Messrs. Atwood, Davis and Hanington, was appointed to draft resolutions setting forth claims in this matter and forward them to the Great Northern and C. P. R. officials.

The question of affiliation with the associated boards of trade was also broached, but no definite action was taken.

IF YOU DON'T SLEEP WELL

It's because your nerves are in a weak, irritable condition. Ferrozone will make them strong and correct the trouble causing your insomnia. "I fell into a state of nervous exhaustion last fall," writes Mrs. J. Stroud of Dexter. "I was run down, couldn't sleep and perfectly miserable—tried Ferrozone and was quickly benefitted. I can recommend Ferrozone to anyone suffering from overwrought nerves and sleeplessness." No tonic is better; try Ferrozone. Price 50c. H. E. Woodland, druggist.

CARD OF THANKS.

I take this opportunity of thanking all my customers for the libeaal patronage accorded me during the time I was in business in this city. I can assure them it is highly appreciated by me. I also desire to bespeak a kind word for my successors in the business lately conducted by me, believing that all who trade with them will be treated right.

N. McLELLAN.

CARD OF THANKS

I beg to tender my sincere and heartfelt thanks to the many friends whose kindness has done so much to alleviate the trouble and pain occasioned by the unfortunate fatal accident which caused the death of my brother, John, on Sunday, the 29th day of January, 1905.

P. J. BYRNE.

At a Disadvantage.

Mr. Goodley—Mrs. Chatters is better, I hear. I'm glad you called on her today. Mrs. Goodley—So am I. I was ushered into her room just as the doctor put the thermometer under her tongue, and so for five full minutes I talked away at her, and she couldn't say a word.

Not a Mere Rascal.

"I understand your father said I was a rascal."

"No. He says you are a fool."

"If that's his opinion, then we'll have to elope. He'll never give his consent."

One Remove.

Mrs. Dearborn—Did you say that lady and gentleman were distantly related? Mrs. Wabash—Yes; they're divorced.

The hours we pass with happy prospects in view are more pleasing than those crowned with fruition.—Goldsmith.

Synopsis of Regulations Disposal of Minerals on Dominion Lands in Manitoba, the North-West Territories and the Yukon Territory.

COAL—Coal lands may be purchased for $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of 10 cents per ton of 2000 pounds shall be collected on gross output.

QUARTZ—Persons of eighteen years and over and joint stock companies holding free miners' certificates may obtain entry for a mining location.

A free miner's certificate is granted for one or more years, not exceeding five, upon payment in advance of $7.50 per annum for an individual, and from $50 to $100 per annum for a company according to capital.

A free miner, having discovered coal in place, may locate a claim 1500x1500 feet by marking out the same with two legal posts, bearing location notices, one at each end on the lode or vein.

The claim shall be recorded within fifteen days if located within ten miles of a mining recorder's office, one additional day allowed for each additional ten miles or fraction.

A fee for recording a claim is $5.00.

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locater may, upon having a survey made, and upon complying with the other requirements, purchase the land at $1.00 an acre.

Permission may be granted by the Minister of the Interior to locate claims containing iron and mica, also copper, in the Yukon Territory, of an area not exceeding 160 acres.

The patent for a mining location shall provide for the payment of royalty on the sales not exceeding five per cent.

The lessee's right is confined to the submerged beds or bars in the river below low water water mark, that boundary to be fixed by its position on the 1st day of August in the year of the date of the lease.

The lessee shall have one dredge in operation within two years from the date of the lease, and one dredge for each five miles within six years from such date. Rental $100 per mile for first year, and $10 per mile for each subsequent year. Royalty, same as placer mining.

Placer mining in the Yukon Territory.—Creek, gulch, river and hill claims shall not exceed 250 feet in length, measured on the base line or general direction of the creek or gulch, the width being 1000 to 2000. All other placer claims shall be 200 feet square.

Claims are marked by two legal posts, one at each end, bearing notices. Entry must be obtained within ten days, if the claim is within ten miles of mining recorder's office. One additional day allowed for each additional ten miles or fraction.

The person or company staking a claim must hold a free miner's certificate.

The discoverer of a new mine is entitled to a claim of 1000 feet in length, and if the party consists of two 1500 feet altogether, on the output of which no royalty will be charged; the rest of the party ordinary claims only.

Entry fee $10. Royalty at the rate of 2½ per cent on the value of the gold shipped from the Yukon Territory, to be paid to the Comptroller.

No free miner shall receive a grant of more than one mining claim on each separate river, creek or gulch, but the same miner may hold any number of claims by purchase, and free miners may work their claims in partnership by filing notice and paying fee of $2. A claim may be abandoned and another obtained on the same creek, gulch or river, by giving notice and paying a fee.

Work must be done on a claim each year to the value of at least $300.

A certificate that work has been done must be obtained each year. If not, the claim shall be deemed to be abandoned, and open to occupation and entry by a free miner.

The boundaries of a claim may be defined absolutely by having a survey made and publishing notices in the Yukon Official Gazette.

PETROLEUM.—All unappropriated Dominion lands in Manitoba, the North-West Territories and within the Yukon Territory are open to prospecting for petroleum, and the Minister may reserve for an individual or company having machinery on the land to be prospected, an area of 640 acres. Should the prospector discover oil in paying quantities, and satisfactorily establish such discovery, an area not exceeding 640 acres, including the oil well and such other land as may be detert mined, will be sold to the discoverer at the rate of $1.00 an acre, subject to royalty at such rate as may be specified by order-in-council.

JAMES A. SMART,
Deputy of the Minister of the Interior,
Department of the Interior, Ottawa.

Millinery Goods

The largest and most carefully selected stock of Fall and Winter

Pattern and Ready-to-Wear Hats Children's Hats, Baby Bonnets, Etc.

Our stock of watches was never larger or more attractive. With the best movements that Amorica makes, we have about every variety of case that choice may suggest or circumstance demand. A. D. Morrison, the Jeweler.

WHY GO EAST

Over the sun-burned, sage brush and alkali plains, when you may just as well take a delightful, cool and comfortable ride through the heart of the Rocky Mountains in view of the grandest scenery on the American continent?

This you can do by traveling on, the Rio Grande system, the far-famed "Scenic Line of the World," the only transcontinental line passing through Salt Lake City, Glenwood Springs, Leadville, Colorado Springs and Denver enroute to eastern points.

Three daily express trains make close connections with all trains east and west, and afford a choice of five distinct routes of travel. The equipment of these trains is the best, including free reclining chair cars, standard and tourist sleepers, a perfect dining car service, and also personally conducted excursion cars, each in charge of a competent guide, whose business is to look after the comfort of his guests. No more pleasant and inexpensive means of crossing the continent can be found than is provided by these excursions.

For additional details address J. D. Mansfield, Gen. Agt., Rio Grande Lines, No. 124 Third Street, Portland, Ore.

CURES COLDS IN ONE HOUR

Many cold cures are dangerous because composed of deadening opiates. But fragrant, healing Catarrhozone cures colds in one hour and is both harmless and delightful to use. Even the worst colds, sneezing, sniffeling colds with running eyes are stopped very quickly when the balsamic vapor of Catarrhozone is inhaled. Catarrhozone acts like a charm on colds, kills them outright, prevents their return a few hours later. For colds, catarrh and throat trouble use only Catarrhozone. Complete outfit $1.00, trial size 25c. H. E. Woodland, druggist.

I must take this opportunity to congratulate Mr. Walter of the Times. He has constantly supported the Government. It has been right, no matter what it may have done, and those who have opposed it have been denounced as pernicious idiots in the columns of his paper. Obviously he might have had a title for the asking, but he has preferred to remain Mr. Walter, although other press proprietors have blossomed into peers, baronets or knights. In this he has earned the respect of all journalists. When newspaper proprietors are rewarded with titles for having instructed their writers to support a party, the obvious suggestion is that they have been paid not only for past services, but for future ones, for a dog who bites the hand of the man who feeds him is not in good odor with his brother dogs, and the titled newspaper proprietor is bound in common decency to profess approval of all done by his benefactor. —Labouchere in London Truth.

In the Navy 46 Years.

Rear-Admiral H. T. Grenfell, C. M. G., who has been appointed to succeed Rear-Admiral R. N. Constance with the Mediterranean fleet, has been in the navy for 46 years. As commander of the Cockatrice he did good work during the Egyptian war of 1882, and he gained the C.M.G. for his services in Crete five years ago. The Telegraph recalls an incident of the time when Grenfell was serving as captain of the battleship Benbow. The ship's boys were ordered to bathe in Plymouth Sound. One of them got into difficulties, and Captain Grenfell, as he then was, and Commander Wells, his chief executive officer, afterwards head of the London fire brigade, and now chief agent of the Conservative party, immediately jumped in to the rescue.

Swimming for Soldiers.

Many valuable lives would certainly be saved annually if swimming formed a portion of the national curriculum for soldiers. During the bathing season there were several fatal accidents to soldiers whose lives would have been saved could they have swum a few yards. During the South African war there was a case of a retreating detachment which could not fetch a boat from the other side on an unfordable stream, although no enemy but the water offered opposition. A couple of fair swimmers could have performed the service with ease, and, the river being narrow, the little command would have been ferried over before the pursuing Boers arrived on the scene.—London Globe.

Her New Name.

"We've got a fine new talking machine up at our house." "That so? Run by a spring?" "No, by air. It's a girl baby."—Melbourne Weekly Times.

JOIN THE CANADIAN PREFERENCE LEAGUE

100,000 MEMBERS WANTED

THE object of the League is to educate Canadians how best to apply the Canadian Preference sentiment. Members of the League are expected, when making purchases, to give preference to the products of Canada and to all articles of Canadian manufacture, when the quality is equal and the cost not in excess of that of similar foreign products or manufactured articles. Each member is also expected to give preference to Canadian labor and to this country's educational and financial institutions. A monthly journal will be published in the interests of the League and mailed to each member. The annual membership fee and subscription for the Journal is $1.00.

CUT THIS OUT, SIGN, AND SEND TO WRITE PLAINLY

The Secretary, THE CANADIAN PREFERENCE LEAGUE, Room 20, Home Life Building, Toronto

Please enroll my name as a member of the Canadian Preference League. Enclosed is $1.00, my membership fee and subscription for one year to "CANADA FIRST," the journal of The Canadian Preference League.
