COMEDY IN COURT

Two Interpreters Fail to Make Themselves Understood to the Hindus

Was Finally Discovered that They were Hungry and Given Rations

Two of the Hindus who arrived in the city recently from Vancouver were arrested yesterday on a charge of vagrancy. The complaint lodged against them was that they had been begging from door to door. Last night they had a hearing before Police Magistrate Cochrane. The trial was decidedly of an opera bouffe character. The only features lacking to complete the illusion were the prima-donna and danseuse. The prisoners could speak nothing but Hindooostanee—and Mr. E. H. Vaughan, who acted as one of the interpreters, avers that they could not speak even their native language. Mr. F. W. Auvache also took a hand at interpreting. Mr. Auvache said he felt reasonably sure that, from what he could gather from signs and stray words, the prisoners followed the occupation of farming, and were anxious to secure work. Mr. Vaughan differed from this opinion. He maintained that their description of washing dirty linen was far more accurate than of planting rice. It was therefore natural to infer that they were Hindoo washermen. The court ventured the opinion that the condition of the prisoners' personal appeared to indicate that they knew nothing about soap and water. Mr. Vaughan, who is an accomplished linguist, tried all his languages—from Arabic to Chinook—on the prisoners without making the slightest impression on them. It was finally decided they spoke some dead language—one that had been dead and buried for about three thousand centuries. At a late hour the interpreters announced that they had gathered from the prisoners, by the sign language, that they were hungry, but that caste would not permit them to eat at a white man's table. Mr. Vaughan asked one of them, in Hindooostanee, or words to that effect, how many days it had been since he had had a square meal. The man immediately began to count on his fingers until he reached about 100. At this startling announcement the chief of police became visibly agitated, and at once sent out telephone messages to the different merchants, making anxious enquiries as to their stocks of rice and flour on hand.

The case was finally adjourned until today. After the trial Chief Savage supplied the prisoners with flour and rice, and they cooked their meal and dined sumptuously.

Among the interested spectators in the courtroom, were a number of Chinamen. They evidently wanted to know what the authorities were going to do with their competitors.

"Better Terms"

Victoria Times: The Times said before he departed for Ottawa that

Premier McBride would not go with the intention of arriving at a settlement with the dominion on the question of better terms, but with the fixed intention to turn the question of better terms to political account. All observers of the proceedings of the inter-provincial conference, whether conservative or liberal in their political leanings, are agreed that is exactly what Premier McBride, after his usual shallow, transparent fashion, attempted to do. He displayed neither business sagacity nor political common sense. He "carried on" exactly as we have seen him do in the legislature when the tactics of the poker table were considered the final recourse in forcing through some such reprehensible deal as the Dewdney or the Kaien island measure. Of course, his bluff was thrown away upon the provincial premiers, as Mr. McBride well knew it would be. It was carried off for another purpose. He was posing as a bold hero before the people of British Columbia. He withdrew with a boast and a threat upon his lips. The conference, however, took British Columbia's claims for special consideration and special treatment into its serious consideration. Although we were unrepresented, deserted and betrayed for selfish political considerations by the individual who should have upheld our case until the end, the assembly of provincial delegates has recommended that we be granted the sum of one million dollars in annual installments of one hundred thousand dollars, in addition to an annual grant of one hundred and fifty thousand dollars. We submit this is not so bad, all the circumstances considered. But it might have been better had our premier been giving his attention strictly to the interests of the people he voluntarily undertook to represent instead of to the interests of his own political prospects. Our dispatch from Ottawa indicates very clearly the grave nature of the offence committed by our premier against the interests of the province. It says:

He (McBride) was approached immediately afterwards by Hon. Mr. Fielding, who suggested to him that he should return to the conference when he (Mr. Fielding) would take the responsibility of urging a larger increase, even specifying that a portion of the amount equivalent to the million offered should be made in perpetuity, and that an additional sum of \$40,000 a year for ten years, or \$400,000 in all, should be conceded but Richard's blood was up, and he turned the province down. This suggestion, if accepted, would have brought the increased sum payable to British Columbia to about \$285,000. It did not suit Premier McBride, who was looking only for a grievance, to accept this most generous offer and he finally left the conference, bearing with him the honest contempt of every other provincial premier in Canada.

CHURCH SERVICES

METHODIST CHURCH—Services on Sunday at usual hours. Morning subject, "The Law of Giving;" evening subject, "The Law of Mentalism." You are cordially invited to all our services. E. Manuel, pastor.

The Orangemen will worship in the Methodist church on Sunday, November 4th, at 11 a. m.

BAPTIST CHURCH—Rev. F. W. Auvache, pastor. Services on Sunday at 11 a. m. and 7:30 p. m., in the school room of church building.

NEWS OF THE CITY

Full Battery of Eight Furnaces Now Operated at the Granby Smelter

Fruit Inspector Rainey Condemns a Large Shipment of Apples

The full battery of eight furnaces is now in operation at the Granby smelter, the two idle ones having been blown in last Tuesday. Coke is now arriving regularly from West Superior, Wis., and no further inconvenience on account of the Fernie strike is anticipated.

Fruit Inspector E. A. Rainey last Tuesday condemned a shipment of 500 cases of apples from the Yakima valley. The apples were consigned to N. L. McInnes & Co., of this city, and they were badly infested with codlin moth and San Jose scale. The car was sealed and sent to Vancouver, where the contents will be cremated.

The trial of the five boys caught stealing fruit on Mr. Collins' ranch, near Carson, on Thanksgiving day took place in Police Magistrate Cochrane's court Wednesday afternoon. The parents of the boys were present at the trial. After hearing the evidence, the judge let the youngsters off with a severe reprimand, promising more drastic punishment if they ever came before him on the same charge again. They can also expect more severe treatment from the press if further deprivations are persisted in.

Mr. and Mrs. Chas. Hay and two sons, Willie and Maurice, returned to the city last Monday from southern Alberta, where they have been spending the past four or five months with Charles and Earl Hay, who own a large cattle ranch in that section of the new province.

Dr. J. W. Frank, veterinary surgeon, formerly stationed here, and Miss Nellie Bosworth, of this city, were married last Tuesday afternoon, Rev. E. Manuel performing the ceremony. The couple left the same evening for Nelson, where Mr. Frank is now located.

Mrs. Geo. Hull has been visiting with her sisters in Rossland for a week past.

Prof. Lake will give an address on commercial fruit growing in the city hall next Wednesday evening.

The fifth annual meeting of the Pathfinder Mining company was held in this city last Monday, there being a good attendance of shareholders. The following officers were elected for the ensuing year: President, W. K. C. Manly; vice-president, G. W. Rutherford; secretary and treasurer, Robert Petrie. The directors are W. K. C. Manly, G. W. Rutherford, A. W. Fraser, Robert Harvey and C. N. Mardon.

Henry A. Kennedy has been promoted to the office of general superintendent of the Great Northern railway. George T. Slade, son-in-law of

Mr. Hill, and until recently general superintendent, is to act in that capacity for the Northern Pacific. Mr. Kennedy has been assistant superintendent of the Great Northern for several years.

A man in one of our adjoining cities registered a vow some months ago that he would not smile again so long as his mother-in-law continued her visit which had already been of several months' duration. He had been feeding her on liver three times a day for months but she still stayed and hence the aforesaid vow. One evening he dropped in to see "Uncle Josh Spruceby" and laughed so much and got into such a good humor generally that on reaching home he got the old lady out of bed and took her out to a champagne lunch. Josh will be seen at the opera house tomorrow night. Seats now on sale at 50c and \$1.00.

Thursday, November 29th, will be the American Thanksgiving day. A good time to visit your cousins across the line.

The band boys turned out on Tuesday night to serenade John P. Loftus and bride, rendering several selections to their delight. The reward received for their thoughtfulness so pleased the boys that they cheerfully rendered a few more selections on the avenue.

Nicholas Duncan Munro, a son of Mrs. N. R. Munro, of Midway, passed first in the recent matriculation examination of McGill's university from Vancouver high school, obtaining the Governor-General's medal.

Mr. and Mrs. W. K. C. Manly returned on Wednesday from a visit in Spokane.

The Greenwood Amateur Dramatic society will play "Our Boys" in the Grand Forks opera house on November the 17th, under the auspices of the Catholic church.

The Clarendon restaurant is being replastered and repainted from top to bottom, and when completed the new proprietors, Messrs. Lind & Peterson, expect to have an eating place that will not only be second to none but the most attractive as well.

There is the fragrant perfume of the apple blossoms and the clover all through the story of "Uncle Josh Spruceby," and one seems to breathe the bally air of the country as the interesting scenes are being enjoyed. You must see this play and see how much better you feel after witnessing the scenes on the old farm, and the natural acting of a company of capable actors. You will find the comedy the genuine article, and no matter how old a theatre-goer you may be, you will smile, and smile loudly, at the many clever lines and funny situations with which the play abounds.

"I have found that my advertisement in The Sun has been very profitable," said Mr. Peter B. Nelson to The Sun man the other day. "I find that my page ad. in the last four issues of your paper has brought me in sales amounting to just \$850—not a cent less, and not a cent more. Besides this, it has also brought me enquiries that will result in the sale of goods amounting to \$850 more."

The Chicago, St. Paul & Milwaukee line is reported to be negotiating for the Midway & Vernon on their way to the Pacific coast.

THE NEW STATION

Work on the New Building Will Be Started About November 10

Construction on the Two Bridges Will Also Be Rushed

According to Chief Engineer Warrington, of the Kettle Valley lines, work on the new down-town depot, which will be located on Third street, between Bridge street and Winnipeg avenue, will be started about the 10th of next month. The old skating rink, which occupied the site of the proposed new station, has been torn down and cleared away, and the ground is now ready for the workmen.

Mr. Warrington also states that as soon as the contractors finishes their contract at the British Columbia Copper company's smelter in Greenwood, work will be commenced on the railway bridge at Third street in this city. He expects that this will be some time between the 1st and the 10th of next month. As soon as the piles for the bridge here have been driven, the pile-driver is to be moved to Eagle City and work started on the bridge at that point. He expects to have the heavier portion of the work on both these bridges completed before severe winter weather sets in.

The Roscians

Helena Independent: The Roscians gave the Mikado last night and thoroughly demonstrated that they can act as well as sing. Carrie Godfrey, F. W. Walters, Lucia Nola, J. A. Dewey and one or two of the other principals of this opera company can and do sing better than any of the much-heralded operatic stars to hear whom we have paid Broadway prices and to praise whom we have had to take a reef in our inner consciousness.

The Roscians seem to know what Sullivan meant. The Mikado was never better here or anywhere else than it was given last night by this company of finished singers. The Monday night presentation of "The Bohemian Girl," demonstrated the surpassing singing qualities of the company.

This excellent operatic company will present the Mikado at the opera house tonight, and is an opportunity to hear noted singers that seldom offers to our citizens. Get your seats now or you may get left.

Mrs. Norman Jackson, of Idaho, is visiting at the home of Mr. and Mrs. Geo. Chapple.

Forty men are employed on the Emma and Oro Denoro mines in Summit camp, near Eholt. Between two and three hundred tons per day will be shipped from these mines to the Greenwood smelter.

Wires have been strung on the B. C. Construction & Distributing company's new power line to the Mother Lode mine at Greenwood.

Roscian Opera company tonight.

Don't Go To Spokane

To buy a watch or a present for the lady. In the line of watches we have an assortment that is unexcelled, at prices not to be beaten there or anywhere.

WE SELL FOR 4.50

A fine 7 jeweled movement in dust proof case, just the thing for a working man. For \$10 we can supply you with a first rate movement in a 20-year case, and for higher priced watches a visit to the store is the only thing necessary to convince you as to values.

NOTHING IS APPRECIATED BY THE LADIES

so much as a diamond ring. We have them from \$15 upwards; also a nice assortment of Bracelets, Lockets, Guards and Necklets.

"Better Terms"

The Conservative papers of this province have had so much to say on the subject of "better terms" lately, that the people of this district might be interested in learning of the steps taken by Hon. Richard McBride at the recent conference of provincial premiers towards securing them.

When the conference opened the premier of Quebec was appointed chairman. The official record of the proceedings is given below, but the discussion, which bore principally up on Premier McBride's attitude, which was undignified and undiplomatic throughout, can be obtained from the several members of the conference who are all, however, ready enough to speak.

It was made very plain to every member of the conference on the first day that Premier McBride was looking for a political platform and not for financial help; for grievances, not for an increased subsidy. He did nothing by negotiations or proposition to facilitate the proceedings, and for three days he refused to say what he wanted. He asked at the outset that British Columbia's claim for extra consideration be referred to arbitration, but to this the conference was opposed. The motion declining it was carried unanimously, Premier McBride only dissenting.

In respect to this proposed reference, Sir Wilfrid explained to the conference that the view of the Dominion government was that the conference itself should determine all questions referred to it, but that if it approved of the proposed reference to arbitration he would be most happy to give the recommendation his last consideration.

Premier McBride protested that British Columbia's claim was a question between him and the Dominion, with which the conference had nothing to do, and it was during this debate that Premier Whitney referred to Premier McBride as being neither frank nor sincere in dealing with the question, and finally moved that in addition to all other grants British Columbia be given \$100,000 a year for ten years. When this "insult" of a million dollars was offered to British

Columbia, Premier McBride withdrew, which he probably would have done had the sum been doubled. He had been working for three days to compel the conference to provide a grievance for him to fight an election upon, and he feared if he did not get out pretty quick there would not be a semblance of a chance for imaginary grievances, and he was actually glad that he made his play to the galleries.

His withdrawal was the only incident that marred the harmony of the proceedings from the opening address of welcome by Sir Wilfrid Laurier, down to the singing of "God Save the King," in the conference and the clinking of glasses with Hon. J. P. Whitney in the Ontario room on Saturday evening at the close. The Manitoba premier, who presented his own case in a brief and business like way, did his best to get Premier McBride satisfied, and Premier Whitney lost his patience with the man from the Pacific side.

Speaking of the lumber industry in the mountains, Geo. P. Wells, secretary of the Mountain Lumbermen's association, made the following statement in Nelson recently: "At the present time a large amount of capital, especially American, is looking for investment towards British Columbia. In many of the districts on the other side the timber resources are becoming exhausted and those who have made their fortunes in this way are now looking to British Columbia as one of the few countries which presents opportunities. While there are still good areas of timber to be acquired there is not, perhaps the vast area of standing timber popularly credited, and with the requirements of the country which is opening up at our very doors in the Northwest there is certainly none to much. I do not mean to intimate that the timber resources in this province are to be early exhausted, no matter if the number of mills in operation were largely increased, yet what I do say is that the market in the Northwest is increasing so rapidly and so insistent are its demands that it will take

many more mills in operation before that market can be caught up with. Taking the present season for example, with every mill operating to its fullest capacity, there is not so much lumber on hand at the present moment as there was at the beginning of the sawing season. This means that more than the output has been consumed during the best period of production. Now that the winter is coming on many of the mills will have to close and the reserve stock must undoubtedly be almost completely depleted before the spring. As the early spring demand is generally large and in view of the good conditions obtaining in the Northwest and in Manitoba this year, that demand should be larger than ever in the early months of 1907 and look for almost a lumber famine. Each year this deficiency in lumber will surely become more marked and the keen perceptions of our American cousins are responsible for the activity in standing timber transactions which is very noticeable at present."

A Hard case Overcome

No longer necessary to suffer from muscular rheumatism. Every case can be cured. Ferrozone is unfailing as proved by David Johnston of Ormond, Ont. "My wife was a dreadful sufferer," he writes. "For two years she could scarcely do any work. Her knuckles and joints swelled, causing torture. To get up or down stairs was impossible. She took box after box of Ferrozone and rubbed the sore places with Nerviline. Improvement started and she mended fast. Today she is quite cured and we thank Ferrozone for her recovery." No remedy more popular with doctors than Ferrozone; it does cure; 50c per box at all dealers.

The Lion Bottling Works have cut their price on all case and draught wines and liquors.

CITY NEWS

David Kanniman, a Great Northern trainman, met with a narrow escape between this city and Phoenix the other day. He was caught under the pilot and dragged for quite distance before the train could be stopped. Fortunately no bones were broken, and the only injuries sustained were a number of bad bruises and a severe shaking up. The patient is now in the Grand Forks hospital, doing as well as can be expected under the circumstances.

Dave Smith, who was wounded in the shooting affray in Carmi, is recovering rapidly, at Greenwood, the bullet having been extracted from his shoulder.

The Canadian Pacific railway has now laid the rails on the Nicola branch, and the Victoria, Vancouver & Eastern is under construction from both ends, their present location survey being about nineteen miles distant up the Coldwater river.

Pity the Busy Office Man

He feels half dead, a sense of nausea, headache and nerve strain. He is on the verge of breakdown through overwork and lack of exercise. These difficulties are best overcome by Dr. Hamilton's Pills, which make the bowels active, stimulate kidneys and liver and thereby free the system of impurities.

To revitalize and stimulate your whole being, to shake off lethargy and tiredness, nothing compares with Dr. Hamilton's Pills, which do make good looks, good spirits, good health. Sold everywhere in 25c boxes.

When that cold comes

How is it to be cured? This method is simplicity itself. Rub the chest and throat well with Nerviline, use it as a gargle and take some in hot water before retiring along with one of Dr. Hamilton's Pills. Next morning finds you refreshed, free from cold and bright as a dollar. These household remedies are wonderfully successful, and certainly won't fail in your case. For sale at all dealers.

NOTICE

NOTICE is hereby given that thirty days after date I intend making application to the Chief Commissioner of Lands and Works for a special license to cut and remove timber from the following described lands: Commencing at this post, located on the east bank of Savage creek, a west branch of the North Fork of Kettle river, at a point 75 feet southeast of where a landslide or dry wash enters said creek from the west side, and where a small jam or pond is formed on, and about three miles from the mouth of said creek; thence running west 40 chains; thence south 80 chains; thence east 80 chains; thence north 80 chains; thence west 40 chains to place of beginning, containing 604 acres. Located this 20th day of October, 1906.

J. F. MAJOR, Locator.

Spokane Men in B. C. Timber

VANCOUVER, Oct. 24.—Spokane capital, which made so much money out of British Columbia mines and set Rossland on its feet, is now being invested largely in the timber business of the Kootenays. Hood Bros., of Spokane, have paid \$175,000 cash for 20 square miles of timber lands on Crazy creek, 10 miles west of Revelstoke, on the main line of the Canadian Pacific railway, about 400 miles from Vancouver. The 12,800 acre limit belonged to the Eagle River Lumber company, and is considered one of the best tracts of land on the Dominion government land best. The timber is chiefly cedar, of fine quality, white pine and fir. In the spring a big mill is to be erected. The deal is described as by far the most important recorded in Revelstoke district, which is the heart of one of the most important timber areas in Canada.

Another Spokane firm, Lindsley Bros., have entered into an agreement to handle \$35,000 worth of telephone poles and railway ties which J. W. Power and James Spiers have contracted to take off limits near Burton City, on the Columbia river, 65 miles due west of Kaslo. The Spokane people make a specialty of supplying the prairie markets, which are very active now. Work, under the terms of the contract, will be carried on till the end of 1907. The timber is to be taken from limits aggregating several thousand acres, controlled by the Americans. Sawlogs are to be also handled for the Big Bend Lumber company of Arrowhead.

The annual meeting of the Providence Mining company was held in Greenwood last week, at which the reports of officers were read and directors appointed for the ensuing year. During the year, 1874 tons of ore have been shipped, giving a return of \$117,230. A dividend of 10 per cent was paid during the year. The directors elected are: H. J. Fitzgerald, Frank Randolph, D. B. Scully, M. S. Madden, J. B. Hieney, W. S. Macey, Dr. Frank Byrnes and Mark F. Madden. Mark F. Madden is president, Dr. Byrnes vice-president, M. S. Madden secretary, and John C. Hieney treasurer.

The baseball season is now over and once more life is real and life is earnest to the hero of the diamond.

The temperature is falling, but who cares so long as the copper market stays up.

The potatoes grown around Danville are so large that after they have closed their eyes at night the inhabitants can hear them snore.

NOTICE

Notice is hereby given that I have secured a Bill-poster's license in the City of Grand Forks, whereby I will hereafter have exclusive control of the bill-posting, poster-advertising and the distribution of circulars within the limits of said city. I have the only license in the city for this class of work, and warn all parties to refrain from infringing on my legal rights. All work carefully and promptly attended to.

JOSEPH SCHNAVELY.

Christmas Photos

AS YOU LIKE IT

The purse is mightier than the pen.

Every man who claims to be honest is seldom caught at it.

A dollar bill goes a good ways when it applies on a subscription to The Sun.

The Republic Record should be able to distinguish a compliment from a "slam."

The more angel faced the youngster the more apt he is to sass his elders.

The first snow has one interesting feature to the summer girl—it looks like a whole world of ice cream.

Some men are so public spirited that they are kept busy in the price-raising industry.

Anna Held was touched for \$150,000 worth of jewelry the other day. If Anna Held \$150,000 what does she now hold?

Some one inquires what the difference is between a ball tosser and a barnstormer. That's easy—one is a ball player and the other is a play bawler. Mr. Sim Jimkins will now render that touching ballad entitled, "Take Me Back to Danville, Where the Large potatoes grow."

This country is so full of minerals that every time any one goes a-fishing they are sure to strike an ore body; when Mollie comes home with the cows there is always a golden glow in her locks; prominent men are invariably LEAD here; ranchers are known to have uncovered from 18 up to a hundred carots on their ranches this fall; gold dust is the principal bait used to catch gold fish in Smelter lake; every opportunity that presents itself is golden; the conciliman's "con"-versation has a silvery vein of a considerable depth; when he gets in argument there is a lot of DUST stirred up; and last and best, The Sun is ever a sparkling gem amid it all.

A case in West Arichat

Mrs. A P Ferguson, a well known Cape Bretoner, has cured asthma by "Catarrhozone." Her statement is convincing. "Although I was troubled for years it was only recently I tried Catarrhozone. When an attack started I got out my inhaler and invariably got quick relief. Feeling satisfied Catarrhozone would cure, I continued the treatment till one bottle was finished. I didn't use more because I was cured and the asthma has never returned." Catarrhozone is sure death to asthma and bronchitis. Try it and be convinced. Two sizes, 25c and \$1, at all dealers.

COOK—Desires position either in town or country. Apply at L. Johnson's Cleaning House.

FOR RENT—Nicely furnished rooms with bath, near the smelter. Apply Mrs. Ritchie's.

Stock Certificates printed at The Sun job office.

NOTICE

NOTICE IS HEREBY given that the undersigned, John Carlson, holder of an hotel liquor license, for the Fife Hotel, situate at Fife Station, on the Columbia and Western Railway, will at the first meeting of the License Commissioners for the Grand Forks License District, next after the last publication of this notice for 30 days, apply to said License Commissioners to transfer said hotel liquor license for said Fife Hotel to John Jackson of Fife aforesaid.

Dated at Grand Forks, B.C., 14th September, 1906.

JOHN CARLSON.

NOTICE
IN the matter of the "Land Registry Act" and in the matter of the title to Lot 10 Block 6 Plan 52, in the City of Grand Forks, B.C. WHEREAS, Certificate of title of William Thompson, deceased, to the above described lands has been lost or destroyed, and application has been made to me for a duplicate thereof.

NOTICE is hereby given that a duplicate Certificate of Title to the above described lands will be issued at the expiration of one month from the date hereof, unless in the meantime valid objection to the contrary be made to me in writing.

NOTICE is hereby given that a duplicate Certificate of title to the above described lands will be issued at the expiration of one month hereof, unless in the meantime valid objection to the contrary be made to me in writing.

Dated 22nd September, 1906.

W.H. EDMONDS,
District Registrar,
Kamloops, B.C.
